

## Godly Choice 3031

Chapter 3031: Favorability system closed

Li Yun's innocent defense, "I have only met Wan Nishang once, even if I have given her some medicine, it is impossible for her to be touched and to be able to agree with her, right?"

"I don't care, I said she is!" Gong Qingyu began to make trouble unreasonably. The giant animation behind her has been broadcast to the fifth episode, so we can know how long the two have been intimacy just now.

Li Yun could only surrender.

"Anyway..." Gong Qingyu bit her lip. "You can take back the four saints of the six gates. As long as they don't put on airs, they are just like sages, but you have to make sure that they are the last four!"

"I swear."

"No, you don't have to swear."

Gong Qingyu blocked Li Yun's mouth and used her lips.

"As long as you remember," Gong Qingyu murmured.

Li Yun hugged her tightly. In the future, he really won't go out to provoke other girls. Even if they have a 100-point favorability rating, Li Yun will not bring it back, nor will he give them a chance to get a 100-point favorability rating. .

He has more than 20 outstanding girls around him, and it is enough to accompany them for hundreds of years.

"Ding, the option event is automatically triggered. The host has chosen to turn off the favorability system. Except for the existing few girls who are not full, the rest of the women will no longer prompt any favorability. Reward: All red envelope skills are upgraded by one level. And it will not take effect in front of other girls."

"Ding, increase the favorability of the two girls: 1. Young girl, the current favorability is 70. 2. ??, the current favorability is 78."

Can the favorability system be turned off? Can the system itself be shut down?

Li Yun was stupid.

He didn't have any opinion when the favorability system was closed, and he would also raise his hands in favor. After all, even if other girls' favorability for him soared, he didn't know that there would be no special treatment for them at all, so good. The gain will not rise to one hundred points.

It can be said that with the closure of the favorability system, Li Yun will not have any "famous encounters" in the future.

But why did this cheating system give him two inexplicable girls before turning off the favorability system!

No, it's an aunt, and another inexplicable unknown woman.

What is the situation of the young girl?

Does she also have a preference setting? !

Let Li Yun marry an ancient aunt who has lived for millions of years (possibly), and is old, ugly (once), fat (now), rascal, and sleeps all day long? !

Isn't the young girl really Daji? This is a big joke!

Even if the young girl is Daji, the legendary nine-tailed demon fox, Li Yun is completely uninterested in her. After all, Su Daji is the concubine of King Zhou. Although you can't discriminate against second-hand ones, it's not that way.

For the young girl, Li Yun stayed away, so that he could maintain the level of an ordinary friend with a good impression of 70 points.

As for the other...

""??" What's the situation? Three-character women?"

Li Yun carefully recalled that he did not have any connection with the three-character women, neither the two-character nor the four-character.

I really don't know what kind of dumb riddles the cheating system will play. This is 78 points and can almost be a girlfriend. Who is it?

Recalling all the women he had met in his mind, Li Yun still couldn't find the suspicious person, unless it was Wan Nishang, she had a high probability.

Chapter 3032: Need not

"What are you thinking about?" Gong Qingyu squeezed Li Yun's face. This guy is still thinking wildly with her, he can't be punished!

"No, I didn't think about anything."

Li Yun said innocently: "I'm just thinking, will I accompany you to the painting academy to find a teacher tomorrow? You have already joined in to study a second degree, right?"

In theory, ordinary students cannot apply for a second degree in painting, but Gong Qingyu's drawing skills are not low, and coupled with the relationship between them, it is not a problem to study for a second degree in the Academy of Painting.

"Hmph, that's right~" Gong Qingyu let go of her little hand with satisfaction, then turned around and turned her back to Li Yun, asking him to put his hands on his lower abdomen, and clasp it tightly, saying: "Don't mess up. Move, watch anime with me, and go out to accompany them after watching this episode."

"I will be with you tonight."

Li Yun felt sorry for her a little, and even thought of other sisters when he was with him, the favorability system really couldn't ask for it anymore.

No matter how many girls around him, Li Yun won't be able to accompany him unless he knows how to do avatar.

It's okay now, at least everyone is in school and won't say that they have to be company all the time, but if in the future they reach the age of getting married and have more time, then Li Yun will be completely miserable.

For now, Liu Xianxian, a big star, has her own career. She spends most of her time flying outside. Li Yun occasionally visits the class and dates her.

Shangguan Lingxian likes to be quiet. She stays at Tiandanmen to study medicine. Jin Liuli Xia Feiyao is engaged in a career on Penglai Island. It is Zhao Tianfeng who seems to want to help Penglai Island in the future.

Everyone has their own business. The girls around Li Yun have always been around five or six. The Li Feng and Princess Yongning at home don't need much company. Just go back to chat with them at night.

Therefore, Li Yun can still handle it now, and no matter how many confidantes, it will definitely not work.

"No, I won't sleep with you..."

Gong Qingyu's elegant face showed a slight blush, and his little hand grabbed his hand holding his soft abdomen, and said slightly jealous and embarrassed: "Aren't you messing around with Little Chili and the others tonight?"

After speaking, he added with a trembling voice: "It's not just whether you are a cow... No, you are a pig. One person can handle as many as four or five? It really is Hezhongma!"

Li Yun kissed her hot cheek from behind, making Gong Qingyu let out a faint chuckle, and said with a chuckle: "Can you beat me? You'll understand later... Well, maybe you don't need it later, tonight?"

"Think and think beautifully."

"Then... Tomorrow night? Tomorrow we will skip class, take you to play, and then go to the hotel, or come back."

"Ha ha ha, pervert, H, have you dreamed about this day?"

Gong Qingyu was held in his arms by Li Yun as if he was drunk, and cursed mercilessly in his ruddy little mouth, but this kind of curse in a state of love and affection was not at all powerful at all, but more and more. It itches people's hearts.

"What makes me dream about this day?" Li Yun hugged her, "Men love women love, we are all adults, is it not natural to talk about this?"

"In the concept of a person whose head is full of h thoughts, these are of course taken for granted."

"Because I love you for granted, so these are also taken for granted."

"What's all this for granted? Just talk nonsense!"

"Then it's so decided, we will go on a date tomorrow, or the day after tomorrow."

This time, Gong Qingyu did not refuse.

Chapter 3033: Grandpa is so nice

The next day, Li Yun was the first to get up again, and there were three daughters Su Muxin, Li Feng, and Fang Xue asleep next to her. There was originally a "thing" that was neither human nor ghost, but she was too shy and tried to endure it. After participating in it for half an hour, he fled back to the fairy mansion and refused to come out again.

After getting dressed, Li Yun kissed the three sleeping women one by one. There was still a blush of happiness on their charming cheeks, satisfied and enough to sleep exceptionally sweet afterwards.

"Auntie."

Going downstairs, Gong Xiaochun, one of Gong Qingyu's four personal maids, looked at him with a little surprise: "Why did you get up so early? It wasn't...well last night."

She didn't dare to say the following words.

Although she did not go to the third floor last night, her four sisters were on the second floor, but they clearly heard some movement upstairs. The uncle seemed to be with several, and possibly their young ladies, together until two or three in the middle of the night. Even those who are fierce and fierce have to rest for a long time, right?

But my aunt unexpectedly got up early in the morning and still looked radiant.

This made Gong Xiaochun had to admire. She was indeed an uncle who was surrounded by beauties, but the young lady could accept her, not to mention, she couldn't bear the fighting power of this night alone.

Thinking of this, Gong Xiaochun's face blushed slightly. She is also a young girl in her early twenties. Which girl doesn't have spring? Especially a young man who is so handsome, energetic, and wealthy.

However, there are so many girls around my uncle...

"Oh, I'm here to help prepare the breakfast. I haven't been with Qingyu and the others lately, so I can make a good breakfast to make up for it."

Li Yunchong smiled at the "Flower of Spring". Gong Qingyu has four maids who have followed her to the press conference of Li Yun's company.

The four were spring, summer, autumn and winter, and two pairs of sisters. The title was given by Gong Qingyu when he was a child, but in the end the four maids were given names from the palace family, and their status suddenly became completely different.

On the contrary, their real names are not important. They are the daughters adopted by the palace. Even if they marry in the future, they will get a very rich dowry.

"Make up, compensate?!"

Gong Xiaochun looked at his uncle in surprise.

She also vaguely knows what the uncle did. If nothing else, the Baiyun Technology Group alone is enough to be called a behemoth, three points stronger than the palace family. Uncle is the chairman of Baiyun Technology, and his wealth is unknown. Hundreds of billions.

Such a person is willing to wake up early for several of his girlfriends to make breakfast? !

"Well, yes, I owe them too much." Li Yun smiled.

"Aunty, uncle!"

Gong Xiaochun blushed, "You are really a good man, I believe the lady will understand you!"

At this moment, even an outsider like her was touched, presumably the young lady would feel very happy, right?

Even though there are so many confidantes around my uncle, my uncle is really kind to every girl. This is much better than some men who only have a girlfriend but don't know how to cherish.

"Haha, it's okay. If Qingyu is so easily moved, it would be too cheap."

Li Yun is telling the truth. Firstly, he doesn't need to sleep in late. Secondly, he has superb cooking skills, and his cooking is also agile. When there is enough cooking space in the large kitchen, he can cook enough in less than 20 minutes. At home, breakfast for seven or eight girls.

Gong Lianyi, Gong Qingyu, and Su Muxin's three daughters who had been exhausted all night, plus the maid of the saint, the breakfast for seven was easy.

Chapter 3034: Marry together

Gong Xiaochun blushed suddenly, lowered her head and said in a low voice: "At least I think my uncle is a good man. If I can marry my uncle, the young lady will be very happy."

"Um?"

Li Yun suddenly felt something wrong. Why did he seem to be moved by this maid?

"Grandpa." Gong Xiaochun said suddenly: "In fact, the master once asked us if we would marry the young lady's husband together. At that time, we all refused, but...at least for now, I am willing."

"Uh?"

"Hehe, let's talk about it later~"

Gong Xiaochun blushed and walked quickly to the first floor, and said in a shy voice: "Uncle, please come with me. The three sisters and I will help you make breakfast."

"..."

Li Yun stood there in amazement, how the affection degree system was shut down, as if he was fascinated by a girl.

Isn't it that the red envelope skills are not effective for other girls?

Still, his current charm is so great that the girls around him can't help it.

"...Forget it, go with the flow."

Li Yun shook his head. Gong Xiaochun, Gong Xiaoxia, Gong Xiaoqiu and Gong Xiaodong are not outsiders. He will see them every time he goes back to Mansion No. 3. Even the work of serving tea and pouring water is served by the four women. When it's done, four people stand aside and wait for them when they usually eat (not all four, but at least one or two rotations).

If they followed Gong Qingyu to marry him, they would just remain the same as they are now, and they would continue to live in Mansion Three.

Of course, that was just Gong Xiaochun's thoughts alone, and the other three maids didn't know what to think.

But to Li Yun's surprise, after he went to the kitchen, the other three maids, Xiao Xia, Xiao Qiu, and Xiao Dong, showed a shy expression after seeing him, as if they were four young girls waiting to be married.

Li Yun was startled.

The four girls are all in their early twenties. They are tall and dressed in black and white maid uniforms. Their slender and straight legs are covered with smooth black socks. They all stand at the kitchen door to greet them, with an elegant temperament. .

"Uncle~" x4

The four beautiful maids neatly gathered their hands around their waists and bowed their legs to salute, and said softly, "We'll help you make it, breakfast."

Li Yun almost fell.

Did these four pause on a certain word on purpose?

"Hehe~" The third of the four, like Xiao Qiu, covered his mouth and smiled: "Auntie, we actually like you very much, but we didn't dare to say it. Just now, Xiaochun walked quickly and said... I have already spoken to you, which shocked us all."

"..."

Li Yun smiled bitterly and said, "You guys also surprised me, whether you marry or not, fool around!"

"It's not a nonsense." Xiaodong, like her name, said with a cold voice, but there was a smile in her eyes: "Uncle, in fact, we all like you and the young lady very much. We prefer the life in the No. 3 mansion. Instead of marrying another man who doesn't like it, it's better to stay with the young lady and wait on you."

"Yeah." Xiaodong's sister Xiaoxia also said: "Uncle, you don't need to worry about us too much. As long as your uncle treats the young lady well and treats us better by the way, that's enough... Well, uncle, you are so energetic, you should, no Is it the problem?"

She blushed and lowered her head shyly, and added: "The four of our sisters can also accompany the son~"

Are the four of them serving him together?

Li Yun fell into regret and pain again. Is there a man in the world who can refuse such a thing?

## Chapter 3035: Master and maid

Men in the world can't, but Li Yunneng!

"Don't mess around!"

Li Yun said with a stern face, "I just told your young lady last night that you can't provoke other women anymore. You guys have to show me this morning. It doesn't mean you have to marry me, obedient, etc. How about some time I will introduce some outstanding men to you, some senior executives of Baiyun Technology?"

The close maid around Gong Qingyu and the son of an executive from a listed company are not a problem at all, and many executives even welcome them with their hands.

Marriage of the upper class, maintaining self-interest is the first, and affection is the second.

Relying on his son's marriage to strengthen his relationship with the "boss wife", this kind of marriage is definitely the first choice of executives, and it is a business that can't be found with a lantern.

"No!" x4

In spring, summer, autumn and winter, four maids wearing black and white maid uniforms, black socks and high heels on their feet, objected in unison.

After they looked at each other, they smiled and rushed over, hugged Li Yun, and each kissed him on the face.

"Master~~~" x4

"you!"

Li Yun's heart trembled, this TM was called master by the four beautiful maids, who had the pleasant appearance of asking and asking. Who could stand it?

Moreover, the four maids who had served him personally are usually pretty and beautiful, but now they are shy and tenderly praying to marry him, which is even more irresistible.

"Hee hee~"

The four beautiful and elegant maids covered their mouths and laughed. Xiao Xia took Li Yun's arms and looked up at him: "Miss has actually told us that if we want to marry the uncle, she will find a way to get you to agree. However, the young lady also prepared us. If we marry the uncle, we can only look at the uncle in silence in the future, and occasionally we can get the uncle's attention."

"Call the master~"

Xiao Qiu seriously corrected Xiao Xia's statement, and said with a chuckle: "Didn't the lady say it? The title of the master is more like a maid from the Sakura Country. Our dress is also made in the style of a maid over there, and the lady still Say, the master prefers this, right?"

Li Yun was dumbfounded. Why didn't he know that these four maids were so bold? It seems that after Xiaochun "confessed" her feelings just now, these four people seemed to have completely released themselves.

"Owner?"

Xiaodong said in a slightly cold voice, tilting his head to look.

Xiaochun pushed the three of them away: "Okay, okay, don't embarrass your uncle. Uncle is not a bad man. How could you just eat it when you deliver it?"

"What does it mean that we send it to the door, obviously you send it to the door!"

"You told me to wait for my uncle on the second floor!"

"Shh~~The master heard our plan, hehehe~~"

Li Yun: "..."

The four beautiful maids laughed and entered the spacious and bright kitchen. The black and white maid costumes matched their clean breakfast preparation work, which was particularly pleasing to the eye.

Li Yun could only give a wry smile and followed into the kitchen.

"Don't think about it, you guys, find a good man, do you hear it?"

"Yes~~~"

The four of them all agreed, but judging from their expressions, it seemed that they had already recognized him, and they planned to stay in Mansion No. 3 for the rest of their lives, not going anywhere.

Although they may lose a husband who loves them, at least from now on, they no longer need to worry about other messy things. As long as they take good care of the owner, they can live comfortably.

On weekdays, even if Li Yun is not with them, their four sisters will not feel lonely when they accompany and chat with each other.

Chapter 3036: breakfast

Li Yun had no choice but to help him. He couldn't let Gong Qingyu drive these four people away, right?

This also reminded Li Yun of the four maids around Concubine Wan Qing. If Concubine Wan Qing became a woman next to him, those four maids would probably not be able to escape. They had been controlled by Concubine Wan Qing with gu worms, and they would never be able to leave for the rest of their lives. Beside her.

As a result, the number of girls around Li Yun increased by eight!

Fortunately, these eight maids are just a subsidiary of the young lady, so you can spend less energy to deal with them, otherwise Li Yun will really vomit blood and die.

...

After having breakfast with the four beautiful maids, they went upstairs to serve Gong Qingyu and got up. Gong Lianyi also got up during the period. After they left, Li Yun hugged her.

"Lian Yi, let's find a time and go on a date?"

"what?"

"I have an appointment with Qingyu. Tomorrow night, maybe it will be... well."

"This this!"

The elegant beauty Gong Lianyi blushed. She knew what Li Yun was talking about. Going on a date would mean giving herself to him completely. She might even be with Su Muxin and Fang Xue in the future. Messing around at night.

At that time, she couldn't even push her off.

However, Gong Lianyi was prepared for this, and did not have too much resistance. After all, in the third mansion two months after school, Li Yun, her, and Qingyu have been in front of Su Muxin and others. Kissed, and even last night, Li Yun once embraced her in front of the girls.

It can be said that since she and Qingyu joined Su Muxin's mischievous team together, it was only a step forward.

"No, for the time being, no, no."

Gong Lianyi blushed and refused, and said in a low voice: "You and Qingyu first, then find and find a better time, and then come and me again."

Li Yun chuckled, "Is my Lian Yi too shy? Or do you feel ashamed of everyone being together?"

Not everyone can accept resting in a big quilt.

"no."

Gong Lianyi shook her head and bit her lip, "I just feel...this is too shame."

"Have you eaten? So tired~~~ I don't want to go to school anymore."

Su Muxin's voice came upstairs. This girl was the one who played the most crazy last night, and her cultivation was the weakest, so it's not too tiring to blame.

Gong Lianyi gently pushed Li Yun away, and whispered: "It will be for you, don't worry."

Li Yun's heart trembled. After she and Qingyu were both fallen, it was Liu Xianxian's turn, right?

Finally, we will go to Qingsheng, and the matter will come to a successful conclusion.

...

As Li Yun had expected before, Gong Qingyu and the women weren't moved at all. They just felt different than usual when they had breakfast. After asking, they knew that Li Yun did it.

"Long live Dad~"

This is Su Muxin. She leaned over and gave a kiss, leaving a kiss mark of white porridge soup on Li Yun's face. Then she ate happily, dangling her two little feet, and she was very happy to watch.

"Reluctantly look like a boyfriend."

This is Tsundere Little Baixue.

"Brother's breakfast is delicious."

This is Li Feng, who loves his younger brother.

"Do you want to rely on this to compensate us? It's still far away~"

This is smart, Gong Qingyu who sees through the essence at a glance, the proud and talented girl will not be moved easily.

Having said that, Xiaochun said that the young lady drank half a bowl of porridge more than usual, showing that the proud and talented girl also ate very happily.

"So so, worse than what I did."

This is Tsundere's little maid.

"..."

These six points are the Lord Saint of Gao Leng.

Chapter 3037: Critical Strike of the Saintess

After the meal, Su Muxin's three daughters found an excuse to leave tacitly. Li Feng went to the Drama Academy, while Su Muxin and Fang Xue went to Zhonghai University, but they didn't go on the same road with Gong Qingyu, leaving her today and tomorrow.

What Li Yun was curious about was that Mingming Palace Qingyu shouldn't talk to them alone at night, could it be in the group of fairies where they were alone?

"I'm stuffed."

The lady of the saint wiped her lips gracefully with a tissue, and nodded slightly to Li Yun: "My husband's breakfast is delicious."

"!!!"

Gong Qingyu, Gong Lianyi, the four maids in Spring, Summer, Autumn and Winter, and Li Feng, who was about to go out, all looked at Fan Qingsheng in shock, with only one thought in their minds:

Is this the Lord Saint of the Hidden Sacred Valley? Speaking of love words is simply sultry! !

"I learned what I learned..." Su Muxin had a learned expression on her face, and she left with a bit of thought. She kept calling her father, isn't it too exciting? It should be called only occasionally, and save the coquettish title of Dad until some time.

For example, when you want it at night?

"The saint sister is really amazing~" Li Feng sincerely admired, the cold and noble saint called her husband, the lethal power to men...

Well, she glanced at the idiot named Li Yun, she was completely overjoyed and looked like a fool.

As for the two Tsundere, Fang Xue and Gong Qingyu, their faces froze, showing an expression of "I am defeated".

Tsundere is not worth mentioning in front of Pure Love.

Gong Lian hid her mouth and snickered, making you Tsundere refused to say!

"Hahaha, Qingsheng, you are so...cute."

Li Yun laughed and became a fool. In my impression, this is the first time the Saintess called his husband? Surely it is, otherwise he will definitely remember it!

"It should be, my husband should take care of his wives...their stomachs!"

Feeling the gaze of the faint resentment around him, Li Yun hurriedly changed his words and added an extra word "men", which calmed the grievances of the girls.

"Sister Saint, let's go first~" Fang Xue tried hard not to be jealous.

"Well, sister Xiaoxue, go slowly."

Hearing the beautiful voice of Lord Saintess, Fang Xue was satisfied. It was actually quite remarkable and very happy to be called Sister Xiaoxue by Qing Sheng.

Apart from other things, the voice of the saint sister that day was like a lonely voice, no matter how she heard it, she couldn't hear enough.

"Sister Saint, I'm leaving too."

"Well, sister Feng, go slowly."

"And me and me, Sister Saintess, I'm leaving too, go to school!"

"Well, sister Pepper, go slowly."

The Sage Fanqing didn't bother at all, and spoke to them one by one, making the three daughters happy as if they were a little girl who was rewarded with a candy by her sister.

Gong Qingyu was completely convinced.

If she came here, she would definitely not be able to treat them so peacefully. Of course, because of her personality and various problems, the three daughters of Su Muxin would not say hello to her at all. Only Fanqing Sheng could. To do such a thing, the sisters would only show her such a smile.

Saint Fanqing, Master Saint, she is such a miraculous person, her appearance is cold and cold, but she can't help being kind to her and getting close to her.

It's like... Mortal yearning for fairies is a kind of nature.

Fanqing Sheng is the fairy in the mind of a man, but is it not the fairy that a girl dreamed of when she was a child, she could become a fairy?

Lady Saint is the ultimate dream of a girl, Su Muxin, Fang Xue, and Li Feng couldn't help approaching.

Chapter 3038: Face

"Are you unhappy?"

After Fang Xue and the others had left for a while, Li Yun and Gong Qingyu got into the car.

Sitting in the rear parking lot and letting Gong Xiaoxia, one of the four personal maids, drive them to school, Li Yun, who was sitting next to her, quickly realized that Gong Qingyu's mood was not right.

This girl with a classic temperament now looks out the window with her chin on her chin, looking like something is wrong.

"No."

"Want to act like a baby to my husband again?" Li Yun deliberately spoke in this tone.

Pouch.

Gong Xiaoxia's laughter came from driving ahead, but soon she covered her small mouth again, and started the BMW, which looked ordinary in appearance.

After all, it's sent to school. It's best not to show off a car that is too high class. But even so, this seemingly ordinary BMW has undergone a series of modifications to resist rocket attacks. It flies out of the viaduct and falls to the ground. Without deformation, the cost of modification is enough to buy 30 million-dollar luxury cars.

Gong Qingyu glanced at his maid unexpectedly. In the past, this maid would not be so "rude", it seems that something happened.

Turning his head and said to Li Yun, "Really no, I just took a look at the scenery, why? I have to deal with this?"

Li Yun raised his hands, and when a wayward girl was angry, she couldn't coax her no matter how she was, especially when she didn't even know why she was angry.

However, Li Yun will accompany her to skip class today and tomorrow, and sometimes it is time to coax her well.

"Humph."

Gong Qingyu continued to turn his head to look at the scenery outside the window.

"Actually..." Gong Xiaoxia, who was wearing another black-and-white maid uniform with a slightly different style, whispered: "The young lady feels that she is inferior to the Lord Saint, so she is sulking?"

Gong Qingyu's eyes widened suddenly.

Li Yun looked at her stunned, and after a while, he hugged Gong Qingyu amusedly.

This "inferiority" classical beauty struggled a few times, but soon calmed down, and opened her mouth to bite Li Yun's shoulder, humming, humming and killing you. I don't know where I learned this. The trick is obviously not in line with her personality of a genius and cold girl.

"Does my Qingyu also feel inferior? Or is he too competitive?"

"Humph!"

Although he hummed it, it also meant that Gong Qingyu had acquiesced in the fact that he felt inferior.

Li Yun said: "In fact, Qingyu, you don't have to be like this. Every girl around me is an excellent girl with incomparable advantages. For example, the most useless and sleepy little princess also has her. Many advantages."

"Her advantage...is to satisfy your Luo Liyu and Jinwu Cangjiao's wishes?" Gong Qingyu exposed him mercilessly!

"Yes, there is a little bit, but not exactly."

"Your cheeks are really thick enough. If I knew that the little princess hadn't been eaten by you yet, I would have called the police." Gong Qingyu had a smile in her eyes, but to be honest, she saw Li Yun kiss for the first time. When Princess Yongning was still shocked.

Princess Yongning's appearance looks like she has just entered junior high school, but in fact, she is about to reach adulthood this year, but her development is slow due to bedridden for a long time.

Li Yun spread his hands and wanted to say that Hu Xiaomeng was a little younger... but he would definitely be taken away if he said it, so he didn't say anything.

But to be honest, Hu Xiaomeng has also reached the age of legal dating, legal, so he should not be arrested.

Chapter 3039: The advantages of the little princess

"What are the advantages of the little princess?" Gong Qingyu asked, she wanted to know what excuses Li Yun would "make up" to comfort her.

In Gong Qingyu's impression, Princess Yongning just sleeps all day long. Apart from her lack of princess temperament, she can't seem to find any advantages, just like the average junior high school girl.

If cute and beautiful is an advantage, then Princess Yongning is very appropriate.

"She is very strong." Li Yun said.

"strong?"

"Um."

Li Yun nodded, "Perhaps you don't know? Not long after she was born, she was diagnosed by the imperial doctor and said that she will not live to be ten years old in the future."

"what?!"

Gong Qingyu was surprised, Gong Xiaoxia who was driving couldn't help exclaiming.

They know that the little princess's health is not good. Usually they go to bed at 8 or 9 o'clock at night. They sleep until noon the next day and wake up drowsy for lunch. After lunch, they have to take a nap to refresh themselves in the afternoon. Activity.

But they thought it was just a special physique, but they didn't expect the little princess to...

"Surprised?"

Li Yun said with emotion: "If a person is told that her life span is only a short ten years since she was young, then she grew up in this desperate atmosphere and has been with drugs. I think even if there is no despair, it will be difficult for her face. Show a real smile.

But the little princess was different. Not only was she cheerful and optimistic, she was also a little bit mischievous. She was kind to everyone around her, and her positive mentality was even infected with the pessimistic Vatican Linglong at that time, which made her cheer up again.

After she was rescued, her family was gone, but she was not desperate either. She just went to pay respects to her father's burial mound and quickly cheered up. "

Gong Qingyu was silent for a long time before sighing: "You didn't tell me about this. I thought the little princess was a little girl from where you abducted and kept it by your side as a pet."

"I'm such a perverted person in your mind?"

"Isn't it?" Gong Qingyu squinted at him, "Taihuang Mountain, you and Fang Xue and Li Feng, A Duoshan Hot Spring and Hu Xiaomeng Lori and Zhao Tianfeng, as well as Xiao Jiao and Feiyao on the cruise ship, and Xiao Liuli's ten. Tian Shiye, what kind of man like you is like, I need to say more?"

Her beautiful face turned red, and even Gong Xiaoxia, who was driving a BMW, breathed a little bit quickly, exclaiming in her heart: Uncle is so amazing.

Li Yun argued: "It's just that our feelings have arrived, so it's a matter of course. In the future, no, you will know tonight, these things are actually...very good."

Gong Qingyu's face turned redder. Tonight, she will indeed experience the same thing as Mount Tai Huang Aduo.

No, you have to look at how the guy behaves. If the performance is worse, she doesn't have to give it to him! Humph.

"so!"

Li Yun hugged her slender waist, Gong Qingyu seemed to have softened, no resistance.

"You all have your own strengths and some shortcomings. For example, the Saintess, she is all well, but she is not happy with the world, and she doesn't want to do interpersonal relations. If I attend any banquet, I need to go to a dancing place. I will definitely do. Take you or Mingzhu, not her."

"Huh... Then what are my shortcomings?"

"My Qingyu has no shortcomings!"

"Count your acquaintances, really good, reward you with one~"

Gong Qingyu clung to his neck and printed a bite on Li Yun's face.

Gong Xiaoxia, who drove a BMW in front of her, trembled and quickly returned to normal.

She has been immune to this behavior of spreading dog food.

Probably immune.

Chapter 3040: Gong Xiaoxia

"Gong Xiaoxia!"

Gong Qingyu suddenly directly called the name of the beautiful maid driving in front of her, and her voice brought a cold questioning.

"Wh, what?!" Gong Xiaoxia tensed her body.

"Are you hiding something from me?"

"Why, how come? Miss is my favorite, most admired, and most admired person. How could I hide from you what our four sisters have confessed with my uncle?"

Li Yun: "..."

Gong Qingyu: "..."

She directly gave her stupid maid a roll of eyes, no, this maid is not stupid, but trying to avoid punishment by selling cuteness!

"When did this happen?"

"This morning!"

"Did you kiss?"

"Kiss!"

"Have you touched it?"

"No, uncle is a serious person, miss you know."

"Did he agree?"

"No, no, the master is a serious person, miss you know!"

The two asked and answered, the scene was indescribably ridiculous.

"you!"

Li Yan couldn't laugh or cry. He stretched out his hand to pinch Gong Qingyu's face and rubbed it hard: "My good Qingyu, what are you doing? Am I that kind of person?"

"Huh? How is the pig ren gray? (No? What's the master—Gong Qingyu protested with his face pinched

Gong Xiaoxia secretly breathed a sigh of relief. Outsiders didn't know how to treat her young lady, but Gong Xiaoxia and the other three sisters felt that the young lady was more majestic than anyone

else. Her eyes full of wisdom and cold seemed to be able to see through everything, even if it was. Aunt Lian who should have mastered Zhonghai City Palace's family was far more majestic than Miss Lian.

After being questioned by her just now, Gong Xiaoxia poured water from a bamboo tube to tell the story of the morning, not daring to conceal the slightest.

In the world, only the uncle can hold the young lady, and she can pinch her face and rub it back and forth.

Hee hee, Miss has also met a nemesis~

...

When he came to the gate of Zhonghai City School, Li Yun got off the car and said goodbye to Gong Xiaoxia, asking her not to pick her up in the afternoon.

"Okay, Master!" Gong Xiaoxia replied, and her act of wearing a maid costume itself attracted the attention of nearby students, and coupled with this tender "Master", it instantly attracted the attention of countless people.

"My Cao, the real maid?"

"What? Really? I'll go, the good manners maid?!"

"I'm sour."

"That pretty girl next to the president seems to be a Hanfu student from the Department of Archaeology?"

"It's her!"

"Uuuuuu, the maid is the servant of a Hanfu school girl? The school girl turned out to be Bai Fumei!"

There were sour comments from many people around. Li Yun quickly asked Gong Xiaoxia to return to the car and leave here. In the luxurious mansion house with richness of the last century, there is no problem in wearing beautiful maid outfits, and it can even be said to be very appropriate. The security guards in Mansion No. 3 were all dressed in beautiful and delicate clothes, and the maid was not surprising at all.

But once the maid costume is spread outside, it will immediately become the focus of everyone. After all, this kind of costume is generally only seen in comics or maid coffee shops.

But now?

Gong Xiaoxia's identity as a real maid, coupled with an elegant temperament, and a beautiful black-and-white maid uniform, undoubtedly refreshed the people's understanding of the word maid.

Especially Gong Xiaoxia's maid outfits are custom-made. The price of fabric alone costs tens of thousands of dollars. The exquisite and gorgeous outfits and sparkling jewelry matching are far beyond those of hundreds of cheap maid outfits.

This may be the reason why Gong Xiaoxia and the four are willing to stay in Mansion Three.
