

## Godly Choice 1661

Chapter 1661: Big shot

"Beijing, my Hu Xiaomeng is back!!!"

When he stepped off the plane, Hu Xiaomeng, wearing a beautiful pink princess dress and crystal shoes, waved his little hand towards the sky and shouted.

The passengers who got off the plane looked over. Fortunately, after seeing her cute appearance, they all showed kind expressions. They only felt that the girl in front of her was charming and cute. In layman's terms, she was cute.

Of course, they would never think of what happened to this cute girl in front of them in the past three days...

"Little Meng, what are you messing around again?"

Li Yun couldn't laugh or cry.

Speaking of, in the previous selection event, the system rewarded him with the advanced combination 2 skill. In these three days, although it did not exert a 100% effect, it was at least 20 to 30%.

Coupled with the special gift bag rewarded by the system, it contains a pill to strengthen strength and strengthen the foundation, so now the strength of the two women has reached a critical point.

Hu Xiaomeng is about to break through to the innate realm, and Zhao Tianfeng is about to practice the first level of "Slaying the Way". The realm is infinitely close to the master realm. With a single step, he will be able to cultivate together, and his strength will advance by leaps and bounds.

Compared with before, Li Yun now has more knowledge about cultivation.

Spells and martial arts are never relative, and the so-called entry from martial arts is only because after the master realm, it is difficult to break through martial arts and has to switch to spells.

But in today's situation, Li Yun has a systematic plug-in that can infinitely increase the strength of his body and strengthen his life energy to an unimaginable level, similar to the existence of physical cultivation and demon cultivation.

That is, only the body is cultivated, not the primordial spirit, which is similar to the ancient Wu clan.

Secondly, Zhao Tianfeng's father, Senior Guardian Divine Sword, is expected to break through to the God Realm. Li Yun plans to observe for a while, and make plans after his whole body attributes reach 300,000.

"Who said people are making trouble?"

Hu Xiaomeng smiled and hugged Sister Fengfeng's arm, and gave Li Yun a roll of eyes. He said in a low voice, "I want to find my innocence and cuteness. Who told me that Brother Yun has been bullying Xiaomeng for the past three days. , Xiao Meng who hurt is not pure now~"

Li Yun: "..."

Are you pure?

Your little girl is full of stomach...cough cough, what? Forget it, it shouldn't be mentioned anymore.

Leaving A Duoshan, Li Yun knew that ridiculous life came to an end for the time being. People can't always think about that kind of thing.

Life should be healthy and upbeat, and the sun should be brighter, right?

Looking at the noisy airport lobby ahead, Li Yun let out a sigh of relief and walked into the airport with the same two beauties with empty hands.

"Your Excellency Li Yun!"

As soon as he entered the hall, a man in a black suit walked over, saluting in a humble manner, but in an unquestionable tone: "Please come with me, your Excellency Li Yun. Someone wants to see him. See you!"

"Ding, trigger the option event, please choose from the host:

Option 1: Answer: I see your sister. And give the opponent a hard punch! Reward overbearing value +100,000, purple gift bag\*2, additional reward: to be determined.

Option 2: Ignore it and reward nothing.

Option 3: Ask the other party what they are coming from, and consider going with the other party to meet a big person. There is no reward, and there is a high probability that it will cause some unnecessary trouble. "

The corner of Li Yun's mouth twitched. The airport was really inconsistent with him, and it would cause a lot of trouble wherever he went.

Chapter 1662: Gongjia

"Big guy?"

A smile appeared at the corner of Li Yun's mouth. There was no sarcasm or contempt. He just asked curiously: "How old is it? Is it bigger than the General Xia I have seen?"

General Xia was already at the top level of Huang Xuanguo, and he could truly stomp his foot to cause the world to shake. With a single order, the satellites of all countries in the world could be aligned. I don't know how many people have trouble sleeping and eating because of this.

"Still." Zhao Tianfeng said, looking indifferently at the man in the black suit: "Your big man is bigger than my father?"

Her father, Senior Zhao, an old \*\*\*\*\* who is more than a hundred years old, is known as the Sword of Protecting the Country.

I have experienced two world turmoil, one person and one sword into the enemy camp. Although it can't change the situation of the war, it still has a great reputation, and its prestige has not faded until today!

Even General Xia, and even Hu Xiaomeng's grandfather, General Huwei, had to bow to the younger generation when they saw the old predecessor of the Guardian Excalibur.

One can imagine how senior Zhao Tianfeng is.

General Xia and Divine Sword of Protecting the Country, the two of them were big figures in the court and the rivers and lakes, respectively, but when they saw Li Yun, they both had to smile and didn't dare to offend him in the slightest.

The so-called big man in this man's mouth is a joke in front of Li Yun!

Even if the hidden sacred valley and the saints of the six demon gates are in front of him...

"hehe."

The black-clothed man smiled indifferently, his expression unchanged, and he was still respectful with a hint of arrogance: "General Xia? Your Excellency Li Yun, you may be a young genius and have seen a lot of the world, but if you talk to you honestly, even if you are a A general, he has to bow his head when he sees my adults!"

Li Yun raised his eyebrows, is there really such an awesome person? He could actually make General Xia bow his head, but he wanted to see and see!

"As for you—"

The black-clothed man glanced up and down at Zhao Tianfeng, his eyes stayed on her slender legs for a moment, a stunning color flashed in his eyes, but he still arrogantly said: "Looks like a wealthy daughter, the family has some skills. , However, compared with my palace family...hehe, you don't know the palace family, do you?"

The man in black finished speaking and observed the expressions of these three people.

Sure enough, after hearing about the Gong Family, the three of them were all stunned!

Obviously knowing the palace family, I was completely frightened!

"Huh, it's just a group of rich second generations!"

The black-clothed man's eyes became more and more disdainful, and he felt that the adult specially came to invite this kid to be totally flattering him!

"Gong Family..."

Zhao Tianfeng had already lifted up, intending to slap the annoying guy in front of him, hitting his right hand in a circle on the spot, and after hearing the Gong family, slowly put it down.

She knows the palace family.

After all, the daughter of the Patriarch of the Palace Family is one of her "sisters"!

"Solve it yourself!"

Zhao Tianfeng gave Li Yun a roll of eyes, pulled Hu Xiaomeng and left.

The man in black had no idea that he had escaped once, and he looked at Li Yun triumphantly.

"Gong Family..."

Li Yun's mood... quite complicated.

It shouldn't be Qingyu or Lianyi who wanted to see him, otherwise, it was the two of them who came in person instead of sending this silly girl to pick him up.

In this way, it is the palace in charge of the palace who wants to see him, just like Gong Lianyi and Gong Qingyu have the same status in Zhonghai City.

Of course, Lian Yi is a genius of cultivation, and her status in the palace in the future is likely to be quite high, and Qingyu is the daughter of the master of the family. Together, the two are naturally several grades higher than the master of the palace in the capital.

"So it's still not a big shot."

Li Yun shook his head and smiled helplessly: "Okay, then go and meet this so-called big man, and lead the way!"

Chapter 1663: Great is an elder

Seeing Li Yun's decision, although Hu Xiaomeng was a little unhappy, he had to leave with Zhao Tianfeng.

Both the Hu family and the Zhao family sent people to pick them up. After all, the status of the two women is already different.

"Let's go."

Li Yun took the lead to walk towards the parking lot of the airport. The black-clothed man was stunned, but Li Yun walked in front of him, making him look like he was this kid's attendant!

"Asshole thing, wait to bring you to Master Gong, see if you dare to be arrogant!"

The black-clothed man groaned and came to the parking lot with Li Yun. He didn't have any respect at this time, and asked Li Yun to stay at the exit and pick up the car by himself.

Li Yun shrugged, ignoring this kind of attitude.

What is his status now?

Er, although he is still a student, Li Yun's mood is different from six months ago.

"Ding, the host made a choice and went to meet a big man. Reward: No, it is likely to cause trouble. Extra reward: It may attract the attention of a Bai Fumei."

"..."

Li Yun raised his eyes to look at the sky, and even if the cheating system didn't reward anything, he still came up with something like Bai Fumei's attention.

He is now hiding away from the beauties, and he doesn't care about the beauty of whiteness, no matter how beautiful it is, he doesn't care at all.

In other words, is the big man I will see next time a Bai Fumei?

This is a bit strange.

Is it from the palace?

"boarding!"

The black-clothed man drove a black Santana over and yelled directly to Li Yun by rolling the lower half of the car window. His attitude was already a little impatient.

He was only responsible for bringing this kid here. The respect in front was because he didn't want to cause any accidents. Now that the matter has been settled, there is no need to be polite!

"it is good."

Li Yun walked towards Santana, opened the car door and sat behind him. Seeing that the man in black had been staring at him, he smiled faintly: "What? Is there a flower on my face? It's worth looking at."

"Humph!"

The black shadow man snorted heavily, did not drive the car out, but solemnly warned: "Boy, do you know who you will see next time?"

"have no idea."

"you!"

His indifferent attitude made the black-clothed man extremely angry, and just about to get angry, Li Yun said again: "It's great, that is, an outer door elder of the palace family."

"you you you!!"

The man in black was surprised and angry, what's the matter with this kid? It was amazing that he was an elder of the palace family. Does he know what the palace elders represent?

Innate powerhouse, one of the four great families of the arena, and the powerhouse of the palace family in the capital, with one word, countless dignitaries bow their heads!

What is great is the elder of the palace?

"Isn't it?" Li Yun touched his chin, "Isn't it the head of the palace family? Tsk tsk, if that's the case, I'm really a little panicked, after all, I haven't prepared the meeting ceremony.

Gong Family Patriarch, Gong Qingyu's father, is the old man he has never met.

The man in black was messy in the car.

I don't know what to say!

The elder of the outer door of the palace is already a high-ranking official, equivalent to the chief official of the frontier who sits on the side of the party. No, even many masters of the frontier must show a flattering expression when they see the master of the palace, begging him to find a relationship to make their transfer smoother. Some.

The palace family, and even the four big families of Jianghu, are not just as simple as a Jianghu school!

The energy and connections of a thousand-year-old family are far beyond what ordinary people can imagine.

But now, this kid, unexpectedly, actually, what did the Palace Patriarch say... to make him panic? ?

"I'm not old, my tone is so big!"

The black-clothed man sneered and stopped talking nonsense, and directly activated Santana.

He wanted to see if he could be so arrogant when he entered the gate of the palace!

Chapter 1664: hurry up

Beijing, in the suburbs, in front of a large mansion.

The vermilion gate, the mighty stone lion, and the plaque hanging high, looking inside, it is a deep and bottomless path.

All this shows the luxury and dignity of this mansion in front of you. Only aristocratic families who have inherited at least three generations can slowly sculpt the food, clothing, shelter and transportation, and completely draw a clear boundary from ordinary people!

"how?"

The black-clothed man-Li Yun asked his name on the way, Ma Kaijie, a servant of the palace family, his status is not low, he has already worshipped a personal guard, he began to learn martial arts when he was a teenager, and he has a high probability of becoming the day after tomorrow. The future is boundless.

He parked the car deliberately by the main entrance of this luxurious mansion, so that this kid could fully feel the dignity of the palace, so that after entering through the side door, he rashly bumped into the distinguished guests inside!

"How about what?"

"you!"

"Oh! You are asking me, how are your driving skills."

Li Yun suddenly realized, and gave him a thumbs up: "It's okay, brother, you drove very well, very smoothly, I almost fell asleep."

"You! You kid!"

Ma Kaijie was almost dizzy. His first-class servants, who were even less able to enter the ranks of guards, were repeatedly teased by this kid. Uncle can bear it, aunt can't bear it!

The servants of the palace are divided into several levels, the lowest is the servant, each level is divided into the first, second, and third, and then the guards, initially become the palace family, perform some important tasks, and finally It's a disciple, a real disciple of the palace!

If you can become a disciple of the palace family, you will truly become a leader. If you can worship a certain elder again...

"okay."

Li Yun opened the car door and walked out, stretched his waist, and said with a leisurely expression: "Hurry up and meet the big man, hurry up, maybe I can go back to dinner."

Should I go to Tianfeng's house to sleep tonight, or should I go to Xiaomeng's house for the night? This is a problem.

Ma Kaijie was so angry that he glared at him, and then got out of the car.

"Xiao Zhang, come and drive the car away!"

Ma Kaijie yelled towards the inside of the side door, and there was a young man inside, who looked less than eighteen years old and dressed in plain clothes, trot out, greeted Ma Kaijie with a respectful smile, and yelled away. Hello, I just entered the door and drove the car away.

Li Yun glanced around at random, and said with a weird expression: "Doesn't anyone under the palace need to read?"

"hehe."

Ma Kaijie found another chance to pretend, and replied in a contemptuous tone: "Why not? The Gong family has its own private school. The teachers in it are all graduates from famous universities and are proficient in ancient Chinese classics. The level is better than what you call aristocratic schools. How many times!"

He insisted that this kid is a rich second generation with little knowledge.

Li Yun laughed dumbly, and sure enough, to get the horse to run, the horse had to graze more.

The palace has raised so many subordinates, and the treatment is still first-class. No wonder they follow the palace so desperately and even want to change their surnames into palaces!

"Let's go." Li Yun stepped forward, and as soon as he took a step, he was stopped by Ma Kaijie.

"and many more!"

Ma Kaijie stopped him with a gesture of 'Ziwei, don't go', "You don't want to go to the front door, do you?"

Li Yun was about to say, I am a guest invited by your big man, why can't I go to the front door?

However, the selection event of the system is also triggered at exactly this time.

Chapter 1665: Serve tea

"Ding, trigger the option event, please choose from the host:

Option 1: Go in, reward experience value +5 million, strength and agility +25000, purple gift bag\*13, random martial arts to increase one level. .

Option 2: Sneak in, reward experience value + 3 million, all attributes + 5000, blue gift bag \* 30. .

Option 3: Notify Gong Qingyu, and walk in openly. Reward: Option 1 doubles the reward, Gong Qingyu's favorability degree +10000, and Gonglianyi favorability degree +0.

Option 4: Do nothing, enter from the side door, reward: none. "

Li Yun was shocked, what are these messy options?

Wait, where did these options seem to be seen...I, Cao, isn't this an option before the Lidakang factory!

The cheating system directly copy and paste the same options, making a difference!

Can the Lidakang factory and Gongjia be the same?

If he dared to punch in, he would be guaranteed to be scolded by the old man who came to the capital overnight and pointed his nose.

Li Yun twitched the corner of his mouth and turned around and said, "Okay, then go to the side door, I don't care about this!"

"Ding, the host makes a choice and enters from the side door, reward: none, extra reward: lower domineering value."

What is the domineering value? Li Yun couldn't laugh or cry.

"Master?"

Ma Kaijie looked at him in surprise.

"You got it wrong."

Li Yun has a leisurely look. Walking through the side door is like entering a palace house, as if walking into his own vegetable garden to prepare for weeding and fertilizing.

Not to mention that Ma Kaijie was tickled with anger, but his servants showed strange expressions along the way.

It was the first time they saw someone entering the palace of the capital from the side entrance, and they could still maintain a calm appearance.

Generally speaking, the guests who enter Ru through the side door are not very important. Simply put, they are all buns. Seeing the luxurious decorations inside the palace house, you will inevitably show the shocked expression of a hillbilly.

But this does not include Li Yun.

Not to mention the Yongning Princess City and Linghuodong Palace located underground, it is said that in the illusion, Li Yun has personally seen Xiao Yongning's standard princess mansion.

Eight in and nine out, only slightly worse than the palace.

The decoration of the princess mansion is compared to this palace palace house... it is completely incomparable, except for modern furniture, in any other respect.

"Be careful and follow me!"

Ma Kaijie was angry when he saw Li Yunman's carelessness, and whispered: "The people who live here are people you can't afford to offend, don't rush, be careful that you will suffer a lot when you go to a place you shouldn't enter! "

Li Yun smiled and said, "There are no people in this world that I can't afford to offend. If there are, they are not born in the womb."

"Stop bragging here!"

Ma Kaijie was annoying, this kid was completely arrogant and rich second-generation appearance, relying on family relations to know a few people, I feel that the world is nothing more than this, wherever he goes, he is the second and the third. Arrogant expression!

Li Yun smiled without saying a word, followed him along a long corridor, walked around a lake, and then walked through a courtyard, finally came to a living room for meeting guests.

"Go in and wait!" Ma Kaijie opened the door and pointed inside unceremoniously.

"Row."

Li Yun was not angry, stepped in, and ordered: "Give me a good cup of tea, Longjing Tieguanyin West Lake Spring is fine."

"you!"

Ma Kaijie trembled all over, he had never seen such a rude customer!

"correct."

Chapter 1666: Give you five minutes

Li Yun found a chair and sat down, and said, "I usually don't like to drink tea slowly. It's hard to die! Three minutes, no, five minutes. After five minutes, I'll finish my tea. If I haven't seen you Talking about the big people, I'll leave."

Ma Kaijie: "..."

He completely lost the ability to speak.

He was wrong. It wasn't that he had never seen such an impolite customer, but he didn't even dare to think that there was such an arrogant guy in the world!

You know, this is the palace family!

One of the four big families of the arena!

Passing on for thousands of years, truly rich and nobles, people who have been favored by palaces in history, and their descendants can be easily found all over the world!

"Li, Yun, Ge, come down!"

Ma Kaijie changed to a respectful title again, but this time, his sullen face popped out of his mouth word by word, enough to show that he was already burning with anger.

"What's the matter?" Li Yun looked at him flatly, his eyes were as vast as the starry sky, and all of Ma Kaijie's anger was wiped out in an instant, making him stunned on the spot.

"If it's okay, go and prepare tea."

Li Yun waved his hand, and Ma Kaijie subconsciously bowed his head and walked out. When he recovered, he found that his back was cold and sweaty.

"Who is he...?!"

Ma Kaijie touched his chest subconsciously. He was so scared that his heart almost stopped beating just now, and his whole head was dizzy.

After calming down, Ma Kaijie hurriedly prepared tea, Longjing tea, second-class servants!

High-quality Longjing tea is not something that a servant like him can use, it can only be used less often.

After going around and turning around, Ma Kaijie came to a courtyard and hurried forward to report.

"Oh, someone is here."

The guard standing in front of the courtyard gate did not raise his eyes, and snorted with his nose: "You told him to wait first. Now the palace elders are talking with distinguished guests. When will the palace elders see him, you Go and bring him over!"

"This... I'm afraid it won't work!"

"What did you say?!"

The two guards in front of the courtyard stared at him together. What's the matter with this servant? How dare you say no! What a courage!

"No, it's not!"

Ma Kaijie wiped the sweat from his forehead and quickly said: "Two big brothers, I mean, that kid...no, Li Yun said, he only waited for five minutes, and after five minutes, he left immediately!"

"He is so bold!!"

The two guards finally drank the words in their hearts, and Ma Kaijie almost sat on the ground with the aura of the powerhouse of the acquired realm!

"He really said that?"

A guard tried to suppress his anger and asked in a deep voice.

"It's true!"

"Presumptuous! Too presumptuous!"

Another guard shook the middle sword, his eyes were cold and indifferent: "A little hairy boy, who dared to show his face to my palace family, is really impatient to live, let me go, I will teach him with you, lest he This kid dared to be so arrogant after seeing the elder!"

Ma Kaijie was taken aback for a moment, with a bad premonition in his heart, but he did not dare to refute the words of the guards. Even if he left the status of a servant, he would be too far behind the personal guards of the two elders!

"What's going on outside the door?"

At this moment, a voice rang out in the courtyard, and the guard was agitated, his face immediately changed to a respectful look, and he walked in cautiously to report.

With the respectful appearance of the two guards, Ma Kaijie didn't even dare to lift his head. He knew that there were distinguished guests in this courtyard that the entire palace family could not afford to offend!

Chapter 1667: Tozhao Sword Saint

The scenery is beautiful and fragrant. In the courtyard with carved columns and jade, there is a pavilion by the small lake. There are four or five people sitting in the pavilion.

These people are all men, between the ages of forty and fifty years old, and they are all very imposing, at first glance they are big figures in high positions.

The two headed, one with a long beard and long hair, dressed in a cyan Confucian shirt, have outstanding temperament, quite the style of ancient gentlemen.

The other is slightly short, with a majestic face, and a small square black beard under his nose. Even if you don't look at the saber around his waist and the kimono with the characteristics of the cherry blossom country, just judging from this small beard, Enough to show that he is a native of Sakura!

—One hundred years ago, the cherry blossom country was weak and closed, worshiping the strong, and learning from the strong countries in the world everywhere. This small beard was exactly the culture that was gradually formed after learning from a strong country in the West.

Nowadays, few people in the cherry blossom country have such a beard, and only some of the remnants of the empire of the cherry blossom country still have this characteristic beard.

"Mr. Gong."

Several people were chatting. Suddenly, the Sakura countryman with a mustache looked at the man in the blue Confucian shirt and said in a flat tone: "Something seems to be happening outside the door. I vaguely heard them mention a person, please Send someone to check it out."

Gong Jun, that is, the helm of the palace family in the capital, and Gong Changhua, one of the elders of the palace.

He was shocked when he heard the slightly unfavorable Huang Xuan dialect of the Sakura country man, but his face remained calm, and he told a young man who was standing in the distance waiting: "Li'er, go out and take a look. "

"Yes, Master!"

Seeing the disciple walking outside, Gong Changhua couldn't help but glanced at the man from the cherry blossom country with a mustache.

He looks shameless. He wears an ancient Sakura Country man's kimono, with the characteristic saber of Sakura Country—or a sword. Sakura Country's weapons have always been swords and swords.

"Tokugawa Ryukyu, 7 years old, became a martial artist, 14 years old, became a samurai, 18 years old became a great samurai, 40 years old was awarded by the Emperor Sakura to Feng Zhengyi general, known as Tosho Swordsman... In other words, the Grandmaster Realm!"

Every time Gong Changhua recalled the information of the man before him, he couldn't help but feel shocked.

The man in front of him who looked at him in his early sixties, was short in stature, was neither sturdy nor lean in his forties, was actually a peerless master in the state of Huang Xuanguo who was admired by everyone!

Had it not been for the palace family to have some intelligence agencies in the Sakura Country, Gong Changhua must have missed the meeting with this grandmaster.

When the Dongzhao Sword Saint came to visit, he was really taken aback.

"After more than 30 meters, you can hear the voice of the guards outside the yard. Is this the Grandmaster Realm?"

Gong Changhua and a few elders of the outer door looked at each other, and the eyes of the few people were full of surprise and awe.

The palace family can't afford to offend a grandmaster.

Especially a great master who came from a long way from the cherry blossom country to visit the palace family!

"Master, someone has brought it here!"

Gong Changhua's younger brother stood up in the womb, leading the person to the elders of the palace, respectfully and humbly.

"Um."

Gong Changhua looked at Ma Kaijie with a majestic gaze, with a hint of indifference: "Here is an entertaining guest, why are you making a noise outside the door? Don't hurry up to ask Mr. Tokugawa!"

"I, I, I!"

Ma Kaijie stammered. The first time I saw him in such a battle, his body was already shaking like sifting chaff.

Chapter 1668: So bold

After he entered the yard, he discovered that not only the palace elders were there, but also a few big figures who usually saw the dragon but never saw the end. Coupled with this mysterious guest, he could not afford to offend all the people in the yard, so he could only look up. The presence!

"Humph!"

Gong Changhua's voice became colder and colder. This servant really couldn't get on the stage, and he stammered when he made him apologize. It was embarrassing!

Being embarrassed in front of a grandmaster realm powerhouse, the entire palace family's face was completely lost by this servant!

Thinking of this, Gong Changhua's expression became more gloomy, and a vaguely murderous intent appeared in his eyes: "I ask you to answer the question, why are you stuttering?!"

"me!"

Ma Kaijie's heart is cold, he can't wait to give himself two big mouths now, it's okay to come here and yell.

It's alright now, offended the noble guest of the palace family, he didn't even know how to die!

Ma Kaijie didn't know much about this distinguished guest of the palace, but since he came to visit the palace alone, the whole palace has moved.

The daily meals are of the highest standard. Ma Kaijie heard from those kitchen brothers that the cost of buying ingredients for a day alone is more than one million, and all kinds of precious ingredients are urgently shipped back from foreign countries.

Black truffles from the White Flag country, premium beef from Kobe, roe from Beluga, etc.

Every high-end ingredient comes from a different country, but with its huge influence, the palace family made three daily meals for this distinguished guest!

"Gongjun, let me ask."

Ma Kaijie heard the voice of the distinguished guest speaking. It was very strange. After hearing this voice, Ma Kaijie's nervous and trembling body calmed down. The voice seemed to penetrate into his body and turned into an inexplicable force. Suppress all his panic.

Gong Changhua's several innate masters looked at each other again, and the shock in their eyes became more and more concealed.

It seems that there is only one realm between the innate state and the grandmaster state, but this is almost the distance between humans and the gods. In the several innate realms here, no one is expected to break through the grandmaster state, and it will be impossible for a lifetime!

"This gentleman." The man in the kimono spoke again, with the same tone as ordinary people: "I heard you mention a person named Li Yun, but he has already come to the palace?"

"Yes!" Ma Kaijie replied subconsciously, then glanced at the elder palace in a panic, who gave a cold snort.

"It turns out that you invited that kid, so you rushed to report!"

The other elder of the outer gate of the palace was also very annoyed. He glanced at him indifferently: "Whose hands are you working under? Did he not tell you the order of things? Just a little Li Yun, you just take him to the palace house and let him wait, why come and make a fuss in a panic?"

"This....."

Ma Kaijie wanted to cry without tears, but finally realized that he thumped and knelt on the ground, and cried out: "Several elders, I have no choice but to do so, that kid...no, Lord Li Yun...he, he said, said he Just wait for five minutes, and after five minutes, he will leave!"

There were wolves before and tigers behind, all of whom he couldn't afford to offend, Ma Kaijie was completely messed up.

"So bold!"

When the elders heard this, they were suddenly angry.

Dignified family, when was it so despised?

Not to mention that the kid is still a guilty body, seduce the \*\*\*\* of the palace family!

"Bring me that kid!" Gong Changhua rushed outside and shouted.

It was not the guard who answered him, but a clear male voice:

"I have arrived."

Chapter 1669: So-called big shot

With a pretense of my own proclaim, Li Yun smiled at the corner of his mouth, holding a thing in his hand, and walked into the yard without hurried pace.

Ma Kaijie was stunned, why is he... holding a cup in his hand?

Drinking tea while walking? !

He even saw the elders of the palace, in front of several elders of the outer door, in front of the honorable guest of the palace family, who was holding a teacup and drinking tea slowly! ?

"..."

No one spoke, and the scene suddenly became cold.

Ma Kaijie trembled with fear, the strange silence pervading the garden can scare people to death!

"Where are you asshole, unexpectedly!"

The first one to speak was Gong Changhua's disciple, Gong Shangli, he jumped out and pointed at Li Yun's nose to curse, but the next moment, a cup was handed to him.

"Take it."

Gong Shangli subconsciously caught the empty cup, and Li Yun smiled slightly: "I'm finished with the tea, please take this cup back to the kitchen, please."

"..."

There was no one in the garden to speak, no one would have thought that this 18-year-old boy in front of him would dare to be so... presumptuous! Arrogant! Arrogant!

The Gong family was so shocked that they even forgot to scold and scold them.

After all, no one has ever dared to be so arrogant in the palace grounds!

there has never been! !

"I was really embarrassed just now," Li Yun smiled apologetically, "but I was drinking tea in the living room with ease, and two of them rushed in and forced me to come here, so I didn't even put down the teacup. Bring it together."

Still deathly silence.

"Oh, right." Li Yun patted his head, "The two men were a bit rude, and they were too unreasonable to pull and pull! No way, I had to shoot them and beat them with a bruised nose and a swollen face. Their heads are sober and sober."

Ma Kaijie is about to collapse!

This kid, no, this Lord Li Yun, not only is he so arrogant in the palace, he even dares to beat people?  
!

"you!!"

The elder of the inner gate of the palace family, Gong Changhua stood up abruptly, his eyes flickered with angry flames, staring at Li Yun firmly, his teeth clenched, and he looked like he could not eat him alive!

"Oh, right."

Li Yungsi remained unmoved. She stretched her waist and looked loosely at the people in the pavilion: "You are the big people Ma Kaijie said? What are you looking for? If you have something to say, hurry up and I've finished the tea. It's not too early to see the sky and you don't plan to keep me for dinner, so I have to hurry back to have dinner."

The elders of the inner and outer gates of the palace were all trembling with anger, and their old faces were flushed and blue.

"After all, regular diet is the basis of good health, you elderly people should pay special attention to it." Li Yun added.

Ma Kaijie...He is numb.

His mind was blank, and there was no words to express his feelings at the moment.

Anyway...That's it. Just die. He shouldn't have robbed the butler from the task of picking up people. If he didn't go to the airport to pick up people, His Excellency Li Yun would not come to the palace. He didn't. When you come to the palace, you won't offend the elder, and if you don't offend the elder, you won't...

Ma Kaijie, his thoughts are completely messy!

"That's it, I'll go first."

Li Yun smiled at them and turned to leave.

The pace is still unhurried, leaving a handsome figure and the back of his head.

"Insult my palace family, die!!"

## Chapter 1670: Spike

As the rage sounded, a stern sword light swayed out, cutting right at Li Yun's back chest.

The sharp sword intent made Ma Kaijie's skin cold when he was kneeling on the ground, and his pupils suddenly widened, watching this scene in disbelief.

"Master of Innate Realm...Your Excellency Li Yun...that kid, are you going to die?"

The first time Ma Kaijie saw Xiantian shot, his mind was shocked in an instant, staring blankly at the palace family's outer door elder with a thunderous force, swinging a sword at Li Yun.

"Insulting my palace boy, it's not a pity to die!"

All those who saw this scene flashed a hint of happiness in their hearts.

They are proud of the palace family, even if they are only servants of the palace family, they are loyal to the palace family, and they can't wait to kill this arrogant boy with their own hands, and actually make the palace family embarrassed in front of the guests!

"clang!"

At the moment when Jianguang was about to cut Li Yun, the sword in the hands of the old palace patriarch who shot seemed to hit something extremely hard, and the long sword in his hand instantly shattered, and he himself screamed, his body was knocked into the air. Flew back to the pavilion at a faster speed.

"Wen Yi!!"

Gong Changhua's pupils suddenly shrank, and he reached out to catch the elder of the palace's outer gate. Suddenly, a vast and magnificent force came from him, shaking off Gong Changhua's hands. The body actually passed the crowd directly, and fell straight into the small lake.

"boom!"

Water splashed more than ten meters, the rockery in the middle of the small lake was hit, and it fell apart on the spot. The elder of the outer door of the palace was hit by countless gravel, struggling in the lake for a long time and thrashing for a long time, but still couldn't get up.

"Four Elders!"

"Elder! We're here to save you!"

Fortunately, several guards jumped in and brought him out.

Ma Kaijie fell into a sluggish state.

Why is it so?

An outer door elder of the palace family, a master of innate realm, couldn't even stop His Excellency Li Yun with a single blow? !

In the yard, it was dead silent again.

Only this time, it was completely different from before.

"You should be fortunate." Li Yun turned around and looked at the outside elder of the palace who took the shot indifferently: "Fortunately, I have something to do with your palace. For the sake of Qingyu and Lianyi, I forgive you once, if there is another time, there will only be death!"

The drenched elder outside the palace, after seeing Li Yun's cold eyes, his whole body was cold. The head of the supposedly noble man dropped abruptly and did not dare to meet the cold eyes again. See.

Li Yun's eyes swept away, and several elders of the palace family, Gong Wendong, Gong Wenxiu, and Gong Dezhao all lowered their heads, panicked in their hearts, and did not dare to look at Li Yun again.

Even Gong Changhua, the master of the late innate period, the elder of the palace family's inner gate, who was in charge of a party and was flattered by countless big figures, had to turn away this sharp gaze.

"How is it possible! How is it possible!"

Gong Changhua was horrified in his heart, not to mention that he lost his hand when he caught Gong Wenyi just now, and now his hands are still numb, even Li Yun's eyes at this moment, his dignified late master unexpectedly Can't bear it!

The indifferent eyes seemed to be an invincible sword, so that Gong Changhua's scalp was numb and trembling, and there was no thought of resistance in his heart!

"How could...how could he be so strong! What kind of strength is this... Could it be that he is also... Grandmaster Realm?!"

Thinking of this almost impossible possibility, Gong Changhua's heart was chilled.
