

Godly Choice 2911

Chapter 2911: Humble little maid

In the past three days, Qingzhu can see clearly. Every time after dinner in Mansion No. 3, the lady of the saint would go up to the third floor of the mansion with them. In that cozy living room, the lady of the lady would often Holding a book while watching quietly.

The girls next to the villain were chatting and chatting. Gong Qingyu watched anime with a tablet, or took out the drawing board from her study and studio and painted on the side.

Jin Liuli is the most noisy little girl, and she has to fight with her every time...Well, in fact, Qingzhu herself also enjoys it.

As for the others, Liu Xianxian reads a doctor's book, Gong Lianyi is responsible for preparing tea, water and fruits for them, with a gentle smile on his face.

And Xia Feiyao, the grown-up woman, was chatting with Su Muxin.

Occasionally, when everyone played cards or mahjong together, Xiao Mingzhu or Jin Liuli would invite Master Saint to play together.

Although... Master Saint will only play for more than ten minutes, but this has already made Qingzhu look dumbfounded.

It turned out that Lady Saint didn't want to play games, but no one played with her on weekdays. It was only because of Li Yun that she had a better relationship with other girls and could play together.

It's all because of Li Yun.

It's all because of that bad guy!

No matter how stupid people are, they can also see the special feelings for Li Yun, who is innocent, like a fairy in the moon palace.

Qingzhu again thinks of the scene where the Lord Saint and the bad guy disappeared for two hours the night before, but Gong Qingyu and the others did not look for it. It is more and more certain that there is a deep relationship between Lord Saint and Li Yun... It was very deep, very ulterior, and the secret that made Qingzhu gritted her teeth.

But gnashing his teeth, Qingzhu can only accept it.

In the future, she might really marry Li Yun along with the lady of the saint... No, marrying that bad guy, he is necrotic, and he is not worthy to let her call him by name.

"What to look at."

Qing Zhuxia flew her cheeks, looked directly at the front of the car in a panic, and said: "I, I just want to sit in the passenger seat, please be careful, don't treat the lady of sage... Yeah."

Out of the corner of her eye, she could clearly see that the villain had smiled and held the Lord Saint's hand.

Qingzhu screamed, and immediately looked back, only to find that there was nothing unusual on the beautiful face of Lord Saintess, not to mention Li Yun's hand in hand.

The two seemed to have held hands together many times, so they showed such proficiency, and Master Saint did not resist.

"you you you....."

Qingzhu's little maid's face flushed red, and her mouth opened wider and wider. Although she had been prepared, she was still frightened.

It's unbelievable!

This villain is really with Lord Saint...

Li Yun talked serious nonsense: "Qingzhu, don't get me wrong. Just now, Master Saint said that she had cold hands, so I replaced your job and helped her cover it. After all, you can't be a bed warmer in the co-pilot position. Maid's job."

Sage Fan Qing, who was holding his delicate jade hand, glanced at him.

Qingzhu was so angry that it was the first time she saw such a brazen person! ! !

"Ignore you!"

Qingzhu turned around bulgingly, with his hands wrapped around his chest again, a small mouth bulging, and I don't know how much air was held in it.

Li Yun looked overjoyed, put her finger out to poke her chubby white cheek, and with a puff, the little maid exhaled from her small mouth. She turned her head in shame and opened her mouth, and bit her finger on Li Yun's finger.

"His! It hurts!"

Chapter 2912: Idiot in front

When Li Yun pulled out his index finger from the mouth of Qingzhu, who turned into a puppy, it was already wet with a row of neat teeth marks.

"Humph~~"

Qingzhu was very proud of his masterpiece of tooth print, and finally smiled triumphantly, and said to Fan Qingsheng: "My Lord Saint, if this villain does something dishonest to you, you just call me, I Keep biting him, biting him to death, hum~"

Can teeth kill people?

Such words are not so much a threat as they are acting like a baby.

After realizing this, Qingzhu hurriedly turned his head and said, "I'm too lazy to care about you, don't bully Lord Saintess!"

Li Yun smiled and motioned for the driver to drive.

It seems that Gong Lianyi realizes that every time he sends a driver to pick up Li Yun, there are some girls around him, so he simply designates a female driver to pick up Li Yun, so as not to be embarrassed.

But even so, the female driver sitting in the driving seat was still frightened by the interaction between Li Yun and Fan Qingzhu. It turned out that the girls next to this uncle, or the beautiful girls who had been on the third floor of the mansion in the past three days. , All are my uncle's people.

It is amazing that the young lady can accept it.

...

After the driver started the car, Li Yun leaned on the position, holding Master Saint's hand and sank slightly.

The Lord Saint seemed to be aware of something, or to explain what he was going to do, the five plain white slender fingers separated and accommodated Li Yun's fingers, and the two quickly became a state of interlacing ten fingers.

Anyone who sees such a handshake will not think it is a hand-warming gesture. The intertwining of fingers is only done between lovers who are deeply in love. Generally, couples who have just dated don't even dare to hold hands like this, so they are shy. NS.

"Qing Sheng."

Li Yun whispered to her.

"Um."

Fan Qingsheng responded with a voice from his nasal cavity.

The two did not speak any more, but the sweet atmosphere between the lovers did not diminish. Even if there was an interruption by Fan Qingzhu just now, Li Yun and her quickly entered the state.

This also shows one thing: the saint is also longing for intimacy with Li Yun, just like he and those girls in the past three days of laughing and playing, or occasionally kissing, and then hit by other girls. As shy.

The Sage of Brahma is also longing for these things.

Although perhaps she didn't realize it in her heart.

"Qing Sheng."

"Yeah~"

Li Yun called her again, and Fan Qingsheng responded again, and asked Qingzhu who was sitting in front to look straight ahead. In fact, he had been watching behind him and looked puzzled. Isn't he about to talk or fall in love?

Why do you keep calling your name?

Fan Qingzhu, who has never dated Li Yun alone, naturally doesn't know that this is already in love.

"Did you blame me just now?"

Li Yun turned his head to look at Fan Qingsheng's beautiful side face, and looked at her smooth and jade-like fragrant cheeks and swan-like elegant and charming neck, and his heart was a little itchy.

"what?"

Sage Fanqing asked.

Qingzhu in front of him was surprised again, and Master Saint actually asked instead of using her eyes to replace doubts.

"The thing that lied to the little idiot in front."

Li Yun smiled.

The little fool in front: "..."

She almost couldn't help turning her head to give him a glare.

Li Yun said: "I just used Qingsheng as an excuse to say that you have cold hands. Would you blame me?" The Lady of Saint did not like people who lied to her.

"Will not."

Sage Fanqing spoke softly, his voice like a soft breeze, blowing through the ears of the three people in the car: "I can tell whether I'm joking or deliberately lying."

Chapter 2913: The Hidden Sacred Valley (Part 1)

Li Yun naturally knew that Qingsheng would not blame her, otherwise he would not dare to use her to lie. What I said just now was just to open up the topic.

"Qingsheng, have you felt wronged these days?"

Li Yun let go of her hand, and instead passed through her back, enclosing the slender waist of the saint woman, and when his hand touched her back, Fan Qingsheng had already sat up slightly. Let Li Yun pass through her waist.

Moreover, when Li Yun's big hand was around her waist, Fan Qingsheng actively leaned Zhen Shou on his shoulder, slowly closed his eyes, and enjoyed the rare time alone.

At the same time, she was also answering his question softly:

"No, because we have made an appointment, now."

".....Um."

Li Yun couldn't help laughing. Don't look at the noble origin, powerful strength, and cold temperament of Saint Fan Qing, but in fact, as her boyfriend, Li Yun felt that the Saint of the Hidden Sacred Valley was actually a bit stupid, really. Not to mention the ability to deal with things, you know from the way she speaks.

The Lord Saint actually means: I don't feel wronged, because Li Yun, you have made an appointment with me. Today you will go back to the Hidden Sacred Valley with me. You will be with me for many days in the future, so these three days It's okay if you don't accompany me.

Of course, it is absolutely impossible for this kind of words to be said from the mouth of the Saint Fanqing, it is not that she is ashamed to say it, and the sage of the saint who cherishes the words like gold is impossible to say so many words in one breath.

Unless Li Yun keeps asking her, let her speak these words slowly.

"Qingsheng, please tell me about the hidden sacred valley when you have time now?"

Li Yun went to the Hidden Sacred Valley with Sage Fan Qing not only to meet the mysterious former saint, but also to help Sage Fan Qing deal with some things in the hidden Sacred Valley.

Since the aura of Penglai Island broke out, the hearts of the people in the Hidden Sacred Valley have floated, and many practitioners in the valley are ready to go to Penglai Island to find opportunities for breakthroughs.

However, out of a cautious attitude and some rules handed down in Gu Nei, as represented by Saint Vatican, Gu Master, and Saint, all Gu Nei disciples are prohibited from acting without authorization.

At first, with the prestige of the Saintess Valley Lord and others, it was natural to suppress some different voices in the valley, but as more and more information came from the outside world, especially the guys on Penglai Island who were originally just mortals got all kinds of differences. Yes, after starting to practice, many people who had just waited and watched also joined the opposing team, and continued to make suggestions.

Among them, headed by the Holy Spirit, several elders and more than a dozen people from the Void Returning Realm and the backbone, they unanimously asked the Valley Lord to open the barrier and release the disciples of the hidden sacred valley to go out for practice.

Here I have to mention the location and current situation of the Hidden Sacred Valley.

The Hidden Sacred Valley is not located in the so-called immortal realm, or a blessed land like Li Yun's Lotus Immortal Mansion, but in an enchantment in the deep mountains, which can be entered into the valley through the entrance.

Originally, the Enchantment of the Hidden Sacred Valley was a guarantee for the spiritual energy to be locked so that practitioners in the valley could continue to practice, but as the aura from outside erupted, the enchantment became a copper wall and iron wall that restrained the disciples of the Hidden Sacred Valley from going out.

Without the permission of the owner of the valley, no one can go out.

Unless the barrier is forcibly broken.

"Holy God?"

Li Yun hugged Sage Fanqing in Lian, gently rubbing her beautiful cheeks, so that the cold fairy showed soft and watery eyes. He kept looking at him, and his eyes were full of him.

Chapter 2914: The Hidden Sacred Valley (Part 2)

Li Yun really enjoyed the feeling of being watched by his own woman with tender eyes, but unfortunately he was surrounded by some tsundere. Li Feng was too shy and didn't like this. Fang

Xue is a typical tsundere, and Gong Qingyu is Lengjiao. Feiyao is also very shy, not to mention Jin Liuli.

Except for Su Muxin's boldness and enthusiasm, Li Yun really rarely enjoys being watched with tender eyes and affection by his confidante.

Of course, the time spent fooling around with them at night is not counted. At that time, they had already lost strength, and they were nowhere to be seen as shy. The emotional, moist and moist eyes can make Li Yun excited every time.

"Um~, yes, holy god, holy man, holy teacher."

Fan Qingsheng made a sound from his nasal cavity, a beautiful lazy nasal sound, which made the little maid, who was sitting in the front passenger seat and paying attention here, trembled, and her eyes were full of weirdness.

It turns out that Lord Saint will act like a baby?

"This title is very powerful." Li Yun raised his eyebrows. "He is also in the same soul and light realm as Ten Thousand Faxian?"

"Um."

Fan Qingsheng lay down, his feet bent against the door of the car, his head was lying on Li Yun's lap, his eyes seemed to have a look of happiness and happiness, and he was lying on his lap with a smile and looking at him. .

Li Yun's heart is melted.

The cold and holy fairy lay on his lap with incomparable affection, and looked at him with a soft and smiling eyes, this kind of experience, presumably no one can enjoy.

I'm afraid it wasn't the wonderful taste that even the master of Vatican Qingsheng, the Nine Heavens Fairy had never experienced.

"Qingsheng, I love you!"

Li Yun's heart was rippling, and he lowered his head and kissed her blushing lips fiercely. Before he approached, Fan Qingsheng had already opened his mouth slightly, waiting for the kiss.

"!!!"

The little maid in the front row was petrified in the co-pilot seat.

Before, I reluctantly said that it was a fight between close friends, but now Li Yun has bowed his head and kissed the Lord Saint. The Lord Saint is still lying on his lap. This is impossible. It is absolutely impossible to say so. What do friends do? !

Ahhhhhhh!

Qingzhu's little maid opened her mouth and let out a silent cry.

Soon, her face gradually became blushing.

With this kiss, she also officially announced who she belongs to in the future: Li Yun.

The big bad guy is already a big bad guy, but he also has an additional identity: the husband of the Lord Saint, and at the same time, the husband of her Fan Qingzhu, who is destined to serve for a lifetime in the future.

Marry a chicken with a chicken, marry a dog with a dog, whoever the Saintess marries, she will follow the dowry.

In this sense, the big villain Li Yun has already been counted as half of her, or even half of her master. As long as the Saintess doesn't object, all orders Li Yun will give to her in the future, Fan Qingzhu must abide by, and must go. Do.

He is both the master and the husband.

"puff."

The little maid's lovely face was blushing with water vapor, and she couldn't lift her head.

She just thought that she would serve Li Yun in the future, or that he would kiss her like he did to the Lord Saintess now, and she felt like her face was burning hot.

But inexplicably, she did not resist the fantasy scenes in her mind. On the contrary, every time she thought of those things, she felt her heart pounding and her body felt weak. If the villain really kissed her...

She might be soft and unable to resist, right?

Chapter 2915: Five Saints

After a kiss, Li Yun did not continue, but while intimately rubbing Qingsheng's white and delicate cheeks, while listening to her slowly telling the faction forces in the Hidden Sacred Valley with her voice like that day.

The Valley Lord has the most power, controlling the "Escape Enchantment" of the Hidden Sacred Valley and the town's immortal tool: Dengxianling.

Deng Xian Ling and the Six Paths of Reincarnation of the Six Dao Sects are equally famous. Both are also the only immortal tools in the world. Their power is unimaginable, and they have many functions that only the core figures of the two schools know.

However, Sage Fan Qing said that she believes that there are other functions of the Immortal Order that even the Valley Master does not know. These abilities have been forgotten in the long river of history. After all, the hidden sacred valley is much weaker than thousands of years ago. , There are only a few souls and bright realms.

The Valley Lord is also called the Holy Lord.

In addition to him, there are several people in the Hidden Sacred Valley who can be called "Holy".

The saint Brahma is one of them.

In addition, there are three "sages", "sages" and "sages". In addition to the sages, the sages and sages are both soul and bright realm cultivation.

Of course, in the Hidden Sacred Valley, not only are they in the Soul and Light Realm, but the master of the Holy Fan Qing, and the former saint is also definitely the Soul and Light Realm.

However, her master suffered serious internal injuries in a decisive battle with the Liudaomen saint one hundred years ago. It took decades for her to recuperate, and the recovery of her physical injuries is nowhere in sight.

Fortunately, Li Yun once gave the Holy Fan Qing a recovery pill, and the former saint should have recovered.

Among the three "sage masters", "sage gods" and "sages", the saints are not in the soul and light realm, and they are also very easy-going. They do not want to offend people, while the saints are the supporters of the valley master and oppose the holy gods on opening the world of escape , A proposal to go to Penglai Island to practice.

However, public opinion is surging, and most practitioners in the Hidden Sacred Valley tend to open the barrier. They all support the proposal of the Holy Spirit, and the dispute between the two sides has become increasingly intensified, almost to the point of irreconcilability.

Even if Li Yun does not propose to go to the Hidden Sacred Valley, Fan Qingsheng will return soon.

"What kind of person is the Holy Spirit?" Li Yun pondered for a moment and asked.

"have no idea."

"?"

After receiving this answer from Fan Qingsheng, Li Yun almost doubted whether she was the saint of the Hidden Sacred Valley. After thinking about it, he guessed the reason.

The sage of Fanqing is cold, even in the hidden sacred valley where he grew up, he will not have much contact with people, and Li Yun has already learned that even in the hidden sacred valley, the relationship between those practitioners is actually very ordinary.

For example, the Sage Fanqing calls the rebellious Baihe Taoist the Nanhua Senior, not the Nanhua Master Uncle. She was not familiar with the character of the Holy Spirit, so she simply said she didn't know, so as to save Li Yun from making a mistake.

From this point of view, the split of the Hidden Sacred Valley is almost inevitable.

The reason is also very simple. Under the circumstance that spiritual energy is no longer the source of restriction to the breakthrough of practitioners, the cohesive force of the Hidden Sacred Valley is only the knowledge of exercises, alchemy, and magic circles that have been passed down from ancient times to the present.

Even the magic artifacts have become less attractive, because there are many monsters in the outside world. As long as they grow up, everyone in the future Hidden Sacred Valley and the Six Dao Sects can use the magic artifacts, and there is no need for another one. The magic weapon was hit hard.

After figuring this out, Li Yun said confidently: "Qingsheng, I think the Hidden Sacred Valley has reached the time when it must be opened!"

"Um?"

Sage Fanqing looked at him, waiting to explain.

"The reason is very simple. You can't resist the general trend of aura recovery."

Chapter 2916: Reward for grace and elegance

The prosperity of the world is for profit, and the hustle and bustle of the world is for profit.

This sentence is also correct when placed in the Hidden Sacred Valley and Liudaomen.

What the practitioner needs is nothing more than a breakthrough. The aura of the outside world is something they cannot give up. The Hidden Sacred Valley has become a cage that traps them. Even if it is suppressed again, the prisoners in the cage always have the desire to get out of prison.

"Um."

Sage Fanqing nodded slightly, "Master actually told me."

The little Qingzhu maid in the front row pricked her ears, and the Lord Saint didn't tell her about this.

"What did you say?"

"Tell me not to go back, just wait."

Sage Fanqing looked at Li Yun, waiting for his solution.

Yes, Master Saint is a little bit tangled in her heart.

Li Yun smiled and said: "Your master is for your own good. She knows that the Hidden Sacred Valley has become a dynamite barrel, and she is only affected by herself when she goes back, so she told you not to go back."

Sage Fanqing nodded.

"But the sage of my family is a kind-hearted saint. It's impossible to watch the people of his sect in dire straits, right?"

Li Yun smiled and stroked her beautiful cheeks. The delicate and warm skin felt very good. Touching her green silk hair with fingers would give Li Yun a strong sense of satisfaction.

This time, Fan Qingsheng did not answer, and quietly fell on Li Yun's lap, without speaking for a long time.

It wasn't until he came to the airport to park his car that Sage Fan Qing said: "Li Yun, I will do my best to protect the Hidden Sacred Valley!"

"Well, I will help you."

Li Yun replied to her, and the two got out of the car without saying more.

Qingzhu wanted to say something several times, but in the end he didn't say anything, silently following the Lord Saintess.

She had a feeling that Master Saint went back this time not for communication or something, but... with an awe-inspiring fighting spirit.

Has the Hidden Sacred Valley now become like this?

In this silent atmosphere, the three people came to the VIP lounge, and after waiting for about half an hour, they took the VIP channel to board the plane.

Both Li Yun and Fan Qingsheng can fly long distances, and they can also fly with Qingzhu's little maid, but if you travel thousands of miles to the inland of the motherland, it is still the easiest to fly by plane. Flying in the sky by yourself should not only be careful not to be seen by others. , But also pay attention to the clouds and thunder and lightning, being struck by the lightning in the dark clouds is still "blood drop" very serious.

"Ding."

Before boarding the plane, Li Yun received an inexplicable system choice.

"Trigger option event, host select:

Option 1: Stay in Zhonghai City, reward Wan Qingya*1.

Option 2: Go to the Hidden Sacred Valley and reward Princess Wan Qing*1. "

Seeing this selection event, Li Yun wanted to give the cheating system a punch.

Who is Wan Qingya?

What does this inexplicable option mean?

Could it be said that reward Wan Qingya*1, or Wan Qing concubine*1, mean... the first time I took them?

This is too cheating, Li Yun even had their faces, no, because they hadn't even seen Wan Qingya's face, he actually got her full favor.

"Who is this Wan Qingya?"

Li Yun picked up the phone and wanted to make a call to Concubine Wan Qing, but when he arrived at the boarding gate, he had to give up and chose to turn off the phone.

There is no doubt that Wan Qingya and Concubine Wan Qing have a very close relationship. They may be sisters, or the relationship between master and servant, just like Fan Qing Sheng and Fan Qing Zhu.

Wan Qingya fell in love with him because of his concubine Wan Qing's relationship, and her favorability soared to 100 points. Now she is choosing to come to Zhonghai City. If Li Yun stays, she will definitely meet her.

But Li Yun could not choose to stay.

Chapter 2917: You die for me

At Zhonghai Airport, a woman with an enchanting figure, wearing narrow-leg jeans and a simple shirt, set off a hot figure, but her appearance was quite pure. At least five or six women walked out of the airport in a cool manner.

After she got off the plane, she couldn't wait to turn on the phone, searched in the address book, and quickly found a person named Li Yun with a note. She immediately chose to call the past.

"Ahem, uh uh."

The enchanting and hot, but relatively average-looking young woman cleared her throat and said to herself: "What is the way that Concubine Wan Qing speaks? I finally stole her mobile phone and let him know. Who am I, hehehe~"

People passing by all looked at her with neurotic eyes.

Steal the phone?

Still imitating each other's speech?

Fortunately, there is this sentence, otherwise passers-by will choose to report to the police just for stealing the phone.

But the strange thing is that some passers-by quickly noticed the woman's abnormality.

Her skin is extremely fair and delicate, her hands and neck are almost free of blemishes, her dazzling snow-white skin is as smooth as beautiful jade, her hands are extremely beautiful, her neck is slender, and narrow-leg jeans perfectly reflect the enchanting figure of this woman.

The two long, round legs stood on the ground and attracted the attention of a large group of passersby without looking at any other places on her body. His eyes stared at her legs as if seeing some treasure.

This is a pair of peerless legs, more standard than the models on the runway. It should be thin and unambiguous where there should be flesh.

Going up a bit, it is full of flexibility.

The willow waist is soft and slender, which is comparable to a piece of A4 paper. There is also a strange shirt inside the shirt, which looks like short sleeves, but it does not look like fabric. Instead, it looks like silk, which was worn by the ladies in ancient times.

But even the strange attire seemed quite appropriate against the young woman's peerless and enchanting figure.

"Hahaha."

The young woman seemed to realize that she was being watched by others, and gave out a sneer, her eyes were like a stern eagle flying in the sky, she glanced at the crowd, and said: "Whoever looks at me again, be careful I dig out their eyes and throw them to the dog. eat!!!"

The words were vicious and comparable to those of snakes and scorpions, which caused a group of men to stay away and dared not refute. The temperament of this woman was not ordinary at first glance, and she couldn't get good fruit if she was offended.

The young woman nodded in satisfaction, and pointed at the name "Li Yun" in the address book with her slender white finger that did not match her appearance.

"Beep—the phone you dialed is turned off."

"..."

The gentle beep made the young woman's expectant face froze in place, her face quickly turned unhappy, she turned off the screen gloomily, and walked out without saying a word.

Not a few steps out, she received another call, which said: Xiaolu.

"Humph."

The young woman knew who was calling when she saw the call. She hummed triumphantly, and then answered the call leisurely.

There was a woman's growl on the phone immediately:

"Wan Qingya, you die for me!!!"

"uh-huh."

The young woman with an enchanting figure snorted, looking very proud.

Naturally, she was born as Concubine Wan Qing...No, she was a special clone split after practicing "The Incarnation of the Demon", so special that she has her own mind and the name given by Concubine Wan Qing: Wan Qingya.

Chapter 2918: It's my husband

Although the name has an elegant character, she behaves more unscrupulously than "mother" Concubine Wan Qing. After the split, there is almost no day for Concubine Wan Qing to live.

"You stinky girl, it turned out that you stole all my mobile phone!!!"

"Say! What did you do?!"

"You **** Wan Qingya, you should have been stuffed back in the first place!"

Concubine Wan Qing was troubled by her clone. Although she had been fighting with her clone this month and gained a lot, she couldn't hold her clone and died. She never told her anything in advance, which caused her every time. All were taken aback.

After coming down several times, the saint of Liudaomen successfully became nervous.

"Concubine Wan Qing, you are as stupid as ever."

The two of them almost never called each other well, they always call each other by their first names. Wan Qingya is also very arrogant about her own body. Not only does she call her by her first name, but also repeatedly call her a stupid, which makes her very passive now. :

Passivity in the relationship with Li Yun.

"You! Again! Scolding! Your mother, me?" Concubine Wan Qing almost went crazy, even taking advantage of her "mother" identity.

It is more accurate to call it mother.

But the relationship between the body clone, how can mother and daughter come to be strong?

Besides, Wan Qingya, the **** stinky girl, was really the result of her Wan Qing concubine spending the whole night, experiencing pains similar to the pain of childbirth...Freak, she was unambiguous when she took up her mother's airs.

It's just that every time she calls herself a mother, Concubine Wan Qing will feel sorry and pity in her heart. She, a saint who has not been out of the pavilion, actually has a "daughter" who is as big as her and has all her memories.

This feels really painful.

"Because you are stupid."

Wan Qingya has a calm tone, but she has an aura that I am the winner.

"you!"

"First,"

When she interrupted her, Wan Qingya said lightly: "You and I are one, your phone is my phone, so I didn't steal your phone, I just took it away."

"...What about your cell phone?" Consort Wan Qing smiled back.

"My mobile phone is naturally my mobile phone, is it still yours?"

"Tan! Qing! Elegant!!!"

"Ha ha ha ha."

After teasing Concubine Wan Qing, Wan Qingya was in a good mood, because the unhappy mood of not getting through to Li Yun became much better, and said leisurely: "What do I do with your phone, if you can't guess it, you really don't have to be it. What kind of saint, wash it as soon as possible and send it to my husband's bed. From now on, I will help you to take care of the women of my husband. It is still a bit useful."

Concubine Wan Qing smiled, "What! What! Call your husband?! Obviously me..." Husband.

Concubine Wan Qing just held back the last two words and didn't say it.

However, she also guessed Wan Qingya's purpose. Her mobile phone was of no special use. Although there were calls to contact some other elders, she could only call those servants, remembering the number, and didn't have to steal it.

The only effect is to contact Li Yun, that is, her elegant husband.

and.

Concubine Wan Qing also guessed the purpose of this stinky girl. It was nothing more than calling Li Yun with her mobile phone, and then pretending to be her, taking the opportunity to do something.

If she guessed correctly, Wan Qingya, the stinky girl, is still pretending to be like her, and with her original character, she doesn't bother to pretend.

"Huh, my heart is different."

Wan Qingya sneered.

Chapter 2919: I'm not you

"I'm not like you, Consort Wan Qing."

Wan Qingya said coldly: "Like is like, I have your memory, I am also willing to regard Li Yun as my future husband, no, it is my husband now and in the future, he is mine and must be mine! I am not Like you concealed, you dare not even do this!"

Concubine Wan Qing frowned, "What do you want to do? Don't forget, there are many other women around him. If you dare to attack them, that guy will not forgive you and will never accept you! Wan Qingya, Don't mess around!"

"Of course I know his character."

Wan Qingya's eyes narrowed into a gap, "My husband has a good personality and is good to the girls around him. I like this very much. For example, when he is hostile to us, he still cares about the life and death of an idiot like you. , It proves that my husband is indeed a good person. Of course I don't want to change his point, how good~"

Her voice changed from indifferent and cruel, to very gentle, as if Li Yun was really her husband, about to show her tenderness and affection.

Consort Wan Qing was speechless for a while.

She also couldn't figure out why Wan Qingya, who had split from her, liked Li Yun so much, and even liked it more and was more infatuated than herself.

Had it not been for the two of them to do something, Wan Qingya could not wait to fly to Zhonghai City to find him.

Even when the two occasionally fight, play mischief, comfort, and are very tired at night, they can't make up for the spiritual gap that Li Yun occupies.

"He is mine, but I didn't say not to let him accept some concubines."

Wan Qingya said generously: "It is because I am his good wife that I tolerate him and let her husband taste more of having other beauties. They will be used as tools for my husband to vent in the future, and it will be good for him to give birth to children. "

"...You're crazy." Concubine Wan Qing was unable to scold her. If she dared to do this to the girl next to Li Yun, this ***** Wan Qingya seemed to be lacking a lesson.

"Also including you, Consort Wan Qing."

Wan Qingya smiled and said, "You should be the head of those women and be responsible for managing them, so that they will not be jealous and make their homes uneasy."

Concubine Wan Qing, as well as the people around who were secretly paying attention to this side, were all dumbfounded.

There is such a good woman in the world, even if her husband finds other women, but also her own sister? elder sister? Give it to your husband together?

How enviable it is... No, a condemning thing! !

"Ha ha ha ha."

Concubine Wan Qing replied with a series of mocking laughter, "If you can fight those women, just go and fight, but I remind you, your husband, no, my husband values every woman around you, dare you? If you mess up, he dare to tie up and spank!"

From your husband to my husband, God knows how much concubine Wan Qing has been stimulated by Wan Qingya.

"You repeat the nonsense again, don't I know this?"

Wan Qingya smiled and said: "My method is not what you can imagine, just like Fang Xue, Li Feng, Gong Qingyu and other women, in front of me, are mice and cats all the same? I asked them to make three peaces tonight. I serve my husband together, they dare not give out four."

"..."

Concubine Wan Qing was defeated by her cheeky, and still the four of them served together? Are you so eager to let Li Yun eat you?

The bad thing is that Wan Qingya is almost exactly the same as her.

Chapter 2920: Destiny

From the eyes, nose and ears, to the height, hips, shape, etc., apart from the subtle differences in temperament, Wan Qingfei and Wan Qingya are exactly the same people, more like twins than twins.

At least twins will not have the same birthmark somewhere.

However, there is also a subtle difference. It seems that because Wan Qingya is not a real person, her body has a relatively high water content. This is also why Wan Qingya has been able to defeat her many times in the evening when she was able to compete with her for primary and secondary power. reason.

"Wan Qingya, you really want to go with him... what?"

Concubine Wan Qing couldn't accept someone who looked like her to go with Li Yun, just like she had a relationship with Li Yun.

Although... she would not object to being like Li Yun, not too disgusting.

"Then what is it?"

"You know it yourself!"

"Humph."

Wan Qingya sneered, "Don't dare to speak, isn't it just a thousand miles to send*? Is there anything I dare not say!"

Concubine Wan Qing was speechless, this stinky girl didn't even know her shame.

A group of people around looked at Concubine Wan Qing in surprise and envy.

A woman with such a good figure came to Zhonghai City to send her for thousands of miles?

Although the appearance is not very good, it is not ugly. Moreover, this pair of long legs and enchanting figure are enough to make up for the gap on the face. Isn't there a word? Turn off the lights, women all over the world are the same.

"I don't know how to be ashamed!" Concubine Wan Qing said these four words from her clenched teeth.

"You still say me!"

Wan Qingya said angrily: "You have liked my husband a long time ago, but you have never dared to say that. Obviously the two of them have been staying in Zhonghai City, but you just watched her accept one woman after another. I can secretly hurt myself and dare not take the initiative to attack. I always worry about this and worry about that... If you were not so useless, would I be so passive? I have had a relationship with him long ago!

The people around were dumbfounded.

What are the women in front of me and the woman on the phone talking about?

It seemed that the sisters gave it to the man together, but why did she become passive because of the relationship with the opposite woman?

The relationship between these people is too messy.

But everyone around you can hear that there are other women next to the man liked by their sisters...

"..."

Concubine Wan Qing did not speak for a long time. After a long time, she said weakly: "You can't find him when you go to Zhonghai City."

"How did you know?!" Wan Qingya asked immediately.

"Hehe I just got the news that he has left Zhonghai City and went to...Hidden Sacred Valley."

"what!?"

Wan Qingya's eyes widened, "You mean... my husband and that ***** went back to the Hidden Sacred Valley?!"

"Yes, coincidence? I'm also going to visit the Hidden Sacred Valley exactly once."

Concubine Wan Qing said with a smile: "Poor someone went to Zhonghai City specially, but I just missed him, but I went to the same place with him as if I was favored by God."

Wan Qingya finally broke the defense, showing an annoyed expression: "No, I also want to go to the Hidden Sacred Valley... Consort Wan Qing, you take our tools and turn to the Hidden Sacred Valley."

"Hmph." Concubine Wan Qing said nothing. She went to Hidden Sacred Valley to fan the flames. Naturally, there is no need for Wan Qingya to order her to do anything.

She did not refuse Wan Qingya. The two quarreled and went to quarrel, but they worked together perfectly. The two were originally one, and when they were added together, they would die when they saw it in the Return to Void Realm. Concubine Wan Qing even had the confidence to touch someone in the Soul Bright Realm. .
