Chapter 3771: Consequences of the declaration

On a global scale, how many plants and animals have been mutated due to the aura of Penglai Island?

100 million? 200 million? Or a billion?

Nobody knows.

Now humans can still have the absolute upper hand, and modern weapons can also effectively wipe out a large number of monsters, but more and more, more and more detailed data show that, on a global scale, the number of mutated animals and plants has exploded in geometric numbers.

And the most powerful mutant animals and plants constantly refresh people's understanding.

For example, in a tropical rainforest, someone photographed a strange python that was 100 meters long and was as huge as a train. It was entrenched on a mountain. The poisonous gas expelled could instantly melt a large piece of vegetation, occupying a mountain within a few hundred kilometers. King, wherever he went, no living creature dared to stop him.

In addition, there is a huge golden eagle soaring over the world. It has been witnessed in many countries. Every time this huge golden eagle passes over the city, it will leave a large shadow and bring endless panic to the locals. .

Jackals, tigers and leopards, and even the most inconspicuous mice and cockroaches, have mutated because of their auras.

All the media around the world have come to a consistent conclusion: if the aura continues to spread and there are no accidents, the monsters in the future will continue to increase and become stronger, and the hegemony of mankind on the earth will face unprecedented challenges.

But now, there is a **** in Sakura Country, saying that it can bring shelter and strength to those who believe in her?

How much shock will this cause?

No one can answer this question.

"Immediately block the media and prohibit anyone from publishing any news!"

As the overlord of Sakura Country, Aoxin is certainly not a vegetarian, so he immediately ordered it decisively.

It is too late to identify so many, so I can only block them all, block all the networks, media, telephones, telegrams, etc., all things that can communicate in Sakura Country.

This is not impossible, because the beautiful country has controlled many of the lifeblood of the cherry blossom country in decades, for example, the satellites in the sky, and many important network servers, all under their control.

Otherwise, how dare Aoxin claim to be the Supreme Emperor of the Sakura Country?

"Come on, it's too late."

The man broke out in a cold sweat, "The other party has apparently been conspiring for a long time, and immediately spread the statement across various networks as soon as he took action. The major domestic websites, news, and TV in Sakura Country are all broadcasting this statement... and foreign media. , And they are all reporting."

"damn it!!"

Aussie got angry, slapped the table fiercely, and cursed: "Hit me, mobilize the fleet, and attack the shrine fiercely. I see how many missiles their magic barrier can block us! Ten rounds are not enough, just One hundred rounds, one hundred is not enough, just throw a nuclear bomb!"

As soon as the word nuclear bomb came out, all Sakura people changed their faces again.

There are hundreds of countries in the world, and their cherry blossom country is the only one that has been bombed by a nuclear bomb...

And there are still two.

Now Aussie actually wants to throw a nuclear bomb to blow up Ise Jingu?

"no!"

Those congressmen who agreed with the prime minister before and frantically slapped the flattery, now all jump out to oppose them, blushing and having thick necks.

"Um?"

Ao glanced coldly, then suppressed the aura of these people.

"I'm afraid... the other party is prepared, and nuclear bombs won't work either."

A beautiful country official next to Aoxin smiled bitterly, "Sir, there is a paragraph in the other party's statement that is aimed at us."

"What are you talking about?"

"The Kingdom of Sakura is the territory of the Great God. Any foreign forces must leave within one day."

"...So bold!"

Chapter 3772: Global response

The whole world has set its sights on the struggle between Ise Jingu and the Sakura National Assembly.

However, with a statement issued by Ise Jingu and subsequent responses from the beautiful country, hundreds of millions of netizens around the world have turned their attention from the Sakura National Assembly to the beautiful country.

Seven billion people around the world know that Sakura is a son, a good son of a beautiful country.

If the son wants to fight, he has to ask his father's opinion.

This is not just talking about it, but it is written in the Sakura National Constitution and Law, as well as in the treaty with the beautiful country: the father is in charge of the war, and the son has no right to control.

Dad said he wanted to fight, so his son could go up and fight.

"Wow, the beautiful country is going to join the war?"

"Tsk tusk, after the end of the Second World War, it was the first one to dare to face a beautiful country with hard steel, looking forward to it, haha!"

"The first one? You are afraid that you have forgotten Huang Xuanguo. The United team that played well decades ago was forced to stop."

"Haha, there is a good show to watch!"

"Excuse me, how many aircraft carriers in the beautiful country park near the cherry blossom country?"

"Seventh Fleet, have you heard of it? At least 60 warships, hundreds of fighters, two aircraft carriers, and 100,000 soldiers."

"Hi! This power is enough to destroy a medium-sized country!"

"Otherwise, why do you think that the beautiful country has such a well-behaved son as Sakura country? Hahaha."

"Bangguo, stop cursing here, aren't you also sons?"

"The eldest son and the second son don't fight for favor, good deed, you are all sons."

"Hahahahaha, we Huang Xuanguo can hardly understand your idea of being a son."

Hundreds of millions of netizens are eagerly discussing on the Internet, just like a dance of demons.

I don't know who broke the news, saying that the one standing behind Ise Jingu was the original Superman Li!

In an instant, the online discussion became a bit lively. Everyone wondered if Li Chaoren would make a move, and why he helped Ise Jingu. Is it because Ise Jizakura, the Mikomi maiden, is so beautiful that he has a little thought?

"What coveting the beauty of the witch... these people on the Internet are saying that they have wronged me!"

Inside the Ise Jingu, Li Yun watched the news on the Internet, and said to Xiao Mingzhu as if emphasizing.

"Humph!"

Xiao Mingzhu groaned and didn't answer him.

"what?"

The little witch, who caused countless turmoil and caused hundreds of millions of people to eat melons, screamed, looked at Li Yun with a stupid expression, and said in a daze: "What is wrong? Li Yun, you are coveting my beauty, are you wrong? "

Xiao Mingzhu took a photo of her and sent it to the chat group with a text: This is the **** witch who is about to go to war with the beautiful country.

"puff!"

The girls in the group laughed.

They are very concerned about the situation here. After all, Li Yun and Xiao Mingzhu are in the Ise Shrine. If Li Yun kept saying that the situation is stable, at least five of them would immediately come to the Sakura Country to help him. work.

Li Yun twitched the corners of his mouth, and squeezed Ise Kamakura, who had straightened his waist, to sit back, "Okay, OK, I just came to help you because of your beauty... Ahem, no, it's not like that, it's just us. It's a friend, so I'm here to help you!"

"Hee hee~" Ise Kaminakura was very happy, and rushed forward, hugging his shoulder and rubbing, and said happily: "Li Yun, Mingzhu, we are good friends, right?"

"certainly!"

"Yup."

Both answered her, and Ise Jinzakura said happily: "Fortunately you are by my side, otherwise I don't know what to do. There is no one in the shrine now, so you are still by my side. ,Great."

Chapter 3773: Quiet

The battle was approaching, and the three of Li Yun and Xiao Mingzhu were half forced and half persuaded to make many priests and witches leave here, leaving only a small part of them unwilling to leave.

For example, Omiyajji, Hanako, and the maiden Owaka that Li Yun met when he came in, these people still stayed, and dedicated themselves to serving Mikami to spend the day.

After tonight, it will be a big battle, or rather than wait for tonight, the missile will drop from the sky in the next second.

Miko Hanako is only twenty years old this year. She is a maiden who has been growing up with Ise Jinzakura. She has been with her since she was a child. The two of them ate and lived together. It was not until Li Yun and Xiao Mingzhu came that Hanako Miko went there. The other sleeping hall is sleeping.

Therefore, she is more worried about Mikako's safety than anyone else, especially after she made all kinds of strong decisions and had repeated disputes with the outside world, Hanako's heart was very disturbed.

The matter finally came to this point. Mikako issued a battle declaration to the outside world. Anyone who dissatisfied can come and compete with her, and the battle between the two sides is about to start.

However, when something happened, Hanako calmed down instead.

"Mr. Li Yun still looks very calm so far. He must have made a perfect plan, right?"

Hanako cheered herself up inside.

Since Mr. Li Yun came, many major events have occurred in Ise Jingu, but Mr. Li Yun managed to solve everything. Not only did he catch the terrifying snake, he also helped Mikami gather three things. The artifact, successfully contacted the Great God.

Mr. Li Yun accomplished everything beautifully.

I believe this time, he will definitely be able to!

"Hanako."

Li Yun turned his head and looked at her, "Since the other party did not launch a missile, let's eat first. You can prepare dinner. Let's eat together tonight!"

"Yes, Mr. Li Yun!"

Hanako stepped back respectfully and went to prepare a sumptuous dinner to let these three people...

"I'll help too."

Owha Miko also left. As for Omiyaji, he has been in contact with Masato Uchiyama, always paying attention to news from the outside world.

"Nothing will happen, right?"

Xiao Mingzhu couldn't help asking after seeing various news on the Internet.

"Are you scared?" Li Yun smiled slightly, and took her small smooth white hand to give her some warmth.

"Not afraid, just a little worried."

Xiao Mingzhu hesitated, "Pretty Nation has several large bases here. The purpose is to safeguard the interests of the Far East and deter us Huang Xuanguo. Now that we have offended them, it is estimated that those bases have missiles, fleets, and all sorts of mess. Weapons are all aimed at us!"

How does it feel to be targeted by hundreds of missiles?

Li Yun didn't feel anything. Don't look at the missiles (guided missiles) being fast, but when they fall, they will actually emit light, just like a meteor.

For ordinary people, the power of missiles is beyond doubt, and they can't get away even if they see the flames on the bottom of the missiles.

But for a strong man like Li Yun, he immediately hides when he sees the flames of a missile, or runs far away. It is impossible for a missile to adjust its trajectory to a certain person. Even if it can be adjusted, it cannot keep up with Li Yun. The speed of such a strong man.

Therefore, unless it is facing hundreds of missiles falling at the same time, directly destroying dozens of kilometers of land and bombing the ground all at once, otherwise Li Yun will not be afraid.

Chapter 3774: Speculate

"Relax, I don't think the beautiful country will attack us so madly. No, it should be said to be precise that the beautiful country will not sacrifice its own interests because of other countries."

Li Yun said confidently.

"Do you think they can't attack with missiles?" Xiao Mingzhu frowned, "I don't think so. They are still willing to take a few missiles, and they are very likely to send a fleet to nearby seas to cooperate with military bases in other countries. , Threaten together!"

"They will even send more than a dozen large bombers or F35 fighters from Haowei Island, Penglai Island, and hover over Ise Jingu, threatening us. The beautiful country often does this kind of thing, I think It will definitely come!"

Xiao Mingzhu added another sentence, reminding Li Yun not to be careless, the beautiful country has invaded the surrounding countries of Huang Xuan country, such as the Bangzi country and the South Vietnam, and these two wars have also passed for several decades.

According to statistics, every ruler of a beautiful country will launch a war to protect their interests in the world. Now Li Yun openly supports Ise Jingu, and Ise Jingu has clearly stated that no forces are allowed to stay on the land of the gods. .

"They will definitely come, I guess it's tonight, maybe they will be able to see it soon."

Li Yun shrugged and said with a smile: "But I'm sure that the order to launch the offense will not come from the beautiful country, the White Palace, or the Ministry of Foreign Affairs, the President, etc. It is impossible for these people to sign it, or Issue any orders against Ise Jingu."

"You mean they only come quietly?"

"Yes, and it's 'unauthorized action'!"

"Haha, I understand."

Xiao Mingzhu said that he had guessed what the beautiful country would do next.

There is a high probability that they will send warplanes and warships to attack Ise Jingu, but they will not proceed with great fanfare, nor will they do it as an official.

The reason is that he did not dare to offend the "Li Superman" in Ise Jingu, and Ise Jinzakura, who was blessed by the goddess Amaterasu.

In fact, everyone can understand the practice of a beautiful country. As the most powerful country on earth, before on the earth, you can fight anyone you want, and you can control whoever you want. If you say that it is a garbage country, countless public opinions can control it. A country drowned online.

But now?

The Reiki era and the artificial intelligence era are coming at the same time. Fortunately, the latter is not so influential for the time being, but with the Reiki era are some resurrected ancient gods.

These mysterious and powerful creatures will inevitably pose a threat to the current status of the earth's boss of the beautiful country.

As we all know, the beautiful country has no history...

They also don't have the protection of gods, and the foundation of their faith is brought by immigrants. There is no religion in the beautiful country!

Yes, they are only the beliefs of Indian indigenous gods that were slaughtered by immigrants. If these indigenous gods really existed, it would be considered good if they did not destroy the beautiful country now.

Therefore, under the inference that the gods in the future will challenge the existing order of the earth with great probability, the beautiful kingdom will conflict with these ancient gods sooner or later. It is better to touch the details of the gods now and see how powerful the gods are. , Modern powerful weapons, and how much threat can they pose to the messengers of the gods!

If even the Ise Jingu where the messenger of the gods can't be destroyed, it means that modern weapons can hardly stop this top powerhouse, and can only rely on top superpowers, or people who are also the servants of the gods to fight against. !

Chapter 3775: Little Witch's Remuneration

"Ah, it seems that a lot of people are discussing it?"

During dinner, Ise Kanzakura finally saw the impact of this incident from her mobile phone—not because she went online to read the news, but because she saw the chat group that sister Mingzhu pulled her into. Everyone is asking her something with concern.

Only then did Ise Kanzaku react, and it seemed that this incident was very annoying.

Xiao Mingzhu's expression froze, and she held her two small hands, and said solemnly: "Sakura, you are now fighting a country and a half, and it's the most powerful country on earth. They People will be sent to stop you, planes, tanks, artillery, guided bombs, nuclear bombs, etc.!"

"Sakura, if you are afraid, I can ask Li Yun to come forward to you and make peace temporarily."

Xiao Mingzhu was really scared of this little witch, she had reached the point where she was now, and hadn't realized what was going on.

"Huh? Make peace? Don't make peace!"

Ise Jinzakura was confused, but she was also very hardened, and she refused directly: "Omikaze said, let me protect the shrine, and whoever comes will hit whoever comes. She fully supports me! Moreover, Omikami also said, if... Lee Yun Yun, if you help me, I will be in the future."

"What are you?" Li Yun held the chopsticks and looked at her in surprise.

"Did you contact Da Yushen again?" Xiao Mingzhu also asked.

"Hmm, yes, yes."

Ise Jinzakura became shy and slowly moved to Li Yun's side: "Just before eating, Omikami gave me an instruction. I took the Yata mirror to ask and got some enlightenment."

"Oh?"

"Omikami said, saying, tonight...well, let Li Yun help me these few days." Ise Jinying blushed.

"That's it?"

Li Yun couldn't laugh or cry, "Am I just helping you? Besides, I'm not helping you in vain."

He also has other purposes. Ise Jinzakura's friend is just one of them. Another important reason, of course, is to see how much impact the gods will have on the current earth after the resurrection...

"No, yes, yes, yes, then, yes, I have to give you... reward!"

"What's the reward?"

"The reward...is...me."

Ise Jinying, who was kneeling on the floor, finally came to Li Yun's side. After trembling and saying this, she poked her head, straightened her slender waist, her small mouth pouted, her eyes closed, panic He kissed him on the cheek.

The soft cherry lips were like sweet-scented osmanthus cake, with a slightly moist feeling, printed on Li Yun's cheek, near the corner of the lips, the little witch's kiss directly stunned him.

Xiao Mingzhu was also stunned.

"Omikami said, say..." Ise Jinzakura plucked up courage, her small face flushed, and her big eyes were full of shyness. "Say, the reward is to let me... marry you in the future."

Li Yun's heart swayed. A petite and lovely girl with a personality that fits his appetite very shyly and said that he would marry him. This is really...

"The reward is you...? This, this... can't it?" Li Yun still has a trace of struggle in his heart, his favorability system is closed, and there is another beauty, it is really...breaking!

"No?" Ise Shinying's heart suddenly fell, but out of trust in Li Yun, she did not confess to the other ordinary girls and escaped from the sadness after failing to confess. Instead, she puffed up her mouth, hugged his next door, and got together. In front of Li Yun, he asked at a close distance:

"why not?"

Chapter 3776: why not

why not.....?

To be honest, Li Yun didn't know how to answer!

Because in front of you there is a very cute, very loli, high-status, obedient, noble at the same time a bit stupid, and some stupid, very solemn when serious, and she is still wearing a holy red and white witch Serve, a girl who looks elegant and clear.

Such a little witch, holding your arm, with a pure face right in front of you, looking at you with big eyes aggrieved and trusting, waiting for your answer, most people really can't refuse her.

Li Yun is not an ordinary person, but he is an ordinary man!

"Li Yun, tell me why not?"

Ise Kami Sakura shook his arm, "Omikaze has said that you are a trustworthy person. In the future, if you help me, Omikaze will return to you in the future. Don't worry, Omikado will do what he says. Together, okay?"

She is looking forward to this happening.

Although she has encountered many things these days, it was the most carefree time for her. Li Yun and Xiao Mingzhu helped with everything, and in the end everything went smoothly.

Up to now, as long as she defeats the bad guys who are peeping at the shrine, she can spread the faith of Omitama with peace of mind.

"This...you have to ask your sister Mingzhu."

Li Yun pushed the matter to Xiao Mingzhu because he really didn't know how to deal with it.

The man just eats the bowl and looks at the pot.

Xiao Mingzhu gave him a white look, "Don't push me anything, I have no objection, besides, it's obviously you want to do this, okay? Duplicate man!"

Ise Kamakura looked at Li Yun again.

"Um... you are right."

Li Yun was silent for a while, and smiled helplessly: "I am indeed a duplicity. I am reluctant and lack the cruel courage. I turned around and left directly. Maybe next time I meet some woman, I will just cover my face. All right."

"Do you think you are Pan An, everyone loves you?"

Xiao Mingzhu hugged Ise Kamakura, "If it wasn't for the ignorance of the little maiden, who would like you, right?"

Ise Kaminakura still looked at him, Li Yun slowly closed his eyes, the complicated thoughts in his heart really made him unable to make a decision.

Eating in the bowl, looking at the pot...breaking words and getting fat, seeing one loves the other.

Waiting for words, it is difficult for Li Yun not to admit it.

"Sakura."

"Um?"

"This matter, let it go for now!"

Li Yun wanted to understand, and opened his eyes to look at her with a gentle look in his eyes: "Mingzhu is right. You are still an ignorant girl, and the decisions you make are all orders from your Great Imperial God to win me over. You have not actually made a decision that belongs to you."

".....What's the meaning?"

Ise Kamakura tilted her head to look at him, but she couldn't understand complicated words.

Li Yun's expression froze, Xiao Mingzhu chuckled and squeezed her small face: "Meaning, do you really like Li Yun?"

"Of course! I like you!"

"Love?"

"What is love? Don't you like it?" Ise Kaminakura leaned in front of Li Yun again, and said seriously: "I like to be with you, and with Mingzhu, the same. I like to chat with you and sleep with you. , I want to continue to do this in the future. If you do something that violates the oracle of Omi, I will also help you intercede and never directly execute Omi's orders...Is this not enough?"

The innocent maiden said the most direct and simple thoughts in her heart.

Chapter 3777: Innocent thoughts

For Li Yun, for Xiao Mingzhu, she can temporarily violate the oracle of the Great Royal God!

Even Xiao Mingzhu was moved, hugged her and kissed her fiercely on her little cheek, directly replacing Li Yun to make a guarantee: "Don't worry, Sakura, you will live with us in the future, since the Great God takes you as Remuneration...No, it is Li Yun who wants to help Ise Jingu as a betrothal and marry you, then he will keep his promise, and you will call my sister Mingzhu in the future!"

"Isn't it your sister who kept shouting before?"

"That's right, there are those in the group, you call their sister too! I wanted to pull you into the group directly, but... let's wait a little later."

This group is naturally the Fairy Society group, which belongs exclusively to Xiao Mingzhu, Fang Xue and others, and all of them are confidantes around Li Yun...

"Wait, Pearl."

"You are not allowed to speak! Indecisive guy, he will not accept what should be received, and he will accept what should not be received!"

Xiao Mingzhu wrinkled her nose, "Don't get me wrong, I said that the person who shouldn't be accepted is not that she is not good, but you are messing around... It's Song Xi, do you know? Tang Anxi is still barely okay, but Song Xi, you still think of a way to get it done!"

She used the word "know", but Li Yun still knew it.

Song Xi is indeed a headache person buried in Li Yun's heart, as if to remind him not to mess with so many girls, unless he can be cruel, and leave after a night, throw it away after playing, coldly. Ruthlessly no longer care about them.

Otherwise, provoking so many girls will only make him less and less energetic.

"I see!"

Li Yun took a deep breath, "I will take care of Song Xi's matter. I will talk to her again and give you an answer."

"That's right." Xiao Mingzhu smiled, "What about the little witch?"

Ise Kamakura looked at Li Yun again, and waited expectantly.

"...At least you have to wait for it to pass."

"Hee hee, good~~"

Ise Jinzakura finally smiled happily, as if finally married.

At this moment, Li Yun received a call, he quickly picked up the phone and went out to calm himself down.

Since there were more and more girls around him, Li Yun also knew one of his biggest weaknesses!

That is, you can't be cold-blooded and ruthless with girls, and you can't help but like them, whether they are tsundere, cute, stupid, queen, loli, younger sister, imperial sister, and so on.

Especially after these girls took the initiative to show their love for him, Li Yun couldn't bear to refuse, and he couldn't help seeing these excellent girls and throwing himself into the embrace of others.

"Perhaps, the little witch is really the last girl to follow me..."

For some reason, Li Yun had two twin sisters, Caiwei and Caixia, in his mind. They were also young and sweet girls who had a special affection for him.

Since they took the initiative to kiss him on the first day of the new year, and Li Yun talked with Li Feng again, the sisters are now expressing their feelings more and more boldly.

Li Yun asked himself, if they went to find another boy to fall in love now, he would definitely not be able to stand it.

The vow can be violated, but the girl...must take it!

"It's a scumbag!"

Li Yun couldn't help but scolded himself.

"What?" A man's voice came from the other end of the phone.

"Uh, no, General Xia is looking for me for something?"

Chapter 3778: For the witch

People who can call Li Yun at this time are naturally not ordinary people, nor will they be the confidantes around Li Yun. They all know that Li Yun is very busy now and will not call indiscriminately.

General Xia, also known as Xia Ming, is Xiao Mingzhu's uncle, and Shangguan Lingxian's brother Shangguanming's immediate boss. During the previous plane crash, he was in charge of commanding combat search missions and sent Li Yun and Shangguan Mingqian. Go to the forest to search and rescue.

Xia Ming is now the second person in the military of Huang Xuan. He has a very high status and has the right to special operations. At the request of Li Yun, he can mobilize a considerable military without the permission of anyone strength.

Including fleets, missiles, satellites, fighter jets, etc., as well as the Huang Xuanguo station on Penglai Island, the special forces of those supernatural teams.

That's why Li Yun answered the phone immediately after he called.

"What else do you ask? Look at the top of your head. Are there any fighter planes flying from a beautiful country?"

Xia Xia scolded with a smile.

Li Yun smiled, "I don't need to look at me to know that I haven't come yet, Ise Jingu is not so good to fight!"

"You are desperate enough to be a witch." Xia Ming said helplessly: "My niece is still with you? Did she agree?"

At this moment, Xia Ming still cared about Xiao Mingzhu's feelings, enough to show that he attached great importance to this niece.

"This... the pearl came in chaos. I didn't do it for Ise Jinzakura. I wanted to test the power of the gods and see at a close distance how much power the gods can display.

Li Yun was vague. His feelings were messed up. The more he asked, the more chaotic he was.

Just cut the mess with a sharp knife, this little witch will eat it in one bite...

Anyway, she was also delivered.

"Are you going to do things in Sakura?"

Xia Xia Ming understood what Li Yun meant, and he pondered for a moment, and said, "It's not impossible. It doesn't matter how many people die in Sakura Country. Just protect your little witch. Besides, behind Xiaori Country is their father's beautiful country. If you can Let the existence fight against the beautiful country and drive all their bases out, hehe... it's pretty beautiful when you think about it."

Chapter 3779: Countermeasure

"What do you mean doing things? I never do things."

Li Yun couldn't laugh or cry, "I originally wanted to spend my vacation and play with Mingzhu in the Sakura Country. Who knew I met Ise Jinzakura, and then I ran into the Yaki Orochi, and

finally... Anyway, let's do it now I don't know how the situation develops. After all, Ise Jingu is only Sakura alone. I don't know how much power she has. I can only wait to appreciate it."

"Appreciate.....?"

"Yes, appreciate. The power of the gods is not something I can guess." Li Yun shrugged, expressing that he really didn't know.

He also knew what General Xia called. He just wanted to ask more insider information so that they would be prepared and not be as passive as other countries.

"Be careful, the satellites have already detected movement in some bases in the beautiful country. It is suspected that a fighter plane has been sent over you. Please pay attention!"

Xia Ming solemnly warned: "The beautiful country's F22 and B-2 are both very powerful means of attack. The F22 is the world's most powerful fighter, stealth, high-speed, and carrying eight missiles. It is the strongest fifth-generation fighter!"

"Yeah." Li Yun returned.

"In addition, the B-2 strategic bomber, how do you say this... one can destroy a medium-sized country!"

Xia Ming was half joking and half serious: "Don't think I am exaggerating. The bomber has always been a weapon for our eyes. It was only in the last few years that we have studied it. Until it is powerful, you can say that it is a B-2. , You can blow up all the tens of kilometers of land nearby Ise Jingu!"

A strategic bomber is an absolute killer. If you let this thing attack wantonly, you can bomb a major city in a medium-sized country in just a few flights.

This is also one of the reasons why the beautiful country can be so arrogant and powerful!

The power of modern weapons has surpassed the imagination of ordinary people, not to mention the hands of beautiful countries, they also have thousands of nuclear bombs capable of destroying the earth!

Chapter 3780: Counterattack

Of course, the destruction of the earth only refers to the destruction of human beings and most of the animals and plants on the earth. Even if the nuclear bombs produced by humans are hundreds of times more harmful to the earth than a meteor, if the moon falls, that is the real thing. Of destruction.

"It's okay, let them come!"

Li Yun's tone was calm and confident, and Xia Ming was silent for a while before he smiled bitterly: "Now the power of you strong men is more and more beyond imagination. I don't know what it will become in the future, Li Yun, hope You can support the country as always, this is my truth!"

"I'm Yan Huang Zisun. I don't support my country, who do I support?"

Li Yun's words relieved Xia Ming a lot. At least so far, there is no conflict of interest between the two parties. The only thing to worry about is whether there is a **** of Huang Xuanguo standing behind him...

From some of the magical items he took out, it was almost certain.

"it is good!"

Xia Ming suppressed other thoughts and solemnly said: "Li Yun, I have already sent a report and sent three flying formations to hover around Ise Jingu. I can support you at any time. I will call you the leader of the team later. It's up to you to direct them, do you want to counterattack the beautiful country..."

"and many more!"

Li Yun hurriedly interrupted him with a weird face, and said, "Ise Jingu is the airspace of the cherry blossom country, right? If you come here with a big fanfare, you will definitely be discovered!"

"who cares."

Xia Ming shrugged and said with a smile: "In this situation, there is no point in talking. The Sakura Country condemns us, and we said that we are here to protect the overseas Chinese in the Sakura Country, that is, you Li Yun, and the beautiful country does the same. Besides, didn't your little witch signed a statement with the deputy prime minister? You asked him to write us a letter for help, just asking us Huang Xuanguo for help and fighting against the beautiful country together."

"This is fine too?"

"Why not? The beautiful country can invade other countries with a pack of washing powder as an excuse. The whole world knows its shameless face, but even if the whole world knows it, who dares to do it?" Xia Ming's words revealed domineering, "The country's In the final analysis, I still rely on strength to speak. The agreement signed in the peaceful era is only useful in the peaceful era. In order to protect and assist you, this operation was approved by a unanimous vote as soon as I proposed a plan. So, Li Yun, don't let you down Our confidence in you!"

What else can Li Yun say? Can only nod and say yes!

The unanimous vote that Xia Xia Ming said was the decision made by the big bosses in the capital, which represented the highest resolution of Huang Xuanguo.

"In addition, in addition to the flight formation, our aircraft carrier has also set off. Time is tight. It is estimated that we can only reach the nearby high seas late at night."

"Oh, yes, the latest news. Except for us, the country of Xiong and the country of Never Settling are all paying attention to this matter to varying degrees. They sent spying planes to fly over the country of Sakura from a high altitude. This time when the gods appear, other countries are also very concerned, you do well Prepare."
