

## Godly Choice 4101

Chapter 4101: needs time

Then, she lowered her head quickly, and kissed Concubine Wan Qing's lips forcefully, making Concubine Wan Qing even trembling with shame.

"Yeah~~~ That's great!"

She was shy, but Wan Qingya smiled crookedly, and took the initiative to put her arms around Li Yun's neck and gave a deep kiss in return.

Li Yun: "..."

In a few moments, Li Yun pushed her away.

"Woo?"

Wan Qingya protested with a whimper, and Li Yun said helplessly: "Just now it was just a momentary thing. To be honest, I still don't know you very well, and Qingya, you are not a Qing concubine, so you always feel weird when you kiss."

"Woohoo!" Wan Qingya was about to cry.

Li Yun looked at Concubine Wan Qing who was biting her lip, and comforted Wan Qingya: "It won't be so strange if you are familiar with it in the future. You and I only met after all."

"...That's right, okay." Wan Qingya puffed up her mouth, and finally gave up, pulling Li Yun's arm and begging: "Then you go shopping with me, go on dates, go to the movies, and go to the hotel. Okay, in short, we need to get along a lot, right?"

"Shameless." Concubine Wan Qing was complaining about her again.

"I mean going to the hotel for dinner!" Wan Qingya defended.

"Believe you to blame!"

Seeing that the sisters or mother-daughter's enemies were arguing again, Li Yun hurriedly stopped them.

"Okay, Qingya, let me ask you, how did you get here?"

Li Yun read the book with a serious look. She was differentiated from Concubine Wan Qingya. This kind of existence has never been seen before. Perhaps you have to ask Xiaosu or Qingnv to guess some of the origins of Wan Qingya.

"I don't know..." Wan Qingya's confidence was much weaker, and she poked Consort Qing and said: "It was she who cultivated the incarnation of the celestial demon you sent, and then she went to find a cave for retreat. After the cultivation was successful, She was trembling and grinning in pain. If she hadn't believed that you would harm her, she would definitely not continue to practice!"

Li Yun looked at Concubine Wan Qing, who turned her head away, and stretched out her hand to pinch Wan Qingya.

There is no such thing as trust! She just thought that this exercise should be correct, so she continued to practice, that's all, not because she believed in Li Yun.

"The whole body is trembling, and the pain is unbearable? Why is it like giving birth to a child?"

Li Yun's face was weird, if it weren't for Concubine Wan Qing...his!

Before Li Yun could think about it, he was also severely pinched by Concubine Wan Qing to punish him for his crazy behavior-she didn't find another man.

"Mom~" Wan Qingya called out immediately, laughing very violently.

"Don't call my mother!"

"mother?"

"roll!"

After another quarrel, Concubine Wan Qing pushed this away and came close. The faceless stinky girl, she sat cross-legged in front of Li Yun, and said solemnly: "Don't ask, I don't even know this dead girl. Where it came from, I searched for her spirit many times, but nothing was found. I dare not expose her now, and I still say that she is me to the outside world."

"Hehe." Wan Qingya's personality seemed to be particularly lively, and she leaned toward Li Yun again, like a charming girl.

Li Yun pondered for a while, and asked: "Should I ask for you? Ask two ancient figures, they know more or less, they should be trustworthy."

At least Xiao Su can definitely be trusted, and so can the young girl, but she still hasn't revealed her identity, which is somewhat of a barrier.

Chapter 4102: Escape into the empty door

Concubine Wan Qing hesitated for a while, and looked at Wan Qingya who was sticking to Li Yun again. Seeing her look over, the dead girl gave her a sweet smile.

Too stupid.

Moreover, when she was deciding what to do, she was very persistent, and most of the time it was a headache for Concubine Wan Qing.

only.....

"never mind."

Concubine Wan Qing shook her head and rejected Li Yun's proposal.

"Thank you Qingfei mom~~~!"

Wan Qingya immediately cried out sweetly and slyly.

"...Thank me, why?" Concubine Wan Qing, who got goose bumps from her weird name, glanced at her and asked.

"Of course, thank you, sister and mother, for protecting me specially."

Wan Qingya left Li Yun and hugged Concubine Wan Qing. Like a soft snake, she said softly: "You are so kind, Concubine Qing. I am afraid that I will be arrested by those ancient figures to study and protect me. It's great~"

"It's not like this, okay? Let go of me, or knock you on the head!"

"Well, don't."

The two were playing around for a while before Wan Qingya let go of her, and took the initiative to hold Li Yun's hand and said to him: "Husband, if you confirm that those ancient characters are really reliable, then ask... Sister, don't rush to object. ."

Stopping the concubine Wan Qing who wanted to speak, she said again: "I know my origin is a bit unclear. In fact, I also want to know who I am, or what it is, and how I came from... Show up for no reason, right?"

Li Yun's heart was shocked slightly.

With this in mind, Wan Qingya is indeed not a simple incarnation.

Three questions about philosophy, who am I? Where am i from Where am I going?

Anyone who has the ability to think has actually thought about the first question, who am I?

Is it the self named "XX", or the self based on chemical reactions in the flesh?

Has the former "I" ever existed, and will the future "I" appear? After I die, who am I?

Wait for the question.

Although many people cannot and do not want to find the answer, there must be many people who have thought about such a thing.

Many people just live in the present and don't want to think about what will happen after death, but without thinking, they can't understand who they are.

"Why can't it?" Concubine Wan Qing squinted at Wan Qingya: "The gods of ancient times, all parts of the body can be transformed into intelligent life, open mouth to bite accessories, can give birth to several gods, wash your hands, sneeze, all It's a god, it's too common for you."

Wan Qingya's eyes widened: "Do you want to say that I am you, your husband, and the person who was bred by the "Incarnation of the Demon"?"

"Hmph." Consort Wan Qing did not answer.

Li Yun only felt very weird.

"Well, if that's the case, it's fine."

Wan Qingya laughed again quickly: "At least you know how I got here, right?"

Li Yun did not speak, frowning slightly.

"Forget it."

Wan Qingya looked at him and said, "Husband, go and ask those ancient old guys to see if there is any precedent."

This time Concubine Wan Qing did not object and remained silent.

"it is good."

Li Yun took out the phone, thought about it, and asked them: "By the way, are you looking for me this time in a hurry?"

"She wants to escape into the empty door." Wan Qingya said directly, making Li Yun stunned, "Qing concubine, you...?"

"Just talk about it casually."

Chapter 4103: Never promise you

Concubine Wan Qing, who claimed to be talking casually, kept her head down when she said this.

Li Yun stretched out his hand and held her hand tightly.

"Why?" Concubine Wan Qing glanced at him diagonally.

"With me, you are not allowed to have such an idea!" Li Yun's tone was firm and could not be refused.

Concubine Wan Qing was stunned for a moment, fixedly looking at him, and then sneered: "Are you a fool? I just said casually, it's not because of you...huh, those reasons!"

"It's duplicity again." Wan Qingya scraped her face with her fingers, "You mean to say that because there are too many girls around her husband, so she just escaped into the empty door? Right? That's what you meant anyway!"

Concubine Wan Qing gritted her teeth, faintly glittering tears flashed in her eyes.

Li Yun stepped forward and hugged her tightly: "I'm sorry, Qing concubine, I... a thousand words, I still can't express my heart, but I am still steadfast and want to keep you by my side!"

"Then there is a pair of women next to you. Am I one of them?"

She opened her mouth and bit on Li Yun's shoulder, tears gushing out and wet his clothes.

Wan Qingya stared blankly. She and her sister were really not the same person. She didn't care about it, as long as Li Yun was by her side.

But my sister felt that there were too many women around Li Yun, this was not what she needed, and she had never been able to accept it...

It's just that my sister likes Li Yun so much, and under the contradiction between left and right, the idea of escaping into the empty door was born.

Can this be achieved?

I'm afraid not, Li Yun will definitely chase her, not allowing her to calm down, and she can't calm down.

"Let me go."

I don't know how long it took before Concubine Wan Qing said quietly, Li Yun let go of her, put her arms around her slender waist, and looked at the expression on her face, she was very resentful, and she was a little bit distracted.

"Qing concubine?"

"I, I will never promise you!" Consort Wan Qing took a deep breath and slowly exhaled these words, with the same very firm tone, and also unable to refuse.

"Uh?"

"Hmm, yes~"

Wan Qingya, who knows her best, nodded and said solemnly: "As long as you never promise you, then you will always take her to heart. Qingya and I will never be the woman next to you!"

Li Yun was stunned, looked at Concubine Wan Qing, and saw that she did not object to this sentence, but a blush appeared on her face, proving that Wan Qingya had already said what was on her mind.

This is actually the same as Xiao Mingzhu's method before.

As long as the relationship is not confirmed, men will always treat girls as treasures to pet. As the saying goes, what is not obtained is always in commotion.

Li Yun squeezed the hands of the two girls: "Don't worry, I..."

"do not talk!"

Concubine Wan Qing interrupted him, "I don't believe in any promises, I only believe what I actually see. If you are interested, you will... years, decades, hundreds of years have been like this... In this way, I will...satisfied. ."

For hundreds of years, fine iron can be turned into dust and mud.

If Li Yun had been so kind to Concubine Wan Qing for hundreds of years, then she would definitely agree to many things with him unconditionally, and there was no need to say anything at all.

If you change your mind, then stop talking.

"it is good!"

Li Yun let go of his clenched hands, looked at the two women, for a long while, and smiled: "Okay, let's talk about what happened just now. I will make a call and go back to keep safe. I rushed out after receiving a Qingya call. The people in the family still don't know what happened."

Chapter 4104: I take care of you too

"You are quite the Gu family!"

Concubine Wan Qing said jealously in her tone, and her slightly ruddy face also showed a jealous expression.

This is the first time I have seen this kind of concubine Wan Qing.

"I take care of you too."

Li Yun glanced at her, making Concubine Wan Qing's face flushed, and she stubbornly said: "Who, who wants you... That should be!"

I wanted to say who wanted you to take care of me, but the arrogant concubine Wan Qing changed her mouth in the end.

With this sentence, Wan Qingya chuckled and threw herself on her body, kissed her hot cheek intimately, rubbed her face again, and said, "Sister, don't be shy." Anyway, we will live outside in the future. Whenever we want to play with our husband, we will find her. By the way, our master will live with her, and then my husband will come to us from time to time. Isn't this kind of life bad??"

Li Yun wanted to ask where Wan Nishang went, but he was not free yet, so he could only hold it down for the time being.

"I'll call back first."

Before Li Yun picked up the phone, he put the two big beauties in his arms again, put his left arm around Concubine Wan Qing, and asked Qing Ya to stick to his side, and then he started the call comfortably.

The two pure and beautiful beauties are still on the seventh floor of the hotel, overlooking the busy streets of Zhonghai City. This kind of enjoyment may be enjoyed by Li Yun.

"Beep—hello, husband?"

The first time the phone rang, it was connected. It was Fang Xue's voice. In private, she directly called Li Yun's husband, instead of calling in front of everyone.

"Well, it's me, I'm fine, don't worry."

"Oh, okay, little princess Qingyu and I are also preparing dinner. We will go back to the mansion to sleep tonight. If you come back, go to the mansion."

Tomorrow and Monday, Fang Xue and others will go to school, and so will Cai Wei. Although the little princess does not go to school, it is not appropriate for her to live in a villa alone, so she usually goes with them. Only Xiao Su and Xiao Su and others are left in the villa. Young girl.

It is estimated that Xiaosu also moved to the mansion soon.

"Don't you be ashamed if you hold us like this and talk to your wife again?"

At this time, a girl's voice reached Fang Xue's ears from her mobile phone, and she suddenly became nervous: "Husband, are you with the girl under the covers?!"

"I'm a little ashamed, but I can't sorry any girl around me, including you, Concubine Qing!" Li Yun said firmly.

"What about me?" Wan Qingya asked immediately.

"Also...you."

"Hee hee, my husband is the best~~~Hello." After Wan Qingya smiled, she said to Fang Xue on the side of the phone's microphone: "Your name is Fang Xue? I'm Wan Qingya. I will say hello to you in advance. Concubine Wan Qing and my sister will stay with you soon!"

"You go, there is no face and skin, I won't go!"

The two quarreled again. Fang Xue waited for them to settle down a little bit, and then said jealously: "It turns out that it was you...Is Li Yun rushing away just now because of you? Did something happen to you??"

Concubine Wan Qing couldn't answer, and was stunned on the spot.

"It's okay, it's just that my sister missed him too much." Wan Qingya replied to help, and then she was pinched by Concubine Wan Qing.

".....Ok."

The call became a call between Fang Xue and them, and Li Yun didn't leave it alone.

Chapter 4105: Welcome

"You," Fang Xue said earnestly, "Come to home some time."

"what?"

Concubine Wan Qing was stunned. She had been to Li Yun's house and was forcibly pulled by Wan Qingya and went there on New Year's Eve.

But at that time, Li Yun's family had only two younger sisters, and four or five women, such as Princess Yongning, Shan Ruqing, Nie Xiaoqian, and the shameless Fan Linglong.

And now in Li Yun's home, there are a lot of beautiful women, Yingying and Yanyan surrounded together, Concubine Wan Qing just imagines that she joins in, she feels a headache, her personality is not very good, it will definitely cause a lot of headaches. Heap problem.

So just stay outside and never agree to Li Yun, so that he can never ignore her.

But now, Fang Xue took the initiative to invite her to go?

Is there such a generous woman?

"In fact, Li Yun has already said a lot about you." Fang Xue chuckled, "You should be the last, eh, do you know the last meaning? It's the last person to join the big family..." "

Concubine Wan Qing's current expression is quite exciting and complicated.

She never thought it would be such a result.

"Actually." Fang Xue said again: "Since we learned about New Year's Eve, we have guessed that you and Wan Qingya will come, so we have reserved a place for you. Of course, you should not have psychological pressure. By the way, Holy Madam—Uh, it's Sister Qingsheng. I asked her quietly, and she didn't care."

Fan Qingsheng and she are both saints, and the two saints serve a man together...

Concubine Wan Qing felt that, um, this guy Li Yun is too bastard!

"In short, welcome you and Wan Qingya!"

Fang Xue used the word "welcome" as a summary to show her attitude.

Concubine Wan Qing was silent, her younger sister Wan Qingya cheered: "Okay! In this way, the decision to 'never agree' just now will be invalidated!"

Concubine Wan Qing: "..."

Wan Qingya always knows her best.

"Ah? What's the agreement? No matter, do you want to come over now?" Fang Xue smiled: "If you come here, I will ask sister Lian Yi to arrange a room for you. There should be more...but only the second floor has a room. I hope not Dislike it, hehe."

Whether it was the third floor of the villa or the third floor of the mansion, the girls had already occupied it, and there were only some empty rooms on the second floor.

Fortunately, the villa that Li Yun bought was large enough, otherwise he couldn't arrange that many.

Of course, the more than 20 confidantes must not have finished the arrangement, so they had to squeeze and live in a big room.

In the future, it is estimated that it will be replaced by a villa or re-expanded on the original site.

"Okay, okay!" Wan Qingya agreed immediately. The reason why she argued with Gong Qingyu so much last time was because she wanted to establish her own position in Li Yun's big family. Now Fang Xue actively invites her. Of course, it is impossible to ridicule any more and agree to it in one bite.

"Good size!"

Concubine Wan Qing knocked her head and said angrily.

Fang Xue covered her mouth and smiled, "Would you like to come? If you come, I will prepare more of your bowls and chopsticks immediately, and let Li Yun eat less, it will be enough for you, hehe."

"Puff haha." Wan Qingya laughed loudly with Fang Xue.

Li Yun stretched out his hands, dinner or something, it's easy to solve.

"...No more."

After a long while, Concubine Wan Qing rejected her, her voice a little helpless and sighed: "Thank you for your kindness, but I need to be quiet now, maybe... soon."

Chapter 4106: ask

Concubine Wan Qing used the words "soon", and Fang Xue understood that perhaps she would come next time she invited her.

This time I was just embarrassed.

"Okay, look forward to your arrival, Sister Qing Concubine."

Fang Xue said softly, and then asked Concubine Wan Qing to hand over the phone to Li Yun, deliberately saying loudly: "I am so generous, I am not moved? You bastard, next time there are so many girls, see if I will take care of you with Qing Concubine Qingya !"

"Hehehe, good~~!"

Wan Qingya was the first to raise her hand in favor, and Fang Xue couldn't help laughing out loud, thinking that she would again be a little girl with a personality similar to Hu Xiaomeng, Su Muxin and Qingzhu.

The two women quickly "arranged" Li Yun clearly.

After that, she hung up the phone, leaving behind the somewhat dazed Concubine Wan Qing.

She can see that Qingya likes the life of a big family very much. Maybe she moved into Li Yun's big family and chatted with those women every day. Instead, she had a happier life instead of walking around with her and staying in a hotel at night. .

"What are you thinking about?"

Li Yun held Concubine Wan Qing's small hand and said softly, "Don't have any psychological burden. You can go whenever you want. Don't worry, they are all very good people."

"Of course it is for you!"

Concubine Wan Qing gave him a white look, left his arms and jumped out of the bed, but she forgot that she was wearing only a blanket and only one piece of underwear, her beautiful feet on the marble floor of the hotel, her beautiful body like a jade Almost all appeared in front of Li Yun.

"Snapped."

Concubine Wan Qing waved her hand and slapped the face of the pervert who looked at her motionlessly, followed the gesture, raised her hand to beckon her clothes, flew up and landed on her graceful figure, and automatically finished wearing.

When Li Yun's face turned back, Concubine Wan Qing had already put on a beautiful floral skirt, walked barefoot to the floor-to-ceiling mirror, and shouted: "Smelly girl, don't come and comb my hair~!"

"coming!"

After kissing Li Yun, Wan Qingya ran over to help Concubine Wan Qing comb her hair.

Li Yun was stunned for a moment. Wan Qingya's personality seemed to have changed a lot. It was wrong. The last time I saw her was New Year's Eve, she was very lively at that time, but now she is more lively.

However, it is also a good thing for a lonely person like Concubine Wan Qing to have Qingya by her side all the time.

It's just that Li Yun still doesn't understand, is Wan Qingya's personality split out, and then use the method of creating an avatar to stuff the second personality into the avatar?

"Qing Concubine, Qing Ya, you should comb your hair first, I'll call to ask."

Li Yun picked up the phone again and called the little Lolita who was marked as "Shengzi" in the address book, but after seeing this remark, Li Yun thought about it and changed it to "Xiaosu" again, removing the holy child. .

After all... ahem, blonde loli has become the person next to him, and it is no longer appropriate to call Shengzi.

"Xiaosu?"

"It's me~"

The blond saint Lolita seemed to answer his call after running a long way. She should have ran out of the villa to make an external connection when she was about to eat dinner.

"have you eaten?"

"Almost soon, we will go to the mansion after eating at the villa."

"You also live in the mansion?"

"Well, the young girl will go with me too."

"She's going too?"

Li Yun was shocked, isn't the young girl the least lazy to move? She still counts as the female bodyguard in Li Yun's family, with a salary of 20 million a month.

Chapter 4107: Ferris wheel and dating

But the young girl who is a female bodyguard, let alone go on duty, she doesn't even bother to go on patrols, she occasionally goes downstairs and walks in the villa, usually nesting in her room to watch TV and play games, there is no ancient character at all. Look like.

However, it seems to make sense that the ancient gods also had various entertainments. After they arrived in the modern age, it is normal for them to like watching TV, watching movies, and playing games.

Maybe if the Nuwa Empress also wakes up, she will still like chasing dramas and the like, haha.

"Ahem, Xiao Su."

"What are you doing?"

Saint Xiaosu blushed and said.

"I ask you something."

"What, what's the matter?"

Little Lori's face turned redder.

"Yes, I have a... very good female friend."

"Humph!"

Xiao Su suddenly snorted and muttered: "I thought you missed me, so I called me. It turned out to be about asking other women!"

Li Yun choked back with his mouth full of words to say.

No matter how young you are, no matter how high your status is, you are still a goddess, but you will also be jealous!

And jealousy is not small.

"This has only been separated for less than two hours... Well, I will solve the matter here and go back to you immediately. Let's find a time and go on a date."

Li Yun spoke according to the standard sentence of coaxing his girlfriend. After speaking, he suddenly reacted. The person on the other side of the phone is Xiao Su!

Her apparent age...

Dating her, if someone knows it, it is completely the kind of immature age who earns three years of blood and does not lose the death penalty. Although Xiao Su is several thousand years old, no one else knows it!

Outsiders saw Li Yun holding Xiao Su by the hand and walking into the street, kissing me and me, and then seeing him take Xiao Su to open a room in a hotel, it is estimated that anyone would just call 110 without saying anything.

"Dating, okay!"

Xiao Su was very happy. Li Yun could feel her joy through the phone.

"When? Where to go on a date? Just the two of us, no one else is allowed to follow~!"

Xiao Su asked questions like a gun, and now, Li Yun can only bite the bullet.

"Just after I go back, I choose a good day, go at 10 o'clock in the morning, eat supper in the evening and come back, go to the park, or go to the amusement park, or watch a movie, as long as you don't feel tired of walking for a day."

Originally, I just wanted to perfuse her for a while, but when it came to these things, Li Yun was also a little looking forward to dating Xiao Su.

After thinking about it carefully, not only with her, he has actually not gone out alone with the girl around him for a long time. The last time it was Gong Qingyu and Xiao Mingzhu, they went to watch movies and so on, even less.

"Playground? I'm not a kid, so I won't go to the playground!" Xiao Su pouted, expressing dissatisfaction, thinking that Li Yun still treated her as a little girl.

"Fool, many grown-up girls also go to the playground."

"real?"

"Of course, I will take you to the Ferris wheel when the time comes."

"Hehe, okay, then it's settled, the Ferris wheel, and that one... the one that goes up and down suddenly, yes, there are horseback riding, the one that goes around in circles, ice cream, and balloons, yes, yes. Now, there is also kite flying~"

Li Yun was dumbfounded, how much did this loli accumulate to play with? With so many, it's impossible to finish playing in one day, unless you have a quick stroll.

"I also want!"

When he was stunned, Wan Qingya didn't know when to come over and said directly to Li Yun.

Chapter 4108: Demon

"Who is this woman?"

As a girl, Xiao Su immediately asked vigilantly.

Although it was the first time to fall in love, this kind of instinct to catch \*\*\*\*\* seemed to be innate, and she reacted to it all at once.

"She is... the reason I am looking for you."

Li Yun quickly explained, changing the subject by the way, and then motioned Wan Qingya to stop talking.

Concubine Wan Qing turned the chair on the dressing table and faced this side, waiting for Li Yun and the ancient figure to explain.

However, from just now, that ancient woman also...huh.

"What did you say?"

Xiao Su was attracted by the situation described by Li Yun and asked in surprise.

"That's right, I am a good female friend, almost that kind of relationship, cough cough."

"Hua Xin Gui!"

Xiao Su grumbled, reluctantly accepting this reality, what kind of women this guy is looking for, they are so many and special, and I don't know what he is... Ah, yes.

Reminiscent of Li Yun's complicated situation, Xiao Su knew why, he was born to have intersection with many people, but it should be almost the same.

In terms of fate.

"Describe it again, and let them come and talk to me by the way."

Shengzi Ye Xiaosu got serious, sat on the steps of the villa, and asked carefully.

"Okay, probably the situation is like this. I got a practice called the incarnation of the demon from somewhere. It happened that my good friend Wan Qing concubine also practiced the practice related to the demon, so I gave it to her. "

Good friend Concubine Wan Qing, there is no other way, she does not agree to be Li Yun's girlfriend, she can only be a good friend.

"Devil..."

Xiao Su repeated this vocabulary again, frowning and said: "Do you know what a demon is?"

"Know some."

Concubine Wan Qing and Qing Ya, both stopped talking and listened carefully. After all, this is a matter of great secrets to them!

Li Yun cleared his throat and said, "The concept of the demon should refer to the emperor demon in Buddhism, right?"

Shengzi, the former goddess of light, Ye Xiaosu, did not comment, did not speak, let Li Yun continue.

Concubine Wan Qing listened carefully.

If it weren't for Li Yun, she wouldn't know what the celestial devil meant in the practice "Heavenly Demon Bliss Heart Method" she had practiced since childhood. She thought it was a simple concept like a demon head, but she didn't expect it to be related to Buddhism.

But it's right. The Six Paths were originally the concept of Buddhism, but she didn't think so much before. After all, there are too many things in the Six Paths that do not belong to Buddhism, and more than half of them are not. Buddhism only occupies a small part.

"As far as I know, I mean it's not necessarily true based on what I know."

Li Yun emphasized once again. After all, in front of the reincarnation of the Goddess of Light, who is almost like a living fossil in the ancient times, the mythological stories he knows are completely stories. Showing off in front of him, it was all about getting a cannon in front of Luban's gate-referring to Luban No. 7 in a certain game of kings.

"I know, I didn't laugh at you, just say it!" Xiao Su's tone was smiling and proud. She felt that she was still very important, whether it was to Li Yun or the group of girls around him. .

"It is said that the so-called demon head referred to by Buddhism refers to the four types of demons that rob the wrecked sentient beings, namely, the trouble demon, the entrapment demon, the dead demon, and the emperor demon. The demon is the emperor demon."

Chapter 4109: You are the demon

"Well, it's kind of correct."

Regarding Li Yun's explanation, Concubine Wan Qing and Qing Ya both listened carefully, just like a good student, but for the former Goddess of Light, Ye Xiaosu, it was a bit correct.

Most of the meaning is wrong.

"Master Shengzi, please advise!"

Li Yun deliberately said in a respectful tone. After irritating Xiao Su's laugh, he said, "I can't say too much, I can only say something that may be of interest to you, oops, In fact, most of them are useless things. The Buddha has disappeared. Of course, the demon is no exception. Moreover, the demon is not a demon. It is the monks who exaggerated the results of their Buddha's battle."

"Uh?"

"By the way, those two women, I can explain your current situation to you, but you are not allowed to talk about me and Li Yun, have you heard?!"

Shengzi Xiaosu turned to talk about this matter.

Although it's not a big deal to leak out, it's still shameful. It's better not to expose it, at least not for now.

"Yes, Lord Son~!"

Wan Qingya replied very clearly, for the strong, she is still quite in awe of the strong, the other party is still a long-lived existence.

Although judging from the sound, the suspected appearance is not older than the category of elementary school students.

"Where is the other one?" Xiao Su asked again.

"Of course, I'm not that boring yet."

Concubine Wan Qing smiled slightly: "Concubine Qing is grateful for the guidance from the ancient gods!"

Her words are more formal than Wan Qingya, but Xiao Su prefers Wan Qingya's answer.

"Forget it, dare to speak out and make your husband look good."

Li Yun: "?"

How is it me?

"It's also your husband~" Wan Qingya added with a grin, making Xiao Su's face on the phone blush, and said with a serious face: "Now it's my turn to speak, your name is Wan Qingya? Shut me up first, because you are Demon, do you know?"

"what?!"

Li Yun, Concubine Wan Qing, and "Devil" Wan Qingya were all shocked.

Wan Qingya, is the demon? !

"Of course, what's so weird?"

The former goddess of light, Xiaosu, a little loli, said of course: "The exercise method Li Yun took out is the "Incarnation of the Demon" exercise. Isn't the so-called incarnation of Buddhism just the way it looks after it has changed?"

"But I..." Wan Qingya was anxious, how could she become a demon? She is obviously a...incarnation of Concubine Wan Qing.

"The incarnation of the demon is what the demon will look like after it has changed."

Xiao Su continued to explain: "I don't know what the process is like, nor where he came from, but it is likely to be true. You are the carrier of the transformation of the demon in the material world. , You and the Heavenly Demon-at least the former Heavenly Demon, I don't know how it is now. In short, Wan Qingya, you and the Heavenly Demon will slowly merge into one."

"This this this!"

Wan Qingya stood up in surprise and looked at her body, while Concubine Wan Qing, who had already stood up from the dressing table, walked over nervously and stared at the mobile phone in Li Yun's hand.

Wan Qingya, will be swallowed by the demon? No, this will never work!

"May I ask Miss Su, do you have any solution!?"

Concubine Wan Qing asked very directly, without any obscurity, she asked directly.

"I haven't finished the explanation yet, don't worry, since there was no accident before, there must be no problem in a short time."

Chapter 4110: What is the devil

Everyone stared at Xiao Su, waiting for her explanation-staring at the mobile phone in Li Yun's hand.

"What is a demon?"

Xiao Su said lightly in a mysterious and profound tone: "You might think that the devil is a product of hell, or even the so-called rebellious angel."

Li Yun was embarrassed, that's what he thought.

"But in fact, demons are a kind of existence before the world, which means that they have been wandering in the universe before the earth is formed."

Everyone understood what Xiaosu said.

Just listening to understand, on the contrary, was even more shocked. According to the theory of myths and legends, wouldn't demons be equal to God of Creation?

In the myths of many nations, the \*\*\*\* of creation wakes up from chaos and then creates the world.

Including the goddess of light, the three major gods of Shiva from Asan, the \*\*\*\* of ancient pharaohs, the \*\*\*\* of heaven, one of the three gods of the cherry blossom kingdom, and the Pangu of Huang Xuan kingdom, and so on.

Although most of the myths are bizarre and absurd, they seem to have traces to follow, especially after Li Yun saw the origins of the murals depicting gods in the black pyramid.

"Meaning, demons are the natives of the earth?" Li Yun asked a very strange question.

Aboriginal refers to the aboriginal people.

Concubine Wan Qing and Qing Ya both looked at him in astonishment. Are demons a native?

"Hmph, you have to say so, that's not wrong."

Xiao Su groaned, not knowing what it meant: "Demons are natives, and heavenly demons are emperor demons, invisible and invisible, and have no thinking ability. They just want to destroy the existence of the material world by instinct, so they are called demons by bald monks. What we call the devil, in fact, is almost the same!"

Regarding demons and monsters, myths in many places are also recorded, but these sources are very complicated and cannot be used as a reference.

"The demon...the innate thing, the demon of the innate."

Concubine Wan Qing murmured in a low voice, pondered for a while, and then asked: "Then I ask Miss Su, what is the state of Wan Qingya, my incarnation? Will it be invaded by the gods and become like that? Crazy existence? If so, how can I stop it?"

Wan Qingya also held her breath nervously, waiting for Xiao Su's answer.

The same is true for Li Yun.

Regarding Wan Qingya, although she doesn't spend much time with her, Wan Qingya has exactly the same memory as her concubine. They are both mothers and daughters and sisters. They are different from each other. They are the same person. No, but it's not right to say that they are two people.

Concubine Wan Qing and Qing Ya are like 1.5 people, neither one nor two people. The way of dividing one person and two people in the concept of human language does not work for them.

"Don't worry."

Xiao Su said don't worry, but he was silent for a while before he said, "I'm not familiar with the demons. I only know that they must be irrational. Even if the demons affect you, they are unconscious and instinctive. As long as you don't commit a certain taboo, the demon will probably always exist, which is why you can exist!"

At this moment, all three of them understood.

After understanding, there is a long silence.

Because of this matter, it seems to be caught in a dead-end entanglement.

Wan Qingya was an incarnation that was differentiated after Concubine Wan Qing had practiced "Incarnation of Heavenly Demon". Without the element of Heavenly Demon, she would definitely not have a relatively independent mind.
