

Godly Choice 2861

Chapter 2861: Nonsense

"Don't dare, don't dare."

Du Yuerong was full of trepidation, "Many in the audience are Du's brothers, and many are Du's benefactors. If they are stinky fish and shrimps in the eyes of Li Ye, then Du can only be regarded as someone on the roadside who is not paying attention. Smelly shit."

"Smelly shit? Haha, your description of yourself is quite apt. Everyone walks around you, but you have to see you. Sometimes you will need to make fertilizer. Do you mean bad luck?"

Du Yuerong was silent on such ridicule.

The mysterious Lord Li seems to be the supreme authority, condescendingly judging their merits and faults.

Where does he have such confidence?

"What do you do, ask you something."

Li Yun suddenly has a kind of evil taste. Although the people here are all npc, it is like playing an immersive VR game. Players will always find ways to interact with the npc in the game. For example, Li Yun now has it. A sorrowful thought.

"Master Li, Du Yuerong is here."

"What's your name."

Li Yun smiled and said: "I'm just curious about one thing. If I know the entire history of the next century, and you Du Yuerong, you will be a small wave in history. I know everything behind you, including collusion with France. What would you do in the history of monopolizing opium, setting up chambers of commerce, making good friends with warlords, intent on both sides, but in the end but tragic death?"

Du Yuerong widened her eyes suddenly and looked at Li Yun sharply.

"Do you want to change your choice and survive?" Li Yun asked coldly.

The system gives him choices, and he also wants to give others choices.

This is bad taste.

Du Yuerong was silent for a long time, and then suddenly smiled: "Du Mou is also a mortal, of course he wants to live, but things are impermanent. Huang Xuanguo has experienced drastic changes that have not been seen in a thousand years. The former high above Aixinjueluo can only live in the small Forbidden City With the changing times and unpredictable circumstances, who can decide my life? Even if I know my future ending, I can't say that I can avoid it. Du can only do my best to protect those who follow Du!"

The words were moved to tears, and Li Yun clapped his hands in praise.

He deserves to be a traitor, he can't talk about this kind of scene, so Li Yun didn't have the idea of forming a big power, just guard his one-acre three-point land.

"Lord Li, what did you say?" Du turned the topic back again.

Li Yun laughed blankly. It seemed that he was just verbally indifferent, but in fact he still cared very much about his future.

"Well, let me give you a hint."

Li Yun calmly said to this "NPC": "I lied before, and Du Yuerong, you, did not actually die miserably.

In the future, you will call the wind and rain in Zhonghai City, but you will always be just a small person, unable to stop the general trend of the country, and unable to participate. Some people you invest in are all waste, but some people you offend will grow and grow in the future. Gather the power from all over the country, sweep all cows, ghosts and snakes, and drive all of you out of Huang Xuan Kingdom!

Now, do you understand your future situation? "

Du Yuerong really fell silent this time, and the disturbances around him couldn't affect him. Several of his men looked at each other and didn't dare to say anything.

For a long time, Du Yuerong suddenly pointed to Smith downstairs, who was sought after by countless Huang Xuan people, and asked, "Where are they?"

"The future Huang Xuan people will truly stand up, and there will be no more concessions in the territory.

Chapter 2862: Out of the cabinet

"it is good!"

"What a concession no more!"

Du Yuerong laughed, the previous haze seemed to disappear, and he said cheerfully: "What if Du dies on the street? It is enough for my Hua Xia child to stand up without being bullied by anyone!"

Several subordinates were touched again, and one by one expressed that they would follow the leader of the gang to the death.

Li Yun looked at him coldly, this Du Yuerong was really cunning and clever, talking about people when he saw people, talking nonsense when he saw people.

From what he said just now, Du Yuerong knew that Li Yun had no affection for foreigners and was eager to see Huang Xuan people stand up, so he also showed a righteous and awe-inspiring look.

But actually?

If he really has this consciousness, he can declare that foreigners should be driven out.

In addition, there are many kinds of profitable businesses, but Du Yuerong has to do the opium business, colluding with foreign devils, and constantly transporting opium into Zhonghai City, harming the people of the country.

This kind of person doesn't say a word of truth, just for his own benefit, no wonder he will have a good chance in the future, escape to Xiangao smoothly, and still enjoy his old age.

"... Dear Sirs, Ladies, and Honorable Mr. Smith."

The pavilion ceremony officially began. Aunt Zhao, the principal of Xiangling Academy, wore a Chinese and Western dress, stood in the middle of the first floor with a charming charm, and spoke to the guests with a smile.

"Thanks to the love from all walks of life in our book, Mr. Su Yi, my concubine is grateful here."

There was a commotion among a group of people, and they praised Pan Suyi's beauty and intelligence.

Aunt Zhao was satisfied, her eyebrows wrinkled, and she said, "Suyi is a poor child. She lost her parents when she was a child. She leaned on the book to pull her **** and pee. Now, thanks to everyone's love, concubine. I am here instead of Su Yi, thank you all for joining me."

After Yingying saluted, Aunt Zhao said again: "To thank everyone, Su Yi specially prepared a program tonight, but today is a special day, Su Yi will not show her face anymore, I hope you all, Haihan."

Li Yun frowned. It is estimated that this combination of Chinese and Western style of speaking was only possible during the Republic of China.

The crowd applauded. Many of them knew that they could not kiss Fangze to the beauty tonight, but it would be good to be able to listen to Suyi playing the piano and singing.

Under the attention of the public, the sound of the piano came from the boudoir on the third floor.

The sound of the piano is beautiful, it is clear and recognizable, but it is sad and desolate, like weeping like a complaint, which makes people sad to hear.

Moreover, there is no accompaniment, just playing the piano.

After the end of the song, a young son-in-law stroked his palms and applauded: "As expected of Mr. Suyi, the sound of the piano has reached the wonderland of returning to the original and true. A song vividly interprets the reluctance in the heart of the woman to be married and the nostalgia for her mother. It belongs to the little fairy music in the sky!"

Li Yun almost spewed a sip of tea.

But the people on the first floor and the second floor agreed loudly, as if Mr. Su Yi's piano sound was like this, and the atmosphere became more heated.

"Everyone." Aunt Zhao said, "Although she is reluctant to leave Suyi, her daughter has grown up, and it is time to find a good husband. So tonight is Suyi's 20th birthday, and it is also Suyi's 20th birthday. Yi chooses her husband-in-law's day, but—"

When a group of people were about to yell with excitement, Aunt Zhao smiled again: "Suyi is naturally beautiful, she is proficient in the Four Books and Five Classics, and has a little understanding of physics, chemistry, and biology. , It's not a difference compared to a man."

Chapter 2863: I pay 10 million

Many men present laughed and said nothing.

Pan Suyi is better than them?

No one would agree that a woman is better than them, but at this time, no man would jump out uninterestingly, and everyone would just listen to it.

Besides, Pan Suyi's piano sound and singing are indeed the best, no one will deny this.

"so!"

Auntie Zhao smiled and said: "In order to choose the most suitable husband-in-law for plain clothes, the concubine has the courage to decide to extend this election ceremony to several days, so that Su Yi can have enough time to get to know you, and if you can make an appointment with Suyi, then please, no one will hinder him. As long as someone can touch Suyi's heart, Suyi will marry him!"

People inside and out were stunned by the news.

How many people have to meet? If you didn't choose in the end, isn't Xiangling Shuyu afraid of offending people?

"so it is."

Du Yuerong smiled slightly, "This Auntie Zhao has chosen Pan Suyi's benefactor, and she is someone who everyone dares not object to."

Li Yun nodded silently.

It is precisely because Pan Suyi's future has been determined, no matter who Pan Suyi chooses to talk to or date with, it will not affect the final result.

And because that person has an extraordinary background, everyone dare not object, so Xiangling Shuyu will not offend anyone in the end.

And that big man, probably to enjoy the taste of defeating many suitors, so he agreed to do so, right?

"Anyone who dare not offend? It must be me."

Li Yun muttered to himself, picked up the wine glass and went to the railing.

Auntie Zhao's smile became brighter. Even if these wealthy people guessed what she did, they would spend a lot of money to get a chance with Pan Suyi for a glimmer of hope. The longer the election of her son-in-law lasts, she will earn The more you have.

Of course, more than 70% of the money, as well as Pan Suyi, will be sent to the concession and sent to Master Smith's bed.

"Everyone, Su Yi is a strange woman who likes people with vision. The requirement to meet Su Yi tonight is: Who can tell why the Qing Dynasty..."

"I pay ten million!"

A man's voice came from the second floor, interrupting Aunt Zhao's so-called test question.

Everyone looked up in surprise, and saw a young man holding a wine glass standing by the railing, raising his glass to the crowd and smiling, and repeated "I'll pay 10 million, buy Pan Suyi!"

The lobby is quiet inside and outside.

Pan Suyi, who was sitting in her boudoir on the third floor, was in disbelief at first, and when he heard that Li Erye was going to buy her with money, her eyes gradually turned dark, and her already dead heart was completely cold.

"Bastard stuff!"

The previous young boy brother stood up and said angrily: "Who are you? How can you buy such rude words? Do you think Mr. Su Yi is like those nasty tricks? See you shave your hair, and still I thought you were an enlightened person, but I didn't expect to be more rude and rude!"

Get out, this is not for you! "

"Get out!"

"roll!"

"what?"

"It's so rude to use money to offend Mr. Su Yi!"

"Who is this person? No tutor at all!"

Hundreds of people in and out of the lobby glared at Li Yun, screaming, asking him to immediately get out of the book-scented Xiangling Book House.

Such a rude and savage person is only worthy to be happy with those nail shack girls in the filthy shanty.

"Is it my turn to speak?"

Li Yun smiled, looked around at the crowd, and slowly said, "A group of beasts and beasts."

Chapter 2864: And a true heart

Everyone was furious, this rude guy actually dared to call them beasts and beasts?

"Sorry, scolding you birds. The beast probably insulted poultry animals."

"What did you say?!"

"In my opinion, you are actually not worthy of living in this world. If you die, you will pollute the environment in the ground."

Li Yun smiled and said, "With your IQ and cheeky, you probably don't understand any elegant theories, so let me just say it straight."

Looking sharply down at the crowd, Li Yun sneered: "You group of wolves in sheep's clothing, all of you who speak humanity, morality, and mouthfuls of gentlemen and ladies, actually? Tonight's ***** selection of son-in-law is actually forcing a poor man who has signed a contract. Trick girls go to receive guests, ***** book apartment, and Mr. bullshit. In my opinion, the women here are all poor people. They are not personally free and are forced to choose people they don't like."

Pan Suyi sat blankly on a chair with a guqin in front of her, but she had no intention of looking anymore, stood up with weak legs, stumbled to the door, and looked down from the third floor.

I found the majestic Li Erye, who stood upright with his head high.

In an instant, her mind was completely occupied by him, and her eyes couldn't move a point anymore.

"Am i right?"

Li Yun's voice fell, and no one dared to respond.

What is the so-called book apartment?

In fact, Zhu Sulan, a famous artist in the early years of Xianfeng, started up, organizing some women with a little rap skill, putting up books and selling signs, claiming that they are not selling themselves, so they are very famous.

But actually?

Li Yun sneered: "Shufu is also a troupe draped in a layer of skin. Do you dare to return the deeds of the women here? Don't you dare? You don't even have personal freedom. What is this? Still choosing a son-in-law? , I think it's just another form of selling oneself!"

Pan Suyi stared at him blankly.

No one dared to say something, he dared.

What no one dares to do, he dares too!

"you!"

Aunt Zhao flushed, and she retorted in anger, "Our book house is so big for them, so we should have to cover the cost? The book house is not a charity hall, and I don't give them the right to choose husbands and sons? What's the dissatisfaction? !"

"I'm too lazy to talk to you." Li Yun said lightly: "Pan Suyi, I'm going to make a decision. Ten million will be considered as ransom money."

"You have ten million?"

"No. But someone will pay for me."

Li Yun took out a few silver bills in his pocket and threw them down. He raised his head and looked towards the third floor. After a slight smile, he flew up and landed firmly beside Pan Suyi.

Smith exclaimed and couldn't believe it.

"Su Yi."

Li Yun looked at her tenderly, "What I haven't finished just now is, 10 million plus a sincere heart, buy you, you are willing."

Pan Suyi was so shocked by the series of things that she looked at Li Yun dull and looked at his soft eyes, as if she had seen herself in his eyes.

In Li Erye's eyes, she was there.

"are you willing?"

"willing!"

Pan Suyi burst into tears and rushed into his embrace, and hugged him tightly:

"Suyi and Suyi are willing! Even if it is dead, Suyi is willing to follow Li Erye..."

"Fool, how could you die?"

Li Yun hugged her, not the slightly cold body of a female ghost, but a gentle girl with a delicate body.

She is Nie Xiaoqian and Pan Suyi.

At the same time, it is her wife.

"Su Yi, let's go."

Chapter 2865: Who dares to stop

Pan Suyi was still in a state of unconsciousness after being shocked, and was led by Li Yun downstairs, facing the courtyard master.

And, a group of book house thugs pouring out like wolves.

"I see who dares to stop me."

Li Yun patted lightly, a strong wave of air blasted out, and the air blasted loudly. The turbulent air flow directly slapped the surrounding crowd, screams, broken tables and chairs, and scolding, making the scene confused Incomparable.

Several foreigners hurriedly pulled out their guns. Li Yun stepped on the ground covered with wooden blocks, and then flew out. Numerous pieces of wood rained on these foreigners and the two devils around them, hitting them with strong force. It was dripping with blood.

"Boy, don't be crazy!"

Several martial arts practitioners around the dignitaries jumped out, but before they could stand firm, Li Yun stepped forward and slapped himself in the air.

Immediately afterwards, several elders brought by Qing help boss Du Yuerong fell, glaring at him, and about to yell, Li Yun flashed over again.

"Get out of here!"

After flying out, these old things wanted to stop them, but they were kicked directly by the energetic Li Yun. After breaking through the house, they fell out of the yard.

Du Yuerong's face upstairs immediately turned gloomy. While thinking about countermeasures, Li Yun downstairs raised his head and smiled at him.

"not good!"

With a sudden mysterious feeling in her heart, Du Yuerong turned around and fled.

But it was too late.

A table whizzed up and struck him on the back with a thunderous force. Du Yuerong spouted blood and was smashed seven or eight meters away, almost out of breath.

"Hehe, who wants to watch the show? Pretend to be a big boss in front of me, play tricks? I don't know whether to live or die."

Li Yun patted his hands, no one dared to stand within a hundred meters around him, and then he took Pan Suyi away leisurely.

"Su Yi!!!"

Aunt Zhao, who was hiding somewhere in the ruined wall, screamed: "If you don't come back tonight, I, I...you won't come back again!"

In the end, she didn't dare to speak harshly in front of Li Yun. The scene just now completely frightened her stupidly.

Pan Suyi's face turned pale.

In any case, this is the place where she has lived for more than ten years. Even if she has a bad relationship with Aunt Zhao, the maid Cuizi and the sisters are very good to her. If they say they give up, they give up. Wouldn't it be the same as the animals. different?

"Don't worry, I just take my plain clothes out on a date, and I will be back tonight."

Li Yun squinted his eyes and probably knew what Aunt Zhao was thinking.

It is estimated that there will be a big battle waiting for him tonight.

Pan Suyi was taken out by Li Yun in confusion. When she was really standing on the bustling Si Ma Lu street, she realized in a daze that this was the first time she came out of Xiangling Book Apartment not to accompany the wine, but to accompany her. For fun, for... date.

"Suyi, where do you want to go?"

What happened inside Xiangling Bookstore has not affected the road. Li Yun raised his hand to invite a more spacious rickshaw. After touching his pocket, he realized: "Oops."

"Eh? What?" Pan Suyi was terrified.

"Just now I spent all the money for equipment, Suyi, did you bring the money?"

"..."

Pan Suyi stared at Li Yun for a long while, and suddenly smiled, as if everything was let go, no longer worrying about other things, just wanted to follow Li Yun and have a good date tonight.

"My son, I brought the money." Pan Suyi's tone was so soft that she couldn't believe it.

"Then go, it's a plain-clothed bag tonight. Adopted son me!"

"Puff, okay."

Chapter 2866: Plain clothes are so beautiful

Sitting in the rickshaw with Li Yun, his hands were held by him, his legs were close to him, and they were intimate, like a lover, Pan Suyi reacted. Just now she called Li Yun "the son", how natural it was.

"Suyi, where do you want to go?"

Li Yun held her hand, which was completely different from Xiaoqian's cold little hand. In contrast, Li Yun became more and more affectionate for Pan Suyi and Nie Xiaoqian, who turned from human to ghost.

They are one person.

"Go, where?"

Pan Suyi repeated Li Yun's words, and then he reacted and lowered his head shyly: "The son said where to go, Suyi will go...but Suyi has a lot of clues in his heart, and I don't know how to say it. ."

"Haha, what's so annoying about this?"

Li Yun first ordered the coachman to find some beautiful places casually, and then hugged Pan Suyi directly in his arms.

Just below the crowd, in the eyes of countless pedestrians in surprise and admiration, Li Yun gave her a brutal kiss on her moving cheek.

Pan Suyi was stunned for a moment, and then blush slowly surfaced on her cheeks, her body softly embraced by Li Yun, a heart that could no longer be restrained, beating violently.

There is no longer the deadly state of mind before.

She closed her eyes and leaned against Li Yun's chest. She couldn't help but think about it, but she didn't want her mind to be occupied by various things, and she only missed him.

Tonight, she saved everything.

Even if she was forcibly dragged back in the next second, she had no regrets.

It turned out to be such a blessing to have someone you like by your side.

"Su Yi."

The rickshaw was walking in the old Zhonghai City. Li Yun ignored the eyes of countless pedestrians along the way, and gently sniffed the faint fragrance of the beauty in his arms.

"Well, son." Pan Suyi's heart was soft, and her voice was softer than Wu Nong's soft language that she deliberately learned.

Li Yun almost couldn't hold back and wanted to roll with her.

How about rolling on the streets of Zhonghai City?

Anyway, all the people here are non-physical NPCs except her.

"Tell you two things, lest you keep worrying."

"......it is good."

Pan Suyi got up from his arms and looked at him seriously with his beautiful face.

Only then did Li Yun earnestly observe Mr. Suyi, who was carefully cultivated by Xiangling Bookstore.

Unlike Nie Xiaoqian when she was a female ghost, Pan Suyi now has a plump body, big and small, with a woman's curvy and graceful, fair face, black and enchanting eyes, fragrant cheeks with a smile, and a charming and charming style. It naturally attracts the man's attention.

What's more special is that she has a scent of books in her body, which dispels the taste of women from the dust. Everyone who walks around will only think that she is a progressive young man who has undergone a good modern education.

Rather than from the theater of Four Horse Road.

"Su Yi is so beautiful!"

Li Yun complimented him, and Pan Suyi didn't know how to respond, so he could only bow his head in embarrassment and joy.

In the past, the guests she went to accompany her would often praise her so much. Every time Pan Suyi just thanked her faintly, she thought she could face men and praise her for being beautiful.

But when the man she likes really praised her, Pan Suyi's heart suddenly became confused, and a mood called joy emerged spontaneously.

"Ahem, back to the topic."

Li Yun held her little hand and said, "I know what Su Yi is worried about."

Chapter 2867: worry about you

"One, I'm worried that my son will provoke so many big people, I will inevitably be attacked and retaliated by them in the future, right?"

Li Yun asked with a smile, looking at her with both eyes, and insisting on forcing the beauty in front of him to say something worried about him.

The reason is also very simple. He and Pan Suyi just met for a day, but they are going to be a couple, so they must take the initiative to dissolve Suyi's natural defenses and make the relationship between the two close.

Pan Suyi also knew that Young Master Li was trying to force her to say such shameful words. She bit her blushing lips, and after a while, she opened her red lips lightly and said, "Yes, Su Yi...Su Yi is very worried about Young Master."

Li Yun annoyed: "Su Yi is so hesitant, isn't it..."

"My son, I didn't mean that, I..."

Before Li Yun finished a word, Pan Suyi already knew what he was going to say. Anxiously, she leaned directly to Li Yun's face and stamped a panic with her vermilion lips that no one had ever tasted before. .

The sensation of the lips touching the man's cheek made Pan Suyi like being struck by lightning, only to feel that there was a kind of electric current spreading all over her body, and for a while she forgot to leave, and she stupidly kept kissing Li Yun's face.

Until a pedestrian recognized her and shouted: "It's Pan Suyi!"

She woke up suddenly and hurriedly ended the kiss.

"It's really Pan Suyi!"

"Why is she sitting in the same rickshaw with a man? Isn't it true that the gentleman in the bookstore is not allowed to get too close to the man?"

"Hey, trick girl, always do these things."

"No, I can't accept it, Su Yi really and a man..."

Pan Suyi's shocked comments made Pan Suyi more shy, his head drooping as if he was buried in front of his chest.

Li Yun laughed and ordered the coachman to leave the bustling and lively area and go to some relatively secluded neighborhoods.

Originally, he wanted to play more in Suyi, such as letting her kiss her mouth or something, but seeing that she was ashamed, he could only give it up.

"The son."

After the rickshaw left the crowd who recognized her, Pan Suyi took the initiative to lean on Li Yun, and said in a low voice: "Suyi didn't want to worry about the son just now, but... blames herself."

"Bonde? Why?"

"...Master, haven't you thought about worrying about yourself?"

Pan Suyi's eyes filled with tears again: "You, you, for me, clashed with so many people. They have so many soldiers under their hands, as well as muskets and ships. That Smith is even the consul of France. They are all..."

"Don't be afraid."

Li Yun held one of her small hands with both hands, and smiled slightly: "Your son, I am not a fool. Of course, I have considered everything. They are very powerful, but the artillery ship can't get in. We are in Zhonghai City, and they cannot launch a large-scale hunt. Even if there are hundreds of people armed with guns, we can easily escape."

"But....."

Pan Suyi stayed for a while, it was the first time she saw a warrior who could beat a large group of people.

But she also heard that there was a famous Huang Feihong in eastern Guangdong, who was also good at fighting. Is the son the same person as Huang Feihong?

"What if they put a cold gun?" Pan Suyi thought of another thing, and looked around with caution.

"I'm not afraid of being cold, your son, I'm a god. I can feel the enemy when it gets close to a hundred meters."

Li Yun is confident.

Chapter 2868: Don't be afraid

If it is a sniper rifle facing later generations, he is still a little afraid that he will not be able to protect Pan Suyi.

But the guns in this era are very useless. They can't kill people from ten meters away, not to mention the top masters like Li Yun who can use their spirits to probe the surroundings, and they can sense who is ill-intentioned before they get close to Li Yun. Before the enemy drew his gun, Li Yun's attack had already arrived.

Just like now.

The rickshaw left near the concession and came to a street with a lot less pedestrians and a lot of plain clothes. Li Yun flew casually, two stones bounced up, whizzed out, and hit two ghosts heavily. Behind sneaky passers-by.

Pan Suyi was taken aback: "The son...?"

"Don't be afraid, they have followed us all the way. They were sent by those guys."

".....Oh."

Pan Suyi obediently didn't dare to ask, and only looked at Li Yun's actions with curious eyes.

"Come here."

Li Yun spoke indifferently. Two young men whose lower abdomens were hit hard by stones and their internal organs felt displaced, endured the pain and came to Li Yun. They didn't even dare to escape. The moment they were recognized, they had already been announced. I can't get away even if I want to run.

"I don't care who you are, go back and tell your boss." Li Yun said indifferently: "If you don't want me to find them personally tonight, then just be honest and send someone else to follow me. Have you heard?"

"Yes, Lord, I, we promise to take the words to you!"

The two cowered and stood in front of Li Yun, waiting for the master to wave his hand, and fled here in a panic.

too terrifying.

Just now they followed the rickshaw far away all the way, thinking they were hiding well, but they were kicked out by Li Yun who had just got off.

And the strength of the two stones is terrifying, they even have a way to kick them to death if the grandfather wants to!

"The person who got in the way is finally gone, Suyi, let's go."

Li Yun held Pan Suyi's hand with satisfaction, and wandered with her in the old Zhonghai City. This is a rare experience that should not be missed.

"If you can take a picture of this place, it would be nice to take it back and show them."

Li Yun sighed and used it to open the topic, but unexpectedly the system prompts:

"Ding, trigger the option event, please choose from the host:

Option 1: Spend one million experience points to take photos of all the host's experience in the old Zhonghai City. Reward: Time and Space Vision Record.mp4.

Option 2: Do nothing, no reward. "

Li Yun raised his eyebrows, but there is still this choice event?

Clicking on mp4 means that you can get a video file that can be viewed by outsiders?

"I'm Cao!"

Li Yun was shocked. If this video was posted on the Internet, I don't know how much shock it would cause.

The all-round record of the video of Zhonghai City in 1912 can no longer be described as rare, but impossible, completely impossible. No one can make a perfect restoration of the old Zhonghai City.

Not to mention if the color of the video is even more sensational.

But Li Yun changed his mind. Even if the video was posted online, it would be fine. Pushing this weird incident to the impact of the explosion of spiritual energy, anyway, the world is chaotic enough now, isn't it?

"System, I choose 1!"

Li Yun chose to record all this trip to see what would happen in the end.

"The son?"

Pan Suyi looked at him suspiciously.

Chapter 2869: Son is real

"Nothing, just thought of something interesting."

Li Yun was walking on the street holding her hand. Pan Suyi thought at first that he would cause a big sensation, just as he was recognized before.

But she soon discovered that although people passing by looked at her for several times, none of them recognized her.

At this point, Pan Suyi wanted to understand that her fame was only circulated among the rich. In fact, she was not very famous, and even ordinary people in Zhonghai City did not recognize her.

But that's not bad, at least tonight she can let go of everything and be with the son... on a date.

"The son..."

Pan Suyi's mood gradually recovered from a series of shocks just now, and his beautiful eyes looked at Li Yun with a smile: "Are we... dating?"

"Huh huh, what do you mean?" Li Yun smiled and squeezed her hand: "When it comes to the word date, you can do it too?"

"My son, don't underestimate plain clothes."

Pan Suyi wrinkled her little nose, "I have learned English by myself... Although I can't talk to those foreigners, I also know a lot of nouns, such as rubber tree, black slave trade, America, Antarctica, Napoleon, Arc de Triomphe... I've all learned about it."

Li Yun looked at her in surprise, and Pan Suyi proudly raised her chin like many ordinary girls.

This made Li Yun's heart flashed a clear understanding: this is her, right?

It is not Nie Xiaoqian who is indifferent and self-pity and self-esteem, nor is it the arrogant and cold Mr. Su Yi who is cautious when drinking with guests.

The real Pan Suyi has a strong heart and forbearance. He refuses to bow his head halfway. He yearns for love and works hard to learn. At the same time, he is a little proud and wants to show off his knowledge in front of the people he likes.

"The son, the son?" Pan Suyi's tone softened, thinking that he had said something wrong.

"Xiao Qian."

"Ah? What?" Pan Suyi was puzzled. "Why did the son call me Xiaoqian? Even in Suyi's vague childhood memory, my parents never called me Xiaoqian, as if..."

"This question needs a long, long time to talk about."

Li Yun clasped her fingers and wandered the shabby streets.

"In short, everything here is fake..."

"..."

Nie Xiaoqian listened silently, and to be honest, if the son who saved her hadn't said it personally, she couldn't believe it was true.

Obviously she is still alive, why did the son say that she is dead? Moreover, it turned into a ghost and took possession of the red umbrella, and then the son entered the environment again to find her...

I don't understand a lot of questions.

However, she didn't seem to want to think about it.

"My son, you are real, right?" Pan Suyi looked at him with gleaming eyes.

"Of course, the son is true, and the son's feelings for you are also true." Li Yun heard Suyi's meaning, stopped and stroked her smooth cheeks with his left hand. Pan Suyi was not evasive, and his eyes were very soft. .

"So, what does Suyi worry about?"

Pan Suyi's eyes became obsessed, and he said with some effort: "The son, the son has torn his face at the bookstore for me, and beat the big men violently. Suyi doesn't know how happy he is, even if... ...Even if the son has a wife in his family, Xiao Qian is willing to be the son's four-bedroom, five-bedroom..."

She suddenly felt that she was so easy to change.

Obviously, one day ago, she was not willing to be the concubine of those powerful and powerful after she was killed.

But in just one day with the son, she changed what she insisted on, no matter how many women there are around him, she is willing to follow him!

Chapter 2870: Mami Tsukihiro

"It turns out that what I yearn for is not a righteous wife, but someone who really likes me and can comfort me."

"And the son... is a thousand times better, ten thousand times better than the ideal man I imagined."

Pan Suyi couldn't help but throw himself into Li Yun's arms, whispering the name of the son.

Li Yun chuckled, "You, even if you have become a ghost, your hobby of crazy thinking has not changed."

"what?"

Pan Suyi looked up in surprise, doesn't the son still have a wife? It is unlikely that he is such a good person, how could he not have a wife?

She even felt that even the former princess would not help but want to recruit him as her husband-in-law after seeing Li Yun.

How could the son not have a wife?

"I do have some confidantes by my side. Just like you, they have experienced a lot with me."

Li Yun's words only made Pan Suyi a little bit disappointed, and she was ready.

"But don't worry about Su Yi, they are all very good people, you know? They are even with Nie Xiaoqian, that is, by your side, waiting for you to wake up!"

".....what?"

Pan Suyi was completely dizzy.

She is obviously here, but the son said that she is already with those "sisters". So, she has been recognized by the sisters?

This, this... is a good thing.

Even though the Qing Dynasty perished a few months ago, the status of the concubine did not improve, and remained the same as before.

The sisters of Shuyu also had to sign a deed to sell their lives. As before, Pan Suyi could not feel any changes in life after the fall of the Qing Dynasty.

The newspaper yelled that Huang Xuan people had stepped out of the feudal era and stepped into a new era, but when Pan Suyi saw the newspaper, he just sneered.

Except for the son, no one who clamored for release came to liberate her.

Except for the son...

"Are you thinking about it again?" Li Yun squeezed Pan Suyi's face speechlessly, watching this Mr. Suyi being pinched by himself, which was quite interesting. It reminded Li Yun of Shangguan Lingxian. There were two of them. I haven't chatted with Lingxian alone for many months.

"No, no."

Pan Suyi lied. She was embarrassed to say that she was too touched by the son. Now she was moved almost equal to love for the son.

"No? I don't believe it."

"Eh?...Um."

Pan Suyi opened her eyes wide and looked at the face of the son who was only a few feet away.

It turned out that the way the son didn't believe... was to kiss her.

"My son, no...I want to be here."

Pan Suyi's weak resistance was quickly overwhelmed by Li Yun's overbearing intimacy, and he was groggy and didn't know where it was now.

The passers-by opened their eyes wide. Although Zhonghai City is now different from the old times, it is still vulgar to kiss openly on the street!

"..."

Five minutes later, the kiss ended. Li Yun took a satisfied aftertaste, looked at Pan Suyi's red face, and said: "I have tasted Nie Xiaoqian's kiss, and Pan Suyi's kiss will naturally not fall. ,Right?"

Pan Suyi leaned against him softly, his mind was full of the fiery and tender affection just now, after a long while, he suddenly said: "After I die, it is Nie Xiaoqian... Isn't the son and the female ghost together... kiss?"

"Uh...hahaha, the moonlight is so beautiful tonight."

"The son~~!"
