

Godly Choice 2161

Chapter 2161: Harmony

Such enthusiasm made Jin Liuli a little overwhelmed, so she could only blush and nod her head.

Even Li Yun is a little strange, and Su Muxin is too enthusiastic. Is she trying to build a good relationship with the sisters?

Also, if it weren't for Li Yun, she wouldn't have to please other girls in this way.

"Mu Xin, let's eat first, and have fun when we get on the cruise ship!"

Li Yun was moved. The three did not know each other, but because of his relationship, the three women were "forced" to become sisters, and they had to travel together and live together. The three sacrificed too much for him.

Under the guidance of Li Yun's conscious topic, he told the three daughters a lot of their birth, origin, personality and hobbies, etc. Xia Feiyao and the two daughters knew that Su Muxin was the daughter of Su Tengyun, and Su Muxin also knew. Because of the origins of the two heroines, they are both famous sects in the arena.

"Mu Xin turns out that you are Su Tengyun's daughter, so amazing." Xia Feiyao was very surprised. Su Tengyun's reputation is too big. Nantian Technology Group's products go deep into every aspect, as long as you use mobile phones and social tools. Yes, no one does not know his name!

"Hehe, it's actually nothing, my dad also has more money."

Looking at the two women, Su Muxin said playfully: "He often tells me not to offend people from the rivers and lakes. After all, the big sect has a long heritage and strong strength, so you can't easily offend it!"

The two women looked at each other and were very proud. Compared with Su Muxin, their advantage lies in the fact that they stood behind the famous sect who had passed on for hundreds of years!

"Furthermore." Su Muxin took the initiative to compliment again: "I heard that the Grandmaster Stage is very, very powerful, and you are all granddaughters of the Grandmaster Stage, your background is much better than me~"

"Whee."

Jin Liuli couldn't help laughing, shaking her head and shaking her little feet, and said cheerfully: "It's okay for the Grandmaster Realm," she glanced at Li Yun, "This big ghost gave me a martial arts secret book. To become a more powerful warrior than the Grandmaster Realm!"

Xia Feiyao's eyes widened suddenly, cheats? Why didn't she!

"Woo, husband~"

Because it was in front of the sisters, Xia Feiyao appeared very open, and directly attacked her husband with a bitter look, causing Li Yun to directly raise his hand to surrender.

Xia Feiyao took her husband's arm and watched the two sisters fighting with a happy smile. Her character was not as relaxed as that of two women. Although she also loved to play, she was still a relatively quiet woman.

—Although sometimes I have a sense of justice, I will rush into the enemy's nest stupidly and get fascinated by drugs. Fortunately, Li Yun rescued her at that time.

The four of them walked to the beach and stood on the coast looking up at the huge ship.

It's hard to imagine how big a sea cruise ship is without seeing it in person.

It is 72 meters high, which is equivalent to a 20-story building, and 370 meters long, which is equal to the straightened distance of one circle (400 meters) of the track and field field of an ordinary school, and 65 meters wide.

Such a huge ship on the sea made everyone who saw it flashed an idea in their minds: It's really big, it's really tall!

"The Ocean Princess has a displacement of 250,000 tons. It has Central Park, Broadway musicals, water dance performances, and of course, all kinds of restaurants, gyms, duty-free shopping malls, etc., everything!"

A gentleman's voice rang. Li Yun and the four turned to look and found that the talking was a young man of about 25 or six years old, dressed in high-end designer clothes, with a gentle smile on his handsome face. After Li Yun looked over, he held the wine glass and raised it to Li Yun.

Then, a person dressed as a waiter came up immediately, holding a tray with five or six glasses of various colors on it.

"Four people, do you mind getting to know each other? My name is Zhou Yingcai, from Beijing!"

Next to this handsome guy, there are two beauties in cool clothes standing next to him, with an intimate appearance, but unfortunately, these two are so good-looking. There are more than seven beauties, and they can only be overshadowed in front of Su Muxin's three daughters. , All aspects were crushed, so that the eyes of the two beauties looking at them were not right.

"My name is Li Yun, from Zhonghai City."

Li Yun smiled slightly and glanced at the waiter, but the system prompt happened to sound.

"Ding, trigger the option event, please choose from the host:

Option 1: Drink fine wine, make friends with Zhou Yingcai, and reward a blue gift bag*3.

Option 2: No drink, no reward.

Choice three: sneered, turned around and took the three girls away, no reward. "

Chapter 2163: Female companion

Li Yun smiled, this reward is too shabby, right? Dispensable!

He took a glass of red wine and drank it in one go. The cold red wine entered his throat. Li Yun couldn't help but exclaimed, "Good wine!"

He doesn't mind making a few friends, and not every man who comes near is coveting the beauty of his confidante, although this week Yingcai did look at Su Muxin's three daughters with admiration, but at least there is no such anxious look. Performance.

"Ding, the host makes a choice, rewards a blue gift bag*3, extra reward: Yachting Knowledge (Elementary

Yachting? What kind of skill is this?

Li Yun laughed dumbly. Could it be that he was rewarded with a skill that was rewarded by a wealthy ***** like Zhou Yingcai?

"happy!"

Zhou Yingcai laughed and waved his hand to retreat the servant who was following him. He stepped forward and patted Li Yun's shoulder vigorously. He hehe laughed: "My favorite refreshing friends, three beautiful women, do you mind getting to know you? Wait a minute. Let's play together on the cruise ship. These are my two female companions. You can call them Zhenzhen and Lingling!"

Zhenzhen, Lingling.

This kind of extremely casual address is already very clear. They are the female companions of the bag. They are only equipped with this name. They are not even the girlfriends of Yingcai last week. They are at most bagging for a while. After getting tired of playing, they can just millions. Dismissed Xiaomi.

"Hate, Zhou Shao, they have a name!" Zhenzhen and Lingling acted like a baby, but Zhou Yingcai just laughed and didn't take their words to heart.

The wealthy travel, not only must be accompanied by female companions, but also bodyguards secretly follow. Of course, servants like the servants holding wine just now are also accompanied by them.

This is enough to show that Zhou Yingcai's background is extraordinary, at least he is also a wealthy family with a net worth of more than 100 billion yuan!

"Satyr and Playboy are friends, so good match!"

Needless to say, it is only Jin Liuli who would call Li Yun a big pervert!

She glanced at Zhou Yingcai squintingly, then raised her chin proudly and snorted, not wanting to know each other at all.

Su Muxin waited for a while, only smiled when she saw Xia Feiyao. Without introducing herself, she knew that the two female heroine sisters did not say anything, but in fact they had a very arrogant attitude towards people outside the rivers and lakes.

And they felt low self-esteem before. This is actually not a conflict. Su Muxin has heard her mother say that people from the rivers and lakes... are a kind of conservative, arrogant, and deeply inferior group of people.

"These are my three female companions," Li Yun introduced him. The words female companion and male companion are really easy to use now, "Su Muxin, Xia Feiyao, and this proud little girl: Jin Liuli !"

"You are proud~!"

Jin Liuli gave Li Yun a lovely look, then turned to look at the big ship.

Zhou Yingcai's expression became a little weird, and Su Muxin didn't care. These two were actually his girlfriends?

A man took three beauties on a cruise ship and traveled to sea. What he would do, what he could do, and what was about to happen, presumably anyone could guess.

The excuse of the female partner is just a deception.

"Hello, Miss Su!"

Ignoring the two girls who were obviously unwilling to talk to him, Zhou Yingcai focused on Su Muxin, which was one of the reasons why he took the initiative to talk to him.

"Do you know me?" Su Muxin shook hands with him and asked curiously.

"The daughter of the Su family of Nantian Technology, presumably Huang Xuanguo has heard of Miss Su's father's name, and I have also met you."

Chapter 2164: Wonderful journey

Zhou Yingcai's handsome face was full of compliments, and Su Muxin was a little embarrassed:

"Sorry, I don't have much impression of you."

"It's okay, I'm just a nameless guy."

Zhou Yingcai smiled freely and looked at Li Yun again: "It's this handsome guy, with a pretty face."

He was actually quite shocked.

Miss Su of Nantian Technology is also the top wealthy family in Huang Xuan. Although she is still a little bit away from the real powerful children, she does not go out to sea with people casually, and she is still with two other women. Together, was taken to sea by a man!

This is simply... Su Muxin is violating herself!

If it spreads out, I don't know how many people's jaws will be scared off!

"I'm just a nameless man."

Li Yun replied with his words, Zhou Yingcai laughed, and there was not much interest in asking.

The three of them were outside the waiting hall, standing on the shore chatting, waiting for the boat to sail.

The topics ranged from the recent college entrance examination, to technology, and then talked about yachts, wines, luxury cars, etc. Li Yun did not participate in many topics, and Su Muxin was not very interested in these topics. Most of the time, Zhou Yingcai sang solo performances alone. .

"Strange, what exactly does Li Yun come from?"

Zhou Yingcai muttered in his heart, looking at him as a rich man, why didn't he know anything about luxury goods?

He and each other are like two worlds, and they can't talk together at all!

As for the other two arrogant little beauties, they had long been playing at the beach enthusiastically, and they were also not interested in the topic at all.

"Yaoyao, Xiao Liuli, come back soon, I'm going to sail!"

Taking a look at the time on the phone, Li Yun shouted to the two little girls who were happily playing with their children in the sand in the distance. It is estimated that these two people are the first time to come to the sea, and they are very curious about everything on the seashore.

If it were not for time, they might still want to take a sand shovel and build a sand castle with great enthusiasm.

"It's really annoying, people haven't played enough yet~, why did you sail the boat?"

After returning, Jin Liuli still clapped his hands and kicked his feet to clean up all the sand.

Zhou Yingcai's pupils shrank and he seemed to understand the origin of these two little girls!

They are quack people!

The two clapped their hands casually, and then all the sand on their hands was slapped off. There was no sand left, which was enough to prove that they had good strength!

"No wonder so arrogant." Zhou Yingcai secretly said in his heart.

Su Muxin smiled and squeezed Jin Liuli's cute round face: "Don't worry, Xiao Liuli, the cruise ship will stop at various ports, and the destination will be Haowei Island, but we will play there for a few more days before flying back. There is a beach there. It's the best, much more beautiful than Zhonghai City!"

"Sister Little Pepper, what's so fun about Weiyi?" Xiao Liuli, who loves to play, was moved and asked hurriedly.

"There are a lot of soft sand, beach chairs, seagulls, clean sea water, and cold coconut milk! If you want to play more, you can also play surfing and diving in the shallow sea. There are many beautiful coral reefs and various colors on the bottom of the sea. The fish is very beautiful~!"

"Beach, seagulls, surfing, diving...are there so many fun things?!"

Jin Liuli's big eyes became wider and wider, and she felt shocked just by hearing these descriptions.

Even Li Yun felt that this ten-day trip would be very wonderful.

"Wait, Mu Xin, isn't it ten days?"

"Ten days on the sea, five days for Weiyi, exactly half a month~"

Su Muxin hugged Li Yun's arm and acted like a baby: "It's also summer vacation anyway, Brother Li Yun will spend half a month to accompany others, okay~~"

".....it is good."

What else can Li Yun say? Anyway, there are three of them around, this journey will never be boring.

Chapter 2165: Skirmish

After the ticket check started, Li Yun and Zhou Yingcai waited outside for a while, waiting for more than half of the two thousand people in the ship hall to pass the security check before entering the hall.

The Ocean Princess can carry more than 6,000 passengers, with more than 1,000 balcony rooms, and 500 interior cabins, plus more than 2,000 crew members, attendants, 50% off performances, staff, etc. The Princess needs to carry more than 10,000 people on the sea for a journey!

"Mu Xin!!!"

As soon as a few people entered the hall, another man's voice rang. After hearing this voice, Su Muxin's beautiful face immediately showed a touch of irritation, which was obviously very impatient with this person.

"Mu Xin, finally waiting for you!"

The man walked over quickly. This was someone Li Yun didn't know. After he walked in front of Su Muxin, he wanted to hold her small hand with an enthusiastic expression on his face, but Su Muxin avoided it flexibly and just happened to hide. Behind Jin Liuli.

"Mu Xin!"

The man still wanted to take a step forward, but Jin Liuli had already taken action.

"What do you want?!"

Jin Liuli's eyebrows were erected, her petite body exuded an aura of pressure, Xiaofen fisted forward, and the strong wind blew her face for a moment, scaring the man back a few steps in a hurry.

"Humph!" Jin Liuli looked at him contemptuously: "Come here and be careful when I beat you, stay away from me!"

Then stretched out his hand and pointed to the man who stretched out his hand: "And you, get away from me. Be careful, grandma, I'll hit you all!"

Li Yun shook his head and smiled bitterly. When this girl met for the first time, her temper was very hot, and it is still the same now.

"Smelly girl, you are looking for death!"

The few fierce-looking people were furious and came over cursingly, rolling up their sleeves and going to hit someone.

"Want to fight?"

Jin Liuli smiled with joy, "Auntie, I have never been afraid of fighting when I walk around the rivers and lakes. You go together and see if my auntie is not going to teach you a lesson!"

Su Muxin was stunned. It was the first time she saw a girl who could be so violent, and this person was the younger sister she had just recognized.

It's worthy of being born in a great genre!

As for Li Yun, he glanced at her squintly. When did this girl walk through the rivers and lakes? Who was it that he was scared to stick to him when he drilled the grave last time?

"The smelly child is looking for death!"

One of them reached out his hand and touched the belt of his pants. After feeling for a moment, he froze on the spot.

Li Yun's eyes moved slightly. It seems that these people usually wear guns. No wonder they are so arrogant-although Jin Liuli is even more arrogant.

"Enough! Stop it!"

Su Muxin coldly drank the opposite man, and said indifferently: "Yan Jingyi, take care of your people, otherwise they will immediately disappear before my eyes!"

"Yan Jingyi?"

Li Yun turned his gaze to him, smiled and said, "So you are Yan Jingyi. You have been admiring your name for a long time, and I was lucky to see you."

Yan Jingyi's face changed slightly and stopped the movement of the people who came with him. He glanced coldly at Li Yun, then turned around with a cold snort, "Let's go!"

Obviously, Li Yun knew him, and he also knew Li Yun!

"Ding, trigger the option event, please choose from the host:

Option 1: Grab Yan Jingyi's party directly, reward justice value + 50,000, experience value + 20 million, all attributes +1 million, golden gift bag *3, extra reward: random martial arts skills increase by one level.

Option 2: Stop him, provoke him, put a long line to catch a big fish, reward justice value +2000, all attributes +1000, purple gift bag*2.

Option 3: Ignore, no reward. "

Chapter 2166: What about kicking you

Yan Jingyi is the son of Yan Shengrong. This group of people must be plotting a plan, and it is closely related to the cruise ship!

No wonder the justice value and reward are so high!

A smile appeared at the corner of Li Yun's mouth, and he kicked Yan Jingyi, who was facing away from him!

"!!!"

Everyone was dumbfounded, watching Yan Jingyi staggering to the ground in disbelief, falling a dog and chewing on the mud, attracting the eyes of countless people in the hall.

Time seemed to be quiet at this moment. After all, absolutely no one would have thought that Li Yun would actually kick a rich second generation with his subordinates to the ground!

This is simply ridiculous!

Even Zhou Yingcai, a **** from a wealthy background, felt that this kick was truly shocking.

"Little* **** looking for death!"

Yan Jingyi fell to the ground before he got up. Several fierce men beside him immediately rushed up violently, punching Li Yun in the face.

"Little Liuli, save me!"

Li Yun stretched out his hand and pushed Jin Liuli. This girl was still a bit confused about the situation, but after being pushed out, she also reacted and greeted her with a fan fist.

boom!

Jin Liuli fisted a strong man on the opposite side, and then she took out a soft whip and slapped it at the remaining four people.

"Bad guy to die! To die! Actually dare to trouble grandma, huh, let you know how powerful aunt can whip!"

The whip pierced the air and made a crackling sound. Accompanied by Jin Liuli's excited yell, the whip hit these brawny men and quickly beat them to the head, and even Yan Jingyi on the ground was hit by the whip in his butt, which made him feel so painful. Climb away with hands and feet together.

Fortunately, Jin Liuli didn't use her anger, nor did she choose to chase them. After whipping them away, she stood triumphantly and exclaimed: "Now that I know how great grandma is?"

"..."

Not to mention that Su Muxin and Xia Feiyao were shocked, even Li Yun, who was the initiator, reluctantly covered his forehead.

This girl really doesn't know how serious it is when she is playing around, so she won't dare to ask her to take action next time, it's terrible.

"you you you you!"

Yan Jingyi was embarrassed, his **** was violently hit by the whip. He trembled with anger and reached out to his arms. When he wanted to take out something, a black-hole muzzle was pointed at his head.

"Put down your right hand." With a smile on Li Yun's face, he pointed at the ground with his muzzle: "Squat down with your hands holding your head, don't move, raise your hands, hold your head, um, very good, perfect! What! Don't you know whether to hold your head or raise your hands? Don't you want two hands anymore?"

There was a riot in the hall, and dozens of people who had not boarded the cruise ship hurriedly hid behind their chairs, or seized the time to board the ship.

When Yan Jingyi was forced to hold his head with both hands and sometimes squat down with his hands high, the security forces at the dock finally arrived.

"Who are you?! Put down your weapons immediately...what? Do you have a gun license?"

A group of police officers looked at each other, and after confirming that the documents in Li Yun's hand were authentic and valid, they instead pointed their guns at Yan Jingyi and his party.

"Hey, you all go back."

Li Yun handed the white-green pistol to the police officers and shrugged to them: "I just take it out for fun, okay, there is nothing wrong here, it's just a joke."

"Play!?"

A group of police officers almost took Li Yun back to the prison with no use of their eyes, but when checking the verification document just now, the real and effective information from the national security department forced them to stop. The police chief hurried to contact the superior department. Check Li Yun's identity.

Chapter 2167: I'll beat you up for fun

"Yes, just for fun."

Li Yun smiled indifferently, and turned to Yan Jingyi, who was still squatting on the ground, and said, "Yan Jingyi, right? For Mu Xin's face, I will let you go this time. Remember, don't show up in front of me in the future. Mu Xin is me. Girlfriend, dare you have any thoughts of toad eating swan meat to her, I will kick you once when I see you!

Now you can roll! "

Yan Jingyi's face rose to the color of pig liver, gritted his teeth with hatred, and his eyes seemed to burst into flames. After a long while, a sentence popped out from between his teeth: "Waiting on the cruise ship, it is your death date! Dare you dare? Go up? Humph!"

After using a very obvious aggressive method, Yan Jingyi turned around and walked towards the customs, his face was extremely clear, and he passed the border inspection, and then embarked on the cruise ship.

"What does this guy want to do?" Jin Liuli was full of doubts, and turned to look at Li Yun: "What do you want to do as a pervert? Are you crazy?"

Judging from what she knows about Li Yun, the action of suddenly stretching out and kicking the opponent just now is not something this big satyr can do. It is too abrupt, not introverted at all, and does not fit his character!

Xia Feiyao and Su Muxin, as well as Zhou Yingcai with weird expressions all looked at him.

"I'm now--" Li Yun stroked his hair coolly, making an arrogant gesture: "I am a rich second generation who has nowhere to spend, and beautiful women around him!"

"Disgusting!" Jin Liuli hit him with a small head.

"Puff chuff~" Xia Feiyao smirked while covering her mouth.

As for Su Muxin...she hugged Li Yun's arm happily, and said happily, "Brother Li Yun is the rich second generation? That happens to be a couple with me. I am also the rich second generation, ah no, I am Bai Fumei, la Lala~"

The people around looked at each other, not knowing what to say.

The captain has already received instructions from the leader. This Mr. Li Yun's identity is not simple, and the superior leader personally made an order: Mr. Li Yun's pistol, wait a while and then quietly return it to him. The action is concealed and not exposed.

After receiving this order, the captain gave Li Yun a thoughtful look. This Mr. Li Yun must be performing a secret mission, right? And these three beauties are probably a cover for his identity.

The identity seems to be bright, but in fact it is dark, it is really high, high!

"Mr. Li Yun, the security check passed, please pass."

When Li Yun and his party passed the customs inspection, the staff member who searched Li Yun's body quietly put the pistol back into his pocket.

"Thanks."

Li Yun smiled, and after touching his pocket, the gun disappeared.

The reason why he handed over the gun was simply not to panic the passengers on the cruise ship. After all, carrying a gun on the ship would easily cause panic.

"Ding, the host makes a choice, stops Yan Jingyi, provokes a bit, puts a long line to catch a big fish, rewards justice value +2000, all attributes +1000, purple gift bag*2. Forehead reward: maritime navigation knowledge (advanced

Is there a forehead reward? good! It seems that my performance is very good!

Li Yun was quite satisfied. He checked the knowledge of maritime navigation and found that it was knowledge about observing storms, waves, fish schools, ocean undercurrents, and floating ice.

With these, coupled with the master-level driving proficiency acquired before, Li Yun can now serve as the captain of a giant cruise ship, and even the first officer, second officer, chief engineer (old track), watchman and other positions.

Chapter 2168: Board the cruise

"I have to search, it's really troublesome~"

After Jin Liuli passed, she walked over and complained that she was searched by a policeman lady just now, causing the soft whip on her waist and the small dagger on her leg to be found.

Fortunately, she was related to Li Yun. These things were later on. Then move it to the cruise ship and move it directly to her room.

"Didn't I give you the space ring?" Li Yun smiled helplessly.

The cruise ship has to leave Huangxuan State, head to the Southeastern Cliff countries, and finally cross the Pacific Ocean to reach Howeyi. Of course, border inspections are required to go abroad.

"Of course you have to carry your weapons with you, otherwise it will be more troublesome!" Jin Liuli was still plausible, "Just like just now, if I didn't take out the whip in time, I would have harmed you this bad guy!"

"Okay, I was wrong just now. I apologize to my Xiao Liuli." Li Yun lowered his head and kissed her smooth and round forehead, making Jin Liuli hurriedly fled behind Su Muxin, her little cheeks flushed. :

"You, you... rascal! Big rascal!"

"Hey, go, let's get on the boat!"

After seeing Zhou Yingcai and his Zhenzhen Lingling also pass the security check, Li Yun called out and the group began to follow the bridge and onto the cruise ship.

"Shao Zhou." Lingling behind him whispered, "This is Li Yun, he seems to have a big background? Just now I dared to take out the gun and still enter the cruise ship safely..."

"Shut up."

Zhou Yingcai changed her previous laughter, gave her a cold look, and warned: "You are not allowed to talk about others behind your back. You can't talk about such a character, understand?"

"Yes, yes, Shao Zhou!"

Lingling and Zhenzhen nodded in fright. If they dared not answer, Zhou Shaoneng would directly send them back. Not to mention that they had passed the security check, even if they had already been on the cruise ship, Zhou Shao could have a way to drive them away!

Li Yun couldn't hide the conversation behind him, but he didn't care, he just looked around on the cruise ship with leisurely eyes.

The bridge connecting the cruise ship and the coast leads to the fifth deck of the cruise ship. After reaching the deck, a group of people can truly feel the hugeness of this oasis-class Ocean Princess.

"so big....."

Jin Liuli raised his head and looked at the dozen or so high-rise buildings above his head. The rows of windows are denser than those in the city, probably because of the sea, which reduces the height of some floors.

Because of this, there are many windows and corridors inlaid on the white walls that are invisible at first glance, which makes people look very spectacular!

After all, this is a giant cruise ship more than 300 meters long!

Zhenzhen showed disdain, and opened her mouth and said, "Soil..." Turtle.

The last word was swallowed back into her stomach abruptly by her.

She suddenly remembered that the little girl who looked like a terrapin just now, in the crowd, took a whip and slapped a rich second-generation violent girl fiercely!

Although this girl is a little bit earthy, she is definitely not something she can afford.

Li Yun glanced at her, took out a card and stuffed it into Jin Liuli's hand: "Hey, Xiao Liuli, don't hesitate to play whatever you want to play next, there are more than 30 billion in it, just spend it!"

"More than 30 billion!!"

Zhenzhen lost her voice and screamed, causing many people around to look over, curiously looking at a golden card in Jin Liuli's hand.

Many people have recognized that this is a state-owned commercial bank's premium guest card, which is only issued to customers with a deposit of one billion!

Li Yun shrugged, "I have nothing else but money!"

Zhenzhen couldn't say a word that she whispered. She even laughed at others, but her boyfriend changed hands to 30 billion dollars.

Chapter 2169: Give your girlfriend money

"Why give me the money?" Jin Liuli threw it back to Li Yun with disgust, and said proudly: "When I went out, my mother gave me a card with a deposit of 100 million yuan, so I don't want you!"

When she was arrogant, Jin Liuli would do everything in front of her.

Li Yun asked, "Isn't it justified to give your girlfriend pocket money? Xiao Liuli, you really don't want it?"

".....want!"

Jin Liuli snatched the golden bank card back again, blushing on her little cheek, turned her head and whispered: "Don't get me wrong, I'm not your girlfriend, I'm just, just...anyway, this card belongs to me. Humph~"

Without saying it, she has already acquiesced that she is his girlfriend?

Li Yun laughed loudly, but then, seeing Yaoyao and Xiaojiao's faint eyes, the laughter suddenly choked back.

"Uh..." Li Yun touched his pocket, spreading out his hands empty-handed: "I'll just have a card."

"Hehehe~"

Seeing his helpless expression, the two women covered their mouths and laughed. They didn't want money, but didn't want to fall behind.

"Or..." After hesitating, Jin Liuli bit her lip, took the two women's hands, and said, "Let's use this card together. All the money is spent, hehehe~"

Her cute appearance made the people around her be stunned.

Three people spend 30 billion of boyfriend's together?

In other words... these three beauties with different temperaments and excellent figures are all the girlfriends of the owner of this card? !

"Damn it! I actually took three beauties to travel!"

"Damn, I can only play with my brother, what is this?"

"Look at others, then look at me... I won't talk about it, it's all tears!"

"Just you men want to find three female companions to play with? Don't look at how much money you have in your pocket!"

"Huh? Why do I think that man is a bit familiar."

There was a lot of discussion among the people around, and they vaguely recognized Li Yun's identity as the number one winner in the college entrance examination. It was only because there was some gap between the live broadcast and the appearance of the real person that he did not dare to recognize it.

Li Yun hurriedly took the three females to show up. Coincidentally, the room booked by Zhou Yingcai was also on the same floor as the room booked by Su Muxin. They were both on the 16th floor, which was a perfect place to enjoy the ocean scenery. You won't feel the sun from being too close to the roof of the building.

A group of people enter the interior of the cruise ship, and there are huge cruise ship hull facilities everywhere along the way. For example, a large enclosed metal structure full of one person's height, without knowing what it is; a dim corridor with no head at a glance, leading directly to the interior of the hull. Jin Liuli only took a look, and she was so frightened that she grabbed Li Yun's arm.

—She thought of the scene when she entered the tomb tunnel last night, the cabin is really like it!

Li Yun smiled and squeezed the girl's pale face, which was frightened, and took the three girls onto the transparent landscape elevator and went straight to the 16th floor.

When she came out, Xia Feiyao quickly saw that there was a large deck downstairs with a sea paradise on it, with a huge screen standing in the sky, "It will definitely be very lively at night!"

Xia Feiyao said with certainty that she couldn't help but start to look forward to the lively scene of the cruise at night.

"At night..." Zhou Yingcai interrupted and said: "There are usually many performances on the cruise, including classical piano, sea dance, acrobatics, there should be a few banquets, ballroom exclusive to the suite, etc.!"

Chapter 2170: The most expensive sea view room

"There are a lot of tricks." Jin Liuli murmured, but seeing the curious expression on her small face, Li Yun knew that this playful girl would definitely look forward to having fun on the cruise at night.

"suite?"

I opened a room with Li Yun, but did nothing. I only talked to Xia Feiyao for one night. Her face was slightly red, and she curiously asked, "Isn't the suite the lowest-level room in the hotel? Listen to Mr. Zhou. , The suite is the highest class on the cruise?"

Jin Liuli suddenly thought of something and stared at Li Yun suddenly: "How many rooms have you booked, the big gangster? Isn't there only one room, right?"

"Two rooms."

The answer was Su Muxin, she said with a smile: "And they are all suites, you don't know Feiyao, the space of a room on the cruise ship is relatively small, so the rooms on the cruise ship are divided into several levels.

The cheapest inner cabin has no windows. The ocean view room has a window that cannot be opened to see the ocean view. The balcony room is a true ocean view room with a comfortable balcony.

As for the suite—"

Su Muxin glanced at Li Yun a little shyly, "It is similar to a suite in a normal hotel, about 70 or 80 square meters, with a large balcony, exclusive catering staff, independent dining area, private butler service and so on. "

"That must be very expensive, right?" Zhenzhen couldn't help but interject, and at the same time she looked at her owner: "Zhou Shao, is our room also a suite?"

It doesn't matter if these three women are more prettier than her. If they can't even open the room, then she won't have to mess around with Zhou Shao, just leave Zhou Shao behind, just follow Li Shao!

Shao Li was so generous, he took out a supreme VIP bank card at hand, if he could be his girlfriend...I would be happy to think about it.

"One hundred thousand a night."

Zhou Yingcai's tone was flat, "It's equivalent to the price I paid you for three months."

"..."

Everyone is a little embarrassed, everyone knows this kind of thing, but it is a little inappropriate to put it on the table.

Zhenzhen shrank in fright, dare not say anything.

Jin Liuli was not interested in this scene, nor was she surprised. After all, she had heard of a lot of the girl in the Blue Tower. As long as Li Yun, the villain, doesn't go to that place, she doesn't bother to care about others.

She thought of a very important thing!

"There are only two rooms, how do you divide it?" Jin Liuli suddenly realized that this is a very, very important thing!

This big pervert definitely wants to live with them, right? Must be? Definitely is! !

For a moment, Su Muxin and Xia Feiyao in the landscape elevator all looked at Li Yun together, and even Zhou Yingcai couldn't help but look over, and at the same time secretly looked at these three beautiful beauties with excellent looks and different personalities.

Either one is far better than the female companion he brought, and the origins of these three beauties are not simple. This alone is enough to bring their beauty to the next level!

Don't you see those royal princesses, duke's daughters, and rich ladies, no matter how bad their appearance is, but under the blessing of honorable status, they can attract men's attention and conquer desires far more than ordinary 8-point beauties.

What's more, now whether it is Su Muxin or Jin Liuli, or the baby-faced girl who is not very talkative, but is well-developed, they are all first-class beauties!

Li Yun said: "I live alone..."

Jin Liuli's face was happy.

"That is impossible!"
