

Godly Choice 2931

Chapter 2931: Hold hands

Li Yun said vigorously.

How could he say that he is also a half son-in-law of Hidden Holy Valley, isn't it ridiculous to use the word "Hui"?

"Do you know where it is?"

Seeing his excitement, Qingzhu asked amusedly.

"I don't know, isn't it because Ms. Qingzhu will lead the way yourself?" Li Yun made a small compliment, and successfully coaxed the little maid into a smile and walked proudly to lead the way.

Li Yun and Fan Qingsheng looked at each other, and there was a smile in their eyes, and they followed her and walked forward.

There are a lot of tourists at Hangu Pass, and the beauty of the Sage Fanqing has also attracted the attention of many people. When they saw the three of them leaving Hangu Pass for the suburbs, many people also planned to pretend to go there too. After following, the male tourists gave up after being glared by the fierce little maidservant.

Li Yun is no stranger to it. Among the confidantes around him, Saint Fanqing dare not say that the beauty is the first. After all, Gong Qingyu, Xiao Mingzhu, Shangguan Lingxian, and Liu Xianxian are not bad, but to talk about temperament, The Holy Brahma is definitely the first.

She has a kind of high-mountain flower, a quiet and holy fairy temperament, and it is unimaginable to men. She belongs to the most perfect goddess in everyone's mind, and people can't help but want to get close.

"So those mortals are annoying."

Leaving Hangu Pass, where there are many people, walking on the mountain path, Qingzhu's footsteps became brisk. Perhaps it was also because of returning to the Hidden Sacred Valley. She even hummed an unknown song in her mouth. Complained: "I know that these mortals are too far apart from the Lady Saint, but every time the Lady Saint and I come out, these mortals brazenly come to strike up a conversation, and we can't drive them away."

The saint in question did not comment on this.

Li Yun smiled and said, "Qingsheng, do you still come out often to play?"

Sage Fanqing shook his head, "No, occasionally."

"Stupid." Qingzhu gave Li Yun a blank look again. "Of course, Lord Saint will come out occasionally, otherwise, how could she hear your song on the Internet?"

Li Yun just remembered now.

At the beginning, he copied a song from the system, so he met Liu Xianxian, and he actually attracted Qingsheng's attention. Later, when he accidentally dated her, Li Yun learned that Qingsheng had actually been in the Hidden Saint Valley. Played his plagiarized song.

Sometimes fate is so wonderful.

"Li Yun."

Sage Fan Qing suddenly stretched out a small white and graceful hand towards him, and looked at him unblinkingly.

"? Hold it?"

Li Yun is a little strange, why Qingsheng suddenly wants to walk with his hands? Do you think back then?

Qingzhu was also stunned.

"I'm going to the Hidden Sacred Valley." Sage Fan Qing said, his voice fluctuating slightly.

"I see."

Only then did Li Yun want to understand what Fan Qingsheng meant, and after smiling at her, he firmly held her little hand.

Qingzhu's little maid also wanted to understand, her eyes were more complicated when she looked at Li Yun.

It is precisely because of reaching the gate of the Hidden Sacred Valley that the Saintess will hold Li Yun's hand purposely.

Why?

The reason is simple. She wants to tell the people in Hidden Sacred Valley that Li Yun is her chosen fiancé, he is not an outsider, and he has certain rights to manage Hidden Sacred Valley.

At the same time, this appearance is also to show some seniors in the hidden holy valley who are pursuing her, so that they will stop showing love to her.

Entering the Hidden Sacred Valley means that Li Yun, the sacred jade of the Vatican, officially announced that the two are already in love.

Chapter 2932: Hidden Sacred Valley

The three of them stopped talking, and speeded up after moving away from the crowd. They soon came to a mountainous area a few kilometers away from Hangu Pass and stopped in front of a valley.

Li Yun glanced in front of the valley and found that there was a stone monument: private forbidden land, no entry.

It is estimated that the Hidden Sacred Valley purchased this valley through some means, so as not to be disturbed by some casual visitors.

Ignoring this stone monument, Qingzhu was the first to step into the valley, and Li Yun and Qingsheng held hands and followed.

There is nothing special in the valley. If ordinary people accidentally break in, it is estimated that they will just walk around and leave.

But Qingzhu went straight to a big tree surrounded by five people, turned his head and said to Sage Fan Qing: "Master Saint, we are here."

"Um."

Sage Fanqing did not let go of Li Yun's hand, took out an exquisite token from the space ring, took a photo of the open space in front of him, and whispered a spell in his mouth, and soon the token sent a wave. The exposure enveloped the three of Li Yun.

With the pulling force coming from the white light, Li Yun was pulled into a special space.

He felt that he did not enter a special world like he entered the Lotus Immortal Mansion, but just got into a pore in this world, which was unspeakably awkward.

Comparing the main world to a big house, Li Yun's Lotus Immortal Mansion is a small room attached to the big house. The two are connected and separated by a door, while the Hidden Sacred Valley is a closet in the big house, and people get into it. I feel very depressed and can't move in the closet.

Without a big house or a small room, the closet is not inaccessible, but compared with Li Yun's Lotus Immortal Mansion, this hidden sacred valley seems too awkward.

"...Here is the Hidden Sacred Valley."

Qingzhu also seemed to realize that the Hidden Sacred Valley looked a bit shabby compared to the Lotus Immortal Mansion, and the tone of speech was not proud of that, but he quickly found out where the Hidden Sacred Valley was better than the Lotus Immortal Mansion:

"Although, although the Hidden Sacred Valley is not as completely isolated as your Immortal Mansion, it is a world of its own, but our place is much larger than your Immortal Mansion, and the species of immortal grass spirit planting spirit beasts are rich and diverse, all of which are not in the outside world. Variety!"

Li Yun smiled slightly and did not show off his fairy mansion.

As the little maid said, the Hidden Sacred Valley is huge.

Before his eyes, there is a strange valley full of vitality and flowers in full bloom.

Surrounded by several peaks, the mountains are connected by a horizontal bridge, and many ancient buildings can be vaguely seen on the peaks, and occasionally a few cranes can be seen flying between the peaks.

In the center of the flat valley, there is a huge lake. There is a huge platform on the lake, which seems to be used for performing martial arts. Several gleaming pillars support the performing

martial arts platform, which should also have the function of enchantment. Prevent the spells of the opponents from affecting other places.

"How is it? Great, isn't it?" Qingzhu regained his confidence and said with pride.

"It's really amazing, it's a big place."

What Li Yun said was the truth. If nothing else, this valley is larger than the Lotus Immortal Mansion. In addition, there are seven or eight peaks surrounded by beautiful scenery.

If it weren't for this slightly depressing feeling, the Hidden Sacred Valley was no worse than Lotus Immortal Mansion.

However, perhaps it is that the Hollow Heaven and Blessed Land, which is completely isolated from the main world, is not suitable for use as a mountain gate.

Chapter 2933: Bad comer

"Master Saint!"

The fluctuation at the entrance quickly attracted the attention of the people in the valley, and several sword lights flew from a distance, and they all fell in front of Li Yun.

The headed young man wearing an ancient costume and a crown was excitedly trying to come forward to meet Saint Fan Qing, but suddenly saw Li Yun, and quickly noticed the hands he held with Saint Fan Qing. The expression froze in an instant, then turned to anger:

"Who are you?! How dare you come to my Hidden Sacred Valley without inviting me!"

After finishing speaking, the flying sword in his hand made a clank sound, as if it was about to be cut with a sword.

Moreover, the sound of his sword slammed into the valley. Many people came forward with the sword light, and when they saw Li Yun holding hands with the saint, they all ranted:

"A mortal outside, how dare you blaspheme the Lord Saint!"

"Isn't it someone from the magic door?"

"Let go of Master Saint!"

"Bold, do you know where this is?"

A group of people yelled with righteous indignation, Li Yun smiled, opened his mouth and drank:

"Shut up all of you."

In an instant, the rolling sound spread, and countless small splashes popped up on the calm water of the lake, and a group of noisy Hidden Sacred Valley disciples were shocked by this thunderous roar, and they all shut their mouths.

"Qingzhu." Li Yun looked at the little maid with a smile, "Isn't this your way of hospitality in the Hidden Sacred Valley?"

Fan Qingzhu flushed his face, and then yelled at the group of people in front of him: "What are you doing? This is Li Yun, the husband-in-law chosen by the Saintess. What are you doing so loudly?! Isn't it? Want to rebel?!"

"Husband... Son-in-law?"

A group of Hidden Sacred Valley disciples were all dumbfounded, and the eyes that looked at Li Yun all changed color.

"Hello."

Li Yun smiled faintly, "My name is Li Yun, I am from Longyang County, Zhonghai City. I have known Qingsheng for many months. Today I came to Hidden Sacred Valley to propose marriage. Unexpectedly, so many people would welcome us."

The Hidden Sacred Valley disciples holding flying swords looked at each other, they didn't expect it.

"Are you... Li Yun?"

The young man in the lead clearly knew that the Lord Saint had him beside him. After confirming at this moment, the expression on his face was quite wonderful.

"Yes, who are you?" Li Yun asked calmly, and fools can see that this man has the idea of pursuing the Sage Fanqing.

The young man's face was gloomy and did not answer him.

Qingzhu took the initiative to introduce: "Li Yun, this is a disciple of the holy master, named Ying Zihan, is..."

"Shut up!"

The young man Ying Zihan stopped Qingzhu's words, and said with a cold face: "A maid in a small area, dare to talk a lot in front of us, are the maids around the lady so unruly?"

Qingzhu's small face was pale and trembling.

Yes, before leaving the Hidden Sacred Valley, she was just a little maid, although she was the person who was waiting for the Lord Saintess, she had never been looked at by anyone.

The reason is very simple. Although the Saintess has a high status, she has no power in Yanai, so that her status is also very low.

Qingzhu went out with the Sage Fanqing for several months, and the two got along day and night. She had almost forgotten that there is a distinction between honor and inferiority in the hidden sacred valley.

She is just a maid.

"What are the rules, tell me about it?"

Li Yun pulled Qingzhu's little hand, motioned her to step back, and smiled and said, "You're called Ying Zihan? Are you a holy son of the Hidden Sacred Valley? Otherwise, how dare you be in front of the holy woman? Arrogant and arrogant? Is this the rules of the Hidden Sacred Valley, or yours?"

Chapter 2934: I'm right

Ying Zihan's face instantly turned pale, extremely ugly.

Fan Qingsheng's eyes were cold, with an interrogative indifference faintly.

Li Yun said again: "As one of the four saints of the Hidden Sacred Valley, did Qing Sheng not fight or **** her on weekdays, causing you all to think she is a bully, so you dare to yell in front of the saint?"

At this moment, the faces of a group of people changed.

Fan Qingsheng had been very low-key in the Hidden Sacred Valley before, and there were almost no rumors that she had been mad at anyone. Over time, everyone regarded her as a person of special status and had no intention of facing the authority.

But in fact, as a saint, the Sage Brahma has a lot of power. One proof is: she carries one of the keys to the world of escapism. She can freely enter and exit the hidden sacred valley without being under the control of the valley owner. Not subject to the constraints of the sages and saints.

Even before Elder Wu went out, he had to open the barrier channel for him by the Gu Master himself, and vice versa, the same was true when he came back.

But Fan Qingsheng didn't use it. She didn't need to report to anyone every time she went out.

In addition, the Vatican is the only one who keeps the saint's inherited sacred object, and although this inherited sacred object has not been known for what it was used for before, this sacred object fragment (that is, the system reminded Li Yun, the good fortune jade disc) Fragment), but it is clearly recorded in the ten major admonitions handed down from ancient times, the command that ranks first:

Inheritance is the foundation of the existence of the Holy Land, and it must be controlled by a woman who is in harmony with heaven.

"It seems I was right."

Li Yun sighed, but looked at Ying Zihan indifferently, "Yelling in front of the saint and scolding the servants around her without authorization. You have committed a crime of disrespect. It is necessary for you to reflect on it!"

"What do you want to do?" Ying Zihan clenched the magic weapon Feijian in his hand and asked sternly: "This is the Hidden Sacred Valley, not your home!"

The other disciples looked at each other a few times, but no one stood up and said a word for Ying Zihan.

Didn't you see the Lord Saint and still didn't say a word, do you have no objection to the punishment of Ying Zihan?

Moreover, they had heard more or less of what Li Yun did on Penglai Island, and abolished a member of the Demon Squad in one go. The methods were **** and ruthless.

"really weird."

Li Yun smiled faintly: "According to your theory of superiority and inferiority, before you sternly reprimanded the maid beside the saint woman, your tone was so arrogant and grand, as if the saint should have been ignored by you, and her maid would just insult and punish you. The same, why do you talk so much when I want to teach you the other way around? Is this reasonable? Obviously unreasonable, right?"

Li Yun was afraid that these people's idiots would not understand, so he specifically pointed it out.

Sure enough, he said so bluntly that a group of Hidden Sacred Valley disciples expressed their understanding.

Behind him, Fan Qingzhu's delicate body trembled slightly, her eyes were already red, and moving tears brewed in her eyes. If it weren't for fear of being laughed at, she would have already shed tears.

It turned out that it felt so good for someone to protect, and that this person was still her future husband, which moved Fan Qingzhu even more.

"you!"

Ying Zihan was so shocked that he couldn't speak. The main reason was that Sage Fan Qing had not spoken, which meant that she had acquiesced to Li Yun's behavior and even supported him to do so.

Regardless of the sage of Fanqing, she is always the sage of the Hidden Valley, and her status is naturally much higher than that of him.

It's just that the existence of the Saint Fanqing was too thin before, which caused him to despise the saint too.

Chapter 2935: You double mark

"What am I?" Li Yun said lightly: "Frankly answer the question, were you in the double standard just now? Do you know what the double standard means?"

Ying Zihan intends to teach Qingzhu, which proves that the concept of respect and inferiority is very important in the Hidden Sacred Valley, and it is only natural for Li Yun to teach him.

Moreover, even if it is not a serious concept of inferiority and inferiority, Ying Zihan bullied the little maid next to his girlfriend by virtue of Ying Zihan, how could Li Yun come forward to be his girlfriend.

After all, Qing Sheng's character is too... deserted. Unless Qing Sheng really beats Qing Zhu, Qing Sheng will not take the initiative to scold people, nor will he fight for power.

She disdains it.

If others want to scold, then let others scold it. As long as there is no action, Van Qingsheng will almost ignore the behavior of unrelated people.

Winner coldly supported the retort: "How can a mere maid compare to me!"

Qingzhu's face was a little dim.

"Oh, just a maid, then you are just a disciple. If you want to be presumptuous in front of the saint, you should be punished."

Li Yun raised his hand and stared at him coldly: "Get here and be punished."

Ying Zihan's face was blue, and the sword in his hand rang out with a stern sound, and said sharply: "My master is the sage master of the Hidden Sacred Valley, you dare to do it to me?!"

"It's so talkative, your master is a holy master, but you are not."

Li Yun reached out, his attribute points as high as one million points and the bonus of innate womb made his body as strong as steel. Winning Zihan lifted his sword and stabbed him with a flame on his sword, but he touched Li. Behind Yun's hands, the flame disappeared instantly, and the sword was held in his hand abruptly.

"what!"

Ying Zihan was shocked. He originally thought that his perfect cultivation of the God Realm could not match this mysterious guy who caused countless storms on Penglai Island, but he was also able to resist one or two, as long as the noise was seen by his master. Until then, let him look good.

Unexpectedly, Li Yun actually grabbed the magic weapon flying sword in his hand abruptly, and the third layer of perfect "Pure Sun Fire" could not be stopped for a moment, and he was caught breaking his power.

"It seems you are not very good, and I don't know where the confidence comes from."

Li Yun smiled slightly, and wanted to shake him away and teach him a lesson by the way.

And just at this moment, a vague voice came quickly from a distance:

"Little friend, wait a moment."

Although the voice was soft, it was clearly heard by everyone present, and Ying Zihan's expression suddenly became pleasantly surprised.

Standing behind Li Yun, Qing Zhu had a pretty face and whispered, "Yes, it's a holy teacher."

Li Yun stood still, holding Ying Zihan's flying sword in his hand, quietly looking at a clearing not far away.

In no time, an illusory figure of an old man with kind eyebrows, gray hair and a whisk in his hand appeared in the clearing.

"Holy Master!"

Everyone bowed and saluted, respectfully calling the title of the old man, including Qingzhu.

Even Fan Qingsheng lowered his head slightly to show respect for the old man.

Only Li Yun stood in place with a cold face, looking at this so-called saint master.

Suddenly, a sarcastic smile appeared at the corner of Li Yun's mouth, and his hands shook hard. Winning son Hanru was struck by lightning. A huge force made him fly upside down, exclaiming:

"Master, save me!"

The benevolent saint master's face sank instantly, and with a flick of dust in his hands, Ying Zihan's body that flew out was supported by a force and landed without any ugliness, but the hair crown was shaken off, and he had long hair. Phi fell apart, looking very embarrassed.

Chapter 2936: Sage

Moreover, his sword was so lucky that it cut through the sky like a meteor, with a flame entrained in the sword body, directly hitting a huge stone in the distance, and the sword body swished into the huge stone.

Everyone was shocked by this scene.

They didn't expect that the husband-in-law chosen by the saintess was so rampant that they would not even give the saint master's face.

For a while, everyone looked at Li Yun and their expressions became uncomfortable, and Ying Zihan even opened his mouth to scold him.

"Hehe, shut up."

Li Yun smiled faintly, took the lead in the trouble, and looked coldly at the so-called saint master: "You are the master of this rude fellow? As expected, you are the same as your disciple."

Sage Fanqing looked at Li Yun, of course she supported him in her heart.

It's just that... the saints seem to be no problem, and they have been loved by most of the disciples in the hidden sacred valley. Many ***** refining realms and a few newly promoted Void Returning realms have been taught by him. All the saints are extremely prestigious in the hidden holy valley Gao, Fan Qingsheng has always respected him.

But Li Yun said that the sage is a raccoon?

Why?

"Bold!"

A disciple finally couldn't stand it anymore, and he stood up and pointed at Li Yun's nose and cursed: "Don't say you haven't become the son-in-law of the saint, if you are, you can't disrespect the elders! Lord saint," he said. He gave a salute to the Saint Fanqing again, and said in a harsh tone: "I suggest you choose again, Lord Saint, so that despicable and shameless people should not enter the hidden sacred valley!"

Fan Qingsheng shook her head, and she chose to stand on Li Yun's side without much thought.

A group of people gritted their teeth with hatred towards Li Yun.

"Am I wrong?"

Li Yun watched the black face of the saint master, and saw that he really didn't mean to do anything, he continued: "I've been to many places, and I've met many times when you're like people who stopped you at the last minute. In my opinion, the sage master of the Hidden Sacred Valley is no different from the other mortals in your mouth!"

The expressions of everyone became subtle.

"It's all the same pretense."

Looking at the sage master of the Hidden Sacred Valley, Li Yun said word by word: "Don't deny it. You came at a very good time. It proves that you have been observing here, because you only stop when your apprentice is in danger. , But when the guest I brought in by the saint was treated unfairly, you ignored it and let your disciple scold the maid beside the saint. I said it, right?"

The holy master with gray hair, holding a whisk in his hand, and the bone-like appearance of Xianfeng Dao, completely lost his former virtuous appearance, and his entire face was terribly black.

The rest of the disciples looked at each other. They didn't expect Li Yun would put such a straightforward word on the table and say that it was nothing to give the saint master any face and just hit him in the face.

And he was not polite, slapped him too much!

"Not only that, I also know why you did it."

Li Yun smiled faintly, "Should I tell you all?"

No one dared to answer.

"Little friend Li Yun."

With a faint voice, a man in his forties appeared out of thin air in front of everyone.

When all the disciples of the Hidden Holy Valley saw it, they all bowed and saluted together, saying, "Holy Lord!" "Valley Lord!"

Valley Lord, Holy Lord, is the name of this easy-going man.

As if he was relieved, the Saint Fanqing also nodded to the man, and his noble little mouth was finally willing to speak: "Gu Master, Qingsheng is back."

Chapter 2937: Lord of the Hidden Sacred Valley

"Okay, it's okay to come back, it's okay to come back."

The Holy Lord of the Hidden Sacred Valley said with a smile, looking like a good man.

Judging from the difference between Qing Sheng and his master, Li Yun can easily see who is more respected by his girlfriend. Obviously, this easy-going Hidden Sacred Valley Valley Master is also in the eyes of Qing Sheng. An elder worthy of being close to.

Not a guy like a saint.

Li Yun didn't directly bow to the younger generation. He looked at him and said, "So, the Lord Gu, have you been looking at this place?"

The Valley Lord of the Hidden Sacred Valley did not turn into anger, but smiled calmly: "I, the saint master, the holy god, and the saint woman supervise the world of escape barriers. Everyone who enters and exits will attract our attention, so I know if you come back. strangeness."

"But." The master Gu turned around and said with a smile: "The reason why I didn't show up was because I wanted to see what kind of husband-in-law my Qing Sage had chosen. It looks like now... I have strength, but my temper is too temperamental. Hard, am I right?"

Li Yun was embarrassed.

He admitted that he was indeed very strong-tempered, and he couldn't see people around him being bullied, and he didn't see the taciturn Saint Fanqing being insulted by the maid beside him.

According to some ancient stinky rules, the maidservant is equal to the master's face, and Ying Zihan scolds her maid in front of Fan Qingsheng, which is equivalent to slap her in the face. Li Yun just shot him away, which is enough. Hidden sacred valley face.

"This is the end of the matter, and both sides have faults, I will not pursue them."

The way the Lord of the Hidden Sacred Valley speaks is the same as his own. He is quite easy-going, and he can't see that he is an extremely powerful person, and he is also the head of the hidden sacred valley.

He was so easy-going, it was beyond Li Yun's expectation.

Because in a sense, the Valley Lord of the Hidden Sacred Valley is actually the most lofty position in the spiritual world.

The reason is very simple. There are six factions in the six sects, and each denomination has a lord, which is equivalent to six people in charge of the six sects.

There is a Valley Master in the Hidden Sacred Valley. Although there are also elders and three people named "Holy", there is no doubt that the right of the Saint Lord is the most. He controls the Hidden Sacred Valley to escape the world, which is equivalent to Control everyone.

"I have no opinion."

Li Yun glanced at Fan Qingsheng and chose to stop.

As for the pair of masters and apprentices, Shengshi and Ying Zihan, after saluting the holy master with cold faces, they left without saying a word.

Li Yun smiled, to be precise, with a triumphant smile.

Because in any case, Qingzhu only received some scolding, but Li Yun really took advantage of Ying Zihan's master and apprentice. Just like a quarrel, the first one will always take advantage.

Just like now, Qingzhu's cute little face smiles like a flower, full of joy.

Regarding the departure of the sage master, the sacred master of the hidden sacred valley did not say anything, allowing the two to leave and some disciples to leave, leaving most of the disciples with him.

The comparison of the number of people and the subtlety of the current situation made Li Yun realize something.

"Welcome little friend Li Yun to visit the Hidden Sacred Valley."

The Valley Master of the Hidden Sacred Valley took the initiative to speak, and Li Yun did not continue to put on airs, and after honoring the junior salute honestly, and apologizing for what happened just now, the expressions of these disciples of the Hidden Sacred Valley improved a lot.

"Little friend Li Yun, please." The owner of the valley made a please gesture, "I heard about you and Qingsheng on Penglai Island a long time ago. I was looking for a chance to meet my little friend, but I didn't expect the little friend to take the initiative. coming!"

"Uh. Ashamed."

Chapter 2938: Supernatural power

After finishing the courtesy, the Hidden Sacred Valley Valley Master flew up, turned into a radiance and fell towards a certain mountain, and took the initiative to lead Li Yun.

Sage Fanqing also set up the escape light, and after a glance at Li Yun, he flew away with the master of the valley.

Li Yun stretched out his hand to lift Qingzhu, in her surprised eyes, led her up, and flew into the sky together.

"Uh, you let go, I won't go to the Valley Master...Ah! So fast!"

Fan Qingzhu exclaimed. Li Yun got up slower than Lord Saint and Lord Gu, but reached faster than them, and this was still a bit faster than Lord Gu while dragging her alone. !

"Little friend!"

After the Hidden Sacred Valley landed, he looked at Li Yun suspiciously: "Your flying technique is quite good, the old man can't see what kind of escape technique you used!"

Sage Fan Qing also fell. She was very beautiful in a white skirt fluttering. Li Yun smiled slightly and said: "This is actually a long story. You can treat this as a magical power. "

His congenital Taoist fetus comes with the effect of flying to escape the earth, and it is not wrong to say that it is a supernatural power.

Of course, Li Yun couldn't explain to him what a congenital womb is.

"Supernatural powers?"

A hint of interest flashed in the Gu Master's eyes, and he looked up and down at Li Yun a few times, and said with a smile: "Could it be that those outsiders are rumored, powers?"

Li Yun looked at him in surprise: "Unexpectedly, as the Valley Master of the Hidden Sacred Valley, you know the outside world so well, senior!"

Although this holy lord seems to be over forty years old, Van Qingsheng has already said that his age is no less than that of his predecessor, who is the master of Van Qingsheng.

In other words, the Hidden Sacred Valley Valley Master in front of him is at least five hundred years old, so it is appropriate to call him Old Senior.

"Hahaha, I'm not an ancient person who can't change the past, and the Hidden Sacred Valley is not an immortal world. How can I be indifferent to the outside world when I live on the earth?"

The owner of the Hidden Sacred Valley said with a smile, and led Li Yun into the living room of an ancient house.

Qingzhu's little maid did not leave, nor did she follow her, standing still and staring.

Li Yun pulled her little hand amusedly, "Come on, do you really treat yourself as a maid?"

At least in Li Yun's view, Qingzhu is almost the sister of Fan Qingsheng.

After taking a careful look at Lord Saintess, Fan Qingzhu muttered, "I am a maid, and you are the only one who does not treat me as a maid..."

As she said, her face blushed.

"Well, you little maid just came in and waited for us, and you got stuck at the door."

Only then did Qingzhu feel relieved and boldly walked in.

The living room used by the owner of the Hidden Sacred Valley to serve guests is nothing unusual. It is decorated in an antique style, with mahogany chairs and tables, a set of exquisite tea sets, and screens with flowers, birds, wind and moon painted on the screens, simple but revealing. Feel free and easy, quite immortal.

Li Yun and Fan Qingsheng sat across from the Lord of the Valley. After Qing Zhu poured tea for the three of them, they obediently stood behind the Master Saint, bowing their heads very nervously.

It was the first time she participated in such a banquet.

"I don't know where Li Yun's little friend learned from?"

After drinking tea, the first words of the Holy Lord of the Hidden Sacred Valley was to ask about Li Yun's origin.

He smiled and said: "Little friend, don't blame me for directness. Qing Sheng is the one who I watched grow up. The origin of her husband and son-in-law is inexplicable. As an elder, I need to understand clearly, right?"

I have to say that the valley owner of the Hidden Sacred Valley is too easy-going, a good-natured person, and thinks of others. It is no wonder that the valley owner of the Hidden Sacred Valley can be the undercurrent surging.

Chapter 2939: interested

Li Yun expressed his understanding and said, "Senior, you can just call me Li Yun. It is not convenient to say more about my origins, but you can rest assured that I have absolutely nothing to do with Six Dao Sects. I got some chances by chance. Step into the road of cultivating immortals!"

Qingzhu quietly rolled his eyes, and said that it has nothing to do with the Six Doors, and the saints of the Six Doors are about to be handed over by you and said that it doesn't matter, what is the relationship?

"A chance?"

The Holy Master of the Hidden Sacred Valley smiled, "There is indeed such a possibility. According to records, the cultivators of thousands of years ago will continue to find some caves, treasures,

dead but not stiff Gu worms, and exercises left by the ancient predecessors. Wait. Recently, an ancient city also appeared in Katsuura Town. I sent people to search, but I couldn't find anything, but in the end I heard that someone found something..."

"it is me."

"Oh?"

The eyes of the Holy Master of Hidden Sacred Valley flashed, "What did the little friend find?!"

"An old woman."

Li Yun did not hide it. The Holy Master knew far more than he thought. He did not hide what he did in Shengpu Town. If you ask a local, you can easily know that Li Yun brought an old woman. Leaving the town.

"An old woman?!"

Qingzhu yelled in fright, Gu Master looked at her, and the little maid hurriedly covered her small mouth with her hands, and shook her head pitifully to indicate that she was wrong.

"You girl was taken aback, but it's okay." The owner of the valley said in a harmonious manner: "At the beginning, Linglong chose you to be with Qing Sage. Isn't it to make up for Qing Sage's deserted personality."

"Uh, yes, yes." Qingzhu's little maid was so nervous that she couldn't speak at all.

"What kind of old woman is it?" The Gu Master asked Li Yundao again. He noticed that Qing Sheng was not surprised by this, saying that she already knew about it, but did not report it.

"One possibility, I guess, is the old man who has survived from ancient times to the present!"

Li Yun emphasized twice, this is just his own guess.

"Old man?!"

The holy master of the Hidden Sacred Valley lit up with a very excited expression, turned his head and suddenly looked at Li Yun: "What kind of weird behavior does she have? What do you think of our current era? What did she say?!"

Li Yun was surprised. It seemed that this valley owner was very interested in the ancient times.

Moreover, he also has some opinions about the era of the decline of spiritual energy, otherwise he would not care about the performance of the ancient predecessors.

But Li Yun didn't want to conceal it, and said the matter roughly.

And emphasized that the old senior has now been hired by him as a bodyguard.

Although Li Yun has confidence in the strength of the young girl, the Holy Lord of the Hidden Sacred Valley is not a vegetarian, and it is difficult to say whether the two sides really fight. However, the young girl must have the strength to be invincible, otherwise she would not be able to live to this day.

"It's actually a charm technique? An old woman who suddenly appeared in the ancient city..."

The owner of the Hidden Sacred Valley pondered for a long time, but finally gave up, sighing:

"How many secrets are in the ancient times, I have no clue about what happened on Penglai Island, Li Yun, Qingsheng, you have witnessed what happened at that time, what's your opinion? ?"

Sage Fanqing looked at Li Yun and said it was up to him.

Li Yun didn't have any opinion either. The future is nothing more than preventing the situation from continuing to deteriorate, that is, blocking the six gates of the magic fairy from looking for the six "gates of life and death" hidden in the world.

What Pandora's Box, what Garden of Eden, Pyramids, etc.

There are too many secrets, and Li Yun is also taking one step at a time.

Chapter 2940: Calculating the secret

The Holy Lord of the Hidden Sacred Valley frowned, and after a long period of thought, he sighed:

"I really want to chat more with the elders of the ancient times. After all, the Hidden Sacred Valley has a great relationship with them. Listen to your description. Look, the old woman is probably from Hidden Sacred Valley, rather than the guys who acted unscrupulously at the Six Doors."

Li Yun said that he understood, but he didn't think that Qing Girl was a member of the Hidden Sacred Valley. When Qing Girl was alive, she probably didn't even have the Hidden Sacred Valley.

The Hidden Saint, the Hidden Saint, is the retreat of the Saints. About the time when the aura is declining, the talents at that time set up a huge and complicated world of escape enchantment, locking the aura in the enchantment, leaving a line of opportunity for immortal cultivation, so that the hidden sacred valley can maintain Go down.

"I guess the young girl would not want to talk about the original things." Li Yun shook his head, "So even if you find the young girl, she will probably not be interested in what you said. She has been hiding in Zhonghai City. When I told her about Penglai Island and Biyou Palace, the young girl had no interest in it, so I just let me not toss about it."

"Toss around?"

A gleam flashed in the Gu Master's eyes, and he said in a deep voice, "It seems that this old senior named Qingnv really knows the changes in Penglai Island and the Biyou Palace!"

Li Yun smiled and said: "It is easy to guess that in the ancient times, the aura began to decline. At that time, the powerful immortals rescued themselves and created many relics, as well as the Biyou Palace and the Nine-Tailed Demon Fox Temple in Katsuura Town, modeled after the saints. Some people are sleeping underground, such as Senior Young Girl, some people...maybe they have gone to the fairy world?"

"Is there really an immortal world?" Qingzhu couldn't help asking, standing behind the lady of the saint, and Saint Fanqing followed to look at Li Yun.

"who knows."

Li Yun spread his hands, paused, and then said: "However, myths and legends are not aimless, Qingsheng, your master did something four hundred years ago and one hundred years ago. I am here this time. Just about to ask her!"

Li Yun looked at the holy master of the Hidden Sacred Valley. He didn't believe that Master Fanqing, who was still a saint at the time, would conceal what he did.

"Linglong?"

The Valley Lord laughed, "It happened four hundred years ago? You mean the Sun-Moon Array that blocked its vitality?"

She did go to the Ming Dynasty palace four hundred years ago. She originally wanted to have fun, but she saw that the little princess had a special physique and was very pitiful. In addition, the emperor at the time begged hard, so she felt soft and arranged for the abbot. After the big formation, it is left to future generations to save. "

This so-called descendant refers to Li Yun?

"The predecessor's skill is so profound, it will be four hundred years later?" Li Yun's expression was astonished. He seemed astonished by the secret plan of the former saint, but in fact he was shocked.

How did the former saint calculate that he went back to save Princess Yongning?

If Li Yun hadn't obtained the system, he would not recover Dan to save Zhu Shue even if he entered, so he could only watch her continue to weaken and finally die.

In addition, Li Yun also wanted to ask what the so-called special physique was.

"The avenue is fifty, Tianyan is forty-nine, and people are one of them."

Gu Zhu smiled slightly, "The princess shouldn't be dead, Linglong probably was just curious to see who would save her in the future. I didn't expect... this person really appeared, and not only saved the princess, but also saved her. Our saint was abducted."

Sage Fanqing's eyes lowered slightly, seeming to be a little shy. Li Yun was sure that if he stroked her cheek in his heart, he would definitely feel a little hot—this was the saint's special way of being shy.
