## *Chapter 931: Family Members*

Ever since they knew the truth, Chang Qianzi and Xia Qingxun had often come over to see Xia Xibei.

The Xia family's business focus was now in the Imperial City, so they were usually based there.

However, Xia Xibei's life and studies were in G City.

Therefore, they could only fly to G City frequently.

If Xia Xibei had not insisted on living by herself, Chang Qianzi might have moved in to take care of her.

As a mother, Chang Qianzi did a good job, at least after she knew Xia Xibei was her own daughter. She loved her with all her heart.

She didn't know Xia Xibei's likes and dislikes because of her years of absence, but she would try to know them and worked to bring them closer together.

She did more than enough.

Even Xia Xibei was impressed by her efforts, and her attitude was much better.

As for Xia Qingxun, his approach was similar to Chang Qianzi's, and he treated Xia Xibei very lovingly.

It could be said that what they did to Xia Qinghan before was what they were doing to Xia Xibei now, and they did it better than before.

So, Xia Xibei slowly accepted them.

In fact, apart from their biological connection, everyone was actually just strangers. To have a good relationship, of course, meant that both sides had to give.

After accepting their good intentions, Xia Xibei gave Chang Qianzi health advice.

Initially, Chang Qianzi felt that Xia Xibei was too young and her so-called medical skills were not that reliable. After all, the child was lost for many years and both sides were strangers.

Therefore, as long as Xia Xibei had a good attitude towards her, she was happy.

As a result, she also accepted the pills that Xia Xibei sent over.

Even if it was poison, she would still eat it.

Of course, what Xia Xibei gave her was not poison, but pills to regulate her health.

Chang Qianzi's body was very weak after giving birth to her daughter.

It was also because of her weakness that everyone was focused on her after childbirth, so the child was easily switched by Bai Meixue.

Eighteen years had passed. Chang Qianzi's health was a little better than before, but if she exerted herself too much or did not rest well, she would be weak again. If her mood fluctuated too much, she easily fainted.

Therefore, Xia Xibei made some pills to improve her health.

Chang Qianzi was not confident about these pills. To her surprise, however, after taking a bottle of pills as instructed, she felt a particularly noticeable change in herself!

Before, she felt uncomfortable when she walked even just a little, but now she could walk a few kilometers without any problem!

The change was amazing!

In addition to Chang Qianzi, Xia Qingxun also received a bottle of pills.

He couldn't sleep, worrying about the family company all these years.

After taking these pills, he slept better and looked much better.

Both mother and son were in awe of Xia Xibei's ability.

What had happened to her in their 18 years of absence?

She wouldn't say, and they didn't ask.

It was enough to know that she was well now.

However, Xia Xibei was only nice to them, and not half as nice to her biological father, Xia Jun.

To Xia Xibei, if someone was good to her, she would be good to them.

If they were not nice to her, then don't expect her to be nice to them, and Xia Jun was the one who acted coldly toward her.

After knowing that Xia Xibei was his own daughter, Xia Jun's first question was this: was the marriage contract with the Qiao family still good?

Once she knew Xia Jun's reaction, Xia Xibei understood how she should treat him.

She just didn't expect that Xia Jun would take the initiative to match her with Qiao Haoming!

Looking at Xia Jun, who was sitting with Qiao Haoming, the corner of Xia Xibei's mouth curled up into a sarcastic smile.

### *Chapter 932: Father-Daughter Quarrel (1)*

Looking at Qiao Haoming and Xia Jun in the room, Xia Xibei's face immediately turned cold.

She did not expect that Xia Jun would be so "enthusiastic" to match them.

"Beibei..."

"Stop!" Xia Xibei immediately raised her hand to block Qiao Haoming's words, her face disgusted. "Don't call me that, we don't know each other well enough, and it's disgusting, okay?"

"Xia Xibei!" Xia Jun's voice went cold, his face unpleasant. "What about your manners?"

If it were Xia Qinghan, she would have been shocked by such an attitude and apologized quickly, but this was not effective on Xia Xibei.

"What's wrong? You think I'm rude?" Xia Xibei looked at him. "Then this can not be helped. Who let me be born but raised without a father?"

Chang Qianzi and Xia Qingxun would often visit her, but Xia Jun was probably too sheepish and hardly showed up.

"Xia Xibei!" Xia Jun's face sank. "Don't be ridiculous! Haoming is sincerely trying to be with you!"

Xia Xibei tsked and shook her head, looking Xia Jun up and down with eyes that made one's back tingle.

Xia Jun's eyebrows were locked, wondering what she wanted.

Xia Jun had never thought that Xia Xibei would be so untamed. He was her father!

"Tsk, tsks... I finally know how brothel madams in ancient times looked.

Looking at Xia Jun's grim face, Xia Xibei hurriedly explained, "Oh sorry, what I said was wrong."

When Xia Jun's face looked better, she threw out another statement, "You're not a madam, you're a pimp!"

"Xia Xibei!"

Xia Jun drew a breath, then stood up with a fierce slap on the table.

How did Xia Xibei dare to say such words?! Wasn't she afraid?!

Xia Xibei didn't have any reaction to his outburst. She didn't depend on him for a living, so she wasn't afraid!

On the contrary, she also followed his words with a slap on the table.

With a bang, the dishes on the table bounced up and down.

Her action immediately startled the two men.

How was she that fierce?

"Xia Jun!" Xia Xibei followed his example and glared, "Who are you talking to?!"

"I'm your father!"

Xia Jun was so angry that his chest hurt. He had never seen such a mean girl, especially when it was his own child!

It's like she was trying to kill him!

"So what?" Xia Xibei snickered. "Have you ever given me a dime? Have you ever supported me for a day? No? Then don't say anything!"

If she hadn't been wearing a skirt, she might have stomped on the table.

'Too bad,' she secretly lamented.

Despite not raising her foot to the table, Xia Jun was already dying of anger.

He was the boss in the family! No one had ever dared to treat him like this!

Xia Qinghan would never disobey him like this; even Xia Qingxun never dared to do so.

Xia Xibei was so rebellious and vulgar that it really made him so angry that he was going to vomit blood.

“Don’t act like an elder in front of me, it won’t work on me!” Xia Xibei pursed her lips at him. “Listen carefully. It was you who lost me back then. I haven’t blamed you yet, and you want to blame me? Me? A newborn baby who can’t protect herself? You have no shame!”

Xia Xibei’s words made Xia Jun’s face darken.

Although he didn’t say so, he did want to act like an elder.

Unfortunately, Xia Xibei was not Xia Qinghan and would not accept this.

He gritted his teeth, “If I had known, I would have...”

“If you had known, you would not have let Xia Qinghan go? Right! She is also your daughter!”

Xia Xibei directly cut off his words.

The moment these words came out, Xia Jun’s face suddenly went white. She actually knew?

### *Chapter 933: Father-Daughter Quarrel (2)*

Looking at Xia Jun’s reaction, Xia Xibei snickered.

“Of course I know!”

She knew that Xia Qinghan was the daughter of Xia Jun and Bai Meixue. She also knew that Xia Qinghan was now going to country M, and it was Xia Jun who helped with the process. After all, she was his daughter!

However, Chang Qianzi did not know about this.

Xia Qingxun may have known, but he also did not say anything. After all, this was his own father, and he was also afraid that after saying this, it’d affect Chang Qianzi’s health.

Xia Xibei did not care about this.

If Xia Qinghan went abroad, so what? Could a change in environment turn a sparrow into a phoenix?

Just because she did not reveal this fact did not mean that Xia Jun could act righteously in front of her!

Xia Xibei treated Chang Qianzi and Xia Qingxun as relatives, but Xia Jun?

Oh, he could stay as far away as possible!

It had been more than a month since the two sides met, but during this month, it was Chang Qianzi and Xia Qingxun who got along with Xia Xibei.

As for Xia Jun, he only called occasionally to ask a few questions, and he was particularly condescending.

If it was just like this and both sides didn't interfere with each other, it would be fine and Xia Xibei wouldn't care.

Yet, he was using his "father" status to tell her what to do? Without ever having contributed to her life?

Hah! He wished!

Xia Jun's face was ugly, and he shouted, "What nonsense are you talking about!"

"Nonsense?" Xia Xibei curved the corner of her mouth. "Do you really think I'm a fool?"

Her eyes darted back and forth between Qiao Haoming and Xia Jun before proposing an idea.

"Actually, if you really like him so much, you can get Xia Qinghan back. She is also surnamed Xia anyway. Of course, if that doesn't work, you can also marry him yourself!"

When these words came out, Xia Jun and Qiao Haoming subconsciously looked at each other and almost threw up.

"Bastard!"

Xia Jun was so angry that he slapped the table.

Xia Xibei hugged her chest and looked at him with a sarcastic expression as his face turned white from anger.

Looking at Xia Xibei so calm and composed, even in the face of Xia Jun's scolding, and not backing down at all, Qiao Haoming felt his heart beating very hard.

When he was with Xia Qinghan before, although it was quite sweet, he felt that it was not enough.

As for what was not enough, he was not sure.

That was why he was with other girls, looking for various different things from them.

However, there had never been a girl like Xia Xibei, one who could make him so joyful and excited.

When she met Qiao Haoming's glowing eyes, Xia Xibei frowned in disgust.

If Xia Xibei knew what he was thinking, she might have kicked him in the face.

He was a masochist, right?! He was abused!

"Uncle Xia, take it easy," Qiao Haoming urged Xia Jun. "Let's talk it out."

"Talk it out?"

Xia Jun was so angry that he had lost all his dignity, especially in front of Qiao Haoming.

He was acting majestic before, but when he was viciously rejected by Xia Xibei, it was really too humiliating.

"Uncle Xia, Beibei..."

"I said don't call me Beibei!" Xia Xibei interrupted Qiao Haoming in a cold voice.

She had been upset when Qiao Yanjue had called her Beibei, let alone Qiao Haoming, which was simply an insult to her name!

Being interrupted, Qiao Haoming was a little embarrassed.

Xia Jun immediately glared at Xia Xibei.

Qiao Haoming hurriedly pulled him back, "Uncle Xia, Xibei has just come back to us and is not yet able to accept these things. We have to take our time."

Being gently coaxed by Qiao Haoming, Xia Jun's face looked much better.

### *Chapter 934: Father-Daughter Quarrel (3)*

Xia Jun was accustomed to being high and mighty and having people do whatever he wanted, so Xia Xibei's attitude hurt and angered him.

However, Qiao Haoming's humility made him feel better.

"Haoming, it's me who is sorry for you." He sighed, "Don't worry, uncle will definitely persuade her-"

“How are you going to persuade me?” Xia Xibei interjected.

“You shut up!” Xia Jun was furious.

This damn girl... Why did she not know how to behave?!

Xia Xibei couldn't possibly shut up, and went on without a care in the world, “Are you going to use your verbal skills to persuade me, or use force to suppress me, or use financial power to tempt me?”

She snickered, “Unfortunately, no matter which method you use, it's useless.”

Xia Xibei sighed in her heart. She was really a good person!

She even said her decision in advance to prevent them from wasting time.

Unfortunately, instead of making Xia Jun happy, her words made him even angrier.

“You shut up!”

Not caring that Qiao Haoming was here, he spat out angrily, “Do you know who he is? He is the eldest grandson of the Qiao family! He is also the future successor of the Qiao family! It's in your good fortune that he has taken a fancy to you!”

Xia Xibei stared in shock.

Looking at her shocked reaction, Qiao Haoming couldn't help but reveal a small smile.

See! As long as his identity was presented, Xia Xibei would naturally know what to choose.

In the next second, however, Xia Xibei's words froze his smile.

“The successor of the Qiao family? Isn't that... Yanjue?” Xia Xibei had an innocent face. “And I heard that the Qiao family boss, which should be your father, has been kicked out of the company, hasn't he?”

Qiao Haoming's face went grey and he gritted his teeth, “Who did you hear that from? This is nonsense! False information!”

Xia Xibei shrugged, “Why do you care who I heard it from? I just heard it. Isn't that right?”

“Of course not!” Xia Jun immediately said, “Who told you that nonsense?! Haoming is the heir of the Qiao family! That bastard- That Yanjue is not qualified at all!”

Bastard?

Xia Xibei keenly caught the contempt and malice in his words, instantly turning grim.

“Is that so?” she asked in a cold voice.

Xia Jun didn’t notice her reaction and said angrily, “Don’t listen to that nonsense! Haoming is the real heir of the Qiao family! When the time comes, the Qiao fortune will be all his!”

Qiao Haoming puffed up his chest and said with a smile, “Xibei, I don’t know where you heard these nonsense rumors from. As for my father, it is true that he is not in the company now, but he has his own business. It’s developing just as well as the Qiao Group!”

These words made Xia Xibei suspicious.

Qiao Weiyue’s business was no worse than the Qiao Group?

It seemed that Qiao Weiyue’s business was doing quite well now!

Previously, she had someone keep an eye on Qiao Weiyue, but they acted mysterious and did not necessarily operate out of the previous house.

So, to fully understand what went on over there, she had to pay more attention.

Now, since Qiao Haoming’s words revealed some information, it seemed to be time to do an investigation.

Seeing that she didn’t say anything, Qiao Haoming continued in a warm voice, “Xibei, I know we really weren’t very happy before, but at that time, I didn’t know that you were my fiancée! Now that we’re back on track, it’s time for us to start over.”

“Start over?” Xia Xibei almost laughed out loud. “Where did you get the confidence?”

### *Chapter 935: It’s Genetic*

Xia Xibei looked Qiao Haoming up and down.

To be honest, Qiao Haoming was not bad.

He was tall and handsome, had resources, and had a powerful family. He was the total package, a god to many girls.

Unfortunately, he was nothing compared with Qiao Yanjue!

Qiao Yanjue was better looking than him, stronger than him, and better than him in every way.

Although both men were in the Qiao family, Qiao Yanjue was the heir of the Qiao family and crushed Qiao Haoming.

Moreover, Qiao Yanjue was dedicated and loving, while Qiao Haoming was a moron who claimed to be devoted but cheated on his girlfriend at every opportunity. They were not from the same world at all!

However, Qiao Haoming did not know that Xia Xibei and Qiao Yanjue knew each other, not to mention that the two were together.

If he knew, he would not dare to be so confident.

Of course, Xia Xibei wouldn't let him know so soon.

If they knew about her relationship with Qiao Yanjue, wouldn't it give them time to attack her?

Qiao Haoming had no idea what Xia Xibei was mulling over as he showed a bright and confident smile, "I am the future heir of the Qiao family, and I believe I can give you something different. Anything you want, I can give you."

"So what?" Xia Xibei looked disdainful. "Young Master Qiao, do you want me to remind you of what I have seen before?"

Qiao Haoming's smile froze for a moment.

He had almost forgotten that Xia Xibei had many photos of him cheating.

However, he reacted quickly and immediately said with an apology, "That's all in the past. Besides, the reason why I did that was because I didn't have a close enough relationship with Qinghan."

"Not close enough?" Xia Xibei narrowed her eyes.

What a hypocritical statement!

"Yes." Qiao Haoming didn't know that he had said the wrong thing and still had a sincere face. "I realized after I met you that you are the best!"

"Oh? And what if you meet someone better in the future?"

"No, you are the best!" Qiao Haoming said with conviction.

Xia Xibei almost threw up.

His vow and look of devotion seemed really practiced!

She didn't know how many girls he'd said this to.

Maybe he had also said it to Xia Qinghan at first!

However, no matter how many people he had said it to, Xia Xibei was not even half touched.

“Come on, we’re all adults, don’t talk such nonsense to me.” She waved her hand with a look of disgust. “Anyway, I came here today to tell you guys to stop bothering me. I’m not interested in you at all!”

“Xia Xibei!” Xia Jun was so angry that he gritted his teeth. “You child, why don’t you listen?!”

He thought Xia Xibei was impressed when he saw her and Qiao Haoming “talking happily” just now.

He didn’t expect her to be so stubborn!

Xia Xibei glanced at him sympathetically, “Maybe it’s genetic. My father is stupid. He doesn’t understand anything others say, so it’s normal for me, as his daughter, to not understand the words either!”

Xia Jun froze for a moment before he understood what she meant, then became furious. He strode over and raised his right-hand high.

“Bastard!”

This damn girl! How dare she disobey him!

“Uncle Xia!” Qiao Haoming shouted from behind, but he didn’t move.

When Xia Xibei had been taught a lesson, he would act, and he would be able to squash the matter.

However, things went beyond his expectations.

Slap!

A loud slap sounded out, and the air in the room seemed to freeze.

Xia Jun covered his face in disbelief, his jaw dropping to the floor.

Qiao Haoming was also stunned by this scene!

### *Chapter 936: Beating Up Her Father*

Qiao Haoming was stunned!

As Xia Jun’s slap was about to fall on Xia Xibei, she pushed him away and struck him with a backhand.

The slap made a loud sound that almost reached outside.

She hit Xia Jun so hard that it made him spin in place.

In a blink of an eye, a very visible red slap mark emerged on Xia Jun's face.

This scene stunned the two men!

Xia Jun's mind was in turmoil while his body was frozen.

What the hell was going on here?!

As the one who was hit, he clearly felt Xia Xibei's super strength!

If she wasn't so strong, could she have sent him spinning?

Xia Xibei rubbed her palm with a dissatisfied face and muttered, "What thick skin! My hand hurts."

Her voice was not low, and both Qiao Haoming and Xia Jun both heard it.

Xia Jun was livid, shouting, "How dare you hit me?!"

He was her father! Her own father!

How dare she do it?! How dare she behave so treacherously?!

He was so angry that he lost his senses and rushed up to give her a hard lesson!

Yet the next moment, he flew out with a miserable scream.

Qiao Haoming watched dumbfounded as Xia Xibei kicked Xia Jun!

How dare she?

"Why wouldn't I dare?" Xia Xibei pulled her leg back and looked at them contemptuously. "Should I wait to be beaten by you guys? Sorry! It's too late now, so stop daydreaming."

"Uncle Xia!"

Only after a long time did Qiao Haoming react and rush over to help Xia Jun get up.

Xia Jun gripped his stomach and screamed in pain, completely dumbfounded.

She really dared to do it!

He inhaled heavily, racking his brain to somehow threaten Xia Xibei, but was unable to speak for a while.

"Xibei, you've gone too far!" Qiao Haoming finally spoke up, almost losing his breath.

It was obvious that she looked delicate and weak, but she was so ferocious!

"He's your father!"

"So what?" Xia Xibei gave them a disdainful look. "He hasn't spent a single penny on me, so what kind of father is he?"

Without waiting for Qiao Haoming to say more, she added, "Is his sperm some blessing to me?"

Qiao Haoming and Xia Jun's faces turned blue and white.

She was a woman... How dare she say those words so bluntly! It was so vulgar!

"You- You-"

Xia Jun was so angry that his body hurt.

"All right, I don't have time to waste with you guys. I have to go home for dinner."

When her hand was on the door handle, she turned back with a smile.

"Of course, you can also tell the media that I beat up my poor old father. I don't mind telling everything."

These words made the two men's hearts flutter and their faces changed slightly.

"Okay, I'm leaving. Bye..."

Xia Xibei waved her hand and strode away.

Looking at the closed door, the two men's expressions were quite interesting.

"Uncle Xia, are you okay?" Qiao Haoming helped him to sit down on a chair.

Xia Jun screamed with a face of pain, "This damn girl! Damn her!"

"Uncle Xia, take it easy. She's still young and her temper is a bit explosive."

Listening to Qiao Haoming speak up for Xia Xibei, Xia Jun's mood got better.

"Alas, I didn't expect that this child would be so unreasonable! If it was Qinghan..."

"Uncle Xia, there's no need to mention her. Things have passed."

“Oh, okay, I won’t say more.” Xia Jun was a little embarrassed. “But this girl is...”

“It’s okay, let’s take our time.. Sooner or later she will know how good I am,” Qiao Haoming said confidently.

### *Chapter 937: Not a Good Person*

Qiao Yanjue had just returned home when he saw Xia Xibei sitting on the sofa, not looking too happy.

He immediately walked up and asked, “What’s wrong? Who upset you?”

Xia Xibei looked up at him, “Who else could it be?”

“Xia Jun?” Qiao Yanjue’s face went cold. “What did he do?”

Xia Xibei snorted, “Do you know why he asked to see me today?”

“Why?”

“There was another man there.”

Qiao Yanjue immediately responded, “Qiao Haoming?”

“How did you guess?”

This time, it was Xia Xibei’s turn to be surprised.

“Who else could it be?” Qiao Yanjue’s eyes turned cold. “I’ve met Xia Jun once or twice before.”

“Oh? What kind of person is he?”

Xia Xibei was curious. She had been “reunited with her family” for more than a month, but she hadn’t had much interaction with Xia Jun, and she hadn’t talked much about him.

“Arrogant and obsessed with money.”

Qiao Yanjue’s comment was not polite at all.

Although Xia Jun was Xia Xibei’s father, he knew that she would not really treat him like a father.

He and Xia Xibei had been together for so long, and he naturally understood her.

She looked strong on the outside, and was also quite strong and cold on the inside.

However, as long as one found a way, one could slowly soften her up.

Xia Jun, with his character, could not possibly get her to soften toward him.

This girl's temperament would not allow her to treat Xia Jun differently or give in to him because of his identity as her "father."

Therefore, he was not afraid of Xia Xibei's displeasure.

"You're right," Xia Xibei nodded in agreement. "He is exactly this kind of person! So, it's really not surprising that he would bring Qiao Haoming over today!"

"Indeed, it's not surprising," Qiao Yanjue also nodded. "I've seen him bringing Xia Qinghan to meet Qiao Haoming and his father before."

"How was it?"

"It was a good thing that Xia Qinghan liked Qiao Haoming."

Xia Xibei froze for a moment before she figured out what he meant.

"It would be a tragedy if Xia Qinghan didn't like Qiao Haoming."

"Right." Qiao Yanjue gave her an appreciative kiss. "Xia Jun is not a good father. He would only be good to Xia Qinghan if she did what he wanted her to do."

Xia Xibei nodded, "I understand."

If Xia Qinghan liked someone who couldn't bring him benefits, Xia Jun would definitely have a different attitude.

"Such a father... It's so disappointing!" Xia Xibei shook her head and sighed.

"It's okay. If you don't want to deal with him, just ignore him." Qiao Yanjue looked justified. "He wouldn't dare to do anything to you."

"He even tried to beat me up today!" Xia Xibei wrinkled her little nose and hummed.

"What?" Qiao Yanjue's face instantly darkened, looking her up and down. "He tried to hit you? Are you okay?"

Xia Xibei was going to say no, but on second thought, she nodded with a bit of resignation, "Yes."

"What did he do to you?!"

Qiao Yanjue's expression became even more frightening.

"My hand hurts." Xia Xibei lifted her hand in aggravation. "His skin is so thick."

The corners of Qiao Yanjue's mouth twitched for a moment before he pulled her hand over in amusement and examined it carefully. "Then he deserved it! He made your hand hurt!"

"That's right!" Xia Xibei said unhappily. "Luckily, I kicked him!"

"Let me see if your foot is hurt."

### *Chapter 938: Usurping the Throne*

Qiao Yanjue bent down and picked Xia Xibei up by the waist, carrying her into the room and throwing her onto the bed.

"Hey, hey, hey!" Xia Xibei flopped on the bed. "Don't mess around!"

"How am I messing around?" Qiao Yanjue looked innocent. "I just want to see if your foot is hurt."

Xia Xibei grabbed her pants and shouted, "You can pull up my pants leg!"

No need to take off the pants!

"It's a lot of trouble." Qiao Yanjue trapped her on the bed and raised an eyebrow, "It's better to take them off to get a better look. I'm afraid you have injuries elsewhere too."

Xia Xibei hurriedly shouted, "It's okay! It's really okay!"

"Is it? I don't believe it."

The two of them tossed and turned for a while, then panted and let go.

"You haven't even showered yet!" Xia Xibei pushed him, frowning in disgust.

"Go take a shower!"

"As you command!"

Qiao Yanjue gave her a kiss, rolled over and got up, then went into the bathroom.

When he came out with a bath towel, Xia Xibei was already lying on the bed playing with her phone.

Looking at her curvy hips and nipped waist, Qiao Yanjue felt his desire rising again, his body on fire.

He pulled open a drawer and took out the protection inside.

His movement made Xia Xibei turn around.

"I'm talking to my brother about something."

So, it was time to talk about business.

Qiao Yanjue's movement stopped.

"Talking about what? When will you introduce me?"

His voice carried a little bit of resentment.

How could he not be resentful?

They had officially been together for months, but Xia Xibei hadn't announced their relationship to the outside world.

Of course, he didn't need to announce it to the world. After all, Xia Xibei was still young and a star, so she couldn't fall in love publicly.

However, even Chang Qianzi and Xia Qingxun didn't know about his existence, which was a bit depressing.

"Oh, don't be anxious." Xia Xibei patted his stomach and said soothingly, "Didn't we talk about this? We can't rush to expose our relationship."

When she said this, she felt a bit like a scum.

Qiao Yanjue's eyes were still sorrowful, but he didn't insist.

With their current situation, it wasn't good to be transparent.

"What are you and your brother talking about?"

He changed the subject.

"How to usurp the throne."

Qiao Yanjue raised an eyebrow, "You want to kick Xia Jun out?"

"Right," Xia Xibei nodded, "He didn't succeed this time, but he's definitely not giving up. There will be another time. I don't want to deal with this kind of thing all day long."

The only way to curb his ambition was to kick Xia Jun down and let Xia Qingxun take the top spot.

"So what do you want to do?"

"I'm still thinking about it." Xia Xibei had a bit of a headache. "I'm asking my brother for specifics."

"Do you want my help?"

"It depends."

“So when will you come up with a solution?”

“Don’t know yet.”

“But I have something I need your help with right now.”

Xia Xibei was surprised, “What is it?”

Qiao Yanjue came over and took her hand and put it somewhere, “I’m hungry.”

Xia Xibei stiffened for a moment, then blushed and rolled her eyes at him. Still, she put the phone down and condescended to say, “Okay then, I’ll help you.”

On the other end of the phone, Xia Qingxun was bewildered. They were just talking and suddenly his sister went quiet.

Where did she go?

However, thinking of what Xia Xibei had told him earlier, he also felt that it made sense.

It was time for their father, Xia Jun, to give up his throne.

Otherwise, he would make a lot of trouble.

### *Chapter 939: The Plan*

So much had happened in these few months that Xia Qingxun was a bit overwhelmed.

Bai Meixue was the mastermind of the whole thing, Xia Qinghan was the beneficiary, and Xia Xibei was the victim, but the person who started it all was Xia Jun.

If Xia Jun had been able to control his pants and hadn’t hooked up with Bai Meixue, Xia Qinghan would not have existed.

Without Xia Qinghan, Bai Meixue would not have switched the two children, Xia Xibei would not have had such a miserable life, and Chang Qianzi would not have had to go through such a painful time.

So many people’s suffering was brought about by Xia Jun!

Therefore, Xia Qingxun was increasingly dissatisfied with Xia Jun.

Although Xia Jun was his father, the man had made a mistake!

What Xia Qingxun could not imagine was that Xia Jun wanted to match Qiao Haoming and Xia Xibei!

He was crazy!

Xia Jun knew exactly what kind of person Qiao Haoming was!

Oh, he knew, but what he cared about more was his own interests!

Xia Qingxun knew very well that Xia Jun was a profit-oriented person.

He did not care about emotions; what he cared more about was if there were any benefits for him.

Even if he knew that Qiao Haoming was not a good match, he would not give up.

After all, the Qiao family represented an even larger interest.

Again, it was someone else who was sacrificed, not him.

The things Xia Jun had done made Xia Qingxun helpless and angry.

How long had it been since Qiao Haoming and Xia Qinghan's relationship ended? He still had the audacity to match Qiao Haoming and Xia Xibei?

Was he that impatient?

When he learned about this development from Xia Xibei, Xia Qingxun was angry and ashamed.

Xia Xibei had been living in exile for so many years and hadn't had a good life for that long, and then she had to be pushed into a pit by her father!

This was too ridiculous and excessive!

So, after thinking about it, Xia Qingxun quickly agreed to do what Xia Xibei said.

Only, it was not easy to get the company completely in hand.

There was no way Xia Jun would let go of his power.

Then, they could only do this another way.

However, after he talked with Xia Xibei for a while, she suddenly disappeared!

Luckily, after waiting for an hour, she contacted him again.

Moreover, Xia Xibei had a plan.

When he saw this plan, Xia Qingxun was confused.

Was this really feasible?

The next day, he found a chance to talk about this matter with Xia Xibei face to face.

Then, he got some documents from Xia Xibei and found an opportunity to show them in front of Xia Jun.

“How did you get this plan?”

Xia Jun looked at the business plan in his hand, finding the idea very appealing to him.

However, real estate was not related to their company’s main business!

“Oh, it was given to me by someone else.” Xia Qingxun’s face was not quite natural. “I don’t know how it got caught in this pile of documents. I’ll take it away now.”

“Wait a minute.” Xia Jun stopped his movement. “Are you sure this plan is feasible?”

“Hm...” Xia Qingxun shook his head. “I don’t think it’s good.”

“Why not?”

“We are not real estate developers. If we joined rashly, it will be easy to get into trouble. If we joined and the capital chain suddenly broke, it would be very messy! Besides, who can guarantee that this plan will be profitable? Well, even if it does make money, we don’t necessarily have a connection with it!”

“This is the Li family’s project, right?”

Xia Qingxun said so much, but Xia Jun still didn’t discount the idea.

### *Chapter 940: Who Can Be Pleased*

Xia Jun had always wanted to get involved in the real estate industry, but could not find the right opportunity.

Now, this was a good opportunity!

The plan also clearly stated that it was in the heart of X City. If they really took that piece of land, they could definitely make money!

Of course, the problem Xia Qingxun mentioned was an issue.

If the capital chain broke, it would be very troublesome indeed.

Their company was not big. If something happened, it would be easily dragged down.

“Dad, we’d better play it safe. Although this is profitable, it is also easy for things to go wrong,” Xia Qingxun painstakingly persuaded him.

“Okay, I’ll think about it,” Xia Jun said. “You can go.”

“Okay.”

When Xia Qingxun went out, Xia Jun’s cell phone rang.

It was a call from a friend.

When the call ended, Xia Jun called Qiao Weiyue.

When he finished the call, he had made up his mind.

He wanted to join this Li family project in X City! When the time came, he would make a lot of money!

In addition to the Li family, the Qiao Group also wanted to fight for it.

However, the Qiao Group had already grabbed the Land King project in D City, so it was a bit hard for them to fight for this project now.

However, the fact that the Qiao Group wanted to fight for it meant that this project was promising!

If the Li family hadn’t lost a lot of money because of the Land King project, Xia Jun wouldn’t have had the chance to contact them.

Soon, through other people’s connections, he got in touch with Li Feiyun, who was in charge of the project.

Li Feiyun was a little surprised to learn of Xia Jun’s intentions, but quickly agreed.

With more money added, the chances of winning were even better.

Besides, Xia Jun only had a small share of the project. The bulk of it was still theirs.

Li Feiyun was desperate to win this project!

As long as they took this project and ran it properly, the Li family could make up for their previous losses and make a lot of money.

So, he had done a lot of work for this bid.

The Qiao Group didn't have much energy to pay attention to this project after winning the Land King project last time, and coupled with the information leaked out by some insiders, Li Feiyun was very confident about this bid!

A few days later, the bidding officially began.

After a tense competition, the Li family finally won the project!

It was fantastic!

Looking at the Qiao Group staffers' sad faces, Li Feiyun was even more pleased with himself.

Finally, they had won a little bit!

Li Feiyun was happy, and so was Xia Jun.

In a little while, he would be able to make a lot of money!

They were very happy, and Qiao Weiyue was also happy.

Qiao Weiyue was even more pleased than them!

Previously, Qiao Weiyue was driven out by the powerful Qiao Yanjue because of the Land King project.

This time, after Qiao Yanjue lost this project, even if he wasn't defeated, he had suffered a strong blow!

It was too good!

He'd see if Qiao Yanjue could still continue to be arrogant!

If this happened a few more times, Qiao Yanjue would be thrown out of the Qiao Group!

The more he thought about it, the more excited he got, and Qiao Weiyue gathered some of his friends and started partying!

This was a happy event!

Qiao Yanjue's side was suffering while his side was making money! How wonderful!

So many people were overjoyed that day.

However, after only a few days, none of them could laugh anymore.

There was a rumor coming out of nowhere that under the piece of land they were developing as high-class villas was a thousand-year-old relic!

When this rumor came out, it immediately aroused the attention of many people.

If this was true, it was a big deal!
