

Godly Choice 1691

Chapter 1691: The Lord is coming

The guests all gasped.

Shangren is in the realm of Grandmaster, so what the palace elder mentioned just now...that is, this little devil of Sakura Country is a peerless master at the realm of Grandmaster! !

All the guests who knew what the Grandmaster Realm meant were all quiet, and the eyes that looked at the little figure showed a trace of awe.

Some middle-class people who don't know why they are beginning to inquire curiously what is the realm of masters.

"This kid actually..."

"Hush! Be careful to be heard by the Grandmaster Realm. It is said that the Grandmaster Realm is free from the mortal body of the body, can travel in the sky, and can hear everything within a hundred kilometers of a pair of ears!"

"Nonsense! It's a hundred kilometers, do you think it's a god? It's only five or six kilometers at most."

"It's unreasonable, the little devils in the cherry blossom country can all be in the master state!"

"What is Shangren? Just now I heard about General Zhengyi, isn't this my Huang Xuanguo? Grass, the little devil is really cheeky!"

Xi Di, Bei Rong, Dong Yi, Nan Man, and Huang Xuan people are naturally very sensitive to the word "Zheng Yi".

Some people who are not familiar with the history of the Sakura Kingdom, of course think that they belonged to Huang Xuanguo. It is indeed learned from Huang Xuanguo's name, calling the enemy people in the east "Yi".

Since its evolution, General Zhengyi has become a kind of honorable title, bestowed by the emperor of the Sakura Kingdom.

The little devil is still a little devil, but the eyes of everyone looking at the short figure have a little more awe.

This is a master after all!

"No wonder the Palace Family will send the Inner Door Elder to accompany you!"

Someone suddenly realized.

It must be the little devil who wanted to visit the new master of the Yuwen family, so the inner door elder of the palace family came to accompany him. In this way, the palace family not only did not lose face, but greatly increased its prestige.

Even a little devil, but he is also a master!

"Tsk tusk, I was fortunate enough to meet the two grandmasters today. This funeral is not unjust!"

Some people said with great emotion, many people agreed.

They complained before that Yuwen's family was too arrogant, and the funeral of the son of the Patriarch's son was very exciting, but now, it is fortunate to see the two grandmasters, and they say everything is worth it!

"hehe."

A handsome young man sneered. Everyone heard the ridicule in his laughter and glared at him:

"Boy, what are you laughing at!"

"Laughing at you are too stupid."

The young man spread his hands, shrugged and said: "The true Lord hasn't appeared yet. You are here to sigh loudly, isn't it stupid?"

"Boy, what are you talking about?!"

Everyone was angry.

"What righteousness is not righteous, isn't the righteousness of today the one lying in the coffin?"

"Haha... uh, cough cough cough!"

"The master is the little devil grandmaster, right?"

"No? Then tell me, who is the Lord?"

Seeing a group of ignorant fools, the young man smiled: "Didn't the Lord write it in the invitation? In every invitation, it says: Special invitation..."

He closed his mouth and didn't say the name of the person. He didn't know if he didn't dare, or if he deliberately induced these people to say it.

Everyone took out the invitation cards one after another, and then carefully looked at the writing on it.

"...The funeral ceremony is scheduled to be held on May 12... I hereby specially invite Li..."

At this time, the face of the person in charge of singing suddenly changed, holding an invitation card with trembling hands, and when he looked up again, his face was pale.

"Mr. Li, Li Yun, come... here!!!"

He changed his mouth in time and did not dare to say to come to express his condolences.

After all, Master Yuwen...he killed him!

Chapter 1692: Invitation

"Li Yun, I, I want to tell you one thing, my seventh uncle... went to Yuwen's house."

"Oh? That's okay, it's okay, he will come when he comes."

Early in the morning, Li Yun received a call from Gong Qingyu. During the phone call, she staggered and told him that Gong Changhua had not been reprimanded by her father, but that what she said was strongly suspected, if it were not for Gong Lian. As evidenced by the side, I am afraid

that Gong Qingyu will be invited back by someone from the palace family the next day to get a good understanding of what's going on in Zhonghai City!

Li Yun actually didn't expect Gong Qingyu's words to work.

After all, he was not the real son-in-law of the palace family, but just an outsider. Of course, Gong Qingyu's father, the head of the palace family, could not teach the elders of the family for outsiders.

Secondly, Gong Qingyu will say on the phone: My boyfriend Li Yun is 18 years old this year, and is a high school senior like me. He is very powerful, can hang four or five masters, and frighten the Sakura country. Don't dare to let it go.

May I ask, who would believe this?

Isn't that nonsense to hang four or five masters before the age of twenty! !

"I'm sorry..." Gong Qingyu was aggrieved, obviously her boyfriend has countless secrets, holding the fairy mansion, there are countless elixir and elixir, and the techniques are even more exquisite. She just said that her boyfriend had beaten a few grandmaster levels. , Others didn't even believe this. Sure enough, her father was an idiot, and the rest of the palace family were idiots!

"It's okay, I'll solve it." Li Yun smiled, "You continue to draw, or review it, it's almost the college entrance examination, and then see who gets the highest score!"

"Huh~"

Speaking of the college entrance examination, Gong Qingyu snorted proudly: "I lost to you last time, but I will definitely get the first place in the college entrance examination this time. I specially asked Aunt Lian to make up for the Chinese, and then I will have a full score composition. Can't run away!"

"Haha, then I'll wait for your masterpiece!"

After finishing the conversation with Gong Qingyu, Li Yun took Zhao Tianfeng and Hu Xiaomeng, leaving Zhao's house in the concerned eyes of Madam Zhao, and came to the door of Yuwen's house.

After Li Yun handed over the invitation card, the previous scene happened.

"You, you are Li Yun!?"

The eyes of the person in charge of the reception were round, as if he had seen a ghost.

The guards, guards, and servants of Yuwen's family who maintained the order all looked at them together, their eyes were very complicated: resentment, surprise, anger, and so on.

The news that Master Yuwen was killed by Li Yun has spread throughout the Yuwen family. Many clansmen have already geared up, waiting for the young master to be buried before revenge!

Unexpectedly, the Patriarch actually sent an invitation to the enemy who killed his son!

What shocked them even more was that Li Yun, the enemy of the Yuwen family, was really invited here!

And only two beautiful women and two bodyguards followed them.

"What a courage!"

Such thoughts flashed in the minds of all those who saw this scene.

Not to mention that the people of Yuwen's family were shocked, and the guests on the sidelines looked at him in surprise.

"I, Cao, these three people are all wearing bright clothes, male blue, female red and emerald green to attend the funeral. Are they afraid to offend Yuwen's family?!"

"Afraid? Do you know who the model woman is? Zhao Tianfeng, the daughter of the Zhao family!"

"The Zhao family? Which Zhao family? Which one is the chief official in Yundian? It's worse than the Yuwen family."

"Hehe, you don't know the Zhao family? Well, forget it, you still don't know, all you need to know is that the other little girl is the youngest lady in the three generations of the Hu family, the Hu family you think!"

"The little daughter of the Hu family... Then how about the Zhao family and Hu family?"

"It can't be compared."

"hiss!"

Chapter 1693: Who dare to go half a step forward

Li Yun's arrival was like a boulder smashing into the calm water of the lake, causing a thousand waves in an instant.

Countless pairs of bright or dark eyes looked over, and all kinds of complicated eyes were intertwined, and the door of Yuwen's house was quiet for a while!

"Yes, this is my brother Yun~"

Hu Xiaomeng answered with help, and then turned to the people behind him and shouted: "Hurry up, how can you not give gifts when you come to visit!"

Killing someone's son, not only came to the funeral, but also gave a wreath? Is it because you want to rebuild it for good? is it possible! Who would forgive the enemy who killed his son!

"It's impossible to think about it!"

Everyone turned their heads in their doubts, and after seeing what it was, their jaws were almost frightened!

I saw seven or eight people sweating profusely carrying a huge wreath, walking to the door of Yuwen's house step by step, smashing it down, and instantly dusty!

"This....."

The eyelids of the people who saw this scene jumped wildly, and they felt an aura of restlessness, as if a storm was approaching.

This is not a wreath, but a bell!

"Look at the words on the wreath!!" someone suddenly shouted in panic, "Look at the words written on it..."

"Hu family, Zhao family and Li Yun condolences..."

A person with good eyesight read the black words on the white cloth above, "A pair of upper and lower wreaths are specially presented to all Yuwen's family as a sign of condolences..."

"Joint condolences...to Yuwen's family, everyone...hish!"

Everyone finally reacted, Qi Qi took a step back in horror, and the eyes looking at the three of Li Yun changed again.

Become extremely shocked and terrified!

This is not a storm that is about to come, but a fist-sized hail that has fallen to the top of the head, and it will smash people to **** flesh in the next second!

"Boy, dare to be presumptuous in front of Yuwen's house, you are still the first!"

A tall and strong man appeared at the door holding a long spear, angrily yelled at Li Yun, and shouted: "Brothers of the Yuwen family, get me this kid who killed Master Yuwen!"

"kill!"

In an instant, the guards of the nursing home who had been ambushing all around rushed out, shaking the gleaming sharp swords to the guests' hearts. There was a black hole in the distance, pointing straight at Li Yunsan. People, just waited for an order, and immediately shot over with a round of bullets, and if they couldn't be killed, the sword guards would come forward to catch it!

"Let me see who dares to go half a step forward!!"

The majestic woman's voice sounded, and it was clearly transmitted to everyone's ears. This woman's voice was a plate of cold water from the dog days, pouring on the top of the head, causing everyone to chill and their teeth trembling. They only felt that their lives had been greatly affected. Threats, heads may fall to the ground at any time!

Ping pong pong!

The people standing in front of the woman were even more unbearable, with all the weapons in their hands landing, making a series of sounds.

The face of the brawny man with a long spear turned pale instantly. In his vision, the tall woman standing under the steps of Yuwen's house seemed to have become a female fierce beast, and her strong killing intent was turned into substance. , Making him almost breathless!

"Do you want to be my opponent?"

Indifferent and majestic, the queen who is like a hand-blade million army took a step forward and asked coldly.

"thump!"

The brawny man finally couldn't bear the murderous aura, his knees softened, he knelt to the ground, his spear fell to the ground, his teeth trembled, his head slowly lowered.

"How is it possible...I am an innate state!! What kind of power is this?!"

The brawny man screamed wildly in his heart, his body wanted to resist this killing intent, but his survival instinct made him unable to stand up, let alone launch an attack on the woman.

"Oh, sister Fengfeng's killing mind has become stronger again~, Xiao Meng, I am so envious!"

"You work hard, it will be fine in three months."

"Hee hee~"

Chapter 1694: What a Yuwenjia

Until the three of them walked in, everyone at the door of Yuwen's house breathed a sigh of relief, and felt that a mountain had moved away from their hearts, and their whole bodies relaxed a lot.

The man who fell on his knees was ashamed and indignant. He didn't even dare to make a move just now, and he knelt down to the enemy who had humiliated Yuwen's family. This completely shamed Yuwen's face!

"Hehe, you used to brag about how powerful Yuwen's family is. I think it's nothing more than that. I don't even dare to talk nonsense when I was given a wreath. A bunch of wimps!"

"What do you know... That's the daughter of the Zhao family! Her father is... Grand Master's generation, do you know? I'm Cao!"

"Master Patriarch? It's just an excuse. Anyway, dozens of the Yuwen family's thugs are trembling in front of a girl, he's just rubbish!"

"...I don't have anything to say about it. Although Yuwen's family is powerful, it's worse than Zhao's."

"Grass! Really awesome, dare to send a wreath to Yuwen's house!"

"Hehehe, I like this arrogant character, Yuwen's family is not a good bird, a little kid is dead, and so many people are invited to give him condolences. What a big face!"

"That idiot who is still kneeling on the ground is so funny!"

"Silly? You don't know, he is the innate realm of Yuwen's family!"

"Are you kidding? The strong man of the innate realm kneels down to a baby girl!?"

"Really! I'm fairly familiar with Yuwen's family. The man with the spear is really from the Innate Realm. The name is Yuwenmeng. He broke through five years ago. Like his name, he is a ruthless person!"

"Fuck off, I don't believe you are evil!"

After the three of Li Yun disappeared, a wave of discussion and ridicule poured into the ears of the spearman, "shocked" his cheeks flushed, and furiously rose to his feet and shouted: "Shut up all!"

The Yuwen's power was still there, and the guests closed their mouths one after another, angrily wanting to turn around and leave.

The wreath is still placed at the door of Yuwen's house. As long as you are not a fool, you can guess that there will be a battle in Yuwen's house next. It is hard to say who can win, but it is better to leave early!

"Want to leave? Late!"

Yu Wenmeng, who was kneeling down at Zhao Tianfeng just now, sneered. He waved his right hand and shouted, "Stop them for me!"

Suddenly, dozens of guardian thugs armed with knives and swords rushed up and stopped all the guests who wanted to leave, with fierce expressions on their faces.

"you!"

"What a Yuwen family!"

"I can't leave if I want?"

"You are too rampant!"

Among the guests, there were many people from the rivers and lakes. They were not as afraid as the middle class in the city. They jumped and yelled on the spot after being stopped.

However, after the thugs rushed in and slapped a few big mouths, everyone was honest.

"If anyone dares to insult my Yuwen family, die!"

Yuwen glanced indifferently, no one dared to look at him, and bowed their heads, just like what Zhao Tianfeng had done before.

It's just that Zhao Tianfeng dared to kneel down in Yuwen's family, while Yuwen Meng only dared to be in his own territory, relying on a large number of people to threaten the guests who had the courage to offer condolences to his young master.

"This Yuwen's house is really nothing!"

Some mysterious people hiding in the crowd saw this scene and became more and more convinced that pulling out Yuwen's house was the best choice.

Just letting innocent people get involved is not only troublesome but also dangerous. You have to find a way to let the guests escape quickly.

They didn't expect that Yuwen Furniture would force the guests to stay, and they would not save any face!

"This Yuwen family...what on earth want to do?!"

All the guests who were driven into Yuwen's house with a panic look had the same doubts in their minds.

Chapter 1695: Yuwen's House (Part 1)

"Hey, Yuwen's house is quite big~"

Li Yun and Zhao Tianfeng walked into Yuwen's house calmly, Hu Xiaomeng looked left and right, and finally only reached one conclusion.

The underlying meaning is that there is nothing else but big.

"Hehe, my Yuwen family has inherited it for thousands of years. This mansion was bestowed by the Qianlong Emperor 300 years ago."

The butler who led them in did not hear the meaning of Hu Xiaomeng's words, and explained in a slightly ostentatious tone: "Later, after many expansions, it gradually formed such a scale! It can be said that looking at the entire Huang Xuan country, it can be preserved. There are no more than four, no, five families with such a well-established ancient mansion!"

Speaking of the latter, the butler is very regretful. It seems that he can't wait to destroy all the other four mansions, so that Yuwen's family will become the unique family of Huang Xuanguo!

"It's really good."

Li Yun nodded his head and applauded, his eyes were continuous, spreading to the palace at the foot of the mountain, admiring the crystallization of wisdom left by the ancients.

When the housekeeper saw this, a sneer appeared at the corner of his mouth, and his tone became colder: "Young man, take a closer look at the world, after all, life is really rare in this world, but there is not much time for you to appreciate it!"

Zhao Tianfeng glanced at him with emotionless eyes. The butler's body froze for a moment, only to feel a chill rising from his spine, making him cold.

This murderous look is simply not human!

"Tianfeng."

Li Yun shook her little hand and said with a smile: "The butler lets us appreciate it, then we can watch it carefully. After all, after today, these beautiful buildings don't know if they are still there."

"Huh!" Zhao Tianfeng retracted his eyes, and with her killing thoughts after the initial 2 repairs with Li Yun, people in the early stage of the Innate Realm could already kneel to the ground, not to mention the housekeeper's acquired realm.

If she used her full strength, one look would be enough to make him scared, and he was so scared that he would leave his body and become a fool directly!

"Why not? Oh, I know~" Hu Xiaomeng smiled and asked and replied, "Brother Yun must have shown great power, raised his hand to draw a large sacred fire, and burned it all in one breath~! "

His back was soaked, and he only felt that the butler who had escaped from the dead would not dare to speak any more, and when he heard Hu Xiaomeng's words, he only thought it was madness, and rushed to ignore it.

Under his leadership, Li Yun's three people plus three bodyguards—the former Uncle Zhao was also there, and several people came to a huge martial arts field.

"Waiting for the funeral to begin here."

Throwing a word, the housekeeper ran away as if, with an extremely ugly expression on his face, and he was obviously frightened by Zhao Tianfeng.

"Those bugs are still there."

Uncle Zhao said in a low voice, Li Yun couldn't help laughing.

The bugs that Uncle Zhao said were those who had been monitoring them, but for Li Yun, the bugs were more of those Gu worms.

"?"

Uncle Zhao didn't know why, but he didn't dare to have the slightest doubt about Li Yun.

Not to mention the performance of Li Yun killing the Quartet last time in the Mist Killing Array, and also that after the young lady went to Ado Mountain with him and came back, her strength has improved by leaps and bounds. Just now, she was shocked by the look in front of Yuwen's house. A congenital state knelt down.

Uncle Zhao felt a strong killing intent from her, more murderous than those ace killers who licked blood at the edge of the knife!

But unlike before, the young lady's murderous aura can initially be freely retractable, and I don't know what they have experienced in Mount Ado...

Chapter 1696: Yuwen's House (Part 2)

The Yuwen family's martial arts field is very large. There are ancient houses on all sides. There are many weapon racks by the wall. It must be very lively here. Many children of the Yuwen family come to practice martial arts and compete with each other.

But today, it's even more lively here!

In the middle of the martial arts field, a huge black coffin was placed, which was four or five times larger than a normal coffin, and it was not a problem to lie down a dozen people in it.

Everyone who came to the martial arts field was shocked. The black coffin was so big that it made people suspect that it was not for Master Yuwen's use, but for...

"Look, that's Li Yun!"

The guests who had arrived early found Li Yun's trace, and soon everyone turned their heads together.

Most people knew Li Yun's name for the first time. If it hadn't been for his name on the invitation, they would never have thought that this young man would kill the young master Yuwen's family.

And he dared to participate in Yuwen Huayu's funeral in a big way!

"Hiss! What's the origin of this kid?"

"I don't know, but I suggest you don't call him a kid, lest he hears you and you will die!"

"I don't know who he is, but I know the two beauties around me, both of whom are from Minghua Private Middle School, and so are Yuwen Huayu."

"Uh, could it be that they clashed in school and were killed by accident?"

Everyone talked a lot, after seeing Zhao Tianfeng's tall and beautiful figure, there was a hint of amazing color in his eyes.

Although Hu Xiaomeng is also very cute, he is still too young after all. In comparison, Zhao Tianfeng has received more attention!

Ignoring everyone's weird eyes, Li Yun looked forward. There was a high platform, on which there was a person sitting, looking down like an emperor, and the indifferent eagle eyes were chilling.

"Yuwenfu!"

He whispered the name of the Yuwen Family Patriarch, and Li Yun's eyes flashed a little bit of playfulness. This guy dared to be so arrogant, and he didn't know how many people stood behind the six magic gates.

But today!

Even if he invites to return to the Void Realm, Yuwen's family will definitely be destroyed.

"Ding, trigger the option event, please choose from the host:

Option 1: I blast your coffin: Go straight up and kick the coffin and go to war! Reward experience value +5 million, all attributes +5000, golden gift bag*3, extra reward: three random martial arts skill upgrades.

Option two: wait, no reward.

Choice 3: One thing is worse than one thing less: Pray for reconciliation from the other side, and reward skill: Recklessness. "

Li Yun frowned slightly, the options given by the system were really simple and rude, one word was doing it!

Options 2 and 3 are junk options, only option 1 is useful, prompting him to go directly to explode the coffin, it really is simple enough!

However, on second thought, he came to Yuwen's house to fight, and it was easy to get up and down, and he might be able to go back to lunch after finishing a fight earlier.

only.....

Li Yun glanced around, thinking in his heart: "The agents arranged by Brother Xia don't know if they have started the operation. The Yuwen family has invited so many people. It is really not easy to evacuate the crowd without disturbing them."

If Li Yun knew that Yuwen House was aggressively rushing guests in, he would regret not killing the Yuwen House at the gate, so he could just click on it all the way in!

But he soon knew.

"Grass! Yuwen's family is really not a good bird!"

"Damn, I don't want to come here to see a coffin, let alone give condolences to a little bastard!"

"Let me out!"

Chapter 1697: Amitabha

There was a noisy swearing in the distance. Li Yun turned his head and looked around and saw a group of guards holding weapons, rushing in hundreds of guests.

It's like driving cattle, sheep, pigs and ducks.

"Yuwenjia...what exactly do you want to do?!"

Li Yun and the many guests who witnessed this scene were all shocked.

In the invitation, Yuwen's family forced all walks of life in the capital to attend this funeral. It was already arrogant to the extreme!

But now, I actually drove the guests who wanted to leave, restricted their personal freedom, and forcibly ordered everyone to stay in Yuwen's house!

"A deer is a horse?"

Hu Xiaomeng saw the sign, his big eyes blinked and blinked, and then looked at the Yuwen Patriarch and several elders sitting high on the stage, and he probably understood what was going on.

Li Yun was taken aback, and then he wanted to understand what Hu Xiaomeng was referring to.

The idiom referring to a deer as a horse means to deliberately reverse black and white to confuse right and wrong, but what Hu Xiaomeng really means refers to the story of the source of this idiom.

The story tells that Zhao Gao, the prime minister of the Qin Dynasty, wanted to rebel, but was worried that someone in the court would oppose him, so he found a deer, just said it was a Chollima, and let everyone judge.

Afterwards, all those who insisted that it was a deer were killed by Zhao Gao.

The Yuwen family now is the Zhao Gao in the idiom story!

"Sure enough, I gave it a wreath and it was right."

Li Yun used to send a wreath from Yuwen's family just because Yuwen's family named him by name in the invitation.

Now it seems that this wreath is indeed given right!

Yuwen's family up and down are all arrogant and arrogant people, rotten to the bones, this kind of family doesn't need to be kept anymore, it is straightforward to eradicate the roots!

"System, I choose: 1!"

With a cold face, Li Yun took out a golden long sword out of thin air, and suddenly cut off the black coffin in the center of the martial arts field in the eyes of everyone's horror.

Boom! !

Sword Qi is thirty meters in length and breadth, and a sword of light is Han Yuwen's family.

The sharp and hot sword energy instantly destroyed the huge black coffin, and the coffin made of strong golden nanmu exploded. Countless pieces of wood rose to the sky, and the debris fell like spring tidbits and fell on everyone's heads. Reflecting the dumbfounded crowd.

Even Hu Xiaomeng was taken aback. He didn't expect Brother Yun to start the fight as soon as he came!

"Um?"

Li Yun squinted his eyes. In the aftermath of the sword qi explosion, a golden coffin of ordinary size was shaken up. This coffin was supposed to be hidden in the huge black coffin and was cut out by his sword!

"Little beast, you are looking for death!!!"

On the high stage, Yuwen Fu suddenly opened his eyes, his eyes were cold and angry. After a stubbornly glance at Li Yun, he was about to fly out and take over the pure gold coffin he carefully crafted for his son!

But at this moment, a loud Buddha's horn sounded.

"Amitabha!"

The Buddha's name is magnificent and solemn, preaching the truth of Buddhism, and the mantra of Buddhism to save the world who is suffering from reincarnation!

Li Yun saw a golden light shine, like spring water gushing out, he leaped up into the air to form a huge palm, holding the pure gold coffin and slowly falling, and finally banged, and the golden coffin was steady. Fell to the center of the martial arts field!

"!!!"

Countless people were stunned. What did they see just now?

Isn't this really angry? I have never heard that True Qi can separate dozens of meters from the body, and it can also form a giant hand to grasp things. This is completely beyond the scope of martial arts and becomes a mysterious and powerful force!

Chapter 1698: Donor, you are destined to my Buddha

"Thank you for your help!"

Yuwenfu was not surprised, he got up and saluted in a certain direction. The elders of the Yuwen family around him also did the same, and his expression was extremely respectful and humble.

Everyone turned their heads subconsciously and looked, and saw an old monk wearing a big red robed robe, kind eyebrows and kind eyes, holding a string of Buddhist beads in his hand, and twelve ring scars on his bare head.

The old monk had a kind face, his eyes revealed compassion, without the slightest evil, he put his hands together at Li Yun from a distance, and proclaimed: "Amitabha, benefactor, we finally meet!"

Li Yun raised his eyebrows. This old monk... had a different origin.

The prompt of the system is indeed not unreasonable. If he hadn't cut the black coffin in advance, the monk would have been hiding behind him, and he would come out suddenly at some point, killing him by surprise.

But what does it mean that the old monk finally met?

"You and I are destined."

The kind-eyed old monk smiled slightly, but there was a hint of a smile on the prayer beads. Li Yun frowned when he saw it.

In his impression, the so-called "destiny" of the Buddhist school is all a prelude to cheating!

It is not forcibly snatching a certain treasure. For example, the twenty-four Dinghaizhu is forcibly claimed by a bald donkey that it is predestined to him and then snatched; He would say, "This beast is related to my Buddhism, he should be ordained to become a monk and practice with me" and so on.

Therefore, when Li Yun heard about fate these two times, he knew that the old monk was not kind!

"Ding, the host made a choice and went straight up and kicked the coffin! Rewarded experience value +5 million, all attributes +5000, golden gift bag*3, extra rewards: Inch boxing was upgraded to intermediate level, Thunder three knives were upgraded to master level, ethereal The footwork has evolved into the ethereal fire-body technique."

Suddenly receiving the system's reward reminder, Li Yun's eyes lit up, ignoring the first two junk skills and not mentioning it. The god-level misty footwork evolved into the misty fire body technique, which is really a surprise!

After completely receiving the power of this body technique, Li Yun's mouth curled up and smiled in satisfaction.

The misty fire can be transformed into flames after reaching the limit, and teleport to other flame burning places within a kilometer. If in the volcanic magma zone, Li Yunguang can play with the enemy in the palm of his hand with this misty fire. !

Of course, now there is only the elementary misty fire and it's almost time to ignite, and it can only move quickly in the flames.

"Why doesn't the donor speak?"

The old monk called a Buddha and slowly said: "Because the donor has a shame in your heart, you feel that you are deeply sinful, do you want to take refuge in my Buddha? Sure enough, the donor you belong to my Buddhism..."

"okay!"

Li Yun waved his hand and made an expression of "Don't come with me, I know what your Buddhism is like": "Old monk, are you from the Six Demon Sects or the Hidden Sacred Valley?"

"Lao Na belongs to Buddhism in this life, and he will only be Buddhism. What he pursues is the six ways of transcendence and the bliss of rebirth."

"That's the Six Demon Sect's?"

The old monk made a sloppy look, but Li Yun didn't believe him. The six gates also meant six detachments. In that case, the old monk really belonged to the six magic gates.

Moreover, it is estimated that the status is not low, at least it is a consummation in the refining realm, or even the return to the virtual realm!

"Do not."

The old monk shook his head again in denial.

Chapter 1699: The purpose of the system

"Lao Na is only advocating my Buddha, so I cooperated with some people." He glanced at the golden sword in Li Yun's hand, and said with joy: "Lao Na is short-sighted and has yet to find many things related to my Buddha. , I feel that the decline of Buddhism and Taoism is in decline, but I never thought of such an opportunity.

Ah, is this what the Buddha said: One drink and one peck, is it pre-determination? There are reasons for it? Sure enough, it is amazing, Lao Na is deeply honored and honored to see such a predestined method! "

"...?"

Not to mention that Li Yun was stunned. The guests and Yuwen's thugs were also inexplicable. If the owner hadn't been polite to this old thing, they would have come up to give this old guy with the tip of a gun. Kicked out!

"Venerable Da Ri!"

It seems that Yu Wenfu on the stage is impatient with the old monk's gibberish, and directly speaks: "Please rest for a while, and when I finish the next thing, I will give you a chance to find the destiny! "

"Alright, please ask the donor first." The old monk had no objection. He glanced at Li Yun with relief, then chanted the Buddha's name and then stepped back, sitting aside and chanting with his eyes closed.

But Li Yun could feel that this old monk had been watching him!

"Venerable Da Ri!"

He meditated on the name of the old monk in his heart, and Li Yun more and more affirmed his previous guess: This old monk is a strong man in the Void Return Realm!

The Venerables and the elders in the Six Demon Gates are side by side, and they are all strong in the Void Returning Realm, but the Venerables have no real power, and most of the elders will become Venerables after they step down.

"Trouble."

Li Yun frowned slightly, he was sure to fight the Void Return Realm one or two, but the people around him would suffer as a result.

"Ding, trigger the option event, please choose from the host:

Option 1: Without further ado, kill Yuwenfu first, then Venerable Da Ri, reward experience value +50 million, all attributes +100,000, peerless treasure *1, extra reward: aura value *1 million.

Option 2: Wait for the opportunity to move, wait for Xia Ming to evacuate the crowd, reward justice worth 10,000, white gift bag*5.

Option 3: Talk about life with Venerable Da Ri, then put down the harem, put down the sisters, put down the friends and relatives, escape into the empty door, accompanied by the ancient Buddha of the blue lantern! Reward the final gift: Life Dzogchen Treasure Bag*1, the system will automatically leave. "

I'm Cao!

Seeing the last option, Li Yun almost didn't jump up!

The result of escaping into the empty door is that the system is detached. This is really... the final end!

It can be said that if Li Yun chooses this one by death, then the story of this book will come to an end, the finale will be on the spot, and he will reach the pinnacle of life—becoming a monk with no desires and no desires.

Isn't it the end if there is no pursuit?

There is no life goal, and the system is useless, so I just leave it and look for the next host.

"hiss!"

Li Yun's face changed slightly, not because he was afraid of the system leaving. His current strength is not to say that he is invincible in the world, but even without the system, he can enjoy the glory and wealth in the second half of his life under the step-by-step practice of various pills. a peaceful life.

What he thought of was... the system, in fact, has a purpose!

After Li Yun chose to have no desires or desires, the system directly chose to leave. It can be seen that the type of host that this thing actually needs is probably the kind of choice that it gives to move forward. The final destination has actually been arranged by the system. , All the choices it gives in the middle, the ultimate goal will point to that goal.

"Be careful, be careful! The master cannot arrange life according to the highest reward given by the system!"

"Cheating the system, it may really be cheating!"

Chapter 1700: crazy

"what happened?"

Seeing his face changed slightly, Zhao Tianfeng and Hu Xiaomeng both looked over with concern, and the two women immediately guessed whether it was the reason that the Venerable Da Ri was too strong that caused Li Yun to behave like this.

Hu Xiaomeng has even made preparations to hide in the Lotus Immortal Mansion, which is one of the reasons why she was allowed to come to Yuwen's house together: once there is a danger, immediately hide in the Immortal Mansion.

"No, nothing, just be careful of the old monk. Everything he said is unbelievable, and don't think about what he said!"

The system is his biggest secret, and Li Yun will naturally not reveal it. No matter what the purpose of this cheating thing is, he still has to use its power now.

The two women nodded solemnly, and they saw that their boyfriends are now more cautious than when they were in the bottom of the volcano, enough to see the strength of the old monk!

With the retreat of the old monk Da Ri, the scene fell silent for a while. Everyone was thinking about what happened just now. Some people had already begun to wonder if it was a special effect, and looked up in the sky to look for something in the sky.

At this time, a man in a black suit stood up on the stage, holding a microphone, and said in a heavy tone to everyone: "You all, gentlemen and ladies from all walks of life, thank you for coming to the funeral ceremony of the young master Yuwen family... A few days ago, Master Yuwen suffered misfortune and was victimized by an adulterer... The heavens were outraged, and Yuwen's family jointly swore: Not to avenge this revenge, and swear not to be a man!"

At the end of the speech, his tone became resentful, and he shouted in a hoarse voice, which was very contagious, causing many people who did not know the truth to wipe tears and sentimental.

As for the Yuwen Family Nursing Homes scattered around, they raised their weapons and shouted loudly:

"If you don't avenge this revenge, you swear not to be a man!"

"If you don't avenge this revenge, you swear not to be a man!"

"..."

The sound shook the sky, and the gas towns the mountains and rivers.

Everyone in Yuwen's family was dumbfounded. This is no longer a simple funeral issue, but...retaliation, blood, fighting, and even wanting to attack the government, treating the law as nothing!

"No, no, no! This is absolutely wrong!" Someone muttered to himself in shock. The fanatical Yuwenjia in front of him was almost like a certain cult, inspired by a certain fanatical belief, and became crazy. bloody.

"What do they want?!"

"are you crazy!?"

The guests were so frightened that they wanted to retreat, but behind them were the high courtyard walls and the Yuwen family guards holding weapons. Where could they escape?

"Li Yun!"

A man in ordinary gray clothes suddenly came to Li Yun and talked to him in a low voice: "Things are not going well, there are some people arranged outside Yuwen's house... people who behave very strangely, a bit like saving the plane before. Those...the puppets I met when I took the hostages!"

"Oh?"

Li Yun glanced at him. Although he put on makeup, Li Yun recognized him: Wei Chao, also Shangguanming's teammate, was a sharpshooter and agent, and was sent to deal with Yuwen's family this time. thing.

Including Shangguan Ming, who is also present now.

However, Li Yun estimated that this elder brother would have a headache. If he had directly surrounded Yuwen's house before, he would not have caused so much trouble.

But before, who could have thought that Yuwen's family, as a top family in Huang Xuan's country, would suddenly become so crazy!

This is completely incomprehensible, even if Yuwen's family is ten and a hundred times stronger, there will only be a dead end against the country!

It is estimated that only the appearance of immortal cultivators can make the decision-making organization of a large family become stupid and crazy.
