

Godly Choice 3371

Chapter 3371: Decide

"Master Saint, shall we go down too?"

Qingzhu's little maid looked at her master saint in a panic.

This atmosphere is really weird to the extreme.

Gong Qingyu, Su Muxin, Fang Xue, Li Feng, Jin Liuli, Xia Feiyao and other girls who have had a further relationship with Li Yun, including Zhao Tianfeng, who just came out to date Li Yun, and Hu, who looked like a girl Xiaomeng, it is only natural for them to stay on the third floor to sleep.

Even Jin Liuli, who had vowed before, didn't mean to go downstairs now, and seemed to have acquiesced in sleeping on the third floor at night.

Therefore, once the Lord Saint stays on the third floor, she will definitely be swallowed by the big hungry wolf!

The most hateful thing is that Qingzhu hasn't been able to refuse.

Now the Hidden Sacred Valley has fallen, and although the name of the saint of the saint is still there, it has also declined a lot.

Just as pride is no longer there, the majesty of the Lord Saint is also reduced a lot, although it is already beautiful, just like a fairy.

But Li Yun is so powerful now, Baiyun Technology, Ancient Cave Mansion and so on.

Qingzhu is also not sure what will become in the future, will the Lord Saint also work harder and strive to occupy more positions in Li Yun's heart?

"Li Yun?"

Sage Fanqing didn't make a decision immediately, but looked at Li Yun and gave him the right to make the decision.

"Well, Qingsheng, go downstairs."

Li Yun was just trying to explain. After thinking about dating Qingsheng, and then get more intimacy with her, after all, Li Yun had promised her before that he wanted to have a spiritual exchange with her, then Fan Qingsheng was willing to be with him. Dating.

Unexpectedly, the high-cold saint nodded, and Qingzhu, Shan Ruqing and others all went downstairs.

"The person who got in the way is finally leaving~!"

Hu Xiaomeng suddenly yelled, causing the women who hadn't left to turn their heads, and everyone looked at her dumbfounded.

Although it's a hindrance, you can't say it directly!

Hu Xiaomeng gave a serious explanation: "No, I'm talking about myself, I want to go downstairs too!"

"?"

Shan Ruqing couldn't laugh or cry, Hu Xiaomeng actually trot over and smiled and compared Sister Tianfeng with scissors, saying that he was not on the third floor tonight, so that Sister Tianfeng and Brother Li Yun had fun.

"Eh? Me, I will go downstairs, too."

Zhao Tianfeng was uneasy, and Hu Xiaomeng was okay when Hu Xiaomeng was there. After all, this girl is a pistachio. At least Zhao Tianfeng would not be so embarrassed when she was there.

But once Hu Xiaomeng leaves, she will face Li Yun with Gong Qingyu and others in a moment, and she is still undressed, isn't she embarrassed and embarrassed?

So, she didn't want to stay on the third floor, lest she wait...

"It's okay~!"

Little Chili Su Muxin grabbed Zhao Tianfeng with a smile, "It's not that we have never experienced the same thing, everyone is the same, Tianfeng, you stay here, wait for us to teach you some fun things, super awesome~! "

The so-called super super is actually Hu Xiaomeng's lines. After the two played together for so long, Su Muxin also learned how Hu Xiaomeng sells cuteness.

"I....."

Zhao Tianfeng was still hesitating.

She also knew that she had to go through this hurdle, otherwise it would be difficult to get along with them in the future. These sisters have all been together at night, so why can't she?

"Come on!"

Fang Xue also grabbed her, and then, Gong Qingyu smiled slightly, stretched out her hand to her girdle, and gently pulled it.

Chapter 3372: Sprouting saint

Li Yun was the first to wake up the next day. Six or seven girls, including Zhao Tianfeng, lay on this temporarily remodeled super-large bed made up of three double beds.

They each have a quilt and a pillow, and they sleep tightly and comfortably on the big bed, just like a hamster is hibernating.

I have to say that winter is really a good day to sleep in, especially when it is windy and snowy outside, it is even more unpleasant.

The evidence is that Li Yun took out his mobile phone and sent a message to the Sage of Fanqing as usual, but after an hour, the sage master yoyo returned him a picture.

[I am yawning and waking up cute map.jpg]

Li Yun watched this anime girl get up and sell cute pictures, he burst out laughing, couldn't help but imagine that if the current saint is like the cute loli in the picture, she stretches out a big lazy waist. Holding a fist high in the sky with one hand, patting your mouth with the other, making a long sound, what a cute and soft picture it would be!

Of course, I can only think about it. Let Fan Qingsheng do such an action herself, she will definitely...will not refuse.

Yes, Master Saint seldom refuses Li Yun's mischief. Whether it is intimacy, hugs, or eating baked sweet potatoes with two people like last night, Master Saint seldom refuses. In my impression, Li Yun does not seem to have any. When she refused to find her, she always silently agreed.

Of course, even if Li Yun asked her to yawn and sell cuteness, it is estimated that Qingsheng is only doing it stiffly. Although it is also very cute, it is definitely different from the soft and cute girl in the anime.

"I understand why Qingyu likes watching anime."

Looking at the pictures Qing Sheng sent to him, Li Yun smiled and typed these words and sent them to her.

"?"

"Sage Qing, where did you find the picture, it's so cute~!" Li Yun added solemnly, "I want to go downstairs now, so cute, I will give you a bite."

"I asked Qingzhu to find it. Before, they had a lot of expressions in the group chat."

The Lord Saint means, because when she saw Hu Xiaomeng and Gong Qingyu in the Fairy Club chatting group, they were fighting each other to express their love packets, so she felt that she had to express some more expressions, so she let Qingzhu, her personal maid, went to help her find a set of emoticons, and then used emoticons to express her meaning.

I have to say that in many cases where the text is not suitable, it is too blunt and difficult to express, it can often be solved with an expression.

For example, if the goddess doesn't want to reply to the message of licking the dog, she sends a "I'm asleep" emoticon. The licking dog naturally understands the meaning and immediately sends a "good night" emoticon, and is excited for the goddess willing to say goodnight to herself.

Don't know, the goddess is just annoying him...

"Very good, very cute!"

"If you are cute, come down and kiss me."

"Go downstairs and gnaw me."

Fan Qingsheng added another sentence. She responded to Li Yun's sentence just now: I am so cute that I want to go downstairs and give you a bite.

Li Yun was taken aback by this message, and then the lower abdomen actually faintly gushed out of fire—it was obvious that he had only played with Fang Xue and Jin Liuli for most of the night last night, but got up this morning and was caught by the saints. A message from the female adult was irritated again.

"!"

Li Yun did not reply to the message of the Vatican Qingsheng, opened the quilt, let Feiyao who was sleeping beside him continue to sleep, put on her pajamas and put on a coat, went to the bathroom and touched a few faces, and immediately moved to the second floor. Go

Chapter 3373: Saint who loves to learn

Entering the door quietly, Li Yun found the Lord Saint.

When he opened the door, Fan Qingsheng had raised his eyes and looked at Li Yun who was standing at the door, with a slight smile in his eyes.

"hug me."

Afterwards, the lady of the saint stretched out her hands towards Li Yun at the door, looking full of expectation.

"Qing Sheng!!"

Li Yun was in agitated mood. He really loved the Sanctuary of the Sanctuary at this moment. No, the Sanctuary of Sanctuary at all times and the Lord of the Saints at all times, he loved him to death!

In the world, there is no second Brahma Sanctuary to be found.

Li Yun walked into her room step by step. The little maid Qingzhu, who slept on the next bed without paying attention, went directly to the bed of Saint Fanqing, leaned down, and embraced the saint in the quilt. .

"Qingsheng, I love you!!"

"Yeah~"

Wearing a silk pajamas, with her black hair scattered behind her head, she looked particularly lazy and hummed with a voice like a natural sound, which really made Li Yun's bones tingle.

Embracing such a beautiful and cold saint, what is there to worry about in the world?

Li Yun kicked off and took off his shoes and went to Fan Qingsheng's bed—don't get me wrong, it's not that way, but just lying on the bed with a quilt underneath the two of them, looking comfortably. To each other, or to kiss, say some affectionate words.

In fact, when he opened the bed that Sage Fan Qingsheng had slept for all night, Li Yun immediately smelled a virgin fragrance that only belonged to Sage Qingsheng, elegant and pleasant. When Li Yun got into her bed, she and her When lying in a hug and covered with a quilt, the fragrance became stronger.

"It's so fragrant~"

Li Yun took a deep breath and couldn't help but said intoxicated, making him as cold as a sage, his face was slightly hot, and his breathing became a bit short.

"Qingsheng, did you do something bad last night?"

Li Yun and a girl in the bed asked with a smile, and couldn't help but hurt her waist. Sage Fan Qing twisted his body a few times to escape, shook his head, and said that he had done nothing bad last night.

"Um?"

Li Yun was shocked, "Qing Sheng, didn't you always ask me not to lie, and you never lie? Now you actually lied! Say, are you a Fan Qing Sheng?"

Having said that, Li Yun had already begun to knead her face, to see if she had just got up from the bed, and there was a blushing fairy on her Qingli face, whether it was the cold and beautiful Vatican Qing sage.

"It's not a bad thing."

Fan Qingsheng answered Li Yun's question with a beautiful voice.

The feeling of sleeping on a bed with him made her a little fascinated, and her heart was warm, very happy.

"Isn't it a bad thing?"

"Um."

Sage Fanqing nodded slightly, let Li Yun stroke her cheek, and said, "I took a look and study last night."

The Sanskrit and Qing sacred classic segmented speech method.

The first paragraph, indicating the time, means that she did something last night.

The second paragraph shows what she is doing. Look, of course, not with her eyes, but with her spiritual sense, secretly "watching" what happened on the third floor from the second floor.

For example, Li Yun and Zhao Tianfeng were all fooling around and they were all seen by Qing Sheng.

The third paragraph is to argue that she is not doing bad things, just learning, not for anything else.

The last two words "just" surprised Li Yun very much.

This is clearly the words used by the Vatican to justify!

And it wasn't just to argue that she took a peek at the third floor, but to argue that she just watched last night and didn't do anything!

Chapter 3374: It's too late to hurt you

Sometimes it is specially emphasized, but it gives people a feeling that there is no silver or three hundred taels here.

To be a guilty conscience, that's what I said.

However, Li Yun believed that Qingsheng would not lie. She said that she did nothing but did nothing.

Last night, after Shan Ruqing Cuiwei and the others went downstairs, Sage Fanqing followed him downstairs, but instead of sleeping peacefully, she opened up divine minds and kept watching what happened on the third floor.

Li Yun knew the purpose of Sage Fanqing almost immediately.

What she said before is not a lie, her purpose is to learn.

Learn how to stay on the third floor with Li Yun with other girls at night, whether it's the third floor of Tianxue Palace, the third floor of Gong Qingyu's mansion, or the third floor of Li Yun's villa, Play with Li Yun with them.

Sage Fanqing had never lived in the mansion before, but she knew what happened every night, including Li Yun and Liu Xianxian going to the film and television city together, playing for a few days and nights, and ran to the oasis in the desert to spend half a mess. Wait at night.

She knew all these very secret things.

Therefore, when Qingzhu let her go down last night, Fan Qingsheng asked Li Yun's opinion about whether to let her stay and sleep on the third floor with Qingyu Muxin and the others.

At the same time, it was also why Sage Fanqing used his spiritual knowledge to observe the upstairs last night and silently watched how Li Yun was messing around with them for half a night.

"Qingsheng, I'm sorry for you!"

Li Yun was moved, and he asked himself, if he sees Qingsheng and other men...no, this kind of idea just arises, it makes it difficult for Li Yun to accept.

But Qing Sheng watched it for half the night last night.

Since Li Yun and them were messing around in front of the fireplace, and then went to the large bathtub together, and took a bath together, they played in the bathroom for more than an hour. After they came out, they went to the bedroom and lay down. Two hours later, Su Muxin took out the quilt from the space ring and changed it twice. In the end, Li Yun carried out the restless confidantes from the bedroom and put them in the bath one by one.

Taking another bath is equivalent to taking three baths in one night.

Originally, Su Muxin wanted to come again, but Zhao Tianfeng, who couldn't stand the mess at this night, was forced to hold him down, but Zhao Tianfeng was forced to agree to a series of unequal conditions for Su Muxin, including playing the King's game tomorrow night and pulling Hu Xiao. Moe waits together.

In this way, the women can sleep.

Li Yun put himself on the ground and said that if he were the sage of Fan Qing, he would be very sad and jealous when he saw him fighting with six or seven girls last night.

But Qing Sheng watched the whole process without fail. Just like watching a live broadcast, Li Yun's spiritual sense could clearly know that she was watching, and even thought of going downstairs to look for her several times, but she refused.

"No need to say that."

Fan Qingsheng shook his head and said softly: "I am fine now, I feel I have not been wronged, and there is no dissatisfaction, and I am even a little afraid that you are not satisfied with me, Li Yun, and I am studying."

"Idiot, why would I be dissatisfied with you? It's too late to hurt you."

Sometimes, couples need this kind of straightforward love words. The person who speaks can deepen their feelings for their partner, and they will be pleased to hear it.

It's like the current Sanctuary.

Li Yun could clearly see that the lady's expression changed from soft to curled eyebrows, even though the corners of her lips still didn't have much curvature, the smile in her eyes couldn't stop flowing out.

Chapter 3376: Lotus Kei

Why did the Lady Saint just slept, but changed her inner clothes in the morning?

"Master Saint?"

Qingzhu looked at her Lord Saint, who nodded and motioned for her to come out with a set of clean inner clothes.

Although Fan Qingzhu didn't quite understand it, he still obeyed the order of the Lord Saintess and took out a new set of clothes from the space ring, which Li Yun gave her.

As the personal maid of the Saintess, she naturally carries all the daily items needed by the Saintess, so she can quickly find it.

It's just that Qingzhu's little maid saw the movement of the saint woman getting up, it seemed a bit strange, she was awkward with her legs sandwiched, and it was very inconvenient to move.

"Master Saint, you!"

Qingzhu was frightened, and hurriedly stepped forward to help her.

Even on the day when the Hidden Sacred Valley split, she had never seen Master Saint showing such a weak appearance.

Is it related to that villain Li Yun? !

"I'm fine."

A flash of flushing appeared on the face of Saint Fanqing, and Qingzhu's delicate and beautiful expression made Qingzhu stare blankly, and muttered, "Master Saint..."

She seemed to realize something.

Sure enough, when the little maid Qingzhu waited on the lady to undress, on the inner clothes she changed, she saw the proof that the lady of the lady was pregnant, which was the crime committed by the big villain Li Yun!

"That bad guy!!!"

Qingzhu blushed with shame and didn't dare to look at it. He planned to throw these clothes away, but immediately remembered that this seemed to be the proof that the saintess turned into a cardamom girl. It seemed...should not be thrown away.

"Li Yun, you really are the biggest villain!"

...

Li Yun went out the door and took a few steps quickly before he dared to stretch his fingers to his nose and sniffed.

The sweet scent came out, and I tasted it again. It was sweet and nourishing, like a spring in the mountains, and like a blooming flower, with a charming fragrance.

"first?"

Li Yun's footsteps floated, as if stepping on a cloud, he went back to the third floor. The women wrapped up in the big bed like rice dumplings hadn't gotten up yet, all of them were sleeping late, only Gong Lianyi was in the fireplace. Before I made a fire, after seeing Li Yun rubbing his fingers back, he asked in surprise, "Yun, what are you doing? Uh, how come your fingers are so fragrant?"

The scent on Li Yun's fingers can be smelled far away, but strangely, after Gong Lianyi smelled it a few times, a flame rose in her lower abdomen inexplicably, just like last night...

"This is... well, it's hard to say."

Li Yun shook his head quickly, he couldn't say that this was the Lord Saint's thing.

"God is mysterious." Gong Lian Yi Jiao said angrily, and then continued to make a fire in the fireplace.

"Why did you start the fire so early?"

Li Yun helped throw some firewood in, and then when he stretched out his finger, a slight flame emerged from his finger, igniting the firewood in the fireplace all at once.

Gong Lianyi was not frightened, she was a little accustomed to Li Yun's ability.

"Let's rise up." Gong Lianyi clapped her hands. "When Caiwei and the others are going to get up, they can have a fire when they go to the third floor. Also, the kid Qingyu will get cold when he gets up, so it's better to have a fire."

Just as Li Yun wanted to talk, Gong Lianyi said again: "By the way, I am going to order breakfast. What do you want to eat?"

She habitually arranges the lives of those around her.

In fact, before I met Li Yun, when living with Gong Qingyu, Lian Yi was the chief butler of the palace family in Zhonghai City.

Chapter 3377: Butler

After getting to know Li Yun, Gong Lianyi was responsible for almost all of his food, clothing, housing and transportation in Zhonghai City. Many times when Li Yun returned from Zhonghai City to Longyang County, Lianyi sent people to send him.

As for Li Yun's life in the mansion, as well as the women who moved in one after another, everything was arranged by Lian Yi.

It can be said that if among Li Yun's confidantes, he insists on pushing a palace who can take charge of management, Gong Lianyi is definitely one of the strong candidates.

"Just order breakfast anyway, and I don't want to make it today."

Li Yun sat on the sofa and beckoned to her. Gong Lianyi subconsciously walked a few steps towards him, followed by Li Yun, and fell into his arms.

"Ah I....."

"Ah what?"

Li Yun smiled and said, "What's wrong with letting my husband hold me? When I was holding the lady last night, didn't you look at me frequently? Are you envious?"

"No, no!" Gong Lian denied it.

She is not like Qingyu, but she can envy Li Yun holding Qingsheng or something... She doesn't want to admit this kind of thing.

"Really not envious?"

"no no."

"I don't believe it unless I feel your mind."

Li Yun used actions instead of words and directly used kisses to feel Gong Lianyi's heart. The charming woman trembled, and soon softened, responding to her.

a long time.

"come here."

Li Yun hugged her, came to the floor-to-ceiling window, sat on the sofa next to her, and watched the snow falling outside the window with Gong Lianyi.

With the beauties around him, the house was warm like spring, and the beautiful atmosphere quickly made Gong Lianyi indulged, resting her head on Li Yun's shoulders, watching the snow with him quietly and contentedly.

At this moment, Gong Lianyi felt extremely happy, even happier than last night.

Strictly speaking, this is spiritual happiness, but last night it was physical happiness. The combination of the two made her forget the passage of time, and she didn't even remember what

she had chatted with Li Yun. She just felt that time flies quickly. Caiwei and Caixia went up to the third floor.

"I, I'm going..."

"do not go."

Li Yun smiled and hugged her waist, and pulled the charming woman who wanted to leave back into his arms, and smiled: "In front of my sister, it's okay to be intimate with my husband for a while, okay, Plucking, you guys Continue to play there, and when the breakfast is delivered, I will bring it to my brother and your sister-in-law, Lianyi."

"...Good~~"

Caixia's mouth was so high that she was muttering that her brother had forgotten her sister when she had a sister-in-law, and she was so angry.

Li Yun pretended not to hear, and continued to whisper to Gong Lianyi by the window.

The living room of Tianxue Palace is very large, equipped with a small study room and a fireplace, plus a bar, where people can sit. The windows where Li Yun and Gong Lianyi are located belong to an area of three or four people, allowing two people to sit on the sofa. Do something secretly under the cover.

Of course, just a kiss.

Seeing Lian Yi's blushing face, Li Yun suddenly felt shameless.

He now seems to like to deepen his previous relationship with them by intimacy, rather than making any actual actions.

"what happened?"

"..."

"Nope."

After listening to his concerns, Gong Lianyi smiled softly: "At least I like the way I am now, and Qingyu also likes it. If you are so busy, I don't know how other people are doing. , But at least I will love you very much."

"Lian Yi!"

"It's good to maintain this, really."

".....Um."

Chapter 3378: leave

After all, Li Yun and the girls did not spend enough time in Xueshan Village. Once they came to Xuexiang, they played all the activities that can be played in Xuexiang. From snowball fights, skiing, to making snowmen, watching snow scenes, Dream Valley, etc., the attractions are basically visited. Again.

Wandering during the day and playing at Tianxue Palace most of the time at night. Li Yun would play with Feiyao and the others until late at night. He played all the attractions that he could play, and it would be boring to stay any longer.

Secondly, according to Qingyu's statement, Xiao Mingzhu in Zhonghai City is also very lonely, so let's go back and accompany her as soon as possible.

So five days later, Li Yun bagged a plane and carried the girls back to Zhonghai City.

That night, Li Yun loved the little princess at home again. In the living room on the third floor of the mansion, in front of Xiao Mingzhu and Caiwei, he hugged the little princess Yongning and kissed him for a long time. Husband's little princess coaxed it.

At night, Li Yun accompanies her to sleep again before completely comforting the little princess.

Then it was Xiao Mingzhu's turn. The Bai Fumi, who looked the most bright and cheerful, was actually lacking in love. At least Li Yun's boyfriend was not able to comfort him, so Li Yun directly took her on a date and wandered around all night. After another two hours of intimacy with Xiao Mingzhu in the dark corner of the movie theater, the richest daughter in Zhonghai City, Bai Fumei, was satisfied, and continued to work in the company the next day.

Li Yun was idle and began to prepare to do another thing.

"Lingxian, I'm sorry, I wanted to see you, but something happened on the other side!"

When arriving at the airport with Saint Fan Qing and preparing to go to Hangu Pass, Li Yun sent a message to Shangguan Lingxian, his tone was ashamed.

Originally, Li Yun planned to fly to Tiandanmen to look for Shangguan Lingxian who was making alchemy after he finished his vacation in Xueshan Village, but now he is in trouble, and I am really sorry for her.

From the previous chats between Li Yun and her, Lingxian was actually looking forward to meeting Li Yun, and she even prepared a piece of white cloth.

"It's okay, it's okay. I can understand, Li Yun, go and do things. Everything is fine on my side, but you must remember to make an agreement with me."

After Li Yun got off the plane, he heard from her.

She is gentle and kind as Shangguan Lingxian, and she can even be said to be a little Virgin, but at this moment she reminds Li Yun not to forget the agreement with her, which is enough to see that the medical fairy is actually looking forward to seeing him very much.

She only understood the righteousness and chose to understand Li Yun's approach.

"it is good!"

Li Yun immediately replied with a message: "If the matter in the Hidden Sacred Valley ends quickly, I will definitely go to you before the New Year!"

"It doesn't matter after the new year. If you come, bring a gift. I might be at home then~"

The slightly playful tone moved Li Yun's heart, he replied a good word and agreed on this matter.

"Let's go Qingsheng, let's make a quick fight."

Li Yun took Fan Qingsheng's hand and took her out of the airport, and then soared into the sky like a violent wind swept through the clouds, whizzing through the clouds, and flying straight above the clouds.

"I'm Cao... the wind system supernatural power!!!"

"Nima, and it's still very powerful, a wind power capable person who can take people to fly!!!"

The people in the airport were shocked and stared at the sky where Li Yun and Fan Qingsheng disappeared. After a long while, they screamed.

Then there was a lot of discussion.

"Who were the two just now?"

"I seem to know, ah, yes, it is Li Yun from the Zhonghai University Supernaturalists Association!!!"

Chapter 3379: Changing world

"So it was him!"

"The wind and fire supernatural power...no wonder they can soar into the sky, so awesome!"

The people in the airport recognized Li Yun's identity, and each of them had complex expressions, either envy or fearful expressions on their faces.

Such a terrifying supernatural player was actually in the same airport with them, or even on the same plane?

A person who can fly in the sky and soar freely and is incredibly powerful. If a gust of wind was released on the plane just now and the plane was broken, would all the people on the plane encounter an air crash?

What's even more frightening is that ordinary people encounter an air crash, but the wind powers have nothing to do, and they get out of the plane and fly away like birds. No one can use these powers!

"This world... has become more and more unfamiliar."

There was a middle-aged man in a suit and leather shoes who looked like a successful person, muttering to himself.

Many people around nodded in agreement, their expressions full of complex colors.

Successful people in the past are undoubtedly richer, more powerful, and have a higher social status in order to gain people's respect.

But after the Penglai Island Reiki incident, the power of money seemed to suddenly become vulgar. Only by pursuing more powerful power, gaining tremendous destructive power, and making oneself live longer, can they stand out from the crowd.

Otherwise, what if you have money?

Annoyed me, a fire burned you to ashes, and you only need to stretch a finger to kill you.

Even if there is no conflict, just like the president of Li Yun's supernatural powers just now, people are high and high, and they don't talk nonsense with you at all. They naturally stand on top of ordinary people, as if trampling on you as a human being. dignity.

This kind of feeling, they didn't feel deep in the news before, but they saw the appearance of President Li Yun flying into the sky after getting off the plane, which completely penetrated their psychological defense.

It's not a taste in each one's heart.

Millions of sports cars are no longer fragrant, supermodel beauties, wine and delicacies, champagne and cola, all become vulgar.

"Grass!"

A rich businessman with a big belly said sourly: "So amazing, why do you still have to take a plane?"

"Stupid!" Someone immediately retorted, "The current superpowers are not very strong, and they can't fly far. Can you do it later? If you don't seize the time to become superpowers, the future world..."

The rich businessman who said in one sentence was speechless, "Grandma's, I also want to go to Penglai Island, live for a month, I spend a few million dollars, don't believe that you can't get the power!"

The wealthy businessmen are full of pride, but the rest can only envy them.

The current Penglai Island...The house price is so expensive that you can vomit blood. The accommodation costs thousands of oceans a day. Even if the average person has a boat ticket to go, they don't have the money to live there.

Only those who are rich have bought a private villa, and lying on a beach chair can let the rich aura of Penglai Island wash the body and prolong life.

The gap between the rich and the poor is once again reflected...

...

Entering the age of spiritual energy, there is also an advantage for Li Yun, that is, he can freely expose the abilities he obtained from the system, including some pills, which can also be said to be refined.

It's like he just soared into the sky from the airport, took Qingsheng to fly more than 100 kilometers from the provincial capital, and landed in front of Hangu Pass in front of a group of tourists. There was no problem at all!

Of course, this undoubtedly caused another round of attention from the people around him. Li Yun still heard something vaguely, "The current supernatural beings are almost the same as the ancient immortals, right?" "Did there have been auras in ancient times?" Kind of argument.

Chapter 3380: Choice again

Li Yun ignored the gazes of the people around Hangu Pass, and after finding the right direction, he took the Sage Fanqing to the valley where the Hidden Sacred Valley was located.

After being one of the Six Saints of the Hidden Sacred Valley, the Sage Fanqing opened the barrier of escape from the world, Li Yun and her entered the valley again.

Compared with the last time, although the Hidden Sacred Valley at this moment is still the same, it still appears to be a lot more deserted, and the atmosphere is obviously different. There are fewer disciples in cultivation, and no one to stop them.

"came back?"

Only a quiet voice came from afar, welcoming the two of them.

"Yes, Lord Valley."

Li Yun nodded at the mountain where the Holy Lord lived, and gestured to salute.

The saint master controls the world-escape enchantment, and it is impossible for him and Saint Fanqing to hide from him when they come in.

"When you are done, let's talk again. Okay, go and do what you want to do."

The words of the holy master revealed a light wind, seeing through the meaning of the tenth world, so that Li Yun, who had repeatedly doubted him, couldn't help but turn to doubt himself. Such a calm and composed Hidden Valley Master would really do it. What's unfavorable?

"it is good."

Li Yun nodded slightly, indicating that he had finished his work first, and then went to chat with him.

"Ding, trigger the option event, please choose from the host:

Option 1: Find the most unusual place in the Hidden Sacred Valley. Reward: It depends on the progress of collecting intelligence.

Option 2: Turn around and leave, no longer pay attention to this matter, reward: no more ambition.

Option three: leave with Fan Linglong, reward: retreat. "

The long-lost system prompt again made Li Yun feel like a world away. It has been two months since the last time he made a serious choice, and during this time the system hardly gave anything. Choosing an event made Li Yun almost forget that he still has a system.

"Qing Sheng."

"Um?"

Sage Fanqing looked at him, always feeling that he was a bit strange recently, in a state of tossing and turning, unable to truly let go of enjoyment.

Even though they had fun with Qingyu and the others at night, Li Yun still woke up early every morning, even though he didn't meditate, but just ran downstairs to hold her and chat.

But the feeling given to Fan Qingsheng is that he has never really enjoyed it, and still has a vigilant and enterprising spirit.

"Haha, nothing!"

Li Yun took her hand, "It just suddenly felt that we have something to do! About the ancient times, about the six doors, and everything else, I suddenly had the confidence to understand, explore, and solve!"

Sage Fanqing tilted his head slightly, "Didn't you always have faith?"

"No, two months ago, I was almost depraved, but now I am ambitious again. In the future, I, you, and them, will definitely be able to... transcend the mountain!"

"..."

Fan Qingsheng didn't quite understand why Li Yun was like this, but it didn't feel bad to her.

"go!"

"Um."
