Chapter 451: Gu King, Three Souls and Six Soul Insects

Gong Lianyi covered her small mouth and screamed in surprise, and said silently, "Li Yun, this time the bug... is cultivating the Gu King!"

"King Gu?!"

Li Yun and Gong Qingyu both looked at her in confusion, Gong Lianyi anxiously explained: "This is the record I read in some folklore books. Gu worm cultivation is very difficult. Generally speaking, I want to make a powerful, aggressive and vicious Gu worm, you need to put all kinds of poisonous insects in a container and force the poisonous insects to fight against each other. The last surviving insect in the container is the Gu worm!"

"Now—" She looked at countless poisonous insects in a panic and began to fight, "There are no utensils here, but the insects are also starting to fight each other. I suspect that the other party is cultivating Gu insects, and they are powerful Gu King-level insects!"

Gong Qingyu turned her head to look at Li Yun, "What shall we do now?"

"Don't worry, I will think of a way!" Li Yun took a deep breath, staring closely at the black and overwhelming swarms of insects on the playground of the mental hospital. He had to find a way to quickly eliminate them!

Somewhere in a mental hospital.

"Jie Jie Jie!"

An old man in black looked at the group of Gu worms and let out a hoarse and weird laugh, and said triumphantly: "Nephew, look, the old man has hidden in this hospital for 30 years, and he has also raised him for 30 years. Insects, in order to cultivate the three souls and six souls insects, and finally you're done on this day!"

This person's name is Yu Lisheng, and the young man standing next to him is Shi Taining, the man in the Six Demon Gate that controls Gu worms that Li Yun knows!

"Wonderful!"

Shi Taining laughed and applauded, "Uncle Yu, your three souls and six soul insects have collected enough souls 20 years ago, and they have been raised underground for many years. What's more, Uncle Yu, you happen to be today. Let them gather to become the Gu King, just a few people from the rivers and lakes who are not afraid of death."

"In this way!" Shi Taining smiled: "Uncle Yu, as long as you let the newly born three souls and six soul insects kill those people and absorb their souls, they will surely increase their power and become a real Gu. King, Three Souls and Seven Souls!"

According to Taoism, human beings have three souls and seven souls, responsible for managing the mind and body, and bringing supreme IQ and infinite potential to mankind!

Three souls and seven souls are unique to human beings.

And a gu worm was named the Three Souls and Six Souls. One can imagine its characteristics: a kind of worm that resembles a human and possesses a super IQ!

"No, no, three souls and seven souls cannot become insects, only six souls!"

Yu Lisheng waved his hand modestly, "The Gu King with three souls and seven souls is no different from human beings. Only the elder has one. I heard that he killed a hundred innate masters and used their blood. He souls are fed as the main ingredient, and 4,449 ordinary humans are added to gather their souls. It will take seven to seventy-nine years to succeed!"

"I'm this..." Yu Lisheng shook his head, "Three souls and six soul insects want to be promoted to seven souls, so they have to plan for another 30 years!"

Shi Taining smiled slightly. He did compliment Li Sheng just now. Although the Three Souls and Six Souls are extremely powerful, they are too difficult to cultivate, and few people have them in the Six Demon Gates.

"Huh?" Shi Taining saw three people jumping from the top of the building. He recognized Li Yun at a glance. But at this moment, he didn't become angry, but laughed again: "Uncle Yu, it really is the kid Li Yun. It can be said to be three happy things! Hahaha, this kid still wants to struggle again, but in the face of as many as tens of millions of bugs, even if he has three heads and six arms...what?!!!"

"boom!"

Chapter 452: Thousands of bugs were burned in a fire

"boom!"

There was a loud noise, the ground trembled, the muffled sound was deafening, the raging fire burst like a volcanic eruption, the flames rushed tens of meters high, and the brilliant fire light reflected half of the sky.

In an instant, the entire mental hospital was caught in the scorching flames, even more violent than the fire twenty years ago!

The difference is that the fire 20 years ago was evil, and it took the lives of more than a hundred people.

And this time the flame is righteous. It kills and drives countless insects, turning the nest of tens of millions of insects that originally wanted to be the Gu King, into nothing!

"Li, Li Yun?"

Gong Qingyu was stunned. She was already a little desperate. This is not to blame Li Yun. After all, anyone who faces as many as tens of millions of insects will be helpless.

The enemy is too powerful and the methods are too insidious. This mysterious spell that gathers countless insects is a method Gong Qingyu has never seen before, or even dared to imagine!

But at this moment of despair, Li Yun led her and Aunt Lian to the fifth floor with a light effort. They were responsible for resisting the stray swarms of insects. Li Yun turned into a magic spell, conjured many bottles and cans.

Peanut oil worth 98 yuan, a large can of No. 95 gasoline, a barrel of oil, a large bag of starch, and so on.

In the end, Li Yun took out a large grenade and a shell that Gong Qingyu didn't know what it was called. It was as big as a human thigh, and they all packed together in a swarm.

"run!"

When they were ready, the three of them fled in embarrassment. The insects were very weak, but the number could be said to be endless. Not to mention the late congenital stage, even if they came to the master level, they would not be able to please!

The three of them ran far away, Gong Qingyu's heart was beating very fiercely at the time, and there was a faint sense of excitement about making big things, turning his head to look at Li Yun, and sure enough, he raised the strange white pistol in his hand.

One shot accurately hit the grenade, and the grenade detonated the cannonball, and finally all the combustibles were ignited and exploded together.

As a result, this kind of shocking picture of the jaw was formed.

"Okay, awesome!"

The heat was rolling, Gong Lianyi only felt that her face was hot, but she was extremely happy.

A big pit was left in the playground, flames splashed, and a small half of the mental hospital was lit. Li Yun killed at least half of the insects. Although the remaining insects were controlled by certain spells, the insects were naturally afraid of heat. , Drove them to flee here frantically.

In an instant, the originally black and crushed insect swarm was completely scattered, all hiding in the corner, let alone cultivating the Gu King, it was a question of whether it could gather again.

What's more, these huge numbers of bugs have been sleeping for twenty years, and they are all \*\*\*\* disposable consumables!

It would take another thirty years to collect and multiply so many bugs!

"I will kill you!!!"

With a violent shout, Yu Lisheng jumped out, sullenly looking towards Li Yun.

These insects took him 30 years of hard work. It took him three years to establish the mental hospital. Then he quietly collected the souls, cultivated the insects underground, and finally burned the mental hospital, making it a cold place, more suitable for insects to grow. .

Unexpectedly, the three souls and six soul insects start with a fire and end with a fire.

Thirty years of planning failed in one fell swoop!

How can this not let Yu Lisheng jump into thunder? !

He couldn't wait to cramp Li Yun to vent his hatred!

What Yu Lisheng didn't see was that Shi Taining quietly left after he jumped out.

## Chapter 453: Yu Lisheng

"Little beast, take your life!"

Yu Lisheng roared wildly and killed him with a billowing black air. The flames around him couldn't cover up the evil air coming out of him at the moment. In an instant, the air around him suddenly became cold.

The two women stayed for a while, shocked by the cold aura, but Li Yun of the acquired realm was the first to react.

"boom!"

With a gunshot, the bullets were shot out, Yu Lisheng sneered, and stretched out his palm to grab the bullet that was shot quickly, and sneered: "Little beast, modern weapons are in front of the old man...what!?"

The bullet carrying the attack power increase + destruction attribute lies in the fact that a hole was drilled in Li Sheng's palm. If he saw that the situation was not good, he used infuriating madness to offset the impact, I am afraid that this shot would be able to His palm was penetrated.

"No, you are a \*\*\*\* in the Hidden Sacred Valley?!"

Yu Lisheng looked at the white pistol in Li Yun's hand in shock. The bullet fired from this gun was unusual, carrying an extremely powerful evil force, just to restrain his "Insect Evil Demon Gong", which he had practiced for decades!

"Hidden Sacred Valley?" Li Yun smiled indifferently, "The mere hidden Sacred Valley is not in my eyes. Of course, it also includes your six magic gates!"

"What school?"

Besides the Hidden Sacred Valley and the Six Demon Gates, the third sect to cultivate immortals? !

Yu Lisheng glanced at Li Yun suspiciously, but Gong Qingyu and the two girls immediately believed. The person they like must come from a sect with a long heritage and mysterious sect, otherwise Li Yun would not be so sharp!

"Haha, you are not qualified to know my martial art!" Li Yun tried to pretend to be forced, in fact it all relies on the system, he has a ghost martial art!

Yu Lisheng's face was sullen, various thoughts flashed in his mind, and he suddenly smiled: "No, you have no school! Otherwise, you little beast would not be able to break my three souls and six souls in that way!"

Li Yun smiled, neither admitted nor denied, let Yu Li Sheng and him hide from the party, just guess.

"Little beast still has a courage!" Yu Lisheng looked at Li Yun with hatred in his eyes, and a black aura gushed out of his body again, "You let my 30-year plan be ruined, and I will catch you alive and become a man. Gu, let you never live or die forever!"

After all, shaking his robe fiercely, dozens of small insects fell from his cuffs instantly, each of which was oddly shaped, with a vicious mouth, sharp limbs, and an evil smell all over his body.

After the little bug hits the ground, it immediately dispersed around, and cooperated with Yu Li Sheng from the front to kill Li Yun from all directions.

"Squeak!"

The sharp screams were extremely harsh, Li Yun secretly said something was wrong, the Nine Suns Tianjing Zhen Qi running inside his body protected his whole body, and hit Yu Li Sheng again with a shot. At this time, you can see the importance of increasing the speed of Silvin's pistol. Sexuality, Yu Lisheng hides very embarrassed.

Originally with his strength, the ordinary sniper rifle would definitely not hit him, but in front of the Silvin pistol, Yu Lisheng could only defend with all his strength!

"Lian Yi, Qingyu, be careful, and protect your whole body with infuriating energy!"

"knew."

"Look at me!"

Gong Lianyi leaned against Li Yun and Qingyu, her heart suddenly lightened, as if there was nothing to be afraid of in the world, her body was filled with an inexplicable and powerful force, her small cherry mouth opened slightly, and she couldn't help but whistle. , The peach wood sword in his hand draws a dazzling brilliance.

—The lotus leaves are infinitely green, and the lotus is red in reflection on the sun.

Chapter 454: Spike worm

The dazzling sword light radiated from Gong Lianyi's hand, like an ice arrow bursting from an iceberg, and like a drizzle in early spring, moisturizing things swayed silently.

In an instant, half of the dozens of insects that rushed up were enveloped by Gong Lianyi's sword energy, turned into broken limbs and fell to the ground.

"Bitch! You, you are looking for death!"

Yu Lisheng was frightened and angry. Although these gu worms were no better than the three souls and six soul worms, they were all powerful gu worms that he relied on to protect himself. For a warrior of the common acquired realm, a single worm could gnaw his body Empty.

Even if it is the Innate Realm, three or five besieged together, the ordinary Inborn Realm will have to hate on the spot!

But now Gong Lianyi had killed more than 20 with a single sword, as if these Gu worms had become ordinary mosquitoes and ants, and were killed by people at will.

"Wow, Aunt Lian is so amazing, come and see me too!"

Gong Qingyu gained a lot of confidence. Holding the wooden handle of the ghost rope, he swiped a circle toward the front. With a slap, the black whip hit the air with an extremely loud sound, which made Yu Lisheng feel in his heart. Trembling, his eyes looked over like a ghost.

"No, it's impossible!"

Yu Lisheng cried out strangely. Gong Qingyu, a stinky girl who was dissatisfied with the two-year-old Hua, actually killed his four bugs with a whip? !

Each of his Gu worms has gone through several years, using special methods, plus his own mana for a long time, before he can cultivate one, it is very rare!

It can be said that these insects are the basis for his foothold in the Six Demon Gates. Without them, Yu Li Sheng would have destroyed more than half of his strength!

"Impossible? Humph! I'll show you that it might be impossible!"

Gong Qingyu yelled, threw a whip again, and beat the three insects that came to death. Yu Li Sheng clearly saw that he had a gu insect called a tiger helmet beetle, which was about the size of a fist. The whole body showed a metallic silvery white, but he was still beaten to death!

"How is it possible?! How is it possible?!"

Yu Lisheng was about to vomit blood. The tiger helmet beetle is a gu worm that gnaws on hard ore. During the cultivation process, a large amount of gold, silver, iron, and tin needs to be fed to create an unusually hard silver-white armor!

Although this one in his hand is not a complete body, it is still sufficient to resist the sword aura of the innate realm. Not to mention the whip, it is impossible for a hundred forging magic soldiers to beat it into fleshy foam in one blow!

"Snapped!!"

Gong Qingyu whip over again, a scorpion-shaped Gu worm raised its sharp tail high, wanting to use it to fight the black whip.

But, undoubtedly, being beaten to death by the bound ghost rope, even the sharpest tail gear could not withstand this whip, and it was directly turned into green flesh, which was very miserable.

"Hehe, it seems that your Gu worm is not that good!"

Holding the ghost-binding rope given to her by Li Yun, Gong Qingyu is now full of self-confidence. With this whip, whether it is a ghost or a worm or a beast!

Let your fancy and whip to death!

Li Yun shrugged with a wry smile, Silvin's pistol is very powerful, but in the face of these large numbers of small and small Gu worms, it is really not as easy to use as cold weapons!

"you!"

Yu Lisheng trembled with anger, what the \*\*\*\* was going on? How come these people are better than Innate Consummation? It's a peerless master in the realm of masters!

But there are not many masters at the master level, almost all of them are monsters of the seventies and eighties. Yu Lisheng did not dare to provoke them alone!

"Miss, here we are!"

Chapter 455: Gu worms are actually very powerful

The four Uncle Zuo rushed from outside the mental hospital, and the expressions on each of them were extremely shocked, as if it was hard to believe what they had just seen until now.

The mountain-like insects were blasted away by an explosion. When the four of them saw the insects scurrying around in the sky, they were so scared that they almost turned around and fled.

Fortunately, they grew up in the palace family since they were young, and they were deeply trusted by the palace family. Their inner loyalty made them gritted their teeth and came to protect the palace's eldest lady.

Gong Qingyu's eighteen-year-old is in her mid-born congenital stage, and she may be able to break through to the Grand Master Realm in the future, and she must not have an accident!

"Damn, you guys want to come and die too!!?"

Yu Lisheng was furious, stretched out his hand and uttered a weird spell in his mouth. In an instant, seven or eight Gu worms changed their directions, aiming at Uncle Zuo and the others to kill.

"This is Gu worm?!" Uncle Zuo said in surprise.

"Be careful!"

Gong Qingyu shouted, "However, Gu worms are not very powerful, as long as they hit them, they can be killed. It's good not to get into the body by them, it's easy!"

Surprised expressions appeared on the faces of the four of them. It turns out that only in the case of a sneak attack, Gu worms can have the most powerful combat effectiveness if they penetrate into the human body!

With their four innate mid-level masters and experienced combat experts, dealing with seven or eight Gu worms is definitely not a problem!

"Let me try, how strong is this Gu worm!"

Uncle Zuo screamed, drew out the sword with a sharp sound, and aimed it at a long snake-like insect.

There is a faint white sword aura on the sword, and ordinary steel can never stop the full blow of an innate mid-stage master, let alone a Gu worm?

Seeing that Long Snake Gu was chopped to the seven-inch position by the sword, Uncle Zuo and the other three people all showed happy expressions.

Since Gong Lianyi was infected with Gu worms, they have been worried about this stuff, but now it seems that Gu worms are nothing more than that.

"die!"

Uncle Zuo slashed hard, and the sword light on the sword became stronger and stronger, and it seemed that the snake gu worm would be divided into two in the next moment.

But the next scene stunned everyone!

"Hiss!"

I saw the long snake gu worm twisted its body, and the snake body, which was more slippery than ordinary snakes, was close to the sword. The indestructible sword light could not do anything to it at all!

Uncle Zuo's sword aura turned out to be a rock-climbing object for this long snake gu worm. Swish Swish a few times, the long snake followed the sword, ignoring the sharp sword aura, and came to the hilt of the sword. The mouth of the teeth, and bit his wrist fiercely!

"Uncle Zuo, be careful!"

"No, what is this!"

"Hurry up and drop the weapon!"

"boom!"

Everyone yelled in panic, but Li Yun calmly raised the pistol and hit the sword in the hands of Uncle Zuo with one shot.

Uncle Zuo was shocked. The sword in his hand was hit by a bullet, and there was a clang of metal. The sword came out and flew out seventeen or eighteen meters.

Originally, the sword could not fly that far. It was the long snake gu worm that flicked the sword fiercely in mid-air with its tail, and with the help of the reaction force, it jumped vigorously, hissing again and biting towards Uncle Zuo's neck. go!

"Oh my God!"

Only then did Uncle Zuo react, and quickly rolled on the spot, avoiding its attack in an extremely embarrassing posture.

"Luoming sword technique one style, wind and leaves move!"

Another Uncle Zhang, who was in the middle congenital stage, raised his hand as a sword technique he was best at, sending out a white sword aura and hitting the landing Long Snake Gu worm.

"Crack!"

A Shekou, the sharp two rows of teeth suddenly closed, actually biting off this sword qi abruptly!

Chapter 456: The power of the ghost rope

"Hiss!"

After biting off that white sword aura, the Long Snake Gu uttered a letter provocatively, and the cold snake eyes seemed to reveal a ridiculous ridicule. In the joke, they used these things to deal with it!

"This thing...!"

Uncle Zhang swallowed. Gu worms are more powerful than he believed. One can fight against the mid-inborn masters several times.

The scary thing is that the mysterious man in black actually has dozens of similar Gu worms!

"Miss, let's escape!" Zuo Shu's expression was solemn. This Gu worm is definitely not something they can resist. The lady just said big talk, she doesn't know the power of Gu worm, right? !

"Hahaha, it's comfortable now!"

Yu Lisheng shuddered again and laughed loudly: "Idiots, now you know how powerful I am?"

"boom!"

Li Yun fired a shot and snapped, and an ant-like gu worm exploded in response, and its internal organs sputtered to the ground, making it dead and desolate.

Uncle Zuo and Uncle Zhang: "...?"

what's the situation?

"Hmph, I see how powerful your Gu worm is!"

A look of anger appeared on Gong Qingyu's face, and he took a big step forward, slamming the whip in his hand, and hitting the snake-like gu worm.

Long snake gu worm stared at the whip with cold eyes, Xinzi vomited, opened the mouth of the snake, and bit at the whip without fear.

call out!

The whip pierced the air and made a sharp wind, but the long snake Gu had excellent eyes and extremely quick movements. It bit on the whip with one bite, and then looked at Gong Qingyu mockingly, and was about to bite it hard. Whip, but suddenly, it felt empty behind its body.

"What? Why? I actually..."

The Long Snake Gu worm discovered in horror that the tip of the whip turned a corner, and its body was interrupted by a whip!

No, this whip... is weird!

Poor Long Snake Gu, its not-so-high IQ, didn't realize it until he died.

"Cut, I thought it was amazing~!"

Gong Qingyu shook the whip in disgust, and threw the head of the long snake gu worm away. His face was disgusted, but his eyes were full of complacency, making Yu Lisheng jump into a thunder, wishing to \*\*\*\* this stinky \*\*\*\* the spot. |Insulted!

Uncle Zuo's eyes are almost staring out!

Earlier, he was so majestic that he bit off a long snake gu worm that had a sword aura in the mid-innate stage, but he couldn't even stop Gong Qingyu's whip? !

"soy Mujer!"

A resentment flashed in Yu Lisheng's eyes, staring at the whip in Gong Qingyu's hand, "Where did your weapon... come from?!"

This is definitely a magic weapon, and only a magic weapon can disperse the evil spirit on Gu worms with one move, and whipped them to death!

Gu worms are more powerful than ordinary worms. It is the evil spirit given to them by the practitioners. Without this thing, Gu worms are just harder than ordinary worms, and they have no ability to fight against people of innate stage!

The magic weapon, even in the six magic gates, is surprisingly rare, at least not in Li Sheng's hands. "arms?"

Uncle Zuo looked at the whip in Gong Qingyu's hand. It turned out that the young lady was not good at using whips, but now she uses whips to deal with Gu worms. It turns out that this whip is so powerful!

"Hee hee, where do you come from?" Gong Qingyu proudly took Li Yun's arm, "Of course it's me..." Her face flushed, "My husband, husband, I gave it to me~!"

When Li Yun was mentioned in front of outsiders, she finally called Li Yun her husband, which means that in Gong Qingyu's heart, Li Yun has long been regarded as a person who will accompany her for life in the future.

Chapter 457: Su Houde's questioning

With Gong Qingyu's cold personality, he originally disdained to answer Yu Li Sheng's questions, but Gong Qingyu was very happy now and couldn't help showing off.

The ghost-binding rope that Li Yun gave her was so powerful that Uncle Zuo's four were unable to deal with the long snake gu worm, and she was whipped to death!

The gap is staggering!

"In that case, Miss Gong changed a wooden sword, and it seems to be..." Uncle Zuo looked at the peach wooden sword in Gong Lianyi's hand, his eyes became a little greedy.

A weapon that can deal with Gu worms, this thing is many times stronger than the so-called magic weapon in the arena!

Li Yun smiled faintly, looked at Yu Li Sheng, and said jokingly: "Do you have any other moves now? Zombies? Ghosts? Or stitch people?"

"Yes!" Gong Qingyu said with a smile: "Old guy, you can use whatever tricks you have. It's best to recruit all evil spirits and ghosts. Let me try the ghost-binding rope given to me by Li Yun whether it can tie a ghost. !"

Bound ghost rope?

Everyone glanced at the rope in her hand again. It turned out that fighting ghosts is the main business of this rope, and fighting worms is just a way to go? !

"Ha ha ha!"

Yu Lisheng sneered, and said in an extremely cold tone: "Since you insist on looking for death, don't blame me when you go to the underworld..."

"Dean Yu!!"

A slightly old and sad voice interrupted him, and also attracted the attention of everyone present.

Li Yun frowned slightly, and looked at the dark figure that stumbled out of the stairs. It was the three fools, or the doctor who used to be a mental hospital, Su Houde!

"You are Dean Yu, right?!"

Su Houde's face is covered with thick dirt. He hasn't taken a bath for more than 20 years, and the stench from his body is enough to make Gu worms retreat!

"Oh, it turns out that you have regained your sanity." Yu Lisheng sneered, "I thought that Absence Gu had already gnawed your brain out, so that you can only live a life of dementia and stupidity in the future, hahaha! "

In fact, he was very surprised that the Absence Gu can destroy people's sanity and make people become idiots without knowing it.

The fact is indeed the case. Su Houde has been living as a fool for twenty years, but he did not expect to recover tonight!

"Li, Yun?"

He meditated Li Yun's name silently in his heart, and Yu Li Sheng secretly decided that he would catch this kid later, and ask him which sect he came from, and how to treat the sequelae caused by Absence Gu!

"Sure enough, it really is you!"

Su Houde's expression was shocked, and his body trembled. His eyes were filled with tears of grief and indignation. "Dean Yu, why are you doing this?! Didn't you say that mental patients are miserable at the beginning, and you also specially lowered the cost for the patients?!"

Li Yun smiled helplessly in his heart, asking this question too naively.

Sure enough, Yu Lisheng laughed loudly, pointed at the more than 20 Gu worms surrounding him, and laughed mockingly: "Why? Of course it is to train my little babies!"

"See? These are the Gu worms that I have cultivated for decades!"

The more proud he was, the paler Su Houde's face became, "Dean Yu, the patients who died inexplicably and became more and more ill were you the ghosts behind your back?!"

"good!"

Yu Lisheng didn't have the slightest guilt, but rather proudly said: "Do you know why I opened this mental hospital and the address is located in the outskirts of Zhonghai City?"

Chapter 458: Cause and effect

Su Houde was extremely shocked, and muttered: "For these mental patients..."

It is true for the mentally ill, but not to cure them, but...for their body and soul!

"Hehe, it seems that your mental illness is indeed cured." Yu Lisheng said with nostalgia: "People have three souls and seven souls. The souls of ordinary people are very closely connected, but the mental patients are different. Their souls are loose and somewhat Even out of the body inexplicably, it is very convenient to manipulate!

So I did not hesitate to spend a lot of effort to open a mental hospital and collected many mental patients with unstable souls! "

"Manipulating what?" Li Yun frowned.

"Of course it is to manipulate their souls and put them into my three souls and six souls, so that the human souls become the souls of Gu worms!"

Everyone was shocked and looked at him in disbelief!

Doesn't it mean that human beings become worms when people's souls enter Gu worm's body? !

With such evil, weird, and insidious methods, everyone has never heard of it. Just imagine it and feel that the whole body is cold, and they can't help but shudder.

"You, you, you are too vicious!" Su Houde fell to the ground, staring at him in horror.

"Vicious? Humph, what is this!"

Yu Lisheng didn't care, "Those mental patients are not humans at all, and their souls are useless. Why don't they refine Gu worms for me? In the future, when I become an immortal immortal, I will remember their contributions. Isn't it the best of both worlds?"

Everyone was so shocked that they didn't know how to refute him.

Li Yun sneered, "The only thing that has the best of both worlds is that I killed you and eliminated the six magic doors behind you by the way. These two things add up to the best of both worlds!"

"Want to kill me? You are not worthy!"

"No, Yu Lisheng!" Judging his name, Su Houde stood up fiercely and said angrily: "I must call the police, and you must accept the punishment of the law!"

"Oh, Su Houde, why bother."

Yu Lisheng shook his head with a look of regret, "When you discovered my secret, you wanted to call the police, and you just wanted to fight me? The result."

"Not only did you fail to expose me, you became a fool and suffered for twenty years in vain."

"As your former dean, I persuade you to kneel down and beg for mercy immediately. Maybe I can still see it in love and spare your life!"

Yu Lisheng looked at Su Houde indifferently.

"I....."

Su Houde looked pained, raised his hands and looked at it. There were black stains on them. "I remember, when it was on fire, I was locked in a room... There was a raging fire outside, I was in The inside was roasted to the point of fainting, but...I heard the screams of the patients before they died, I, I..."

"Hahaha! Doesn't it feel uncomfortable?" Yu Lisheng laughed freely, "This is the end of the fight against me, but you should thank me. You have become stupid these years. I didn't kill you, but let you Continue to live in a mental hospital and live with your sick people, hahaha!"

Li Yun probably knew what happened.

In order to cultivate his three souls and six souls, Yu Li established this mental hospital far away from Zhonghai City, attracting mental patients at low prices and winning a good reputation.

But in fact, Yu Lisheng is a member of the Six Demon Sects. He secretly used the unstable characteristics of the mental patient's three souls and seven souls to use evil methods to extract the patient's soul and put it into his three souls and six souls. In the worm body, trying to breed a powerful Gu King!

Chapter 459: Gu Worm Possession Method (Part 1)

Later, when Su Houde was seeing a patient, he noticed that some mental patients were behaving abnormally. Perhaps after a secret investigation, Su Houde was going to call the police to collect evidence.

But unfortunately, he was discovered by Yu Li Sheng, and then Su Houde was locked in a room by him and made a fool with Absence Gu.

At the same time, Yu Lisheng set fire to and killed everyone in the mental hospital. Su Houde heard the patient's screams before his death in the room.

Then, Su Houde became a real fool, and he was hidden by Yu Li Sheng to some place, and returned to the mental hospital after the limelight passed.

"Probably, Yu Lisheng is not just to torture Su Houde!"

Li Yun guessed Yu Lisheng's intention to leave Su Houde's life.

Zhou Guangfu delivers food to Yu Lisheng who is hiding in the mental hospital every day. Although he acts in a concealed manner, he may be discovered by others.

So, Su Houde, a fool, came in handy.

Even if someone accidentally saw Zhou Guangfu delivering food here, they would only think that he was a good-hearted person and gave it to Su Houde.

But I don't know that Zhou Guangfu gave two takeaways!

And Su Houde, in a foolish state, as long as he trains a little bit, he will deliver another takeaway to Yu Li Sheng!

After this series of plans, Yu Lisheng hardly needs to be out of the mental hospital. Zhen Qi can clean himself, and he only needs to come out once a month!

"Yu Lisheng!" After thinking about it, Li Yun said with emotion: "I have to admire your forbearance. For a gu worm, you plan for ten years and hide for twenty years. You can use your perseverance elsewhere, why can't you succeed? ?"

"Hahaha." Yu Lisheng smiled: "How can you mortals know what our practitioners are pursuing? You are doing nothing, and your short life is only a hundred years, how can you compare to us for hundreds of years, Even a life span of thousands of years? Huh, ignorance!"

Thousand-year life span! ?

Everyone was deeply shocked.

There was a trace of envy in the eyes of Uncle Zuo. Is it true that these practitioners have such a long lifespan?

If possible, they also want to practice, gain great strength, and gain a long life!

"I don't know if you have ever heard a word." Gong Lian said impulsively, "I only envy mandarin ducks but not immortals... Although you have lived for a long time, your life is used for such unnecessary things. No matter how long it is to live, it is meaningless!"

When she said, "You only envy mandarin ducks but not immortals", her face blushed and she couldn't help looking at Li Yun.

"Lianyi." Li Yun smiled: "Actually, you don't need to explain to this kind of person, just say a word."

"What are you talking about?" Gong Lianyi asked cooperatively, and Gong Qingyu also looked at him.

"That is: The three souls and six souls that you planned for thirty years were burned by us. How about it, cool?"

When Yu Lisheng heard this, his whole face became dark again, anger that his three souls were separated, his seven souls were in smoke, blood rushed into his brain, the hair on his body stood upside down, and he sternly shouted: "Boy, it's not today. If you die, I am dead!"

After all, with a single move with both hands, several Gu worms immediately jumped onto his body. Li Yun roughly counted, there were a total of seven Gu worms attached to Li Sheng's hands, legs, abdomen, thighs, and neck. In an instant, Yu Lisheng seemed to be tightly bound by the Gu worm, turning into an extremely weird appearance.

"Insect evil spirit power·Gu worm possession method!"

Yu Lisheng muttered a curse, and the seven Gu worms lying tightly on his body seemed to have received some order, and they began to gnaw at the master's flesh and blood frantically.

Chapter 460: Gu Worm Possession Method (Part 2)

"This.....!"

Seeing this horrible scene, Li Yun and others were stunned!

The seven Gu worms treated like enemies, biting Li Sheng's flesh fiercely and brutally, blood spurted out in an instant, and Yu Lisheng's whole body became bloody, but his expression was extremely hideous, clenching his teeth. Staring at Li Yun fiercely, like a hell, a man-eating ghost!

"boom!"

After Li Yun reacted, without saying anything, he raised his pistol and fired a shot at Yu Li Sheng. But unexpectedly, the remaining dozen Gu worms guarding him jumped up desperately, blocking this powerful bullet with their bodies!

The Gu worm on Li Sheng's body accelerated, gnawing various parts of his body into a big hole, exposing the bones in his flesh and blood!

Afterwards, the seven worms clung to the bones inside their limbs tightly, and their heads also pierced into the flesh and blood, as if they wanted to become one with Yu Lisheng!

"Don't get in the way, \*\*\*\* little bug, eat me a whip!"

Gong Qingyu threw a whip to kill the four Gu worms, Gong Lianyi did not neglect, and also used the "Yingrihong" sword technique with the peach-wood sword, several powerful sword qis would destroy the remaining Gu worms. Killed to pieces.

Yu Lisheng's spells were basically completed. Seven Gu worms penetrated into his flesh and blood, tightly hugging the bones inside. Gradually, Yu Lisheng's flesh and blood began to slowly recover, wrapping the Gu worms as if it looks like seven fist-sized sarcomas have grown.

Li Yun fired another shot and hit him in the head.

But Yu Lisheng only raised his palm to block the bullet!

"Boy!" Yu Lisheng showed a stubborn smile: "It's useless, my gu worm possession method combines the power of seven gu worms. Forgive your magic weapon, no matter how strong it is, it is impossible..."

Before finishing talking, Li Yun fired three more shots, one of which accurately hit the Gu worm on Li Sheng's right leg. The sarcoma-like worm exploded immediately, a mixture of green and red blood and minced meat. Sputtered all over the place.

Another shot hit Li Sheng's abdomen, screaming in pain, and stepped back for several steps. A fist-sized wound appeared on his stomach immediately!

Li Yun smiled indifferently, and said: "It seems that your move is not good, I would like to know how many shots you can block me!"

—Although Li Yun has only 10 bullets left, it doesn't prevent him from pretending to scare the opponent.

Yu Lisheng's face became extremely ugly.

His move is already a unique skill at the bottom of the box. The seven gu worms are the most powerful of his remaining gu worms. After they are possessed, they will die immediately, which is tantamount to a spell of death!

But the guns in Li Yun's hands are amazingly powerful, and they can be fired continuously. The bullets seem to be endless. How the \*\*\*\* is it going to hit? !

"Hehe~" Gong Qingyu smiled triumphantly, "Although my husband is only in the acquired realm, he is indeed the strongest, you disgusting fellow die as soon as possible!"

As she said, the whip in her hand was slammed at Yu Li Sheng, but he was grabbed by his backhand, and the power on the whip was forcibly ignored by Yu Li Sheng, and with a strong pull, Gong Qingyu was almost pulled over by him.

"Let go of the whip!" Gong Lianyi naturally couldn't watch her favorite Qingyu being caught by him. He immediately raised the peach wood sword and made a move. The bright light of the sword was mixed with the power of the peach wood sword, and it was forced harder. Sheng had to loosen the ghost rope.

Li Yun took the opportunity to shoot another shot, hitting the sarcoma Gu worm in Yu Li Sheng's left hand, directly exploding it.

"It seems that the so-called cultivators are not so good!" Uncle Zuo laughed loudly. "Three, we and the young lady have captured him alive!"

"Hahaha, it's just what I want, let's go together!"

At this moment.

"Don't move, put down your weapon!!!"
