

## Godly Choice 1941

Chapter 1941: Master is a tiger

"How did Zhenwei hu become so big?!"

The five elders who watched all together said in a low voice, in front of this fierce tiger that was four or five times larger than the ordinary tiger, he, a mid-innate realm powerhouse, did not even have the courage to hold a sword!

From the time when the real person Yunlong became the master of Quanyi Guan, this tiger was raised in the back mountain of the Taoist temple, and the master usually came to visit.

But although it is not common, all the elders present have also seen Zhenwei hu look like an adult, and it is not that big at all!

Besides, there is no such big tiger in the world!

Four meters high, weighing several tons, and a huge tiger that is more than ten meters long, if there were any in the world, it would have become hot news!

"what happened?!"

The great elder swallowed. In front of this huge and mighty tiger, he couldn't help taking a step back, back again, back again!

The great elder glanced at the tiger in horror, and then at the sword in his hand. He even suspected that the sword was slashing on the tiger, as if it were scratching.

"OMG!"

Abbott, holding a submachine gun in the distance, opened his mouth wide and looked at this side in disbelief: "Lucini, is there such a big tiger in the world?"

"No." Lucini said seriously: "This is a tiger unique to Huang Xuanguo."

"?Unique?"

"Roar!"

The huge Zhenwei hu looked at Li Yun with red eyes the size of a copper bell, his body was slightly lowered, and he made a move that he had to pounce at any time.

But the tiger seemed to be afraid of something, growled uneasyly, and did not immediately attack.

Time seemed to freeze at this moment, and everyone was actually shocked by Zhenwei hu's fierceness, and no one dared to act rashly.

"What a tiger demon!"

Li Yun exclaimed, raising the Leap Fire God Sword in his hand, and provoke the huge tiger demon.

But unexpectedly, Zhen Wei hu took a step back anxiously, and did not immediately attack, a trace of humanized hatred was revealed in the huge scarlet pupils.

"How, how, how..."

Zhang Zhenfeng was so frightened that he fell to the ground, repeating the same sentence in horror. The elder became impatient and went straight to pick up his collar and asked: "Zhang Zhenfeng, what is going on? Why did Weihe suddenly become so big? Also, the headmaster is not in retreat, where is he!?"

Li Yun frowned. There is no doubt that the tiger in front of him is a monster, otherwise it would not grow so big.

But this tiger demon gave him a strange feeling, swept away his spiritual consciousness, there was actually a human soul breath.

It seems that his divine consciousness can directly enter this tiger demon and fight it on the spiritual level!

However, Li Yun was unwilling to take this risk. The spiritual battle was too weird and dangerous, especially when faced with an unknown tiger demon.

"Snapped!"

The irritable Third Elder became impatient, and directly slapped Zhang Zhenfeng, and asked: "The great elder asks you something, say, where did the head teacher go!?"

"Master, Master... him." Zhang Zhenfeng covered his slapped face, and pointed at the Zhen Weihe in front of him crying, "He, he..."

"What's wrong with him?!"

The Fourth Elder asked impatiently.

"Is it eaten by Zhenweihe!?" The elder thought of a near-impossible possibility, but even he himself didn't believe that the innate consummation would be eaten by a tiger.

"He, he, master..." Zhang Zhenfeng finally hissed out:

"Master is this tiger!!"

Chapter 1942: Yunlong Real Tiger

"..."

"..."

Everyone was dumbfounded, you look at me, look at you again, for a moment they were too surprised to speak.

"Master is a tiger? Do you still worship Tiger as a teacher? Do you want to learn Huwei boxing?" Fang Xueman's question marks were all in his head. When I was dating before, Li Yun held her and told her about Feihumen, and Huwei boxing is the same Time to write it down.

"Zhang Zhenfeng!" The elder returned to his senses and reprimanded in a cold voice: "I think you are crazy, and you don't want to take the position of senior brother again!"

The disciples of the Houtian realm all showed smirking expressions, and they didn't have much respect for Zhang Zhenfeng.

"No, no, he is the master!!" Zhang Zhenfeng cried.

Everyone was shocked.

"What did you say?! Say it again!!!" The elder lied in his voice, even his voice began to tremble.

Li Yun's gaze became deep, his eyes fixed on Zhen Weihu's body. Is he the master of the whole view?

"Yes, that's right!"

Zhang Zhenfeng cried out in a crying voice: "This tiger was transformed after Master devoured Zhenwei Tiger. He is my Master and the master of All One View!"

"!!!"

Hearing this shocking secret news, everyone's scalp numb, and they have completely lost the ability to speak.

Zhenwei is the head teacher?

The head teacher ate the tiger, and became a tiger himself?

No wonder Zhenwei suddenly became bigger. It turned out to be the master teacher, no, it should be said that it was the master teacher plus Zhenwei!

But it's still wrong!

There are more people eating tigers in the world, and I haven't heard of anyone turning into tigers. This is not in line with science at all, and it is not in line with the Three Views. It does not belong to what will happen in this world!

"You, you, you say it again!" The third elders clutched their temples and asked in a difficult tone: "Zhang Zhenfeng, do you say that the head teacher is the huge tiger in front of you?!"

"Yes! I'm right, I'm not crazy!" Zhang Zhenfeng stood up and took a step back in fear: "I have been feeding Master for the past two months. He was able to speak at first, but still maintains a human appearance, just his face. There are a lot of white tiger hairs on it, and the meat is usually cooked."

Everyone was shocked.

People turn into tigers, this kind of horrible thing is rare even in the most curious novels!

"But gradually, Master gradually became dissatisfied with the cooked meat, and began to let me eat, eat, and eat live food for him, and the hair on his body became more and more, just like a savage!"

Zhang Zhenfeng looked like he was about to cry. It can be seen that he was not feeling well in the past two months. He watched his master change from a human to a white-haired savage, and his habits became fierce. There is no doubt that he has a different feeling with animals. Being an ordinary person can directly go crazy.

Fortunately, he later pulled Qi Yangqing into the water and took him to see the four of them who had landed on the ground, and there was almost no human-like head teacher.

Finally, Zhang Zhenfeng ordered Qi Yangqing to guard Zhenwei Garden and not allow anyone to enter.

"So those who are missing," Li Yun looked at Zhang Zhenfeng indifferently, "you fed everything to your master?"

Everyone present was frightened again, Bu Junxian and the four even trembled with fear.

If Mr. Li hadn't come to rescue him personally, the four of them would definitely be thrown at this huge tiger, no, it should be said to be tiger people!

"I, I can't help it!"

Zhang Zhenfeng defended himself: "My master is getting bigger and bigger, and his appetite is getting closer and closer to wild tigers. At first he only eats raw meat, but gradually it becomes necessary for him to kill the animals and swallow the blood in order to be satisfied. Quiet down."

"at last....."

Chapter 1943: Tiger man

Needless to say the last thing, everyone has already guessed it.

Zhen Weihu-to be exact, Yunlong real person, his appetite is getting bigger and bigger, and his personality is getting more and more fierce. After a certain taste of human flesh, he became out of control and began to swallow a living person.

Those who disappeared in Taihuang Mountain may have been hunted by him, or they were caught by Zhang Zhenfeng and thrown at him.

Li Yun guessed that there are both.

At the beginning, the real person Yunlong went hunting in Mount Taihuang and ate tourists one by one. After attracting the attention of Taihuangshan Police Station, Zhang Zhenfeng was forced to assist Master and trick foreigners into Mount Taihuang by various means.

The Lai Yongsi that Bu Junxian met before was one of Zhang Zhenfeng's many minions.

"Ding, the host makes a choice, investigates the whole view to find the abnormality, reward: experience value + 20 million, all attributes +1 million, extra reward 1: a golden weapon suitable for Fang Xue: ice and snow bracelet."

"Ice Bracelet

Special effect: Transfiguration into an ice sword.

Skills: Ice Sword Qi (2/2), Bing Qing Yujie (passive, keeps the body clean and fresh, without staining dust)

Explanation: It is a special type of weapon that is collected from thousands of years of icy ice that is deeply buried under the ice and snow, and is refined by condensing the icy air. It can usually be transformed into a bracelet to attack the enemy. "

Li Yun is quite satisfied with this piece of equipment, his Xiaoxue usually does not need to fight, this special weapon is suitable for self-maintenance.

Handing the ice and snow bracelet to Fang Xue directly, Li Yun stopped her wanting to ask with his eyes and motioned her to put it on.

"what?"

As soon as Fang Xue put on this snow-white, snow-white bracelet that looked like a beautiful jade, she immediately understood its function and knew that this bracelet was actually a magical weapon as powerful as a space ring!

"Husband, you are so nice~" Fang Xue whispered, her eyes full of touch, but it's a pity that it's not suitable to do something at this moment, otherwise she would definitely put her arms around Li Yun's neck and give a kiss.

Li Yun smiled, turned his head and said to Zhang Zhenfeng: "I'm afraid you are not only for this."

"I, I can't help it!"

Zhang Zhenfeng cried in defense, and at the same time glanced at the huge tiger: "Look, Master is getting bigger and bigger. If it weren't for me to take care of him, Master would have eaten all of us!"

All the people who watched together looked at each other. So they have been living in danger for the past two months?

"You are so damning!"

Fang Xue looked disgusted, "The fate of your Taoist people is fate, but the fate of others is not?"

"Yes, yes!" Seeing that the situation was controlled by Mr. Li, Bu Junxian plucked up the courage, and wanted to swear at this \*\*\*\* Taoist temple, but when the elders glared at him, he closed his mouth again whistling.

Zhang Zhenfeng did not dare to speak any more.

Li Yun smiled and said: "I'm afraid you are not only for the Taoist people, but also thinking about making your master turn from a tiger to a human again, so as to break through the master realm, right?"

Zhang Zhenfeng shook his whole body, his head lowered lower.

"I'm sure," Li Yun continued: "Zhen Weihu mutated into a tiger demon empress, which was the first to be discovered by your master, and then he somehow worked out a method to give birth to the tiger demon, wanting to rely on it. The power of the tiger demon broke through the master realm.

As a result, he was infested by the evil spirit and became the huge tiger demon in front of him! "

Everyone turned their gazes at the tiger, and a hint of humanity could be vaguely seen in his eyes, especially as the tiger demon was still walking back and forth uneasy, the word "king" on the tiger's face wrinkled tightly, and it looked more and more like a human being.

Chapter 1944: Refuse to confuse

"Yes, so what?!"

When Li Yun's point was broken, Zhang Zhenfeng simply broke the jar and smashed his neck and shouted: "Master told me before eating the tiger demon's brain. As long as he survives, he will definitely become a master. By then, I will be all A view can become a first-class martial art in the arena!

You don't have to live with the snail in this small Taihuang Mountain, relying on the alms of tourists to make a living! "

In a word, the faces of the elders and disciples who spoke all of them were different.

Some people were ashamed, some were excited, and some were angry and dissatisfied, and even the expression on the fox monster was full of anger.

Fang Xue has a weird face. For ordinary people, having a dojo, restaurant, and hotel in Mount Taihuang is already a fame thing, not to mention the long history of the whole view, and big bosses come to burn incense and worship the gods every year. , Don't live your life too comfortable.

But for all those who watched together, they were so wronged and sorry for their ancestors and ancestors to live in a small Taihuang Mountain.

The comparison between the two is ironic enough.

"Elders!" Zhang Zhenfeng said more and more that he felt reasonable, and took the initiative to stand up and say to the elders: "As long as we feed one person to the head every day, he can continue to practice. Since he can change from a human to a tiger, then naturally You can also turn from a tiger to a human!"

"At that time!" Zhang Zhenfeng flushed with excitement, "We will be the most powerful sect on the rivers and lakes when we are all together. Not only will we have a master-level master, we will also master a special way to become a master-level master. Cultivation method!"

Everyone was dumbfounded, and couldn't believe what the All-One View would look like at that time.

"In other words," someone murmured to himself: "Everyone of us can become a master, as long as we become tigers first, and then we become humans by cultivation..."

"Yes!" Zhang Zhenfeng said bewildered: "Even the life span of the elders can be greatly extended. It is not a problem at all to live one or two hundred years old and stay young! Look at the master, is it very young now?"

Everyone turned their heads and looked. The tiger man walking back and forth was indeed full of power, and it was definitely not what the old Zhenwei-hu and the same old head teacher should have.

"Hey, the human heart is the most terrifying thing."

Li Yun sighed, and the Leap Fire God Sword in his hand was slightly lifted, ready to move.

"Nonsense!!!"

The five elders, who had not spoken all the time, suddenly shot out in anger, slapped the triumphant Zhang Zhenfeng away, and shouted sternly: "I see the upright and upright sect, is it the kind of demonic sect that swallows the living?!"

Zhang Zhenfeng was slapped again, and he stunned directly on the ground.

Many people who have said this statement are ashamed.

The fifth elder shouted again: "You Zhang Zhenfeng, and the former head teacher arbitrarily, stepped into the evil way, not only violated the rules, but also violated the public order, and corrupted the reputation of Taoism! I now formally propose that as the elder of the whole world view. Dismiss the real person Yunlong as the teacher, and at the same time expel you Zhang Zhenfeng from the Taoist temple, you will never step into Taihuang Mountain forever!"

"I second!"

"Seconded!"

In addition to the great elder, several elders have spoken out one after another, and the Houtian realm disciples also agreed.

The sonorous and powerful words of the Fifth Elder made Li Yun couldn't help but say something admiringly: "Xia Xue, did you see it? There are actually more good people in the world."

"...Uh, uh." Fang Xue was in a mess now, there were too many things tonight, and it was too unexpected.

She hasn't gotten over yet.

Chapter 1945: Siege Tiger Demon

"I'll talk about these things later!"

The only great elder who didn't utter a sound of approval slowly drew out his sword, his wrinkled face looked decisive, and his eyes looked at the tiger demon with an inexplicable light:

"Elders!"

The elder sternly shouted: "We will teach the head first - no, we will control this tiger first, and we will talk about the following things later."

As he said, he glanced at Li Yun sternly: "This is the internal affairs of our all-in-one view, no one should get in, otherwise, he will be my all-in-one view's enemy, endlessly dying!"

What he said was also sonorous and powerful, full of decisive aura, so that everyone present was refreshed, and they all turned their eyes to Li Yun, Bu Junxian Abbott and others.

"joke."

Li Yun faintly responded with two words, then he said nothing more with a cold face.

"you!"

The elder sneered coldly: "You are just a patron of the palace family, and you are still self-proclaimed. Do you really think you can represent the palace family?"

Li Yun smiled, but still did not speak.

"enough!"

The fifth elder said, "Let's take control of this tiger first. All the disciples listened to the order: You are standing by for us. In addition, send someone back to know the people in Guanli and let them evacuate first!"

"Yes!"

"Elders!"

The fifth elder looked around in a circle: "Everyone, go together, this tiger is estimated to be refined, and the strength must not be equal to that of a normal tiger. You must be careful in the next battle!"

"Hmph, we know if you don't tell me!" The Third Elder responded coldly.

Watching the five elders in formation, five shining long swords pointed at the tiger demon pacing not far away, and there were more than a dozen elder disciples of the Houtian realm outside.

This is almost the entire strength of the entire Taoist temple!

"Li Yun, we?" Fang Xue stopped talking, not knowing what to do now.

"It's okay, watch it, as a theater." Li Yun stood still, and no one dared to give him any orders. After all, the previous sword was not a joke.

"...Hmm." Fang Xue was still a little uneasy, hiding behind him, watching the raging battle curiously.

She has a hunch that this battle will be very exciting and tragic, after all, the opponent is a huge tiger!

"kill!"

The great elder took the lead in the trouble, the sword in his hand burst out with a sharp sword light, and when he moved his foot, he flew over a distance of more than ten meters in an instant, and slashed straight at the tiger's left leg.

This monster is said to be a demon tiger formed after the palm teaching devours the tiger. It is four meters tall, and its legs are more than two meters high. The huge palm is bigger than the grinding plate, and five sharp nails are hidden in the palm. , Can only see the cold tip.

Several elders moved afterwards, splitting into several different directions and attacking the demon tiger.

It has to be said that the sword light emitted by the attacks of the five Innate Realm masters is extremely bright, like five meteors passing through the sky and directly rushing towards the demon tiger.

"it is good!"

"Take down this demon tiger in one go!"

"Hehe, a beast, how big is it? Dare to stray in our Taoist temple, a dead end!"

"The swordsmanship of the three elders is still so powerful!"

A group of Houtian realm disciples who swept the formation cheered, and they seemed to see the demon tiger slamming down, being easily subdued by the five innate realm elders, so that the whole view directly soared into the sky.

Apart from anything else, I don't know how much it can sell for this tiger skin!

"Roar!!!"

Chapter 1946: Chopping melons and vegetables

Facing the five rays of sword light, the tiger demon's eyes flashed with disdain, his fore palm slapped the ground, and then he opened the tiger's mouth and roared at the front.

"Roar!!!"

The explosive tiger roar sounded like a billowing thunder, and the five sword lights split instantly. The five people were shocked, and there was a momentary loss of consciousness in their minds. The swords could not be controlled and cut forward, but these five shone with cold light. The sword slashed on the tiger demon without losing a single hair!

Immediately afterwards, the tiger demon shook his body, and the five of them flew out with a muffled snort. The tiger demon turned his head and opened his mouth to bite towards the elder.

"Do not!!!"

The elder screamed in pain, his left arm was torn off directly, and blood spurted out. If he hadn't dodged the vital parts of his body in time, the tiger demon could swallow him alive with a sword!

Everyone was shocked, but the tiger demon's attack had not stopped.

It swallowed the \*\*\*\* arm of the great elder directly, and a brutal ferocity was aroused. The hairs all over the body stood upside down, and a pair of scarlet pupils exuded strange blood.

"Roar!"

The tiger demon leaped up, his huge body pressed like a hill against the four elders who flee. The four of them had pale faces and hurriedly raised their swords to block them.

As a result, the tiger demon flicked its tail. The thick and long tail of the tiger was like a steel whip. It interrupted all the four swords with a snap. The third elder was too late, and the right hand holding the sword was broken on the spot, and the fifth elder's back was broken. The tiger's tail was scraped, and the entire back suddenly became bloody, looking extremely miserable.

"escape!!!"

"This beast is too strong!"

"Run! Run away!!!"

All the people who watched together were frightened, and only one face to face, the five elders of the innate realm were defeated by the demon tiger chopping melons and vegetables, and there was no way to fight back.

In front of this huge tiger, there is no difference between the congenital realm and the acquired realm, and it is as fragile as a weak rabbit!

"What are you doing...what?"

At this time, the police officers who had been on the cable car from the foot of the mountain finally arrived. They had guns and flashlights in their hands. They were about to ask sharply what happened here, and the flashlights flashed forward.

All police officers armed with guns were stunned by this scene.

"Okay, what a big tiger!"

Director Zhou couldn't believe his eyes. How could there be such a big tiger in the world? Is All One View doing some evil biochemical experiments that use nuclear radiation to cultivate mutant tigers?

"Roar!"

The tiger demon, who tasted human flesh and blood, yelled again, aimed at the only person still standing in the field, and slammed fiercely.

The huge tiger demon weighs ten tons, and the strong wind it brings up after leaping high is frightening, and the sharp teeth in that terrifying tiger's mouth make the scalp numb.

"Run away!!" Everyone ran back madly, Director Zhou shouted in horror at the person standing there, but the other person seemed to be frightened and stood there holding a strange red long sword. at every turn.

When the huge tiger was about to pounce on him, the red sword light soared into the sky.

"The tiger demon suffers death!"

The fiery red light burst out, and Director Zhou was shocked to see that with the man's sword swing, more than a dozen small flying swords emerged out of thin air, swept away at the huge tiger the size of a bus.

Chi Chi Chi Chi!

More than a dozen sword lights whizzed and flew, cutting and slashing wildly on the huge tiger, and countless white hairs were chopped off, one after another like a small snowflake.

"boom!!"

Chapter 1947: Spike, the monster is revealed

The ten-ton tiger demon fell heavily to the ground, shaking the mountain, shook all the escaped people, and even the people in the hotel on the top of the 500-meter-high mountain heard the dull crash.

Director Zhou stared at this weird and inexplicable battle, completely beyond common sense.

The ground was smashed into a big hole by the tiger. The tiger, with its shiny white fur, has now become blood-stained, and there is almost no place in its body that is intact.

It has completely turned into a scarlet red, just like a blood-colored demon tiger crawling out of hell!

The cause of all this is naturally the only young man who still stands proudly in place:

Li Yun!

"This this!"

The elders and disciples who watched all together looked at all this in a daze.

The Demon Tiger, who was completely invincible for them, was easily defeated by Li Yun with a single sword. Such a huge difference made them almost think that everything that happened tonight was a dream.

Everyone calmed down and watched the injured tiger lying in the dirt pit full of blood, with a huge belly swelling one after another, proving that it hadn't died yet.

"Aren't you coming out yet?"

Li Yun stood in front of the tiger demon holding the Leap Fire God Sword. He was not at all proud of winning, and looked down at the tiger demon in the dirt pit with indifferent expression.

come out?

Everyone repeated his words subconsciously. At this moment, Li Yun is like an emperor who controls the world. Whatever he says, everyone else has to spend their brains thinking about the meaning of his words.

"Could it be that...?" The great elder who lost an arm, now his face was extremely pale, thought of something, and his expression became extremely horrified: "Palm, teach!"

"what!?"

All the people who watched all looked at the huge tiger in horror. The master teacher really merged with Zhenweihu as Zhang Zhenfeng said, and is still in Zhenweihu's belly until now? !

"Grumbling."

"Grumbling."

A weird burst of bubbles sounded, and everyone looked at the blood pit in unison. The monster tiger seemed to be seriously injured. The blood in his body was sprayed like a fountain, and the whole mud pit was filled with black and red tiger blood with a strong \*\*\*\*\* smell. , One by one bubbles of unknown origin came out, and the picture was abnormally \*\*\*\*\* and cruel.

Fang Xue didn't dare to look at it, and took a step back and stood not far behind Li Yun.

"Since you refuse to come out, then I will help you out!"

Li Yun raised the Leap Fire God Sword in his hand, and cut it down indifferently at the Tiger Demon.

In an instant, more than a dozen sword lights appeared again, slashing the tiger demon's stomach, revealing a...no, it was a \*\*\*\* figure!

"Ha ha ha, ha ha ha ha!"

The creepy wicked laughter sounded, and everyone present shuddered. They rushed to see the lively Quan Yi Guan handyman and the disciples from a distance. Now they all dispersed in a rush and didn't dare to get closer.

"What kind of monster is this?"

This thought flashed through everyone's mind.

They saw in the belly of the huge tiger, a whole body was covered with hair, standing on both feet, it could be vaguely seen that it was a human monster struggling to stand up.

The monster's hair was covered with blood, saying that he was a human, but he couldn't even see his eyes or mouth. Except for a hideous blood plate on his head, it was a monster with thick hair. Could it be a human?

He said he was not human, but the monster had human limbs, and he was still standing on his feet, as if he could still speak.

"Weird, monster!!"

The disciples of the Acquired Realm were so scared that they fell to the ground and crawled out one by one. In front of this kind of inhuman monster, let alone the Acquired Realm, even the Grandmaster Realm had to weigh whether they could deal with it!

Chapter 1948: Master Longwei

Li Yun stared at the hairy monster for a long while, and suddenly smiled: "In ancient times, a Buddha was swallowed by a golden-winged roc bird. After breaking out of his belly, the roc bird was named the peacock and the Great King Bodhisattva. It's really exciting to be a tiger man after taking the initiative to join the tiger's belly, and to become a tiger man after he breaks his stomach!"

Hearing this extremely bizarre sentence, although everyone was shocked, they were also expected.

"This monster is really a master!"

The five elders who suffered a back injury were extremely ugly at the moment, and everything that happened tonight was so bizarre!

"The master of Taoist temple? That real person Yunlong?!"

With guns in hand, Director Zhou and his police officers who only dared to look from a distance were very shocked.

As the security force of Mount Taihuang, they are naturally very familiar with everything on the mountain, and they also know that the real person Yunlong and Quan Yiguan have raised a tiger.

It's just that what they didn't even dare to think was that the real person Yunlong took the initiative to join the tiger's mouth, and finally turned into the appearance of this person not human, monster not monster? !

"hehe."

The strange man let out a cold, strange laugh, and "stared" at Li Yun with a face without eyes but a mouth: "Junior, what's your name?"

His horrible thick hairy face can make people have nightmares for half a year!

"Really Master?!"

Zhang Zhenfeng, who had already ran far away, quietly walked back, his eyes could radiate light as he looked at the thick-haired monster, and he kept thinking about something in his heart.

"Li Yun."

After reporting his name, Li Yun asked, "Old man, what is your name?"

The juniors are symmetrical to the older ones.

"Old man," the thick-haired monster paused, seeming to be thinking about something, and finally replied firmly: "Grandmaster Longwei!"

Longwei, a combination of the name of Yunlong real person and Zhenwei hu.

"Grandmaster?"

A sarcastic smile appeared at the corner of Li Yun's mouth: "It seems that Yunlong Zhen was not right before his life, and before he died. It should be said that before Yun Long became a monster, he was really persistent in wanting to break through the realm of masters, even his current name is not right. Forgot to add the word grandmaster."

In fact, now this thick-haired monster has nothing to do with the human grandmaster realm.

Li Yun said so much, in fact, to test who this monster is.

He is the real person of Yunlong, the tiger of Zhenwei, or the new intelligent creature produced by the fusion of the two—at least judging from the monster's ability to speak and communicate, he can indeed be called an intelligent creature.

From the current point of view, the thick-haired monster cannot be called the real person Yunlong, but it cannot be said to be a completely new type of monster. At least he has a great relationship with the real person Yunlong, and his thinking and memory have been greatly affected by the real person Yunlong!

Unfortunately, Zhang Zhenfeng didn't know these speculations of Li Yun.

"Master!!!"

Zhang Zhenfeng rushed out and knelt in front of the thick-haired monster with excitement and kowtow to him: "Master, you have finally achieved success in your cultivation and broke through! The disciple knows that you will definitely succeed!"

Everyone was taken aback, wondering if they should stop him.

The five elders have ugly faces, is it true that Quanyiguan really wants this kind of monster to continue to teach?

No, it's better to kill him!

"Ding, trigger the option event, please choose from the host:

Option 1: Prevent Zhang Zhenfeng from approaching Grandmaster Longwei, reward experience value + 1 million, all attributes + 1000, purple gift bag\*3, forehead reward: to be determined.

Option 2: Stand by and reward a white gift bag\*1.

Option 3: Kill Longwei Grandmaster directly, reward experience value +10 million, all attributes +8000, golden gift bag\*2, extra reward: random martial arts skill upgrade. "

Chapter 1949: Missing a pair of eyes for the teacher

"Um?"

Li Yun raised his eyebrows. After thinking about it, he chose not to make a move. Zhang Zhenfeng couldn't blame others for his own death. Li Yun was also wondering about the current psychological state of the monster "Longwei Grandmaster".

"Ding, the host makes a choice and rewards a white gift bag\*1."

Looking back at Fang Xue, Li Yun gave her a relieved look to prevent his girlfriend from worrying.

Fang Xue bit her lip and touched the bracelet Li Yun gave her, feeling calm.

"Master?"

Zhang Zhenfeng said that he was not afraid of being fake. In front of him, the monster with strong muscles and thick white hair was more than two meters high, and stared at him coldly. That one had no eyes and no nose. The face without ears is really hairy.

This is not human at all!

The longer he was stared at, the more frightened Zhang Zhenfeng became, and his knees on the ground couldn't help but move back.

Moved again.

In the end he couldn't take it anymore and stood up and wanted to run.

result.

"Good apprentice!"

The big fluffy hand pressed his shoulders, Zhang Zhenfeng couldn't help screaming, only feeling that his body was firmly controlled by the big hairy hand, and an indescribable cold air instantly penetrated into him. In the body, he couldn't move even if he wanted to.

"Where do you want to go?" The hairy Grandmaster Longwei grinned. There was only a big mouth on his face. After opening his mouth, everyone immediately saw that his teeth were all as sharp as tiger teeth, four staggered up and down. The front teeth are even more eye-catching!

"Master, Master!"

Zhang Zhenfeng can't cry even if he wants to cry.

"Hehe, my good apprentice."

The fur monster moved his palm from Zhang Zhenfeng's shoulders, along his neck to his head. The fluffy touch and a strange breath made Zhang Zhenfeng want to scream, but his body was uncontrollable!

"Didn't you say that after Master leaves the customs, you can be the head of the Taoist temple and manage the Taoist temple for me, so that the reputation of the entire Taoist temple will spread throughout the world?"

The furry monster said in a hoarse and gentle tone, and his huge right hand rested on his head.

"Me, me, me!" Zhang Zhenfeng stammered, "Dang, of course it is."

Everyone was dumbfounded.

"But what about you?"

Grandmaster Longwei's tone fell into a low tone: "Master asked you to capture a few people, so as to help you practice the exercises for your teacher, and achieve the Taoist realm of the unity of nature and man, and the prosperous dragon and tiger. A layer of iron cage shuts up the teacher like a beast, you say, is this worthy of your master?"

Zhang Zhenfeng's legs trembled, "I, I, I, I'm sorry, Master!"

Li Yun frowned. It seemed that this monster had a high IQ, and he almost perfectly inherited the memory of real person Yunlong.

It's just that his head seems a little confused. For a time he claimed to be Zhang Zhenfeng's master, but for a time he didn't.

"Haha, but it's okay."

Grandmaster Longwei grinned with a penetrating smile, and stared at Zhang Zhenfeng with an eyeless face: "Your Master forgave you, and I forgave you."

Everyone was a little surprised, your master? Is this monster real Yunlong?

"Thanks, thank you, Master!" Zhang Zhenfeng is now sweating coldly. He just wants to leave the monster and talk about the future!

"Disciples, disciples, I wish Master..." Zhang Zhenfeng smiled flatteringly at the monster, "Go ahead and defeat all the people here, and let the name of Taoism spread throughout the rivers and lakes!"

"Very well, if you have this consciousness, it is much more gratified to be a teacher!"

Grandmaster Longwei turned around, "However, there is still something missing in the body of the teacher, and I need you to help me become a teacher."

"What is missing?"

After subconsciously looking up, Zhang Zhenfeng had a bad feeling after seeing the big plush face with only his mouth.

"Lack, one, two, eyes... roar!!!"

Chapter 1950: The real tiger demon

In the horrified eyes of everyone, Grandmaster Longwei opened his mouth wide, biting down Zhang Zhenfeng's arm and swallowing it directly into his stomach.

"what!!!"

With blood splashing, Zhang Zhenfeng let out a violent cry.

Everyone was horrified to see that a pair of blood-red eyes grew out of the monster's face, staring at them fiercely.

"There is still a nose missing!"

With another bite, the monster viciously swallowed his other arm alive.

Then, the nose grew out.

"One pair of ears less!"

"One less tongue!"

"I still lack a tiger tail for my teacher! Good apprentice, you will help, right?"

"..."

For the last bite, Grandmaster Longwei completely swallowed Zhang Zhenfeng into his abdomen, licked it with satisfaction, clenched his fists, and punched the air with a harsh blast.

"Roar!!!"

The monster raised his head and roared, the mighty and domineering tiger roar shook the world, and the entire Taihuang Mountain was plunged into horror and anxiety.

The real tiger demon finally took shape! !

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the tiger demon, reward justice value + 200,000, experience value + 30 million, all attributes + 50,000, colorful gift bag\*1, aura value of 200,000, additional reward: basic training method of the monster \*1 .

Option 2: Leave quickly, let Missiles solve this tiger demon, reward justice value +1000, purple gift bag\*2.

Option 3: Choose to take Fang Xue to escape, no reward. "

Another colorful gift bag, and there are 200,000 aura values!

It's just that Li Yun was a little surprised when he saw the extra reward. It turned out to be a Yaozu's cultivation technique. Could it be that the system hinted that he was converted to a Yaozu?

Li Yun doesn't have this idea!

"Xiaoxue, stand back!"

Li Yun shouted in a deep voice, Fang Xue behind him backed away in fear, and the others followed suit, quickly giving up a battlefield.

"Junior!" The tiger demon who finally possessed facial features stared at Li Yun with his fierce eyes, "My instinct tells me that you are great! It seems that there are still many things I don't know about in this world. !"

Li Yun smiled faintly, "There are monsters like you in the world where humans and beasts merge, so naturally there are practitioners like me."

"Practitioner? Hahahaha!"

Grandmaster Tiger Demon Longwei laughed happily, "Originally, I thought that after becoming a Grandmaster, there would be no rivals in the Great Rivers and Lakes. I didn't expect that there would be people like you! I saw that Taoism also exists, and so are immortals. Existing, good! That's great!!!"

The tiger demon exuded a sense of pride, as if seeing that he could become immortal in the future and become an immortal immortal forever.

"It's really good, but it's funny." Li Yun's expression was calm, and he swept away with his sword. A dozen or so fiery red sword lights flew out, shocking the police who came.

"This is the fairy fighting method?" Director Zhou looked at the small pistol in his hand and couldn't help but smile. In front of the two people, the small pistol was similar to the toy gun.

Grandmaster Tiger Demon Longwei sneered, sharp tiger claws emerged from his ten fingers, and he slammed at these sword lights!

"Ding-ding-ding-ding!"

A series of crisp sounds sounded, the fiery red sword aura collided with the tiger's claws, and the dazzling sparks flew all over the sky accompanied by the hot flames, stunned the crowd of spectators.

At the end of the move, a dozen sword lights were stopped and dissipated as fireworks.

Grandmaster Longwei squeezed his tiger's palm, and said sarcastically, "It's nothing more than a small bug. I have merged with Zhenwei, and I have the blessing of elixir. How many times you attack like this, I can't help it!"

"Yes."
