

## Godly Choice 1571

Chapter 1571: The special abilities of the black feather butterfly

For example, in the Yongning Princess City incident, Venerable Heimei arranged a counterfeit of the twenty-eight star formation in an attempt to block the entrance to protect his body, but the little guy Heiyudie appeared and rushed in with a cheer. I ignored the formation and rushed into it to eat!

After eating up the base of the counterfeit, the formation is naturally undefeated and self-defeating.

"Baba, eat! Eat!"

Black Feather Butterfly waved her little hand excitedly, and said as much as possible in her small voice.

"You know how to eat! It's almost a piglet!"

"Hehe, Xiaodie isn't it! It's...yes, Baba's daughter~"

Heiyudie didn't know what she was, but she didn't need to worry about it, as long as she followed Baba, she would have something to eat.

She came out to eat, otherwise she would not come to the outside world where food is scarce and flying is difficult.

Li Yun smiled. Xiaodie didn't know what was going on. She is very smart now, and her IQ is no less than that of a human ten-year-old child, but for some reason, she still speaks a little bit too sharply, maybe it is. The language system in the brain is imperfect.

——All nutrition goes to the stomach.

"Wait, there is Fluttershy for you to eat."

Li Yun whispered: "But Xiaodie waits not to make too much noise, lest the enemy find us, you know?"

Black Feather Butterfly nodded vigorously!

She is not stupid, of course she knows that she is in someone else's house, stealing other people's food to eat!

Hehe~.

"let's go."

Li Yun wanted to hold up Fluttershy, but Black Feather wanted to recall the feeling of being in Ba Ba's pocket before, smiled and avoided Li Yun's palm, and flew to his chest, only to find that Ba Ba was not wearing a shirt today. Pocket clothes.

"Woo~, no more!"

Reluctantly, the Black Feather Butterfly could only sit on Ba Ba's shoulders and retracted his wings to save a bit of spiritual energy.

Li Yun couldn't laugh or cry. Why did this little guy seem to have learned the "Fox Little Meng style of selling cute"?

A few hours have passed since Hu Xiaomeng entered the Lotus Fairy Mansion!

"Fluttershy, are you ready?"

"Hmm~, alright, Ba Ba!"

"Tongyou!"

Li Yun once again used the faculty communication ability of the Spirit Turtle Breathing Technique, and his figure turned into a hazy appearance, but this time there was an accident.

Black Feather Butterfly did not follow her together, her small figure still rested on Li Yun's shoulder, her black skirt like a starry sky was very beautiful.

"Huh~~?"

Hei Yudie looked at Baba suspiciously and tilted his head for a moment. Li Yun didn't know what she did. After she waved her hand, her figure also changed with Li Yun.

"The special ability of the ancient fierce insects?"

Li Yun is not surprised at the phenomenon that the black feather butterfly is not affected by the ability to communicate. As a chrysalis, it has an extra pair of wings and an extraordinarily powerful monster. The existence of the black feather butterfly itself is extremely Special, immune to various toxins, curses, and supernatural powers are very normal.

"Up to the blue sky, down to the underground mansion, water and fire are not invaded, the sword is difficult to damage, the fairy is easy to be...The description sounds terrible, but unfortunately, when I raised her to Nine Wings, I am afraid that I will not even eat her family!"

Li Yun smiled bitterly and shook his head. Without worrying about the matter, he stepped for a while and entered the inner hall through the side door.

As soon as he entered, Black Feather Butterfly's eyes lit up, and his two slender calves swayed vigorously, and his little hands gripped Li Yun's collar tightly: "Bababa, so much food!"

Chapter 1572: Eat well

Li Yun's expression remained unchanged, and he pressed the little guy's head with his fingers, and the black feather butterfly immediately closed his mouth obediently, and only looked at the collection of the Linghuo master with eager eyes.

There are more than a dozen top-grade magical instruments on the shelf of magical artifacts there. There is also a large box next to them. It is estimated that there are many treasures inside. No wonder the black feather butterfly is greedy.

"Ding, trigger the option event, please choose from the host:

Option 1: Destroy the formation directly, and \*\*\*\* everything away before the spirit fire master and Taoist Baihe react! Reward: Justice value +5000, experience value +8 million, all attributes +1 million, golden gift bag\*2, additional reward: to be determined.

Option 2: Let the Black Feather Butterfly sneak in and eat up the contents secretly. Reward: experience value + 1 million, free attribute points + 5000, purple gift bag\*2, a small probability will cause other consequences.

Option 3: Find a way to distract the two, then plunder the property here, rewards: experience value +3 million, all attributes +3000, wisdom extra +5000, golden gift bag\*1. "

Li Yun glanced briefly, and the three methods provided by the system had their own advantages and disadvantages.

The first one is actually the most stable. As long as there is a way to withstand the first wave of attacks in the late stage of the Void Returning Realm, all the contents can be collected into the space ring.

The second one took a shortcut, and the two people betting on the front hall refinement could not find that the Black Feather Butterfly was doing damage.

The third is to win with wisdom.

"Baba~, eat it!"

Black Feather Butterfly murmured again, staring at the magical artifacts that contained spiritual power without blinking, and her saliva almost flowed out.

"Don't worry, you are indispensable."

Li Yun said softly, in the quiet state, the possibility of the voice exposing oneself is far smaller than the ups and downs of the mood.

After thinking about it, Li Yun took out a medium-sized Zhuji Dan and threw it to her. Black Feather Butterfly suddenly cheered and hugged the pill that was almost as big as her body, and sat happily on Ba Ba's shoulder and bit.

The mouth is very good, it tastes good!

Li Yun smiled, and walked out of the palace again from the side door, to the house of the servant and disciple next to him.

The only disciple left here is Wei Jingli, seven or eight slaves, usually in charge of washing and cooking, and one or two out to arrest people and put on guards. The smoking man Hu Xiaomeng saw with the telescope before should be one of the servants. .

Li Yun took a look at the slave room. There were more than a dozen high and low beds, no tables, no chairs, and the clothes were thrown on the bed in a mess. The environment was extremely harsh.

"Cultivating immortals? What kind of immortals are cultivated!"

Li Yun shook his head and went to the disciple room again. The first time he entered the door, he saw Wei Jingli who was meditating.

The disciple room is the same as the inner temple where the spiritual master lives. There are no beds, only futons, for normal meditation and rest.

It's just that the disciple of the spiritual fire master didn't know if it was dead or something, and now only Wei Jingli was left.

"The spiritual energy is exhausted, the Taoism is declining, and you are born in a demon sect. If there is a pure teacher-disciple relationship, it is a ghost!"

Li Yun complained in his heart that none of the six masters and disciples he had seen was normal. The masters used his disciples as shields or slaves, and would not teach the true skills at all!

It's normal to think about it. If I don't have enough spiritual energy for cultivation, how can I give it to my disciples?

Unless the end of life is really reached, it is impossible to really teach students.

Chapter 1573: Pretending to be a monster

"Wei Jingli!"

Suddenly, Wei Jingli who was meditating and cultivating heard a low and hoarse voice in her ears, which made him feel excited. He opened his eyes and saw that there was a humanoid monster shrouded in flames in front of him!

"you!"

Wei Jingli jumped to her chest with a heart, and hurriedly picked up the rune paper on her knees, trying to attract the attention of Master and Taoist Baihe with the shouting, but in the next moment, he saw the flame monster raise his hand.

Above the palm of the flame-wrapped monster, there was a faint blue flame floating, exuding invisible terror and threat.

Wei Jingli closed her mouth obediently.

He naturally recognized that this was his master's earth fierce fire, and it was stronger than the one in the master's forge. The dark blue earth fierce fire center had turned dark blue, which became more frightening.

Hit by this fierce fire, there is only one ending!

"Do I know why I didn't kill you?"

The monster beast in charge of the fierce flames said in a voice that was still low and hoarse.

"I know?"

Wei Jingli was taken aback for a moment, and then reacted, "Do you know why I didn't kill you?"

"A beast deserves to be a beast, and he doesn't even know the order of words!"

Wei Jingli cursed in her heart, but the expression on her face was very humble. The legs of the original meditating were bent back, kneeling on the ground obediently, and honestly replied,

"Master demon beast, do you want me to help you?"

Wei Jingli has never heard of monsters that can talk, only seen in ancient books. It is said that only the soul and the clear realm, the self-knowledge, and the real knowledge can change the human appearance.

But Wei Jingli didn't know anything about self-knowledge and true knowledge--he didn't even reach the realm of refining the gods, let alone the realm of souls.

No matter how true or false the records are in the ancient books, he can't afford to provoke a monster that can control the fierce fire and speak!

"Your right."

Li Yun tried to imitate the words of monsters. Of course, he had never seen monsters that could talk. But if you want to come to monsters that have just gained self-awareness, their IQ is about the same as that of a human being seven or eight years old. There is no locale.

Well, it's as if the people in Sakura Country imitated Huang Xuanguo.

It's great, yours, your flower girl... almost like this!

Wei Jingli twitched the corners of her mouth and almost couldn't help but jump up and curse.

"I am supernatural, can hear you, know what I heard?"

"!"

Wei Jingli almost jumped up again!

What does this monster mean is that it can hear them from the magma lake? !

No wonder this brute can talk!

An enlightenment flashed in Wei Jingli's heart, and he became more awed by the flame monster in front of him, and did not dare to resist at all.

"Master Monster Beast, what did you hear?" Wei Jingli asked respectfully.

"Listen to that old man, he said, I want my disciples and you to sacrifice swords!"

"what!?"

Wei Jingli really jumped up from the ground this time, her eyes were round, and she was not afraid that the monster in front of him was shrouded in flames, and asked urgently: "What you said is true!?"

"True and true."

Li Yun laughed inwardly, his tone still unchanged, "I also saw that your previous companions were all killed by the old man. They were called practicing hands. I don't know the meaning."

"I... Cao!"

The monster doesn't understand, but Wei Jingli understands!

The so-called practice is probably the master, no, it is the \*\*\*\* who uses the disciple to practice sacrifice.

## Chapter 1574: Lord Beast help

"No wonder the juniors disappeared one by one!"

"No wonder I stayed at the end as a big brother. It turns out that I am the strongest, and the effect of sacrificing swords is the best!"

"It's no wonder that Master Linghuo doesn't care about the death of hostages at all. Those hostages are not meat animals at all. They can't be meat animals. Only us in the Qi refining period are qualified to sacrifice swords!"

A few years flashed in his mind, and Wei Jingli's whole body was cold and sweaty. The places that he couldn't figure out before, or that he didn't dare to think about, now all recalled like lightning.

He was almost 100% sure that the Spirit Fire Master was going to use him to sacrifice his sword!

"At that time, the monster swallowed the hostages, but the spiritual fire master did not tell me to continue arresting people. Sure enough, sure enough, this \*\*\*\*\* is really going to use me to sacrifice the sword!"

Wei Jingli gritted her teeth with hatred, her face flushed.

"Do you want to understand?" Li Yun asked with a smile, and wanted to say a few more provocative remarks, but he didn't expect this guy to kneel down directly and neatly.

He knocked his head a few times.

"Master Monster Beast, save me!!"

"Very good!"

A smile appeared at the corner of Li Yun's mouth and said, "You don't have to be afraid. It will take two days to refine the instrument. You are safe before that."

Wei Jingli was overjoyed at first, but soon reacted, and said in horror: "No!"

"what?"

"No no no no, Lord Monster Beast, I am not rebutting you!"

Wei Jingli hurriedly said: "As far as I know the character of the old \*\*\*\*\* of the spiritual fire master, he must not tell the truth. He said that it takes three days to refine it, maybe only two days, saying that it can be refined in two days. That must be enough for one day!"

Li Yun thought for a while before trying to understand the routine of the old \*\*\*\*\* Master Linghuo.

Refining the magic artifacts in advance, he has enough time to do his hands and feet.

For example, he accidentally refined a top-grade artifact, but the spiritual fire master was unwilling to hand it over, so he might refine another top-grade artifact. This time, the spiritual fire master earned a lot of money from it. Interests!

And this time he lied again, probably because he was aware that the monster beast-that is, Li Yun, was eavesdropping nearby, so he said it deliberately!

"Sure enough, it is an old monster who has lived for more than a hundred years. It can be called an old treacherous cunning!"

As soon as Li Yun's faith turned, he asked, "Are there any signs that the artifacts are released?"

"The forging furnace will always tremble after refining top-grade magical artifacts, and the top-grade magical artifacts may even open the furnace lid!"

"I understand."

Li Yun smiled slightly and said: "I, I will prepare a little bit. When I use the controlled fire magma to attack his house, you will leave with others."

"Escape with those slaves?"

The monster's speech was pitted, but Wei Jingli could barely understand it, and he had to understand it. This was his only life-saving straw right now.

"Correct!"

Wei Jingli frowned. This monster showed up at the risk of being discovered, just to help him escape? It's not that simple!

correct!

It says to prepare, what to prepare? A demon beast with no magical weapons and no medicine, it prepares a fart!

Wei Jingli cursed inwardly, the preparation that the monster said was actually to wait until the spirit weapon was about to be released, right?

At that time, the spirit fire master needs the flesh and blood soul for the sword sacrifice, but Wei Jingli ran away at this time, and the Taoist Baihe will definitely chase him. Then this monster beast can take the opportunity to break into the palace and kill the earth inside. Take away the fire and the spiritual weapon to be formed!

"Who\* said that monsters have no IQ? They are the masters who cannibalize people without spitting out bones! Grass!"

Thinking of being responsible for leading away the Taoist Baihe, Wei Jingli wanted to cry without tears.

But what makes him even crying even more is that he hasn't chosen yet.

If you choose to escape, there is still a chance. If you choose to stay here, then there is really no chance at all!

Chapter 1575: Boost

But in fact, there is another possibility, one percent possibility!

If Wei Jingli chose to run away by that time, but the Taoist Baihe did not chase him, it would indicate that the Spirit Fire Master didn't want to use him as a sacrificial weapon. What the monster said was false.

But, does Wei Jingli dare to gamble?

Is it better to leave here than to stay here and fight the monsters?

After making up his mind to leave, Wei Jingli knocked Li Yun a few more times: "Master Monster Beast, save me!"

"Um?"

"I, I need some strength from the adults, no matter what strength, so that I can escape further!"

It is not enough to have monsters attacking the palace here, Wei Jingli needs more help.

He also knew that monsters could not have magical weapons or pill spells, but what if?

"Ding, trigger the option event, please choose from the host:

Option 1: Give Wei Jingli some help, reward experience value +1 million, all attributes +500, blue gift bag\*5, which may be helpful to the host plan.

Option 2: Reject, reward the white gift bag\*3. "

Seeing the system prompt, Li Yun sighed silently, forget it, reluctant to let the child catch the wolf, so just give him something.

Looking at Wei Jingli, who put his head on the ground and bowed down sincerely, Li Yun scanned the inventory back and forth. What should I give him.

Pill?

No, even the golden-quality pill will not help Wei Jingli's escape. Besides, it is too wasteful, and Li Yun can't bear it.

Artifact?

Li Yun still has a few purple-quality magical instruments and amulets, but he is also reluctant. There are some confidantes around him who have no magical instruments, such as Su Muxin's girl, who only took a few pills of Li Yun. Keep pouting his mouth to express dissatisfaction.

Wei Jingli didn't dare to smoke, knelt on the ground and waited for a long time before the monster finally spoke.

"Okay, give this monster to you."

"monster?"

Wei Jingli was taken aback, and then saw two things left in front of her.

One is a toad that looks like a dried toad, flat, wrinkled, and ugly.

The other is a transparent bead, revealing an inexplicable yin and evil air, causing Wei Jingli to breathe quickly.

Too strong! The power contained in this bead is comparable to the realm of refining the gods!

"This is a monster I defeated. When you use it, put the demon pill on its corpse, and then throw the monster out."

This thing is called the three-eyed toad, and it is the spoils that Li Yun seized when he defeated the Taoist Jiangtou.

Daoist Jiangtou didn't return to the Void Realm, but the Gu worm he was carrying was not simple, because at that time, the three-eyed toad turned over his belly and pretended to be dead after seeing the black feather butterfly.

This proves that the three-eyed toad knows the name of the black feather butterfly, whether it is the inheritance memory of being a Gu worm, or that it has survived from ancient times to the present, it shows its extraordinary.

Another evidence is that Li Yun gave Xiaodie its demon pill, but the big foodie didn't eat the demon pill, but put it in the fairy mansion.

Because of this, this demon pill has a lot more spiritual power than before, enough to hold the Void Return Realm for a while.

"Demon Pill!?"

Wei Jingli was overjoyed, and quickly put away these two things, just about to kowtow to Li Yun, but when he looked up, there was no one in front of him?

"Master Monster Beast? Master Monster Beast!?"

After yelling for a while, after confirming that there was no one, Wei Jingli stood up with a sneer, holding the three-eyed toad's mummy and demon pill in his hands, and muttered to herself: "Should I save those slaves? It's pretty beautiful. Let them die for me!"

Chapter 1576: Go up

Li Yun hadn't left yet, but just removed the flame mask and watched Wei Jingli's performance silently.

Seeing this guy's sorrowful performance, there was no sadness or joy in his heart, as if he was looking at a dead person.

"wrong!"

Wei Jingli walked uncomfortably back and forth a few times, and suddenly thought of something: "I heard that monsters can absorb human flesh and soul, or should I kill those servants and feed the monster pill in my hand?"

"No, no, don't worry, wait until the beast starts to act!"

After everything was decided, Wei Jingli was in a good mood and sat down cross-legged to meditate.

Just watching him scratching his head and head anxiously back and forth, I know that he must be very nervous in his heart.

"Ding, the host made a choice to give Wei Jingli some help, give bonus experience value +1 million, all attributes +500, blue gift bag\*5. The help to the host plan increased slightly."

Only a small margin?

Li Yun frowned slightly, it seemed that it was not enough, he needed more power!

Where does this stronger force come from?

Without thinking about it, Li Yun raised his head and looked up. He is not alone, he has an incomparably powerful backing support!

"Fluttershy, let's go up."

"Yeah? Where do I go?"

Li Yun smiled, no longer staying here, but chose to walk towards the exit to the ground.

After leaving the large array of the Spirit Fire Cave Palace completely, Li Yun thought for a while, and after asking the opinions of Hu Xiaomeng and Zhao Tianfeng, both women were pulled out.

"Um, wow...oooo!"

As soon as Hu Xiaomeng showed up, he wanted to shout in amazement, but fortunately, he covered his mouth in time.

In front of her eyes is a huge volcanic cave. It is absolutely difficult for anyone who has never seen it to describe the miraculous environment here!

The huge flaming magma and the palace above the magma-a hole was broken, and the three small islands extending out gave Hu Xiaomeng an extremely shocking feeling.

She felt that she could see such a spectacular sight, and it was completely worth the return fare for a trip to the volcano!

"awesome!"

Even the arrogant Zhao Tianfeng couldn't help but admire, and the beautiful cheeks were blushed by the heat here.

Li Yun smiled, "Unfortunately, you can't see the moment when the formation here moves, Xiaomeng, don't look at me with this kind of eyes, just can see the underground palace, don't be greedy!"

"Yes~~~"

Hu Xiaomeng's pouting mouth prolonged her voice, but soon her dissatisfaction turned into a surprise, and she leaned close to Li Yun, stood on tiptoe and kissed him fiercely.

"Hehe, thank you Brother Yun~, I specially let Xiaomeng and Sister Fengfeng come out to learn more. Xiaomeng is so happy!"

Li Yun was also very happy. The soft lips of the soft little girl naturally felt very beautiful.

It's just that Zhao Tianfeng seems to be flushed even more, does she want to thank him too?

"Ahem, let's go up."

"what?"

Hu Xiaomeng was a little surprised, and asked in astonishment, "Brother Yun, are we leaving? Oh, I see, Brother Yun must have found what he wanted!"

As Li Yun walked along the flame channel to the ground, the two women naturally followed him, and explained: "I found it, but I want to do something so that they won't be too comfortable."

There was a shy heat on Zhao Tianfeng's cheeks. It seemed that he hadn't come back from the previous actions of Hu Xiaomeng and Li Yun, and glanced at him after hearing the words: "Are you sure? I was taken into the volcano by myself. It's not that simple for the other party to build such a grand palace underground!"

Chapter 1577: Jealous

Li Yun looked at her, Zhao Tianfeng's Ruifeng eyes looked very slender, and the tails of her eyes were raised slightly proudly. If she was dressed up, these eyes would definitely be very charming.

"Wh, what's the matter?" Zhao Tianfeng was a little unaccustomed to overwhelmingly, but did not scold him as a pervert.

"nothing."

Li Yun smiled awkwardly, "The opponent's strength is indeed very strong, one achieves perfection in the God Refining Realm, and one in the late stage of the Void Returning Realm. However, I can't help it.

After Li Yun briefly talked about what he had been doing in the past few hours, the two women heard them like a fantasy.

It is to save the hostages, it is to test the formation, and finally control the flames of the magma lake, turning into a flame monster to tease the master of the return to the virtual world.

All of this, when Xiaomeng Fox patted his hands and shouted in excitement: "Wow, that's amazing, Brother Yun is so amazing!! As expected of Xiaomeng's boyfriend, hehe~"

She wanted to get up to give Li Yun a beloved kiss, but Zhao Tianfeng subconsciously stopped her.

"Hey? Sister Fengfeng?" Hu Xiaomeng looked at her puzzledly, and blinked cutely.

"...Now is not the time to make mischief!"

Zhao Tianfeng realized that something was wrong with him, and quickly found an excuse, but he couldn't even convince him with this excuse. After all, this place was far away from the Spirit Fire Cave, and the enemy could not even hear it.

Hu Xiaomeng rolled her eyes and said with a smile, "Sister Fengfeng is jealous?"

"Little Meng! What are you talking about!"

"Hehe, people are not talking nonsense... Yeah, don't come to tickle them, oh, Fengfeng sister is really annoying, but I can't say...hehehaha~"

"Little girl makes you talk too much!"

Two beautiful women, one young and one young, were laughing and playing in the flame channel. Zhao Tianfeng also changed from the cold and arrogant in the past, and Ruifeng's eyes were very charming with a moving smile.

Li Yun was in a good mood. He went out of the ground and was accompanied by two beauties around him. How many people could still have this kind of treatment in the world?

"Okay, stop making trouble, there is a formation in front, you follow me!"

When he came to the entrance of the cave that was crushed by the boulder, Li Yun saw the warning formation arranged by the Taoist Baihe with the formation flag. Unfortunately, he could see through this simple formation at a glance, and directly took the two women in a certain position. Walked in.

Both Hu Xiaomeng and Zhao Tianfeng have experienced the misty ghost killing array, and naturally they will not underestimate the formation of the spiritual world, and follow Li Yun to the boulder.

"How do we open...oh, that's how it is."

Zhao Tianfeng also wanted to ask how to open it, but he saw Li Yun take out the tokens of the two disciples killed before from the space ring, and shook it in front of him. The huge stone blocking the way suddenly opened.

The three hadn't seen the moonlight outside for a long time, not to mention Li Yun, even the two women who had been in the Lotus Immortal Mansion felt a long sigh of relief.

"Ah, it's finally out~~!"

Hu Xiaomeng ran out and stretched long in the moonlight: "With those bad guys...Ah!!!"

Suddenly, she screamed, and her little hand tremblingly pointed to the front: "He, he, he!"

Li Yun glanced away, and immediately understood what was going on.

Under the moonlight ahead, there was a man in a daze. He was squatting on a rock with a cigarette in his right hand, looking bored. After hearing Hu Xiaomeng's yelling, he was shocked. The cigarette was almost Landing.

"What a coincidence."

Li Yun stepped forward calmly, stood in front of the two women, and smiled at the smoking man: "hi~, buddy, meet again!"

Chapter 1578: God of steppe and volcano

The smoking man's expression became more stunned, and his eyes stared at the two beautiful women behind Li Yun.

"You are.....?"

"You don't know us?"

"Why should I know you...wait!"

The smoking man finally reacted, slapped his head, and quickly stood up and bowed respectfully: "Three gentlemen and ladies, no gentlemen, hello! My name is Taragan, and I am very happy to serve you three. !"

Those who can come out of the cave are all the guests of the gods of Wei, and at the same time the people of God!

Li Yun nodded, Taragan, whose name was obviously a local.

"Hehe~" Hu Xiaomeng covered his mouth and snickered, "I remember, aren't you the man I saw through the binoculars, sitting on a rock and smoking a whistle?"

"Binoculars? Smoke and watch?" Taragan scratched his head inexplicably, "I like smoking very much, but why is a telescope? Also, I seem to

I didn't see the three of you going in and out of the volcanic temple, how did you get in? "

What is the volcano temple? Who is Wei Shenshi? Isn't it Wei Jingli?

This joke is not funny.

Li Yun felt inexplicable, but he was too lazy to ask. He directly took the access token and waved it to the entrance of the cave to close it. He turned to him and said, "I want to ask you something. There is a man in a white crane robe. Didn't you pick it up from Mount Ado?"

"Yes!" Taragan vaguely felt that something was wrong, but he still subconsciously answered the question of the distinguished guest: "He was the person Wei Shenshi personally asked me to pick him up. He came several times half a month ago. Today is a big one. He called me early, and I picked him up right away!"

"Are you familiar with this place?" Zhao Tianfeng asked with a slightly frowned brow.

"It's very familiar!"

Tara patted his chest and said with great pride: "Otherwise, how could I be valued by God Envoy Wei and elected as a child of the God of the Prairie? Hey, I believe you three have seen the temple of the God of Prairie and Volcano. It's also very shocking, right?!"

"Grassland, and, the \*\*\*\* of volcanoes?"

The three of Li Yun looked at each other, and after reacting, Hu Xiaomeng laughed out loud, "I don't know if the \*\*\*\* of the prairie, but he must be the son of the prairie~"

"Son of the prairie?" Taragan was also taken aback by Hu Xiaomeng's words.

"Hee hee, it's green on the head~"

Zhao Tianfeng glanced at Hu Xiaomeng with a weird expression. How could this girl know so much? Looks so innocent and cute, but you know everything?

Does she always want to be dear to Li Yun's dear, dear, it turns out that her heart has already been sprouting...

"Ding, the host makes a failed choice, and the selected event is automatically cancelled."

"Ding, the host does not continue to make choices, and the series of selection events are automatically completed."

At this time, the system sounded two prompt tones.

Li Yun checked and discovered that as he temporarily walked out of the Spirit Fire Hole, the two previous choices that caused the Black Feather Butterfly to make a fuss had failed.

This is normal. After all, Black Feather Butterfly got into the collar of his shoulder after eating a medium-sized pill, and fell asleep with his clothes as a quilt.

"Ding, trigger the option event, please choose from the host:

Option 1: leave here, reward purple gift bag\*2, skill: run away from the wind.

Option 2: Summon thousands of missiles to wash the ground, reward experience value + 4 million, all attributes + 3000, justice value + 20,000, golden gift bag\*2, Huang Xuan domestic prestige is increased. "

Chapter 1579: Call someone

"Choice 3: Dive into the Spirit Fire Cave again, look for the opportunity to take action, under the eyelids of the strong in the late Void Return Realm, win the Three Evil Fire God Sword, reward: experience value + 10 million, all attributes +1 million, justice value +5000, colorful gift bag\*1, extra reward: aura value\*30,000."

Seeing option 3, Li Yun immediately knew which one to choose.

He has missed the previous two choices. Now this colorful gift bag must not be missed again!

And there are 30,000 spiritual auras, which is also a good thing!

"Your name is Taragan, right?"

Li Yun smiled at the local man who mistaken the practitioner for the \*\*\*\* of the grassland, "You come with me, we have something to discuss with you."

"And me?"

Taragan was puzzled, "This distinguished guest, what do you want to discuss? By the way, how did you come out? When I wanted to enter the volcanic cave to meet our \*\*\*\* before, I was blocked by a ray of light, could it? ..." He looked surprised and horrified, "Could it be that the gods of grasslands and volcanoes abandoned me?!"

The corner of Zhao Tianfeng's mouth was greeted. She hates dealing with these \*\*\*\* sticks the most. Opening her mouth and closing her mouth means God said, God said, God said and so on, and she has been pulling you to believe in religion, which is annoying.

"Shut up, you!" Zhao Tianfeng yelled, "Come with us, otherwise you will suffer!"

Knowing that he was just being deceived and did not deliberately commit evil, Zhao Tianfeng did not have a murderous intention on him.

Taragan was forced to be hijacked to the stone pillar of the volcanic labyrinth. Li Yun took him directly to the place where he was hiding, and threw him on the ground, frightening him to hug the stone pillar quickly.

"A few, a few distinguished guests, you, you guys!"

"Little Meng, tell him, I'll make a call."

Li Yun was too lazy to talk nonsense with this guy, and directly handed it over to Hu Xiaomeng. This girl couldn't stop for a moment, so let her go for interrogation.

"Hehe, good Brother Yun~~!"

Hu Xiaomeng agreed, turned around to look at Taragan, took out his fox demon claws and put them on. The cute little face was full of threatening expressions: "Hey, now I ask, you answer, do you hear it?"

Li Yun & Zhao Tianfeng: "..."

Where did this little girl learn this?

No matter how stupid Taragan was, he knew that the situation was not right now, and the cold sweat suddenly flowed down.

Li Yun shook his head, ignored them, took out his mobile phone, confirmed that there was a signal, and dialed a call.

...

Beijing, an important conference room.

"Li Yun, this kid, really...whatever happens to you!" An old leader looked at the report from Mount Aduuo and couldn't help but swear.

This meeting was urgently convened because of the immortal cultivator accident at the Flying Horse Ranch on the Aduuo Mountain. There were important leaders from many departments, including Xia Ming, one of the deputy leaders of the army.

A small incident caused a capital thousands of miles away in less than half a day. To this end, an emergency meeting involving multiple departments was enough to see Li Yun's status!

Any event with his participation will never be easy! This has become the recognition of everyone.

"It's not to blame him."

After Xia Ming finished reading the report compiled by Liao Hua, he relaxed a lot. He leaned back on the chair and took a sip of tea slowly: "Li Yun probably knows something about the Six Demon Gates. He didn't tell us anything. I ran to investigate it myself. Without him, how could we have known that even a remote place like A Duo Mountain had traces of the activities of the Six Demon Gates!"

Chapter 1580: I want a ton of TNT

"makes sense."

The leaders of many departments nodded. The Beijing city has not lifted the martial law. After all, the biggest scourge has not been eliminated. Now there is a bit of trouble that can arouse their great attention!

The old leader just now laughed and scolded: "He is going to investigate? I don't think it is necessary. Going with Lao Hu's granddaughter and the daughter of the old predecessor of the Guardian Excalibur to investigate the hot spring sacred place of Mount Ado?"

The faces of the leaders became weird.

Li Yunqiang is strong and generous, and he is willing to give them a pill for detoxification free of charge, but he is really...

How should I say, there are no fewer women around!

And all of them are pretty girls!

"Young and romantic."

An old leader shook his head with a wry smile, "As long as nothing happens, Lao Hu has no objection, and we can't stop it. This is their freedom!"

The underlying meaning is that as long as Li Yun doesn't get married at the same time, they can't manage that much.

Everyone was silent, as Li Yun is a strong man, it is normal to have many women around him, it is better to say that it is very reasonable, after all, he has no job.

At this moment, Xia Ming received a call. He picked it up and looked at it and suddenly laughed: "We just talked about Cao Cao, and Cao Cao is here!"

"Li Yun called?"

"is not it!"

Xia Ming answered the phone with a smile, and all the leaders temporarily stopped talking, drinking tea, reading the report, and waiting for Xia Ming and Li Yun to finish the phone call.

"Li Yun? Are you still soaking in the hot springs at Adushan? What? You went to the lava at Haraha Volcano?"

Everyone spit out a big mouthful of tea!

Not soaking in hot springs, soaking lava?

Really... the strong, capricious!

The leaders were a little embarrassed, and quickly took another sip from the teacup.

"What!?" Xia Ming's voice grew louder, his eyes widened: "You want a ton of TNT!?"

"Puff puff!"

The leaders spit out another sip of tea, which was even worse this time. Many people coughed directly and almost didn't choke!

Did they hear me right? A ton of TNT?

Not one kilogram, nor ten kilograms, but one ton! ?

The leaders, especially those in the military, all showed strange expressions.

One ton, or scientifically speaking, what is the concept of 1000 kilograms of TNT?

TNT is a strong explosive, the official name is trinitrotoluene, toxic, odorless, boiling point (explosion point) 240 degrees, easy to store and transport.

As a famous explosive in many war games, one kilogram of TNT can generate 4.2 million joules of energy after a complete explosion!

Perhaps ordinary people have no idea about such a large amount of energy, but you must know that a sniper rifle is less than ten times stronger than a pistol fired at about 1,000 joules.

In other words, one kilogram of TNT explodes, and can produce the energy equivalent to 420 powerful sniper rifles stacked together to shoot!

This is exactly a cannonball!

——In fact, it's nonsense. The shell is also explosive, but it's not TNT.

"A ton of TNT is enough to overturn a volcano..." an old leader muttered to himself, looking at Xia Ming.

Three kilograms of TNT can blow up a whole Hummer, one hundred kilograms can smooth the school building, and 500 kilograms can explode a 100-meter-high building.

One ton of TNT can definitely overturn a volcano!
