

Godly Choice 2341

Chapter 2341: Don't kill

There is nothing to talk about after the incident. Of course, Yu Shengnan has never seen Zhao Denghui, but talked with him through his subordinates. After he and a group of his younger brothers really got the sign of each country, Yu Shengnan agreed.

Anyway, his hands are stained with blood, and he is full of evil in the Golden Triangle, and he is not afraid to do the hijacking of the cruise ship again. As long as he does this ticket, he will go to Taigu for a facelift. After he gets the M country green card, he can leave The life of fighting and killing before.

Just like the former Golden Poison King, Jin Pan returned to Huang Xuan Country after washing his hands, with incredible energy.

But Yu Shengnan doesn't have such a big background, he can only rely on Zhao Denghui to get the green card!

"Idiot, hahahahaha!"

Yan Jingyi, whose hands were interrupted by the whip, laughed wildly. The expression on his face was extremely hideous because of the pain, and he laughed wildly at him almost madly.

"What are you talking about? Looking for death!"

Previously, he followed the instructions of this ***** rich second generation. It was completely because of the task. Now that the task failed, Yu Shengnan got angry and went forward to slap Yan Jingyi a few times.

"Hahahaha, come, you idiot continue to beat me, it's better to kill me, kill me, you all have to die here!"

"die!!"

"You will all die!!"

Yan Jingyi yelled frantically, making everyone present feel dumbfounded. Such a person is completely crazy, right? No wonder the crazy act of hijacking the cruise ship will be done.

Yu Shengnan was in doubt, what was going on when he was deceived?

Seeing his question, Li Yun smiled and said, "I don't know if Zhao Denghui in your mouth has contacted you, but the forged customs documents were done by a hacker named Nielsen."

"Nelson!?"

Yu Shengnan was silly on the spot.

The guy with messy hair and fooling around on the cruise ship all day long, either going to have fun with beautiful women, or drinking in a bar with beautiful women in his arms, is actually "Zhao Denghui" who hasn't done any business all day long? !

"Asshole, I killed you!"

Thinking that I was deceived, the legendary green card was impossible to get. I was still stuck in a cruise ship and used to make fun of pigs for five or six days. All my subordinates were arrested and locked up, and decades of struggle turned into running water. , Yu Shengnan jumped like a thunder, rushed over and grabbed Yan Jingyi's hair, and hit his distorted face with his knees and had a crazy crash.

"Don't kill me." Li Yun said lightly, Yu Shengnan's movements became stiffer, and after he slapped Yan Jingyi a few more times, he kicked him away.

"Mr. Li!" Yu Shengnan turned his head and showed a pleased smile at Li Yun, "You don't seem to be an official person? I wonder if you are interested in accepting a person with innate realm who has rich experience in fighting after years of fighting. His allegiance?! I promise, you will definitely reap a good dog that can only bite!"

In order to survive, he couldn't take care of his face.

"You guessed it wrong, I am the official person."

"..."

Yu Shengnan's expression froze, but he quickly figured out one more thing, and quickly said: "Mr. Li, I promise I have never attacked Huang Xuan, absolutely not! My crime is at most hijacking. The cruise failed, I, I would like to take refuge in you, Mr. Li!"

Li Yun waved his hand to express his refusal, why these people all looked at him like the boss of a bad gang, and wanted to take refuge when they saw him!

Is he upright, like the kind of person who will subdue his younger brother when he shakes his body?

What a joke!

Chapter 2342: Time is up

Xiao Mingzhu glanced at him, "Someone sits in a chair all the time, watching a good show. Isn't that the face of a standard villain?"

"..."

Li Yun looked embarrassed, it turned out to be like this.

The women laughed as they watched him deflated. Su Muxin said that finally there will be a dad who will be able to stop him.

"Hey!"

Jin Liuli shook his whip and asked Yan Jingyijiao on the ground, "Where is the person behind you? What about Zhao Denghui, did you come with you?"

Xiao Mingzhu laughed out loud, causing Jin Liuli to sneer, "I hate sister Mingzhu, people are doing business! Why make fun of me?"

Sister Mingzhu...

Xiao Mingzhu's heart trembled, could she even see Jin Liuli? No, it's impossible, this girl is so innocent, how can she see the relationship between her and Li Yun!

It is impossible for Li Yun to tell her that Xiao Mingzhu still believes this.

However, even if Jin Liuli didn't mean that, Xiao Mingzhu was still a little bit shy inside, as if she had really become Jin Liuli's "elder sister", having fun with their three daughters at night.

"call!"

Taking a deep breath to calm down, Xiao Mingzhu smiled slightly: "Zhao Denghui is a big man and the head of a province. Even if he is really involved in this matter, it is impossible to act with him."

Jin Liuli's face blushed, and she mumbled: "I don't know what Zhao Denghui...Well, it seems that I can't stay in the rivers and lakes all the time. I'm too far behind the world."

She had this consciousness, but Xiao Mingzhu was a little surprised.

"But forget it." Jin Liuli took the whip and pointed at Yan Jingyi again: "What were you yelling at? What death is it? Do you have any trump cards, even if you show it, my grandma will take advantage of the time to bring the people behind you together. Packed up!"

Packed up, so I can go back to sleep?

Xiao Mingzhu wanted to make complaints like this, but kept looking at Yan Jingyi to prevent him from suddenly violent.

"You are dead, dead, dead..."

Yan Jingyi broke both hands and was beaten by Yu Shengnan with the knee and slap again. Now his face was so swollen that his mother could not recognize him, he fell to the ground and muttered frantically.

His eyes were staring at the Rolex watch on his wrist, and he watched the pointer move forward little by little. His tone became more and more enthusiastic: "The time is coming, you all have to die, all of you die for me!!"

——Rather, this is his last straw.

time?

Xiao Mingzhu glanced at the Patek Philippe on her snow-white slender wrist, "7 o'clock in the evening, to be exact, 6:55!"

The night has not yet completely enveloped the sea, and the burning clouds on the horizon still emit golden brilliance. It should have been a rare beauty that spilled on the sea and cruise ships. Everyone should also be enjoying the happy outdoor dance time.

But it was disturbed by Yan Jingyi and his party.

Thinking of this, many onlookers looked at Yan Jingyi with deep disgust, and directly proposed to the captain that these people should be arrested and dealt with after they disembark.

"Mr. Li Yun, what do you think?" Captain Davis looked at Li Yun and surprised a group of foreigners, including Mohand.

It turns out that he is the one who is in charge here!

"Then...wait."

"Ding, the host makes a choice, catches Yan Jingyi, and tortured to inquire the whereabouts of the big fish. The reward is justice value +100,000, experience value +10 million, all attributes +2000, golden gift bag*3, extra reward: aura value*5 Ten thousand."

Chapter 2343: means

Li Yun stood up abruptly, and the system suddenly prompted a reward, which proved that the matter was over. Although he had not begun to question the whereabouts of the people behind him, the next selection events were likely to come!

"What, what's wrong?"

Now Li Yun said it was the keel of the cruise ship. He stood up abruptly and immediately let everyone including Captain Davis and Shang Guanming look over.

"Be careful."

Li Yun said in a deep voice, his divine spirit spread, and he checked repeatedly in the crowd.

At the same time, sharp eyes scanned the faces of everyone around him.

Including Jin Liuli, Xia Feiyao, Xiao Mingzhu and others around him, the closer the person was, the more careful they were examined.

"Do you suspect that there are six people among us?" Xiao Mingzhu asked calmly, unable to hear the inner likes and dislikes in his voice.

Xia Feiyao's eyes widened, but she was not angry. She supported her husband in everything, including doubting herself-of course she had no problem.

"just in case."

Li Yun explained: "The other party's methods are far beyond your imagination. Even if you are possessed, you can't even notice it!"

"WTF!"

Shangguanming exploded another **** in English. He only felt that his whole body was standing upright, as if walking in a rain forest in the rainy season, with fluffy bugs crawling everywhere, and the nausea was very strong!

Xiao Mingzhu raised her eyebrows, "So amazing? Is there anything else on me?"

Li Yun didn't speak, and increased the output of his spiritual thoughts, vaguely with a kind of visitation that he wanted to see through Xiao Mingzhu's perfect body wrapped in a dark blue evening dress.

This malicious mentality immediately made Xiao Mingzhu clearly feel that something was wrong, as if he was being stared at by a fierce beast, making him uncomfortable.

"Is this, is this divine mind?" Xiao Mingzhu asked tremblingly. She had heard Li Yun talk about these magical methods once, but it was the first time she had experienced it in person.

Sure enough, people have a sixth sense, and they are very similar to divine consciousness!

It's a sixth sense of human beings, which is completely different from the eyes, nose and ears, when exploring the surroundings with mental power.

Li Yun nodded, "The practitioner can condense divine thoughts into substance and directly attack your brain, causing you to fall into a trance state; it can also split a trace of divine spirit and attach it to you. When you are weak, this trace of divine soul It will get into your brain and completely control you!"

Xiao Mingzhu and Su Muxin's three daughters opened their eyes wide, and Shangguan Ming stroked his arms even more, "This is too scary!"

"Haha, don't worry, there is no problem with me. Moreover, as long as you stick to your heart and don't let your mind shake, even the most powerful practitioners can't easily control your soul!"

Hearing what Li Yun said, the few people felt a little relieved.

The people around were baffled. Many of them could understand Chinese, but the conversation just now involved many of Huang Xuanguo's practice theories, which sounded like a heavenly book to them. Some people directly equated the spirits with insects.

Bugs penetrate into the brain and control your body-understand this way.

There are also such things in nature, such as the famous Cordyceps sinensis and the disgusting iron worm.

"God pierced into the brain? Is this a name for iron worm?"

Mohand screamed strangely.

He has watched a movie, a thriller called "The Invasion of Ironworms", in which long, twisted insects invade the city from the water source, penetrate into the body of the entire city, and finally multiply to a certain extent. Countless thin and long red iron worms burst out from the human body, twisting and struggling on the ground, the picture...

It's too beautiful to look at.

Chapter 2344: and many more

The iron nematodes in reality are not so exaggerated. Most of them live in insects, such as praying mantises.

However, the actual iron nematode can also control the behavior of the host. For example, if the mantis is controlled to walk to the water source, the iron nematode will scramble to get out of the mantis and reproduce in the water.

...Also very disgusting.

"Don't, don't say it!" Xia Feiyao covered her ears and shook her head. She had seen similar scenes with her own eyes.

"Brother Ming, Captain, let your people be on guard, beware of the sudden appearance of the enemy!"

Li Yun turned his head and said to the two of them.

Shangguan Ming couldn't help asking: "Li Yun, have you found anything?"

"Not yet, but since Yan Jingyi is so sure, let's trust him for the time being."

"That's right, he still refuses to bow his head until now. I guess he really has something to do!"

Shangguan Ming asked his crew to monitor all parts of the cruise ship, and the captain also issued a martial law order to make the security team patrolling at the mezzanine floor step up guard.

"Huh, I want to see what tricks you guys are playing!"

The black Doris doesn't believe in evil. This time he holds a big guy-MP5N in his hand. "N" stands for "Navy", which is a submachine gun designed for the Navy.

He held the MP5, walked forward swaggeringly, and kicked Yan Jingyi again-now Yan Jingyi is too miserable, anyone can kick him.

"Yellow monkey, where's your people? Just these few rubbish?!"

Yu Shengnan, who was kneeling on the ground, showed dissatisfaction. If it was placed in the golden triangle, whoever dared to say a yellow-skinned monkey, he would dare to scald the other's skin with boiling water and hang it on the tree like a pig. , Pour down his throat with hot boiling water!

Hold!

and many more.

Yu Shengnan suddenly noticed something. Although the man in control of everything had no expression on his face, the woman next to him wrinkled her nose in disgust, and was obviously very dissatisfied with this yellow-skinned monkey!

Is this an opportunity? !

"Surprisemotherf*cker, don't say a word, are all the yellow people waste?!"

Doris kicked Yan Jingyi again, cursing, yelling yellow-skinned monkeys, yellow-skinned dogs, and pigtails!

Li Yun glanced at Yu Shengnan, the latter's face changed slightly, and he quickly realized something.

"TM is looking for death!"

Yu Shengnan jumped up violently, ignoring the internal organs injured after being slapped by Xiao Mingzhu just now, urging Zhen Qi with all his strength, and leaping towards Doris like a lightning bolt.

A punch directly knocked out the MP5 in Doris's hand, and another kick knocked him to the ground.

Everyone was stunned. Yu Shengnan has a typical five-short body, and his height is estimated to be just over 1.5 meters. But Doris is a muscular black man, just like those stars who play basketball in nva, his body is full of muscles.

But now, he was beaten on the ground by Yu Shengnan, who had five short statures.

"Yellow monkey, I killed you!"

After the thick-skinned Doris reacted, he jumped into a rage and directly fought wildly with Yu Shengnan on the ground.

A group of Doris's men, look at you and I look at me. After taking a last look at Li Yun, they all put up their submachine guns and tried to pretend to be on guard, regardless of their boss being beaten on the ground.

—They just took Li Yun's hundreds of thousands of benefits in the casino yesterday, and now the boss hasn't said anything, they just sold their boss!

"Time is up, you are dead!!"

Chapter 2345: Giant whale hunting submarine

The cold voice sounded, and everyone looked at Yan Jingyi again. The latter had already sat up. His face was colorful and wonderful, with the mark of the previous chicken nugget and the swelling mark after being slapped. It couldn't be more miserable.

But his pair of red eyes looked at everyone stubbornly, and his voice was very permeating: "You are going to die at sea together!!"

"It's seven o'clock."

After taking a look at his Patek Philippe, Xiao Mingzhu reported the time again.

Yu Shengnan froze, kicked Dorris and cursed: "Get out of my way, I have no time to play with you nigger!"

"F!"

Doris just doesn't know Chinese anymore, and these days he understands what the word "nigger" means.

Among the people around, everyone who was black also looked at it with angry eyes. When Doris' heart moved, he opened his mouth and wanted to shout.

"Shut up, be quiet."

Li Yun gave a cold shout, and walked towards the deck railing, piercing the sea with his sharp eyes, as if to find something under the sea.

The atmosphere became a little tense.

Doris opened his mouth, and finally stood up without saying a word, picked up his mp5, pointed at Yu Shengnan's muzzle, and moved his finger on the trigger.

The meaning goes without saying: Yellow-skinned monkey, you will be dead as soon as I shoot!

Yu Shengnan didn't want to pay any attention to him at all, and limply walked to the railing with his body on his hands, stuck his head on tiptoe and looked towards the sea.

Everyone also came to the railing, looking at the sea with doubtful eyes.

The sea is calm, the Pacific Ocean at dusk is beautiful, and the sea reflecting the sun is sparkling in the distance. If it weren't for unexpected events, they are enjoying the open-air dance party on the last day at sea.

"what happened?"

Seeing Li Yun's frowning and tightening brows, Xiao Mingzhu also became a little nervous.

"There is a feeling of being upside down."

"The cold hair is standing upside down?"

"Ling Ling!"

The captain's cell phone rang, and he picked it up to connect, and the other party's first sentence changed his face.

"What?! An unknown huge object is rising fast?!"

Li Yun's expression was stunned, and he shouted at the people around him: "Get out of the way and leave the railings!"

Everyone was a little at a loss. Some people retreated, but some people didn't care at all. They were on the fourteenth floor.

"what happened?"

"What the **** is the captain doing!"

"I will definitely give a bad review on this journey, and my good mood is ruined!"

"It's boring, husband, let's go back."

Along with the discussion, suddenly, a thunderous sound suddenly sounded, countless water splashes exploded, and the huge sound made the eardrum painful.

In the splash of water in the sky, a deep black behemoth leaped up from the bottom of the sea.

Everyone was so shocked that they lost the ability to think, and opened their eyes wide, watching the monster that was huge enough to cover the sunset and jumped to the same height as them.

This monster is like a giant whale, with a deep black wide back, like the deck of an aircraft carrier, and its snow-white abdomen. It stretches from the front of the cruise ship all the way to the back, which is more than two hundred meters!

It has flippers, a huge mouth, and its teeth are as big as an adult, and they are unusually sharp.

"what is this?"

Shangguan Ming, who has experienced many battles, stared at the mouth of this giant whale with unbelievable eyes.

Captain Davis's phone dropped to the ground, and he saw...the huge mouth of the giant whale was clearly a dark, oval nuclear submarine! !

This giant whale actually captured a nuclear submarine in the seabed! ! !

Chapter 2346: Falling into the water

When everyone saw clearly that the giant whale jumped out of the sea, and it was actually biting a nuclear submarine, each one of them was scared again, and there was no reaction at all. They could only watch the giant whale rise little by little. High-time seemed to freeze at this moment. In everyone's sight, there was only the terrifying monster and the huge open mouth, the nuclear submarine crushed by huge teeth!

Horror, shocking, and trembling!

Everyone even saw that in the open window of the nuclear submarine, panic-stricken faces were stubbornly pressed against the window, looking pale outside, and staring at the people on the cruise ship.

"They are not dead yet!"

"The giant whale didn't bite through the solid nuclear submarine, only squashed it a bit!"

"Oh my God, what a panic when the people inside are dragged by a giant whale swimming back and forth in the sea!"

"No, now is not the time to care about them, we... are going to die too!"

In front of this ferocious and huge whale, no one on the cruise can escape just by smashing it down!

"Golden Dragon Sword Qi!"

A clear man's voice sounded, and in an instant, golden light burst out along with the roar of the dragon, and the golden dragon made of sharp sword aura slammed into the giant whale that jumped over the cruise ship.

"Boom!"

The violent explosion, mixed with the sky of flesh and blood, splashed out, and countless red flesh and blood fell, pouring the bow of the cruise ship all over.

"hold head high!"

The giant whale let out a loud roar, and the body that jumped into the sky was hit and rolled several times, and rolled down towards the side of the cruise ship.

Its huge body was punched by a sword with a big hole of more than 30 meters. As it rolled, more and more blood and minced meat splashed out. Hundreds of people playing in the sea amusement park were scared and screamed loudly, whale meat The whole pool was piled up!

The horrible scene made them even suspect that they had come to a **** of flesh and blood!

"Li Yun!!!"

Xiao Mingzhu, who was the first to react, yelled in excitement, stretched out her white palm, and the Bingling Sword suddenly appeared in her hand from the spatial ring, piercing a sword at the giant whale in the sky without hesitation.

"Rose Sword!"

The icy sword energy hit the giant whale, instantly freezing a large piece of flesh and blood on its body, and flakes of ice froze.

"well done."

Li Yun smiled slightly, raised his sword and flew up, standing in the air with a handsome figure, and punching the tumbling giant whale again, making the stunned crowd on the cruise ship look at once again lost.

"So handsome..." Jin Liuli took her soft whip and thought for a while, but in the end she didn't take out the lightning camphor sword, and had to admit that Xiao Mingzhu did better than her.

Xiao Mingzhu was the first to react, and she was able to launch an attack outrageously, so Jin Liuli had to be convinced for the time being and admitted that she had the qualifications to hold the ice sword from her husband.

The giant whale in the sky wailed again and was beaten by a man's fist like a volleyball.

"Be careful!" Xiao Mingzhu yelled to everyone: "The monster is going to fall into the water, grab something next to it!"

Li Yun in the sky has solved the crisis of the giant whale falling on the cruise ship, but this giant whale is more than half the length of the cruise ship, which is more than two hundred meters, this thing hit the sea...

"boom!!!"

Just like this, the earth shook and the mountains shook, and the oasis-class Ocean Princess was like a paper boat in a small pond on a rainy day, being thrown high and falling by the first wave of waves, setting off huge waves again and again.

A hundred-meter-high splash flew into the sky, falling like a heavy rain, and the entire cruise ship was poured all over!

The people on the boat were stumbling around. The people who used to be wearing handsome suits and fitted evening dresses to attend the prom are now turned into stubborn chickens, and their whole body hurts.

Chapter 2347: Deep Sea Giant Whale (Part 1)

The shocking change was fixed a little bit. The people on the cruise ship panicked and wanted to flee, crying, groaning, screaming, and screaming. It is difficult for people who have not really encountered a disaster to feel this. What is the crisis atmosphere of panic escape?

Su Muxin looked at all of this in disbelief, and couldn't help but feel fortunate when she saw a man who fell on the ground and was hit in his abdomen, causing blood to vomit at the mouth.

Fortunately, she got a pill given by Li Yun's brother, making her a slightly more powerful warrior in the acquired realm.

Otherwise, the moment the giant whale hit it just now, she might have died here.

"Death is so close to me, fortunately, I have brother Li Yun!!"

Su Muxin became more excited, raised her head and looked at the stalwart figure slowly landing, and couldn't help screaming: "Brother Li Yun is the most handsome~~~! Muxin loves you, loves you to death~~!"

Li Yun & Xiao Mingzhu: "..."

Is it the right time to confess at this time?

However, Xia Feiyao and Jin Liuli actually had a feeling of agreement. When the crisis came, they could show the power of their husband and wife!

"Little Pepper, hold on to the railing carefully."

Li Yun held the golden dragon sword and told them, and he said to the captain who was holding something in the distance and holding his body with an extremely ugly face: "Captain Davis, quickly return to the wheelhouse and take charge of the ship's route. In addition, try to save the injured. People!"

With his order, Davis was a little bit startled, and his voice still trembling asked: "Mr. Lee, Mr. Lee, that monster...?"

"I'll take care of it, go!"

"Yes!"

Davis crawled forward. This is actually a very scientific way to prevent the cruise ship from being hit by the giant whale suddenly and causing his body to fall down due to inertia.

Of course, if the giant whales madly attack the cruise ship, whatever they do on board will be of no avail.

So it is equivalent to saying that the lives of tens of thousands of people on the cruise ship are all tied to Li Yun alone!

"Mr. Li, it's all up to you!"

After giving Li Yun a deep look, Davis turned and left the deck to perform the duties that belonged to his captain!

He couldn't help but think of when he first met Mr. Li, now he wants to come, wishing to give himself a few big mouths at the time.

If there is no Mr. Li, they will definitely die!

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the giant deep-sea whale directly, save the people on the cruise, reward justice value 1 million +, experience value +1 million, all attributes + 100,000, colorful gift bag*3, aura + 200,000, additional reward: to be determined .

Option 2: Threaten the opponent, make him afraid to attack, reward justice value + 1.5 million, experience value + 50 million, all attributes + 50,000, colorful gift bag*1, spiritual value + 150,000.

Option 3: Bring Su Muxin's three daughters and Xiao Mingzhu into the Lotus Immortal Mansion, and escape by themselves, with no reward. "

Giant whale in the deep sea? Is there such a huge whale on the Blue Star?

Li Yun frowned slightly, and the largest blue whale in nature was only less than a hundred meters long, and even more than a hundred meters.

But the giant whale that jumped out of the water just now is obviously half the length of the cruise ship, and its mouth is full of fangs, mainly for eating fish and shrimps.

This is easy to understand. With such a huge size, if a blue whale lives by hunting large animals, there is not so much food on the blue star to feed it.

Chapter 2348: Deep Sea Giant Whale (Part 2)

Therefore, when whales hunt for food, they always open their mouths, swallow groups of small fish and shrimps into their mouths, use a comb-shaped baleen board that hangs in the mouth to filter out the debris, and then swallow them in one mouthful. Down.

Simply put, the teeth of a whale are two rows of combs, rather than a mouth full of sharp teeth like a shark.

"This giant whale must be an unnatural product. It was catalyzed by the people of Six Doors by special methods!"

Thinking of a nuclear submarine in the mouth of the giant whale just now, Li Yun became more sure of his guess.

"Li Yun, what are we doing now?!" Shangguan Ming hurriedly asked him when he saw Li Yun approaching the railing.

"Contact the country first and report this incident. In addition, there is a high probability that an accident will happen to Haoweyi Island. Let's see how Xia Ming will respond!"

Hao Weiyi Island is too important. Once something happens, the eyes of the whole world will be attracted instantly.

no no.

Now that the Ocean Princess has been attacked by a huge whale, and a nuclear submarine has been dragged out of the deep sea, these two events will soon spread all over the world, and within five minutes, they will become major news sites. The front page headlines, the TV show that is being broadcast will also forcefully insert this sensational episode!

This is the high seas, and the Ocean Princess has 10,000 tourists from all over the world, unlike Huang Xuan, which can immediately block news.

It is foreseeable that the whole world will be shaken by this giant whale!

Xiao Mingzhu also thought of this. She has already seen some people taking pictures of the tragedy on the cruise ship with their mobile phones in a panic. It is estimated that they will be posted on Facebook. People all over the world will soon be able to see this horrible scene. !

Thinking of this, she inevitably felt a little nervous, not knowing how to face the next thing.

Fortunately, Li Yun was by her side, stabilizing her heart like a god.

"It has been reported." Shangguan Ming quickly replied.

"Then you go to save people next."

"Huh? Where's that giant whale?"

When Shang Guanming came to the railing and saw the huge monster on the sea, his pupils couldn't help but shrink.

This monster... is too big!

The behemoth of the ocean, which is more than two hundred meters long, is cruising on the sea. The wounds that Li Yun bombarded before dyed all the sea within a few kilometers red, but no shark dared to follow the **** smell—this one. The giant whale exudes an aura of terrifying power, enough to make all living creatures fear from their survival instincts.

"Woo~~!"

The giant whale made a sudden cry, and then a jet of water gushed out, flying straight for more than three hundred meters before it fell down.

The terrifying height of the splash and the loud sound once again caused everyone on the cruise ship to panic. Some people were so scared that they hid in the cabin and shivered. Others knew it was useless to hide inside. If the cruise ship sank, they would die even more embarrassed. .

Therefore, a considerable number of people still stayed on the deck, holding their mobile phones in a panic to shoot small videos at the giant whale.

"Help! Help!"

"I swear to God, this is absolutely true, not CG! Repeat, not CG!"

"Okima, send a helicopter to rescue me, oooooo~!"

"Oh my God, what happened? Am I dreaming?"

As each video was sent to the Internet, the whole world exploded directly.

In the white palace, the phone calls were endless, and many staff in suits and leather shoes ran anxiously, quickly sorting out the reports.

The Ocean Princess has not yet held a meeting to discuss the matter. The Chief's Office has received an emergency communication from Haowei Island...

Chapter 2349: controlled

"I understand!"

Looking at the prehistoric behemoth roaming the sea and dyeing the sea red, Shangguan Ming nodded helplessly, turned his gaze to Xiao Mingzhu, paused, and said, "Mingzhu, be careful."

Xiao Mingzhu nodded slightly, "Don't worry, there is Li Yun by my side, he can protect me, right?"

Hearing her words, Shangguanming's eyes dimmed again.

Mingzhu is undoubtedly rejecting him in disguise, regardless of whether she has a good impression of Li Yun, but from this sentence, it has been shown that Xiao Mingzhu believes in Li Yun, not him.

".....it is good!"

After spitting out a word, Shangguanming quickened his pace and left the 14th deck, leaving the stage to Li Yun.

The atmosphere was a little weird, and after a weird silence, Xiao Mingzhu reached out to close the hair that was blown away by the sea breeze, and smiled at Li Yun: "Is there a way to defeat the giant whale? But, it seems that it is too Big! It's hard to beat, right?"

Although she has faith in Li Yun, he is also a human, not a real god.

"Watching while walking."

Li Yun shrugged, he was not absolutely sure to kill the giant whale directly before the cruise ship was seriously damaged.

Perhaps his strongest shot of the sun shooting arrow can penetrate this giant whale, but relative to the size of the giant whale, even if the shooting sun arrow pierces it through a one-meter hole, it is estimated that it will be difficult. Kill it.

If the human brain is cut in half, it is possible to survive, let alone this giant whale!

If it is completely irritated, it will cause location consequences, so the system gave the second option, which should be what it meant!

"If it doesn't work," Li Yun paused, and smiled slightly at the four women: "I will try to save you all!"

"Hee hee~"

Su Muxin chuckled and flirted with her father, saying that she would think about what he said.

Xiao Mingzhu didn't know what to do if Shang Guanming didn't mention what to do. She was still a little touched in her heart, so she didn't say such things to spoil the atmosphere.

A few people came to the deck and stood by the railing watching the huge whale floating in the red sea in the distance. The huge whale jumped out of the sea occasionally, and the flippers on the front of the body were like a sail, which was incredibly large.

"It's so big~!"

Facing the existence of this prehistoric behemoth, Jin Liuli couldn't help but exclaimed, then turned his head and glanced at the front of Xia Feiyao.

Well, just like Feiyao's sister.

"Husband."

Xia Feiyao blinked and looked at the giant whale: "Do you think it can overturn our ship? It seems that it has been injured, but it hasn't escaped yet!"

"Indeed!" Li Yun nodded, "If it was a creature on the Blue Star, it would have escaped with such a serious injury, unless..."

"It's ferocious? It doesn't look like it." Xiao Mingzhu glanced at the giant whale. Judging from the call, this incredible whale did not look like a ferocious carnivore.

Although it does eat meat.

"Or, it has been controlled by someone!"

Li Yun looked at the nuclear submarine floating on the sea. The watch tower protruding from the upper part of the submarine opened. A person emerged from it. He was waving his hand all the time, and an anxious help and help could be heard vaguely.

Courageous enough, he dared to wave his hand in front of the giant whale, this big guy flicked his tail casually, and he was able to slap him even with the watchtower!

"They..." Xiao Mingzhu looked weird: "It was captured by a giant whale in the deep sea, and then taken out of the sea. It is a miracle that there are still people alive now!"

She didn't ask Li Yun to save the other party. Although the outer layer of this nuclear submarine was not painted with nationality, looking at the appearance of this foreigner, you can probably guess that he is of country M.

Chapter 2350: help

And this nuclear submarine is estimated to be performing daily intelligence gathering work on the seabed. As a result, it was found by a deep-sea giant whale, grabbed it with one bite, and forcibly pulled out of the sea.

This series of shocking changes did not scare these people to death, it really made them cheap.

"The nuclear submarine has to deal with the pressure of the deep sea, after all, it is still very strong." Su Muxin vaguely saw two rows of deep teeth marks on the submarine floating on the sea surface, enough to show the terrible bite force of the giant whale.

"Help! Help! Plzhelpme!"

A blonde beauty ran over and looked at Li Yun with a look of trepidation, but under the urging of a certain sense of responsibility, she still bit her head and walked in front of Li Yun, gestured to him to rescue the nuclear submarine. people!

It is estimated that this blonde beauty is also a national of M.

"Ding, trigger the option event, please choose from the host:

Option 1: Save, reward justice value +10, experience value +30 million, all attributes +1 million, golden gift bag*1.

Option 2: Don't save, no reward.

Choice three: slap this beauty into the air, reward evil value +1, skill: pull the hand to destroy the golden flower. "

Seeing the options given by the system, Li Yun raised his eyebrows, turned his head and said to Xiao Mingzhu: "Tell her, I don't understand English."

"..." Don't save if you don't want to save, why push me to top the bag? ! Who am I to you? ?

Giving him invisible white eyes, Xiao Mingzhu turned his head and smiled and talked with the blond beauty in standard English. Xia Feiyao and Jin Liuli didn't understand, and they didn't bother to understand, they had serious business to do.

"Hey, the people over there!" Jin Liuli made trumpets with her hands, and shouted to the person who was still standing on the submarine: "Hurry up and drive that dark thing out of winter and go away, or wait for a fight. You are dead!!!"

Su Muxin covered her face with her hand, and smiled pouting in her mouth. It was obvious that Xiao Liuli could not speak English, but she had to talk to those foreigners.

But she was right.

The cruise ship is still moving slowly, and the giant whale has been following it. Similarly, the nuclear submarine has been driving in front of the cruise ship, which is enough to show that it has not lost its power and the people inside have enough sobriety to start the submarine.

But this nuclear-powered big killer, which used to be a dazzling weapon at the dock, and traced secretly on the seabed, is now so obedient as to follow the pupils, not daring to leave the giant whale for half a step.

"Whatthehell!"

The blonde beauty suddenly discovered the problem now, it turns out that the submarine can still be driven!

This caused her to explode directly, waving her hand and shouting at someone in the distance, letting him run quickly.

But, does the submarine dare to run?

"Don't bother this young lady." Su Muxin also used English, wanting to laugh, and embarrassed to laugh at other people's sufferings, she could only endure and said: "Your country M submarine is probably teased by that whale many times, um, Just like a cat catching a mouse, deliberately letting go of the mouse and catching it back, can you understand that?"

The blonde beauty was silly. Li Yun glanced at her. The mobile phone she was holding in her hand was clearly still on live broadcast.

I'm a travel blogger. I thought I was planning to broadcast the news on the Ocean Princess, but I didn't expect to encounter such a sensation all over the world. The barrage on her mobile phone was

flashing quickly, and this beauty was probably not affected by the barrage. , So I dare to stand up and ask him to save this nuclear submarine, right?

Hey, if Li Yun really makes a move, she will take most of the credit. It is estimated that the people of M country still exaggerated that she saved it, just like a school dropout girl in a watch country.
