

Godly Choice 3531

Chapter 3531: No objection

What Li Yun didn't know was that after Caiwei kissed him, she fled back to the room, closed the door, got back into the quilt, and hugged her sister tightly. Her face was flushed with happiness, and she was eating. Smiled.

"Sister, are you really... dear?"

Caixia looked at her sister with excitement and expectation, waiting for her words.

To be honest, Caixia is outgoing than her sister, but her sister is bolder in this matter.

This was something they had planned for a long time, but it was tonight that Caiwei finally said what she said in her heart. After all, even the little princess and Hu Xiaomeng have become the people around her brother, why can't they?

Their elder brother Li Yun was only adopted by their grandfather, not his own. As long as they want it, it doesn't matter if others know it.

"Um."

Caiwei blushed and nodded, touching her hot Sakura lips, Caixia faintly saw her movements in the dark, and she was even more surprised: "Kiss here?"

"Um."

Cai Wei nodded, her face was still so red, very shy.

"Have you reached out?"

Caiwei shook her head, very ashamed.

She was so nervous at the time, this was her first kiss, of course it was impossible to do anything special.

"how long?"

"Well, one minute...it doesn't seem to be."

Caiwei is quite regretful, but her sister is already shocked and envious.

"Woo, sister, Caiwei, you will be my sister from now on!"

"I am! What do I say!"

"Hehe, sister, you are so bold."

When the sisters were whispering, there was a hum from the bed, which scared them to shut up.

"Woo, I forgot, Master Saint is still sleeping on it, I'm sorry, go to bed quickly, don't talk."

".....It's fine."

Hearing the voice of Fan Qingsheng on the upper bunk, Caiwei and Caixia were dumbfounded, "Sister Qing and Qingsheng, are you still asleep?"

"I hear you up."

Plucking is all petrified.

"This, that... Sister Saint, woo, we..."

The sisters panicked.

"It's okay."

Sage Fanqing said calmly: "I have no objection, just think about it."

"what!"

The sisters were surprised. Doesn't this mean that they have been approved by the Lord Saint?

Don't look at the ordinary saints who don't talk much, but the sisters who have been participating in the evening living room party, they all know. Among these beautiful sisters, Gong Qingyu looks like the most important one among the girls. Bit, but in fact every girl is very important.

And the Sage Fanqing is undoubtedly the most special one among the girls. She doesn't talk much, but every word she says will make Sister Qingyu, Sister Xiaojiao, Sister Jin Liuli, etc., take it seriously.

Therefore, obtaining the approval of Qingsheng sister is almost equivalent to obtaining the approval of others.

In addition, their sister Li Feng had made it clear that they would not refuse their behavior a long time ago, so Caiwei and Caixia took the initiative again.

"You can continue to talk, I'm asleep." Fan Qingsheng closed her eyes when she finished speaking. She had actually noticed that there were occasional discussions about the sister-in-law in the fairies group.

She remembered Gong Qingyu saying that sooner or later the sisters would join the group chat like Li Feng.

The meaning is already obvious.

In the darkness, the two sisters looked at each other, each a little shy.

With the recognition of the girls around his brother, they will...be with him in the future and never be separated.

Chapter 3532: Nobody helps Fang Xue

the next day.

"Where is the little princess?"

"Still asleep, Caixia and I will go and help the princess over."

Li Yun and his party packed up their things, closed the doors and windows, unplugged the electrical appliances, and took the sleeping little princess together, got in the car together, and hurried towards Zhonghai City.

It's not surprising that everyone is in a state of sleeping again. In the words of the little maid Qingzhu: When she wakes up from sleep, the princess is back in Zhonghai City again. It's great!

Everyone laughed. Ever since the little maid knew that Princess Yongning had met with Master Linglong 400 years ago and was a proper elder, she seemed to have become very respectful of the princess, and her name must be princess. Princess's.

However, the tone was very respectful, but there were not a lot of ridicules at all. It caused the little princess to look at her in awe several times, and once tried to use the majesty of the "elders" to deter her.

"Do you want me to drive you?"

Fang Xue came to see Li Yun off early in the morning. Like Li Feng, she returned to Zhonghai City after the Lantern Festival at home, so she might not see Li Yun for the next half month, so she missed it very much.

"No, Master Saint will drive."

That's right, Fan Qing Sheng will drive!

"Okay... Then, what else do I need to prepare?"

"Okay."

Seeing Xiao Baixue's suffering, Li Yun just hugged her and kissed her on her small mouth. The two kissed so dimly that Li Yun let her go.

"If my little Baixue misses me, he can go to Zhonghai City to find me on the third and fourth day of the Lunar New Year, and wait until the ninth and tenth day of the year to come back to eat the Lantern Festival."

Li Yun shaved Fang Xue's blushing cheek and smiled.

"The third and fourth day? No, no~"

Fang Xue, who was a little confused by the kiss, blushed and shook his head and refused, "I'm going to my grandmother's house on the fourth day. At least...the seventh day is free."

"Then come on the seventh day."

"The seventh day of the seventh day...I'm going to a class reunion on the seventh day."

"The tenth day?"

"On the tenth day, I, I'm going to visit my elementary school teacher!"

"Okay, let's go to the sixth day."

"what?"

Fang Xue, who had failed arrogantly, was forced to accept the agreement to find Li Yun on the sixth day. It was gratifying.

"Okay, let's go, remember!"

".....Um."

Fang Xue watched Li Yun's car leave. After a long while, she realized what: If I go to find him, I will definitely be thrown into the bath by this bad guy, right?

—Last time Shangguan Lingxian took a few pictures of the baths to the group. The most recent topic of the fairies was this open-air bath.

Fang Xue had already experienced the taste of a bath last time, knowing that if the villain Li Yun came together, a bath would definitely take two hours to start.

"But... except me, who else? Qing Yulianyi? They came back only after the Lantern Festival, and so did Li Feng. Little Chili was in Eastern Guangdong, and Feiyao returned to Qinglei Valley. They might not be able to come back after the Lantern Festival. Participating in the Lantern Festival Gala, Xiao Liuli is very busy. Xiao Liuli has to return to Jinsheng Pavilion to accompany her mother, and it will take a month before she can return."

Fang Xue broke Bai Nen's fingers and counted it over and over again, but still couldn't find the second person who could take a bath with her.

In other words, on the sixth day of the sixth day, she will face Li Yun alone!

"Do you want Xiaoqian?"

Fang Xue barely remembered Nie Xiaoqian who had been hiding in Li Yunxian's mansion, and her entire face was wrinkled.

After all, a Nie Xiaoqian, plus a Fang Xue, is not enough for Li Yun to toss!

"Woo, it would be nice if Master Saint and Senior Linglong were with us."

Colonel Fang didn't know that Fan Linglong had been eaten and wiped out.

Chapter 3533: New Year's Eve, go home

Li Yun's car was still leading the way, and the Lady Saint drove behind, and a group of seven rushed towards Zhonghai City.

On New Year's Eve, returning home is like an arrow.

For those who have not experienced it, it is difficult to imagine what it would be like to be stuck in traffic on the highway.

Anyway, Li Yun left after eating breakfast at 8:30 in the morning, but it was not until 4:30 in the afternoon that he finally returned to Huangting Mountain!

Everyone breathed a sigh of relief the moment they entered the villa and parked the car in front of the villa.

It's too congested.

Canned sardines have tears!

"Finally here, woooo~"

The little maid Qingzhu got out of the car with tears in her eyes, rubbed her numb butt, and complained: "I knew we would fly over with the sword, so it would be faster~!"

"Stop complaining, hurry up, and try to get dinner ready before the Spring Festival Gala begins!"

Li Yun moved a lot of things down and urged this group of beauties.

Fan Linglong looked at the black villa, and now he couldn't be lazy.

"Hey? Why doesn't the villa turn on the lights?"

The little princess also woke up early. Qingzhu's previous prediction failed. After waking up, the little princess ate lunch in the car and took a nap for another hour before returning to Zhonghai City.

"I let the servants and bodyguards go back."

Li Yun shrugged, "We will spend our New Year in the villa tonight...Wait, there are few people!"

"Senior Young Girl?!"

Li Yun shouted at the only room in the villa with lights on.

"Not here!"

"..."

It seems that I can't count on it.

Li Yun asked them to move things into the villa. Because of the lack of manpower, even the little princess Yongning was forced to work, but she looked happy, unlike a senior who had known to be lazy after living for hundreds of years.
n/ô/vel/b//jn dot c//om

"Why do you see me? I'm also helping!"

Fan Linglong was really lazy, waved his hand and used a spell to throw all the new year goods back into the villa lightly, making several little girls look in surprise.

"You first go back to the kitchen and prepare some things. By the way, prepare to paste couplets and respect your ancestors. Do it first. I'll be back when I go!"

Li Yun called someone, then quickly left the villa and walked towards the top of the mountain.

"By the way, I forgot about one person!"

Just a few steps out, Li Yun stopped and patted his head, and quickly summoned a female ghost...cough cough, that is, Nie Xiaoqian, or Pan Suyi.

"The son?"

Nie Xiaoqian was a little confused when she was out. She first glanced at the son, and then around, only to realize what place it was.

"Xiao Qian, don't want to be lazy, go and prepare New Year's Eve dinner with them!"

"what?"

"Ah what, go."

"Oh oh."

Nie Xiaoqian obediently followed Fan Linglong.

Isn't it the only one in the world who dare to call female ghosts to cook their own New Year's Eve dinner?

"Li Yun, have you returned to the villa?"

Before Li Yun reached the top of the mountain, Liu Xianxian called and asked in a very pitiful tone.

"Already back, how about you?"

Li Yun smiled, "Are you preparing for the show?"

This year is quite special. Liu Xianxian took the Spring Festival Gala show on CCTV. She didn't want to take it before. After all, for her reputation, she would go to the Spring Festival Gala casually.

Before that, Liu Xianxian kept resigning because she didn't want to record the show on New Year's Eve. It is more important to reunite with her family. Her reputation is already big enough.

But this year is an exception. Because of Penglai Island, many people hope that Liu Xianxian can go to the Spring Festival Gala to perform a show for everyone, and by the way a few words of blessing.

In addition, Li Yun also supported her to go, so Liu Xianxian finally decided to agree to the director's request for the Spring Festival Gala!

Chapter 3534: The Lonely Son

Originally, Li Yun planned to fly to the capital and stay with Xianxian, but Liu Xianxian was worried that so many girls around him, Cai Wei Caixia and the little princess all needed to take care of him, so he resolutely refused.

However, even though she refused, Liu Xianxian did not intend to give up her plan to spend the New Year's Eve with Li Yun. She had made sufficient preparations and was just waiting for the broadcast of the central station.

"Well, Li Yun, you haven't cooked the New Year's Eve dinner yet?" Liu Xianxian was waiting in a hotel not far from Yangtai. This is actually the reason why she hates going to the party. It has to be done a long time in advance and has to practice twice. To prevent accidents, the director can directly call up the video of the exercise and broadcast it to audiences all over the country.

Although I can understand it, it is still annoying.

"It's fast, it's been stuck in traffic for a long time."

"Hehe, it's miserable."

"How about you? Have you eaten?"

"Well, don't eat, just deal with it, and eat a big meal later!"

"Oh?"

"If you don't tell you, you will be shocked later!"

The two chatted sweetly for a few minutes. After Li Yun reached the top of the mountain, Liu Xianxian reluctantly hung up the phone and said that he would call Qingyu and the others. do what.

She also plans to collect all the videos in the group and keep them as memories~.

How can I say that this year is the first New Year's Eve since they and Li Yun were together. It is worth remembering!

"Well, it's hard work." Li Yun comforted: "Wait for a few days and you will come back."

"Hmph, it's not just a few days later, hang up first, Li Yun, go and prepare New Year's Eve dinner!"

"?"Nôv(el)B\\jnn

Li Yun was a little puzzled, but the palace castle was right in front of him, oh, now it has become Gong Lianyi's castle, temporarily loaned to that saint Xiaosu.

Of course, this luxurious castle with a value of tens of billions and covering an area of 1,000 acres, located on the top of Huangting Mountain, is also dark tonight. All the maids and bodyguards have basically gone home. The entire Huangting Mountain lives here except for their homes. In fact, only some security guards are still patrolling.

"Xiaosu!"

Li Yun looked at a room on the third floor with the lights still on, and flew directly to the window. He was about to knock on the window, but saw sitting alone on the sofa, his whole body curled up in the blanket, only a pair appeared. The Son of Godless Eyes.

She seemed...in a daze.

This is a rare scene, because since she jumped from a tree in the illusion of Taohua Village, her expression has changed more and more obviously, and she looks proud every day.

Such a lonely look is really rare.

Li Yun couldn't help but think of the young girl, who was also sitting alone on the large stone pillar of the Nine-Tailed Fox Temple, looking up at the bright moon, letting the moonlight shine on him.

The feeling of desolation and loneliness, the sadness of eternal death, is difficult for modern people to imitate, even the Fan Linglong, who has gone through hundreds of years, cannot imitate the sadness of Qingnv and Saint Xiaosu.

These people who survived the ancient times seem to have been discarded by the times. Even if they are still alive, they are like people independent of the world, unable to integrate into the ordinary society of normal people.

Li Yun couldn't even imagine that if there were no close people around him, Fang Xue, Li Feng, Gong Qingyu, Xiao Mingzhu, Fan Qingsheng...

Wait for many girls, all buried in the ground one by one, what should he do at that time?

How sad it would be.

Chapter 3535: Wan Jia Ding Huan

Taking a deep breath, putting away the inexplicable distracting thoughts in his mind, Li Yun reached out and knocked on the window.

"what!!"

The blonde little loli inside was obviously taken aback, turned her head and saw that it was Li Yun, the feeling of loneliness on her face disappeared, and she turned into anger and said, "What are you doing? Just bullying the son, I won't Fly? Tell you..."

"Open the window!"

"what?"

"Open the window!!"

"What the hell... ah!"

As soon as the blond son opened the window, Li Yun stretched his arm around her and hugged her directly from the room, just like the Rapunzel in a Dini movie, and Li Yun was the prince.

The handsome prince.

"you!"

The blonde loli blushed, she had been alive for so long, and it was the first time she was embraced intimately by a man... It was like hugging a child, her armpits were held by her big hands, she was ashamed to death!

What's even more annoying is that after she reincarnated on her own terms, even her mind became a child, and she wanted to be hugged by someone at every turn...especially for the bad guy like Li Yun to hug it.

"Don't you, you, the so-called going to the countryside, you understand? Tonight is Huang Xuanguo's New Year's Eve. If you live alone tonight, you will be too lonely... Even if you spend the New Year outside or here, you have to be with others. together."

Li Yun looked at the front of the sofa where she was sitting before. After seeing a hot water bottle and a bucket of instant noodles on it, three black lines suddenly appeared on her forehead: "On the 30th night of the New Year, you tell me you Eat instant noodles?"

"What's the New Year's Eve? What happened to instant noodles? How good is instant noodles!"

The blonde loli still had a stiff mouth, but her hands hugged Li Yun's neck tightly, hanging on him like a golden koala.

Before, she did feel a deep loneliness.

After the resurrection from the ancient times, no one knew anyone in the world. This kind of loneliness in the heart became stronger after the maids and bodyguards of the castle returned home for the New Year.

If it weren't for Li Yun, she could spend half a night on the sofa in a daze, and then unconsciously close her eyes and go to sleep.

"It's still stiff."

Li Yun stretched out his fingers and flicked her chubby baby cheek. After closing the window, he took her directly down the mountain regardless of the instant noodle bucket on the table.

"What are you doing?" Shengzi Xiaosu struggled again, she didn't want to be pitiful by her own "God Envoy", and she didn't want others to see her as a person on New Year's Eve!

God, no, Son, there is no need for reunion or warmth!

The Son was originally a lonely preacher, he was... Ouch.

Li Yun, the **** envoy, pinched her face again!

"look."

Li Yun took his son Xiao Su Fei in the midair of Huangting Mountain, holding her small **** in one hand, and her baby fat cheek in the other, and let her look at a brightly lit castle next to her. It was a coincidence. This is exactly the castle of Xiao Mingzhu.

It's just that Xiao Mingzhu will spend the New Year's Eve on Huangting Mountain with her parents and the clan of the Xiao family tonight, so she didn't go with Li Yun.

"What are you looking at?"

"Look at the prosperity of the world!"

Li Yun used a rather literary vocabulary, then turned around, and let the son Xiaosu see the brightly lit Zhonghai City in the distance. The bright high-rise buildings give people a strong smell of fireworks, which is the so-called so-called Mortal and prosperous.

The high-rise buildings in big cities and the markets where people come and go to buy New Year goods in small counties can both represent the prosperous society, but they have another feeling.

Li Yun likes both, and I believe Qing Sheng is the same.

Chapter 3536: Summon the Son

"I....."

The son Xiaosu was obviously shocked by the lights in the distance. What a sharp contrast between the excitement of the city and the deserted past that she had shrunk in the cold room just now, waiting without consciousness.

Isn't she resurrecting from a place of sleep just to feel the world, to feel the world where people are alive, so as not to let her soul die?

Sleeping for too long will make people's brains rusty, become ignorant and unable to sleep for a long time.

People are like this, and so are gods.

As long as they are wise, they can't endure loneliness, and the desire to communicate is always there. Even the high gods will sit in the kingdom of God in the clouds, listening to the prayers of mortals, or descending the saints to experience the world. bustling.

"All right."

Li Yun hugged her and flew quickly to Villa 36, saying, "Isn't that just to join us in the New Year's Eve dinner? The ancient ***** even had a dinner with the twelve saints, right? ?"

".....puff."

The saint Xiaosu couldn't help laughing and punched Li Yun with a small fist: "Who told you about this? It was ***** who had a meal with 12 believers, and then...well, forget it, don't say it. It's been two thousand years."

"?"

Li Yun wondered if she was being arrogant again, but forget it, finally brought this awkward guy down, so it is difficult to bring a child, and a child who is in the rebellious period, it is even more difficult to bring it!

When it fell to the ground, the son Xiaosu immediately adjusted his appearance, looked at the brightly lit villa 36, nodded restrainedly: "Well, since God has asked you to invite the son, I will come to the New Year's Eve. Then I will reluctantly attend the dinner party to have fun with the believers~"

"..."

Li Yun took a deep breath, barely suppressed the desire to beat her, and respectfully made a please gesture: "Master Shengzi, please~!"

"Yeah~."

The blonde loli walked proudly into the villa hall wearing pink slippers.

The busy women all looked over, and for a moment, this loli felt like she was about to run away.
n/ô/vel/b//jn dot c//om

"Go and help."

Li Yun patted her little head and said with a smile: "It's not good to eat free meals. Let's all help!"

"Don't call the Son of God!"

"It's Xiao Su."

The blonde loli had no time to protest, Caixia ran over happily and took her hand together, "Xiaosu, come and help to paste the couplet, this house is too, too, too big! Just sticking a horizontal batch in each room It will take a long time. By the way, do you want to post your big castle?"

"Well....."

Saint Lori nodded with her finger and thought for half a second, "Posting is also possible, if you must request it."

"Okay, okay, let's go together, Sister Saint, shall we go? Let my brother and Sister Linglong cook the New Year's Eve dinner!"

"Huh? Me? I'm going to post couplets too!"

"Sister Linglong, stay here to help. Didn't you say that there was a super delicious snack in ancient times?"

"Woo."

Fan Linglong's lazy plan failed again, and Li Yun was caught in the kitchen, and the female ghost...that is, Pan Suyi, cooked New Year's Eve together.

Naturally, Li Yun couldn't run. He just wanted to walk into the kitchen, when Caixia at the door screamed again: "Ah, Xiao Xiao, you are finally here! I have called you several calls!"

Li Yun turned his head and saw that, as expected, the real little Lolita is only eight years old this year. No, Shan Xiaoxiao, who is almost nine years old, and her mother, Shan Ruqing, walked inside the door carrying big bags and small bags.

Chapter 3537: Shan Ruqing

After seeing Li Yun, Shan Ruqing's cheeks immediately showed a blush, a little shy.

The reason is very simple. She came to Li Yun's house with her daughter to spend the New Year's Eve together. This is very telling. Only the closest family members will spend the New Year's Eve on the New Year's Eve.

Shan Ruqing once saw an incident. It was about a family where his parents were divorced. His son usually lived with his mother. But on the 30th day of the New Year, his father called him to spend the New Year together. He did not go home to spend with his mother.

As a result, when he went back the next day, his mother let him go coldly. Finally, the son apologized for a long time before the mother cried and said how sad she was that night. If the son does this again, she would rather die than live!

From this, it can be seen how lonely it would be if the closest person abandons himself and is no longer around on the 30th night of the New Year.

It is true that something can still be understood without going back, but if you have the conditions and don't go home for the new year, a family will easily fall apart and become emotionally cold.

Shan Ruqing was notified by Li Yun that when she celebrated the Chinese New Year together tonight, she had no intention of rejecting it at all. Rather, after receiving Li Yun's notice, she was relieved and she was suddenly expected to meet her heart. Occupied by happiness.

She hasn't Chinese New Year for a long time.

In the past, I only celebrated the New Year with Xiaoxiao. The New Year's Eve dinner was just simple. Even the couplets were posted and it was finished. There was no so-called fireworks display. After dinner, we watched the Spring Festival Gala together, and went to bed after watching.

This New Year is completely different from the one she spent when she was a child.

But this year was different. Li Yun not only invited her and Xiaoxiao, there were many girls around him, and everyone had a reunion together, which was a very lively New Year.

"Li Yun, here I am!"

When Shan Ruqing stepped through the door of the villa with one foot, the smile on the beautiful Yu Jie's face couldn't stop.

But Li Yun's next sentence made her smile freeze:

"Ruqing? I finally came, come here! The New Year's Eve dinner has just started. If it is too late, I will finish the 36 dishes before the Spring Festival Gala!"

"Thirty-six... dishes?"

Shan Ruqing almost doubted her ears.

"Of course! You don't look at many people!"

Li Yun smiled and said, "Come on, by the way, there is still someone who refuses to come down on the second floor. I'll call her!"

Shan Ruqing looked around and nodded silently. There are so many people and so lively~!

There are two kitchens, like Nie Xiaoqian and Fan Linglong. There are several young girls, Caixia Caiwei, Yongning little princess, Fan Qingzhu, her daughter, and the saint who led the team to the top of the mountain, plus one she hasn't met yet. , The son Xiaosu who only knows from the group.

Of course, Shan Ruqing knows that these people are far more than that, so counting, 36 dishes are really not many.

This is indeed a big project, but it will definitely be very lively.

"it is good!"

"Yeah, mom, go cook, and I will post couplets with my sisters!"

Shan Xiaoxiao quickly became one with Caixia and the others, and ran to the top of the mountain with a bunch of things smiling. The son Xiaosu was trying to "usurp" the leadership of this team, striving to make all these girls become her believers.

Li Yun couldn't laugh or cry, nodded to Qing Sheng, let her take the team up the mountain to paste the couplet.

On the other hand, he made another call to someone before he came to the second floor and dragged the young girl who was lying in the room downstairs.

"What are you doing? I'll just wait for dinner!"

"Think beautifully, come and help!"

"Wait, wait, isn't there a performance during the New Year's Eve dinner? I perform, isn't it okay for me to perform on stage!"

Chapter 3538: Su Daji is still praise

Like Fan Linglong, the young girl tried to escape the pain of making New Year's Eve dinner.

Li Yun's eyebrows throbbed, "Just you? Still performing talent?"

If the young girl, like Xiaosu, the saint son, has also reincarnated as a child, perhaps her exaggerated and perverted charm skills will surprise everyone when performing talent.

But now... she is completely a forty or fifty-year-old aunt!

Even the figure is chubby, without the appearance of a peerless beauty, Li Yun wonders if the system is spoofing him, even this young girl has a good impression of the ancient aunt?

—Before turning off the favorability system, the system also specially reserved a favorability rating for the young girl. It is now 70 points, which is better than ordinary friends, but it hasn't been moved for a long time, and the favorability rating can't rise at all.

"What do you know!" The green goddess became angry. "In order to make me laugh happily, an emperor specially lit the beacon tower's smoke, which attracted the princes from all walks of life to lead soldiers to come, so I am willing to smile... "

"Okay, okay, you're talking about praise, didn't you say that you are the nine-tailed fox Su Daji?"

"It's all about the same."

"Almost your size!"

Li Yun took her to the kitchen, "Even the strong man in the Soul and Bright Realm and a female ghost were drawn by me, but you are still missing? By the way, there is a saint child!"

The ancient aunt who claimed to be Su Daji & Sa, was finally forced to enter the kitchen to help Li Yun cook.

"Is anyone else here?"

Seeing Li Yun's appearance on the phone from time to time, Fan Linglong couldn't help asking.

Shan Ruqing also looked over curiously. As far as she knows, the sisters in the group have all gone home. Except for these "homeless" people who can only spend the New Year with Li Yun, there should be no one, right? ?

"There is one more...no, to be exact, two."

Li Yun glanced at Fan Linglong meaningfully. The latter seemed to be aware of something. He was shocked, turned his head quite awkwardly, concentrated on cooking, and said, "Whatever you want, anyway... Tonight is the third year of the New Year. Ten, it's impossible to fight or anything."

Li Yun smiled, "They may not come yet, let's take a look."

After speaking, Li Yun sent a text message to someone: "If you don't come tonight, you don't have to come again!"

"I, I'm right now, right away, the next second will be ~~~!"

Said that the next second would be there, that person really appeared at the door of the villa immediately.

Shan Ruqing turned to look and found that she was a strange woman wearing a black trench coat, a very slim figure and a mask, standing at the gate of the villa.

After seeing her, the strange woman's eyes flashed unnaturally, and she took off her mask, revealing a pitiful but pure face.

"You are..." It was the first time that Shan Ruqing saw her. She felt a little strange. When did Li Yun have such a girlfriend?

"I, my name is Tang Anxi!"

"Tang Anxi!"

Shan Ruqing suddenly realized, "I've heard of you in the group, so it's you..."

"Well, yes, it's me."

Tang Anxi still couldn't get rid of her inferiority complex. After seeing Li Yun calling her again, she dared to walk cautiously into the villa and came to the kitchen door. He saw Li Yun and Ji in this large kitchen. A girl...and an aunt, are busy cooking.

"Finally willing to show up?"

Li Yun said angrily: "An Xi, come on, help together, wait for the New Year's Eve dinner, I think you should have nowhere to go tonight?"

Chapter 3539: Tang Anxi's happiness

".....Um."

Tang Anxi blushed and nodded, like a little wife, bowing her head respectfully to the people in the kitchen.

Nowhere to go does not mean she has no house to live in.

But on this New Year's Eve, she has no place for her soul to rely on. Only by coming to Li Yun can her lonely heart be comforted.

In the past, because of being in the same city as Li Yun, Tang Anxi could still fill her heart with sweetness, holding back her energy to do things.

But in this night of reunion with thousands of lights, the excitement that can be seen everywhere is like invisible nets, covering her, making Tang Anxi toss and turn, pace back and forth, and don't know how to resolve the loneliness in her heart.

In the past, she didn't think much about it, she just bought herself a little more good food for the New Year, and after eating, she would quietly shrink on the sofa to watch TV.

She never watched the Spring Festival Gala, because she couldn't feel what the gala said, what the New Year's Eve was like.

But this year...

Tang Anxi has been holding a heart since the winter vacation, looking forward all the way to the twenty-fifth of the new year. After the official holiday, she received Li Yun's invitation to celebrate the new year together.

It is difficult to describe her inner feelings in words, Tang Anxi almost excitedly took the phone into her arms, and rolled around on the bed and giggled for a long time.

But even so, at this time tonight, she still shy away from entering the villa, until Li Yun summoned her three times, Tang Anxi mustered up the courage to step into this villa-she actually came early in the morning Huangting Mountain is now, but I haven't come in until now.

"Okay, don't think too much."

Seeing her timid appearance, Li Yun smiled and said: "An Xi, don't have any psychological burdens, everyone will spend the New Year together tonight, and stay here until the Lantern Festival. I have already reserved a room for you!"

"Um... I, I have finished the new year, and then, leave again."

Tang Anxi blushed and nodded, and realized that she was not a person who kept her promise. Because of Li Yun's words, she broke her promise.

Originally, she wanted to make a career and then formally step into the door of Li's house.

But now it's just a new year, and her inner loneliness and loneliness have eroded her, and she has to come to Li Yun for comfort.

Otherwise, she doesn't know how to be lonely tonight-on the New Year's Eve, everyone has their own happiness, and she also wants their own happiness.

"Miss Tang, hello."Nôv(el)B\\jnn

Shan Ruqing stretched out her hand and smiled and said, "My name is Shan Ruqing, yes...like you, I also have a daughter, Xiaoxiao, who will be introduced to you later."

"Uh, good."

Tang Anxi was a little surprised, Li Yun didn't even let his wife go?

Shan Ruqing smiled without explaining too much.

In the past, she might still be surprised how people think about her, but now...she has gained Li Yun and happiness. What does it matter what other people think about her?

Whether she gave birth to a virgin body or not, it doesn't matter whether outsiders know it or not, it doesn't matter to her.

The important thing is Xiaoxiao, and Li Yun.

"My name is Fan Linglong." Fan Linglong only briefly introduced her name. If we get along more in the future, she will naturally know each other.

"Uh, hello."

"I am Nie Xiaoqian."

"Hello."

"..."

Tang Anxi met them one by one, with a respectful attitude. After officially starting to cook the New Year's Eve dinner, her face was the same as Shan Ruqing's, from the inside out, she showed a happy smile.

Chapter 3540: Last person

When Fan Qingsheng brought a group of young girls down from the palace castle on the top of the mountain, the Super New Year's Eve project was only halfway through. Fan Linglong decisively played a trick and asked Caixia to replace her. The price was that she would give her sisters in the future. The two teach some small spells.

Caixia and Caiwei, who had already coveted the superpowers in the news and the power possessed by their brothers and sisters, were immediately "lied", and the two sisters went into battle and replaced her work.

Shan Xiaoxiao watched around for a long time, and after realizing that her only cooking skills could no longer be used, she could only follow her mother and hand her something.

"Qingzhu, see if the fried chicken in the microwave is ready, take it out when it's ready!"

"Call me again... yes."

"Mom, big lobster! Little wants to eat big lobster tonight~~!"

"Can't eat yet, sacrifice to the ancestors."

After another busy time, by 7:30 in the evening, most of them were finally ready.

Li Yun didn't do too many rituals. Just as his grandfather was there before, he set up a table of dishes, eight sets of bowls and chopsticks in the living room of the villa, and lit three candles. He and the sisters took turns to pour wine and worship. .

After that, the women, also simply toast and worship, and then wait for the ancestors to finish their meal, and it will be over!

"I, I don't want it, right?"

Fan Linglong was a little awkward, "I am older than your eighth generation ancestor..."

She is not very entangled with her age now.

And this is true. It is estimated that the ancestors of the eight generations were three hundred years ago for thirty years for one generation, which is no more than the long years of cultivating immortals for more than five hundred years.

"Then you are the daughter-in-law of the Li family?" Li Yun whispered with a smile, and then Fan Linglong set off to toast, his face flushed slightly.

Also shy.

Shengzi and Qingnv have nothing to say, in the words of blonde loli: "It's over soon, I'm almost hungry!"

The young girl agrees.

Li Yun found that the two people showed almost no abnormality, and did not express any signs of each other's existence. They seemed to be neighbors. They did not have the so-called "friendship" that survived the ancients together, nor did they bother with each other. Hostile, not to mention the identity of the other party in ancient times.

When they met, the two did not even nod each other. They just looked at each other one more time, then turned their eyes away, and each was busy with their own affairs: the son Lori and a group of little girls were messing around, and the young girl was busy in the kitchen.

The performance of the two disappointed Li Yun, who was expecting some spark from their meeting.

However, it's New Year's Eve today, and if their enemies really make a fuss, it will not end well.[nô/vel/b/jn dot c//om](#)

"Dad, dad, can you eat it?"

After toasting the wine and burning the Ming coins, Shan Xiaoxiao asked impatiently.

"Bab Bab Baba, eat!"

Li Yun's other daughter, the Nine-winged Black Feather Butterfly, also fluttered and flew up and down, shouting happily.

The surrounding atmosphere is particularly vulnerable to black feather butterflies. Although she does not like ordinary food, it is good to eat occasionally.

"Don't worry, the ancestors haven't eaten it yet, wait until the firework burns halfway."

Li Yun pointed to the three incense sticks on the table, "At least five minutes...Okay, be patient, I'll go make a call!"

"Well, wait a minute."

Shan Xiaoxiao approached Shengzi Xiaosu and listened to her talk about the weird beliefs.

Li Yun did not stop the preaching behavior of the son Xiaosu, anyway, no one believed in a little loli.

He took out his cell phone and called someone, someone he hadn't contacted for a long time.
