Chapter 2811: Dear among friends

Li Yun put his arms around the shy Xiao Mingzhu's slender waist, and said to everyone innocently: "Who said that the kiss of pulling the silk is due to the relationship between boy and girl friends? This makes no sense, right, Mingzhu? Don't good friends often do these things? ?"

".....Correct."

Xiao Mingzhu stepped on Li Yun's foot.

However, she did not really want to admit her relationship with Li Yun, because it would violate the agreement with Fang Xuegong Qingyu and other women. They had made an appointment a long time ago, even if they and Li Yun showed a state of intimacy, they couldn't. Acknowledge this relationship publicly.

Otherwise it will be bad.

Although Xiao Mingzhu wanted to officially announce that Li Yun was her boyfriend, in order to get along well with her sisters, she was willing to conceal it—or not admit it to death.

"friend?"

Wang Anna secretly smirked, "Then the deputy squad leader and I are also friends, let's try a kiss between friends?"

"no!"

Xiao Mingzhu immediately objected, making a group of students in the computer science class laugh.

"Ahem, it's all right."

Li Yun stopped everyone with a serious expression: "The murderer has surfaced, it's time to uncover the truth!"

Everyone looked at him in surprise, who was the murderer? !

"Captain Gao, let all the villagers get up and get out of the house!" Li Yun ordered.

"Huh? Where are you going?"

"Go... the ancestral hall in the center of the village!"

For Li Yun's words, everyone is not clear, so where is the murderer hiding?

Soon, Captain Gao and Qiao Feilu beat the gongs and drums to get the villagers of Sanmu Village up, ordering everyone to leave the house and walk outside. Even the children who could not walk were ordered to be taken out, and no one was allowed to stay. In the house!

Half an hour later, the villagers who looked dissatisfied with a trace of horror gathered in front of the ancestral hall in the center of the village, shining their flashlights at Li Yun and Xiao Mingzhu standing in the front, and couldn't help whispering.

"Who is the murderer?"

"It must be from our village, that ability person found the murderer with his ability!"

"Finally found the murderer, who on earth killed someone?!"

A loud discussion suppressed the dissatisfaction of many villagers, and looked at Li Yun and Xiao Mingzhu with expectant eyes.

"Mr. Li Yun!"

Village Chief Lin Youde's eyes were red, and his tone was grim: "Who killed my wife?! Was it my own person in our village? Tell me, I must not spare him!"

"It's you."

"what?"

Lin Youde was stunned on the spot.

Li Yun smiled faintly: "You heard that right, you killed your wife with your own hands."

The villagers got into a sensation and moved away from the village chief, looking at him with weird eyes.

"Sure enough, the village chief killed himself."

"I just said it was him, otherwise who would go out in the middle of the night?"

"Knowing people, knowing the face and not knowing the heart, Lin Youde is really a beast!"

The accusations made by the villagers made Lin Youde flushed, and shouted sternly: "It can't be me, you must be mistaken!"

"That's right, but to be precise, it was your wife who killed you and another person."

Li Yun's plain words let the villagers talk again.

Even Lin Youde's son Lin Tiankang, after hearing Li Yun's affirmative words, began to doubt whether his father really killed his mother.

"Nonsense, me, how could I be with others...!" Lin Youde retorted loudly, "Then you tell me, who did I kill my wife with? I see what you are going to do!"

"Zhou Qiaofang."

Li Yun said the name of a woman. Many villagers in Sanmu Village and Lin Youde were in a daze. Who is Zhou Qiaofang? But Ah Hua, as well as Xiao Mingzhu and the classmates in the planning class, looked at Li Yun in shock and surprise.

How could it be her? !

Chapter 2812: Grotesque explanation

"She, isn't she dead?" Ahua asked tremblingly.

"Who is Zhou Qiaofang?"

Lin Tiankang asked him that this is also a problem for many villagers.

"Zhou Qiaofang..." Lin Youde thought for a while, and gradually recalled a person's name. His pupils suddenly shrank, and he looked at Li Yun in horror: "Zhou Qiaofang is... the big silly sister-in-law!!?"

"Yes, you and Zhou Qiaofang killed your wife together."

boom!

This time it was really like a bomb that was thrown into the villagers of Sanmu Village. Everyone was so dizzy that they had only one thought in their minds: How could it be possible?

"What the ***** are you kidding?!" Lin Youde, who looked very gentle with glasses, finally broke out and shouted angrily: "How the ***** can I kill my wife with Dasha? Even if she is not dead, I can't To do such a thing, let alone she is already dead!"

The villagers ignored the village chief's words and began to whisper again.

"Yes, isn't Dasha's sister-in-law already dead?"

"Who has seen her corpse? Maybe the village chief secretly hid the people, splashed a plate of pig blood on the back of the ancestral hall, and passed by?"

"Hey! Isn't this the plot in detective novels and movies? The person who died in the first place is actually not dead, and she is the real culprit in a series of murders!"

"Where is the big idiot hiding?"

"Ah, poor Dasha also committed suicide for this bitch."

Li Yun glanced at the puzzled Xiao Mingzhu, smiled and squeezed her cheek before explaining to everyone: "The course of the matter is also very simple. In the middle of the night when the villagers were all asleep, Lin Youde woke up his wife. I found an excuse to lie to her to go out, deliberately falling behind by a position, and then suddenly shot, tightly tightening her neck.

Then, Zhou Qiaofang appeared from the ground and hit the deceased with a stick, knocking her to the ground, and died without making any screams. "

Everyone was horrified, telling the murder in the dark night, so that they actually had a kind of Zhou Qiaofang about to emerge from the ground... etc.

"You said Zhou Qiaofang got out of the ground?!" Lin Youde was incredulous.

"Correct."

Li Yun said plainly: "Your second brother was also drilled out of the ground by Zhou Qiaofang and taken away directly."

"In addition, the third sister-in-law who hanged herself was ***** by a branch from the beginning, and then tied her body to the ceiling fan after being killed."

"The missing Lin Huijian was dragged away by Zhou Qiaofang who appeared from the ditch."

"The one who was in the car accident was simpler. When Lin Youfu started the minivan, the car was still in good condition, but when he left the village entrance, Zhou Qiaofang, who emerged from the ground, broke the handbrake on his car and attached him to him. , When Lin Youfu turned the corner, control him to drive the car into the ditch."

"The six uncles and six sisters who killed each other were also drilled by Zhou Qiaofang from the well and controlled their bodies, so that they couldn't say a word, they could only watch themselves and their husband/wife kill each other. !"

Li Yun explained all the strange things that happened in Miki Village, but no one believed that everyone looked at him with neurotic eyes.

Except for Xiao Mingzhu.

She took out the frozen ice sword, looked thoughtfully at the three big locust trees that covered the clouds and the sun, and said, "Li Yun, you mean... Zhou Qiaofang has spread all over Sanmu Village, so she Can you appear in any place from the ground in a very hidden way?"

Chapter 2813: Zhou Qiaofang who came back from the dead

"good!"

Li Yun looked at the front with a cold look, and shouted: "Zhou Qiaofang, we have seen your existence, so please show up!"

The shadow of the tree whirling in the dark, as if silently mocking Li Yun and Xiao Mingzhu.

"What a joke!" Lin Tiankang stood up and exclaimed excitedly: "How could that woman be alive? I saw that she was dead..."

Lin Tiankang closed his mouth in time, and everyone looked at him in surprise.

"I saw it with my own eyes?" Xiao Mingzhu no longer had the shyness of giving a kiss to Li Yun before, with a serious expression on her beautiful face, her clear eyes shining like stars, staring straight at Lin Tiankang: "You really are with Zhou Qiaofang. Death is related, and she died behind the ancestral hall, you killed her!"

Everyone suddenly realized that the series of seemingly endless things Li Yun said before were all trying to induce Lin Tiankang to tell the real cause of Zhou Qiaofang's death!

"Come over and explain things to me!"

Captain Gao led someone to take Lin Tiankang and asked.

"It's not me, it's really not me!" Lin Tiankang began to quibble, "I just made a mistake. I said that I saw her entering the back of the ancestral hall, and then only saw her blood, so I subconsciously thought it was her."

The locust tree leaves covering everyone's head made a slurping sound.

Lin Tiankang struggled again and said, "That **** had an affair with the people in the village. It is normal for her to go to the back of the ancestral hall, and I saw her go in with my father!"

Lin Youde's face became ugly.

But before he said anything, a branch suddenly appeared from the ground, breaking through the soil surface at an extremely swift speed, and piercing Lin Tiankang's thigh fiercely. With a puff, Lin Tiankang was directly strung by the branches, just like a rural child used it. The branch pierced the caught frog's leg hard, just like putting the frog into the fire for barbecue.

"what!!!"

Lin Tiankang, who was hung in the air by a tree branch, let out a scream, stunned the hundreds of villagers present.

They opened their mouths and watched dumbly at the village chief's son being pierced through the thigh by a branch emerging from the soil, and passing through the middle of the thigh. The bones are estimated to be pierced by the fist-sized branch, which is straight. Hanging in the air at a height of four or five meters, the blood kept falling.

The tragic, peculiar, weird, terrifying, shocking scene shocked everyone.

"This... is Zhou Qiaofang?"

Xiao Mingzhu's voice trembled a little. She had probably guessed something from Li Yun's previous strange narrative, but Zhou Qiaofang still shocked her after using her—its current methods.

"Yes." Li Yun nodded faintly, watching Lin Tiankang indifferently in the air, and said: "This is the brand-new Zhou Qiaofang, who died under the locust tree demon, merged with the tree demon, and became... I also said no. What kind of existence is Qing!"

Not a human, nor a demon, nor a shemale.

Rumble!

The earth shook loudly, and the ancestral hall of Sanki Village was torn apart like a thin piece of paper. Numerous branches burrowed out of the ground, like terrifying tentacles crawling out of hell, twisting in midair with their teeth and claws.

The villagers of Sanmu Village were completely frightened!

The entire village is surrounded by a large number of branches, as thick as a stone pillar, as small as a wicker, countless branches entwined on the villagers' houses and beams, huddled on the main road, and all roads that can leave the village are sealed off!

"This, this, this...!"

Captain Gao was dumbfounded, and the hand holding the small pistol trembled. It turns out that all the seemingly absurd things Li Yun said before are true!

"Zhou Qiaofang" can emerge from any place, she has controlled the entire Sanmu Village!

Chapter 2814: Show up

Branches rose to the sky, and Sanmu Village became the site of "Zhou Qiaofang".

When Qiao Feilu was so scared, he understood why Li Yun asked the villagers to leave the house and come to the ancestral hall: If the villagers were allowed to leave, these branches would appear directly, killing most of the villagers who wanted to leave within three seconds. !

Crying, shouting, baby crying, crying in fear...

Hundreds of villagers in Sanmu Village were frightened. They huddled together tightly and looked around with horror. Some women were frantically scolded Zhou Qiaofang as a bitch.

"Shut up, you Miki Village people have certain responsibilities for the current situation!"

Li Yun's indifferent voice spread all around, making the villagers stunned.

"Zhou Qiaofang, show up." Li Yun shouted to the three big locust trees.

This time, the situation finally changed.

The three huge locust trees slowly swelled and rose up, as if they were kneaded together by hands, forming a huge tree demon with a diameter of more than 30 meters and a height of more than 100 meters.

"hehe."

A huge human face appeared on the locust tree monster. A Hua was shocked to see that this human face was actually somewhat similar to Dasha's wife.

But the human face that grows on the tree monster is really too big.

"Li, Yun!"

The mouth on the man's face opened and closed, making a muffled sound, two eyeballs looked at Li Yun directly, and said: "You are a supernatural person, you have recognized me, very good."

Everyone was so shocked that they didn't know what to say, it was really Zhou Qiaofang, it was really a big silly wife!

The corner of Li Yun's mouth twitched and said, "I don't think it's very good. Although I have met a brand new monster, the feeling of being toyed with in the palm of my hand makes me want to burn you!"

"Ha ha ha ha ha."

Dryad Zhou Qiaofang let out a sneer.

"But." Li Yun said again: "In order to uncover the final mystery, I decided to let you go for the time being and let you tell what happened to you personally."

The ground trembled under Li Yun's feet, and there seemed to be countless branches waiting to break out of the ground and swallow him directly.

Just like the dead third uncle and Lin Huijian.

"Don't worry, don't you want Dasha to die worthy?" Li Yun said quickly, Zhou Qiaofang's desire to kill has reached its peak, and there is no need for Dasha to stop her, she will kill her in the next moment.

Sure enough, as soon as he heard Dasha, the branches all over the village became quiet, Zhou Qiaofang's face also showed a soft color, and muttered: "Dasha...you are so stupid, really... so stupid. , Why don't you wait for me? You..."

She was so excited that she couldn't speak, the leaves shaking the sky and the sun.

Li Yun sighed, "It looks like you didn't kill Dasha."

"How could I kill him?"

Zhou Qiaofang, who was a hundred meters high, sounded like thunder, shaking everyone's eardrums.

"What happened on the day you died?" Li Yun calmed down and asked.

"What happened? Hahaha."

Zhou Qiaofang let out a penetrating sneer, and Lin Tiankang, who was strung in the air by the branches, was put down and fell in front of everyone, scaring everyone present to pale and staring straight at Lin Tiankang.

This weird tree monster seems to have the ability to heal. Lin Tiankang is no longer bleeding. Although his thigh is pierced, he is not dead yet. He just looks weakly at the crowd, his eyes full of horror, and he looks at Li Yun and him for help. Father.

Chapter 2815: Reveal the truth

Lin Youde took a few steps back in a panic.

"Ask him, ask him what he did!" Zhou Qiaofang's voice became frantic again, "ask what the people in Sanmu Village did, you must die, the whole village will die!!"

The faces of hundreds of villagers were earthy in horror.

What they did to the Dasha family, only they know.

Now that Dasha's wife has become such a terrifying appearance, Miki Village is really going to be doomed tonight!

Li Yun looked at Lin Tiankang and said in a deep voice: "You still have the last chance to tell what happened that day, let's say, did you kill Zhou Qiaofang? Saying it can help her mind. Resentment!"

"I, I, I...!"

Lin Tiankang's voice was hoarse when he was hung in the air by a tree branch. He trembled and said, "I really didn't kill her. I, I just want to give her money, so that she can give it to me and give it to me like other men... ...play for fun."

Xiao Mingzhu and a few female classmates immediately became angry. What does it mean to have fun? Don't you just want to force Zhou Qiaofang to submit?

Snapped!

A branch fell like a whip and hit Lin Tiankang, who screamed, crying for mercy.

Li Yun waved his hand to stop the dryad's furious whipping behavior, and then asked, "That's how you want to be a strong woman. What a man? It seems that your Lin Tiankang family is indeed covering the sky in Sanmu Village, and even this kind of thing is done!"

"I didn't, I didn't, I really didn't..."

Lin Tiankang frantically defended: "This is...she, anyway, she has been played by people in the village so many times, what happened to me? My dad can go, Sanshu can go, why can't I go?!"

Lin Youde's face grew darker and darker.

"Ha ha ha ha."

Zhou Qiaofang's sneer echoed in the sky again, manipulating a branch to lash Lin Tiankang's thighs and back fiercely, shouting frantically: "That's it, that's it, you always slander me behind your back...the people in Sanmu Village deserve to die. Damn you all!"

Lin Tiankang was tortured and screamed again and again, "Spare me, I was wrong, spare me..."

"Spare you? Hehehe, why didn't you forgive me at the time? I knelt on the ground to tell you not to humiliate me, I said I was innocent, and I never succumbed to you men from Miki Village, but you didn't believe it and thought domineeringly. I want to rip my clothes...hehehe, it's just that you beast is worse than your father. I hit the tree trunk with my head and didn't let you stop. Instead, I yelled at me as a bitch...hehehe, Lin Tiankang, I am Those who are driven to death by you, I blame, hate, I am unwilling, I want revenge, I want to kill you all!!!"

The crazy roar shook people's hearts and minds, and the people in Sanki Village were in a mess, especially those who were pointing to Dasha's family behind them, now all are so scared to kneel to the ground, begging Dasha's wife for her life.

"So it's like this..."

Xiao Mingzhu muttered to herself, trying to understand how Zhou Qiaofang came from.

She was forcibly dragged to the back of the ancestral hall by Lin Tiankang at that time. The man tried to plot against Zhou Qiaofang under the cover of three big locust trees. The excuse was that she was already a deceased willow, and he didn't care about him.

As a result, Zhou Qiaofang was innocent. She was dragged to the back of the ancestral hall by Lin Youde, Sanshu and others several times before. She was forced by death to maintain her innocence, but even if she was not insulted, the villagers regarded her as a man who could do her best. Slut, poking her spine behind her back.

Chapter 2816: Killing revenge

Among them, Zhou Qiaofang's pain and grievances are hard for outsiders to imagine, but for her husband, Zhou Qiaofang silently endured these accusations. As long as her husband is still alive, she can endure it.

Until Lin Tiankang shot.

Zhou Qiaofang's death-compulsive force no longer works. This thing that is inferior to a beast grinned and watched her hit the big locust tree one by one, calling for an electric prostitute like you to pretend to be high-minded, and to kill herself.

Zhou Qiaofang was full of grief and indignation, and he really hit and died on the locust tree. The blood ran into the trunk and fainted to the ground. This made Lin Tiankang panic and hurried away.

A few hours later, Zhou Qiaofang bled to death, his soul merged with the alienated locust tree, and his body was swallowed. He looked at the ancestral hall of Sanmu Village in a vague way, and watched Dasha walk by over and over again, calling her name.

The resentment and sorrow were increasing day by day. After Dasha also smashed to death on the locust tree, a string in Zhou Qiaofang's heart finally broke.

Her resentment spurted out, completely merged with the locust tree demon, turned into a terrifying existence, and launched **** revenge on Sanmu Village.

The first person to die was Lin Youcai, who had persecuted her third uncle, Lin Youde's younger brother, Lin Youcai.

Zhou Qiaofang dragged Lin Youcai into the ground and tortured him for three days and nights, but his resentment grew day by day.

After Li Yun arrived, she changed the way of killing, turned into a ghost, controlled Lin Youcai's wife, and made her hang to death!

And in order to create an atmosphere of fear, Zhou Qiaofang turned on the ceiling fan after the murder, deliberately making people wonder why the ceiling fan would spin with the dead.

"The third time, ha ha ha ha ha."

Zhou Qiaofang sneered gloomily, the huge eyes of the trunk stared at Lin Youde, and he said viciously: "I killed your wife, and I controlled you to take your wife out of the house, and then controlled you to lock your wife's neck... ...Hehehe, when she saw me appear in front of her, she was so frightened, this woman pointed at my nose repeatedly and cursed? But now? I can only forgive her with a begging look in her eyes... It was on her head, watching her battered, hahaha, hahahaha!"

The strange and vicious laughter scared the people in Miki Village. Lin Youde trembled all over. It was hard to imagine that he locked his wife's neck and waited for Zhou Qiaofang to beat his wife to death with a branch. Scary!

"The fourth time, I killed Lin Huijian, on the one hand, to put the blame on him, hehe, on the other hand, to take revenge. In a conflict with Dasha, he pushed Dasha to the ground and left with a big laugh. "

Li Yun and Xiao Mingzhu looked at each other, and Zhou Qiaofang killed someone because of this little grudge. She could no longer be called Zhou Qiaofang, she was completely demonized, and she was trapped in the vengeance whirlpool that wanted to slaughter the people of Sanmu Village.

Can't take it off again.

The subsequent killing became a matter of course.

"I hate, I hate, I want to kill everyone in Miki Village! You all have to be buried for my husband, die! Die!"

Zhou Qiaofang raised a huge whip high and fiercely beat Lin Tiankang who was hung in the air through his thighs. It was foreseeable that Lin Tiankang would inevitably be beaten to pieces and died on the spot.

"Help me, help me, dad, help!!!"

Lin Tiankang was so frightened that he watched as the thick branches with the mouth of the bowl fell and were about to hit him.

"Chang!"

Chapter 2817: Shot

Accompanied by the sound of the sword being sheathed, the crystal clear light of the sword pierced the darkness, and a sword hit the fallen branch, cutting it into two segments.

"Bitch girl, dare you!!" Zhou Qiaofang roared frantically.

It was Xiao Mingzhu who made the shot. She looked at the giant tree monster in front of her with cold eyes, and said coldly: "You are not for revenge, you are not for your husband, and you are not Zhou Qiaofang!"

"Ding, the host makes a choice: Stand by and let Xiao Mingzhu rescue Lin Tiankang. Reward: Justice value +100, blue gift bag*3."

The system gave a reward. Li Yun did not choose to save Lin Tiankang, but just watched him be killed. After all, Lin Tiankang was cruel and must die, which proved that he had no need to live.

However, Xiao Mingzhu made a move.

"You are just a monster!"

Xiao Mingzhu's icy words completely angered this huge tree monster. It madly danced thousands of branches and called Xiao Mingzhu in darkness. The overwhelming horror scene caused everyone to scream with fright.

"Thousands of Bingling!"

The chill suddenly began, and thousands of tiny ice swords condensed from the air, and Xiao Mingzhu directed them to rush to the twisted branches with divine thoughts. A series of explosions sounded and the cold air filled.

Xiao Mingzhu already possesses Divine Sense, her strength is comparable to that of the Grand Master Realm, and with the support of various equipment presented by Li Yun, Xiao Mingzhu can even fight against practitioners in the Refining God Realm.

Although the tree demon in front of him is a newborn, after devouring more than a dozen people in Sanmu Village, and gaining Zhou Qiaofang's terrible resentment, his strength is not trivial.

At least within dozens of strokes, it is impossible for Xiao Mingzhu to defeat it.

However, Xiao Mingzhu had other ultimate moves.

"You are not Zhou Qiaofang, you are just a monster!"

"Nonsense, nonsense, I am Zhou Qiaofang, I am Dashou's wife, everything I do is to avenge him, I am her!"

"No, you are not, you are a vicious monster."

Xiao Mingzhu found a way to restrain it. While wielding an ice-ling sword to fight with it, he used words to destroy the belief in it: "You kill people like a hemp, and there is no humanity at all. Zhou Qiaofang is definitely not you. The proof is that she can't Come attack me!"

"I killed you!! Roar!!!"

The Dryad made a huge roar, and the countless branches entrenched in Sanmu Village rose from the ground, like a raging wave, madly used towards everyone.

Lin Tiankang, who was hung in the air by a tree branch, died immediately and was entangled to death by the tree branch.

Li Yun didn't save him, and Xiao Mingzhu didn't save him either. She shot before, only to stop the tree demon's movements, not to save Lin Tiankang, the villain who killed Zhou Qiaofang.

"Thunderfire, go away!"

Li Yun had no time to manage Lin Tiankang's life and death. He raised his hand, and a faint blue flame appeared in his palm, and the outer circle of the flame was surrounded by faint thunder.

Throwing it hard, the thunder and flames burst open, like fireworks in full bloom, spreading swiftly over Miki Village, and the thunder fell in an instant, exploding countless branches to pieces.

The flames fell like raindrops, and a grand meteor fire ignited the night sky, illuminating hundreds of faces with shocking expressions.

"Ahhh!!!"

The tree demon let out a stern roar, and his huge body twisted frantically, tearing and smashing the burning branches.

But Xiao Mingzhu had already rushed up along the branches of it, raised the ice sword in her hand, facing Zhou Qiaofang's huge face, and used her most powerful skill:

Thousand Dao Bingling!

Chapter 2818: relief

The icy sword aura smashed the tree monster's face, and also washed away the resentment that lay in Zhou Qiaofang's heart.

After everything disappeared, a trunk that looked like two people hugged fell from the giant dryad, and everyone looked closer tremblingly.

"It's Dasha and Dasha!" A Hua called out.

Needless to say, Li Yun, Xiao Mingzhu and others also guessed it was their husband and wife.

This section of trees seems to be what they were before their lives, more lifelike than the works of any master sculptor, as if the two were still holding each other alive, just like before.

"Zhou Qiaofang?" Li Yun opened his mouth and said softly.

".....it's me."

Among the two wooden statues, the female face on the right slowly opened her mouth. The picture was indescribably weird, but to everyone who had experienced the huge Zhou Qiaofang Dryad, it was nothing.

Xiao Mingzhu thoughtfully, these two statues are Zhou Qiaofang's happiest time with her husband. That's why it transformed the core of the tree demon - or subconsciously shaped it into such an appearance, so that she and her husband Hug together till death.

Even if it turns into a monster, it's the same.

"Do you have anything else to say?" Li Yun sighed in his heart, Zhou Qiaofang's soul is still there, but Recovery Pill is no longer useful, besides... even if she can survive, does she really want to live?

"I....."

Zhou Qiaofang's wooden body can no longer move, only her eyes and mouth can open and close slightly. She looked at Li Yun with difficulty and said, "I, I no, no longer have resentment. The people in Sanmu Village are sorry for me, and I am also sorry. They...I, I killed a lot of people, but please believe me, my original intention...I just wanted Lin Tiankang and a few men who insulted me to pay, so that they would stop bullying Dasha..."

If she were a human, she would continue to vomit blood now, but now she is just a section of the tree trunk, the tree demon's demon core.

Lin Youde was taken care of by "Zhou Qiaofang" during the previous chaos. Several branches broke his legs. Now he was carried by the angry villagers to Zhou Qiaofang.

It seems that they are afraid that Zhou Qiaofang's resentment will not disappear, so Lin Youde apologizes with death.

At this moment, Miki Village has turned into a sea of flames, and there are traces of scorching flames and destruction by branches everywhere.

And all of this was caused by the village chief Lin Youde!

"Sister-in-law, Dasha, I was wrong, and I will never bully Dasha in the future!" Lin Youde was stared at with resentment by everyone, and his mouth was full of gibberish.

"We were wrong, we don't dare anymore! Let's spare our lives, Dasha."

The other villagers who had bullied Dasha also knelt on the ground one by one, for fear that Zhou Qiaofang would turn into a tree demon and kill them one by one.

Zhou Qiaofang didn't speak, but looked at Li Yun fixedly.

"This grudge, stop here!"

Li Yun made a "judgment," or put it as an end to this weird revenge and the villagers' ignorance.

No matter what it used to be, now Dasha is dead and Zhou Qiaofang is about to die. The villagers seem to know that they were wrong, and Zhou Qiaofang has killed many people. It's time to understand the grievances between them.

"it is good....."

Zhou Qiaofang's voice weakened, swaying like a fire in the wind, her eyes turned to the "person" who was hugging her, and she softly said, "After I, I die, I will be buried with Dasha... Just buried outside the village... I no longer have resentment. I met Dasha... I'm very lucky, luck."

The remaining fire was extinguished, leaving only a wisp of blue smoke.

Chapter 2819: pure love

Xiao Mingzhu held Li Yun's hand tightly, with tears shining in her eyes, but she didn't say a word. She quietly watched Zhou Qiaofang's dissipated soul with divine thoughts. This was the first time she had seen someone else's soul.

It's the first time, but it's so profound.

This is a soul with pure love.

"ended."

When the soul fluctuations on this special demon core dissipated, Li Yun clapped his hands and said.

Everyone in Sanmu Village was stunned for a moment, and Ah Hua subconsciously asked: "Sister-in-law...Is Zhou Qiaofang dead?"

".....Yes."

Li Yun scanned the villagers and decided to tell a lie: "However, if her resentment is stimulated again, it may appear again, so to fulfill her last wish, bury her outside the village and stop disturbing her. And Dasha!"

The villagers were so scared that they nodded quickly, and no one wanted to experience the previous things anymore. After all, everyone knew that without Li Yun's horrible thunder and fire trick, the branches entrenched in and out of the village would have wiped them all. killed.

After repeatedly confirming from Li Yun that the matter was over, the villagers finally got rid of their fear, and one by one fell to the ground, watching their villages burned completely.

"Don't worry." Li Yun thought for a while, "There will be some compensation later, just as the money from selling three big locust trees in your village will not make you unable to survive."

The grief of the villagers improved. Ah Hua hesitated, and after obtaining permission from Li Yun, he ran back to his home to see if he could rescue something.

Seeing Ah Hua's actions, the rest of the villagers also looked for the ruins of the village one by one, to see if they could find something useful and we'll talk about it later tonight.

Captain Gao said suddenly: "If it were in the past, I wouldn't be able to write a report on such a strange thing."

Everyone responded with a smile.

It didn't work before, but now it's possible. There are too many weird things in the Reiki era. The report of this incident will definitely be taken seriously by the higher-level department. They will be sent down to investigate the process, especially the special situation of Zhou Qiaofang's fusion with the tree monster after his death. It is worthy of in-depth study and establishment of files for subsequent reference.

"This demon core..."

Xiao Mingzhu looked at the wooden statue embracing the two lying on the ground and hesitated.

Li Yun smiled and said: "Leave it alone, treat it as the corpse of Zhou Qiaofang and Dasha, and bury them after dawn tomorrow, which counts as burying them."

Xiao Mingzhu said: "I'm thinking about donating it to a museum or something so that more people can know about Zhou Qiaofang's love with her husband? Although... the process is a little bit cruel, Zhou Qiaofang killed someone."

"So you thought so."

Li Yun touched his chin, thought for a while, and said, "Then do what you said. After all, this special demon core will attract a lot of people's prying eyes. If you stay in the cemetery, you will suffer. We will stand for them tomorrow. A cloak mound."

"Hehe, good."

Xiao Mingzhu smiled and agreed.

The demon core is not a corpse, it is just a symbol of love between the two.

Zhou Qiaofang was once a human, but after he died, he turned into a ghost and merged with the tree demon.

The division of people, demons, and ghosts has become so vague that Li Yun could not define Zhou Qiaofang at that time. What is she?

A ghost for revenge? The tree demon who gained human wisdom? Or someone who loves her husband?

Chapter 2820: Fairy Club chat

On the second day, under the witness of the villagers of Sanmu Village, Li Yun re-established a tomb for Zhou Qiaofang and Lin Youzhi. All the villagers took turns kneeling in front of the two tombs, kowtowing for forgiveness.

Although Li Yun said that this is meaningless, if we don't do this, it is estimated that the villagers of Sanmu Village will not be able to sleep well even if they move to Laohe Town, so Li Yun didn't stop it, let them kowtow.

Lin Youde was dismissed from the position of village head, and Ah Hua was recognized by most of the villagers that he was qualified to be the next village head.

In the afternoon, the relocation team from Laohe Town came to Sanmu Village. A group of drivers were shocked when they saw Sanmu Village turned into ruins.

Knowing what happened last night, the group of drivers almost didn't run.

It's so scary!

Fortunately, there are students with supernatural powers, as well as the mayor Qiao Feilu and the county captain Gao and others as guarantees. Only then did these drivers believe that Sanmu Village is safe, and looked at Sanmu Village tremblingly and curiously.

The other classmates who stayed in Laohe Town also came. They were shocked after seeing this scene, and pulled the classmates in Sanmu Village to twitter.

Li Yun and Xiao Mingzhu did not participate. They sat in a car holding hands and chatting. They didn't care much about exposing this close relationship.

As long as you don't recognize it as a boyfriend or girlfriend.

"Hehe, Fang Xue is jealous again." Xiao Mingzhu smiled secretly while holding her mobile phone. Just now she posted a co-photo with Li Yun in the Fairy Club. A group of sisters bubbled to express their envy. Feeling jealous.

Hu Xiaomeng also said that after Brother Li Yun's military training was over, she and Sister Tianfeng flew to Zhonghai City and asked him to go to the hotel together.

This kind of explicit remarks made by Xiaomeng Xiaoluoli caused a group of beautiful girls to knock her on the head one after another, saying that children shouldn't be so playful, so you still want to stay in Beijing and so on.

However, Xiao Mingzhu could see that the girls did not intend to fight for favor. Even people like Shangguan Lingxian and Gong Qingyu who had not had a final relationship with Li Yun did not deliberately want to make the last step with Li Yun.

It's not that they don't love Li Yun, but that they are more willing to have a natural relationship and give themselves to Li Yun on special occasions and at special times.

For example, Liu Xianxian has secretly told Xiao Mingzhu that she wants to spend her honeymoon well when filming with Li Yun...

In addition, Xiao Mingzhu also knows that even Hu Xiaomeng, who is open-minded, has no eagerness to wait, she just... just thinks it is fun.

Hu Xiaomeng: "Wow, Sister Mingzhu, you and my husband sleep in a tent? Oh, my husband was snatched away, I was cuckold~~"

Xianxian: "..."

Xiaoxue: "...Is it okay?"

Shangguan Lingxian: "I, I'm going to see a medical book, so I won't participate in your topic."

Little Pepper: "Hehehehe, do you want Mingzhu to play together next time? Tell you secretly, when school starts, your boyfriend and I are on the fourth floor of the biological laboratory building, in an unmanned bathroom..."

Everyone in the Fairy Society was shocked.

Especially some of the girls who have never experienced anything too extraordinary, looking at Su Muxin's amazing text, all of them were frightened silly.

Shangguan Lingxian: "!!! How can this be done!"

Women: "So you haven't left yet."

Shangguan Lingxian: "...Uh, I'll leave now, Xiao, Xiaojiao, no, sister Mu Xin, next time you are not allowed to be so foolish, it is, it is...too vulgar!"

Shangguan Lingxian was so embarrassed to go offline again, and he dared not participate in their topic.
