Chapter 2921: Wrong mouth

Wan Qingya stopped again, holding her mobile phone and said, "I probably guessed what my husband and Fanqing Sage are going to do in the Sacred Valley. It seems that the two are not at peace. Concubine Wan Qing, what do you think?"

"up to you."

"it is good."

The two of them seemed to have a strong heart, and quickly decided what to do next.

It's just that Wan Qingya said again: "I'll still go to Mansion No. 3, and I always have to show up when I come to Zhonghai City, right? My good mother!"

Concubine Wan Qing's face blushed.

She knew what this unfilial girl wanted to do.

It is nothing more than taking her look to cheat the people in Mansion Three, which is equivalent to saying that Wan Qingya will come forward instead of her to compete with the women in Li Yun.

It is equivalent to Concubine Wan Qing acknowledging her relationship with Li Yun.

So she blushed.

After thinking for a while, Concubine Wan Qing said vaguely: "Don't mess around, I have my own opinion."

After speaking, she hung up the phone and sat alone in a daze in an unknown pavilion. Downstairs, seven or eight Void Returning Realm powerhouses respectfully waited for the saint's order, without daring to say anything. Complaints are completely different from the previous attitude of violating yang and yin.

These people are the "trophies" of Concubine Wan Qing and Qing Ya in the past month.

"Hmph, I'm not right."

Wan Qingya cursed into the phone microphone, and squinted her eyes and laughed.

She was wondering what kind of attitude she should use to enter Mansion Three.

"This lady."

A man dressed in brand-name clothes stepped forward and looked at her strangely: "Excuse me, are you coming to Zhonghai City alone? Do you want to..."

Snapped!

Before the man finished a word, Wan Qingya slapped her slap in the air, hitting the man with one foot and spinning on the ground. After turning a full seventeen or eight turns, she fell to the ground with her ass.

The whole person was dumbfounded.

Everyone was shocked.

The crowd was terrified. They only knew one thing: a young woman with slender legs was a supernatural being. Otherwise, it is impossible to slap a big man like a spinning top.

And the man is not dead yet.

"Hahaha."

Wan Qingya let out a cold laugh, wiped her right hand on her face, and in an instant, a face that could be called a peerless face appeared in front of everyone.

The exquisite facial features with the delicate Qiong nose, the big and energetic eyes, the skin that can be broken by blows, and the glamorous rosy lips, all highlight the beauty of this woman.

Everyone was dumbfounded, and it suddenly dawned on her that she had put on makeup, so it's no wonder that she didn't look good before.

Only such a beautiful face is worthy of her enchanting figure and domineering temperament.

"Am I pretty?"

Wan Qingya stroked her cheeks, like a little woman who is not very confident in front of her lover, and like a painter who has acquired human flesh for the first time, she is very unfamiliar with this look.

After being slapped, the man sitting on the ground looked at her blankly and nodded subconsciously.

"really beautiful?"

Nodded again.

"Then do you want to play with me?"

Murderous.

Shaking his head frantically.

"Very well, count your life back."

Wan Qingya kicked him with satisfaction, turned around and walked outside the airport, but her cherry-red lips spoke indifferently:

"Get out of here if you don't want to die."

Suddenly the crowd in front of her gave up a passage

Many people didn't realize until this time that in the age of supernatural powers, women are no longer absolutely weaker than men.

If you dare to tease a woman rashly, you have to be careful to get her head slapped.

Chapter 2922: Special guests

Li Yun only received a call from Gong Lianyi after getting off the plane, saying that a special guest had arrived in Mansion Three.

This guest looked like a flower, enchanting, and had a very kind attitude. He came to the mansion as a "sister", but encountered no obstacles along the way, and no guards saw her, even the Saint Fan Qing himself. The formation under the arrangement did not notice her ghostly trace.

It wasn't until this enchanting but pure and beautiful woman stood in the living room that a maid found her and hurriedly went upstairs to report to Gong Lianyi, who was studying quietly on the third floor.

Gong Lianyi went downstairs, and when she saw her at first glance, she knew that this woman was bad.

Although her face was filled with a cordial smile, she was inexplicably strong, as if this was her home, her territory, and Gong Lianyi was only temporarily living here.

Among other things, just because this beautiful and enchanting woman came uninvited and avoided the eyes of dozens of guards and blockades along the way, she knew that she was deliberately showing off her strength.

Gong Lian Yi wanted to ask her name politely. After all, she didn't do anything after entering the living room, proving that her arrival was not strongly malicious.

Unexpectedly, when she wanted to ask, this seductive woman took the initiative to speak: "I am Li Yun's wife. I have entered into a marriage contract with him since I was a child. I heard that he has other women here, so I thought about taking a look. ."

The first sentence of a speech shocked Gong Lianyi.

Li Yun actually has a wife?

And she is the wife of the palace, even Fang Xue can't compare to her?

After calming her down, Gong Lianyi hurriedly called Qingyu, and it was not until Li Yun got off the plane that she called to tell her about it.

"..."

Li Yun was speechless about this. He has a woolen fiancée. No, it should be said that there is no formal marriage contract. Pan Suyi is half, Jin Liuli is half, Xia Feiyao, Zhao Tianfeng, Hu Xiaomeng It's still half of the time, I have met my parents, but haven't officially talked about the marriage contract.

His grandfather made a living by collecting waste products, and it was even more unlikely that he would have any treatment for the protagonist or a marriage contract.

"what is her name?"

"Quin and elegant."

"Wan Qingya?!"

Li Yun understood everything, it was Concubine Wan Qing!

"Wan Qingya?" After getting off the plane and walking behind Li Yun and Fan Qingsheng, Qingzhu's little maid looked at him suspiciously: "What is the relationship between the enchantress Wan Qingya and this Wan Qingya?"

Of course, she has no affection for Liudaomen Demon Girl, but she also knows the name of Concubine Wan Qing, or she knew it very early. After all, Liudaomen Demon Girl and her Saintess are born in a hostile relationship.

Sage Fanqing also looked over with clear eyes. This name really reminds people of Concubine Wan Qing easily.

Li Yun shook his head and said to Gong Lianyi: "Lianyi, you call that Wan Qingya, I will talk to her personally."

"Good~"

Hearing Li Yun's voice, Gong Lianyi felt much more relieved, at least proving that this enchanting and beautiful unexpected guest is not a bad person.

"Hello? Husband~~~ I miss you, so I miss you~~!"

Soon there was a nasty voice on the phone that made Li Yun feel sick. Now he can be sure of one thing: Wan Qingya is definitely not Wan Qing concubine. Even if Wan Qing concubine pretends to be someone else, he will not make such a nasty voice. sound.

Chapter 2923: Concubine Wan Qing

What would you say if you were to become Concubine Wan Qing?

It is estimated to be "little handsome guy, sister miss you~~", but never "super wanting" such girly words.

If Concubine Wan Qing said such things, Li Yun could laugh at her for a lifetime.

"You are... Wan Qingya?"

Li Yun was also very curious. Who was this woman who was inexplicably prompted by the system to have a good affection for him?

She is bound to the favorability of Concubine Wan Qing, which is to give a small red envelope instead of a big red envelope. According to Li Yun's understanding, the woman who rewards the small red envelope is not important, or is good for his 100 points. Sensitivity is achieved because of certain relationships, rather than really liking him.

It is like the harem of the ancient emperor. Certainly not all people like the emperor. They are just forced or semi-forced.

The mother of Jin Liuli next to Li Yun, Song Xi, and Li Feng's sister Zhuang Siliu are all very fond of the various relationships, and the system only gave a small red envelope.

Therefore, Li Yun has reason to judge that Wan Qingya is probably the existence of Wan Qing concubine's maid.

"Huh? My husband knows about me? That's great!"

Wan Qingya was jumping for joy, chattering about things with him, Gong Lianyi and Gong Qingyu on the side looked at each other, both of them felt very inexplicable.

Li Yun listened and finally heard it.

Most of the things Wan Qingya knows are things that happened between him and Concubine Wan Qing, which proves that she and Concubine Wan Qing have a very close relationship, and even willing to tell her these things.

For example...The fact that Concubine Wan Qing and Li Yun were in the car and was kissed by him and made a fool of herself. Wan Qingya also knew about it, and she said it happily, obviously she was gloating.

"Are you her sister?" Li Yun interrupted Wan Qingya's excitement.

"younger sister?"

Wan Qing was stunned for a moment, then thought of something, and chuckled: "Yes, I am her younger sister...well, it is not true. I am her cousin. We grew up in Liudaomen together. Actually, I was also a saint before. The female candidate, I specially gave it to Concubine Wan Qing...that is, my sister, she became the position of the Saint of the Six Dao Sects!"

"...Your relationship is pretty good." Li Yun said noncommittal, of course he didn't believe her nonsense in his heart.

Wan Qingya and Concubine Wan Qing were carved out of the same mold, without a word of truth in their mouths.

"of course."

Wan Qingya's voice suddenly became charming, "We often sleep together, and we often get together and fight at night. If you are here, husband, we can deal with Concubine Wan Qing..."

"Cough cough cough!!"

Li Yun quickly interrupted her nonchalant words.

fight?

Was he thinking crooked or was Wan Qingya really fighting with Concubine Wan Qing?

Isn't it because you want to be crooked?

"Why are you going to Mansion No. 3?" Li Yun asked bluntly.

Sage Fanqing added: "The formation, my formation can theoretically block the six-door saints."

"Correct!"

Li Yun said again: "The formation of Mansion No. 3 was set by my girlfriend, Fan Qingsheng himself. Even if your sister Wan Qing comes, it is impossible to break through easily. How did you enter quietly?"

girlfriend? !

Wan Qingya turned around, turned her back to Gong Lian Yi Gong Qingyu, the innocent expression on her face disappeared, and her expression became a bit solemn.

Her husband actually got all the saints of the Hidden Sacred Valley, which was really far beyond her expectation.

Chapter 2924: Your sister

It was totally unexpected that a woman who was pretending to be upright and pretending would like her husband.

However, hahaha, because her husband is too attractive, the saints of the Hidden Sacred Valley have all fallen.

Wan Qingya quickly became excited: "The saint of the Hidden Sacred Valley was also subdued by my husband. Then, would I be able to see that ***** woman's sleeping at night' in the future? Hahahahaha, if Concubine Wanqing knew this I don't know if I'm so surprised that all the tea will be sprayed out?

Whether it was the appearance of Saint Fan Qing at that time, or the shock of Concubine Wan Qing after knowing that their rival Fan Qing had become a "sister" relationship, Wan Qingya felt extremely exciting.

I really don't know what Concubine Wan Qing would look like when she really stayed on the same bed with the pretending woman of Saint Fan Qing.

What would it be like if she added her elegant elegance?

Surely her husband would like it very much, right? Oh ha ha ha!

Inexplicable evil thoughts flashed in her heart, and the corners of Wan Qingya's lips turned back to the two golden flowers of the palace, but she said to Li Yun in a surprised tone pretending to be a little girl, "Husband, the Sage of Fan Qing, she actually... Is it my sister too? She is by your side now?"

Li Yun: "..."

This relationship is so messed up that he doesn't want to sort it out, so let it go.

"Don't talk nonsense, what is your sister."

"Hehehehe."

Wan Qingya smiled mysteriously: "Husband, I will reveal a message to me, my cousin, she will also go to the Hidden Sacred Valley!"

"She? Consort Wan Qing? Are you sure?"

Li Yun was shocked, what on earth did Concubine Wan Qing want to do? Is it because you want to take advantage of the division of the Hidden Sacred Valley to fight it?

It's a pity that he went to the Hidden Sacred Valley and the saint in person, even if the concubine Wan Qing and Wan Faxian attacked together, it is estimated that there will be no good fruit.

Unless the six gates really come out, or the Hidden Sacred Valley really splits directly.

"I know about this."

Li Yun remained calm and asked about her purpose of going to Mansion No. 3, but Wan Qingya thought about him, without telling the truth.

"Wan Qingya!"

"Yes, husband!"

When Li Yun called her, this mysterious guy honestly agreed, and Li Yun didn't want to get angry. Moreover, she didn't know what method she used to enter Mansion No. 3, so she was able to ignore the formation under Qing Shengbu. .

—What he didn't know was that Wan Qingya was a clone created by "Incarnation of the Demon". She was born with supernatural powers to ignore the restrictions of the formation, immune to mental attacks, and to confuse and control others.

Wan Qingya is almost equivalent to a demon.

"No matter what your purpose is, whether you intentionally or unintentionally, if you hurt my family, I will not be able to spare you, have you heard?!"

Although Li Yun has a certain degree of trust for this person whose favorability reaches 100 inexplicably, judging from her style of speaking and doing things, this is appropriately another concubine, and even more unscrupulous than her.

At least Concubine Wan Qing would not go to the home of his confidante for no reason.

"How come, my husband's woman is my woman...Ah no, it's my sister, of course I have to take good care of them."

The words of Wan Qingya made Gong Qingyu, who was standing at the door, give her a blank look.

Sure enough, this guy is here to provoke her "main palace" status, no wonder he sneaked in quietly, just to give her a bit of prestige, right?

Chapter 2925: Shy

It's just that her Gong Qingyu fought the first Zhenggong Fangxue, and fought the almost perfect Xiao Mingzhu for several days and nights. In addition, she served the little fairy Su Muxin, except for the one who has never spoken, and is very powerful. Besides, who was Gong Qingyu afraid of?

It's just plain and elegant, but so!

Gong Qingyu had fighting spirit in his eyes, looking forward to seeing this mysterious woman show a look of defeat.

"You give Lian Yi the phone."

Li Yun told her that Wan Qingya did not hesitate, and immediately handed the phone belonging to Gong Lianyi to the more mature one of the two beauties in palace costumes.

"Lian Yi."

"Um."

"Don't worry about her, just follow the normal hospitality etiquette, if she wants to make trouble, you call me again."

Li Yun knew that Wan Qingya could definitely hear the voice in the phone, so this sentence was tantamount to warning her.

Wan Qingya said sweetly: "Why, husband, you have to believe me, I really am not the kind of disobedient woman! I listen to my husband the most!"

"...This sentence doesn't seem like the truth at all, I don't bother to care about you, I'm dead.

Li Yun directly hung up the phone and asked Fan Qingsheng next to her, and found that she really didn't know who the so-called Wan Qingya was.

It seems that I can only call Concubine Wan Qing to ask, but now is not the time. Li Yun and San Fan Qing are still standing at the airport, surrounded by unknown people. The beauty and temperament of San Fan Qing is so outstanding. See you People who have passed her will remember her deeply.

If Qing Sheng speaks again, her voice like that day will be even more eye-catching.

...

"Miss Qingya, hello, the misunderstanding is resolved."

Gong Lianyi faced Wan Qingya with a gentle attitude, not calling her Miss Wan, but a relatively close Miss Qingya, after all, she seemed to be one of the sisters too.

Wan Qingya took out the phone of Concubine Wan Qing in her pocket, and while waiting for Li Yun's call, she smiled and said, "Sister Lianyi, you are welcome, just call me Qingya. I will live here in the future, oh, and Huangting Mountain. Villa 36, I want to live there too."

This sentence amounts to a declaration of sovereignty.

Gong Qingyu had no objection, just glanced at her sideways: "You really have a relationship with my boyfriend? Don't admit it directly, I'm not a fool, I know Li Yun, his character will never hide from us, he never hides us. If you haven't mentioned you to us, it proves that you really have nothing to do with him. This is the first time you have met!"

Wan Qingya's smile gradually froze.

After looking at Gong Qingyu up and down, he slowly said, "The saint of Six Daomen is my cousin. I have been listening to his stories since I was a child, so I like him very much. Is this explanation enough? ?"

"Since childhood?"

"Correct!"

Wan Qingya didn't actually lie, she had heard of it since she was a child-when she was in the womb of Concubine Wan Qing.

"In addition." Wan Qingya raised a beautiful white finger and said with a smile: "I understand that Li Yun is no less than you. I believe he will accept me as long as he sees me, so I must have a room here. !"

Gong Qingyu raised an eyebrow, "It seems that your cousin has been paying attention to my boyfriend and likes him too!"

Wan Qingya smiled gracefully, "She is more shy."

Ashamed to tell me what I like about Li Yun.

Gong Lianyi held her forehead and rubbed it. He had heard from Li Yun that he had some contact with the concubine Qing consort of Liudaomen. She already had some suspicions, but she didn't expect it to be true.

Chapter 2926: Sister Qingyu

The six gates that have always appeared as villains, their saints actually have such a good relationship with Li Yun, even to the point where they like each other.

Who can think of this?

"Hehe, interesting."

Called back by Aunt Lian, Gong Qingyu, who was still wearing a school uniform, covered her mouth and gave a chuckle. The elegant movements and the temperament of the wealthy lady came into being, no more enchanting than her figure, and the cold temperament of Wan Qingya looked at each other. Together.

The two high-spirited eyes collided, and Gong Lianyi seemed to see sparks at the intersection of their eyes.

"Quan, Qing, elegant, elegant, elegant, right?" Gong Qingyu took the lead.

If it's a stupid person, you can't hear the trap in her words, and the ridiculous taste that is secretly hidden.

For example, Gong Lianyi, she didn't hear it, and thought Qingyu really didn't know which Ya it was.

But Wan Qingya heard it out.

Her face changed slightly, she thought urgently, and then replied with a faint smile: "Xianju is in a high mountain, so elegant and self-sustaining."

Gong Lianyi was baffled, why did she mention immortals again?

She didn't know that Gong Qingyu was mocking Qingya with elegant characters in her name just now, but she did something similar to a robber and had nothing to do with elegance.

And Wan Qingya replied: I am an immortal, and there is nothing to communicate with your mortal guards. I come and leave if I want.

"awesome."

Gong Qingyu admired.

Wan Qingya was humble, "It's nothing, I was born extraordinary, and you will know about it in the future."

Such boasting and bragging has long been scorned by ordinary people, but Wan Qingya has a mysterious temperament, although she is very enchanting, but she has a sense of unpredictability and can't see her true identity. Mysterious temperament.

She said that she was born extraordinary, just simply stating the facts without boasting.

Gong Qingyu knew that she had really encountered an enemy this time.

Although the former Fanqing Sheng was also very powerful, she did not fight or grab, and Gong Qingyu did not embarrass her, but respected her very much.

But this Wan Qingya in front of her, even though she was a strong person in the spiritual world, didn't have the slightest shame, and she ran directly to her house to give her power.

It is really hateful to come while Li Yun and Lord Saintess are not there.

However, Gong Qingyu is a genius, even though she is a lonely genius, it is not so easy to admit defeat!

"Wan Qingya!" Gong Qingyu called his name directly.

"Here, sister Qingyu."

Wan Qingya has the winning ticket, she has already begun to call sister Qingyu, the next sentence is not called sister Lianyi?

Gong Lianyi's face changed.

Although she is indeed the oldest woman in Li Yun's middle grade, she is in her early thirties, and she really hopes that someone can really call her sister, but she is definitely not called by the little sister who is in her early twenties by Wan Qingya!

"Humph!"

Gong Qingyu took a step forward, and Wan Qingya also moved forward, and the two of them almost bumped into each other with their noses touching their noses.

"Do you want to be the empress empress?" Gong Qingyu asked straightforwardly, surprised both of the people present.

"If my husband is the emperor, then I don't mind being a queen empress!"

Wan Qingya said proudly.

"It's a big tone." Gong Qingyu's tone was flat, "Then draw down the road and see how much you can do, and dare to say that you can be a queen."

"My skills?"

Wan Qingya pointed to herself and smiled slightly: "I am afraid of myself when I say it. I am not old and immortal. Even if I thwart my bones and ashes, I can crawl out of the Yin Cao Mansion and be resurrected soon! "

Chapter 2927: Natural magical powers

Gong Lianyi was dumbfounded.

Born to be immortal?

Can you be resurrected if you die?

Can't the Yin Cao Jifu trap her?

Gong Qingyu's eyes widened suddenly, really or not? Is this ability too buggy? Who is this Wan Qingya?

"also."

Wan Qingya said confidently: "I was born with strong strength, my body is indestructible, and the limit of my future achievements is infinitely high. I can still be invisible. I can ignore flames, ice, and poison, curses are ineffective to me, and I ignore barriers. There is no hindrance to entering the ban, no shadow on the step of gold and stone, natural charm and supernatural powers, can trap a person's soul in the sea of knowledge, making him my puppet!"

Gong Lianyi was shocked.

No wonder Wan Qingya can sneak in quietly, and the magic circle arranged by the lady of dare love is all decorations for her. Is she really immune to so many things? Isn't it invincible?

However, these abilities are very similar to Li Yun, is there any connection between the two?

Gong Qingyu was itchy with hatred, because she couldn't find a place to refute.

This woman is undoubtedly strong, no worse than the Lord Saint.

Wan Qingya smiled and said, "Don't spread those words just now. These are my secrets. You can only tell them to your own people."

Gong Lianyi nodded subconsciously.

If what she said is true, then Wan Qingya undoubtedly showed them all of her hole cards, after all, any one of these abilities can be defeated by the enemy.

However, Wan Qingya stated all of her abilities, which is tantamount to trusting them. It is also a "voting certificate" for her willingness to join Li Yun's team of women. Otherwise, a woman of unknown origin and abilities will be there. I made a question mark in my heart and felt that she could not be trusted.

Just like Princess Yongning, she never concealed her identity, and so did Nie Xiaoqian.

Mutual trust is the prerequisite for them to live in peace.

Gong Qingyu's expression improved, but she was still unconvinced.

"Doesn't anyone really think that being a queen needs a fight?" Gong Qingyu deliberately widened his eyes and asked Wan Qingya.

A word that can be called yin and yang froze Wan Qingya's proud smile.

"What do you mean?" Wan Qingya said of course: "I am the strongest, so why can't I be the palace?"

She talked directly about the palace, not the empress.

Gong Lianyi hurriedly looked at them, lest they really fought. In fact, they fought well. The two would not fight anything. Wan Qingya was willing to say her ability, which had shown that she was not really malicious.

Gong Lianyi was afraid that Li Yun would know, and then worried about his family.

In the previous three days of gatherings of the women, and when on Penglai Island, Gong Lianyi had actually seen Li Yun's efforts to maintain the relationship between the women and tried not to neglect anyone's actions.

Gong Lianyi felt very distressed. When there were more women, Li Yun would be very busy. His character determined that he was not the kind of unrelenting person and could not leave anyone in the cold.

Therefore, Li Yun is already struggling to maintain harmony in the extended family. Gong Lianyi really doesn't want to see him worry about "home" again: Wan Qingya is also a family member.

"Huh, Wan Qingya, do you know what Li Yun will do at night?"

Gong Qingyu began to fight back.

Wan Qingya raised her eyebrows: "What do you do? Isn't it just playing with you, um, you know what I mean, my husband is very good, probably with a few younger sisters?"

Chapter 2928: Something you don't know

"vulgar."

Gong Qingyu replied her words, and the corner of her lips curled up with an alluring smile: "Don't you know the Qingya sister who has been fighting and earning a living by cultivation? At night, Li Yun...oh no, it's you Husband, I like to watch anime with me, eh, do you know what anime is?"

In order to win, Gong Qingyu did not hesitate to expose some intimate things that she did with Li Yun at night, and it was precisely because she would be so intimate with Li Yun at night, so she didn't mind that Li Yun and Su Muxin were fooling around in her mansion.

Although they are making trouble at night, Gong Qingyu is not in a hurry to join in. She is very satisfied with the current life, and she is also happy to get into Li Yun to watch some anime movies or two of them together when Li Yun comes back. play games.

Wan Qingya would never know these intimate things.

Sure enough, Wan Qingya's coquettish smiling face froze.

"In addition." Gong Qingyu said with a supplement: "Do you know what JK, Absolute Domain, Black Silk, Dead Kushui, White Silk, Tsundere, Tauren, Pure Love Warrior, Loli mean?"

"You--" Wan Qingya's pupils shrank suddenly, and she took a step back in fright by these strange and unfamiliar words, and subconsciously asked, "What do you mean?"

She had never heard these words. She had heard a black silk before her feet, which was the sock on her feet, but she didn't know what it meant when it was connected with "dead reservoir water".

"I don't know, right?" Gong Qingyu smiled happily. "There are so many things you don't know. Besides, I'm not afraid to reveal it to you. Do you know what little pepper will do? Do you know Feiyao? How old is it? Also, Xiao Qian is a ghost..."

Wan Qingya blushed as she was said. After half a day, the phone rang, and she ran away on the pretext of answering the phone.

Sure enough, these guys are not easy!

...

"Concubine Wan Qing, you really don't know what happened to Concubine Wan Qingya?" Li Yun called Concubine Wan Qing. The other party had already left the customs and quickly connected the phone.

"Hehe, who knows?"

The voice of "Qing Qing Concubine Wan" is as bad as ever. It has a smell of under-beating, and she pretends to say: "Qing Qingya Wan is my cousin. She practiced more evil methods. Since I told her something about you. After the incident, she said she fell in love with you at first sight and kept arguing to see you. I can't stop her. If you like it, you can put her in the harem."

"?"

Li Yun always felt that this remark did not seem to be said by Concubine Wan Qing.

"By the way, Wan Qingya looks similar to me. If you accept her, you can let her serve you with me, do you like it? Little handsome guy~"

"Wan Qing Concubine" joked with evil taste.

Li Yun finally couldn't stand it anymore, and after throwing a sentence of "I'm too lazy to care about you", he hung up the phone.

Then, she shrugged helplessly and looked at Fan Qingsheng and Qingzhu little maid.

"That demon girl is coming to Hidden Sacred Valley to make trouble?" Qingzhu couldn't help asking, looking at Li Yun with complicated eyes.

This man is so closely related to the saint of Liudaomen, could it be that he...

Sage Fanqing still has clear eyes, and he doesn't care too much about the "mortal enemy" Concubine Wan Qing's coming.

It's right to think about it. During this period of time, I have encountered something far more serious than the Six Gates on Penglai Island. The so-called dispute between the two saints has

actually become irrelevant. Naturally, the Holy Fan Qing will not be the concubine Wan Qing
Things are troubled.

"Let her come and I will clean her up."

Li Yun decided to leave her alone, and the boat went straight to the bridge, so he would hit her ****
again.

Chapter 2929: Hangu Pass

Hangu Pass is located in Lingbao City. The name of the city is the same as one of the Taoist
Lingbao Tianzun, but this is not the place where the legend of Lingbao Tianzun originated, but the
Taishang Laojun, that is, Lao Tzu.

Legend has it that Lao Tzu once rode a green bull and left Luoyang, leaving Hangu Pass, and
instructed the Hu people such as the Western Regions and Tianzhu in the Western Regions
(including Tianzhu). Historically, it was called: turning a Hu into a Buddha.

Moreover, Laozi's "Tao De Jing" was also written at Hangu Pass, which is also one of the important
sources of legends that turned Hu into Buddha. Putting aside the myths and legends of turning Hu
into Buddha, Hangu Pass itself is the earliest Xiongguan fort in Huang Xuanguo's history.

Its terrain is extremely dangerous, bordering on the plateau in the west, bordering on the extremity
stream in the east, Qinling Mountains in the south, and Huanghe River in the north.

It is also called Hangu Pass because it is located in the "Two Beijing Ancient Road" and is closed in
the valley. It is as deep as a letter, so it is called Hangu Pass.

Hangu Pass is not only a military fortress, but also an important point of cultural and economic
exchanges between the Central Plains and Northwestern and Central Asia in ancient times. Hangu
Pass has been injected with "purple gas from the east", "chicken robbers", "gongsun white horse",
and "Xuanzong's reforms". "And other historical stories and legends.

There are many more poets here, such as Li Bai, Du Fu, Sima Qian, Tang Taizong, etc., leaving
more than one hundred poems, adding to the cultural atmosphere and historical weight here.

"This is Hangu Pass."

Standing in front of the restored Hangu Pass, Li Yun said with emotion: "The legendary place where
Laozi turned Hu into a Buddha does not poke needles, and he does not poke needles when he lives
in Hangu Pass."

Fan Qing Sheng & Qing Bamboo: "..."

The two women glanced at him together, as if they were looking at a neuropathy.

Li Yun smiled, "A stalk on the Internet, I just sigh with emotion."

"baffling!"

The cold saint lady certainly didn't complain about him, but Qingzhu didn't have so many worries,
and directly gave him a cute roll of eyes, took two brisk steps towards the tall and majestic Hangu
Pass, opened her little hand and said cheerfully: "Han Guguan is of course very good. This is the

dojo of one of our predecessors in Hidden Sacred Valley. Later, Hidden Sacred Valley moved here for some reason. He left a book on Tao Te Ching, but it is not as what you said. Hu is Buddha."

"senior?"

Li Yun was a little surprised, "Is he called Laozi?"

Sometimes Li Yun couldn't tell whether the Lao Jun, one of the three cleansers, was Lao Tzu, and how it was different from Lao Tzu in history.

"Yes! The old man's surname is Li Ming'er, the word is Dan, and the word is Boyang. We usually call him Senior Boyang. He used to be the "sage" of the Hidden Sacred Valley."

Qingzhu triumphantly smiled and said, "He is also the Lao Tzu in your outside history books, how about it? He is also the senior of our Hidden Sacred Valley, isn't he surprised?"

For a moment, Li Yun even thought that the fairy tale happened less than three thousand years ago.

Lao Tzu is the saint of the Hidden Sacred Valley?

In the ancient myths in Li Yun's memory, Lao Tzu is one of the saints of the Three Pures.

In the true history of Huang Xuanguo, Lao Tzu is also a saint named by the outside world and the Hidden Sacred Valley.

Li Yun got the memory of the system, myths and legends, the records of the Hidden Sacred Valley, and the history of the outside world.

The four are mixed together to describe a huge mystery, and Li Yun even feels that he might not even want to understand it for the rest of his life.

Finally, he didn't bother to think about it, pushing these specious things to the relationship of parallel universes.

The explanation is also very simple, because it is a parallel universe, so some things are somewhat similar, but very different. In short, it's just that, no matter what.

Chapter 2930: Li Minger

But there is a saying that the tree desires calm but the wind keeps on.

When Li Yun had decided to give up tracing the truth, the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Enter the hidden sacred valley, search for all records related to Lao Tzu, reward experience value +50 million, all attributes +50,000, special gift bag*1.

Option 2: Give up, do nothing, reward: None, the host loses one of the possible ways to understand the truth. "

Standing in front of Hangu Pass and watching the endless stream of tourists, Li Yun started to have a headache.

Originally, he didn't want to investigate these messy things. After all, he still has a lot of things to deal with, such as the hidden sacred valley and the six gates of life and death that the six gates and

ten thousand magic immortals are looking for, plus the era of spiritual energy, and A matter of the Association of Supernaturalists in China Overseas University.

Wu Ke, who didn't count Baiyun Technology Company, kept asking him about some company matters, oh, and the troubles of Wan Qingya, Li Yun felt that he was already incapable of doing it.

Unexpectedly, the system would come to join in the fun, giving out an event that could be called a strange reward.

Not only did he make no restrictions, he only asked Li Yun to find all the records about Lao Tzu, and while he had very few experience points, he also rewarded him with an attribute value of up to 50,000.

And, gave him a special gift bag for the second time.

Li Yun recalled that the first time he got the gift bag was when Li Feng found his biological mother. The system gave him a gift bag with information about his life experience by the way. He never opened it because he felt that there was no need to go to his biological parents.

What is this special gift bag for now?

"Hey, why is the villain in a daze?" Qingzhu turned around to look at him, and Master Saint turned his head in the same way.

"No, it's nothing, let's go, let's go to Hangu Pass."

"Hey, what is there to stroll around in Hangu Pass? It's different from the ones two thousand years ago. It was restored by modern people."

"Have you seen Hangu Pass 2500 years ago?"

Li Yun asked her in surprise.

"Idiot, of course there is a record of Hangu Pass in our Hidden Sacred Valley. No, it's better to say that Hangu Pass was built by Senior Boyang!"

"real?"

Feeling that Sage Fan Qing has been silent for a while, Li Yun asked her again: "Sage Sage, have you read the records in the Hidden Sacred Valley?"

The Sage of Fanqing lightly tapped his head, his blushing lips opened, and said: "Hangu Pass is the dojo where Senior Boyang leads the Hidden Sacred Valley to resist the invasion of Western Buddhism. It is very important.

"what?"

Li Yun was surprised again. "Two thousand years ago, there were not only the hidden sacred valley and six gates, but also the Buddhist invasion of Tianzhu? They were also practitioners?"

Fan Qingsheng nodded again, "Just like the vampires and magicians we met on Penglai Island some time ago."

Li Yun was completely shocked.

When they first landed on Penglai Island, they met a female magician from Alice Ribbon. At that time, Li Yun thought that Saint Fan Qing showed a puzzled look because he knew that he was puzzled by someone who did not belong to Huang Xuanguo.

Unexpectedly, she had known about the existence of vampires and magicians in the West, and was just curious about how they practiced.

Li Yun didn't have time to ask her at that time. Afterwards, because of the continuous emergence of supernatural powers, the magician and vampire also seemed irrelevant, so he didn't think of it.

Looking back now, there are indeed many different records in the Hidden Sacred Valley, which successfully aroused Li Yun's curiosity.

"Let's go, don't travel to Hangu Pass, let's go directly...No, it's Huiying Sacred Valley!"
