

## Godly Choice 3921

Chapter 3921: Permutations

"You mean..."

Li Yun probably guessed what Qin Tianmeng meant.

"Correct."

Seeing Alice cast a puzzled look, Qin Tianmeng explained: "The murals we have encountered are endless. No one seems to be the same, but if you observe carefully, you will come to a conclusion: the people of these murals are gods. , The sun, all use the same batch, but they are presented in different combinations, resulting in ever-changing effects. This sun is a good proof. I have seen at least five suns with a gap, but they are nearby. The patterns are different, and the stories to be expressed are also different."

"I see, permutation and combination!"

Alice reacted and stared at the murals closely: "Everything on the above is separate and can be arranged at will. It only needs to follow certain rules. For example, under the sun can be Pharaoh or Rashens. , Or a pyramid.

In front of the pyramid, it can be Ra, or Pharaoh.

As long as there are no obvious mistakes, such as letting Ra God appear together with ordinary people, it is difficult to recognize that the elements of these paintings are actually the same! "

Everyone suddenly realized.

This mural is like an exquisite instrument, the elements inside are parts, which can be replaced at any time, or you can use parts to construct new murals!

Ingeniously, the abstract style of these murals makes the arrangement and combination of mural elements more reasonable.

For example, those gods such as Rashens can stand in front of the pyramid or stand on the pyramid and change their position slightly. It is a brand-new mural that allows people to interpret some things.

"Why?"

Li Yun first asked this question, "Why did the people who built this passage allow the murals to appear repeatedly, just to confuse those who come in? But sooner or later, those who come in will find the problem with the murals and just want to delay time?"

"Stupid you, there is another possibility," Qin Tianmeng said, keeping his eyes on the mural.

"What's possible?"

"Just... put the real entrance key on the mural!"

Everyone wanted to understand what she was going to say.

Li Yun touched his chin, "But we ourselves basically don't understand the content of these murals. Even if we don't make any changes, we can't guess how the murals should be cracked... Could it be that these transformed murals were designed to confuse people at the time of?"

"what?"

Alice said it was a little hard to understand.

"According to statistics," Li Yun smiled and explained: "The tombs of nobles and princes are usually stolen within 50 years of their burial. The reason is simple, because the people who built the tomb are still alive, especially Some tombs that use huge manpower are basically impossible to conceal the location of the tombs. The organs in the tombs also have craftsmen who keep their drawings."

Killing the workers after building the tomb is just a story in the novel.

In fact, there are often tens of thousands of workers including construction, supervision, and burial.

Wanting to kill all of these people, even in the age when human life was like grass in ancient times, is a major event that shakes society.

It was opposed by the ministers, and the dynasty was overthrown by the people's uprising, and again, it was also severely recorded by the historian.

Therefore, in ancient times, there were very few killings after the tombs were built. Most of them sent tomb guards to prevent tomb robbers, rather than killing the artisans and workers.

Chapter 3922: Inside the stone wall

"That is to say~~~" After entering the tunnel, Alice finally showed a smile on her face. "These unpredictable murals are to prevent people from stealing at the time, so only the owner of this tomb knows. As for later generations He doesn't care how he looks at these murals!"

"Correct."

"Hey, it's still wrong. How can he be sure that someone who comes in must... Oh, I see, he thinks he can be resurrected, so that's why!"

Probably deduced the situation at that time, but the problem at present is still: how to get rid of this state of ghosts hitting the wall!

"Stop talking nonsense!"

Qin Tianmeng rolled up his sleeves and flashed a bright pink fist: "Let my old lady blow out with a punch... Forget it, you bastard, your fist is stronger than mine, and a mummy was blown out with a punch before. ."

"let me do it!"

Wook, who followed behind, couldn't help it for a long time, and immediately melted all of it into an iron ball. After thinking about it, he smashed the sun mural with the gap just now.

Boom!

The surroundings shook for a while, and everyone saw that the sun mural was slowly melting away, revealing a single-person hole.

"Hahahaha, I know it works!"

Wu Ke laughed from ear to ear, glanced at Li Yun triumphantly, and walked in first.

"Be careful." Someone reminded him.

"Don't worry, nothing will happen!"

As soon as Wook's voice fell, a heavy knife whizzed and landed on his head.

when! !

The jet-black broadsword slammed into Wook's sturdy head again, sparks splattered everywhere, and Wook was beaten to a stagger, lying directly on the ground, and the whole person was fainted.

He was blocked by the body strengthened by the metal ability, but the human head was never as hard as iron, and he was hit by a concussion abruptly.

call!

The pitch-black sword fell again, and this time Li Yun had already reacted and swung a sword to block it.

The flame sword and broad sword burst out a large group of fire, illuminating the situation inside the wall.

It was another hall. Inside, there stood rows of three or four-meter-high statues, all of which were carved from white marble. The "person" holding a pitch-black sword is also a...lived statue.

"Swish!"

It seems that Li Yun's knife completely awakened them. The eyes of these stone sculptures turned, and layers of dust were shed from the huge body, as if the person who had finally recovered was shaking off the mud from his body.

And the hands of these statues all hold weapons similar to that dark long knife, and the darkness exudes an unknown aura, as if it can swallow all the sunlight in.

"Look inside!"

Rina flashed a flashlight to the innermost part of the hall, and saw a larger statue with a beard, holding a crooked rod, flail, and wearing a white crown on top of her head, with red feathers on both sides of the crown, proving that this deity is ...

"Olysis!"

Li Yun yelled out the \*\*\*\* of the statue in a low voice. In an instant, all the stone sculptures opened their eyes together—or, in other words, their stone eyes turned into living creatures, becoming crystal clear and looking flexibly. The direction of the door.

"Close the door!"

Qin Tianmeng seemed to react and kicked Wu Ke out of the door on the ground. Then, she pulled up Li Yun and Alice again, and no matter what other people were doing, she jumped out of the opened hole.

In the next moment, countless black weapons were cut down, and the two people who had not been able to escape in the future were divided into corpses.

Chapter 3923: God again

Back to the hallway, everyone was shocked, frightened and angry.

The magic is that they had just escaped from the hall where the \*\*\*\* was, and the hole previously punched by Wook was immediately closed, isolating everything inside, and letting everyone return to the tunnel again.

There was no change in the surroundings, the only thing that changed was the look of horror in everyone's eyes, and the two missing people.

"Damn it!"

The black Hast cursed in a low voice: "The attack just now couldn't be stopped at all...Fortunately, not many of our people went in, otherwise most of us would die!"

The entrance of the cave is very small. Just in case, not many people went in and guarded it outside.

Unexpectedly, it saved many lives.

For a while, the corridor became quiet.

"Open the wrong place and you will enter an extremely dangerous room. I think this is the intention of the owner of the tomb."

Li Yun said in a deep voice, everyone agreed with this statement.

The attack just now was terrible. Dozens of pitch-black weapons attacked at the same time, as if they fell directly on a person's head, and couldn't stop it at all!

"The one inside is a god?"

Qin Tianmeng looked at Li Yun, "Who is the one that you said is going to die?"

"He is the \*\*\*\* of underworld, a little similar to the prototype of the \*\*\*\* of the weapon you got Alice."

Osiris is the \*\*\*\* of the underworld and is in charge of the dead. Just now, the living people of them entered the hall, seeming to activate the \*\*\*\* of the underworld.

"What mess, how many underworld gods are there?"

Qin Tianmeng was not interested in the realm of these gods, and said bluntly: "I think it was because we entered the wrong room that the punishment was triggered. However, more verification is needed!"

"More verification? Easy to handle."

Li Yun didn't wait for others to make a move this time, but slammed a punch straightly, hitting the wall of the tunnel on the other side.

The people around were frightened and quickly stayed away.

boom!

A hole was opened in the wall again, and Alice picked up the flashlight and looked inside again.

I saw a statue of the goddess standing in the hall, similar to the previous Osiris, but there were no soldier statues, only seven huge weird snakes crawling under the goddess' feet-of course, all stone.

However, when the light shone on these intertwined poisonous snakes, a pair of red snake eyes slowly lit up, and accompanied by a hissing sound, a green gas rushed towards Alice at the entrance of the cave.

"carefully!"

Li Yun pulled her away and punched the hole in front of her again.

boom!

The faint blue flame burst out and collided with the green gas ejected by the seven poisonous snakes. Li Yun stood at the forefront and was forced to inhale some, and suddenly felt his body soft and his whole body was full. It hurt, so scared that he quickly took out a detoxification pill and ate it.

"go!"

Li Yun urged, everyone who had been prepared fled in embarrassment, more green gas gushing out, everyone did not dare to turn their heads and ran all the way.

Fortunately, the green gas did not chase it over, and Li Yun did not see it in front. It is probably not as simple as a simple cycle.

"what to do?"

Everyone was shocked and desperate for the current situation.

Just entered the temple and saw nothing, and a small tunnel trapped them to death!

Every time a wall is violently beaten, a hall where the gods are placed is opened, and then there is punishment from the gods, which makes people unable to resist.

Open the wall, and you will encounter the hall of the gods. If you don't open it, you will be trapped in the hallway of the temple!

Chapter 3924: Anubis

Everyone looked at Li Yun again, and now only he can find a solution to the problem!

If even Mr. Li can't do anything, then they will have to be trapped here.

"Do you have any idea?"

Li Yun didn't show any expression, and asked Qin Tianmeng.

"Hmph, what can I do, you come with me!"

Qin Tianmeng took out her weapon from the storage bag, a bright red ribbon, wrapped it lightly in her hand, and then she held a sword in the air and drew it out of the sheath with a magnificent sound. Then he looked at Li Yun.

"Good, simple and effective."

Li Yun nodded with a slight smile, and said to Alice and the others: "Go back, I will go in and take a look!"

If the two of them can't break through a hall of gods together, they can only find other ways.

Everyone hurriedly backed away to take precautions, and the lights were turned on to illuminate the deep corridors under the temple.

"Are you ready?"

Li Yun held the Fire God Sword in his hand and said to Qin Tianmeng next to him.

"Go! Stop talking nonsense."

After receiving her answer, Li Yun didn't hesitate. After taking a deep breath, he used a long sword to make a hole in the mural again. They couldn't understand these murals and could only crack them in the most violent way.

Stabbed.

The wall of the corridor was like a piece of cloth, which was pierced by Li Yun's Fire God Sword. Then, a door appeared on the wall, and a statue of a \*\*\*\*\* appeared again inside, standing at the end of the hall.

"What kind of \*\*\*\*\* \*\*\*\*\* is this?" Qin Tianmeng cursed in a low voice.

The atmosphere in the hall is very strange. The hall, which was originally dark and dull and may have been sleeping for thousands of years, was illuminated by the light from the door opened by Li Yunrun's Fire God Sword, showing a feeling of cold and dead silence.

It is like a deep sea cave buried deep underground for thousands of years, welcoming the first batch of guests.

On both sides of the hall, dozens of dry white mummies lined up, adding a lot of horror to this sense of death.

Especially this kind of white mummies are all sealed in the coffin with the lid open, arms crossed and then on the chest, the whole body is entangled with white cloth, the sense of unknown terror can scare people to death.

It's no wonder that "Qin Tianmeng" couldn't help but divert his attention from the curse, so that his eyes were not kept on the mummies in the two rows of coffins.

What an evil way this thing looks.

"The dog's head is the \*\*\*\* of death in the ancient pharaoh kingdom, Anubis."

To be precise, Anubis' head is the head of a wolf, jackal, not a dog.

There are legends that Anubis is an illegitimate child named Osiris, and there are also legends that he is the son of Osiris' brother Set, but in short, it is a descendant of the nine pillar god, and it must be Osiris' brother Set. Wife Nefertis, the \*\*\*\* born.

If it is the illegitimate son of Osiris, it means the son of the \*\*\*\* Osiris and his sister-in-law "see."

This is enough to see the gods are also very messy.

However, no matter whose son Anubis was, he later served as a \*\*\*\* who judges the soul of the dead under the hand of the \*\*\*\* Osiris, that is, the \*\*\*\* of death.

It has a balance of truth in its hand. One end of the balance is a feather of the goddess of truth Mart, and the other end is the heart of the deceased. If the feather of truth is heavier, the deceased will be punished. On the contrary, if the heart is heavier than the feathers, then It means that the dead person has the right to enter the underworld and resurrect.

Chapter 3925: Resurrected mummy

Unsurprisingly, after Li Yun called out the name of the statue Anubis in the Hall of Sleeping, the eyes of the stone sculpture turned slightly, from dust-colored stones to a pair of crystal clear eyes.

Afterwards, the mummies in the hall vibrated one after another, their dry bodies revived little by little, their arms wrapped in white cloth slowly lifted, and the hollow eye sockets glowed with red light.

"Hmph, how can I wake you up!"

Qin Tianmeng took the initiative, and the red silk in his hand was raised, and he flew straight into the hall, where he rolled the mummy closest to the door.

In an instant, a feeling of cold and dead silence passed from the red silk, and Qin Tianmeng's face changed. This breath was very similar to the corpse of a zombie, but it was different. While terrifying, it also had the attribute of resisting the sun. Ambivalence!

"What is this?"

Qin Tianmeng stretched out his hand and pulled the mummy staggered out of the coffin, but soon, the mummy stood still and grabbed the red silk with his hands wrapped in white cloth.

"Give it to me, come here!"

Qin Tianmeng gritted his teeth, the red silk collapsed into a straight line, and the faint red light radiated out and swept over the cold mummy.

"Roar!"

The mummy seemed to feel the huge pulling force, opened his mouth and let out a low cry, which shook the hall humming.

The other mummies accelerated their awakening speed, one by one, they got out of the coffin, looking stiffly towards the door, and the dangerous red light flickered.

Qin Tianmeng swung another sword, the sword aura shot out in the air, and slashed on the mummy. She watched the result closely, and after seeing her sword aura split the mummy into two, she breathed a sigh of relief.

If she can't kill a mummy with two magical objects, then don't fight at all and run away as soon as possible.

Afterwards, Li Yun's brewing sword aura also exploded, and the faint blue flames rushed into the hall along with the sword aura, destroying the mummies to pieces.

"ended?"

Alice, who was observing the situation not far away, asked in surprise.

The halls of Osiris and Isis, the goddess of magic, were both very dangerous, but now it seems a little simple. Li Yun and Qin Tianmeng killed the mummies of the \*\*\*\*\* servants in two strokes.

Could it be that after opening the wall, the hall encountered is strong or weak?

Or is it because Anubis is not a nine-pillar god, but a descendant of the nine-pillar god, so he is weaker?

"wrong."

Li Yun shook his head, staring tightly at the scattered white cloth. These were bandages dropped from the mummies, used to wrap the Pharaoh's corpses so that they could become mummified even though they were dried.

His earth fierce fire is top-level spiritual fire. Although it is not as strong as Shenhuo, it is more than enough to burn some top-level magical artifacts, but it fails to destroy the white cloth on the mummy?

"Roar!"

A dull roar came from the statue of Anubis at the end of the hall, followed by an inexplicable mysterious spell. The white cloth scattered on the ground stood up again one by one, twisted into a mummified shape. After that, the operation resumed.

"Resurrected?!"

Qin Tianmeng was surprised.

Li Yun said solemnly: "Anubis is the \*\*\*\*\* of the dead. It is within his authority to resurrect the dead. We were too naive to think just now."

"Li Yun, I'll help you!"

Seeing the situation froze, Alice stepped forward.

Chapter 3926: Pluto and Pluto

The mummy, who was originally peaceful, was resurrecting, when Alice walked to the door, she turned her head in unison, looked at her, and roared like a beast.

And Anubis at the end of the hall actually let out a ray of light in his eyes, shining directly on Alice again.

Li Yun was taken aback. He wanted to block the divine light with the Leap Fire God Sword. He didn't expect that Hades's spear in Alice's hands would spontaneously bloom out of a phantom to meet Anubis's spear. Divine light.

boom!

The forces of the two sides collided with each other, and the tunnel was shaking again.

"What's the matter?" Qin Tianmeng didn't understand at all. There was a problem with the weapon Li Yun gave to the woman in Alice? !

Alice was also a little confused. She didn't hear Li Yun say that her weapon would take the initiative to counterattack. Is there any function that has not been unearthed?

Li Yun was also a little confused at first, he did not remember that the system gave Hades the spear more descriptions, oh no, there is another skill called Hades's gaze...

Pluto, the gaze of Hades.

Grim Reaper, Anubis... He is the son of Osiris, the \*\*\*\* of the underworld, or related to the \*\*\*\* of underworld.

"I understand!"

Li Yun suddenly lit his eyes: "Alice, use the spear in your hand to slay these mummies and completely harvest their dead souls! Yes, that's it, use the power of Hades, the \*\*\*\* of underworld, to fight against the \*\*\*\* of death. Nubis's ability to resurrect the mummies will definitely work!"

Li Yun did not strengthen his confidence in his words, but some interesting thoughts flashed through his mind, flashing through them like lightning, making him think of many things at once.

Gods have seven emotions and six desires, and there must have been wars between them.

for example.....

"it is good!"

Alice believed Li Yun so much. He said he wanted to go in and kill the mummy, so she went in.

Without hesitation, Alice held Hades's spear and jumped into the hall through the door.

"You woman, don't mess around"

Qin Tianmeng was startled, but followed closely behind and followed him.

Naturally, Li Yun didn't need to say much, and went into the door together.

"your Highness!"

When Joanna arrived, it was too late. The door on the mural was closed again. Joanna eagerly wanted to open the door on the wall again, but she was stopped by people.

"Don't mess around!" Wu Ke hurriedly stopped her, "You are crazy, if you open the door again, the hall inside is not the \*\*\*\* of death, what should you do? Are you not trying to kill us?!"

"I do not care!"

Joanna was full of indifference, "The safety of your Royal Highness is the most important thing, you immediately let go, otherwise you can't afford what happens to your Royal Highness!"

"hehe."

A group of supernaturalists sneered back, what can't be offended? They are afraid of the temples and monsters in this valley, but that doesn't mean that they are also afraid of the so-called princesses of the never-sunset empire!

"Step aside!"

"Come and move me to try?"

"Go away to the woman!"

Joanna wanted to attack the wall of the tunnel again so as to make those doors reappear, but these supernaturalists just stopped her, saying that Mr. Li was so strong and surely nothing would happen.

During the quarrel, a door appeared on the mural again, and the faint blue light was revealed from it, and the faint blue light slowly disappeared in the eyes of everyone's astonishment.

"Come in, we are leaving here."

Chapter 3927: beat

Mr. Li's voice came from inside, and everyone was once again astonished on the spot.

Inside... is over?

The person inside is really Mr. Li? Isn't some monster pretending to be? Or some hallucinations or something.

Don't blame them for being careful, because now there are many mutated plants, the fragrance of flowers can make people hallucinate, unknowingly enter its attack range, and be swallowed in one bite.

But there are still courageous people, poking out their heads and looking inward, hissing coldly.

More people looked inward, all startled.

Wu Ke hesitated, followed by a glance, and was stunned.

I saw all the mummies displayed in the original hall were destroyed, the coffins collapsed one by one, and the white bandages wrapped around the mummies were scattered on the ground.

And the statue of Anubis, the \*\*\*\* of death at the end, has been completely destroyed and collapsed, revealing a doorway behind it, which should be the key door to walk out of the tunnel.

"your Highness."

Joanna glanced inward, and she knew that Alice was her princess, she hadn't changed, she hadn't been occupied by evil things, she was still arrogant, and she had some first love girls who were obsessed with Li Yun.

So, she walked directly into the hall and carefully avoided the bandage on the ground.

"It's okay Anna."

Alice laughed and raised the spear of Hades in her hand: "Their souls of the dead have been imprisoned in my weapons, and it is impossible to resurrect them. These bandages are just empty and hard!"

"hard?"

Someone subconsciously picked up a white bandage that was originally wrapped around the mummy, pulled it, and then pulled it hard, but it kept pulling no matter what.

Wook also tried to pick up one, pulling his hands hard, his face flushed red, but he did not break the white bandage that had been wrapped around the mummy for thousands of years!

"hiss!"

"Hi! Terrible!"

"what is this?"

"Isn't this a treasure?"

"Unexpectedly, it keeps pulling!"

"Treasure!"

"We came in hard, isn't it just for these treasures?"

"Sure enough, there are treasures!"

These people were talking excitedly, looting the bandages on the ground like crazy, and didn't even want to let go of the coffins. Even the statue of Anubis, the \*\*\*\* of death, wanted to pack it away.

Just like locusts.

"Humph!!"

Li Yun and Alice didn't say anything, but Joanna snorted heavily, "Everyone, I'm afraid it's wrong, right?"

The crowd's enthusiastic excitement only slightly slowed down.

"These trophies were only obtained by Mr. Li, Her Royal Highness Princess Alice, and Miss Qin Tianmeng after arduous battles. Strictly speaking, you did nothing."

The maid Joanna looked around sharply for a week, "Please don't take the spoils without authorization."

Without saying much, or explaining other reasons, the group obediently returned the white bandage to her.

However, Wook helped them find an excuse: "I'm just afraid that you, Miss Maid, will pick up these tough fabrics alone. It's too much trouble, so I helped Mr. Li to pick it up!"

Everyone agreed, and the face was finally better.

Joanna did not refute or expose them, and asked them to place the white bandages on the ground and pile them into a pile of cloth high up to one person.

All those who saw this scene were blushing with envy.

Especially after experiencing how strong these mummified white bandages are, how resistant they are to being pulled, and how resistant they are to water and fire, these people are even more envious!

Chapter 3928: distribute

What is the most afraid of the supernatural person?

It's not that I'm afraid of fighting, but I'm afraid that the clothes on my body will be exploded by the enemy's attack during the fight, so that when both sides are fighting, they suddenly become naked, just like two perverts fighting. Can you stand it?

Even if you are not afraid of clothes being damaged, the bandages on these mummies are inherently tough and have a variety of incredible uses, for example, to resist the attacks of some monsters, or to wrap them around the body to resist the attacks of enemies with supernatural powers, and so on.

Even if you don't use it, if you sell it, a piece of this kind of fabric is worth 100 million yuan, which is definitely not a problem!

Think about it, the bandages of the mummies in the ancient pharaoh country, not to mention the archaeological value, just say it makes people awe.

It is a pity that they are destined to be unable to get involved with these fabrics.

"Hey, don't give me this stuff!"

Qin Tianmeng waved his hand, saying that he was too lazy to ask for the dead stuff on these mummies.

Li Yun shrugged and motioned to Alice to put it away.

"it is good."

Alice was not polite, and directly stretched out her hand. After approaching the white bandages on the pile of mums, she activated the space ring's ability and took away all the white bandages.

The hill-like treasure disappeared, leaving the hearts of these people empty.

"I remember." Someone suddenly realized: "The first hall we encountered before, the dark black knives inside, are also rare treasures?"

Everyone became excited and missed the mummy bandage. The dark black swords must not be missed!

"Don't think about it," Li Yun said lightly, interrupting their reverie: "What we have to do now is to find the core things, not to entangle these petty profits."

A group of people were disappointed a lot, but they also admitted that Li Yun was right. Now is not the time to look back to get the so-called treasures.

"Uh, sorry."

Alice showed a smile, "I didn't explain that these white bandages can be divided into parts. I just took them away temporarily. Of the white bandages just now, I will take out three of them and store them in the public trophies. Wait until the end. Then, according to a certain proportion of credit, see who likes these white bandages, and then choose them, how about?"

When Wuke and others listened, how could anyone disagree?

This hall was originally defeated by Li Yun, her and Qin Tianmeng together. The others didn't get any credit at all. They barely said they had the credit. It was probably in the two previous rooms that they tried to detect this. The weirdness of the room.

Alice took out three white bandages, which were just right.

And the reason why she took it out was not just as simple as wanting to distribute the spoils to them.

There are more than one hundred of these white bandages, and there are two or three on each mummy, which adds up to more than one hundred.

In terms of quantity, Alice occupies the majority.

And Qin Tianmeng and Li Yun don't want it, she can use these mummy bandages freely.

Alice's purpose is also very simple. First, with this spoils, the fierce group of people will contribute more in the following, and she will once again hold the dominance: the dominance of the distribution of the spoils.

If there were any accidents, she could leave with Li Yunyuan and swallow these treasures directly.

Of course, as a last resort, Alice would not steal treasures privately. With Li Yun, she wouldn't be able to see these treasures.

Chapter 3929: Stars shine

The second purpose is that Alice wants the mummy bandage to spread.

Show the magic of these bandages, so that the mummy bandage in her hand becomes the best thing to draw some swinging forces!

"Keep going."

Li Yun said in a deep voice, to make these people sober, he was the first to buy the stone gate after the statue of death \*\*\*\* Anubis.

The battle between him, Alice and Qin Tianmeng in the hall was incredible. The weapon in Alice's hand was the mummy's nemesis. Once hit, they could permanently lose their ability to move, let alone resurrect.

As for the \*\*\*\* of death Anubis, the stone carvings are very hard and it will take some time to destroy them. If dozens of mummies are still alive, it is indeed quite difficult to destroy the stone carvings of the \*\*\*\* of death under their harassment.

Unfortunately, after the mummy's ability to resurrect was broken, the statue of Anubis, the \*\*\*\* of death, became a living target and was forcibly removed by the irritable Qin Tianmeng.

As for why she was irritable, I can only say that Alice's performance was really good, which made Qin Tianmeng very upset.

"What the \*\*\*\* is this?"

Qin Tianmeng followed Li Yun's pace for the second time. As soon as she left the house, she said something very surprised.

After exiting the entrance of the cave, my eyes suddenly opened up, the bright starry sky above my head, the unreachable galaxy underneath, and the sky full of stars surrounded all around, making people wonder if I had come to the universe.

"here....."

Those who filed out were all taken aback.

There is no boundary in this place up and down, there is no so-called ground, and no place to step on. Everyone has become suspended in the air.

There is a starry sky above your head and a galaxy below your feet. The twinkling of stars is shining and blooming. If there are no people around, they all think that they have stepped out of the earth and came to the universe!

"Fantastic place."

Li Yun couldn't help but sigh with emotion.

The magic around him was beyond his expectation. He thought that after going out of the tunnel, he would come to a vast underground space, but it turned out to be an illusory and special place. I don't know if it's a small world, some kind of illusion, or some kind of illusion. The formation is shrouded, so that people can feel the feeling of being in the stars.

"It's not an illusion, and... I can't see any formation."

Qin Tianmeng was full of suspicion. She herself was far from the ancient people, and she was far from the power of the gods.

But in this situation, she actually couldn't see how to do it!

They seemed to be standing at an altitude of one hundred thousand meters above the earth, boundlessly all around, looking up and looking up, they were full of galaxies.

Li Yun silently admired the beauty of the starry sky and the sea for a while before he said: "The people of the ancient Pharaoh country are very thorough in the study of the world, and their

astronomy is also very advanced. The construction of a certain temple uses relevant knowledge. This may be the place that the pharaohs used to perceive the starry sky."

"Sure?" Qin Tianmeng squinted at him.

"Guess it."

Li Yun shrugged and stepped forward: "Since you are here, then you can take a good look at it and you don't have to guard the entrance!"

The only place that is incompatible with the star space is the entrance that Li Yun and the others walked in from behind the stone carving.

This entrance is like growing out of thin air in the starry sky. Looking inward, it is a narrow hall, but looking out, it is a sea of stars.

Chapter 3930: Crow's mouth

In the vast sea of stars, the smallness of man is set off by the vastness of the universe into tiny dust. The ideals of life, worries and sorrows, joys, angers, sorrows, gains and losses are all washed away by the endless starry sky.

Everyone was deeply shocked. In addition to maintaining the necessary vigilance, both body and mind were immersed in the surprise and fear of the first time they went to "space".

After a long time, everyone recovered.

Everyone knows that the starry sky in front of them is illusory, and it is impossible to really throw them into the cosmic space, otherwise the organ formation here will be too strong.

Moreover, they stand still, but they have a feeling of being under gravity. They are not completely weightless, they can breathe, and the sound is also unaffected. Multiple angles prove that the scene before them is an illusion.

Moreover, human power is too small, and if you keep staring at the starry sky, it is easy to have a sense of fear, especially now that everyone's feet are transparent, and there is no feeling of stepping on the physical ground, and it is even more illusory.

"The universe is so big, but I work hard for a hundred square meters."

Li Yun said a word, making Alice and Qin Tianmeng both look at him.

"what?"

"No, it's just an internet joke. It's about rising housing prices."

"Huh? You don't need to worry about housing prices, do you?"

"So I just said it, just tell me, the universe is so big, but we beat you to death for a little mess on the earth."

".....Oh."

Alice understood, and smiled: "Although the universe is huge, our earth is the only known habitable planet with life. We are the most special existence in the galaxy, so I worry about the earth. , Also... of course, right?"

She was not sure whether the word of course was used correctly, after all, she was not her mother tongue.

"It's reasonable." Li Yun nodded.

"Stop feeling this life!"

Qin Tianmeng said dissatisfied: "Hurry up and think of a way to get out? I don't want to wait for a sudden fall, and fall directly into the bottomless universe, this horrible place...ahhhhh!"

Before she finished her words, everyone really felt that their feet were empty, and their bodies were falling down at an extremely fast speed. Qin Tianmeng was so frightened that they quickly floated up, but they saw Li Yun and the others keep falling down.

"Hey!!"

Qin Tianmeng flew down again, catching up with Li Yun and the others, and everyone was in a mess. The body lost gravity in the cosmic starry sky and descended rapidly in a certain direction, as if people were thrown away by the world and fell to the bottomless. In the abyss.

"Oh my God!"

"What's the matter? Why did it suddenly fall?"

"That woman is a crow's mouth!"

"Shut up!"

A group of people are in a state of weightlessness, throwing their hands and feet back and forth, but they can't alleviate the feeling of falling down.

"Li Yun!" Alice was a little panicked, grabbing his palm, and Joanna on the side also subconsciously grabbed the corner of Li Yun's clothes, giving herself a little comfort.

They are in their current state, as if they are falling down from the earth's 50,000 meters high, except that there is no dazzling fireball from rubbing the air, everything else is the same.

The speed is getting faster and faster, and the human body is under tremendous pressure due to continuous acceleration. Soon these people are speechless and resist the terrible pressure caused by the acceleration of gravity.

"calm!"

Realizing that there is an endless starry sky below, Li Yun calmed down after people did not hit the ground, and looked at the flustered Qin Tianmeng: "We were fine before, until Concubine Wan Qing you said we were going to fall. thing."
