

## Godly Choice 2671

### Chapter 2671: Young Girl's Surprise (Part 2)

In the BMW luxury car, the young girl looked at the bustling city and the high-rise buildings that can be seen everywhere on the roadside, and fell into silence again.

The roads are full of vehicles, there are incredible numbers of human beings, and they have created a civilization that is unimaginable for the ancient immortals...

When I arrived at the airport and saw a large plane parked on the apron, the young girl finally couldn't help but ask: "These bird-like things can fly into the sky? Take ordinary people to fly together? Not using force?"

"No." Li Yun said with a smile: "Otherwise, you'll understand when you get on the plane, oh, check the ticket now, let's go."

Qing Girl didn't ask any more questions, there was obvious expectation and curiosity in her eyes, but it dilutes her sad temperament a lot.

After getting on the plane and sitting down in the first-class cabin, Qing Nv's eyes didn't stop. When the plane started and was driving at top speed on the runway, her eyes suddenly widened and she stared out the window stubbornly.

Not afraid, but felt the powerful force contained in the aircraft engine, and is pushing this steel bird into the sky with all its strength!

Finally, the plane carrying 300 people left the ground and slowly climbed towards the sky.

"This... really flies!"

"Ordinary people can fly without relying on spells!!"

The young girl's mouth was open, full of incredible expressions.

But it seems to be taken for granted.

The principle of airplane flight is complex and complex, simple and simple. Take off a leaf, fold it into a certain shape, and throw it forward, so that the leaf can fly far away.

The principle of the airplane is roughly the same. It relies on the engine to agitate the air to obtain the golden power, and then cuts the air through the special shape of the wing, and obtains the upward force to support the airplane to climb.

As long as the engine is strong enough, ordinary people and a large iron tuft can be carried into the sky.

"How is it? Great, right?" Li Yun turned his head and smiled at the young girl. "Ordinary people have also developed a prosperous civilization. They have even been to the moon once, and the researched aircraft has also been to Mars and flew out. After the solar system, have these ancient achievements completed?"

"Flew out of the sun's range?"

The young girl stared out the window blankly, grinned, and burst into laughter. The hahahaha laughter made everyone in the first-class cabin look at her.

"This lady, please don't be here..." The stewardess hurried over to stop this aunt who was laughing with tears and was suspected of being a lunatic.

"Why are you crazy again?" Li Yun said helplessly.

"You are crazy!"

The young girl wiped the tears from her smile, and her smile was faintly happy, "I just thought that when the guy saw the person he created, he actually made such a powerful thing, she doesn't know what will happen to her expression. Wonderful, ha ha ha ha."

Li Yun frowned, the one created?

Are you talking about Empress Nuwa?

Nv Wa is really the \*\*\*\* who created mankind?

The theory of evolution can explain why there are so many species on the earth, but it is still unable to explain why there is only one kind of intelligent life on the earth. In archaeology, the biological remains on the complete evolutionary chain have not been found. Therefore, the theory of evolution is more strictly speaking, It is a kind of conjecture and hypothesis, but not the truth.

For example, the famous biological unsolved case: the Cambrian life explosion.

Withdrawing his active thinking, Li Yun glanced at the young girl, thinking in his heart, she and Nuwa are not simply a relationship of hatred, otherwise, they would not look like Nuwa in the place.

Chapter 2672: go home

At 3 o'clock in the afternoon, Li Yun returned to his home in Huangtingshan, Zhonghai City.

"Master." The security guard in front of the villa's gate bowed and bowed and opened the iron railing gate with intricate patterns for Li Yun.

"This is your home? It's pretty good."

The young girl walked into the gate of the villa first, swaggering like she was the host and Li Yun was the guest.

"Hurry up and find me a room, and then buy me some daily necessities. Seniors, I'm tired, and I just want to take a good rest!"

The young girl walked into the spacious villa, stretched her waist, sniffed the fragrant garden in front of the villa, and said lazily: "If you have nothing to do in the future, please don't bother me. I have to deal with you and the past and future. Not interested, unless you find that \*\*\*\* Nuwa, don't bother me!"

"By the way, find me another maid. One is enough. I don't need ten or eight. I'm too lazy to manage that much."

The corner of Li Yun's mouth twitched: "Senior, you are really welcome."

"I won't let you add more money!" Qingnv gave him a roll of eyes, "You have a \*\*\*\* formation guardian in your house. Maybe it's because you have offended someone? If I help you sit in the house, you still pay. Is there anything you are dissatisfied with? Don't be long-winded, do it now!"

"Yes, you are right. I made the money. I'll call the housekeeper to get it later."

The young girl nodded in satisfaction, and walked towards the master villa in the middle.

This place called Huangting Mountain is really good. The whole mountain has been transformed into a beautiful scenery, and the facilities are convenient. There are shops under the mountain. She estimates that she can live here for dozens of hundreds of years without going out. After her aura declines, she will return. The city fell asleep again.

"An Xi?"

Li Yun looked at the girl who seemed very upset next to him, and smiled: "It's okay, I have said, my family is very good people, you will like them. Go, I will take you in."

Li Yun wanted to hold her hand, but Tang Anxi quickly threw it away, bit her blushing lips, shook her head and whispered: "I am now a maid, no, not their sister..."

Tang Anxi has already learned from Li Yun that Li Feng is also one of her sisters, and because Caiwei and Caixia are not Li Yun's sisters, they are just unrelated goddesses. Tang Anxi is beautiful from Li Yun's side. I can already guess that these two twins will become the second of her sisters in the future.

In addition, the Yongning princess 400 years ago is equivalent to saying that the four girls in this villa and Fang Xue who is now in Longyang County are all that she needs to get along well, take it seriously, and can't play tricks or tricks. Sisters of conspiracy!

"Well, come with me, I will introduce you to the butler first."

Li Yun smiled and walked into the villa.

Tang Anxi took a deep breath, pressed down the beating heart, pretended to apply for the job, with the expression of a somewhat disturbed maid, bowed her head and walked in.

This villa was so big that Tang Anxi was shocked.

If it hadn't been for her to go to Penglai Island, her knowledge had increased a lot, combined with the ability to be admitted to the Drama Academy, I am afraid that she would be too inferior to walk.

The entire villa occupies a spacious area, like a manor in a movie. It is filled with rich ladies. With her, the poor girl who has eaten meals with hundreds of families and picked up \*\*\*\* to support her life, she is totally from two worlds!

Tang Anxi was so nervous that it was difficult to breathe, her fists were tightly clenched, if it hadn't been for Li Yun, she would have gone crazy with jealousy!

Chapter 2673: Who is the lady

Inferiority complex and jealous.

Tang Anxi knew that she had a bad personality. Without Li Yun, she would never open her heart to anyone in her entire life. Others would only see her cheerful and lively side, and she didn't know how dark her heart was.

But because of Li Yun, she is willing to befriend all the women in this luxurious villa. Before they offend or show her contemptuous expressions, she is willing to lower her posture to please them!

"Yun, I am willing to do anything for you..."

Tang Anxi calmed down from the excitement of the luxurious villa, looking at the broad back of the man walking in front, a bright smile appeared on her face, so long as he was by her side, what about her humble background?

Li Yun didn't know what kind of psychological fluctuations Tang Anxi's sensitive and inferior heart experienced. He brought the two women to the door of the villa, and the butler had been waiting in front of the door for a long time.

"This is the one I invited... distinguished guest, named Qingnv."

Li Yun decided not to treat the young girl as a bodyguard, lest the people in the villa neglect her, "Butler, you will take her to find a suitable house on the second floor, and then pay her 10 million yuan every month... .."

Li Yun ordered them to go down one by one, but Zhou Qi, the butler, was puzzled, but all agreed.

Later, Li Yun introduced Tang Anxi, saying that she was a friend of an acquaintance and came to interview to be the maid of the little princess, but her working hours were not fixed, so she came and left as long as she wanted.

The butler glanced at Tang Anxi's outstanding face and nodded clearly, expressing his understanding.

Tang Anxi suddenly realized that something was wrong!

Her husband is good in everything, but just too astringent.

And she is such a beauty who is applying for a maid, and she is still "unfixed working hours." Doesn't she mean putting everything on the table? !

"Where are they?"

After the introduction, Li Yun looked at the living room. The living room on the first floor is seldom used by a few women. They usually sit in the afternoon. At night, they stay in the cozy living room on the third floor to watch TV and do their homework. People will bother.

"The two young ladies and Mrs. Li Feng went to the movies. They still don't know that you are back, do you want to inform them?"

"Not for the time being, what's the matter with Mrs. Li Feng?"

Li Yun was stunned, since when did his sister be called his wife by the people?

"Uh." The butler quickly explained: "It was the instructions given by the lady herself, saying that we should also call Li Feng the wife..."

Li Yun looked embarrassed, "Who is the eldest lady? Fang Xue? Or Princess Yongning?"

Tang Anxi on the side was stunned, and the sisters' relationship was messy.

"Don't you have no emperor in the modern age?" Qingnv glanced at Li Yun, "I see you so many ladies, the ancient emperor can't compare to you!"

Li Yun was ashamed and could not refute.

The butler embarrassed: "The current eldest lady is Fang Xue. It seems that the three ladies have a gamble. Whoever wins will be the eldest lady for two weeks..."

As he said, the housekeeper glanced at Tang Anxi, the latter flushed with shame, thinking in his heart, I don't want a big lady, just be a lady, no, just be a Tang Anxi.

"...I really know how to play." Li Yun couldn't laugh or cry. "Where is the little princess?"

Princess Yongning rarely goes out to play, she should be at home.

"She is in the back garden, Xiaolu is following his wife."

Xiaolu's real name is Cai Ninglu. He is 19 years old. He didn't want to go to college after graduating from high school. He was hired by a butler.

Chapter 2674: The little princess of Yongning

Leaving the housekeeper to serve the young girl, Li Yun took Tang Anxi to the back garden.

Here is a private garden of two or three acres of land, surrounded by a wall of thorns. There is a small door leading to the back of the villa, and the front door is the back door that connects to the lobby on the first floor. You can enter it through the large living room.

In addition, there is also a spiral staircase on the second floor that leads directly to the back garden without passing through the living room on the first floor.

The back garden belongs to the owner's exclusive garden. Usually there is absolutely no outsiders entering, and no one under the bodyguard can see the situation inside. Even the gardener must get the approval of the housekeeper to mow the flowers and plants, and enter when the owner does not go to the garden often. Only enter once a week and focus on pruning.

It can be said that the back garden belongs entirely to Li Yun and his wife.

Especially the little princess, especially like to sit in the small garden.

Like now.

"Li Yun, is she Princess Yongning?"

Tang Anxi looked at the petite white figure in front of her. She was wearing a white dress, her body was very petite and weak, as if she could be crushed into pieces by being hugged into her, and she was extremely fragile.

The little princess has fair skin and tender skin, sitting on a swing chair with backrest in the back garden, holding a book in her hand, looking very demure and graceful in the shade of the afternoon sun, like a beautiful princess in a dream castle, waiting for the prince To love.

"Master is back." The little green next to her reminded her in a low voice. Princess Yongning turned her head in surprise. After seeing that it was Li Yun, she exclaimed, her little face suddenly burst into joy with her feet. Jumping off the swing and stepping on the ground, the whole person is like a little rabbit, rushing towards Li Yun.

"Msang Gong~~~"

"Yongning!"

Li Yun smiled and hugged her petite and exquisite body, lifted her up, lifted her feet off the ground.

"Hehehe~, the grandfather is finally back, Yongning missed you so much~" The little princess let out a cute laugh like a silver bell, full of happiness, which made Tang Anxi very jealous.

This kind of innocent and cute smile, she can't smile in her life, maybe that's why her husband likes so many girls. Seeing such an innocent smile every day, even Tang Anxi finds it pleasing to the eye.

Li Yun hugged the little princess with a cute smile and sat on the swing, so that the little princess's petite body was completely hugged in her, grabbed her delicate mouth, and after a lot of love and affection, he let go Up her.

"Msang-gong, husband~~ the husband, Yongning's husband~~"

Princess Yongning panted slightly, her small face was full of dizziness, her arms around Li Yun's waist, her big eyes were full of water-like tenderness, she raised her head and called Li Yun's three names in turn, her voice was incredibly tender and full The full affection made Cai Ninglu, who was staring at him, trembled slightly, lowered his head and dared not look any more.

She had long known that Princess Yongning she was serving, even though she seemed to be only fifteen or six years old, already had a husband and was the official wife of the owner of this villa.

After seeing it with my own eyes, I still feel surprised.

It turned out that Princess Yongning was not hidden by those big belly boss Jinwu, but loved by a boy her age.

Thinking of Princess Yongning's act of sleeping fifteen or six hours a day, Xiaolu seemed to understand something.

"Well, my little princess, I will introduce you to someone."

Li Yun looked at Tang Anxi, and he was relieved when he saw that there was no particularly jealous expression on her face.

He was intimacy with Zhu Shu'e on purpose just now, just to see Tang Anxi's reaction, if she couldn't even accept this, then Li Yun could only reluctantly take Tang Anxi away from here, so that she would try not to meet other people in the future.

Fortunately, Tang Anxi was able to accept his behavior with other girls.

Chapter 2675: Tang Anxi's identity revealed

"Your Royal Highness." Tang Anxi stepped forward and bowed slightly to Princess Yongning. When she lowered her head, a trace of envy and sorrow flashed in her eyes.

"Huh? Are you...?"

Princess Yongning still hugged Li Yun, sat with him on a swing with a backrest, turned her head to look at Tang Anxi, her movements were not very elegant, but she didn't want to leave the mate's embrace.

"My name is Tang Anxi, yes..."

"One of the girls I like."

Just when Tang Anxi wanted to introduce herself as the maid who came to apply for the job, Li Yun smiled and said it first, which surprised all the three people present.

Tang Anxi didn't need to say much, panicked and at a loss, a beautiful face like a white lotus, full of shock and shame.

She really didn't dare to appear directly in front of Li Yun's confidante, so she exposed her identity.

Cai Ninglu was surprised that the master had another wife, but didn't think much about the others.

In fact, her parents also work in Huangtingshan, and have heard about the rich since they were young.

For example, Xiaolv once heard about the amazing deeds of a billionaire man:

There are seven or eight wives in the family, they live together, but only one officially married to the rich, and the children born to these wives are all legal, and they are all children with official status on the household registration book.

The specific operation is:

Before every wife gives birth to a child, the rich man will divorce his previous wife and marry the woman who is about to have a baby. In this way, every child born will be a child within the marriage, which is legal, and every child has the right to inherit. So as to bring family harmony.

In other words, the rich man made his behavior completely legal through dozens of marriages and divorces, and no one can accuse him of bigamy.

When Xiaolu heard it for the first time, she was stunned, but later she became numb when she learned more.

There are too many sorrows by the rich that ordinary people can't even think of.

But she can also become a rich person in the future-she is now Mrs. Yongning's personal maid, with a monthly salary of more than 100,000 yuan, and various bonuses. In the future, as long as she does not make mistakes, she can make more money than her parents when they were rich gardeners and cooks. !

"come over."

With a smile at the corner of Li Yun's mouth, Tang Anxi walked over and sat her on the swing together.

Now the little princess can easily see her.

Tang Anxi's body completely froze, and she let Princess Yongning look at her motionlessly, buzzing in her mind, more nervous than the legendary ugly wife seeing her in-laws.

"Sister is so beautiful."

Finally, Princess Yongning spoke in a sweet voice.

One sentence made Tang Anxi feel relieved. She softened her body and raised her head to look at her in surprise. After a long while, she said: "Sister Yong, Yongning, you are more beautiful, you, you are from a noble background. , Bibi me...no no, I don't mean that, I am not jealous, I just...praise you for your good background, much better than me!"

Zhu Shue blinked her eyes and asked curiously: "My sister's name is Tang'an xi? Which xi? Tang Dynasty Chang'an, the name is very beautiful? And oh, sister, don't be nervous, I didn't want to eat people."

Li Yun laughed. The little princess said seriously that she can't eat people. It's so cute.

Tang Anxi's face blushed, and she bit her lip with a smile, and her voice really eased a lot: "It's the sunset of the setting sun, princess, are you really the daughter of the Queen of the Ming Dynasty 400 years ago? You are much more beautiful and cute than me. ...

Chapter 2676: Ran away

The little green on the side was extremely surprised. Mrs. Yongning was a princess 400 years ago? Live for four hundred years? !

It's no wonder that I was married at such a young age, and it turned out to be an ancient... But how could anyone live so long?

Yes, is it an ancient cultivator?

Xiaolu quickly thought of what had happened on Penglai Island, and suddenly felt that she had found the truth, and she was not so shocked.

On the contrary, she has a strong curiosity about the wife and the master. It turns out that her host family who will work here all her life in the future is not ordinary.

"Yes."

Princess Yongning does not shy away from hearing that Xiaolu, after all, is her own personal maid, and she will marry the Xianggong in the future (in her opinion).

The two women chatted quickly, and Li Yun acted as the little princess's human pillow and hugged her gently on the swing.

It was the first time that Tang Anxi rode on a swing, and it was a three-person swing. Coupled with the current situation, his mood was all sorts of complicated for a time, and his eyes became softer when he looked at Princess Yongning.

From now on she will be her own sister.

Husband is right. The confidantes around him are all very good people, but... she is of a really bad background. If, if she is from an ordinary family, then she will definitely be able to stand up and recognize this younger sister now. .

"Master, ma'am."

Xiaolu received the message from the housekeeper and came forward to report: "The two young ladies and Mrs. Li Feng know that you are back and are now rushing back."

"Okay." Li Yun nodded, and smiled at Tang Anxi: "It's just that you will see them later, but it's a pity that Xiaoxue is not here, and he is back to Longyang County."

"I, I, I...!"

Tang Anxi blushed, suddenly got up and walked quickly towards the exit. After walking a few steps, she looked back at Li Yun and Yongning, bit her lip and said, "Li Yun, Yongning! I'll go back first... wait, wait When I can really come, I will chat with Sister Yongning again!"

After speaking, she hurried away.

Princess Yongning was left with a look of astonishment.

"Ms. Xiang Gong, sister An Xi...?" Yong Ning was a little uneasy. A Tang Anxi escaped because of her relationship.

"It's okay, let her think about it again."

In the end, Tang Anxi still failed to pass the level of her own psychology. Li Yun did not chase her. She could only pass this level by herself.

"Oh~~"

Yongning nodded seemingly.

"Don't think too much, my dear little Yongning should be happy, come and show her husband with a smile."

Li Yun and the little princess hugged face to face, the little princess's petite and exquisite body was completely shrunk in his arms, Li Yun tuned up as a Xiliang family woman, and provoked her

smooth and round chin, the little princess smiled and took the initiative. The rosy mouth opened slightly after the horse's neck was caught, and he called out softly: "Ah~~~"

This is for a kiss.

Originally, the little princess was a person four hundred years ago, and she was very repulsive of doing these shameful things in the public and under the fierce white sun.

But after Li Yun's unremitting training over the past few months, the little princess has now dared to kiss him passionately in front of Caiwei, Caixia and others, and she was very involved in her, forgetting everything around her.

For example, Xiao Lv is still looking at her face flushed with shame, but the little princess is already indulging in the entanglement of her lips and tongue, tightly hugging her neck, her petite body trembling slightly. write.

"This, this, this..."

Little green stuttered for a long time, but finally did not say a word to remind him that the two young ladies and Mrs. Li Feng were back.

She felt that the picture of the two hugging each other was so beautiful that she should not be disturbed.

Chapter 2677: Ding, Wan Qing Ya

As a result, the trio of Caiwei who came back saw a blushing heartbeat to the limit.

Their elder brother (brother, husband) hugged the petite Princess Yongning, and they sat on the swing under the big tree in the back garden, swinging gently, embracing and kissing each other affectionately.

The afternoon sun shines through the leaves on the two of them, surrounded by the scent of flowers and soil, forming an extremely beautiful picture with the two kissing on the swing.

"elder brother....."

Caiwei is envious. When is it her turn to hug her brother while shaking and kissing on the swing?

"Brother~~~!"

Compared to the plucking in her heart, Caixia was much more straightforward, and she rushed over. When the little princess left Li Yun's lips in a panic, Caixia's sister's intimacy had already landed on her brother's cheeks.

"Hehe, brother, you are finally back. It's almost a week. Brother is really bad. He said he would only go out for two or three days! Humph!"

"Okay, okay, brother is wrong."

Li Yun smiled and hugged Caixia's waist and let her sit on the swing.

This swing is the same as a park bench. It is wide enough in length and has a backrest. There are two iron cables tied to a thick branch on it. It is not a problem to sit for five or six people.

So Li Yun hugged Plucking again and let her sit next to him. The twin sisters hugged him alone, allowing Li Yun to fully enjoy the comfort of his wife in his arms, younger sister on his side, and older sister in front.

"I don't sit down."

Mrs. Li Feng gave Li Yun a roll of eyes, but couldn't help smiling at the corners of her mouth, and sat down at the stone table in front of the swing.

The back garden of Villa No. 36 is beautifully and warmly built. Within two or three acres of land, there are all kinds of flowers and the fragrance is charming.

Big trees, swings, lawns, pavilions, stone tables, and a goldfish pond in the center of the garden. You can also sit by the pool and feed the goldfish in your leisure time. The comfortable time is enough to grind a steely man into a white face with soft fingers.

"Mrs. Li Feng, I will pour you tea."

The little green who was waiting on the side quickly wanted to go forward to help pour the tea, but Li Feng shook his head, saying that he could do it, and Xiao Lv stood awkwardly on the spot.

"fine."

Li Feng comforted her: "In the future, you can concentrate on taking care of the little princess, and Cai Wei Caixia and I don't care about it."

Xiaolu expressed her sadness. She seemed to have taken a salary of 100,000 yuan a month too easily: Mrs. Yongning went to bed in the morning, rested on time at nine o'clock in the evening, and did not go out. Xiaolu did not even work eight hours a day.

"Little Green, pour me tea."

—Fortunately, her master still needs her, and Xiao Lv quickly went to pour tea.

Princess Yongning, who had kissed too much just now, felt her dry mouth blushed and jumped out of Li Yun's arms, trotting to Li Feng's side with her white skirt, and then plunged into sister Li Feng's arms to act like a baby.

The relationship between the women has become very good.

Li Yun was very satisfied when he saw this scene. When he stepped on his feet, the swings suddenly swayed greatly, causing the twin sisters to exclaim, hug their brother's waist together, and happily swing with him on the swings, from time to time. Crisp laughter.

Li Yun is very satisfied with his current life. Don't provoke so many girls in the future. Just now, manage every relationship well, so that all the women around him will show the happy smiles of those who are now. enough!

only.....

"Ding, congratulations to the host for getting Wan Qingya's full favorability degree. Because of the other party's special situation, we will reward you with a small red envelope."

Wan Qingya? !

Li Yun was stunned on the spot.

Chapter 2678: Demon Incarnation (Part 1)

Time goes back to one hour ago.

In the depths of the mountain, in a cave that is extremely hidden and surrounded by heavy arrays.

"Well, ah, um... You bastard, you can't come out yet! Li Yun, you can't die, you \*\*\*\* cheats me, you, you, you can't kill you bastard, after I go out, I will definitely, definitely... ..what!"

Inside the cave echoed a woman's ecstasy and angrily cursing.

If an outsider enters here and sees the situation inside the cave, you will be surprised.

On a flat boulder, there is a thick red blanket. On the blanket, a beautiful and undressed woman is writhing in agony.

On the woman without clothes, drops of white fragrant sweat, or a kind of white viscous substance, are constantly oozing out, as if the woman's whole body was roasted on a fire, and her body melted into a ball, constantly Separated out.

"Asshole, \*\*\*\* Li Yun, you guy...you can't be so deadly!"

The woman on the red carpet continued to struggle with pain, her eyebrows were frowning, and the white slime continued to separate from her, gradually forming a head-sized mass of flesh and blood, which was beating like a heart.

As if it was a child she gave birth to.

"Miss....."

In the distance, the four maids were extremely anxious. The young lady had been practicing in retreat for two months. Yesterday she said that she had finally practiced the first level of "Incarnation of the Demon", but since last night, the young lady has been like a pregnant woman who is waiting to give birth. Struggling and screaming on the red carpet, I kept cursing that Li Yun killed him, and he must be broken into pieces after going out.

"Asshole, die, die...ah~~~!"

Accompanied by the screams, the coquettish woman shrank into a ball and hugged tightly the ball of white flesh that she had split. Finally, the ball of white flesh broke apart, and a small, tender red fruit appeared from it. The girl, with her eyes closed, is as cute and petite as a four or five-year-old human being.

The screaming and cursing finally stopped.

Quiet in the cave.

Only the coquettish woman hugged the little girl she had split up, and kept breathing heavily.

The four maids looked stunned.

"Miss... is really giving birth? Coco, this way of giving birth..." Xiaoqing stammered, looked at the young lady with a horrified look at God, and then at the three sisters beside him. Completely lost the ability to think.

The other three maids were not much better. They guessed early that the young lady was "giving birth," but they didn't expect to sweat and melt to give birth to the next generation with their own flesh and blood.

Is this the special way of giving birth to a child from the Liudaomen Saintess? !

For a time, the four maids felt that they had seen the truth. It turned out that the saints of the six gates used this method to produce the next generation. It is no wonder that the young lady is so like the previous saint, she is more like a mother and daughter, just like a sister. Similar.

They figured it out, and then took a closer look at the little girl in the young lady's sorrow, and they felt even more like the eyebrows and nose, they were exactly the same as the young lady!

"Huh? Why do you look more and more like... Ah!"

Among the four maids, Xiao Zi, the youngest, covered her mouth and screamed.

The little girl in the arms of the young lady grew bigger and bigger. From the original appearance of four or five years old, she quickly grew to seven or eight years old. Her body was like the delicate willow branches in spring, constantly tapping and growing.

Soon, the little girl's waist became soft and delicate, with a graceful curve that belonged to a girl.

Chapter 2679: Demon Incarnation (Part 2)

Immediately afterwards, the girl born by the young lady grew from A- to D+, with long white legs and slender legs, like two jade chopsticks, exactly the same as the long legs of the young lady...!

They look exactly the same.

D+ is exactly the same!

Black hair, delicate, pure and slightly glamorous facial features, graceful willow waist, round and rounded curls, even the temperament is indistinguishable from the young lady!

This is not a child born by Miss, but an incarnation split and cloned from Miss!

"The avatar of the demon... It turns out that the young lady is really making an avatar!"

After the four maids reacted, they hurriedly walked over to help the lady on the right-they now have to remember carefully whether the lady is left or right, otherwise they can't tell who is the lady and who is the incarnation.

Only after approaching them, the four women could not help but blush.

It's just not an ordinary snake, but a snake with a beautiful prefix.

"Miss!"

And another avatar who looked exactly like Concubine Wan Qing was still lying on the red carpet, and D+'s heart was constantly agitating, proving that she was a living creature, not a simple avatar manipulated.

"...Asshole Li Yun!"

After the weak Concubine Wan Qing screamed at someone far away in Zhonghai City, she slowly opened her eyes and stared at the incarnation exactly like her in a daze.

She herself didn't know what was going on.

Why is the process of cultivating "Incarnation of the Demon" so difficult? !

And the incarnation produced is almost like a living person. Concubine Wan Qing has been tortured all night, making her even think that she was pregnant by Li Yun with the "Incarnation of the Demon", so she would have this kind of pain and childbirth. A sense of torture.

This is not surprising. There are some exercises that allow people to conceive directly, and both men and women can give birth to later generations. It's just that practicing these exercises will make people become human and ghost. Consort Wan Qing strongly suspects that these exercises are all. It's handed down from the monster.

According to ancient records, the stronger the monster race, the more difficult it is to give birth. Even some monster races have only one monster, so they have to give birth to their own offspring.

For example, Kunpeng Demon, Candle Yin Demon, Golden Winged Dapeng Bird, etc., all form a family. If you want to have children, you have to think of ways. It is not surprising that you use exercises to give birth to the next generation.

It's just... she is a human, not a demon! ! !

"asshole!"

"Yeah~"

The coquettish avatar lying on the red carpet snorted and slowly opened his eyes.

But...

"Don't scold him."

Chapter 2680: Ontology and Incarnation

What did she hear? !

Concubine Wan Qing, she actually! From the mind of this avatar clearly, I noticed that this avatar has the ability to think! !

And she actually refuted her idea of smoking Li Yun! ! !

In other words, this incarnation exactly like her, not only can feel what is in her mind, but even has her own thinking ability.

Incarnate, you can think too! !

Incarnate, and will refute her.

Incarnation, also, still... Concubine Wan Qing can still perceive the idea of incarnation!

"Huh, Consort Wan Qing, you are really stupid."

Concubine Wan Qing (incarnation) sat up and glanced at her lazily, with a deep contempt in her eyes.

Concubine Wan Qing (the body), who was called by her name directly, immediately became furious: "What did you say?!"

"Little Lan, wipe me."

Concubine Wan Qing (incarnation) ignored her, turned and told the maid.

This move surprised Concubine Wan Qing (the body) again: "You have all my memories?! You \*\*\*\* kid, you are a \*\*\*\* just like that bastard!"

Anyone who learns that all his memories have been shared will be very angry, which is equivalent to knowing his secrets without any reservation, and all the things that are ashamed to mention are all controlled by the other party.

At this moment, Concubine Wan Qing even had the idea of bringing this avatar back into her body so that she would never appear in front of outsiders.

Xiao Lan was at a loss, the lady's clone was exactly the same as the lady, and even the tone of the command was the same.

"Concubine Wan Qing, are you really that stupid?"

Concubine Wan Qing (incarnation) sneered: "How many abnormal things are on Li Yun's body, including the pill that he took out, and the many magical instruments that he gave to the women around him, plus you have never seen the "Incarnation of the Demon" exercise. The six-door saints' heavenly devil's bliss mental method and the six-door self-body are the same, don't you notice anything?"

Concubine Wan Qing (the body) was stunned.

"You are really an idiot trapped by love." Consort Wan Qing (incarnation) laughed, "I like Li Yun so much, but I just use a bunch of bad things to restrain myself. I obviously trust him very much, even He did not hesitate to practice the exercises he took out, but he still didn't dare to confess to him. He hadn't even kissed him. He could only look at a group of women around him, hurting himself alone, thinking that he did it for a reason. Yes, everything is for..."

"do not talk!!!"

Concubine Wan Qing (main body) screamed while holding her dark messy hair in both hands. The torture of a night of childbirth made her hair messy, and Chi Guo's body was also covered with fragrant sweat. The four maids even Can smell the rich body fragrance of the young lady.

"I'm different from you." Concubine Wan Qing (incarnation) slowly gathered her hair, her eyes flashed with drunkenness: "You love Li Yun, I accept your memory, I am you, I Also love Li Yun, if you dare not confess, then I will confess for you! If you dare not be his eldest wife, then I will fight,

I will rob, and I must subdue all the other women and put them under pressure. , So that they can only be concubines!!!"

The four maids are already stupid.

It turns out that the young lady loves that Li Yun so deeply, if the young lady's clone said it in person, they would still be kept in the dark.

It turned out that Miss wanted to be Li Yun's eldest wife? !

Ah, Miss's clone is much more domineering than her own character.
