Chapter 4221: Buddha

"Hmm... I have seen a Bodhisattva!"

Li Yun put his hands together again and worshipped respectfully.

"Well~~~ Meet the Bodhisattva!"

Wan Qingya had to learn everything, and even Li Yun's scream was learned. She looked at the two people curiously with big eyes, and finally locked her eyes on the woman with simple dress and said bluntly: "Are you a Bodhisattva? Bodhisattva?"

"Gentle and elegant, don't be rude!"

Wan Nishang pulled her a bit, and then apologized to the two women.

Although I can't see how powerful these two beautiful women are, the ability to own a yard on this island, plus a black fur monster to look after the house, is enough to prove their strength.

I'm afraid it is really a bodhisattva, an out-and-out god!

"Junior Concubine Wan Qing, visit the Bodhisattva."

Concubine Wan Qing tried to empty her mind as much as possible, thinking about nothing, just seeking to solve Qingya's problems as soon as possible.

"No need to be polite."

The first one to speak before, the woman with a plain dress, said softly.

The voice was very soft, revealing a tenderness of compassion and compassion, which made people feel like a spring breeze. However, Li Yun felt that his spiritual voice was not bad, compared with the voice of the Buddha.

But who is the other woman?

Li Yun looked at the woman who was sitting across from the Bodhisattva, wearing a relatively gorgeous dress and a more graceful temperament.

She is about twenty-seven or thirty-five or sixty-five. In short, she is a mature and beautiful woman. She has a very good temperament, and she can feel majesty when sitting on a stone bench.

Ever since Li Yun came in, this graceful woman has been staring at him. Li Yun was a little confused, and a little doubtful, did he see her?

But after thinking about it, he finally gave up. He had never seen this woman. After all, such a beautiful woman with such a temperament would be very impressive once she met.

"Are you really a Bodhisattva?"

Wan Qingya grabbed her mother's hand, and finally could speak with her mouth.

The gentle woman was also staring at Wan Qingya. After hearing these words, she smiled and said: "The Blessed One calls me Guanshiyin, which means that if there are countless, tens of thousands, trillions of beings, suffering from all kinds of sufferings, and heard that it is Guanshiyin Bodhisattva, One-heartedly named."

Speaking of Buddhist scriptures, Wan Nishang and Wan Qing concubine began to have headaches, and Li Yun also felt a dull pain in his head.

Only Wan Qingya smiled and said, "Are you lying? Many people call your name, why didn't you show up?"

Wan Nishang was taken aback again. Fortunately, the Avalokitesvara Bodhisattva was not angry, with a gentle smile on his face, and said: "It is my ambition to save countless and hundreds of millions of beings, but it is a pity that it has not yet been realized. In the circumstances, the name of Guanyin is becoming more and more untrue."

"You are so humble."

The other graceful woman smiled slightly and stretched out her hand to express her grace: "Isn't she what you did?"

"what!?"

This time it was Wan Qingya's turn to be shocked. Her mother and sister opened their eyes wide and looked at the two gods with questioning eyes.

"Do you know your life experience?" the graceful woman asked Wan Qingya.

"Know, know something, I am the incarnation of my sister, what is called the incarnation of the demon... and the demon has a lot to do with Buddhism!"

Wan Qingya said her situation in one breath, but neither the graceful woman nor the Avalokitesvara Bodhisattva answered her question immediately, but just smiled.

"What are you doing?"

Wan Qingya pursed her mouth, her heart is itching, and she can tell if she knows it!

Chapter 4222: Demon

"A demon, a demon born in nature."

Avalokitesvara Bodhisattva did not answer Wan Qingya's question directly, but beckoned to her and began to explain the origin of the demon.

Wan Qingya glanced at Li Yun and her mother, and walked to the front of Avalokitesvara Bodhisattva, and she held her hand. Then, Wan Qingya squatted down unconsciously and put her hand on her head by the Bodhisattva.

It seemed to love her very much.

"What is a born demon?"

Wan Qingya was inexplicably lifeless, and even felt that this Bodhisattva woman was a little familiar, as if she had met her.

"Innate is the unconscious demon formed before the birth of heaven and earth, between chaos and tangible things."

The Bodhisattva describes it in plain language, but it is still difficult for the three of them to understand.

Li Yun was also a little confused, and asked: "Bodhisattva, you mean that when the heavens and the earth are in chaos, the demons are born, and they are still born before all things? Then...Pangu God...Uh, sorry, I asked more. NS."

Seeing his embarrassment, the graceful woman said amusedly: "What do you know, Pangu Da... God, is not born in the chaos as you think, he is a **** who came from far away from the sky, no It was born from our world, understand?"

Li Yun understood in an instant.

Pan Gu, as recorded in the murals in the black pyramid, also crossed the void and came to the earth. He was not a **** originally conceived from the earth, but an outsider.

To be precise, the gods are natives, but these natives are not counted as beings, or even things. They are only the excessive product between chaos and matter, but because they are close to chaos, they have strong and strange possessions. strength.

"Turning the demon into a tangible thing was originally just my attempt. I didn't realize it, but it suddenly succeeded at this moment."

The Bodhisattva looked at Wan Qingya gently, as if looking at a rare treasure. Wan Qingya was a little embarrassed by her: "Then... Am I not your daughter?"

Wan Nishang was stunned, she was inexplicably degraded?

Even the Bodhisattva and the graceful woman were shocked.

As for Concubine Wan Qing, she was holding her forehead, and she was completely overwhelmed by this girl's nonsense.

"Of course, my mother is still a neon clothes mother, dear, Bodhisattva, you are a godmother at best~"

Wan Qingya quickly added, which made Wan Nishang's injured heart better.

"Ha ha."

The Bodhisattva laughed, "You child... you are just an existence I enlightened, or you can be said to be a kind parent... If you insist on calling me a mother, then I will have to recognize you as a daughter."

Li Yun was a little surprised. Can the Bodhisattva accept his daughter?

But then I thought that Buddhists cannot get married, but they do not prohibit the adoption of sons and daughters. Many temples have adopted orphans. Moreover, even the Buddha has a peacock buddha.

But these are legendary things. Li Yun doesn't know what the real Buddhism is like.

"it is good....."

"but."

When Wan Qingya was about to agree, the Bodhisattva smiled again: "Daughter mother, it doesn't conform to the Dharma, you should call me Master."

"Ah!" Wan Qingya said in surprise: "I'm not a monk. I have a husband, and that's him, Li Yun!"

She stretched her finger to Li Yun.

The graceful woman looked over again.

"That's right." Wan Qingya quickly added, "My sister and my mother belong to my husband...Oh."

Concubine Wan Qing pinched her.

Chapter 4223: Accept disciples

"It's okay."

Avalokitesvara Bodhisattva looked at Wan Qingya, and said with a smile: "Buddhist practice can be divided into monks and lay people. Buddhist monks must abide by the precepts and shave their hair. Commandments, in daily life, I only ask you to forbid killing people at will, forbid slaughtering people, and recite Buddhist scriptures frequently. This is enough."

"That way, even if you come into your door?"

Wan Nishang was very anxious, but worried about elegance and couldn't help asking.

"Yes."

The Bodhisattva replied affirmatively. He only requires that the incarnation of the heavenly demon, Wan Qingya, abide by the three precepts, and then accept her as a disciple without having to become a monk.

This also means that Wan Qingya can still eat meat, marry and have children, almost exactly like normal people, except for chanting Buddhist scriptures from time to time when needed.

"How often is it? A week? Or a month?"

Wan Qingya thought of this question, and hurriedly asked the Bodhisattva.

"every day!"

Concubine Wan Qing nodded her forehead. Wan Qingya was stupid, chanting Buddhist scriptures every day? Isn't that fatal!

"When you forget the Buddhist scriptures, just recite a short paragraph."

Avalokitesvara Bodhisattva said an ambiguous sentence, a short paragraph? Do you forget the Buddhist scriptures before you recite? Forgot how to pronounce it?

But it was very suitable for Wan Qingya, after a glance at Li Yun, he hesitated.

"Promise it down."

The graceful woman said lightly: "The Buddhist scriptures can stabilize your soul and protect you from being too deeply affected by the demon. Within the Three Realms, the Buddhist scriptures are your best choice."

"Oh."

With the permission of the three of Li Yun and her mother and sister, Wan Qingya happily worshipped her teacher, but she only changed her name to the Bodhisattva as her master. The rest of the rituals were completely absent, and there were no scars or shaves, which was incredibly simple.

"Qingya, because you are leading hair to practice, so I won't give you a Dharma name. But."

Guanshiyin Bodhisattva took out a prepared collar from his pocket and leaned in the direction of Wan Qingya. ,

Li Yun's eyes widened suddenly: "Wait, Bodhisattva, this thing... shouldn't it be a golden hoop?!"

The Bodhisattva and the woman looked at him together.

The woman said funnyly: "How did you know that the Bodhisattva has a golden hoop? You know so much."

"Uh, it's okay, it's okay." Li Yun was a little guilty, but insisted: "Bodhisattva, if this is a golden hoop, then it's not necessary, the golden hoop..."

It's not a good thing that everyone knows.

"Do you look at the circle, do you look golden?"

The Bodhisattva raised the circle in his hand anger, and Li Yun saw it clearly. It was a white jade collar, no, it should be a jade bracelet!

"I already know of your arrival, and I see Qingya in the leaves you obtained, how can I not understand."

Regardless of Li Yun's embarrassment, the Bodhisattva smiled slightly: "It is because I saw Qingya's performance that I didn't do more to test you, otherwise, you would have to go through some hardships if you want to enter my purple bamboo forest!"

Concubine Wan Qing suddenly appeared. No wonder it went so well. It turned out that Qing Ya's previous performance passed, so she was released by the Bodhisattva.

"Thank you Bodhisattva!" Wan Nishang thanked her daughter.

"Thank you, Master!"

"You don't have to be polite with me, put on a bracelet."

The Bodhisattva lifted Wan Qingya's hand and put on the bracelet for her personally, and then put his hands together and said silently.

He took out another jade bottle-Li Yun probably guessed it was a jade net bottle. Guanyin Bodhisattva took out a small drop of rain from it with willow branches, and covered the previous bamboo leaf on the bracelet on Qing Ya's wrist. Gan Lin was right. I clicked on the bamboo leaves.

Chapter 4224: Do not forget the Dharma

The dry and yellow bamboo leaves slowly awakened and merged into the jade bracelet. The original white jade bracelet became transparent, and the bamboo leaves were suspended in the bracelet, emerald green, making the whole bracelet very beautiful and full A green and transparent feeling.

Wan Qingya loves this bracelet, and after playing with it for a long time, she raised her head and smiled sweetly at the Bodhisattva: "Thank you, Master~"

The Bodhisattva chuckled and rubbed her head again: "This thing can help you keep your mind clear, and the price is,"

"Ah, there is a price?!"

Wan Qingya's small face collapsed again.

The Bodhisattva ignored her, just tapped Wan Qingya's head with his finger, and continued: "The price is, if you don't have a Buddha in your heart and forget to recite the Buddhist scriptures, the bracelet will keep humming, so you can always keep it in your heart. Forget the Dharma."

"..."

Wan Qingya was stunned for a while, and she simply said in a ***** voice: "Then when my husband and I love something, we should also remember the Buddhist scriptures?"

This time, the people present were really shocked.

Even the friend of the Bodhisattva, a beautiful woman with grace, shuddered. Obviously, she would not have thought that anyone would say such a thing in front of the Bodhisattva.

As for Wan Qingya's sister and mother, they have completely covered their eyes and looked at her with no eyes and no face.

The Bodhisattva did not blush, let alone embarrassed, and said calmly: "The joy of the flesh is after the spiritual satisfaction. If you remember the Dharma, you can be with your husband. If you forget the Dharma, then even if you are If you are chanting Buddhist scriptures, you will feel uneasy, my disciple, do you understand?"

"not understand!"

Wan Qingya replied loudly, but under the gaze of the Bodhisattva's eyes, she quickly changed her words: "Understand, understand, the disciple will never forget the grace of Master Bodhisattva received today, not forgetting today, that is, not forgetting the Dharma. En Fate Meeting, that's it."

The Bodhisattva covered his mouth and laughed, apparently very satisfied with his disciple's words.

The only man present, he could honestly and sincerely say that when the Bodhisattva covered his mouth and smiled, he was still very beautiful, cough cough.

Li Yun narrowed his expression and said with joy: "That's all right? The worries that have been for many days are finally let go, thank you Bodhisattva!"

Guan Shiyin glanced at him with a smile but didn't answer.

Li Yun was shocked. He was only out of a man's instinct to appreciate women. After looking at her once or twice, she found out?

Sure enough, the attention of the gods and bodhisattvas was too abnormal.

"Thank you Bodhisattva!" x2

Wan Nishang and Wan Qing concubine also thank you.

"No need."

Avalokitesvara Bodhisattva smiled: "Today I will accept disciples again, and it is also due to the cause. The causes I planted before and the good fruits of today are harvested. When the world rises to kill again, it is a great contribution to have a disciple like you. Good destiny, Qingya, remember what I said to you just now."

"Yes, the disciple obeyed~~."

"Um."

The Bodhisattva took out the willow leaves in the Yujing bottle, and clicked 3 points on Wan Qingya's forehead, and another point on Wan's neon clothes and Wan Qing's foreheads before drifting away.

"Master?"

"Come back to me tomorrow afternoon."

Leaving a word, Guanshiyin Bodhisattva disappeared in front of everyone, looking very inexplicable.

"Leave her alone."

The graceful woman who was left behind smiled and said, "The more you want to understand the woman, the more you don't understand. Just forget it, and sit down."

Chapter 4225: Banquet

The woman said that all four of them were allowed to sit down, but there was only one stool in the pavilion, which was opposite her, where the Bodhisattva had just sat.

Moreover, her gaze was still on Li Yun, and the three women could only sit on the long stone bench next to the pavilion, leaving the round bench opposite the woman to Li Yun.

"Um....."

After sitting down, Li Yun hesitated for a while, and asked tentatively, "This senior, have we met?"

"What do you think?" The woman asked with a smile, her tone and demeanor were full of a sense of intimacy.

Maternal glory!

Concubine Wan Qing flashed the word inexplicably in her mind. She had seen this expression from Wan Nishang many times. In the past, she only thought it was the master's care for her. Later, after her life was revealed, she realized that it was maternal love.

Concubine Wan Qing looked at her mother subconsciously, but found that Wan Nishang also looked over. Obviously, they had guessed the same thing.

Only Wan Qingya was very confused, still playing with the unnamed bamboo leaf bracelet, and simply called it the bamboo leaf bracelet. It was simple and nice.

"I think it is!"

Li Yun hesitated for a while, but nodded. This woman always gave him a very close and natural feeling, just like the big sister next door, gentle and kind, and people couldn't help being close.

"That is."

The woman said softly, reaching out and holding Li Yun's hand on the table.

Li Yun's hand trembled. This was a natural reaction. After all, anyone who was held by a mature and beautiful beauty sister and felt her soft and soft hands would tremble unconsciously.

"Don't be afraid, I won't hurt you."

The temperament of the graceful woman was replaced by the splendid splendor of the gentle motherhood, and she whispered softly: "It's not easy for you to get to this point. I should...We people have all inherited your affection. In the future, there will be I will help you, rest assured, I will guide you to the right and best path."

"?"

Li Yun was silent for a while, and said, "Senior, what's your name?"

The woman gave him a mysterious smile, but did not answer, but clapped her hands instead.

Soon, two beautiful women in tall dresses walked in, with dishes and wine in their hands, and placed these things on the stone table.

Li Yun and the three girls are even more confused, eating in the pavilion?

And drinking in the purple bamboo yard of the Bodhisattva? !

"Bring two more jugs of wine, one jug is not enough."

The woman pointed at the ground casually, and three stone piers emerged and turned into a round stool, while Li Yun involuntarily moved to the woman's side to make room for the extra round stool.

The appearance of sitting close to the woman made Li Yun even more confused.

"Are we going to eat too?"

Concubine Wan Qing and the others are even more puzzled, this woman looks a bit weird no matter what.

The woman looked at Wan Qingya and said with a smile, "Your master said that you are going to find her tomorrow afternoon, just to give me this time, and let me take care of your body, don't you believe it? My wine is not easy."

As she said, she ordered the two maids to open the lid on the hip flask, and in an instant, a quiet fragrance diffused out.

Wan Qingya's eyes widened suddenly, and she took a sip: "Okay, so good!"

"This... is wine?"

Wan Nishang was also shocked, this thing didn't have a taste of alcohol, but it made people want to taste it inexplicably.

"It's wine, not wine."

The woman picked up the wine glass and smiled at the four of them: "Come and drink, and sleep tonight, it will be fine."

Li Yun faintly felt wrong, but there was no way to prove that he could only drink this fragrant wine.

"Go to sleep, go to sleep."

Chapter 4226: Fragrant wine

Li Yun's memory ended here. After waking up the next day, the rest of the matter slowly emerged in his mind.

"Go to sleep... just sleep."

"I have made people prepare the yard, you take them to rest."

"Remember, this matter is very important to her, it can stabilize the body of the demon... and it is also very important to you."

Li Yun tremblingly recalled the words of the graceful woman, and recalled what happened after coming to this yard last night.

What he felt on his body, in his arms, on the left, and on the right, were three tender and soft jade-like bodies, proving that the madness of last night in his memory was not a fantasy in his mind, but a fact that actually happened.

"..."

Li Yun slowly opened his eyes, and sure enough, three beautiful girls around him were wrapped around him. In his arms were Wan's neon clothes, Wan Qingya on the left, and Concubine Wan Qing on the right.

He and his three daughters slept on a big bed in a small courtyard. This bed was specially remodeled and it was more than enough for four people.

And in the yard and the house, clothes were scattered everywhere, as well as all kinds of messy traces, proving what happened last night.

In my impression, after he returned to the yard last night, he chatted with the three girls for less than three words, and then he started various intimacy...

It seemed that I couldn't control myself, including Wan Nishang's third daughter, too.

After drinking the fragrant wine that the graceful woman gave them, Li Yun, Wan Nei Chang, Wan Qing Concubine, and Wan Qing Ya were all very crazy.

"hiss!"

Li Yun's waist was severely pinched. Needless to say, it must be the Wan Nishang who woke up.

"Neon clothes? Uh!"

Li Yun was pinched again, he hurriedly grabbed the Wan Nishang in his arms and squeezed her slender waist, "I was wronged too... well, last night, it was all my fault, but... uh, something. It has happened, then...hiss!"

Wan Nishang pinched him again, and Li Yun didn't know what to say, so he could only hug her tightly.

"...Huh, you know it hurts?"

After a long time, Wan Nishang said faintly: "You bastard, the three pinches you just pinched you just now were to offset what you did to the three of us last night, okay?"

"Understand!"

This kind of thing can't be said too much.

"Neon clothes, I think last night..."

"what?"

"No, you listen to me, last night,"

Li Yun emphasized: "It's not that I don't want to be responsible. I'm just analyzing the situation. Besides, the relationship between you, me, and the four of us has long since needed such a mess to speed up. Last night, no, the day before yesterday. The atmosphere on the yacht at night was very good, uh, you know what I mean?"

Li Yun is not a guilty conscience, she is just a little guilty. After all, last night, Wan Nishang and his masters and apprentices were miserable in one breath, and he couldn't help feeling sorry for them in his heart.

Originally, according to Li Yun's idea, she would have to date the three of them several times alone, waiting for the right opportunity, and then go to the hotel on a date with Concubine Wan Qing, then Qing Ya, and then Wan Nishang.

The result is now in place in one step, I am really sorry for them.

"Just be proud of you!" Wan Nishang's tone was full of resentment, but he didn't let go of his arms and hugged Li Yun's movements, and the person was still lying in him, lazily without moving.

She was exhausted last night.

It's strange, she can't be so crazy, but she is inexplicably...

"It's those three pots of wine!"

Wan Nishang blurted out, she finally realized the cause of the problem, but she didn't realize it at all last night, and she passed away in a daze.

Chapter 4227: Help you

Li Yun said: "This is what I want to say. Fragrant wine is probably... well, there is a problem."

He was still a little ashamed. Although he took advantage of the three women, he didn't notice the problem with these wines. It really shouldn't.

"That shit..."

Wan Nishang's complexion changed, and she almost blurted out cursing, but she held back. After all, what happened last night was probably that the woman had planned for it, and it might even be the woman or even the woman who had their affairs last night. Bodhisattvas are in sight!

And, now! It is possible that they are still being watched.

"No, I have to get up..."

Wan Nishang turned over and wanted to get up, but even sorely, fell back to Li Yun.

But from the corner of her eye, she looked at someone standing at the door, and Wan Nishang looked over in surprise and found that the woman was standing at the door last night, looking at them with a smile on her face!

"you!"

Wan Nishang is ashamed and angry. The key is that she may not be able to beat her, so she can only bear it. After all, she Qingya and Qing concubine are by her side and can't mess around.

"woke up?"

The graceful woman walked in with a smile, Wan Nishang hurriedly pulled the quilt to cover herself, only revealing a pair of eyes and staring at her: "What do you want to do?!"

"Don't do anything, help your daughter, and help him... Li Yun."

The beautiful woman added Li Yun's name and pointed out specifically.

Li Yun, who is under the body of Wan Nishang, is in a complex mood now, both enjoyable and very weird, and even more complicated for that woman.

To him, this strange woman is relatively close emotionally, but she did such a thing, which made Li Yun somewhat unacceptable.

"Help my daughter?"

Wan Nishang was stunned for a moment, "You mean...Qingya?!"

"Yes."

The beautiful woman smiled lightly, "The body of the demon is not so easy to dissolve, even if it is suppressed by the Buddhist scriptures, the power belonging to the demon will always affect her,

only let your daughter, Wan Qingya, go through all kinds of things, rely on her. I realize that emotions can be suppressed by emotions."

"Why?" Wan Nishang asked, she was still not reconciled!

"Why?"

Beautiful women's voice is very weak and vague, as if they are just casual narration: "The demon is intangible, and the human being is the highest form of tangible things, possessing wisdom, so people are naturally able to restrain the demon, or that the two are both. A mortal enemy, at least the demon instinctively wants to destroy the possessed humans."

"...I'm asking, why do you need to do this?" Wan Nishang changed her question.

"Hehe, why else? Because of me...because the man under you has a unique power. Do you agree with this?"

"...Agree."

Wan Nishang couldn't understand her anymore, and she had to admit that Li Yun, this little man, had many incredible things.

"Besides, he is the husband approved by your daughter Qingya, didn't it happen last night?"

Without waiting for Wan Nishang to continue to ask, the woman explained in one breath: "You were all there last night, Wan Qingya couldn't deal with him alone, so add you..."

When she said this, she paused slightly and looked at Li Yun with an agitated look, but she didn't get too entangled, and continued: "As for you asking me why I didn't discuss with you, then I can only answer you. Because I like it!"

Wan Nishang & Li Yun: "..."

This reason is quite strong, and there is no reason to refute it.

Chapter 4228: Fifth person

Because she was willing, she did it.

"..."

Wan Nishang was silent for a while, and then said grievously: "Senior, I am very grateful for these things you have done for Qingya, but if there is a next time, I think you'd better discuss it with us, I think, as long as it is for this The purpose of this, we... will all agree!"

She gritted her teeth and said yes, and pinched Li Yun again.

"Let's talk about it, there is no next time."

The beautiful woman stood up, smiled at her and Li Yunying, and walked out the door.

When she walked out of the threshold, she was tripped a bit, which made her seem a little embarrassed. After looking back at Li Yun, she was a little bit shy inexplicably, turned around, tidied up her skirts, and walked slowly.

"She... also attended last night?"

Wan Nishang's face was weird, and everyone saw that the woman was a little uncomfortable walking just now, as if she had gone through a storm last night.

But Wan Nishang couldn't remember whether there were four or more people last night. She only vaguely remembered that after she took over the job of Concubine Qing, the **** Li Yun hadn't stopped. In a trance, it seemed that another person walked into the house. .

But whether or not it is, Wan Nishang is uncertain.

So she asked Li Yun if a fifth person had come in and participated in last night's affairs!

"This....."

Li Yun rubbed his temples and smiled bitterly: "I'm not sure...really, I still remember the first thing last night, including going back to the yard to chat with you, and then Qingya threw herself into my arms. After that, you...why! Why do you pinch me again?"

"My pleasure!"

Wan Nishang answered him with the words of the woman just now, Li Yun could only raise his hand to surrender, "Well, it was not you who took the initiative last night, it was me, it was me, all right?"

"Hmph, no need, things have happened anyway, so be it."

Wan Nishang did not say that she would not admit what happened last night.

"What about the last night? That woman, did she come too?"

"Last night... I really don't remember. Even if I say that I vaguely think someone is there, you can't tell her in person, right?"

"You just said yes, didn't you? Approximately."

"Approximately, it should, I guess there is... but I'm not sure if there is, or who it is. In short, I'm not sure about anything!"

Li Yun could only say vaguely, he did vaguely feel that there was one more person at the end last night, but it was a pity that he had been mad at that time and could hardly feel anything.

Wan Nishang frowned, and the more he felt that it was the woman. After all, there is the ability to make them and Li Yun have no memory of them. Only those two women can't be... Bodhisattvas, right?

"and many more!"

Wan Nishang suddenly thought of something, "The Bodhisattva asked Qingya to look for her this afternoon. Does he already know what the woman is going to do?"

In fact, Li Yun had thought of this a long time ago, and now he can only bite the bullet and answer: "Probably...I just thought about it. The Bodhisattva had already anticipated that she would not be able to get up this morning, so let her go in the afternoon."

"..."

Wan Nishang was speechless, and she could express her anger at the woman, but she couldn't be mad at the elegant master.

"You think of a way to comfort Concubine Qing."

Wan Nishang struggled to get up, not daring to face Concubine Wan Qing who was about to wake up, but Li Yun hugged her and chuckled: "Since it has happened, then you have to face it. Isn't this what you said?"

Chapter 4229: opportunity

Wan Nishang anxiously waited for Princess Wan Qing to wake up, but to her surprise, her apprentice was very calm, got up and covered her body with a quilt, rubbed her eyes, yawned and asked, "What time is it?" "

"...Nine or more than nine o'clock."

Wan Nishang's voice trembles, for fear that his apprentice will show that shocked face after a sudden reaction.

Li Yun rubbed her face amusedly, and said to Concubine Wan Qing: "Concubine Qing, are you awake?"

"What do you think?"

Concubine Wan Qing, who held the quilt with one hand, rolled his eyes, then glanced at his master, there was not much shock in his eyes.

"Then you, um, just... don't feel tired, do you remember what happened last night?"

"Nonsense again!"

Concubine Wan Qing, like her master, stretched out her hand to pinch Li Yun's body, twice, three times, it was just a copy of her master!

Li Yun couldn't laugh or cry, "Concubine Qing, I..."

"What are you?"

Concubine Wan Qing kicked him, "I had guessed that you would do things that are inferior to animals, but I didn't expect it to be so fast, and it was still in an inappropriate place. It was simply... I can't talk about you!"

"No, I tell you, it's because..."

Li Yun said the matter as it was, and cited the fact that Qingya went to see the Bodhisattva this afternoon as proof. Only then did Concubine Wan Qing be suspicious.

"If you say that, the two women are..."

Concubine Wan Qing shut up and didn't speak. She turned over and got out of the car. Although her movements were a little unfavorable, she still put on her clothes and found her master's clothes.

The two left Li Yun and Wan Qingya, and went out, not knowing what to talk about.

After Qingya woke up, she didn't have much surprise, she just woke up with Li Yun and acted like a baby for a long time before waking up lazily.

After eating a vegetarian lunch, Wan Qingya went to see the Bodhisattva alone.

After staying until the next morning, Wan Qingya came back, and then the black bear appeared.

"see a visitor out?"

Concubine Wan Qing and Wan Nishang looked at it in surprise.

"Um."

The black bear sat outside the yard, his huge body taller than the door, his hand propped his chin, and the urn said angrily: "The Bodhisattva said, you are not here. It is not good to stay here for too long. Now the time has not arrived. At that time, I will naturally meet again, and I also said that it will not be too late, maybe three to five years, maybe thirty to fifty years, so be it."

Thirty to fifty years is indeed not too late for them.

"Okay, go home!"

Compared with her sister and mother, Wan Qingya was very happy. She smiled and said to the black bear outside the door: "Tell me Master, these days I will keep the Dharma firmly in my mind, and I will recite the Dharma from time to time. Let her rest assured!"

"Yeah, I will tell the Bodhisattva."

Hei Xiong's attitude towards Wan Qingya is much better than that of other people, probably because she is a disciple of a Bodhisattva, and it is also because of the people here.

"Thank you Bodhisattva!"

Although Concubine Wan Qing and Wan Nishang didn't understand, they still thanked them again. They could feel that Qingya became better.

Li Yun pondered for a moment and asked the black bear, "Senior Black Bear, what is the so-called timing?"

The black bear smiled and pointed at him: "Aren't you just the time?"

After speaking, Li Yun only felt that the world was spinning. When he was awake again, he and his three daughters had already arrived outside the island. After a while, the island slowly disappeared. The sea was blue and blue, and there was no trace of the island.

Chapter 4230: ended

"...Over?"

After a long daze, Wan Qingya looked at Li Yun and asked.

"It's over, it's over."

Li Yun took her hand, stroked her jade-like little hand and the bracelet on her wrist, and smiled slightly: "Remember to recite Buddhist scriptures frequently, so as not to be knocked on the head by your master again later."

"My husband hates it~"

Wan Qingya angered, she quickly relaxed and became extremely happy, raised her hand to the top of her head, and suddenly screamed loudly: "It's over~~~ I'm Qingya, from now on, I'll be a complete person, yes Husband's wife is mother's daughter and sister's younger sister~~!"

Her life experience was finally confirmed, and her heart was extremely peaceful and blissful.

Concubine Wan Qing chuckled, her incarnation turned into a person, she didn't really hate it, because she had an extra lively and lovely sister, although it was too naughty, it brought her mother and Li Yun had never had it before. Experience, whether it is the mischief after a fight with her, or the affection for her sister as a sister, or the act of acting like a baby by her sister, these are all different emotions from mother and Li Yun.

She is willing to accompany Wan Qingya forever by her side, just like her parents, and like Li Yun, she is an inseparable part of her.

"What's over, it's ugly."

Wan Nishang knocked her on the head, and smiled with a petting smile: "You should say, say, it's finally over..."

"Isn't this what our husband said?" Wan Qingya leaned in front of her mother and deliberately said something like our husband in a loud voice.

Wan Nishang blushed with shame, stretched out her hand to pinch Qingya's cheek, "Girl, you're getting more and more speechless, what's the matter!"

"What! Obviously the night before tomorrow we were still... by the way, or else we were on the sea tonight, ah, on the yacht."

"Wan Qingya!!!"

"La la la, husband, okay? Let's play on the yacht for two days before going back."

"Wearing a bathing suit?"

Li Yun's eyes lit up, three beauties in swimsuits accompanied him on the yacht, playing around on the sea, this kind of enjoyment... it can last for two or three days, and he will return to Zhonghai City.

"Yes, swimsuit!"

Concubine Wan Qing came over with a murderous look, "Do you want to see, our swimsuit, say!"

Li Yun swallowed, and replied, "It's dead, and if I don't want it, it's also dead, so it's simply a relief."

"think!!"

"Pervert, go to death!!"

...

After three days and three nights, the luxury yacht finally returned to Zhonghai City and docked at the pier in Zhonghai City.

The captain of the ship deliberately led all the staff—only five or six, the chef and the waiter, disembarked together to thank Li Yun and the four people. After all, this handsome man spent a lot of time on vacation with three beautiful women on the ship million.

All the fine wines in the yacht were drunk by these four people. The day before yesterday, they had to shore up a lot of luxury goods and food, such as swimsuits, clothing, bags, seafood, etc., all don't need money to move onto the yacht. Just to have fun in the last two days.

Of course, the rich man named Li Yun did not stingy in giving rewards to the people on the boat. He not only gave them fine wines, but also gave them more than 100,000 yuan in tips, just to make them work harder and provide more thoughtful service.

The people on the boat exerted all their energy and finally served the master and his three women comfortably. Everyone was rewarded generously and all smiled.
