

Godly Choice 2821

Chapter 2821: Goodbye Nie Xiaoqian

Li Yun naturally didn't know what his confidantes were talking about in the Fairy Club. He thought that a conservative person like Shangguan Lingxian must know nothing, and a pure star like Liu Xianxian would not participate. Excessive topic.

Even if Li Yun was killed, I couldn't believe it. It turned out that the chatting between girls would be...very powerful.

"Mingzhu, are you chatting with Xiaoxue and the others?" Li Yun wanted to look over, but Xiao Mingzhu immediately guarded the phone vigilantly: "You are not allowed to watch it, we have made an appointment, the Fairy Club will not chat Look, whoever dares to betray is a traitor!"

Li Yun: "..."

The next time I saw Jin Liuli, that girl would definitely want to beat her pp, and actually made up a joint organization like the Fairy Society to fight his rule over the harem three thousand!

"If you don't show it, then just a kiss?" Li Yun leaned forward brazenly.

"You're dying, so many people are watching... Well, what about a kiss?"

More than a dozen classmates from Laohe Town were stunned by the obnoxious behavior of the squad leader and deputy squad leader, but they soon learned that the two squad leaders had publicly kissed each other as "friends."

And it's still the kind of wire.

"Puff, the squad leader is so cute."

"Yes, yeah, I still refuse to admit that I am the deputy squad leader's girlfriend!"

"The squad leader blushes so beautifully, ooh, I'm so sour."

"Single dogs protest against public dog abuse!"

In the end, Xiao Mingzhu pushed Li Yun away, blushed and ran out of the car, pretending to help.

Li Yun smiled, and was about to chase after him, but the system's reward reminder came.

"Ding, the host made a choice, left to investigate the cause of the incident, seize the real murderer, reward experience value of +1 million, all attributes + 50,000, colorful gift bag*1, additional reward event: The mystery of Nie Xiaoqian's life experience (two

Li Yun paused, frowning again.

Before, he wondered why he would reward Xiaoqian-related events, but now it seems that the system has long known that Zhou Qiaofang became a ghost after death and merged with the tree demon.

Xiao Qian is also similar to Zhou Qiaofang.

Li Yun turned around and returned to the car, closed the door, and chose to enter the Lotus Fairy Mansion.

Black Feather Butterfly did not rush over to welcome him. Li Yun handed the little guy to Jin Liuli and asked her to protect Shangguan Lingxian and others on Penglai Island. Now that Penglai Island is full of aura, Black Feather Butterfly can be very convenient for activities. .

After hesitating, Li Yun teleported to the sky above the bamboo forest not far from the lake (in the Lotus Immortal Mansion, Li Yun can do almost anything), watching a tall and beautiful figure busy by the lake.

Nie Xiaoqian is still building a bamboo building.

Moreover, the bamboo building is already decent and can basically live in. The two-story bamboo building is located in a picturesque fairyland. The beauty with a graceful posture is taking care of things carefully, transplanting flowers and plants around the bamboo building.

Next, does she want to build a thatched pavilion in front of the bamboo building?

"Xiao Qian."

Li Yun came to her not far away again, and said softly.

"what!"

Nie Xiaoqian raised her head in surprise. After seeing Li Yun, her eyes burst with joy. After dropping the shovel in her hand, she ran to Li Yun as if she wanted to plunge into his arms, but she didn't dare. appearance.

"Come on, give this son a hug." Li Yun smiled and opened his hands to tease her.

Chapter 2822: Son, you are here

Nie Xiaoqian's somewhat pale and coquettish female grimace showed a faint blush, but she was obedient, or happily threw into Li Yun's arms, and hugged him tightly.

"My son~~~ You are here."

Her voice was soft and soft, not at all like a ghost.

Li Yun was ashamed. Since Black Feather Butterfly was not in the fairy house, the number of times he came in has also decreased. Only Xiaoqian has been talking to him in the air.

"Come on, the big beauty will give this son a kiss~"

Li Yun tuned up Nie Xiaoqian's smooth chin with his fingers in a playful manner. He wanted to kiss and **** Nie Xiaoqian's first kiss.

Unexpectedly, this female ghost with red pupils was stunned for a while after hearing Li Yun's words, and then screamed, and a shocking resentment burst out of her body, impacting all around, causing a lot of damage. .

"Xiao Qian?"

"Ah, ah? I'm sorry, son!"

Nie Xiaoqian quickly recovered her sanity and wanted to kneel down in a panic, but Li Yun hugged her in time.

Hugging her shivering body.

"Xiaoqian, I'm sorry." Li Yun rubbed her hair and said softly: "Does the son's rogue appearance just bring back memories of your lifetime?"

From the first time she showed her drama, Li Yun vaguely guessed what Nie Xiaoqian did before her death.

In ancient times, only opera troupes would learn to sing Peking opera. Of course, there was another place where people would learn to sing Peking opera, and that was... Goulan girl.

That is the brothel.

"No, no, the son doesn't blame himself, I blame Xiao Qian for being bad."

Nie Xiaoqian lowered her head with a sad expression, and pushed the responsibility onto herself.

Li Yun did not speak any more, raised her smooth chin, and kissed her hard, leaving her mark on the vermilion lips of the glamorous female ghost.

"The son..."

At the moment of being kissed, Nie Xiaoqian opened her eyes wide and looked at him incredulously.

After a long time, she closed her eyes, raised her head, and responded jerky.

Tears fell.

Tears of female ghosts.

"Xiao Qian!"

Li Yun let go of her, gently wiped away her tears, and smiled: "Do you like the son being so rude? Will you blame me for being so rude?"

With red eyes, Nie Xiaoqian shook her head, nodded again, and suddenly stretched out her arms, hugged Li Yun's neck tightly, and stood on tiptoe to give her a kiss.

She kissed hard, and tears kept running. Li Yun hugged her soft waist and fell with her on the grass by the lake.

After a long time, the panting Nie Xiaoqian finally stopped, nestled in Li Yun's arms cleverly, looking up at him, her red eyes were full of tenderness and sweetness, and her blushing lips and petals became more and more attractive.

Li Yun kissed her again, and said softly and domineeringly: "Xiao Qian, be a son's woman, right? You can't run away anyway, can you?"

Nie Xiaoqian's small face was even redder, and the paleness of the female ghost was gone. She bit her lip and said for a long time: "Girl, woman?" The son's woman?

"It's my wife, wife!" Li Yun stretched out his hand to stroke her beautiful hair, brushing away the messy hair, revealing her beautiful face.

"...Poof."

Nie Xiaoqian covered her mouth and laughed, her eyes filled with a happy smile, and she said softly: "Don't be mistaken, the son, even in ancient times, men can only have one wife, and the rest... are all concubines. ."

"However, Xiaoqian is willing to be the son's concubine!" Nie Xiaoqian's eyes were firm, and her slender fingers stroked Li Yun's cheek: "I am willing to..."

Chapter 2823: forever and ever

forever and ever.....

Li Yun, who was moved in his heart, proved his love for Nie Xiaoqian with actions:

Rolling joyfully and happily on the grass with her.

During the period of intimacy, Nie Xiaoqian can't count how many times. She has never read a private school and can only count roughly, but the only thing that is certain is that when it is over, her head is already dizzy, and her eyes are dizzy. The figure is full of young masters.

After she became more awake, she realized that the two had moved from the bamboo building by the lake, and they had been tumbling around on the grass to the other side...

"Xiao Qian, are you awake?"

Li Yun asked with a smile.

Although Nie Xiaoqian is a female ghost, her combat effectiveness is still too low.

Before it even started, his eyes were dizzy, and Ge You was paralyzed on the grass, unable to move.

The physique is a bit too bad, you need to exercise regularly!

Even if you are a female ghost, you have to exercise!

"The son, the son..."

Nie Xiaoqian struggled to stand up in a panic, but quickly squatted on the ground with a cry of exclamation, shrank into a ball, and blocked herself with her hand.

She glanced around shyly, only to find a circle of clothing scattered by the lake...

very messy.

"Hahaha, Xiao Qian is so cute."

Li Yun stood up cheeky, stretched his waist comfortably, so that Nie Xiaoqian could clearly appreciate his muscular figure.

It's not Li Yun's boasting, his current figure is absolutely at the level of a handsome man, with well-proportioned muscles and beautiful lines, as perfect as a relief created by a master sculptor himself.

It can make Xiaojiao, Jin Liuli, Yaoyao, Fang Xue, and Hu Xiaomeng blush at a glance, revealing a look of intoxication.

Naturally, including the current Nie Xiaoqian, her face is even redder.

Although there was no other person in the Lotus Immortal Mansion, even the Toad Demon was ridden by the Black Feather Butterfly, but anyway, in broad daylight, the two had been rolling by the lake in the Immortal Mansion, it was really outrageous.

If the reason was still there, Nie Xiaoqian said nothing would do such a thing.

But the son at that time was like a child, he just dragged her to run like two little rabbits on the lush green grass.

At that time, she... seemed to be smiling happily?

"The son!!"

Nie Xiaoqian covered her face with her hands, she had no face to meet people.

Fortunately, the scene where the two were tumbling and playing on the grass just now was definitely not seen by the second person, which made Nie Xiaoqian feel better, or happily in her heart, this is a secret belonging to her and the son.

"Okay, okay, this time it's the son-in-law."

Li Yun smiled and pulled Nie Xiaoqian up and kissed her again. Nie Xiaoqian's whole body was soft, and she leaned against Li Yun's chest weakly, enjoying this rare warmth.

"Xiao Qian, I'm sorry, I'm sorry."

"what?"

"I have a lot of confidantes, but." Li Yun paused and continued: "Don't worry, they are all very good people. Have you met them too? Fang Xue, Hu Xiaomeng, Gong Qingyu and many more."

Nie Xiaoqian bit her lip and smiled: "You don't have to say, son, the girls brought in by son, except for the masked person, are all son's wives and concubines, right?"

Li Yun choked for a moment, touched his nose and said, "Yes... right."

In the impression, except for the use of the Immortal Mansion to save people on Mount Aduo, Li Yun only allowed his confidante to enter the Immortal Mansion at other times.

The others walked away, and the Lotus Immortal Mansion was even more important to him than the congenital Dao Ti.

Chapter 2824: Don't dislike

"wrong!"

Li Yun corrected a mistake made by Nie Xiaoqian: "They are all sons' wives, and none of them are concubines, including you, Xiaoqian!"

Nie Xiaoqian lowered her head, but a happy smile appeared between the corners of her lips.

"Xiao Qian, do you understand what I mean?"

"Well, I understand, Young Master, Xiao Qian both understand~"

Nie Xiaoqian hugged Li Yun tightly, with her face pressed to his chest, and muttered: "Xiaoqian will help the young man protect the fairy house in the future."

"?"

Li Yun can't laugh or cry, you know what a fart, you think about this for a long time? Fortunately, I explained so much, and even ended up personally, rolling on the grass with you and intimacy, thinking you really understand!

Fortunately, Nie Xiaoqian did not finish speaking, and continued: "Xiaoqian knows what the son means. The women around him are equal, but Xiaoqian is a ghost. Even if he has practiced the exercises given to me by the son, she may be able to go out and talk to me in the future. The same as normal people.

However, Xiaoqian is too stupid, all she can do is to take care of the immortal mansion for the son, and hope that the son will not dislike it..... Yeah. "

Li Yun hit her blankly.

Snap it.

"The son~~"

Nie Xiaoqian raised her head and glanced at her husband, clutching behind her aggrievedly, and continued: "Young Master Xiaoqian understands what Xiaoqian means, but Xiaoqian really doesn't want to go out. It's fine to stay in the fairy mansion... In the future, she can still talk to her husband. Go on... this way."

Like just now.

rolling around.

Li Yunrou said: "Let's talk about this later, I don't think anyone would like to stay in an empty fairy house all the time."

"...But Xiaoqian is a ghost."

Snapped.

"Woo, son, I was wrong."

Nie Xiaoqian apologized honestly, but never mentioned about staying in the fairy house forever.

In the future, if she is really the same as a normal person, she feels that she will definitely go outside for a walk, but she will always go back to Xianfu, because there is already a home for her and her son.

It is the bamboo building she built by herself.

There are many rooms inside, which can be shared by the son and the sisters...

"The son!" Thinking of the other sisters, Nie Xiaoqian immediately promised: "I will get along with my sisters in the future. They are all very good people. I won't be jealous, let alone jealous. I, I can be a kid. concubine....."

Snapped.

"Woo..."

Nie Xiaoqian was again aggrieved to cover the place behind her husband's big hand hit, which made Li Yun very happy to see.

Well, beating and crying a female ghost is also a skill.

"Do you know that you are wrong?" Li Yun said with a straight face.

"knew."

Nie Xiaoqian honestly lowered her head and replied: "Xiaoqian shouldn't keep talking about being a concubine, but Xiaoqian used to be a singer..."

She couldn't go on, because she realized what she had exposed.

"Singing, what then?" Li Yun asked her calmly.

"My son, me, me!"

Nie Xiaoqian was in a hurry.

"Singers can only be concubines? Look at what you said!" Li Yun raised his hand, and Nie Xiaoqian was so frightened that Huarong turned pale. After releasing his arms, he squatted on the ground.

A poor, innocent, and helpless ghost in a red dress.

Li Yun's hand fell on her head, gently rubbing her hair, Nie Xiaoqian blushed, her head buried in her knees, afraid to look at people.

After a long time,

Li Yun said: "Xiaoqian, when my military training is over, you can tell me about your life experience."

".....it is good."

Nie Xiaoqian compromised, the son did not look down on her, what else did she dare not say?

If the son wants to hear, tell him.

Chapter 2825: life experience

Although she can't remember many things, Nie Xiaoqian can say with certainty that she has not lost her innocence and she can give her complete self to the son.

Li Yun nodded, bent down to hold up Nie Xiaoqian's delicate and graceful body, kissed her on her forehead, and said: "I'm going out first, Xiaoqian, you have something to do, oh, you can contact me if you have nothing to do, just miss me. , Just send me a text message to tell me."

"Short message?"

Nie Xiaoqian was confused by Li Yun's gentleness. After thinking about it, she realized that it was a spiritual communication, which was equivalent to modern cell phone text messages.

"Okay, I'm leaving."

"Yeah~"

Nie Xiaoqian took the initiative to break away from Li Yun's embrace, and trot down to pick up her and his son's clothes by the lake.

"gorgeous."

Li Yun admired her curvy figure and thought of Cai Wei and Caixia when she was a child.

At that time, his grandfather was still alive, and occasionally when he picked up scraps and harvested a lot, he would give their siblings and siblings five cents each, and then Li Yun and Li Feng would leave all the money to the twin sisters most of the time. They buy jelly to eat.

The two sisters are holding a jelly, soft, slick, and round, and they can play porphyry for a long time, just like Nie Xiaoqian who is now picking up clothes by the lake.

Keke, Keke Keke!

...

Three days later, Li Yun and everyone from Jikeban left Laohe Town. Those seeing off included Captain Gao and Qiao Feilu, as well as all the villagers in Sanmu Village and several other villages.

Sanmu Village has been completely relocated to the surrounding areas of Laohe Town, as are the other villages far away from the town.

After the incident in Sanmu Village spread, people in Laohe Town realized that the field is no longer safe, so the follow-up relocation work was quickly settled. Li Yun did not participate in it, and they took it for three days. A group of classmates went to find monsters in the deep mountains and old forests, so that they could become more familiar with the attack methods and characteristics of some monsters.

The harvest was not bad. A total of five monsters were killed. In addition, with Li Yun's spirit, he also found a small piece of spiritual flower. Although it was only a level 1 spiritual plant, it could sell for hundreds of thousands.

"Mingzhu, what do you think?"

Li Yun and Xiao Mingzhu sat in the back row of the bus. This was the seat requested by the classmates unanimously. They said that if the two abused a single dog again, at least other classmates would not see it again.

Seeing her in a daze, Li Yun grabbed her little hand and asked with a smile.

"It's nothing, it's just..."

Xiao Mingzhu turned to look at him, spit out her little tongue, and made cute movements of a little girl: "It just feels incredible."

"Yes, nor is it."

Xiao Mingzhu leaned his head on Li Yun's shoulder, and said quietly, "I just think what we have experienced in the past few months is incredible."

"..."

Li Yun couldn't laugh or cry. She was already a person who had experienced Penglai Island. How could she still be so sentimental?

And it took two months...wait.

What did Li Yun think of, could it be because the favorability degree reached 100?

"...Mingzhu, do you regret being with me?" Li Yun asked her.

"What are you thinking about, I...have no regrets."

"The tone hesitates, it seems so."

"Pouch."

Chapter 2826: I don't join

Xiao Mingzhu laughed and pushed him: "Okay, okay, I can't hide anything from you, that's true... I don't regret it either. I just feel that my future life may be different, so I feel sentimental. Some more."

Xiao Mingzhu whispered: "You have to understand me. After all, I am also an ordinary girl. It is impossible to say that by you... there will be no objections."

Li Yun understood her words.

Mingzhu means that she is a living person, not a name on the list of waiters in the emperor's harem.

After spending a month with her day and night, Xiao Mingzhu finally let go of all worries and agreed to formally join the lives of Li Yun and his confidantes, and...will be with them in the future.

But Xiao Mingzhu has her own thoughts and worries. She is willing, but it does not mean that she has no thoughts on her own. From now on, she will only serve Li Yun wholeheartedly. This is impossible.

Li Yun held her little hand tightly: "Mingzhu, I'm sorry for you."

"Why do you say this again?"

"Because I can only say this, I am ashamed."

"Okay, okay, as long as you have the heart."

Xiao Mingzhu leaned his head on his shoulder again, closed his eyes and enjoyed the last time alone with Li Yun, because when he returned, there would be more Fang Xue, Gong Qingyu and the "shameless" beside him. "The little pepper.

The "faceless and skinless" little Chili Senior Sister, after not seeing him for a month, would definitely take Li Yun to the hotel for a night of mischief.

There is a high probability that there will be snow on the upper side, and Li Feng, the four of them will go to a mess.

Without even thinking about it, Xiao Mingzhu knew what would happen to Li Yun with the three women on the day of military training tonight.

"Am I jealous?"

Xiao Mingzhu closed her eyes and asked in her heart.

It's for sure to be jealous, but not to the point where she wants to cry and separate. She loves Li Yun, and she has no feelings for Su Muxin's girls. They tolerate her and Li Yun during military training for a month, and Xiao Mingzhu can tolerate them Go to the hotel with Li Yun.

Perhaps this is how she will get along with her sisters in the future.

When the time is right, she will also participate...

This is almost inevitable.

After all, the person she likes is a big playboy!

"Uh."

Xiao Mingzhu pinched Li Yun's waist and glanced at her innocently.

"Huh~"

Xiao Mingzhu bit his ear and said, "You will invite them to our dormitory tonight."

"??"

Li Yun was shocked. How did Xiao Mingzhu know that Su Muxin was asking him tonight? Li Yun didn't know it himself... Could it be that he knew it in the Fairy Club chat group?

Moreover, Xiao Mingzhu actually took the initiative to ask them to go to her dormitory?

"Do not misunderstand!"

Xiao Mingzhu's beautiful face was full of red clouds, and he stammered: "I, I still sleep in my room, wherever you sleep, I won't join you!"

Li Yun's face is weird, why?

"Hmph, remember, ask them to go there, no other places!"

"Uh, good."

Li Yun thought for a while, could it be that Xiao Mingzhu felt that it was better to be in front of her instead of letting him and Fang Xue's three daughters go to the hotel?

This is really...

A happy life is just around the corner.

Li Yun put his arms around her soft waist and thought of one thing: "Mingzhu, the heart book I gave you is good for you to practice slowly. Now that you have spiritual consciousness, you can practice step by step."

"Well, I know."

Chapter 2827: Back to Zhonghai City

In Xiao Mingzhu's favorability red envelope, there was a copy of "Bing Qing Jade Heart Technique", which belonged to the mental technique practice, and it matched her previous cold ice technique.

Well, in the future, Xiao Mingzhu will be an ice queen.

Thinking of this, Li Yun couldn't help being happy, but Xiao Mingzhu was pinched again.

"Innocent!"

Li Yun protested.

"Not at all wrong!" Xiao Mingzhu bumped his head and muttered: "Who knows what you are thinking, I first declare that no matter what guarantee I will give you tonight, you are not allowed to treat me... Do it, or you won't be able to get around!"

Li Yun was taken aback for a moment. She was afraid that she would be confused and sentimental when she returned at night, so she prevented it in advance?

"Anyway..."

Xiao Mingzhu bit her lip, "I want to be like Xianxian. Whenever I go out with you alone, or at a certain opportunity, I will be with you...Anyway, you know."

Li Yun understands.

"Humph."

Xiao Mingzhu changed the subject abruptly and said, "I still can't figure out what happened to Zhou Qiaofang. That's why she followed Dasha back to Miki Village. What are your guesses?"

Li Yun shook his head, "Who knows, Zhou Qiaofang didn't say at the time, it is estimated that no one will know about this forever."

"Forget it, stop talking, I want to rest."

Xiao Mingzhu closed her eyes, and she found her cheeks hot and hot, probably... she was ashamed of what was about to happen tonight.

...

Five hours later, the students finally saw Zhonghai City again after nearly a month's absence.

Walking out of the airport, many students felt like a world away after seeing the busy scene.

"After seeing the backward mountain village, I will definitely study harder in the future!"

"Pastoral life is best only in the book, and real farming is simply life-threatening."

"I want to eat KFC Family Bucket, a huge portion!"

"Aren't you going to lose weight?"

"What else to lose? Let's eat for a week!"

"Etc., etc!"

Xiao Mingzhu stopped the students in the computer science class who wanted to leave, and said distressing words: "There is no holiday yet. After the other students come back tomorrow, there will be another summary meeting, and the holiday will not be until tomorrow afternoon."

"How is this!"

The classmates wailed, but they could only follow the team back to school. Li Yun did not go back together, but went to the outskirts of Zhonghai City, entered a heavily guarded place, and stopped in front of a low mountain.

"Cloud Gods Research Institute."

As a special consultant of the Institute, Li Yun came here for the first time.

Here is a gathering of the country's top scientific researchers. At the beginning, they studied the Six Doors and the Hidden Sacred Valley, and now they are studying a series of mysterious things brought about by the eruption of aura.

Including monsters, spirit fruits, formations, cultivation, and other messy things.

"Brother Liao, are you looking for me?"

Under the guidance of the staff, Li Yun found Liao Hua in an office. The other party was looking at the documents and was full of surprises when he saw him.

After sitting down to drink tea and having a conversation, Liao Hua frowned and sighed: "Why is this man's soul fused with monsters again? Originally, the scientists in our research institute thought that monsters and humans are two completely different creatures. , And now it's happening again... Those research institutes have to get their hair stripped."

Li Yun shrugged, "Maybe monsters and people will give birth to offspring in the future."

"Isn't it?" Liao Hua was shocked.

"Don't you think that the beastly abilities of those with supernatural powers are very similar to monsters?"

Chapter 2828: Have a meeting

Another evidence is that when he was in Taihuang Mountain, the head of the Humen School swallowed the demon Danhou who devoured the powerful tiger in the town, and turned into something demon and demon.

All this shows that humans and demons are not two species that are reproductively separated. At least under the promotion of the powerful vitality of aura, humans and demons can transform each other and produce normal offspring.

Liao Hua was silly, "So... human beings are really created by gods, and they are of the same origin with the monster clan, or are humans the monsters? Or the monsters are humans? Or we and the monsters are brothers, and both are created by the gods. Product?"

Li Yun gave him a look and asked him to guess slowly.

After all, Li Yun couldn't figure it out himself.

Liao Hua smiled bitterly: "Forget it, as the only intelligent creature on the earth before, it is good that human beings are not alone now...but I am afraid that in the future, the two brothers of humans and monsters will be separated, and the whole earth will be disturbed. ."

"Separation?" Li Yun laughed blankly, "This metaphor is quite vivid, but our human brothers are not only monsters, but also ghosts, zombies, gu worms, and even those mountain spirits and monsters that are catalyzed by aura. In the future, I guess they will all show up one by one."

Liao Hua rubbed his temples, no longer knowing what to say.

"When the boat reaches the bridge head, it should be straight."

Li Yun stood up and patted him on the shoulder, "I'm done with the words. Think of your own countermeasures to see if you want to force cremation to make zombies and ghosts less appear."

"Are you planning to leave now?" Liao Hua was shocked.

"if not?"

Li Yun turned around and walked out, "I haven't seen my girlfriends for a month, and I've missed it a long time ago. If you hadn't asked me to come, I wouldn't be interested in staying with you as a man."

"I don't want to be righteous." Liao Hua, who is now middle-aged and in a high position, couldn't help but swear, and quickly stopped him and said: "Wait, wait, let's have a meal...wait. After dinner, hold a meeting, and you can talk to those people personally."

"..."

In the end, Li Yun still did not escape. He had a meeting with leaders, professors, and experts from all walks of life. After that, he was taken to a small conference room and held a remote video conference with the big bosses in Beijing.

However, he is not without gain. From the professors, he knows the progress of Reiki research, and from the big brothers, Li Yun knows that some major countries around the world are about to introduce countermeasures, especially for the new era after the outbreak of Reiki.

It includes national training, research and development of weapons against powerful monsters, and construction of possible apocalyptic bases.

These have been prepared in the past to prevent nuclear war. There are many doomsday bases around the world, but they are mentioned again by the world.

But Li Yun is not so pessimistic. He feels that since the aura can catalyze the evolution and growth of life, the earth in the future will not become dead, or even a nuclear war will break out. Relying on the aura to strengthen the role of the earth's creatures, the global creatures can also be hardened. Carry over.

But it also raises a new concern: nuclear radiation + aura catalysis may produce unprecedented terrifying monsters, which requires special attention.

In addition, at the meeting, Li Yun mentioned that after death, the body will be engulfed with sullen air, which may cause the corpse to change. After the big bosses in the capital quickly decided to force cremation throughout the country, and the corpse was forbidden to go to the ground.

Finally, in response to the increasing number of supernatural crimes and possible special cases, it is tentatively envisaged to set up psionic squads and squads in the national police bureau, which are as intelligent as the criminal and police squads, and are under the unified management of the Ministry of National Security. ...

Chapter 2829: Slap

Li Yun returned to school and came to the new faculty building. When he reached Building 6, Building 801, he opened the door with the key given by Xiao Mingzhu and saw a very warm scene.

Three beautiful girls were lying or leaning on the sofa in the living room, holding their mobile phones while chatting while watching TV. When Li Yun opened the door, he clearly saw a lively and lovely girl who was throwing herself at the other. A girl with outstanding appearance and graceful temperament is frolicking on her body.

Another beautiful girl with the most beautiful appearance of the three is wearing a pair of hot pants and sleeveless home underwear, lying on the sofa with a pillow, a pair of beautiful jade feet leaning on the two girls.

"!"

Li Yun's eyes were straight. Judging from the appearance of the three blushing and panting, before he returned, the three beautiful girls had already gone through a lot of trouble, and the joyful atmosphere was particularly comfortable.

Only after hearing the sound of the door opening, the three beautiful girls looked together, and the faces of the two who were fighting immediately blushed.

"Hi, beauties."

Li Yun smiled and locked the door, making the faces of the three girls in the room even redder.

"I'll go to bed first."

Xiao Mingzhu turned around and was about to flee back to her room, but was pulled by Su Muxin happily, "Mingzhu, don't you want to see what happened to us tonight? Why are you running now? No, you can't escape, wait for us... Yeah !"

While they were talking, Li Yun was already sitting between them. First, he hugged Fang Xue, who was shy, on his lap, and then hugged Xiao Chili and Xiao Mingzhu one by one.

It can be said that in the blink of an eye, the three beauties were taken advantage of by the big bad wolf.

"Bad guy, let me go!"

Fang Xue was so embarrassed that she was about to lose her head, but what surprised her was that Xiao Mingzhu was also embraced by Li Yun in such a fair manner?

No wonder she will take the initiative to invite her and Mu Xin to come here tonight, because the relationship has been broken.

"Xiaoxue, I miss you."

Li Yun touched her forehead and said a word of love tenderly.

Fang Xue's body shook and looked at him in disbelief. Her body quickly softened, she closed her eyes shyly, and said in a whisper, "I, I miss you too..."

She and him have not seen each other for a month. This is a kind of torture for the two who are in love. Li Yun is okay, with Xiao Mingzhu beside him, but there is no one beside Fang Xue who can talk about it, only at night. When I contacted Li Yun, I rarely got my mobile phone when I went to the military training base.

Li Yun...It is precisely because of this that he said that he missed her, right?

Fang Xue knew this, but she was still very touched. She was so touched that she had forgotten the people around him, and she took the initiative to reach out and put her arms around his neck and kissed her.

"what!"

Su Muxin looked wide-eyed. She was very familiar with Feiyao and Xiao Liuli. After all, after a ten-day cruise, it was the first time I saw Li Yun and other girls like this.

Feeling irritating, but also inexplicably jealous.

So after the two separated, Su Muxin said that I want too, she also held Li Yun's head, held his cheek, and gave a deep kiss.

"..."

Xiao Mingzhu's cheeks were hot, she had been prepared for this kind of picture, but she couldn't bear it when she saw it with her own eyes.

I wanted to escape, but my feet didn't listen to my brain.

So, after half-pushing, she was also loved by Li Yun who was soaked in rain and dew.

Xiao Mingzhu raised his head and felt in a daze that the intimacy this time seemed to be different from the previous few times, like the smell in Li Yun's mouth...

Two more sweet flavors.

Chapter 2830: Faceless and skinless

"Hehehe~"

After the three daughters had kissed Li Yun once, Su Muxin held Li Yun's arm coquettishly, and looked at Xiao Mingzhu with a smile in her big bright eyes: "How about? Here is Xiaoxue and I..."

She touched her lips with a white jade finger, and said with a chuckle: "How does it taste?"

"!!!" x2

"Little Pepper, you are going to die!" x2

Xiao Mingzhu and Fang Xue stared at her at the same time, and rushed over together, suppressing the shameless guy, and slapped them several times.

Li Yun smiled and watched the three women fight, and felt that there was no more happy time than this. If there were, then his four confidantes would fight together. If there were still, then five. Six...

If all the confidantes around him gather together for a grand party, then Li Yun feels like he can laugh so much that his mouth is cracked.

Well, it's not impossible that the scene in the dream will happen. They have a very good relationship with each other. The only thing that can't let go, may only be the Lord Saint?

However, as long as Li Yun makes such a request, it is almost impossible for Fan Qingsheng to refuse. She is originally a person who is not good at rejecting and has no competition or grabbing, and her personality is too cold.

"Dad, they bullied me~~"

Su Muxin squeezed into Li Yun's arms and kissed again.

After the kiss, he smashed his mouth, nodded and said: "The taste of Pearl is also very good, sweet."

Xiao Mingzhu: "..."

She was completely utterly disgusted with this faceless little pepper.

Li Yun looked at Fang Xue, who realized something and screamed to escape.

In the end, he was arrested and was forced to taste the taste of Su Muxin and Xiao Mingzhu.

"..."

After half an hour, the four people ended their mischief.

Xiao Mingzhu covered her red cheeks with a pillow, so she had no face to see people.

She originally wanted to watch tonight, but she didn't expect to be affected by the chaotic battle. Fortunately, the four of them were intimate before and didn't do anything further, otherwise she really couldn't hold it.

But even if it was only intimacy, she also tasted many times of snow, no, Xiaoxue and Xiaojiao, and indirectly kissed them many times.

Even in the end, Xiaoxue and Xiaojiao came directly, and they hugged each other directly under Li Yun's instigation.

It's a mess.

Blame Li Yun!

"Ah, satisfied."

Li Yun stood up lazily, and said to the shy three women who had calmed down: "Are you all taking a shower? Who is going to be with me?"

"You want to be beautiful!" Xiao Mingzhu immediately refused.

"I~!"

Su Muxin happily raised her hand, expressing her willingness to be together.

Fang Xue looked at her in surprise: "Did you not wash the little pepper?"

It stands to reason that Su Muxin is everyone's senior. She was in her sophomore year, and Fang Xue's daughter should call her Muxin Sister or Senior Sister, but because Su Muxin and Li Yun had no behavior at all, everyone called her. Little peppers.

No sister at all.

Of course, in addition to Hu Xiaomeng, Su Muxin must let Hu Xiaomeng call her sister, or she would pester her.

"I'm going to help Brother Li Yun wipe his back."

Su Muxin said of course, leaving the two women speechless.

Fang Xue bit her lip and thought for a while, and then stood up, "I'll go too...Anyway, I can't escape."

Xiao Mingzhu was shocked, yeah, she couldn't escape anyway.

From when she invited Li Yun and her sisters to live here, no, even earlier, when she met Li Yun several times and had a good impression of him, she knew that she could not escape.
