

Godly Choice 1301

Chapter 1301: Punch and kick

These are three golden gift bags!

Li Yun came to Qingxi Province, but he was blinded again, and he went into the forest. He had to act at the entrance of the cave, and he had to fight the gangster on the plane.

However, the total number of golden gift bags is only four or five.

But now just say a word, you can get three!

Even if you don't force her to kiss her or scold her, there will be three golden gift bags to take, it's not too easy!

Three golden gift bags...three, three...

"talk!"

Concubine Wan Qing tapped Li Yun's face with her small fist, as if she was thinking about what angle to use to hit it better.

"Cough cough!" Li Yun got serious, and Concubine Wan Qing also looked at him seriously, with her ears and eyes, and she personally saw six words spit out from his mouth:

"I explain a fart."

"..."

"..."

"boom!"

The two of them stared with big eyes, then Li Yun was knocked over with a punch and kicked again by the clean and beautiful little shoes of the demon saint. No, it was kicked a lot!

Then the fan fist fell and hit him on the back, on the head, and even hit her **** with her little shoes.

Fortunately, this demon girl wore a magic weapon. The shoes were also clean, not stained with dust or dirt. The beautiful shoes didn't have any strength to kick the body, but there was quite a...

"Cough cough cough, it's all right!"

"My fault, is it all right?"

For a few golden gift bags, Li Yun did it too.

However, he doesn't think much of a big man, and thinks that being beaten by a woman is humiliating.

In fact, beating a woman is the same as beating a man. He beat Concubine Wan Qing to death, and now it's not a big deal to be beaten back by her.

If the system gives more rewards, Li Yun and Concubine Wan Qing can fight from day to night, from night to day, from the forest to... ahem!

It's a pity it's all a dream.

"Qingfei, my fault, I apologize to you, is that enough?"

"Enough for you a big head!"

It was another stomping, and Li Yun almost vomited blood. Relying on her ability to fly, the demon girl flew into the air and jumped at him. The charm of her coquettish face faded, but she became a little pure. , Anger and excitement, grinning around.

"You bastard, dare to do something to this saint? What a bravery!"

"What saint? In my eyes, Consort Wan Qing is just my friend."

"Ha ha ha ha ha ha, do you think I will believe your nonsense?"

"Ahem, I was wrong, let's go!"

Li Yun grabbed her feet, held those clean and beautiful shoes, and fixed Concubine Wan Qing in the air, as if holding her in a swimming pool.

But Concubine Wan Qing refused to stop there, kicking her feet back and forth.

"Qing concubine!"

"Dare to call my name? What a courage!"

"Concubine Wan Qing!"

"Humph!"

"You guys are enough!"

"not enough!"

"...You forced me!"

Impulsively, Li Yun violently pulled Concubine Wan Qing down, and in her incredible eyes, she blocked her bright red lips.

He used his own lips.

Concubine Wan Qing's lips were blocked.

Time seemed to freeze.

The two eyes widened, and Concubine Wan Qing stared at him sluggishly, her lips opened because she was too surprised, and her beautiful eyes were full of shocked expressions.

But it seems that there is a hint of shyness.

Li Yun looked at her, feeling the softness and fragrance of the lips of the saint of the Six Demon Sect, as well as the slight sweetness, and his mind suddenly became confused.

Chapter 1302: Ding, colorful gift bag

The mother and daughter of Shan Ruqing in the distance were stunned.

They first saw the two whispering, and then the beautiful woman who suddenly appeared like a ghost seemed to be angry and waved her fists at each other.

Then I saw her punching and kicking Li Yun. When the two of them were at a loss, the beautiful and terrifying woman was given by Li Yun...

Kissed.

Come on! ! !

I really kissed directly, with my head close. Although I can't see whether there is a deep kiss, but the four corners are definitely touching and touching each other, like a couple.

Shan Ruqing seemed to be hit by a hammer in her heart, trembling fiercely, then lowered her head and stopped looking there.

As expected, men are all good-spirited and erotic. The front feet give her warmth, and the back feet will be together with other women, and there is no evasiveness.

That's right, she and this man are nothing at all, just a little close to him.

"Shan Ruqing, you will never like other men in this life. Have you forgotten the vow you made when you were eighteen?"

Shan Ruqing clenched her fist tightly. After the hypocrite escaped eight years ago, she had gone through great enlightenment and vowed that she would never be sad because of a man again, no, she would never give any man a good face again and stay away from everything Her man!

"Uh, Brother Li Yun is amazing."

Shan Xiaoxiao hid in her mother's sorrow, covering her face with her small hand, but her fingers were wide open, her big squiggly eyes widened and rounded, watching every move here and there, as if she wanted to kiss Brother Li Yun. The picture of the woman seems to be printed in my mind.

"Ding, the host makes his own choice, rewards experience value +10 million, all attributes +15000, colorful gift bag*1, concubine Wanqing's favorability degree +4, and extra bonus special martial arts skills: true yuan explosion."

Experience value, 10 million!

All attributes are fifteen thousand!

Colorful gift bags!

Favorability 99!

Special martial arts skills!

A series of super rewards made Li Yun, who was hurriedly pushed away by Concubine Wan Qing, forget his embarrassment, with a joyful expression on his face.

Subsequently.

"Plap!" "Plap!" After being frustrated by the Demon Sect Demon Girl twice, she slapped her face blushing, and the force was as light as itching.

"You bastard, actually...Bah, baah!"

Concubine Wan Qing uttered several mouthfuls, and then wiped her lips with her hand, as if she wanted to wipe off the disgusting things Li Yun left on her lips.

"Ahem, Consort Wan Qing, I want something for you!"

Li Yun quickly changed the subject, deliberately not mentioning the forced kiss of her just now, and reached out his hand and took out an antique book and handed it to her.

"You actually have Sumeru mustard seeds...what is this?"

Concubine Wan Qing grabbed it unceremoniously, and frowned at the first glance at the writing.

"Devil incarnation?"

"How? It suits you well, right?"

Li Yun showed off a little bit so as not to be beaten by the demon girl again.

Concubine Wan Qing took a deep look at him, lowered her head, and slowly opened this book related to the heavenly devil, which was suspected of being able to cultivate.

The word "Tian Devil" is no stranger to the people of the Hidden Sacred Valley and the Six Demon Gates, but this is only the practice of the contemporary sage. Others are not qualified, nor can they practice any practice related to the demon.

Even the saint of the previous generation, who was called the saint mother-in-law by the concubine Wan Qing, after she resigned as the saint, the devil power on her body will automatically dissipate and become an ordinary exercise.

Li Yun... where did he get this technique? !

Chapter 1303: The Demon (Part 1)

The heavenly demon's bliss mental method, six heavenly demon waves dance, and the posture of the heavenly demon.

Within the six magic gates, there are only these three methods related to the heavenly demons, and they belong exclusively to the saints.

The blissful mind method includes the skills of tempering the soul and cultivating magic power. The demon Bo Xunwu and the demon posture are biased towards the charm technique, and use the evil spirit and strange spiritual power to make the enemy submit.

There are three spells, and two are charm spells, which can be said to be pitiful.

Concubine Wan Qing doubted whether the elder of the demon gate deliberately hid the spells that belonged to the saint. She had secretly investigated and asked the saint mother-in-law, but did not find any trace of the fourth heavenly magic technique. give up.

Heavenly magic is strong, but it has not yet reached the point where it is necessary. The six magic gates contain a large number of spells, similar to the dance of the six free bodies, which can

transform yourself into nothingness and penetrate all enchantment formations. The three methods of the devil are poor.

However, after reading the "Incarnation of the Demon" carefully, Concubine Wan Qing opened her mouth in shock.

"There is such a powerful spell...impossible!"

The incarnation of the heavenly demon, as the name implies, after practicing to the extreme, can make oneself have a avatar of the heavenly demon, not afraid of water and fire, not afraid of swords, no cause and effect, shuttles through the three realms, penetrates the netherworld, and enters dreams.

It can be said that all the things that the demon can do, the incarnation of the demon can do!

Li Yun looked at the startled concubine Wan Qing strangely: "What's the matter, didn't you learn the techniques related to the demon a long time ago? Isn't it strange that the second incarnation? Venerable Black Eyebrow also has an incarnation, no, It should be said that after refining the God Realm, you can have a clone."

"How is this, you are really... stupid."

Concubine Wan Qing swallowed the words abruptly, and the Divine Refining Realm was able to separate a section of divine consciousness and easily create a controlled puppet, but the puppet was a puppet, far from being a clone.

However, the incarnation of the demon can use a special method to create a clone that is exactly the same as his own. It is extremely difficult for outsiders to distinguish. After a cursory glance, Concubine Wan Qing can even think that the clone he created can deceive several Lords!

In this way, wouldn't he be able to...play with them in the palm of his hand?

Thinking of the scene where she was incarnate ten thousand and superimposed magic power when she cultivated to a high and deep realm, it was enough to succumb to the enemy of one realm, Wan Qing couldn't help her cheeks flushed with excitement.

She seems... found a way out of the current predicament!

The premise is that the incarnation of the demon is so magical!

"The incarnation of the demon... the demon..."

The saint of the Six Demon Sects, at this moment, murmured as excitedly as a person who won the 5 million lottery ticket, "What is a demon? I can ignore almost all attacks!"

"Don't you know?" Li Yun looked at her weirdly.

"Nonsense, of course I know!"

Concubine Wan Qing in a good mood spoke without interruption, and said triumphantly: "The demon is the apex of the demon of the Three Realms, similar to the way of heaven and humanity in

the six realms, so my saint can stand shoulder to shoulder with the Lord of Heaven and Human Dao, even Strictly speaking, I am the master of the six magic gates!"

In fact, there is no such thing as a sect master at all in the six magic gates.

The corner of Li Yun's mouth twitched, "It's nonsense, the demon is not such a thing at all!"

"Uh?"

Concubine Wan Qing's smile froze, and there was a bad premonition in her heart. Could it be that she was wrong?

Isn't it possible, she is a saint of the six demon gates, she knows the heaven demon very well, and she has even practiced related methods for many years, how could it be wrong!

But Li Yun... where did he get the incarnation of this heavenly demon?

Chapter 1304: Demon (Part 2)

It is hard to imagine that Concubine Wan Qing who practiced Heavenly Demon Art actually didn't know what a Heavenly Demon was.

Li Yun felt more and more that the messy mythological knowledge given to him by the system seemed to be quite versatile.

"Do you know the demon?" Concubine Wan Qing pretended to be calm. "Then tell me, what is the so-called demon? Let me see how it is different from the demon I know!"

"What is a demon..."

Li Yun couldn't explain it for a while, and he couldn't define the demon in his own mind.

"I don't know? Humph, really!"

"Who said I don't know?"

Men usually don't want to say no in front of women, especially in front of a beautiful woman.

Li Yun pondered for a while, then said: "The so-called demon, there are usually two ways of saying it."

Concubine Wan Qing raised her ears, and she vaguely felt that she was contacting a kind of knowledge that she had never contacted before.

After taking out the Heaven Demon Incarnation Technique from Li Yun, she confirmed that she did have a lot of similarities with the three methods of the Heaven Demon, and then she concluded that there must be some secret hidden in the Six Demon Sects that were not specifically told to her!

Maybe a certain lord knew it, or maybe it was a predecessor like Wanfaxian, passed on from generation to generation.

Of course, there is another possibility.

That is that everyone has forgotten this!

"Which two?" Concubine Wan Qing couldn't wait to ask, her beautiful eyes that were originally alluring were full of curiosity at the moment.

"First, the demon is the Buddhist saying, it is the abbreviation of one of the four demon, the emperor demon."

"One of the four demons... the emperor demon?"

Concubine Wanqing frowned, and the emperor demon also knew that the saint mother-in-law's current practice is called emperor demon gong, which is very powerful.

"The emperor demon is Bo Xun, the sixth demon king of the world of desire. It is because of the karma sins of the previous life that led to the retribution in this life, so it is also called the emperor karma demon, and is the only outer demon among the four demon.

Hearing the word Bo Xun, Concubine Wan Qing's heart jumped. In her other Heavenly Demon Technique, there is the Heavenly Demon Bo Xunwu!

She had never known what Bo Xun was before, but now she knows from Li Yun that this is the real name of the Demon!

"Also, what else?"

Concubine Wan Qing's voice trembled slightly, she was eager to know more truth!

"second."

Li Yun raised ***** and smiled: "The demon is an extraterritorial demon. The so-called extraterritorial demon is a demon from outside the Three Realms. It hides in the outside world and covets the material realm. Once entered into the sea of human consciousness, once it is completely occupied, the heavenly demon can have a complete physical body, so that it can make waves in the Three Realms!"

Concubine Wan Qing was surprised again. She knew what the Three Realms said, but it was the first time she heard the saying of the Heavenly Demon outside the Territory.

It's just that... the six realms are in the Three Realms, but the heavenly demons are outside the Three Realms. She is a saint of the Six Ways of the Demon Gate, is it possible that she is practicing the techniques related to the outer heavenly demons?

This joke is not funny!

However, judging from the description of the incarnation of the heavenly demon as 'do not stick to cause and effect, travel through the three realms, penetrate the netherworld', there are many similarities between the two.

There was a long silence.

"Don't think too much."

Li Yun smiled and patted her shoulder, "I don't even know what the demon said. I am afraid that only the people in the celestial realm know what it is... But is there a celestial realm now? Ha ha."

Concubine Wan Qing lowered her head and thought for a long time, and suddenly smiled and gave Li Yun a pink fist: "The concubine body was almost taken by you, huh, I don't believe what you said, okay, that's all for today. So far, let's go back to each house, shall we?"

"Huh? No, I gave you so many good things, you didn't even reveal any news!"

"What to reveal? We don't know anything~~!"

Chapter 1305: The Lost Shan Ruqing

Putting the incarnation of the heavenly demon in the mustard seed of Xumi, Concubine Wan Qing left in a hurry, without revealing any information to Li Yun.

In fact, she has nothing to say.

If he can really deal with ten thousand magic immortals, he will naturally know the inside story.

After she left, Shan Ruqing brought her daughter over.

I don't know if it was an illusion, Li Yun always felt that Shan Ruqing's attitude towards him was a lot worse, and his cold face didn't have a good face, as if he owed her one hundred and eighty thousand.

After waking up the next morning and having breakfast, Li Yun took the two girls and shuttled through the forest to find the whereabouts of the captain.

"he....."

Lying on Li Yun's back, Shan Ruqing had a complicated expression, and she also felt that she seemed to be making trouble unreasonably. It was clear that it was not her business that he was with any woman, so why should she be frustrated with him!

"found it."

"Humph."

"?"

Li Yun still felt inexplicable, Shan Ruqing snorted when she jumped down, took her daughter and walked forward, without even thanking her.

The grotesque temper is at its extreme, like being in menopause...cough cough!

The captain found several other people in the forest with a pistol yesterday. A group of people hid in a cave. Fortunately, Li Yun had a phone call with them, otherwise it would be difficult to find.

"Mr. Li, when will the search team come?"

As soon as he saw Li Yun, the co-pilot couldn't help but ask, he couldn't wait to leave here.

Other people also looked over, with anxious expressions on their faces.

They were terrified for several days and experienced an air crash. Now they can't wait to return home to reunite with their families!

"Don't worry, I will be here soon, I came to you just for this."

Li Yun smiled slightly, "I have contacted people this morning, they have already arrived nearby, they will be there soon!"

After a series of things, no one would dare not listen to what Li Yun said now. Even if he stayed here for a few days, no one would dare to object.

Everyone quickly calmed down and waited in the cave, patiently waiting for the arrival of the search and rescue team.

As time passed, inexplicably, Shan Ruqing began to feel that an indescribable clarity was bothering her.

One is not parting and sadness, nor is it sad or bitter, nor is joy lingering in her heart.

She felt empty.

It's like a dry and sultry autumn day. I slept from noon to the afternoon, and when I woke up, it was dusk. There was no one in my home, as if the whole world had become gloomy, and people had no goals, and a sense of dejection and emptiness, like walking corpses. .

"Mother!"

Shan Xiaoxiao noticed that her mother's mood was not right, so she cleverly slipped into her mother's shame to comfort her.

Her mother seems to have a dual personality. The front shows the decisive aura of a capable and glamorous female president, but the queen is fragile and suspicious. If it were not for taking care of her, Xiaoxiao felt that her mother might not be able to bear it and become Mental illness...

"Mom is okay!"

Shan Ruqing hugged her daughter abruptly, as if to draw energy from her to survive, tightly hugged her daughter Xiaoxiao, breathing the breath of her body.

Nowadays, her daughter is her only support, even if she loses other people, but her daughter is still with her, that's enough!

"Mother?"

Shan Xiaoxiao felt a little bad. This time her mother's bad mood seemed to last for an extra long time, and it was not because of sudden changes, but for another reason.

Brother Li Yun!

Chapter 1306: Who is your sister

At this moment, there was a roar of helicopters in the distance.

At first everyone was not sure, but as the voice grew louder and louder, everyone began to cheer.

"finally come!"

"My Cao! It's two helicopters!"

"Ah, great!"

"Ouuuu, after I go back, I want to have a delicious and spicy meal, and buy three hundred yuan skewers to eat enough! Reduce my fart!"

"That's right, after these few days, I think the important thing in life is to live happily!"

"After I go back, I will take a bath for three hours, eat another lunch, have a nice meal, and forget about it..."

Everyone eagerly walked out of the cave, looking eagerly at the helicopter flying over the forest in the distance, watching them slowly land on a flat ground not far from the cave, and just stopped, everyone couldn't help but rush over.

"Ruqing, Xiaoxiao, you guys go too."

Li Yun turned around and smiled at the mother and daughter, Shan Xiaoxiao couldn't help asking: "Brother Li Yun, don't you leave with us?"

Hearing that, Shan Ruqing's face was even worse.

"I still have something to deal with. You don't need to worry about me."

"Ah? What's the matter? Those frog monsters?"

"Ahem, kids, don't ask so much, okay!" Li Yun patted her little head, "You go and take a seat, I will visit you when I have time. Remember to study hard and in your free time. Exercise."

"Woo...Then it's an appointment. Brother Li Yun remember to come to Xiaoxiao. Xiaoxiao's home is in the capital. Well, mom, should we also buy a house in Zhonghai City? So that Xiaoxiao can always be there. See brother everywhere~"

"...Will you come to see us?"

Shan Ruqing suddenly raised her head, ignoring her daughter's question, and looked at Li Yun with a strange look.

"Well, isn't this of course?" Li Yun rubbed Shan Xiaoxiao's head, "I gave Xiaoxiao a martial arts secret book. Of course I will give her some tips when I have time. Why, don't you welcome me? "

Shan Ruqing fixedly looked at him for a long time, then suddenly snorted and took her daughter and walked towards the helicopter, leaving only one sentence for Li Yun: "I will buy a house in Zhonghai City, but don't get me wrong. Just for the little one!"

When everyone looked at her, the beautiful face of the female president was full of indifference.

But Shan Xiaoxiao knew that her mother's mood had changed for the better.

Mother is really strange, and her mood fluctuates.

"Li Yun, finally found you!!!"

Shangguanming jumped off the helicopter, and when he walked over, he gave him a fist, which caused Li Yun to move back a few steps.

"I'm Cao, Xiao Ming, are you crazy?"

"I'm crazy? Humph, what's the matter with my sister?!"

"Your sister?"

"Spirit!"

"Lingxian is your sister?? My sister??!"

"Nonsense! Isn't it my sister, or your sister?"

"..."

Li Yun was dumbfounded, he had guessed that Shangguan Ming and Shangguan Lingxian might be of the same race, but he didn't expect that Shangguan Lingxian had such an older brother with official background!

Shangguan Ming punched him again in irritation. Li Yun dodged and smiled bitterly on his face, "Xiao Ming...no, Brother Ming, I think you have misunderstood something!"

"Misunderstanding your size, what's the situation now I don't know? Sh*t, I thought you were a good kid, decisive, clean, and good at strength. I wanted to praise you, but I ended up fighting my family. Just a phone call, grass, and I learned about your glorious deeds!"

Li Yun was embarrassed. In front of the future brother-in-law, he really had nothing to do.

Lingxian won't give up, so it's okay to call Xiaoming a big brother-in-law.

Chapter 1307: Leave

Li Yun said it badly, swearing that he and Lingxian were only in a pure relationship, which made Shangguanming, who felt that his younger sister had been arched by a pig, stopped.

"Really do not have?"

"Absolutely not!"

Shangguanming's expression became weird, he reached out his hand to touch his chin, and looked at Li Yun's underside with weird eyes. Li Yun even thought that this guy was a ***** guy.

"Your kid has a problem!"

"...You have a problem!"

"No problem, then my sister is such a beautiful person, with a good figure, a gentle personality, and doesn't know how to reject people, so your kid is just a flowery intestine, so you can't stand it?"

"Bullshit."

Shangguan Ming firmly didn't believe it. With the appearance of his sister Shangguan Lingxian, which man could bear her being a boyfriend and girlfriend? Why can't I stop for a few days and nights? Maybe he even got his nephew when he went home!

Li Yun didn't bother to talk to him. This brother-in-law has been in foreign countries for a few years. He hasn't learned it well, but he has learned the openness of foreign countries. It must be!

"Captain! Mr. Li Yun!"

Wei Jian walked over to salute the two men, and reported: "A total of 9 hijacked crew members boarded the helicopter, please give instructions!"

Shangguan Ming looked at Li Yun, who shrugged, "Then leave, there is nothing to stay here, you all go, I will stay here alone."

Shangguanming's expression was complicated, and finally patted him on the shoulder, "You kid be careful, don't let my sister be a widow at a young age, she will never change once she identifies a man."

He shook his head as he spoke, and didn't know if he was dissatisfied with Li Yun or sighed at his sister.

Shan Ruqing on the helicopter heard the conversation between the two, feeling inexplicably sorrowful, but compared to before, she seemed to feel much better.

At least Li Yun is not that kind of hypocrite.

He is enthusiastic, but he will not deceive the people around him...

"Big Brother Li Yun, goodbye!"

When the helicopter was about to take off, Shan Xiaoxiao waved his hand hard at him, Shan Ruqing bit his lip and remained silent for a while, then gently raised his hand, waved to Li Yun, and immediately put it down.

The entangled mood is evident.

"goodbye!"

The helicopter gradually moved away, and soon Li Yun's figure disappeared from everyone's field of vision, being submerged by the forest.

The expression on Shan Ruqing's face was completely restored to the calmness of the past. Everyone on the helicopter seemed to have seen the strong woman who was not arrogant or humble and had a reasonable and well-founded negotiation with the culprit.

After getting off the helicopter, everyone heard a uniform voice shouting before they got down and stood still.

"Welcome President Shan to return safely!"

The captain looked in surprise, and saw a group of powerful business elites dressed in professional attire and all appearing shrewd and capable standing in front respectfully, awaiting the return of President Shan and Miss Shan Xiaoxiao.

"Well, thank you for your hard work."

Shan Ruqing took her daughter out of the helicopter. This scene was immediately captured by countless reporters who had been waiting here. Everyone seemed to have seen the news of the next day.

"The female president of Xiaoqing Fashion Company returns safely"

"Fulfilling the demeanor of a strong woman, taking stock of Xiao Qing's calm treatment after being kidnapped"

"Learning these things, so that you can protect yourself in kidnapping cases like the boss of a company with a market value of 50 billion."

"The owner of Xiaoqing Fashion Company returns safely, and the company's share price soars by 20%"

...

Shan Ruqing returned to her daily work. She knew that she would be a good mother, a good president, with tens of billions of assets. With a wave of hands, countless people looked up and followed, not a weak woman protected. .

Yesterday's everything seemed to disappear after returning to normal urban life.

Only the man's broad back often came to her mind...

"Little, let's go to Zhonghai City to buy a house, okay?"

"Of course, didn't mom promise Xiaoxiao before?"

"Um."

Chapter 1308: Harbinger of war

Li Yun stayed in place, watching the two helicopters go away, his expression gradually becoming serious.

The reason why he stayed was because a selection event given by the system last night made his heart move.

"Ding, trigger the option event, please choose from the host:

Choice 1: Do nothing, leave here tomorrow, reward experience value +500,000, all attributes +300, purple gift bag*1, random skill upgrade by one level.

Option 2: Go to Concubine Wan Qing, take the opportunity to sneak into the Ten Thousand Magical Immortal Cave, reward experience value + 2 million, all attributes + 2000, golden gift bag * 1, random martial arts skills to upgrade one level.

Option 3: Find a way to teach Ten Thousand Magic Immortals some lessons, reward experience value +5 million, all attributes +4000, randomly get golden equipment*1, extra reward: aura value of 100,000 (can be directly absorbed and deposited in Lotus Immortal Mansion, or Was absorbed by the Hongmeng Purple Spirit Bracelet

Reiki value!

This kind of reward is the first time I have seen Li Yun, and it should refer to the aura needed by practitioners.

The benefits of this thing are countless. For practitioners, it is like food. It is the original driving force of all spells. The mysterious reason why the Holy Spirit is surprised by the Holy Spirit Bracelet is that the fairy bracelet can be produced out of thin air. Reiki.

Although the amount is small, it is amazing enough!

"If my Lotus Immortal Mansion is filled with a lot of spiritual energy, I am afraid that it will not be able to truly become a blessed land in the future, similar to the mythical and legendary Penglai Immortal Mansion, comparable to the real purple bamboo forest in the South China Sea!"

Thinking of this, Li Yun's mouth couldn't help but feel a touch of excitement. Now the Lotus Immortal Mansion has a lot of aura, but if his daughter, Black Feather Butterfly, eats it openly, I am afraid it will be able to absorb the aura in a few days!

Reiki, the more the better!

"Do you teach Wan Faxian a lesson?"

Li Yun is not so arrogant that he can harden his opponent directly, Wan Faxian can create a cave where he can be at ease, which is enough to prove his power, and he is definitely one of the top masters in the six magic gates!

But Li Yun is not helpless, he is not alone, the so-called piercing arrow, thousands of horses come to meet, is talking about him.

"General Xia, are you ready?"

Li Yun quietly hid on the top of a mountain, looking down at the Ten Thousand Magic Cave Mansion hidden by the phantom array underground, and started talking with General Xia and others.

"Hehe, don't you ask whether we agree or not?"

After saving most of the hostages safely, and slapped countless people waiting to see the jokes at home and abroad, General Xia was in a good mood, and even joked with Li Yun.

"As long as it is not too stupid to be hopeless, I will agree to my proposal." Li Yun smiled.

"Oh?"

"One, you can be the enemy, two, you can find out what the enemy's strength is, and three, after the destruction, you can get a lot of research materials, and you can kill three birds with one stone."

"Hahaha, so you Li Yun, you have guessed everything. No wonder you stayed so confidently."

Xia Ming was shocked when he heard Li Yun's proposal last night, but after thinking about it carefully, although this plan was extremely arrogant, it was also a good opportunity!

The Six Demon Sects are so arrogant, it's time to make them hurt, so as not to be bullied by the current government as it was in ancient times!

Therefore, after an emergency meeting overnight, the plan proposed by Li Yun was approved, and after being authorized by the big leader, Xia Ming, as the person in charge of the operation, had full authority to direct today's battle!

The first battle with the Six Demon Gates!

Chapter 1309: Order

Hongfengfei (guide) bomb base.

"Code: Battle of Xianfan, all preparations have been completed, please give instructions from Secretary Song!"

A young man with a Chinese character face and a firm face reported loudly that his name is Zhang Ren, the captain of the first squadron of the Red Maple Missile Corps. He is just 31 years old this year, but he has joined the missile base for ten years and has rich experience. Outstanding performance in the drill, and won awards from superiors.

Therefore, at a young age, he is already the backbone of the missile force. In the field of missile launching, he is one of the best!

Standing in front of him was the leader of the missile base, Director Song, who was more than 50 years old, with a majestic expression on his face.

But at this moment, after hearing Zhang Ren's report, Secretary Song frowned.

"Captain Zhang, what do you mean by General Xia?"

Secretary Song asked, and looked around the missile control room, but everyone was puzzled.

At 3 o'clock last night, when people were sleeping deeply, there was a call from the capital, which awakened the entire Red Maple Missile Base.

"Entrusted by my superiors, I, Xia Ming, ordered the Red Maple Missile Base to immediately prepare for live ammunition, and await orders at any time!"

Once the information spread, the entire base shook.

First, this order has no head or tail. If it weren't issued by General Xia, one of Huang Xuan's top generals, Secretary Song, Captain Zhang and others would definitely think that someone invaded the information system.

Second, there is no word exercise in the order from General Xia, which means that this live ammunition shooting is likely to be actual combat!

This is not to say that the usual acting is not shooting with live ammunition, but it means that this is a real battle to annihilate the enemy's vitality or destroy a strategic target thousands of miles away. It is a real battle!

Huang Xuanguo has been at peace for thirty years, but today, this state of peace is likely to be broken!

Third, this order was issued late at night, which shows the importance of the higher-level departments.

"I can't guess what the superior is thinking."

Captain Zhang shook his head, inexplicably nervous.

He has participated in acting many times and has personally controlled missile shooting, but this time is completely different from before. It is likely to be a real battle!

"Oh." The other person sighed, "If I had not verified through multiple parties and confirmed that this was an order from General Xia and several important leaders, I would doubt whether there was a problem in any link."

The preparations started at 3 o'clock last night, and until now after 9 o'clock in the morning, there is still no order passed. After several inquiries, only one order was obtained:

Waiting in place, ready to shoot at any time!

It's as if... something very important is happening, and the missile base needs to support the strike at any time.

"The command is unequivocal!"

Secretary Song pondered for a moment and felt it was necessary to reveal something to them, so he said: "Recently, a group of gangsters hijacked a plane and hid it. I suspect that we need us..."

In an instant, the control room quieted down.

None of the elite fighters are fools, so they naturally understood what was meant by Secretary Song's words.

If the gangsters are hysterical and completely crazy, they are likely to drive a plane into the city forcibly. Many high-rise buildings and crowded places will be the targets of the crazy gangsters!

If they succeed, the safety of the people will be greatly threatened.

By then, the target of the missile will be...

Chapter 1310: Puzzled

This is a painful and helpless choice.

On the one hand, there are hundreds of hostages on the plane, on the other hand, there are thousands of people in the city threatened by gangsters. Both are life-threatening, but they have to make a choice!

at this time.

"Commissioner Song, the target of this battle was sent from above, ordering us to open the silo immediately, adjust the trajectory, and prepare to launch!"

The reporter's report made everyone in the control room nervous instantly.

Opening the silo and adjusting the trajectory means that the missile is on the launcher and is ready to launch at any time. This actual combat has reached the verge of being triggered!

Secretary Song looked serious, and ordered: "Tell my order, turn on..." Halfway through the order, he looked at the correspondent again and couldn't speak.

Because all the previous instructions will have precise goals and complete strategic intentions, everything will be carried out according to plan.

But this time?

Not only is there no target, but also how many missiles are needed, which model, short-range, medium-range or long-range, or intercontinental, what kind of warheads are carried, what kind of missiles are needed in advance, and so on.

Nothing!

This command from 3 o'clock in the middle of the night seems like a child's play, not complete at all!

The correspondent realized something, nodded to express understanding, and contacted the superior again.

When he contacted, Secretary Song was not idle, turned his head and ordered: "First, follow the usual strikes and open the silos of the three subordinate teams of the First Squadron, and the Second and Third Squadrons are ready to call at any time!"

"Yes!"

Zhang Ren and the other two squadron captains immediately issued an order for the soldiers under them to start preparing.

Hundreds of missiles stored in the missile base are usually located underground, which can avoid missile attacks from the enemy. The missile silo will only be opened when needed.

This also means that the moment the missile shows up, it is ready to be launched!

There are three squadrons in the base, and each squadron has five squadrons. Each squadron keeps 10 missiles, separated by a few kilometers. This means that the entire base has 150 missiles distributed in a radius of several kilometers underground.

At this moment, the missile silos belonging to the 1st and 2nd squadrons slowly opened, revealing the two-story high and cold metal missiles.

The data of this terrifying missile is as follows:

It is 9.5m in diameter, 1.3 meters in diameter, 10.5 tons in take-off weight, and 1500 kilometers in range. It can carry a 600kg high-powered warhead, and one shot is enough to make a hill disappear!

Of course, the price of this missile is also terrifying, one fifty million, fired once, is equivalent to evaporating ten five million luxury cars!

"Target: Qingdong Province, Dafeng Mountains, specific latitude and longitude positioning: 97.92N, 37.85E."

After the location was positioned, everyone was shocked. As expected, the goal was to be in the country!

And it's still located deep in the mountains, which means it's probably the location of the crashed plane!

"Immediately use the satellite positioning system and aim at the location!"

Secretary Song ordered that soon, an image was displayed on the big screen in the control room.

The satellite map shows that the target is located in an endless forest, an inconspicuous valley.

"How could you hit here?"

A question emerged in everyone's minds. Satellite surveys showed that there were no strategic targets in the Dafeng Mountain Range, and there was not even a ghost.

A missile worth 50 million, just thrown there for nothing?

Are you kidding me!
