

## Godly Choice 3801

Chapter 3801: jealousy

After holding Xiao Mingzhu, chatting with her for a while, and coaxing her to fall asleep again, Li Yun woke up cautiously.

Can't get up, after all, he and Xiao Mingzhu really made a mess of this little witch's bedroom last night, so they have to clean up.

Not to mention, at least wipe off the water stains on the floor, and then tidy up the messy sheets and clothes.

Of course, the most important piece of white fabric must be put away, and there is a red peony embroidered by Xiao Mingzhu on it, which is very beautiful.

After finishing packing, Li Yun went to have breakfast, and then went to the Imperial Shrine to take a look at Ise Jinzakura who was praying. The little maiden who put on solemn clothes had not finished her morning prayer. It is estimated that everything was reported last night For the sake of the goddess of Amaterasu.

Li Yun didn't wait much, and returned to the sleeping hall to accompany the sleeping Xiao Mingzhu.

He took out his cell phone and glanced at the chat message, and found that many people had sent him messages.

Colonel Fang: "Congratulations to the pervert, did you get what you wanted? Huh! Mingzhu must be exhausted now. You have to make up for her today and cook some thick chicken soup to help her strengthen her body."

Li Yun: "[Khan] Xiaoxue how did you know? Don't worry, you will."

Colonel Fang returned quickly: "Mingzhu said in the group last night, 'I'm going to feed wolves with my body.' Everyone guessed it, right?"

Li Yun: "Haha...what wolf, why don't I know?"

"Huh, if you get a bargain, you can still sell well! How about? Are you satisfied with such a beautiful girl as Mingzhu? Big bad guy."

Li Yun knew that Colonel Fang must be jealous now. If she didn't coax her, she would be jealous from today until the Lantern Festival until he went back to see her.

Fortunately, Fang Xue was not an unreasonable person. After chatting with Li Yun for a while, she soon went offline.

At the same time, Li Yun was chatting with Gong Qingyu and others.

"After eating Mingzhu, only Shangguan Lingxian is left beside me?"

Gong Qingyu's tone did not show a sour tone, and even helped Li Yun analyze the situation seriously: "This way, you will be one step closer to your beach party plan, right?"

Not jealous, but this sour meaning is simply floating across the ocean from Nakakai City to Ise Shrine!

Li Yun quickly replied: "Nonsense, what party, Qingyu, don't talk nonsense!"

"Don't remember? Then let me remind you! At some point, when someone was with me, Aunt Lian, and Xiao Jiao, Xiao Liuli, Feiyao, when our legs were weak. When I got up, I said vigorously, I want to go to the hot summer beach with the girls around me and have a grand private party. Only us girls, and some big bad guy, big pervert!! "

Gong Qingyu spoke out the plan that Li Yun had accidentally said at the beginning.

"Have it?"

The fool admits it.

"Well, if it doesn't, I won't agree to a party for three years." Gong Qingyu said lightly.

"Yes!"

Faced with threats, Li Yun was ashamed to be a fool, decisively acknowledging his ideals.

Yes, he just wanted to take the girls around him on a luxury cruise ship-he must have bought it with money, and then sailed all the way from Zhonghai City, passing through several countries, in a prepared private beach villa Carnival party.

Chapter 3802: Champagne's ambition

Finally, the cruise ship sailed to some famous holiday islands on the sea, such as Maldives, what good Weiyi, oh no, Penglai Island, etc., play for half a month and a month, preferably a whole vacation, such as summer vacation, Li Yunhe The girls around are spending time in cruise ships, islands, and villas.

Enjoy champagne, coconut milk, beach chairs, go surfing, snorkeling, and all kinds of wonderful things.

Anyway, it's a grand cruise ship-beach carnival party.

Of course, the participants were all girls around Li Yun, well, he was the only man...

Cough cough cough cough!

If this dream is really realized, Li Yun will be fulfilled, and he will be able to pursue Xianjia Avenue without hesitation in the future.

"Humph!"

Gong Qingyu continued, "But don't get too proud of someone too early. I remember that there were two saints who went to Huangting Mountain on New Year's Eve, right? Three to be exact? If Mingzhu didn't say anything. Wrong words."

Three? That must be Wan Qing concubine, Wan Qing Ya, and their master Wan's neon clothes.

Gong Qingyu said again: "Of course, there is also our noble and cold Lord Saint. Someone is really a bird. If the beast wants to take the Lord Saint to the cruise ship to play together? You also need to drive with the Lord Saint. Party?"

Li Yun swallowed. If Qing Sheng really wants to go to a beach party with him... he can't even think about it!

"The person you are talking about is definitely not me!" Li Yun firmly refused to admit it.

"Hmph, guys who dare to think but dare not be!"

"Huh? Do you really miss Qingyu?"

"Ghost thought!"

After chatting with Gong Qingyu for a few days, she finally got rid of her jealousy.

In fact, this genius and proud girl is more jealous than anyone else. At least now Fang Xue has been jealous, but Gong Qingyu is still jealous. If Li Yun doesn't chat with her much these days, she will reply. She had to be dragged by her to the study to watch anime when she went to Zhonghai City, and just like that day, the two huddled together on the soft sofa to watch the animation, Gong Qingyu's jealousy would dissipate.

Then, Su Muxin, Xia Feiyao, Zhao Tianfeng, Hu Xiaomeng...and the two twin sisters Cai Wei and Caixia, and even the son Xiaosu knew about Li Yun and Xiao Mingzhu from nowhere, and also posted The news comes over.

After Li Yun responded to them one by one, it was almost noon.

It can be seen that chatting with a group of girls is also very tiring, especially when he can't enter the fairies and chat with them one-to-many-this kind of situation is not suitable for one-to-many chat, otherwise theirs I'm more jealous.

Fortunately, everything went well, Li Yun calmed down the vinegar jar at home.

"However, Gong Qingyu also reminded me that the girls next to me are indeed...have 'date' with me."

Li Yun counted it in his heart. Except for Hu Xiaomeng, the little princesses are only in the cardamom years because of their age. Except for Li Yun not easy to start, there are only the saints-two, plus the elegant and elegant, and Alice abroad. Your Royal Highness, Li Yun has not "dated" with them yet.

Of course, there is also a spiritual medicine fairy who should have been on the agenda long ago.

With this calculation, the girls around Li Yun can indeed take them to beach parties.

But if you include some other girls, such as Li Feng's sister and mother, Gong Qingyu's four maids in spring, summer, autumn and winter, Song Xi, Jin Liuli's mother, and the inexplicable young girl, plus the newly added Ise For Shenying, there are many more.

Chapter 3803: Miko Miko

At noon, Xiao Mingzhu was awakened by Li Yun. She thought she could sleep until the afternoon. But after Li Yun woke her up, she seemed to have no sleepiness anymore, so she just got up, her body was sticky and uncomfortable, and so on. Go take a shower after eating.

only.....

"What bad things have you done?"

Looking at these two people, Xiao Mingzhu said something inexplicably familiar.

"No, no!"

The little witch turned her head with a guilty conscience, indicating that she had done nothing.

"Really do not have?"

Xiao Mingzhu leaned in front of her with a smile in her eyes: "Lying is not a good boy~!"

"Um~~~~ a little bit~!"

The little witch stretched out a little finger and gestured a little distance, which was really a little bit bad.

"real?"

"Yeah, it's just a little bit bad!"

The little witch emphasized again, and then Xiao Mingzhu asked her to take out the mirror and take a picture of herself.

The little witch took out the Yata mirror and looked at her face, her cheek flushed a little bit more.

Her little mouth became ruddy because of Li Yun's intimacy just now, and it was a little swollen, and her little cheek was even more red. I don't know how many times she has been kissed.

"No, what is this?"

Xiao Mingzhu amusingly stretched out her finger and shaved her face.

Ise Jinzakura's face turned red again.

After returning from prayer, she returned to the sleeping hall and saw Li Yun sitting alone on the tatami.

Then.....

Just like what she said before going to pray, she kissed after she came back, and it seemed...to have kissed for an hour, during which Ise Jinying took a breath and took a break, she was afraid that Xiao Mingzhu would wake up many times, but in the end she endured it. Can't help but go to get in touch with Li Yun again.

The words she whispered out were: "Anada, Sakura really likes being with you."

The confession of the innocent witch is particularly moving.

Li Yun was also a little uncontrollable. In addition, he was just messing around with Xiao Mingzhu last night, and today is still a little greedy, so I chatted with Ise Kamakura and watched the news on the phone with her, while tirelessly intimacy. .

Until the Hanako Miko came in, reminding them that lunch was ready.

At that time, the Miko Hanako didn't even raise her head, because she knew that when Mikako went back to the sleeping hall alone in broad daylight, she must be with this envoy, Mr. Li Yun.

So she doesn't have to look, but also knows what will happen.

But after all, she couldn't help it. When she turned and left, she quietly glanced at the current expression of Mikako:

Blushing face, murmured, deeply affectionate.

All girls who fall in love should look like Ise Kamakura, as Mikamiko, is not at all, and because she is inexperienced in the world, the love expressed in the innocence makes her even more so. Very pleasant, that cute look, I really like it at a glance.

Li Yun kissed her so much, also because the little witch who looked like she was so cute.

In the stupid and cute, with three points of charm, with the noble temperament belonging to the goddess, and the gentleness belonging to the cherry blossom country and the nadeshiko, it is almost to Li Yun's love.

He now suspects that he who was restrained yesterday is really him?

The summary is: It's so fragrant!

Little Miko, Mikako, Ise God Sakura!

"Mingzhu, let's go, let's go eat."

"Yeah, Sister Mingzhu, walk around, let's eat!"

Ise Kamizura bowed her head shyly, afraid to look at people.

Chapter 3804: meet

"Mingzhu, have chicken soup!"

"You made it yourself?"

"Of course, loving my wife is my consistent fine tradition!"

"...You have a conscience."

Xiao Mingzhu's bright face flushed slightly. Last night, this guy tossed her for so long. Although she greeted her, she begged for mercy later. Li Yun, the villain, still refused to let her go!

I have to make up for it today!

"My mine, I want too~!"

Ise Jinying shook Li Yun's arm to act like a baby. She has been intimacy with him for more than an hour, and she has become more and more girlfriend-like.

Seeing this, Xiao Mingzhu couldn't help but smile and said, "Little Miko, I made up my body because of what happened last night...Do you want tonight too?"

Li Yun was taken aback, almost spitting out a mouthful of soup.

Mingzhu will also have color accents?

"Last night?" Ise Jinzakura blinked, "I did my best last night, as Omiya said just now, everything is over, no one in Sakura will dare to oppose us in the future!"

Xiao Mingzhu laughed aloud, and there was no way to communicate with the pure child.

"Ahem, Sakura."

"what?"

Ise Kamakura looked over, and Li Yun sternly said: "In the future, you must not issue some strange oracles. You must follow the previous rules. Of course, there must be certain changes. In short, don't make things angry and complaining. ."

".....what?"

"Forget it, it's none of your business anyway."

Li Yun decided to be too lazy to care, why should he consider the people of this island country? Besides, it's useless to think about it. Managing a country is not that simple, just let it develop.

Xiao Mingzhu smiled slightly and said, "Let's meet some people later, such as the Masato Uchiyama, and the parliamentarians who took refuge in last night, and the emperor."

"Are you not resting?"

"If you don't see them again, the outside world should say that Mikami is too arrogant."

After briefly chatting a few words about the current situation, the three of them quickly finished their lunch, and in a reception room of Ise Jingu, they met the upper-class figures of Sakura country crowded in the room.

To put it bluntly, more than 80% of the big figures in the Sakura Kingdom are all gathered here, waiting for instructions from Ise Jingu Mikako.

Therefore, after the three of Li Yun showed up, everyone's eyes swept over, and their eyes were filled with surprise, fear, and a trace of worship.

Sakura country only serves the strong. Ise Jinying defeated the beautiful country last night. Or, with the support of Li Yun and Huang Xuanguo behind him, he was forced to let the beautiful country accept the fate of leaving this country and withdrawing all bases. .

In fact, it is equivalent to Li Yun and Ise Jinsakura, both of whom have taken the place of the former beautiful country father!

"Dont look at me."

There was no expression on Li Yun's face. He didn't apologize for these deadly, stubborn, well-informed figures of Sakura Country, and basically had no good impressions. If it weren't for Ise Jinying, he wouldn't even bother to see these people.

Just take Xiao Mingzhu here for a tour.

"Mr. Li, you..." Masato Uchiyama was very anxious. He was eager to win the support of Li Yun and Ise Kamakura so that he could take the position of the new prime minister!

As one of the heroes who drove away the beautiful country and restored the independence of the Sakura country, Masato Uchiyama felt that he must be known for a thousand years-provided that he can sit in the position of prime minister, so that he can share the credit with Ise Jingu.

Chapter 3805: Division of theocracy

Li Yun said jokingly: "Our country has always not interfered in the internal affairs of other countries, and I did not participate in your messy things last night."

"what?"

Everyone was shocked, you still call not to participate? Didn't you stay at Ise Jingu all the way to \*\*\*\* Mikami?

"I'm just protecting my girlfriend Sakurako in the shrine."

Sakura, the proper name for the country of Sakura.

Ignoring the weird looks of everyone, Li Yun sat down leisurely and said: "I don't care about anything here. If you have something, tell Sakura if she doesn't know, ask me again and I will give it to her. Some opinions, you listen to or don't listen, whatever you want, I am not responsible."

"Why... Then I don't care."

Ise Kamakura also sat down and said angrily: "I didn't want to care about the outside world, but you were too hateful before, and you always wanted to disturb me!"

"No, it was done by the previous prime minister." A minister who had taken refuge in said quickly: "His Royal Highness, we have arrested him, waiting for your personal trial!"

"Grab him? Forget it, just give it a lesson." Ise Jinzakura said indifferently: "And you, don't bother me in the future, Omikami said, she doesn't want to care about your mortal affairs, Fangyuan A hundred kilometers is a sacred land, which will never change forever."

This group of politicians and parliamentarians shines in front of them, and they will never change? Doesn't it mean that Amaterasu really doesn't want to care about the mundane affairs of the outside world, just wants to maintain the faith of the people of Sakura Country?

In this way, there are too many operations!

They also don't have to worry about the power of theocratic power affecting the outside world, because theocratic power is also a kind of right. Some of these tycoons have ways to become priests of a shrine, and they still have power!

"It's better to make a contract."

Xiao Mingzhu made a suggestion and smiled: "Amaterasu, a contract with the people of Sakura Country."

"Miss Xiao, please tell me." Masato Uchiyama said respectfully. He didn't dare to look down upon this ordinary girl under twenty years old, who can still stand on the side of Ise Jinzakura. Everyone It's not simple.

Other congressmen and big figures also came to see it.

"My proposal is also very simple, only a few principles need to be followed:

First, theocratic power is theocratic power, and the political power is the political power. The two must not be related or collude with each other. Try to maintain the sacredness of theocratic power as much as possible, and also try to maintain the integrity of government and power for the people.

Second, within a hundred kilometers, the current appearance remains unchanged, but when the laws of the Sakura Kingdom conflict with the theocracy of Ise Jingu, the theocracy is the first priority. Anyone living here should know this. And you need to be responsible for relocating those who don't want to live here and let them live in a new place. "

Xiao Mingzhu said very carefully, but each item basically revolves around how to prevent Ise Jinzakura from being completely isolated from the outside world, and not to make her worry too much in the future. In order to achieve this goal, Ise Jingu basically does not What rights will be mastered so that troubles will not follow.

In the future, Ise Jingu will become the spiritual pillar of Sakura country, rather than the actual ruler. Whether she is a female prime minister or a pope, Ise Jingu is not a qualified candidate, she is suitable to be a passer-by The Mikami of the Omitama oracle.

From now on, just maintain a supreme position.

Chapter 3806: Happy

An hour later, the two sides basically reached a preliminary agreement that everyone was happy with.

Ise Jingu was formerly the faith of the Sakura Country, and now it has been further increased. It will be written in the Constitution and Law in the next assembly of the House of Lords and Lower House, and it is located in the first article, replacing the current "The Emperor is the Sakura Country." The symbol is the symbol of the whole nation of Sakura Country. The first is the preface, and the content is roughly like this:

Mikako is a symbol of the Sakura Country and a symbol of the entire nation of Sakura, and has the right to guide all citizens of the Sakura Country in accordance with the oracle of Amaterasu Omiko.

The word "guidance" has considerable ambiguity. You can say that Mikako's rights are so great that she has no rights at all.

But just the fact that Mikako replaced the emperor as the first article of the constitution is enough to prove that Ise Jinzakura's future status is definitely not low.

In addition, almost all the status and rights of the emperor in the constitution have become precarious.

"Mikami, I..." The poor emperor looked like he was about to cry.

He did everything at all, and he was kicked out. I'm afraid that he won't even be able to live in the palace in the future?

A thousand years ago, the emperor was still in charge of Ise Jingu, but now? Turned into a Mikami and pressed on the head of the imperial palace, even his status as the emperor was not guaranteed.

Because the emperor is the descendant of Amaterasu Omikami, and now the Amaterasu goddess has appeared in person, one by one the oracles are continuously passed on to Ise Jinsakura, and she has also given her three artifacts for self-defense.

But the goddess Amaterasu turned a blind eye to the emperor, and it seemed that she didn't remember her offspring at all — or whether she was a descendant, it remains to be verified.

Ise Jinsakura glanced at him, snorted, and said, "In the morning, I asked Omikami, and I told Omikami about something about you."

"Please speak."

Not only the emperor raised his ears and listened respectfully, but the other members of Parliament and ministers also looked serious.

After last night, no one dared to doubt or underestimate the power of the gods.

Just a Mikami who has been given power is so powerful, it is hard to imagine how much impact the gods will bring to mortals?

"Said the Great God!"

With a word from Ise Kamakura, the emperor's waist collapsed straight, but his head was drooping again, which was very weird.

"Say, it was Qiong Qiong Chuzun who was the son of an accessory fragment that she vomited out at the beginning, and it turned into a descendant, that is... Qiong Qiong Chuzun was the son of a son who was turned into an accessory fragment spit out by the Great Imperial God."

Ise Jinsakura spoke extremely convolutedly, especially the name of the person, the name "Joong Qiong Kuzun", most of the people in the house couldn't understand how it was written--some people heard it, but it was also silly.

This kind of name is not at all the names of people in the modern cherry blossom country, but the honorable names of the descendants of gods in ancient times. The weirdness is affirmative.

What surprised them was that the emperor was not a descendant of the goddess Amaterasu, but an accessory fragment that was vomited out by the goddess Amaterasu? !

Can accessories be turned into a person? Raised as children?

"puff."

Li Yun couldn't help laughing. Everyone looked at her, and even Ise Jinsakura stopped and said, leaning over and staring at him: "Anada...Ah no, Li Yun, do you know what? Refusing to elaborate

on what happened at the beginning, I asked her about it, but the Great God said...I don't want to say so much!"

Chapter 3807: The \*\*\*\* of accessories

Everyone in the room was shocked.

Mikami, you still ask the gods about these things, and Omikami doesn't bother to say it?

It turns out that when Mikami communicates with the goddess Amaterasu, they are quite casual, just like a family?

"I don't say anything, it's meaningless." Li Yun shook his head.

"Let's talk about it, I want to hear it!" Ise Jinying was acting like a baby again, and even Xiao Mingzhu looked over curiously.

"Okay...actually nothing." Li Yun simply said: "It was Omikami and her brother, Susanoo who made a bet. I didn't know how to smash the accessories that he carried with him. After spitting it out, it became a bet. Some gods, including the ancestors of the emperor of the cherry blossom country."

The emperor suddenly raised his head, looking proud and proud that I am a descendant of the gods.

But when Ise Kanzakura glanced at it, he hurriedly lowered his head.

In front of this \*\*\*\* child, the descendants of the gods are a fart. People can directly communicate with the gods, and his descendants don't know how many generations have passed.

"If Omikami bites his accessories, can he create other gods?"

Ise Jinzakura was full of surprise.

Li Yun shrugged, "What's this, isn't aura that can greatly catalyze animals and plants to become monsters? Humans are just a collection of a series of chemical reactions, and it's normal for accessory fragments to become gods."

Xiao Mingzhu couldn't help but laugh. Li Yun said it was far-fetched, but after thinking about it carefully, there is some truth to it. Is this the so-called strong word?

"Well, that's right~" Ise Kamizura beamed again, "Omikami's power is really strong, and it's so powerful what you do!"

Many councilors and ministers, as well as the emperor, nodded quickly.

Now they have no disagreements. The stronger the Omikagami, the better they can lead the Sakura Kingdom to the position of a global power in the future. In addition, they have signed a contract with the 100-kilometer God's territory, which will never change. that power.

Besides, this Mikoto... is a bit stupid, naive, and deceptive.

The only thing to worry about was the man sitting next to Mikamiko.

"What's next?" Li Yun knocked on the table, bringing the topic back.

"What's behind? Shouldn't you say later?"

"I'm talking about the views of the goddess Amaterasu about the emperor!"

Li Yun knocked the little witch on the head without annoyance, causing the silly big loli to whine, as if I was very aggrieved, and continued: "The Great God said that the emperor belongs to Qionggiongzun. Descendants, but Qionggiongzun has been dead for so many years, and now the relationship between the emperor and her is not big."

Ise Jinying glanced at the emperor again, and everyone looked strange. Doesn't it mean that the emperor can be abolished?

"Omikami, Mikami, me!" The emperor broke out in a cold sweat, and his life and death were controlled by Ise God Sakura's next sentence. How could he not be afraid?

If the emperor's throne is abolished, the palace will definitely not stay, the various privileges that the emperor possessed will also be taken back, and the company of the royal family will go bankrupt, and it will not be able to withstand such an impact!

It can be said that the life and death of thousands of people in the entire royal family are all tied to this moment.

"Originally, Omikami didn't want to care about you, but."

The emperor's heart fluctuated up and down with the words of Ise Jizakura, and it was extremely exciting.

Ise Jizakura continued: "After Omikaku knows the latest things, I think you can still maintain Ise Jingu, and maintain the faith of Omikami so that you will not be occupied by that little girl's religious beliefs, so you are especially allowed to take your sins and make meritorious deeds. , And cooperate with me in the future to execute the oracle of Omikami together."

Chapter 3808: Stand for crime

"Yes!"

The emperor agreed almost immediately, his face was so excited that he almost kowtow to thank you.

Li Yun is not interested in these, but rather interested in "Little Girl's Site".

There are a lot of women among the gods, including the Queen Mother of the East, the Seven Fairies, the Nuwa, the Lishan Mother, the Three Fairies, the Chang'e Chang'e, etc. There are also goddesses of wisdom, the moon goddess, the hunting goddess and so on in the West.

It's really difficult to determine who it is with just a "little girl".

However, Ise Jizakura's words can basically confirm one thing: Gods care about faith.

Although it seems like this is nonsense, which serious religion was not actively expanding after it was established?

Religion that does not expand has long been obliterated in the dust of history, and will not be known by people.

But to make sure that the gods are also concerned about faith, there will still be a lot of benefits. At least, if you know the weakness of a god, you may be able to engage in some sorrows in the future.

"The matter is over?"

Li Yun glanced at the crowd, "When the matter is over, let it be over. You can handle the rest of the details."

Xiao Mingzhu frowned, feeling that Li Yun was too anxious. She wanted to talk about him, but when she saw his faint expression, she seemed to understand something.

Maybe Li Yun didn't want to spend his time on these wrangling and messy interpersonal communication. It was enough to talk about the matter, and just leave the rest of the details to his subordinates.

As a powerful man like Li Yun and Ise Kamakura, they don't need to be like a businessman, politician, and politician. They must know every detail.

The strong only need to maintain their strength, naturally no one dares to offend them!

Thinking of this, Xiao Mingzhu closed her mouth again, decided not to care about this, and agreed with Li Yun's act of sending off the guests.

And very much agree.

"Mr. Li, do you have any suggestions for us?"

Masato Uchiyama hesitated and asked cautiously.

"What advice can I have? It's just from the standpoint of Huang Xuanguo. You may not listen to what I say."

Li Yun smiled.

Masato Uchiyama understood, and immediately said to everyone: "Then I will make a suggestion. The so-called heroic spirits enshrined in that toilet shrine should be removed immediately!"

In the room, many people's faces changed slightly.

Many of them are descendants of those war criminals, and it was they who pushed the toilet shrine to its current position and turned it into a sensitive place.

The purpose is to please domestic voters and win seats in the House!

Li Yun smiled again, without making any comments.

Xiao Mingzhu's face was equally calm, she had learned Li Yun's mentality of not being shocked before the mountain collapse.

"it is good."

The first corresponding is Ise Jinzakura. The little maiden slapped the table and said solemnly to these big people: "I already knew about the toilet shrine. Don't invite all kinds of messy people into

the shrine. Sacrifice, especially the bad guys at the toilet shrine, invite them out immediately, Omikami said, the shrines now need to be streamlined, not so many messy gods!"

Everyone was silent.

This is... the oracle!

"You guys," Ise Jinzakura looked at Omiyaji and the others, "Let the shrines everywhere check what kind of \*\*\*\* is enshrined, and don't be caught by that big snake... Oh, it's the Yaki big snake, wait for the evil \*\*\*\* to get in. It is forbidden for evil gods to be sacrificed!"

Chapter 3809: Late apology

Hearing Mikako mentioning Yaki Orochi, everyone felt the seriousness of the matter.

The Cthulhu being sacrificed will have extremely serious consequences, which they have personally experienced from the time when Ise Jingu was occupied by the Yaki Orochi.

Li Yun's face was weird: "How can you tell the little witch about such an important thing?"

".....I forgot."

After Ise Kami Sakura said this sentence arbitrarily, she was a little embarrassed and said, "There are so many things these days, Omikagami has given me a lot of magic skills, and also told me a lot of things to pay attention to... Then Omikami saw that I was really I can't remember, so I'll come out first, and I'll talk later."

Understood.

Li Yun nodded. After all, the little witch was only sixteen or seventy-eight years old. When she encountered such a shocking change, she was able to maintain such a calmness entirely because she was a stupid \*\*\*\* child.

It was someone else who was already half-dead now and needed to deal with so many things.

"Yes!" Omiyaji, as well as the priests of several large shrines, respectfully expressed their obedience to the oracle, and will communicate this oracle to various shrines later, and it is forbidden to worship some gods of unknown origin.

In this way, there is a legitimate excuse to expel the so-called heroes of war criminals from the toilet shrine-in fact, they are war criminals, \*\*\*\* heroes.

Li Yun's eyes flashed with indifference, and he looked at them and said, "I'm still talking about Ise Jingu and your country. I will not make any comments or suggestions. You only need to use the opinions that Xiao Mingzhu said just now. ."

"but!"

Li Yun glanced indifferently, and the eyes that finally became serious made all the Sakura people present feel frightened.

They can recognize one more thing now. The Ise God Sakura last night is undoubtedly a very powerful existence, but this mysterious and extraordinary Li Chaoren from Huang Xuanguo is the real powerhouse who can make people feel desperate. !

Penglai Island, the Antarctic Temple, and now the Great God of Sakura, all changed because of his arrival.

The mystery of the ancient gods he mastered must be even more astonishing, or he was the envoy of a certain \*\*\*\*\* who was extremely powerful in the ancient mythology of Huang Xuan country.

Status and strength are far stronger than Ise Kamakura.

"If you are still stubborn and blind to history, then you will be destroyed."

"Even your Great Royal God will not, and cannot protect you!"

"As for this, you decide for yourself."

After speaking, Li Yun stood up and motioned to Xiao Mingzhu to leave with them, and let Ise Jinying talk with them.

Li Yun believed her.

It's just that the stupid little witch obviously doesn't have that much thought. She also stood up, took Li Yun's arm naturally, and walked with him.

"Mr. Li, please wait a moment!"

A few Sakura people finally made up their minds to stand up, bowed respectfully and apologized in a sincere tone: "What you said just now, we will definitely keep it in mind. We will issue an apology in a moment and go there in person. That shrine, take out all the... ancestors in it! The descendants of us, apologize for everything that our predecessors did!"

The term ancestors can barely be used.

Li Yun nodded and left here.

He was not a person who was holding on to it, nor was it in other countries. After the German State knelt and apologized sincerely, they were quickly forgiven.

But a country like the Sakura Country... can only be described in two words: huh.

Chapter 3810: Little witch

Li Yun and Xiao Mingzhu left, and Ise Jinsakura also followed. She didn't want to care about the outside world. In fact, she didn't care much about the land of 100 square kilometers, as long as Ise Jingu was within the scope of she said. Forget it, it's fine if the laws of the outside world can't control this.

As for whether Omikami will be in conflict with the outside world in the future, Ise Jinzakura feels that it is purely that those outside worry too much.

Not to mention that Omikami is such a good god, but that Omikami is so powerful, and he can make such powerful moves with just a stretch of his hand. Does he still need money from ordinary mortals?

Even if Omikado needs to believe in her, she did not say that she must be compelled to believe in her, and Ise Kamikado does not need to be busy preaching every day. In Omikami's words, those

people who believe in letter, give them some self-protection power, if If you don't believe it, just do whatever they want.

Ise Jinzakura feels right.

That's how it should be, Da Yushen should have such a broad mind, she is the \*\*\*\* who commanded the gods of Gao Tianyuan, not the little \*\*\*\* who cares about everything.

In the future, Ise Jinzakura also found a direction for her efforts. Takaten had many gods, and there were many shrines in Sakura. She had to take charge of those shrines for Omikami, and even if she couldn't manage them, she would also restrain them not to mess around.

—This is actually her previous job, but what she said before was not very useful. Many people just listened to it.

But now it's different. She has a huge influence and can do things she wanted to do before.

"Little Miko."

Xiao Mingzhu smiled and looked at her, "What are you thinking about? Is it very exciting?"

"What's exciting?"

"It's that you suddenly managed such a big country. In the future, it is very likely that your words will make countless people feel uncomfortable, or countless people cheer, countless people cry in tears, etc. In short, you have become a big man! "

Xiao Mingzhu carefully told the future, she actually had such experience early on.

As the daughter of the richest man in Zhonghai City, she has followed her father and mother to experience such a scene before: His father made a decision on the board of directors and thousands of employees lost their jobs.

At that time, it was not that there were no directors pleading, but her father said coldly and ruthlessly that if there was no way to lay off redundant staff, the group would be dragged down by these people and the staff must be streamlined!

Xiao Mingzhu felt emotionally for the employees who had been fired, but reason told her that her father's approach was correct.

Today's Ise Jinzakura will face the same problems as she did at the beginning.

The former Mikami was nothing more than a secluded person in Ise Jingu, who had almost no power and status, but now Mikami has become a world-renowned existence. Every word will make Sakura country up and down. Research it over and over a hundred times!

Compared with the time when the emperor ruled the Sakura Kingdom, the current Mikami is more important in power.

Not only will she have the supreme status in the future, she is recognized by the Sakura National Constitution and Law, and she herself has an incomparably powerful power, behind which is Li Yun and the mysterious and unpredictable Great Royal God.

Therefore, people in Sakura who want to oppose her will absolutely not dare to take action against her until she has figured out the power behind her!

"Big guy?"

Ise Kamakura tilted her head and said in a puzzled tone: "I was a big man before... Will it be bigger in the future?"

"Haha, of course it's bigger." Xiao Mingzhu couldn't help laughing.
