Chapter 3091: The company is completely finished

Xiaoqing Fashion Company has more than 300 people in Shanghai and more than 300 people in Beijing. Together with branch offices, there are more than 1,000 people supporting this emerging business empire with a market value of 50 billion.

When President Shan decided to move the company headquarters to Zhonghai City three months ago, most of the people in the company expressed opposition. After all, most of them have been in the capital for many years. They have a network of relationships and interests, as well as classmates, relatives and family members. The difficulty of moving the headquarters can be imagined.

But in the end, Shan Ruqing moved the headquarters, and the decision was made within half a month, and the relocation was completed cleanly.

In addition to the reason that Zhonghai City has a more international perspective, the important reason why many people are willing to relocate is because of Shan Ruqing's personal reputation. She can make Xiaoqing Fashion Company from its start-up to the listing in just a few years, so that the company can be listed. Get better development in the future.

As long as you keep up with the president and let the stock in their hands increase several times, then financial freedom is no longer a dream.

However, when the company encountered the biggest dilemma since its establishment, President Shan suddenly raised his hand to surrender. When the company needed her most, he ran to the amusement park with a man? !

"No, the company is completely gone."

People from all branches of Xiaoqing Fashion Company in Beijing have learned about this one after another, and all the working groups are mourning, and they feel pessimistic about the company's upcoming acquisition.

Even if the lower-level employees are still them, they will surely be high-level when they are acquired, and the middle-level leaders will be occupied by the "men" brought by those high-levels. By then, the company's atmosphere will be gone. It is better to go to other companies to develop. .

Many people are deeply pessimistic. Only some President Shan has the most firm support. They are still stubbornly thinking that President Shan must have some plan. In the photo of President Shan eating ice cream with three people, the man must not be easy!

It's a pity that Li Yun changed his clothes today, and half of his face was blocked by ice cream, which caused them to fail to recognize that this was actually a big Internet celebrity during the college entrance examination some time ago...

"What are you worried about?"

After riding the roller coaster and riding the Ferris wheel, Li Yun asked Shan Xiaoxiao to play with a group of kids who didn't go to school. He and Shan Ruqing sat on the bench in the park and chatted.

It's just that Shan Ruqing's expression is not quite right, and she keeps swiping around with her mobile phone.

"No, nothing." Shan Ruqing's tone was also not very good, just as ugly as her expression.

"Let me see."

Li Yun grabbed the mobile phone in Shan Ruqing's hand and made her glare: "You guy! How can you take someone else's mobile phone?" She knew that she couldn't grab Li Yun, so she didn't take it back. It must be the case instead of letting it. Li Yun showed her...

"Who told you to worry about work while playing with your daughter?"

Li Yun was righteous, not embarrassed at all, so that Shan Ruqing really didn't know whether to scold him or to be moved. This person was really disgusting.

"Where does the material life come from without working?"

Asking Li Yun to look at her mobile phone, Shan Ruqing retorted.

Seeing that she had no objection, Li Yun didn't shy away from swiping the screen in front of Shan Ruqing, starting with her address book, which was full of business partners at work, and many other ministers and managers.

Looking at her V letter again, there was no ambiguous, suspicious male object, all of whom were women. Many of her subordinates sent messages to her asking what happened.

Chapter 3092: Buy tweed

The row of information on the v letter is listed, and the sentences all end with question marks, giving people a strong sense of urgency. No wonder Shan Ruqing is fidgeting.

Li Yun had a good heart, so he took a picture of Shan Ruqing's beautiful face with her mobile phone and sent it to her circle of friends.

And with the text:

"If I am well, it will be tomorrow. Come on, Shan Ruqing, you are the best!"

Li Yun finished typing these numbing "QQ space" quotations with a calm expression, but almost laughed in his heart. If Shan Ruqing knew that he was typing these words, would he use a knife to chop him?

President Shan did not know that the danger had come, and tried to defend himself: "Others say that material life is not important. The important thing is that children have a happy childhood, but I think this is a kind of excuse. Parents are unable to create good materials for their children. Life, so shirking is not important.

But growing up happily, the focus is on growth rather than happiness!

Feeling a certain amount of frustration and loneliness in childhood can help nurture children...Are you listening? What did you post? ! "

President Shan finally saw what Li Yun was doing sneakily, and grabbed his mobile phone. After seeing dozens of prompt messages in Moments, his entire face went black!

"I was wrong!" Before President Shan became angry, Li Yun quickly admitted his mistake.

Then he found out that his previous thoughts were wrong. President Shan didn't take a knife to chop him, just clenched his small pink fist and hammered his chest in a very standard posture for a girl to beat him.

Then it was gone.

"??"that's it?

Seeing that Shan Ruqing really knew that he could calm down just by punching him, Li Yun said hello with a face.

He originally planned to deliberately make Shan Ruqing get angry, and then explain to her that it was the Moments sent by his daughter. This thing just passed, as it was for Shan Ruqing to adjust her mood.

Didn't you think she was not angry at all?

At least he didn't appear to be too angry, and he didn't even delete the Moments Li Yun helped her send, but simply replied to one person, saying that he was in the playground and everything was normal.

"Are you not angry?" Seeing President Shan put down his phone, Li Yun asked deadly.

"angry!"

Shan Ruqing gave Li Yun a "cold" look. Although she appeared very cold, the female president's temperament was even more obvious, but at this moment, this tone made her have a girlfriend who was angry. It takes a few coaxes to be good.

Li Yun smiled, got up and walked forward.

"What are you going to do?" Shan Ruqing was a little nervous inexplicably, shouldn't this guy be angry anymore?

"Go and buy you a cup of milk tea to calm your breath."

"...The boys have nothing else to do except buy milk tea?"

"Then buy flowers?" Li Yun's brain twitched, and he said a word without thinking through his brain.

"you!"

Shan Ruqing blushed again, a little embarrassed in her heart, this guy will really please girls!

"Ahem, I mean, go to dinner together, go shopping or something."

"Okay, okay, go to eat, go shopping, and in the evening Mom and Dad will go shopping with Xiaoxiao!"

Shan Xiaoxiao didn't know when to come back, so she threw herself into her mother's arms and said coquettishly.

Shan Ruqing's eyes softened, she hugged her daughter tightly, and the worries about work gradually disappeared in her heart.

Perhaps what Li Yun said has some truth.

Money is very important to the growth of children, but it is not just money. The health and happiness of daughters are also very important.

Even if the company goes bankrupt, she still has a large amount of money in her hands, enough for her daughter to grow up.

Chapter 3093: Have a meal

In the evening, Li Yun and Shan Ruqing, the mother and daughter, left the amusement park. Shan Xiaoxiao looked reluctant and said that she would like to play with her parents next time.

This made Shan Ruqing feel more guilty. She always worked and ignored her daughter's feelings. If Li Yun hadn't taken her to the amusement park, I am afraid that Shan Ruqing would not have time to take her daughter to play in the next few years. .

But a few years later, Shan Xiaoxiao was twelve, thirty-four years old, and she was at the age of junior high school. At that time, he would not be as cute and cute when he came to the amusement park.

It's not that Shan Xiaoxiao was not cute and well-behaved at that time. It's just that junior high school students and elementary school students are different after all. At that time, the child will already be rebellious. Maybe then she will have a very poor relationship with her daughter. The legendary youth rebellious period will be It's hard to get through.

"Dad, where are we going to eat?"

Shan Xiaoxiao held one hand in hand and asked happily.

After playing for a long time, her energy didn't diminish at all. She took a break during dinner and went shopping with her parents tonight. I feel happy even thinking about it.

Li Yun shrugged, "Then go to the restaurant near your mother's company for dinner, and let's take a tour together."

"what?"

Both mother and daughter were surprised. Shan Xiaoxiao responded quickly and came back: "Okay, okay, I have never been to my mother's company to take a look, and I don't know what the working environment of my mother is like. Shall we go together? No one should work at night!"

In fact, the company does not have too many people working overtime at night. It is already a conscience company to be able to leave work before nine o'clock in the evening.

Shan Ruqing thoughtfully, could it be that Li Yun wanted to go to her company town for a while?

Apart from other things, just as the chairman of Baiyun Technology, as long as he "comes" at Xiaoqing Fashion Company, he can instantly stabilize the company's top and bottom people, and can also reverse the current company's predicament in one fell swoop. No company in the world dares. Confront Baiyun Technology.

Except for a small part of Penglai Island developed on the island, all of them are supernaturalists, almost outside the company of violent gangs.

"Okay, let's go." Shan Ruqing nodded, and picked up the phone to greet the secretary to drive the car.

...

The three soon came to the vicinity of Shan Ruqing's company. It is said that there is a good restaurant here. After Shan Ruqing moved to Zhonghai City, he was there to entertain important guests for a meal.

The secretary dared not ask anything along the way, and drove her head down.

It wasn't until Li Yun got out of the car when she got out of the car that she whispered a question.

"It's okay, you go back, don't worry, there will be nothing wrong with the company!"

Shan Ruqing's tone was dull, but with an unaffected attitude that was exactly the same as usual, she immediately boosted the secretary's confidence, and planned to send her to the group to stabilize her military spirit in a moment.

It's just that when she wanted to leave, she suddenly saw that President Shan's complexion changed drastically. From the previous calmness, she suddenly became pale, her pupils widened, and her body was shaky, as if she had seen something extremely Something to be afraid of.

"President!"

The secretary was anxious and hurriedly stepped on high heels to get out of the car and wanted to help, but a tall young man had already taken the lead, strongly supporting President Shan, and asked with a gentle and charming male voice: "Are you okay?"

The secretary stayed for a while, only to realize that this man was Li Yun who had played with President Shan all afternoon.

Seeing his young, but very stable temperament, the secretary can't help but sigh, no wonder the president trusts him so much...

Chapter 3094: The female is weak, but the mother is strong

The person who made Shan Ruqing's face changed drastically was a man of about twenty-seven and eighteen years old. He was wearing a haute couture Zegna suit. He stood on the ground and looked over with a smile. There were two middle-aged women standing beside him. He saw Shan After the president, both of them changed their faces slightly.

It seems to be someone you know.

"Bad guy, get out of here!"

Before the people from both sides could speak, Shan Xiaoxiao took the lead in using a childish voice, shouting angrily, so that many people who wanted to enter the hotel looked over, but they didn't know who was famous in Beijing. Shan Ruqing.

Shan Ruqing's face became very gloomy, and a breath of anger, depression, and sadness enveloped her. In connection with her performance during this period and what happened to her, Li Yun probably guessed the identity of the handsome-looking man in front of her. NS.

"Xiao Xiao."

The Junya man maintains a smile on his face, but this kind of smile is a kind of condescending victor's bullying smile of the loser, which makes people feel disgusting at first glance.

"Don't call my name!" Shan Xiaoxiao put her arms around her mother's thigh and looked at him with a pair of angry eyes, with a trace of fear in her voice: "Mom, Xiaoxiao doesn't want to see this person, Mom, let's go! "

The female is weak, but the mother is strong.

Shan Ruqing, who was originally shrouded in sadness and anger, quickly became as cold as ice, and his whole body exuded a cold temperament that was thousands of miles away.

She took Shan Xiaoxiao's hand, turned her head and returned to the car with her daughter.

But after two steps, Shan Ruqing turned around and gave Li Yun a look that you followed.

From this look, Shan Ruqing had already regarded Li Yun as a friend around him, a more intimate existence.

"Xiao Xiao, you are so anxious to leave when you see Dad?"

Junya's man stopped in front of the car door first, still with that disgusting smile on his face. He looked at the mother and daughter, but didn't even look at Li Yun.

The secretary was shocked.

It turned out that President Shan's husband and Missy's father are actually this man?

But this man is not the founder of Kang Yong Capital, who recently wanted to acquire the company and confided in the company. The legendary Huang Xuanguo's youngest billionaire founded a 100 billion investment group at the age of 23. Genius, Mu Yongkang! ?

Mu Yongkang is President Shan's husband, no, ex-husband? !

"You are not my father!!!"

Shan Xiaoxiao screamed, and the child's cry was exceptionally sharp, attracting more people's attention.

But the crowd of onlookers probably knew what kind of incident this was from her cry, so they all watched the excitement in their psychological onlookers, and gave pointers to Shan Ruqing, Shan Xiaoxiao, and Mu Yongkang. .

"Tsk tsk, there is another grievance from a wealthy family. I seem to have seen countless dog blood."

"So you have a seven or eight-year-old daughter when you are young?"

"This beautiful woman seems a bit familiar."

"Wait, isn't that man the boss of Kang Yong Capital? What company is he going to invest in?!"

The discussion from the crowd made Shan Ruqing more uncomfortable. She slammed Li Yun's hand and wanted to get into the car and leave here. She didn't want to say a word to the so-called ex-husband.

But Li Yun's hand remained motionless, and he told her with his eyes: "I am here, you don't need to go!"

"you!"

Seeing that she couldn't move, Shan Ruqing was full of irritation, gritted her teeth and whispered: "Are you going?!"

"What's the hurry, since you are an old acquaintance, it's not necessary to introduce me to me, right?"

Chapter 3095: Little dad

"What do you know, there is no need to know this kind of person!" Shan Ruqing became more and more annoyed. "Just ignore him and defeat him in business. There is no need to talk to this scumbag, disgusting!"

She talked more and more, and I don't know if it was because of seeing the scumbag or because of being in front of Li Yun.

Li Yun shamelessly thought that it was because of him.

Mu Yongkang thinks so too.

He knows Shan Ruqing too well. Her character is typical of being soft inside and hard outside. She will be very obvious when she hates someone. She definitely won't have a good face, let alone say a little more.

But if you like someone, you will truly treat him as a friend.

Looking at Li Yun, Mu Yongkang's eyes flashed coldly.

Shan Ruqing, a woman, originally thought that she could kick it away after using it. He didn't expect that after she returned from studying abroad, she still founded a fashion cosmetics company with very good development prospects with little start-up capital.

With this outstanding business talent, it is enough to become the head and mother of any big family in the capital, and become the sweet pastry that the second and rich generations of real power are competing for.

Even if Shan Ruqing is married and has a daughter by her side, it does not affect the talents she possesses.

Shan Ruqing has proved herself with her strength. She is not a wife at home, but a real business queen.

What's more, how Shan Xiaoxiao was born in the capital circle has long been no secret. The thing that was used to make fun of Shan's family in the past has now become the proof of Shan Ruqing's "purenness and flawlessness".

This has to be said to be another ironic thing.

"Shan Ruqing, you can only be mine!"

A trace of indifference flashed in Mu Yongkang's eyes. He looked at Li Yun and said calmly: "Who are you? My wife's friend?"

Shan Ruqing was trembling with anger, but Shan Xiaoxiao, who was hiding in her arms, calmed down and watched curiously how her father would respond.

"Excuse me, what did you just say? I didn't catch it very well."

Li Yun smiled "apologetically" and repeated: "You just said, your wife? Who? It's not your secretary, right?"

"No, no, no." The secretary hurriedly waved, "I'm not married, so how could it be someone else's wife!"

"Is it Ruqing you?" Li Yun looked at her with a smile, Shan Ruqing looked at him, and the anxiety and sadness in his heart slowly dissipated.

There is a daughter who needs protection, and there is such a man in front to shelter her from the wind and rain, what about Mu Yongkang?

"no."

Shan Ruqing's eyes returned to indifference, and the temperament of the business queen of the capital revealed: "I have never been married to Shan Ruqing. My daughter is my own birth, but she is my son who took out a male child from the *sub-library. Daughter coming out!"

Shan Xiaoxiao's eyes widened, her mother actually...

Mu Yongkang's pupils shrank even more, this woman dared to face the things of the year!

Is it because the man next to him is supporting him? !

"From a biological point of view." Shan Ruqing said indifferently: "You are indeed a little father, but from an ethical and legal point of view, Xiao Xiao has no father!"

The crowd onlookers, including the secretary, were extremely surprised.

Unexpectedly, this glamorous business elite woman actually gave birth to a daughter using artificial insemination.

From this perspective, Mu Yongkang is really not the father of the little girl, and he doesn't even have to bear the responsibility of supporting his daughter.

"It's not~!"

Shan Xiaoxiao rushed into Li Yun's arms, "Little has a father, this is my father!!"

Chapter 3096: betray

After being refuted by her own daughter face to face, Shan Ruqing's indifferent expression was embarrassed for a moment, but soon calmed down and nodded faintly: "Li Yun is a little godfather."

Shan Xiaoxiao puffed up his mouth, muttering what is not a godfather, mother's husband, or a kiss dad.

Mu Yongkang's face completely lost his smile, and he looked at Li Yun coldly.

"These two are?"

Li Yun ignored his indifferent eyes and looked at the two more than 40-year-old women standing behind Mu Yongkang. After seeing Shan Ruqing, both of them didn't seem to be right.

"It's my subordinate." Shan Ruqing glanced at the two with cold eyes, and her voice was cold to the bone: "One is Ms. Zhang from the International Vision Department, and the other is Ms. Wei from the Purchasing Department."

Li Yun was quite surprised, "In terms of this, Shan Ruqing, your subordinates are a bit better than you, and will take the initiative to find opportunities to solve the crisis."

"Humph!"

Shan Ruqing snorted, without saying a word, not even giving them a look.

After the initial embarrassment, the two ladies quickly calmed down. After all, they have also been in the business world for many years, and the cheeky they have cultivated is not covered.

"President, before I leave, I'll call you the president." Ms. Zhang from the International Vision Department, with a smile on her face, "Let's not talk about hard work and persistence. The company's current You and I know the dilemma. Mr. Mu is rolling down with a lot of capital. It is not easy for Xiaoqing Fashion Company to persist for so long and to move from Beijing to Zhonghai City! But in fact?"

"Actually."

Ms. Wei stood beside Mu Yongkang and said with a smile: "Mr. Mu's power in Zhonghai City is not low. If Xiaoqing Fashion Company can't hold on for half a month, it will fall into an irreversible crisis-this message , It is our last warning to the president before we leave."

The two ladies were full of pride in their smiles, cooperating with Mu Yongkang to stand aside, which was quite dog-legged.

But to their surprise, Shan Ruqing's face remained unchanged, and there was only an indifference from the heart in her eyes, as if looking at the clown, instead of the unwilling and anger of the winner by the defeated.

Ms. Wei's smile gradually solidified, and she said bitterly: "It seems that you plan to cash out and leave, the president. No matter how Mr. Mu treats your company, you can still sell your shares and leave, leaving Xiaoqing behind. Fashion feeds for itself...I have to say, this is a good calculation!"

"You are wrong, I will not sell Xiaoqing Fashion."

Shan Ruqing's tone was flat, "Furthermore, Xiaoqing's fashion will always be in my hands, no one can take it away!"

After speaking, she glanced at Li Yun and the daughter in his arms, and added: "Except for him and my daughter."

This means that as long as Li Yun wants to, she can take away her Xiaoqing fashion company.

Mu Yongkang's expression became gloomy again, staring at Li Yun fiercely.

"Ruqing, you are too polite, I am ashamed!"

Li Yun squinted and squeezed Shan Ruqing's small hand. The coldness on the latter's face dissipated in just two seconds, and a blush appeared on his cheek. He turned his head and glared at him. The small hand struggled, but still Li Yun held it in his hand.

The "forced" Shan Ruqing could only tacitly accept that he was holding a small hand.

Shan Xiaoxiao also joined in the excitement and said: "Dad, you are too polite. We are a family. What are the things that are divided into each other? Mom, right? Hehe."

Chapter 3097: Have a meal

"very good."

Mu Yongkang said without a smile: "Shan Ruqing, I hope that when you and your daughter are on the street, you can laugh with your adulterer!"

Shan Ruqing glanced at him coldly, and still didn't say a word with this person. The temperament of the cold female president actually shocked the two betrayers, Ms. Wei and Ms. Zhang.

"Let's think more about how your company is."

Li Yun held Shan Xiaoxiao in one hand, and Shan Ruqing in the other, and walked towards the entrance of the restaurant.

Shan Ruqing frowned and said nothing.

Now that I have met the shameless guy and said something, then the next moment is the face-to-face confrontation, there is no need to avoid him anymore.

Besides, she now has Li Yun in front of her to shelter her from the wind and rain, and the originally injured heart seems to have been soothed and smoothed by him. The things that once hurt her deeply can already be treated calmly.

Mu Yongkang is just her daughter's child provider, not other identities.

Entering the restaurant, Mu Yongkang did not follow, Shan Xiaoxiao shook Li Yun's arm excitedly: "Dad is too powerful, so simple... defeated the bad guys!"

She wanted to say that it was so simple to let her mother stabilize. Taking into account her mother's face, she didn't choose to say it.

"Nothing, little things."

Li Yunfeng said lightly, letting go of Shan Ruqing's hand, stepped forward and talked a few words with the waiter who was approaching him, and booked an elegant box on the third floor.

After being released by him, Shan Ruqing was stunned for a moment, and could not help touching the hand that was held just now, vaguely feeling the temperature of Li Yun's big hand remaining on it.

It was the kind of warmth that would make her feel at ease, trust her, and choose to follow his warmth. Just now she walked in from the door and walked all the way here. Shan Ruqing didn't want to break away, just let him lead, Docile as a wife following her husband, not a female president of a listed company from scratch!

Going upstairs and entering the box, the privacy and security of being surrounded on all sides, plus Li Yun sitting outside next to the door, as if to protect their mother and daughter like a sense of loyal guardianship, matched with the slightly dim dining environment, let Shan Ruqing relax quickly, hugged the middle daughter, and leaned on the sofa to rest.

Shan Xiaoxiao strongly demanded that the three sit on one side.

Li Yun and the chirping little girl ordered a meal before turning their eyes to Shan Ruqing in a daze, and asked with a smile: "What's wrong? Still thinking about that man?"

"no."

Shan Ruqing negated nervously, "I just... some don't know how to say it."

Shan Xiaoxiao blinked, as if she used to be a light bulb?

If it weren't for her by her side, my mother would definitely jump into my father's embrace now, and the two of them embraced each other and talked about their feelings, right?

"I also want to ask you what happened back then." Li Yun said.

Shan Ruqing's face changed slightly.

"But looking at how you look today, I don't want to say it."

Li Yun smiled and said: "It doesn't matter, there will be time in the future, so I don't rush for a while, besides, let Mu Yongkang finish the solution!"

Shan Ruqing's expression eased, and after turning her head to look at him, she quickly moved her eyes away with a hint of shyness.

Shan Xiaoxiao secretly covered her mouth and smiled, as if her father was really going to be her father!

very nice.

After the dishes came up, the three of them ate dinner in this warm and elegant box. During the period, Shan Xiaoxiao let out crisp and happy laughter, which eased Shan Ruqing's somewhat depressed mood.

Chapter 3098: chance encounter

After dinner, Li Yun went shopping with Shan Xiaoxiao according to the previous agreement.

It was just three people who came to the pedestrian street, and not long after they walked, they encountered four people who unexpectedly appeared.

"Li Yun?!"

"what!"

"Ah!"

"Uh, why are you here?"

Li Yun was startled. Standing in front of him were four beautiful women with their own characteristics: Su Muxin, Fang Xue, Li Feng, and Xiao Mingzhu.

The four big beauties actually came out together. If Li Yun didn't know their personalities, they thought they were "tragic love" who came out together to catch him.

Shan Ruqing had never seen these four women. First, she was surprised by their youthful beauty and temperament, and quickly reacted.

These four beautiful girls are all...women beside Li Yun!

"Dad, you...oh, Li Yun, what are you doing?"

Su Muxin approached him a few steps, looked at Li Yun a few times, then at Shan Ruqing, and finally lowered her eyes, and stared at Shan Xiaoxiao's big eyes.

Suddenly he realized: "Li Yun! This is your daughter?! They are all that old!"

Li Yun: "..."

Fang Xue was shocked. Why didn't she know that Li Yun had such a big daughter? And... the daughter outside of him is a bit too beautiful, how did he find so many beautiful girls! !

"Yes~" Shan Xiaoxiao clasped Li Yun's arm cutely, and said stupidly: "Dad is the little dad, hello big sister, my name is Shan Xiaoxiao, ah no, my name is Li Xiao Shino~~!"

Fang Xue and Li Feng were finally relieved when they heard the name Shan Xiaoxiao. They thought they were Li Yun's own daughters.

Don't blame them for thinking about it, just looking at so many confidantes around Li Yun, you know how attractive he is to girls, especially good and beautiful girls.

It can be said to be a spike, as if the more beautiful, the more unstoppable his charm.

Li Yun rubbed his nose in embarrassment, coughed, and said, "I came out today to help Xiaoxiao solve some troubles. Well, Mingzhu knows about this."

Xiao Mingzhu is serious: "I don't know, I only know that someone and a girl...a woman have sex."

She corrected Shan Ruqing's name, which made the latter feel a little disappointed. Yeah, even if she hadn't really had a relationship with a man, she already had a biological daughter after all, so she couldn't add a girl, she could only be a woman.

"In bed?"

Su Muxin looked up and down Shan Ru Qing with a pair of "professional" eyes, thinking about what it would be like to accompany Li Yun with her in the future.

Shan Ruqing, who had never experienced anything between men and women, made her whole body uncomfortable by this look. Although she didn't quite understand what this 18-year-old girl was thinking, she always felt that it was not a good thing.

"Uh, let's go find a store, sit down and talk."

Standing on the street of the pedestrian plane, the five beautiful women can attract almost no idea how many eyeballs they can attract. Li Yun is the only male, and it has aroused the envy and jealousy of many men, wishing to replace them.

When Li Yun went to the store with them, briefly tell them what happened to Shan Ruqing and Shan Xiaoxiao, and the embarrassment they are facing now, Shan Xiaoxiao's pitiful life experience, and what happened to Shan Ruqing being targeted. Soon the four girls quarreled with the enemy.

"Sister Ruqing, don't worry!" Su Muxin patted areas that have developed a lot recently, "We sisters will help you solve this matter!"

Chapter 3099: White, rich and beautiful girl

Shan Ruqing was surprised, very surprised.

Through the interaction between Li Yun and the four girls, she has been quite sure that these four big beauties are all women beside Li Yun. The one named Li Feng is still unclear, but at least they are also very close people.

But they showed no signs of being jealous with each other. Not only did they go out shopping together, they also called themselves sisters, planning to work together to solve her problems?

"Thank Sister Su~!"

Shan Ruqing was stunned for a while, but Shan Xiaoxiao was clever and clever, reminding her mother with a loud answer.

"Wow, so cute, so cute, come, come here, sister!"

Su Muxin couldn't stand it anymore, she stood up, ignoring Shan Xiaoxiao's objection, picked her up, put her arms in her arms and rubbed her face vigorously, saying what Lolita was the cutest, and it turned out that Qingyu was right and so on. .

To be honest, the child's face is really lovely, chubby and slick, don't feel too good when you squeeze it.

"Woo, Sister Su is a bad sister!"

"Why is it a bad sister? Sister Su helps your mother solve the problem. It's not that sister I boast. I can just make a phone call and I can solve that Mu Yongkang!"

"Really?" Shan Xiaoxiao blinked.

"of course!"

Shan Ruqing was silent for a while before she asked, "I wonder if Miss Su, you are...?"

A confident smile appeared on Su Muxin's beautiful face: "My surname is Su, and my hometown is in eastern Guangdong. You must have heard of my home, sister Ruqing."

Eastern Guangdong?

She said so confidently, presumably her family is a very large family in the local area. With the addition of this place in Eastern Guangdong, the answer is already ready!

"You are... Su Teng... Um."

"Shhh."

Su Muxin hurriedly covered her mouth and said with a grin: "Sister Ruqing knows it. My dad's name is more famous. I'm afraid it will be what you say, hehe~"

In the eyes of online game enthusiasts, the name Su Tengyun is the target of everyone's beating. In the eyes of ordinary people, it is mostly a kind of worship and contempt. In short, the reputation is not very good.

Shan Ruqing was so shocked that she didn't know what to say.

Who is Su Tengyun?

As for all Huang Xuan people, I am afraid that there is no one who does not know. Even if you look at the world, they are also famous business celebrities, and they will be regarded as guests wherever they go.

His daughter is actually next to Li Yun with other women?

"My house is nothing."

Su Muxin waved her hand modestly, and pointed to Xiao Mingzhu next to her: "This sister of mine is amazing. Her surname is Xiao. Of course, her family background is not important. The important thing is that she is really amazing. A single person can solve your troubles. !"

Xiao? Is it the Xiao family in Zhonghai City?

"I'm not great." Xiao Mingzhu waved his hand modestly. "That Mu Yongkang is from Beijing. There are two confidantes in Beijing beside someone. They can mobilize a lot of relationships by just making a phone call. It is not an exaggeration to crush Mu Yongkang to death."

The two confidantes in Beijing naturally refer to Zhao Tianfeng and Hu Xiaomeng.

Among the two women, Zhao Tianfeng is the daughter of the Guardian God Sword and has a transcendent status. Hu Xiaomeng is the daughter of the Hu family. Among the three generations of powerful children, they belong to the top group. No matter who the two women come forward, they can solve the problem. Yongkang.

"Yeah, you are amazing~" Fang Xue pursed her mouth and hugged Li Feng next to her: "Only me and Xiao Fengfeng are the worst. It's just the rich man in the countryside, ooh~"

"Hahaha~"

Su Muxin and Xiao Mingzhu both laughed. The relationship between them was already very good, and they didn't care about the comparison of family background.

"Of course~"

Su Muxin smiled and looked at Li Yun again: "If you want to say the most powerful, of course it is our husband, Li Yun's father~"

"Cough cough cough."

Li Yun, who was with milk tea, almost choked.

"dad?"

Shan Xiaoxiao tilted her head, why did her sister rob her of her father's title... Ah, I get it.

Shan Xiaoxiao nodded clearly, showing that she understood the mystery-she had seen a lot of messy things on the Internet, and started to study university knowledge by herself.

"Don't talk about it." Li Yun smiled to Shan Ruqing: "Anyway, it's good if you know it. Your matter is easy for us to solve. Go back to sleep tonight and sleep peacefully. No need to worry."

Shan Ruqing glanced at him faintly, thinking in her heart, you are willing to help me, but why can the woman next to you help me? Could it be that... you want her to be a kid?

"Li Yun, what you said is wrong." Xiao Mingzhu smiled.

"what?"

"Even if we are willing to help, you have to introduce Sister Ruqing to your family." Xiao Mingzhu squinted. "For example, Qingyu's family has a lot of influence in Zhonghai City. With her help, things will be much easier. , And Zhao Tianfeng in the capital only learned about it in the group, and didn't really know Sister Ruqing."

"Uh, then you mean..."

"Tomorrow morning."

Xiao Mingzhu clapped his hands and said to Shan Ruqing: "Sister Ruqing, take Xiaoxiao, and go to Mansion No. 3 in the French Concession. We will talk about how to solve this trouble at that time!"

"French. Mansion No. 3 in the Concession?" Shan Xiaoxiao and Shan Ruqing are a little confused, go to this place to talk about things?

If it weren't for Li Yun that didn't raise an objection, she thought Xiao Mingzhu was deliberately making things difficult for her.

"Okay, that's it!"

Su Muxin smiled and said, "It just happens that tomorrow is also the day of the Baiyun Technology product launch conference. It will start at 2 o'clock in the afternoon. After we finish talking, we can go to the fun after lunch?"

"I'm not going anymore." Fang Xue didn't plan to join in the fun. The place was too high-end, and it wasn't appropriate for her to go now.

Xiao Mingzhu intends to let her learn more, but Fang Xue feels that she is not so ambitious, and she is only a freshman. She is not Xiao Mingzhu, and she has no talent for high-class communication. She still takes over step by step. The Fang family in Longyang County is just fine, and everything else is free.

Li Feng didn't plan to go either. Her future stage was not in the business circle. It would be nice to have Xiao Mingzhu and Su Muxin accompany Li Yun.

"That's it!"

Until Su Muxin clapped her hands in favor, Shan Ruqing still felt a little dazed.

She is not a weak person in the negotiation, but in front of this well-born daughter, she seems to be suppressed and led by them involuntarily.

Is it because she knows that she is "young", so she has a guilty conscience?

Shan Xiaoxiao acted very well as a lubricant for her and these young ladies. Under her cuteness, Xiao Mingzhu and her daughters quickly started playing with her. When everyone was walking on the street, they were the little girls and Su Muxin. The two laughed the loudest.

...

At ten o'clock in the evening, everyone had a midnight snack before they finished shopping and went home.

After sitting back in the car where the secretary came to pick him up, Shan Xiaoxiao nestled into her mother's arms and yawned, making Shan Ruqing feel distressed: "You are not willing to let you go home earlier. Are you tired now? Go to sleep. Mom will wake you up when you get home."
