

Godly Choice 281

Chapter 281: Happy Liu Xianxian

"Red envelope: there is money 188888 in it, after opening it, the skill is obtained: broad chest (with a man's open mind, after hug the girl, the girl can feel the sense of security and restraint, and it is easier to have a good impression on the host)!"

Li Yun was a little surprised, this time the system didn't give him a selection event, and Liu Xianxian's favorability level was full.

Sure enough, the girl's affection for him was not improved by the system, but the expression of these beautiful girls' feelings towards Li Yun.

But what the **** is the broad chest?

Li Yun opened the red envelope curiously, and then asked Liu Xianxian how it feels to be hugged by him now.

"Hate it, ask me this kind of question!"

But Liu Xianxian shyly left his embrace, pinched Li Yun's waist, and stared at him angrily: "No, don't think that I think you are good, so just go everywhere and get in trouble. Now How many girlfriends do you have?"

Li Yun smiled awkwardly, "Xianxian, I..."

"Huh~"

Liu Xianxian hugged him again, only to hit Li Yun with her little head to express his dissatisfaction.

"Yun, be nice to me in the future."

"certainly!"

"Even if you have many girlfriends, you still have to keep my place in your heart forever."

Liu Xianxian's voice was a little low, "I found that I can't live without you. Without you, I wouldn't know how to survive..."

"fool!"

Li Yun directly blocked her bright red Shuangfeng, kissed her again, and used practical actions to dispel all Xianxian's worries.

For a long time, until the bodyguard coughed and coughed to remind them, the two people separated like glue.

Liu Xianxian's legs were so weak that she couldn't walk. She and Li Yun had their first kiss, and even if they were filming, they had never filmed a love scene, let alone a kiss scene, so she was very involved.

Coupled with the messy function of Li Yun's system rewards, Liu Xianxian's experience has risen to an unbearable level for her.

Fortunately, Li Yun gave her a mid-level Jidan, relying on the strengthening of the body, Liu Xianxian regained his physical strength.

"Is that so?"

Feeling the power surging inside the body, Liu Xianxian was very surprised.

"Well, the pill to keep you healthy!"

Li Yun rubbed her hair indignantly, "Didn't I tell you? I am a heir to an ancient school. It's normal to know these things. Okay, don't tell others about these things, just enjoy these benefits quietly!"

Liu Xianxian nodded heavily, these magical pills would definitely be rare.

"Oh, right."

Li Yun took out another pill, "This is called a sleep regulation pill, which can make you sleep better, to the point where you can sleep when you want to sleep!"

Liu Xianxian's eyes widened instantly, didn't he say it was rare?

"This thing is really that amazing?"

Liu Xianxian took the pill in surprise. He was obviously very tired because of the filming, but he still couldn't sleep.

If she can fall asleep anytime, anywhere, and the quality of her sleep is improved, it would not be great for her!

"Of course, oh, there is one more skin care pill, which will make your skin smooth and smooth, without any blemishes!"

"Wow, that's amazing, Li Yun, you're so amazing~!"

The two bodyguards were ashamed. How could your words be misunderstood so easily?

"Ahem, Miss Xianxian, it's almost eight o'clock now!"

Because of the relationship between Li Yun and Liu Xianxian kissing, the two had to linger for a long time, and the bodyguard had to remind them.

"Okay, let's go back now!"

Chapter 282: Departure, Hakuba Mountains

Before leaving, Li Yun glanced at his current property panel.

In addition, there are small-scale Jidan, skin care and beauty pills, small-scale recovery pills, small-sized Jidan, medium-sized Jidan and so on.

An average of 8000 attributes, plus a Yang Fist, Nine Sun Heavenly Scriptures, and a pistol Silvin that can kill the ghosts.

Li Yun is confident that he can contend even a master at the late stage of the Innate Realm.

Besides, he still has a powerful back hand, Nie Xiaoqian, the ghost girl in red!

No matter who is behind the scenes, he is sure to let him come back and forth!

"Are you all ready?" Director Xia looked around.

"Ready!"

"Ok, let's set off, today's goal is to find the missing people in the nearby village!"

"Set off!!!"

With a cheer, everyone headed towards the White Horse Mountain Range behind the village.

The Baima Mountain Range stretches for hundreds of kilometers, and there is a river running through it. The interior is like a tropical rain forest. The trees are so luxuriant that ordinary people cannot enter.

Only people from nearby villages, with the inherited experience, dare to pick and hunt outside the mountains.

Li Yun glanced at Erniu, his expression was a little ugly, and he was holding a dog in his hand to alert and find people.

At Li Yun's request, Director Xia found an extra guide.

In addition, Wei Dongming also followed, pretending to be anxious, as if he couldn't wait to enter the mountains immediately to find his "lost" friend.

After officially walking to the mountain range, everyone stopped.

"Er Niu, where are we going to find someone?" Director Xia opened a map and asked him to come and see.

Er Niu was very simple and honest, staring at the map left and right, and finally said embarrassingly: "I don't understand this stuff, only know that San Zhu, before he went out, said he was going to Needle Maoshan to find herbs."

"Stip Maoshan?"

Li Yun looked at the map, then shook his head with a wry smile.

There is no Stip Mao Mountain on the map!

The place names of the locals are completely different from the official maps. The two are basically the same as the ducks, and they can only be counted as one step.

Everyone officially entered the mountains, and the sunlight above their heads was gradually blocked by dense pine trees.

The feet were covered with fallen leaves before going up with a rustle.

Liu Xianxian was as happy as a child. Although she didn't have a happy smile, Li Yun could see that she was in a good mood.

"Hmm~" As if realizing something, Liu Xianxian quietly reduced his smile, "Li Yun, I seem to be too proud of myself, we have to find Xiaomei's father!"

Li Yun smiled, he could understand Liu Xianxian's thoughts.

The first time people in the city enter the forest, there is always a sense of excitement, and Li Yun is actually the same.

Along the road the villagers often walked straight ahead, everyone was winding down the path towards the depths of the mountains.

Chapter 283: Suspicious (Part 1)

However, everyone's lightness and joy slowed down the news as time progressed, replacing them with exhaustion and boredom.

Mountain roads are not easy to walk, especially roads paved with fallen leaves, which can be very tormenting.

In addition, Director Xia also decided to film this part of the itinerary. Everyone was carrying the camera or the white board. In short, they were not idle, so they looked very tired.

"Huhhhhhhhhhhhhhhh, director, stop, take a break!"

Wu Xiaolan, Liu Xianxian's assistant, was the first to be unable to hold it, leaning on a big tree and gasping for breath, then gobbled half a bottle of water.

Director Xia looked at the tired crowd and announced that he would stop and rest.

Except for a few people, everyone was exhausted.

"Xianxian." Wu Xiaolan looked at her enviously: "Your physical strength is really good, have you practiced martial arts or something?"

Liu Xianxian blinked, her physical strength is about the same as that of an ordinary girl, but until now, she still feels energetic, even more energetic than when she woke up in the morning!

The only possibility of such a change is the pill that Li Yun gave her!

Thinking of this, Liu Xianxian glanced at Li Yun moved. He left her with all the good things, so where would he find a good boyfriend?

Director Xia greeted Er Niu to look at the map, preparing to figure out where the Stipa Mao Mountain was based on the way he had traveled.

Li Yun saw that Wei Dongming had also leaned forward, as if he wanted to say nothing.

"Well, let me take a look. This side is Sunset Mountain, this side is Da Nang Mountain, next to Huxi Village, this is a chaotic cemetery, oh yes, this side is Stipao Mountain!"

Er Niu recognized the address and immediately shouted with joy.

Director Xia nodded, "It's not far, we'll be there in a short walk, everyone, hold on!"

Everyone can only nodded with a wry smile.

"Director, that—"

Wei Dongming finally couldn't help but said, "Before going to Stipa Mountain, there is a mountain called Oak Ridge Mountain. I heard Sanzhu say that he has to drop by there and see if he is missing there. We ..."

Er Niu's pupils shrank, showing a frightened expression. He had always been afraid of Wei Dongming's troubles. Has it finally started now?

"Okay, since it's on the way, let's go and see!" Director Xia agreed happily.

"director!"

Er Niu became anxious, and stopped talking, but Wei Dongming glared fiercely and had to shut up obediently.

Li Yun looked at Wei Dongming and smiled: "Are you a friend of Erniu? Do you know Sanzhu? It's strange, how do you know what Sanzhu said when he left the village?"

Everyone was taken aback, yes, Wei Dongming is not from Donggou Village, how did he know?

"Uh." A panic flashed in Wei Dongming's eyes, and he quickly found an excuse: "I am from Nanfeng Town, Sanzhu told me by the way when he went to the market!"

Li Yun nodded and smiled without saying a word.

But Liu Xianxian, who is familiar with him, thoughtfully, this Wei Dongming, probably has a problem!

One of Liu Xianxian's bodyguards, a forty-year-old martial artist in the acquired realm, Zhao Hu finally couldn't stand it anymore, and said jokingly: "Li Yun, you just like suspicious ghosts. Do you think there are zombies lurking in the mountains?"

Everyone was taken aback and looked at Li Yun with weird faces, zombie?

"Zombie? Li Yun, do you think we are making a zombie movie? Haha!"

"There are zombies in the deep mountains. This is a good subject. It will definitely be a big hit if you shoot it!"

"I think of a movie, the old corpse in the mountain village, I suggest you go and see Li Yun, hahaha!"

Everyone laughed jokingly,

Chapter 284: Suspicious (Part 1)

The other bodyguard, Sun Ji, looked very relieved. Li Yun's deceiving Liu Xianxian had long been unable to stand it!

Li Yun shrugged, expressing that he was too lazy to pay attention.

They don't believe it, but some people believe it!

"Zombie, zombie...Ah!!!"

Er Niu fell to the ground in fright, his lips trembled, and he looked overwhelmed.

Everyone was surprised that Er Niu walked in the deserted mountains all year round, and he was strong and physically strong. How could he be afraid of zombies?

Wei Dongming's face turned gloomy, and his eyes were tight to Li Yun: "How do you know about zombies?"

"I heard." Li Yun hooked his mouth and said meaningfully: "I heard that there is a messy grave nearby. Maybe the missing person was a zombies or a female ghost was taken away!"

There was dead silence all around.

Ga——

A weird bird call sounded in the forest, and there was no one else besides them. In the deep bushes, it seemed that zombies with green faces and fangs would rush out at any time.

Everyone shuddered, only to feel that the goose bumps were all up.

"Nonsense!" Director Xia scolded directly: "There are no zombies in the world, I guess it must be a ghost caused by wolves. Let's search for it, and we will definitely find it!"

After a pause, she continued: "Starting now, whether we can find it or not, we will return at 4pm. The mountains at night are not safe!"

Everyone nodded quickly, all of them were not tired, and they stood up and walked forward.

On the way, Wei Dongming found an opportunity to ask: "Director, are we still going to Oak Ridge Mountain?"

"Don't go!"

Director Xia rebuffed, "Go to Stipao Mountain first, let me talk about it if I can't find it!"

Li Yun smiled, Director Xia said that he was not afraid, but he was also doubtful in his heart.

Oak Ridge Mountain is close to the chaotic grave. It is said to be very weird, and some people have seen ghosts haunt it.

Wei Dongming smiled wryly and didn't dare to refute. Now that he loses the zombies he controls, he can no longer be prestigious. He can only think of redeeming his merits and bringing these people to Oak Ridge Mountain.

As everyone walked along, there were fewer and fewer traces of human activities, and even the plastic bags and other garbage that were common in the forest before disappeared.

Everything seems to return to primitive society, extremely barren.

"Here, this is Stipa Mountain!"

Er Niu pointed to a mountain of more than 300 meters in front of him. Everyone stood at the foot of the mountain and looked up. The mountain is not steep, but the eyes are all green. Everyone seems to see the ground full of fallen leaves and it is extremely difficult to walk. .

"There are many herbs on Stipma Mountain, but the road is more difficult to walk, maybe..."

Er Niu looked at the director, Director Xia nodded, turned around and said to everyone: "We are divided into two teams, one team with shotguns..."

"No, let's act together!"

When Li Yun interrupted Director Xia, everyone looked at him in surprise.

Director Xia frowned slightly and said dissatisfied: "Listen to me now!"

But Li Yun still insisted on acting together, and Liu Xianxian also expressed his support for Li Yun's decision.

Everyone was stunned.

It stands to reason that the core of this team is Liu Xianxian, but Liu Xianxian does not matter, everyone listens to the director.

But now Li Yun suddenly stepped in, wanting to take away the leadership?

Zhao Hu, Liu Xianxian's bodyguard, sneered again: "Li Yun, don't you still insist that there might be zombies here?"

Li Yun smiled faintly, "It's okay to have zombies. I'm most afraid of being someone. I can't protect you if the soldiers are divided into two paths!"

The two bodyguards must be following Liu Xianxian. Although the remaining people have shotguns, facing an unknown master, they are almost like a group of lambs facing hungry wolves, and they have no resistance!

Chapter 285: Help, help

"You protect us?"

The director's assistant Yin and Yang said weirdly: "We see too many zombies in the filming, so I'm not afraid of it, but you are different. Don't run into zombies at that time and you will be so scared!"

"That's right! Why do you say to protect us?"

"Yes, don't put gold on your face!"

Everyone ridiculed them one after another, and did not show any mercy to Li Yun. It was obvious that they had received a bottle of coconut juice from Li Yun last night!

Liu Xianxian looked at Li Yun worriedly, and she couldn't change the decision of the whole crew.

"boom!!"

With a loud noise, the birds, beasts, fish, and insects all over the mountain were startled, and the surrounding area fell silent for a moment. Only the interrupted tree fell down suddenly, raising dust in the sky.

Li Yun retracted his fist and hooked the corner of his mouth: "Do I have the strength to protect you now?"

Everyone was stunned. The young man who abducted Liu Xianxian actually punched a big tree the size of his head, and directly punched the tree through. The port was scorched black, as if he had been burned by fire!

If they hadn't seen it with their own eyes, and this place was randomly selected, everyone in the crew would have thought that this was a special effect created by Li Yun, and the purpose was to deceive Liu Xianxian!

But this can't be a special effect!

"The day after tomorrow, midterm!!"

Zhao Hu was extremely surprised, he had no idea that Li Yun would be a warrior in the mid-term acquired!

Sun Ji, the other bodyguard, didn't look good, how old is Li Yun? It was almost the same as his cultivation base!

In fact, they were wrong. Li Yun now only has the strength of the early days of acquired, but his attributes are fully developed, which is equivalent to practicing internal and external skills together, and naturally looks extremely powerful.

After Li Yun showed his strength, Director Xia had to give him a face and agreed to act together.

It's just that she kept a cold face and stopped talking to Li Yun.

The rest of the crew were the same, all resisting Li Yun's forceful seizure of power with cold violence.

They did not speak directly against Li Yun, but they resisted with silence.

The atmosphere of the team suddenly dropped to freezing point.

"Li, Li Yun!"

Liu Xianxian felt sad. She actually supported Li Yun, because the crew didn't know Li Yun's magical strength or his current concerns.

"Xianxian, just follow along, I'll talk about these things later!"

Li Yun squeezed the smooth and delicate palm of her hand to show comfort.

This intimate act made Liu Xianxian's heart settled a lot, because Li Yun hadn't changed yet, even if he was a warrior in the middle of the acquired realm, he would treat her equally well.

Li Yun glanced at Wei Dongming, his face was calm and he didn't know what he was thinking.

The crowd searched for several hours on the mountain, simply ate lunch, and continued to search after a half-hour break, but until two o'clock in the afternoon, only some traces of herbs were found, but there was no blood stains left by humans fighting with wolves. Traces such as fragments, bones, etc.

"Director, should we go find it elsewhere?" Wei Dongming finally proposed.

But he didn't directly say where to go.

"To Oak Ridge Mountain?" Director Xia looked at Li Yun.

"Don't go."

Li Yun shook his head faintly, everyone was tired and exhausted, and they didn't want to look for it anymore. This time his decision was approved by most people.

For the crew, filming is the first task, and the rest is left alone.

"This..." Wei Dongming became anxious, "Er Niu, do you think there are a lot of herbs in Xiangling Mountain?"

Er Niu looked embarrassed and didn't know what to answer.

Li Yun sneered in his heart. He wanted to see what Wei Dongming was going to do when he was refused to go to Oak Ridge Mountain!

He would go to Oak Ridge Mountain, but not with these people, it would be too dangerous! at this time.

"Help, help!!"

Chapter 286: Conspiracy (Part 1)

A voice calling for help came from a distance, and the owner of this voice seemed to be chased by wolves, looking very panicked and messy.

Everyone was taken aback, and then all rushed to the direction of the voice.

On the way, Liu Xianxian asked in amazement: "Could it be someone who survived from the mouth of the wolves?"

"You won't survive the attack of zombies." Director Xia glanced at Li Yun, the meaning was obvious, you were suspicious!

Li Yun was also very puzzled, could it be that no one behind Wei Dongming instigated him?

After finding the man who made the cry for help, Li Yun glanced at him.

The man was about 30 years old, his hair was messy, his clothes seemed to have not been changed for a few days, he emitted a faint smell, and his hands and cheeks were dirty.

Especially his spirit is very weak, as if he has experienced a life and death catastrophe, this kind of mental state is not a fake at first glance.

Everyone became excited at once, and after searching for a long time, they finally found the righteous master!

Liu Xianxian gave him some food and pure water, and the man immediately gobbled it up to eat.

While eating, Liu Xianxian asked him questions.

"What's your name? Is it a villager nearby?"

"What happened? The wolves came out of the mountain to attack you?"

After some inquiries, everyone learned a lot of information from the man named Fan Hang.

The people who entered the mountain really encountered wolves. After being attacked, Fan Hang and a few of his companions ran around the mountain in a panic. Because of being attacked by the wolves, his two companions are now seriously injured and unable to walk. Lying in a cave waiting to die.

Fan Hang couldn't bear to see this, so he came out alone to find someone for help!

"Please, save my brother and them!"

Fan Hang cried bitterly, knelt on the ground and kowtow to everyone. The miserable atmosphere suddenly made everyone feel heavy.

Now let alone Liu Xianxian, the whole crew was full of enthusiasm, and no one opposed immediately, and immediately followed Fan Hang to flash.

Li Yun's brows wrinkled and tightened.

This thing is weird!

"Ding, trigger the option event, please choose from the host:

Option 1: Trust Fan Hang, follow him to the cave, reward the host with -10000 wisdom, and obtain skill: two hundred and five.

Option 2: Kill him immediately, reward justice value +500, all attributes +300, experience value +100,000, there is a high probability of being glared at by people around, and the host will be arrested by the police.

Option 3: Go to investigate the situation and break Fan Hang's conspiracy at the last moment, reward justice value +500, all attributes +500, experience value +200,000, random purple gift bag*1. "

Looking at the system prompts, Li Yun showed a satisfied smile.

Things are as he guessed, Fan Hang has a problem!

But Li Yun didn't speak directly. Now everyone wants to save people, he can't stop him.

With no words on the way, the crew members, led by Fan Hang, quickly shuttled through the mountains and forests.

"what?"

Wei Dongming looked at the front in surprise, this road is very familiar!

He was suddenly happy, what a coincidence!

Er Niu can see it too, and he is more straightforward, and bluntly said: "Director, this road is the road to Oak Ridge Mountain!"

Everyone was taken aback, Fan Hang nodded: "Yes, my brother is in a cave in Oak Ridge Mountain, let's go quickly, we will be here soon!"

At his urging, everyone didn't think much about it, and they were about to start, but Li Yun laughed:

"It's a coincidence, no, it should be said that it can't be any more coincidence!"

Chapter 287: Conspiracy (Part 2)

When everyone looked at Li Yun, Director Xia frowned: "Don't be yin and yang, just say what you want to say!"

Li Yun shrugged, "I am not yin and yang, but to remind you, don't you feel familiar with the name Oak Ridge Mountain?"

Before Wei Dongming proposed to go to Oak Ridge Mountain, now Fan Hang mentioned the name again.

"Suspicious!"

Zhao Hu snorted disdainfully, and strode forward, "With our three acquired martial artists, even zombies can't help us. What are you afraid of? Your martial arts cultivation is not mixed with water, right?!"

Zombies!

Hearing these two words, Fan Hang's body trembled unnaturally, but he quickly recovered his calm.

However, Li Yun, who had been paying attention to him, caught him accurately.

Everyone continued to move forward, there were three acquired holdings, plus nearly ten shotguns, everyone was full of courage!

"Arrived!"

Fan Hang pointed to the middle of the mountain and said in a somewhat uneasy tone: "That's where my brother stays, let's go..."

He didn't finish the rest of the story.

"If we go up, we will be eaten by zombies, right?"

The words that Li Yun said with a smile made everyone look at him. Moreover, everyone was disturbed by Li Yun's lies like 'The Wolf is Coming', except for Liu Xianxian, no one believed his words anymore!

Wei Dongming's pupils shrank, this Fan Hang is—?

Li Yun didn't stop this time, and while walking towards the cave, he said: "Let me talk about a few things that puzzle me."

The crowd followed him.

"You know this is Oak Ridge Mountain, don't you?"

Fan Hang hesitated, then slowly nodded, his expression a little panicked.

"This is weird,"

Li Yun said, "Since you are a villager near here and you don't know the road for no reason, why go to the depths of the mountains for help instead of the nearest village?"

Everyone was taken aback, yes, it was indeed strange that Fan Hang appeared in Stipa Mountain.

"I, I was hungry and dizzy at the time, and I couldn't recognize the way!" Fan Hang Jizhong Shengzhi found an excuse.

Li Yun smiled, "Secondly, according to your appearance, you have been in the mountains for several days, right?"

Fan Hang stayed for a while.

Liu Xianxian suddenly realized, and stared at him: "Are you a villager here, you can't find a way out in the mountains for several days? Or are the wolves chasing you for a few days?!"

When everyone heard it, the doubts in their hearts grew stronger.

Fan Hang was speechless.

"Third!" Li Yun said again: "Just now at the foot of the mountain, when you saw the cave, you looked upset instead of excited."

"Also, after you found us, you didn't ask if we had medical supplies, but brought us here directly, as if your purpose was to let us come, not to save your brother and companions!"

Li Yun stopped, turned to look at Fan Hang, with a faint smile on his face: "Based on the above four doubts, I can judge you to be unruly and say, what are your plans!!"

Fan Hang was so frightened by Li Yun that he fell to the ground, screamed, turned around and fled!

But how did he escape the two acquired martial artists?

Zhao Hu dashed forward, grabbed Fan Hang's collar, and slammed him to the ground like a sack.

"Spare, spare your life, it's not me, I didn't do it, I was just forced!"

Fan Hang cried bitterly and begged for mercy.

Everyone had weird faces. They changed their previous attitude of contempt and contempt. They all looked at Li Yun with admiration, and they saw so many problems. As expected, he was a man liked by Liu Xianxian, and his thoughts were extremely careful!

Chapter 289: Enter the cave

Li Yun said his own inference, everyone nodded in agreement, all looked at Fan Hang fiercely, and asked him what was in the cave!

Fan Hang's face was pale, his lips kept trembling, his eyes looked at the dark cave in horror, and he couldn't say a word.

"Be careful!"

Li Yun looked serious and glanced around the crowd, and said: "Aim the shotgun inside, and don't shoot it next time to prevent hurting people. Follow my instructions and let you shoot and shoot again!"

After a series of things, everyone had already admired Li Yun, and now they heard his order, naturally they suddenly agreed.

"My boyfriend is so handsome~" Liu Xianxian looked at Li Yun dazzledly.

She has seen this kind of scene many times, but they have seen it in filming. The reality is not acting, but her boyfriend can also be calm and complacent in such an emergency, and assume the responsibility of commanding Liu Xianxian to him. The love is getting stronger and stronger.

Which girl does not like her boyfriend to be a hero?

Everyone said that the shotgun of the black hole was aimed at the cave, but after a while, there was no movement inside.

"Where is Wei Dongming?"

"That guy hid in, is it connected inside?"

"The two cows said they weren't connected, ***** it! Fan Hang didn't even open his mouth to tell what's inside!"

Everyone was patiently consumed bit by bit, Li Yun frowned and shouted: "Be quiet, you guys are waiting outside, I'll go in and take a look!"

"I'll follow you in." Zhao Hu followed Li Yun, "Sun Ji, protect Miss Xianxian!"

"Be careful!"

"Well, Xianxian, you're waiting for me outside, don't worry, it's okay!"

Li Yun nodded, and walked calmly into the cave with Zhao Hu.

Liu Xianxian bit her lip and kept looking at Li Yun. After watching him disappear, Liu Xianxian's heart suddenly fell. She realized that Li Yun was already so important to her.

Inside the cave.

Li Yun and Zhao Hu moved forward cautiously. Zhao Hu was responsible for lighting with flashlights. The cave was deep, wet and dark, and the squeaking of mice could be heard vaguely. It looked extremely scary in the dim environment.

"Li, Li Yun, you say--!" Zhao Hu's courage became smaller and smaller with time. He thought he would walk to the end of the cave within a few steps, but he didn't expect it to be so eerie and terrifying.

If it's not for good face, he really wants to turn around and run!

"What?" Li Yun's tone was calm, holding the 'Fairy Bow-Silvin' tightly in his hands. The powerful ability of this pistol gave him infinite confidence.

"What you said before is," Zhao Hu hesitated: "Yes, zombies...will they be inside?"

Squeaky

A bat's scream sounded, followed by countless calls, and hundreds of bats flew out from inside.

"My god!" Zhao Hu was so frightened that he stepped back and sat on the ground, looking at the group of bats flying away with horror on his face.

Facing the unknown horror, the acquired martial artist is not much different from ordinary people.

Li Yun smiled, just about to tease him, but suddenly heard the messy footsteps coming from ahead.

"Wei Dongming, stop for me!!!"

Li Yun yelled, unfolding the misty footwork, and quickly floated inside.

"Mom, wait for me!"

Zhao Hu crawled to keep up with Li Yun, he did not dare to stay alone in this gloomy cave.

When Wei Dongming in front heard Li Yun's voice, he even panicked and ran towards the depths of his mouth without being afraid of what was inside.

Chapter 290: Scared

Wei Dongming had never been in this cave. He was only guided by the zombie. The mysterious man asked him to bring people here. As long as he entered the cave, he would never get out.

Therefore, Wei Dongming did not dare to go directly to the innermost point long after entering the cave.

But Li Yun chased him over, so he had to go in!

"Huh! Huh!"

Wei Dongming was out of breath, and came to the deepest part of the cave. In an empty space, a tall black figure stood in front of him suddenly, making him clever all over his body, and he knelt down directly. Brother, I brought the living person you wanted!"

There was silence.

Wei Dongming raised his head tremblingly, and the black shadow seemed to be facing his back without moving.

Wei Dongming couldn't see clearly, so he turned on the lighting function of the phone and took a picture.

"Oh my God!"

After seeing clearly what the tall black shadow was in front of him, Wei Dongming's heartbeat stopped fiercely, and when he rolled his eyes, he was frightened and fainted.

"found it!"

Zhao Hu rushed in first and grabbed Wei Dongming, who had fainted on the ground, and slapped him a few times. "You are paralyzed, kid, you can hide!"

Li Yun walked in, the space in front of him was not too big, about 10*10*4 meters in size. As expected, Li Yun smelled a strong smell of blood and stench, and saw the tall figure standing in the dark. .

Wei Dongming woke up leisurely, he was shocked when he saw Zhao Hu, and then ignored him, looked at the dark shadow again, waited to see that the dark shadow had turned around, and saw the shadow's head, a pair After the blood-red eyeballs flashed green, Wei Dongming was so scared that his gallbladder was about to burst:

"Quick, quick, run away!"

"You ***** want to run away?!"

Zhao Hu slapped him again in discomfort, making Wei Dongming feel dizzy and fall to the ground, but he crawled along the same way he used his hands and feet.

Li Yun walked out slowly, afraid that he would be surprised by the dark figure, and said softly, "Zhao Hu, let's go out first."

"Huh? What's wrong with Li Yun? No, there is such a ***** strong smell of blood here, how many people died?!"

Zhao Hu is not afraid of the dead or the living. After seeing the tall black shadow vaguely, he pretended to be angry and shouted, "Who are you?!"

As he said, shining a flashlight at the dark shadow.

"boom!"

Zhao Hu was as if being struck by a sky thunder, and his whole body was numb, and a chill that could freeze people rushed from under his feet to the sky spirit cover.

He was so frightened that his soul came out of his body, his two souls ascended to heaven, his whole body stiffened, and he almost foamed.

In the light of the flashlight, on the ground covered with pieces of meat and bones, stood a terrifying monster!

He, no, it is blood-red all over, more than two meters high, covered in strong sarcomas, very sturdy, without a trace of hair all over the body, the lower body and head are all bald, with hands hanging down over the knees, and a pair of green eyes. Staring at Zhao Hu.

Afterwards, the red sarcoma monster grinned, stretched out his long tongue and licked his lips, making a hissing noise.

"Me, me, my song... also, don't do it, force it over."

Zhao Hu trembled all over, watching it approach step by step with a look of horror, but Zhao Hu's legs were soft and he couldn't escape at all.

"Don't be in a daze, let's go!"

Li Yun shouted sharply, and shot a bullet unceremoniously at the red sarcoma monster, grabbed Zhao Hu with one hand, and rushed directly outside.
