

## Godly Choice 2491

Chapter 2491: Not a fairy

"Um."

Wearing a fairy-like white dress with long hair reaching his waist, Sage Fan Qing nodded slightly, with a vague voice: "I have never thought about the issue of life before, but the more things I have seen now, The more troubles I encounter, the more puzzled I am: What is my pursuit?"

She looked at Li Yun, her clear eyes like a pond reflecting the silent moonlight.

"I have no purpose and no pursuit."

"Neither a kind person nor an evil person."

"I hate someone doing evil in front of me, but I have no intention of saving the common people and being killed by the people in the name of a saint."

"Li Yun, I have never been a fairy, just a...very ordinary person who can't even understand alive."

The expression in the eyes of Sage Fanqing was more complicated than ever, and Li Yun could feel the confusion and confusion in her heart. She didn't know why she practiced, and what kind of responsibilities the position of the saint bears.

He wanted to destroy the conspiracy of the Six Demon Gates in accordance with the teachings of his elders. He was cold-tempered, did not like conflicts with others, and did not have a strong desire to save the three million people on the island.

But she really didn't want to see someone making troubles and disturbing the world.

All kinds of contradictions and confusions caused this seldom experienced saint woman into a huge confusion.

Without Li Yun, she would have lost her direction at this moment.

"Well, don't think about it."

Li Yun felt sorry for such a Vatican, and embraced her in his arms and kissed her on the forehead with his lips: "There are 7.5 billion people in the world, and most of them don't understand. I Although Qingsheng is a fairy, he is also a human being. Hey, Qingsheng, if you have no goals, just follow your husband and me honestly. Whatever I ask you to do, you don't need to think too much~"

This is simply to treat the Sanctuary of Vatican as his own.

But for the now confused Sage Fanqing, it undoubtedly gave her a backbone and gave her the strength to support.

"Well, I believe you, Li Yun."

A smile appeared in the holy fairy's eyes and took the initiative to kiss Li Yun on the face.

She believes that Li Yun will make the most correct and most suitable decision.

"Li Yun." Fan Qingsheng said suddenly: "If you let you escape from the Hidden Sacred Valley, I will follow suit."

"? How come? I can't let you betray the master, unless the Hidden Sacred Valley is really bad!"

Li Yun was shocked. He couldn't understand the decision of Sage Fan Qing. Could it be that he was so disappointed in the hidden sacred valley?

But this is too fast!

Sage Fanqing shook his head and said, "Master told me."

Master? The nine-day fairy who appeared in the palace four hundred years ago?

Li Yun was thoughtful. It seemed that hidden dangers were already present in the Hidden Sacred Valley. Even the previous saint taught the next saint to be more vigilant. It is not easy for the Hidden Sacred Valley to maintain the current situation.

"It's no wonder that Taoist Baihe is an inner ghost!" Li Yun said with emotion.

"Taoist Baihe?"

"It's Nanhua Shangxian."

Li Yun answered casually, looking at her expression, did not seem surprised?

However, Qing Sheng had a cold personality, and he wouldn't be surprised if he knew that Nanhua Shangxian was an inner ghost.

"Is it senior Nanhua?" Fan Qingsheng took the initiative to hold Li Yun's hand and said seriously: "I believe your words, Li Yun."

Chapter 2492: Fragment of Good Fortune Jade Plate

"Haha, Qingsheng, your sentence itself carries a little distrust."

"sorry."

"Ah, it's wrong, it's my bad performance that caused Qingsheng to distrust me?"

"sorry."

"I'm sad, and I need Qingsheng to get better."

Then, Li Yun received the comfort from the Lord Saint, and his soft lips were printed on his cheeks, bringing a wonderful and warm feeling to both of them.

"Well, don't procrastinate, if you drag it any longer, you will be scolded for too much chapter."

Li Yun made a joke. In fact, he really likes to have a romantic relationship with his confidante around him, sweet and sweet, or simply travel every day, three, five, or even seven or eight people, all of them have fun together, and Not to be involved in these messes.

"Yeah." Fan Qingsheng snorted from his throat, and there was tenderness in his eyes when he looked at Li Yun: "How do we choose?"

"Sage Qing, do you have any treasures that are passed down from your master, that is, the saint woman of the Hidden Sacred Valley?" Li Yun asked her.

"have."

Fan Qingsheng took out a unique shape from her mustard seed, which is commonly known as a storage bag, but only half of the jade pendant was handed to Li Yun with trust.

"Ding, congratulations to the host for obtaining good fortune jade disc fragments."

"???"

I'm so stupid. jpg

This half-damaged jade pendant is a jade disc of good fortune. According to legend, it is a treasure when Pangu opened the sky and the earth. It records three thousand avenues. Every avenue can become the supreme treasure of immortality and sacredness! ?

This... is no longer the supreme treasure, but the supreme treasure of chaos. There are only a few things in the world that can be compared with it.

Even the Hongmeng Purple Qi fairy bracelet in the hands of the Sage Fanqing, the Hongmeng Purple Qi contained in it, is only a brother-level existence in front of the good fortune jade disc.

Good luck jade disc... too strong, too strong!

It is so strong that Li Yun suspects that as long as he masters it, he can master the whole world!

Even the entire galaxy.

Hongjun relied on good fortune jade discs to be able to fuse the heavens--this is not certain, Li Yun still doesn't know whether it is Hongjun or Pangu.

There is a myth that Hongjun is a friend of Pangu, and he is also an innate \*\*\*\* and demon, and some say that Pangu is a disciple of Hongjun, and opening the sky is only Hongjun ordering his disciple Pangu to open the sky, so Hongjun can become the ancestor of the Three Qing Dynasty.

But no matter what the myths and legends, this jade disc fragment of good fortune is definitely an outrageous existence!

—Although Li Yun can't feel the slightest power fluctuation of this thing at all now.

"What's the matter?" Fan Qingsheng looked at Li Yun suspiciously. She always felt that Li Yun was always in a daze, not knowing what was thinking.

"Ding, trigger the option event, please choose from the host:

Option 1: Take away the jade disc fragments of Van Qing Sheng directly, then find a way to deceive and take away another fragment in the hands of Concubine Wan Qing, and then embark on the road of dominance and hegemony, reward evil value + positive infinity , Supreme Treasure\*1, all attributes are doubled, and three powerful magical skills are randomly obtained.

Option 2: Find a way to deceive the jade butterfly fragments in the hands of Van Qing Sheng, reward evil value + 10 million, all attributes + 100,000, and obtain supernatural power skills: six ear supernatural powers.

Choice 3: I'm very honest, don't resolutely, reward colorful gift bags\*1, magic skills: sacrifice and practice magic weapons (primary

The evil value is infinite? That is to go the wicked way, get out.

The second choice is also a cheating. If Li Yun wants to obtain good fortune jade disc fragments, he can directly ask Qing Sheng, presumably she will not refuse—after all, Qing Sheng said before, so that he can betray the hidden sacred valley.

Chapter 2493: Two guesses

"...Qingsheng."

Li Yun looked at her strangely: "Do you know the origin of this jade pendant?"

"The saint's thing." Fan Qingsheng replied.

"Uh? Hahaha!"

Li Yun laughed loudly, making him so cold as if the sage of Fan Qing bit his lip at him, "glaringly" and said: "I'm not right?"

"Yes, not right."

Li Yun explained to her the origin of the jade disc. Of course, most of the Sanqing Saints did not understand. When they heard that the Sanqing had a common master, Hongjun, the color of doubt in his eyes became thicker.

She has never heard of these myths.

"You mean to say--" Sage Fanqing took back his jade pendant, looked at it and muttered to himself: "I and the concubine Wan Qing of the Six Dao Sects, each possesses half the fragments of the jade disc of good fortune, and can spur these The ancient mysterious creation? And the hidden sacred valley and the six gates also exist for this?"

She actually had doubts about the significance of the existence of the only Cultivation School. Now it seems that the two do have a great relationship, and they have existed since ancient times.

"Ding, the host makes a choice, colorful gift bag\*1, magic skills: sacrificial training magic weapons (primary

"Not necessarily half, maybe only a small part."

Li Yun also had a lot of doubts in his mind, so he didn't dare to make any more assertions, but said: "Maybe it can bring huge changes to the island and the world."

Sage Fanqing looked down at the jade fragments in his hand and muttered: "I roughly understand that Master taught me the method of urging jade pendants, but there was no change at that time. It turned out to be what inspired these ancient practitioners to leave... It's just that if I urge the jade pendant here, what will happen?!"

She raised her head and looked at Li Yun with bright eyes.

"Probably... it will activate them completely."

Li Yun hesitated for a moment, "Maybe the cyan stone stele will be lifted to let more spiritual energy radiate. At the same time, it will also let the people who built this stone stele, if they are still alive, they may wake them up and bring about unknown Variety."

The biggest question now is, who built the cyan stele and the gate of life and death?

Li Yun had two guesses in his mind.

First, they are powerful practitioners in ancient times, like immortals. They yearn for the gods of the ancient times, so they built these mysterious creations, either for reminiscence, for resurrection, or simply want to leave something to the posterity. people.

There is also evidence.

One is the weird \*\*\*\*\* at the gate of life and death-she is a female, and she is still quite young. Li Yun guessed that when the ancient practitioners built the gate of life and death, the myths and legends had been lost, so the fabricated image was specious.

Another piece of evidence is the Lotus Immortal Mansion obtained by Li Yun. Its description is:

"It is said that in the ancient times, the gods retired, and later generations felt sentimental. They imitated the place of practice of Avalokitesvara Bodhisattva and built a blessed land similar to the purple bamboo forest in the South China Sea to commemorate the image of Avalokitesvara Bodhisattva who saved the suffering and the compassion."

Therefore, after the disappearance of the gods and before the advent of the end of the Dharma era, there are still many powerful practitioners in the world, who have plenty of time to build the gate of life and death and stone monuments.

Including the Biyou Palace that Li Yun saw in the stele, it was also imitated and built by later generations.

The second guess, of course, is that the saint is not dead, the immortal world is still there, and the gate of life and death is left by the immortal. It will test future practitioners and allow people to ascend to the doorway of the immortal world.

"What about your judgment?" After listening to Li Yun's analysis, the brows of the Saint Dai of Fanqing became more frowning, and she really didn't know how to choose.

Chapter 2494: Providence, destiny

Li Yun spread his hands together: "I don't have a good choice either, cough cough, but I personally prefer to activate the stele to see what the ancient people left behind this thing. In addition, we may also be because of this. Benefit, break through to a higher level!"

Sage Fanqing was taken aback, with a slight smile in his clear eyes, and said: "Your thoughts are probably the common thoughts of most of the Six Doors and the Hidden Sacred Valley."

The practitioners of the two sects, in order to break through to a higher level, are naturally willing to activate the stele.

"But it will bring unknown changes to the world."

Li Yun stepped on the stone stele under his feet with emotion, then looked up at the dense foggy sky, and said: "People in the world would never think that the fate of the 7.5 billion humans on the earth is actually in our hands. , Where we let the world go, what kind of changes will happen to the world, is it incredible?"

"Responsibility is very heavy." Sage Fanqing nodded slightly, but did not continue to speak, and handed over the choice to Li Yun.

This choice is far more difficult than any previous one.

Becoming a fairy means that the world is heading towards the unknown.

"Or, let God decide?"

Li Yun jokingly took out a dice in the inventory-he opened a lot of messy things in the white gift bag, all of which were kept in the inventory.

Fan Qingsheng did not object.

"12 is to destroy the stele, 34 is to activate, 56 is to give up, let the situation develop."

Li Yun threw the dice up, let it roll in midair, and finally landed on a cyan stone tablet the size of a millpan.

Snapped.

The dice fall into two pieces, half of the points are 3, and the other half are 4.

The surrounding air seemed to freeze.

"Is it a coincidence, or is the stele under our feet 'alive'?"

Li Yun's eyes narrowed slightly, which is really a coincidence.

Not to mention the accident of the dice breaking, it is said that in the points of the dice, 3 and 4 are connected. To make the two halves of the dice show 3 and 4 at the same time, the cracks on the dice must be very clever, just between 3 and 4. Only when the junction of the two is cracked, it is possible for 3 and 4 o'clock to appear at the same time!

A fool will believe it if it is a coincidence.

Seeing the dice on the ground split in half, Fan Qingsheng remained silent. She would not suspect that Li Yun was deliberate, but there was an inexplicable will watching her and Li Yun's actions at the moment.

Perhaps, it was the stone stele with Tao Yun remaining in the handwriting at the foot, silently affecting all the decisions of the two!

Do the last struggle? Still staring coldly? Or... Laughing weirdly.

"hehe."

Li Yun smiled indifferently, and took out another dice: "I don't believe it's such a coincidence."

Deep down, Li Yun shouted: System, give me options!

This weird thing can only be discerned by the system.

"Ding."

Not the system, but Li Yun's cell phone rang.

He picked it up and saw that it was an unexpected person who hit him.

Shan Ruqing.

The cold female president is also a single mother. Li Yun once rescued her and her daughter Shan Xiaoxiao.

In the impression, Shan Ruqing is a strong woman. Even though she was kidnapped and trapped in the cave with hundreds of people, she still maintained an arrogant and calm posture to comfort her daughter Shan Xiaoxiao.

But Li Yun knew that the really strong person was her daughter, the eight-year-old genius Shan Xiaoxiao!

This little girl can even be said to be a human spirit, relying on the hook finger to hit the Morse code, and he just completed the contact with Li Yun.

Chapter 2495: Smart and smart Shan Xiaoxiao

"Is this the answer from the system?"

Li Yun thoughtfully connected to Shan Ruqing's phone.

Beijing, a high-end apartment on the 25th floor.

Eight-year-old Shan Xiaoxiao wore sleeveless clothes and shorts, showing the chubby little hands and feet that are unique to a girl at this age. This little genius with an IQ of 150+ is now shrinking nervously in her mother's arms, looking at her mother's hands. Phone.

"Mom, will Hero Brother answer the phone?"

After learning about what happened in the Pacific on the Internet last night, Shan Xiaoxiao quickly deduced that the person called Li Chaoren by the foreigners was her heroic brother!

Therefore, Shan Xiaoxiao stayed up almost all night last night. She was worried about the safety of the hero's brother, but also did not dare to call her for fear of disturbing her, so she only sent a few text messages to ask.

In the morning, Shan Xiaoxiao finally couldn't help but ask her mother Shan Ruqing to call and ask what's going on with Li Yun's heroic brother.

When her mother Shan Ruqing heard that she was about to call Li Yun, a hint of tension appeared inexplicably on her cold and arrogant face, and she hesitated for a while before she called.

"Beep~beep~"

The mother and daughter were sitting on the soft high-end imported sofa, listening to the beep of the phone, clenching their fists and waiting.

"Shan Ruqing?"

Finally, a deep, deep, reassuring voice sounded, and Shan Xiaoxiao jumped up almost immediately, happily shouting in a crisp and tender childlike voice: "Brother Hero, it's me, Xiaoxiao~!!! "

"Little? Who are you?"

".....what?"

Shan Xiaoxiao, an eight-year-old genius, opened her mouth wide, as if wearing a cotton-padded jacket outside in the winter, happily wanting to eat cake, but was poured cold water from downstairs.

From head to toe!

"Huh!" Shan Ruqing, a beautiful woman who is only 26 years old, snorted coldly, hugged her daughter tightly, and said dissatisfied: "Li Yun, is it interesting to bully my daughter? I don't believe you have forgotten... we Mother and daughter!"

"Oh, Shan Ruqing and Shan Xiaoxiao!" The man's voice was with a clear smile: "Is it Shan Xiaoxiao who hooked my finger and pretended to be an adult? Or did he eat more than twenty in one night? A biscuit, took another three bottles of Wahaha milk, and finally hummed and lay in his brother's arms and yelled at the uncomfortable bad boy? Or..."

"Ahhhhhhh!"

Shan Xiaoxiao covered her ears and screamed, her little face flushed with shame: "It's not a bad boy! Xiao Xiao is good, the heroic brother is the bad guy! She has recognized Xiao Xiao, and she pretends not to know, necrotic Necrosis!"

The eight-year-old girl has not changed her voice yet, her voice is crisp and immature, which makes people feel very cute. If Li Yun were in this apartment, she would pick her up and squeeze the fat of the little genius. Fat face.

"Okay." Li Yun's voice turned soft: "Stop joking with you, now I am in the mist, ready to solve this matter, you don't have to worry, I'll be fine!"

"Who is worried about you?" Shan Ruqing blurted out, and her daughter Shan Xiaoxiao said immediately: "Hero brother, don't listen to mother. Mother also stayed up all night, pretending to be doing work. In fact, she kept watching the news online. A lot of text messages have been sent to you!"

Shan Ruqing's glamorous face was full of blush, and she reached out her hand to squeeze her daughter's cheek, and whispered: "Bad little, don't tell outsiders about things at home!"

Chapter 2496: Gamer fan

Shan Xiaoxiao blinked her big innocent and cute eyes: "Mom, why? Didn't you tell me not to deceive people? It was clear that my mother...well last night."

She was covered by Shan Ruqing's small mouth.

Li Yun laughed. Shan Ruqing's favorability score was actually only 80 points, and he didn't want to increase her favorability. However, Shan Ruqing was actually very pitiful, raising a child by herself, and was heartbroken by her predecessor. She gave birth to Xiaoxiao when she was eighteen.

It is said that Shan Xiaoxiao is a test-tube baby?

After chatting with this single mother with a story for a while, Li Yun obviously felt her tone eased down, and Li Yun said: "Ruqing, I will chat with Xiaoxiao alone for a while. There are some things I want to tell her."

"Um?"

The phone is in the state of calling out. Shan Ruqing looked at her daughter suspiciously. Li Yun wants to chat with Xiaoxiao alone? Why?

"Okay, hee hee, my big brother and I secretly told some secrets that my mother didn't know."

Shan Xiaoxiao pretended to be innocent and cute, picked up her mobile phone and ran to the balcony, sat on the spacious balcony chair of this high-end apartment, and secretly called Li Yun:

"Big brother, do you want to come up with ideas? Hehe, okay, Xiaoxiao is very smart, maybe I can give you some advice."

Li Yun did have this idea.

Don't even think that Shan Xiaoxiao is only eight years old this year, but this little girl can use her finger to communicate with Li Yun, who is more than ten meters away, by hooking her finger. In addition, she has been concealing things that are very smart. Her mother has always been innocent and lively.

EQ and IQ are both terrifyingly high, and the system has also reminded that if she joins Six Doors or Hidden Sacred Valley, she will definitely become the next generation of saints in the future!

Perhaps this is also related to her lack of a father, and the children of single-parent families always behave very maturely.

"What is Xiaoxiao talking to Li Yun?"

Shan Ruqing continued to look suspiciously at her daughter who was talking with her small mouth on the balcony. When she thought of something, her face blushed, "Could it be that Xiaoxiao...want Li Yun to come to the capital?!"

After listening to Li Yun's brief description, Shan Xiaoxiao nodded, "I understand, I understand!"

"What do you think?"

Li Yun asked with a chuckle. At this moment, he treated Xiao Xiao as an adult.

This little girl, who is only eight years old, cannot be treated with common sense.

The Sage Fan Qing, who was standing next to him, used his slender fingers to close the hair that was blown away by the lake breeze. He was a little surprised at what Li Yun was doing now.

The so-called providence is to ask an eight-year-old girl?

However, the other party called at exactly this moment, it can indeed be said that it is of God's will in the dark.

"Actually, I think Brother Li Yun is thinking too much now, you are stuck in it, and you can't think rationally, right?"

Before Li Yun could answer, Shan Xiaoxiao secretly smiled and said, "In my opinion, things are very simple."

"go on."

Li Yun nodded. He encountered so many things in one night, and entered two illusions. He saw countless gods and monsters, and was thrown out by the saint Nuwa Empress with her tail, and then fought against the Ten Thousand Fax of the Soul Bright Realm. Douyong, the system also gave him many inexplicable choices, each of which said it would change the world.

And so on, everything made him fall into a state of being a fan of the game, which is exactly when it is time for outsiders to wake up.

Li Yun has many advantages, one of which is not ashamed to ask.

Chapter 2497: The opinion of a little genius

"Brother Hero." Shan Xiaoxiao's immature voice came from the microphone, "Now in front of you, an out of control train is about to come. There are one and five people on each of the two tracks, and Brother Hero, you can control it. You will choose to be indifferent to the person who pulls the train rod and let the train hit five people to death;

Or choose to pull the lever and let the train hit a person to death? "

Li Yun raised his eyebrows, "Isn't this the train problem?"

Shan Xiaoxiao actually raised the train problem, so she can't be regarded as an ordinary eight-year-old girl.

"Yes, isn't my brother facing such a dilemma now?"

"There is no standard answer to this question." Li Yun pondered for a moment, "You mean to choose whatever you want?"

Choosing to be indifferent, letting the train hit a person to death according to the original route is equivalent to leaving Li Yun and letting the fog continue to cover Weiyi Island. More than three million people are trapped here, and the deaths and injuries are unpredictable.

Choosing to pull the lever is tantamount to activating the cyan stele, causing unknown changes in the world. Three million people on the island are temporarily saved, and the future of the world is uncertain.

"It's not over yet." Shan Xiaoxiao said with a smile: "If there are a thousand people on the track, and they are not tied to the track, but squeezed in a tunnel, after the train hits, they might be able to squeeze in. On both sides of the tunnel, they were all safe; or squeezed together, most of them were

killed; and some smart people ran out of the tunnel, trying to break the track and let the train overturn.

Wait, there are so many possibilities~. "

Li Yun laughed out loud and said, "Okay, I know what to do."

"Do you really know? Hehe, it seems Xiaoxiao is quite smart, la la la~" She said these words loudly, in order to dispel her mother's doubts.

Shan Xiaoxiao said so much, but it is actually a one-sentence summary: Focus on the present and look to the future.

Save three million people on the island. As for what the world will become in the future, I will talk about it in the future.

Even if half of the world's people died because of today's fault, it cannot be said that he did it wrong today-he cannot use future possibilities to judge what he is doing now.

It's like Einstein developed a nuclear bomb. If the earth is destroyed by this in the future, no one will blame Einstein for being wrong.

The cyan stone stele at Li Yun's feet and the door of life and death are like Pandora's Box in Western myths and legends. It is full of disasters, disasters, and plagues, but at the same time, it also carries hope.

"Qingsheng!" After comforting Shan Xiaoxiao and letting her mother and daughter rest assured, Li Yun took a deep breath and finally made a decision: "I want to clear the fog and evacuate the three million people on the island. As for the result, what will happen? ,tell you later!"

Hold him accountable? That is impossible. Li Yun is willing to save three million people, but he will not bear the responsibility for any cause.

He can be said to be a good man, but he is by no means a saint.

"it is good."

Sage Fanqing picked up the ordinary jade disc fragment again, and handed the supreme treasure in the shape of a shattered jade pendant to Li Yun's hand: "Look again, is there anything I need to pay attention to? "

She didn't know anything about this saint woman, and her master didn't tell her anything about it, but Li Yun knew more than her.

"Notice?"

Li Yun took the fragments of the good fortune jade dish and touched his chin.

If this thing is placed in a prehistoric novel, it must be a treasure that the saints can't help but grab.

But now, the so-called good fortune jade disc has long been shattered, and even the path of heaven does not exist yet. Naturally, the so-called good fortune jade disc, which is so-called compatible with the Tao, is naturally thrown on the street and no one picks it up.

"Don't pay attention, let's stay away, and then urge the law to make it..."

"Boy, hand over the saint jade pendant!!!"

Chapter 2498: The wicked sue first

Just when Li Yun and Fan Qingsheng wanted to test the function of this good fortune jade disc fragment, there was a thunderous shout from a distance.

Very familiar.

It's the voice of Elder Wu!

Li Yun sank his face and turned his head to look. Elder Wu and two groups of people from the Demon Squad rushed over. Beside him, there was the Taoist Baihe with extraordinary bearing and no fluctuation on his face--that is, Immortal Nanhua!

"Hand over the saint jade pendant!"

The Hidden Sacred Valley disciples of the two teams of 24 members of the Demon Slayer screamed at him, and Li Yun's expression became gloomy again. If it weren't for the face of Fan Qingsheng around him, he had already pulled out the intercalary fire sword. Facing this group of arrogant guys is a sword to go down.

See how they die!

"stop."

Sage Fanqing took the initiative to speak and stopped the possible conflict between the two sides.

Her cold eyes swept across the faces of Elder Wu, Nanhua Shangxian, and the group of disciples. Her voice became extremely indifferent, completely different from the confusion that was when she talked with Li Yun before:

"What do you want to do? Senior Nanhua, are you instigating discord?"

Li Yun raised his eyebrows. It was not easy. The stupid Lord Saint finally saw the crux of the problem-Elder Wu suddenly flew over in a fierce manner. There was a high probability that he was separated by some words from the Nanhua Shangxian.

Just so immortal, Li Yun happened to hold the jade pendant of the Sage Fanqing.

A Taoist robe, a bamboo crown, and an outstanding temperament, the Nanhua Shangxian was slightly surprised when he heard the words, and then said with a pity: "Holy woman, you have been confused by outsiders, so that even the holy woman who has been passed down from ancient times to the present The exclusive jade pendant is given to outsiders."

A group of disciples were shocked when they heard it. No wonder the Saintess behaved so strangely. Is it true that the boy Li Yun has been fascinated by his mind? !

Sage Fanqing frowned, his thin red lips pressed tightly, as if he was so angry that he couldn't speak.

She was still not good at words, and was angry at Nanhua's shameless words!

"Nanhua Shangxian, right? Dare to call yourself Shangxian, are you really a god?" Li Yun asked rhetorically, trying to lead him into the trap.

"I have nothing to say about the evil spirits."

"Nothing to say? Don't you dare to say it? See what this is!"

Li Yun took out a sword shining with blue fire from his inventory, and lightly waved it at the group of outrageous disciples.

In an instant, more than 20 small flying swords flew out, flying back and forth around the sky, the dense sword light, and the faint blue flames that emitted, scared everyone below three steps back.

"Fighting the ground!"

Nan Hua Shangxian's face changed drastically, his eyes seemed to burst with a sharp light, straight through Li Yun's body, and he said bitterly: "Are you the monster back then?!"

"Monsters are too ugly. I just practice fire control skills. It just so happens that the volcanic underground is suitable for me to play."

Li Yun retracted the flying sword in the sky with a smile, and more than twenty two-finger-wide small swords were once again integrated into the Leap Fire God Sword. The mysterious scene made a group of disciples swallow again.

"Spirit weapon!"

Only a spiritual weapon can split and merge freely. With one sword, a hundred swords and a thousand swords will follow, which is many times stronger than controlling three hundred sixty-five magic weapons at the same time!

Elder Wu frowned, vaguely feeling that this was different from what Nanhua Shangxian said.

Li Yun smiled and said: "Old friends, Taoist Baihe, you seem to be unhappy? But that's right, a master of the hidden sacred valley, but took the refining materials to find a refining master at Liudaomen to refine the spirit weapon, As a result, the spirit weapon was not picked up, and it was snatched away."

The immortal Nanhua had an extremely dark face.

Chapter 2499: treasure

"Just forget it, I don't know who the other party is. If I didn't take the initiative to say it, he would still be kept in the dark, like a fool!"

Li Yun laughed at this guy to his heart's content, striving to make him furious and hurt others, so that everyone would know that he was colluding with the six gates.

result.

Nanhua Shangxian, who was extremely angry, suddenly turned indifferent, and said coldly, "Pan Dao doesn't know what you are talking about. These days, I have been practicing in secluded sacred valley in retreat, preparing to deal with the increasingly rampant activities of the Six Dao Sects. "

"It's you."

Shangxian Nanhua raised his hand to find a golden rune, and his killing intent revealed in his eyes: "The outside world is withered and there is no aura, but you have a good cultivation base. How to explain?!"

"Yes, how do you explain?!"

"You must be in the magic door!"

"Damn it, slander Senior Nanhua!"

A group of disciples from the realm of refining spirits screamed, their expressions full of resentment, even the elder Wu, they all opened their mouths to shout to Fan Qing Sheng Qing: "Qing Sheng, come back soon! Don't be fooled by this demon again!"

Sage Fanqing shook his head and stood firmly beside Li Yun.

The war between the two sides is about to start.

At this moment, Li Yun suddenly did something surprising.

He waved his hand and took out all his magical weapons from his inventory. In an instant, as many as twenty pieces of light shone, and weapons and equipment with powerful fluctuations appeared in front of everyone.

Li Yun waved again, and instantly there were more than a hundred pills suspended in the air.

"!!!"

Everyone's eyes widened in surprise, Nanhua Shangxian's pupils shrank, and he clearly saw a spell surrounding a purple thunder, which was far more powerful than his triumphant spell: Golden Light Town Evil Talisman. !!

But Elder Wu noticed an unremarkable arrow floating in the air, the arrow just pointing at him.

The moment he saw it in his eyes, Elder Wu suddenly jumped in his heart, and an unprecedented sense of crisis enveloped him!

This sharp arrow can penetrate him in one blow!

In the next instant, all these treasures disappeared in front of them, making people wonder if they were dreaming just now.

"see it?"

Li Yun smiled and said to these dumbfounded Hidden Sacred Valley disciples: "I have many unimaginable treasures. You can guess, the elders of the six gates, and even the Lord, their treasures can be half of mine. Is it too much?"

Everyone was silent, and didn't know how to answer!

Those treasures just now were really shocking!

Especially Nanhua Shangxian, he spent hundreds of years of hard work to collect the materials for refining a spiritual artifact. He still dare not say that it can be forged 100%. He can only retreat and seek A supreme artifact.

As a result, Li Yun had at least five spiritual artifacts in his hands, and the top-grade magical artifacts were countless, plus hundreds of pills and various powerful items.

People, don't compare with others, otherwise, the more you compare, the more angry you will be, and you will easily get so angry that you can't eat for ten and a half months.

"Guess again, where did I get these treasures? Where did I find the cultivation method and the required spiritual energy?" Li Yun said with a smile, scanning a group of hidden sacred valleys whose eyes were red with jealousy. Disciple, turned to the distance again.

"Obtained from the ancient fairy mansion!!"

There was a loud laughter in the distance, and then Shi Zhen, Lu Gao, Nanyang old woman, Zhang Feng, and a group of more than twenty Six Dao Sect disciples appeared together.

"Boy, hand over the treasure and spare you not to die!!" The old Nanyang woman's body trembled with excitement. God knows how excited she was when she saw Li Yun waved to find a lot of treasures.

With so many treasures, there must be something to extend lifespan in it!

Chapter 2500: Murder and Treasure

Ancient fairy mansion! !

Everyone was in a daze, and their gazes at Li Yun became more greedy and fanatical.

Indeed, only the cave house left by the fairy in the legend can produce so many treasures, and it can also explain why Li Yun is neither a disciple of the Hidden Sacred Valley nor the Six Dao Sects.

Only in this way can he gain the favor of the Lord Saint, and become close friends with the Lord Saint, and even give him the saint jade pendant.

The innocence is proved, but people will encounter catastrophe.

Everyone looked over with a sneer, as if those treasures were already in their pockets.

"Li Yun!"

Fan Qingsheng was in agitated mood. Li Yun exposed his secrets for her and made himself a target of public criticism. In fact, Li Yun didn't need to explain at all. Anyway, the people in Hidden Sacred Valley didn't trust him, let alone get along with him friendly.

But in order to take care of her reputation, Li Yun still showed a lot of treasures, proving that he was not a person of the Six Demon Gates at all!

"Want my treasure? Come and get it."

Li Yun was holding the Leap Fire God Sword and standing on the cyan stone stele with a smile on his face, like a pair of Bi people with Fan Qing Sheng.

"Qing Sheng!" Elder Wu said in a deep voice, "As the saint of the Hidden Sacred Valley, you should recognize who is next to you, instead of just believing his words!"

"Master Saint!"

Before being forced to apologize, Lu Nianxian, who was ugly in front of everyone, also screamed: "This kid is arrogant and arrogant, you shouldn't continue to stand by his side, and turn against us!"

The disciples of the Hidden Sacred Valley looked at Fan Qingsheng with regret.

In their hearts, the saint has fallen.

"Haha." The people of Six Doors could not help showing a mocking sneer watching the good show of dog biting the dog.

"Even my saint has rebelled. Tsk tsk, it seems that the Hidden Sacred Valley is going to die!"

"It looks quite cold on the surface, but in fact it has long been someone else's slave!"

"What kind of \*\*\*\* pretends to be lofty and laugh at me to death?"

The Liudaomen disciples laughed and sneered. Even the mysterious Zhang Feng couldn't help but shout loudly: "Brother Baihe, I think you don't have to stay in the Hidden Sacred Valley. Become with me at Liudaomen. Venerable, isn't it more promising than the Hidden Sacred Valley?"

Everyone was taken aback. Senior Nanhua really colluded with Liudaomen?

"I don't know what you are talking about." Nanhua Shangxian said indifferently, staring at Li Yun deadly: "However, now our Hidden Sacred Valley and Liudaomen have a common enemy. I have a suggestion below. Take this kid down and ask about the whereabouts of the ancient fairy mansion. There may be treasures left by the predecessors of both of us. What do you think?"

"it is good!"

In the Hidden Sacred Valley, the disciples of the Six Dao Sects and two schools actually agreed to this absurd suggestion put together, and countless fierce gazes at Li Yun.

—In their eyes, the possessions of all practitioners in the world are their own, or belong to the six sects. How can the ordinary people from the outside get their hands on it?

"Did you finish?"

Li Yun still had a smile on his face, Lu Gao jumped out, pointed his sword at him and shouted: "Don't think that by obtaining invisible treasures in the Ancient Immortal Mansion, you can be surrounded by seven or eight of us in the Void Returning Realm. Escape from birth, let alone we still have dozens of disciples in the realm of refinement! All the disciples listened to the order: End the battle, kill this kid, and take the treasure!"

"Kill him, take the treasure!"

Everyone suddenly promised, and the Demon Squad, including the Hidden Sacred Valley, all revealed the charms and magical instruments in their hands, dozens of rays of light rose up into the sky, shrouded in front of Li Yun.

"Actually, I mean, have you finished talking about the decapitation?"
