

Godly Choice 561

Chapter 561: The same hole

After a brief worship, Li Yun took out a long sword, urged the true energy in his body, and waved it vigorously.

With a scream, the bottom of the coffin was cut open, and then pushed by hand to reveal the scene inside.

"hiss!"

The toothpick drew a sigh of relief, and a hole appeared in it, just enough for one person to enter.

Everyone looked at each other, and for a moment, it seemed that a strange breath began to spread in the tomb.

The two adjacent tombs actually have a hole under the coffin!

"Ding, the host has completed the selected event, and the reward (experience value + 200,000, spirit and wisdom + 800, purple gift bag*1) has been issued!"

Jin Liuli tremblingly grabbed the corner of Li Yun's clothes again, and asked in a low voice, "This, what is this? Why is this happening?"

Li Yun shook his head and said in a deep voice: "I don't know why for the time being, but one thing can be concluded. The two cemeteries must have a certain connection. Maybe the same person is responsible for the design, maybe there is a hidden purpose, or maybe... Someone is playing tricks!"

Alice asked immediately: "You mean, there is someone in the depths of this hole?"

Everyone looked at Li Yun, and even the proud mercenaries now felt a little hairy in their hearts.

Imagine that people who are hidden in the depths of the earth, control two or even multiple tombs, and are always with the corpse. I am afraid that only the legendary vampires and demons can do this!

Li Yun nodded slowly, "Now I'm just guessing, and I don't rule out this possibility, because the way black water appears is very much like someone controlled it!"

"I also agree with Li Yun's view." Guo Xun said solemnly: "Black water gushes from the front hall first, blocking our escape route, and then emerges from the coffin, intending to corrode us all in the cemetery, and add The curse of burial on the ground is even more suspicious of the purpose of the manipulator behind Heishui!"

Jin Liuli felt that her goosebumps had risen. In the depths of the cemetery, was anyone really lying in ambush?

After listening with interest, Alice turned her head to look at Li Yun: "What did you meet just now?"

"Let's go out and talk about it."

"Go out? Didn't you go hunting for zombies?"

"No, I'm not in a hurry, but now I'm not in a hurry."

Li Yun looked at San Ye, "I suspect that there are many similar tombs here. How about San Ye, you and I observe the Feng Shui here and find all the tombs?"

San Ye was surprised by Li Yun's statement, but after thinking about it carefully, it was really possible, so he agreed.

Alice also agreed, and the two sides separated again, each returned to the camp, and then merged at the halfway point of the mountain.

It was already ten o'clock in the evening, but everyone was not sleepy. Li Yun, San Ye, Huang Lao Si, and Toothpick explored the Feng Shui of this mountain together, and the more they looked at them, the more surprised they became.

This mountain is really a treasure of geomantic omen. From any angle, you can find many wonderful blessed places. Although you can't bury the tombs of the emperor's relatives and relatives, it can be as high as the nobles and scholars. You can find a suitable tomb location on this mountain.

In addition, Guo Xun and others used a Luoyang shovel to dig out the soil at a depth of 20 meters, and they found tombs in succession.

As everyone became more shocked, it was finally counted that there were fifteen tombs on this mountain!

"This....."

After reaching the conclusion, everyone looked at each other and could not speak for a while.

"Mr. Li Yun, look at the mountain opposite."

Chapter 562: Who dares to move

San Ye suddenly said, "How do I look like... the Feng Shui there is also very good?"

Everyone was stunned, Jin Liuli widened her beautiful big eyes and looked at the mountain, "No way? Isn't it difficult to see the treasures of Fengshui? How come there are so many?"

Li Yun's knowledge of tomb robbery is only advanced. Most of the feng shui in 15 tombs was found by San Ye and others. He looked at the opposite mountain peak, and sighed: "San Ye, I remember there is a kind called Yi Shan Huan Shui. Have you ever heard of the method that can artificially create a treasured place of geomantic omen?"

"Move mountains and change water? Yes, I've heard of it!"

The third master pondered for a moment and explained: "It is said that this method will be used on some special occasions, for example, if you want to be buried near a family residence, but you can't find a suitable burial place, so you will ask someone to excavate rocks. Create a suitable Feng Shui terrain!"

Toothpick was puzzled and said, "But even if this mountain was in ancient times, there were no people living around it. Why would anyone create so many feng shui treasures here? Besides, there are 15 graves in the wilderness, which is very strange in itself! "

"Follow him so much!"

A black and tall black mercenary, holding a submachine gun in one hand and a shovel in the other, said excitedly: "There are so many tombs here, we dug up all the contents, so many antiques are enough to eat for a lifetime!"

With that said, he was about to start digging.

But the next moment, the shovel in his hand was firmly held by one hand.

The black mercenary looked up and saw a young and handsome boy smiling at him, but his eyes were unquestionably firm!

"Boy!" The black mercenary was furious, and the submachine gun was pointed at him instantly, and he coldly shouted: "Let go!"

"hehe."

Li Yun smiled faintly, and even a finger, under his staring eyes, slowly resisted the muzzle of the submachine gun and moved it away.

"Remember, don't point a gun at me next time."

Li Yun's indifferent voice clearly passed into everyone's ears, the mercenaries' eyes became fierce, and they looked at Li Yun with a sneer.

The black man turned black with a face, and he consciously lost face, suddenly pointed his gun at Li Yun again, and shouted coldly: "I just pointed at..."

"boom!"

The next moment, he hit a kick in the abdomen, and his body was beaten up like a cooked dried shrimp. When he was horrified and inexplicably trying to pull the trigger, his wrist was hit again, and then, The submachine gun in his hand was also snatched away.

Huh huh!

In an instant, all the mercenaries' submachine guns were aimed at Li Yun, but in the same way, Li Yun also took the snatched submachine guns at them.

The air was filled with murderous aura, toothpicks are sure that the mercenaries of this black + white team are definitely battle-tested, and everyone has dozens of deadly characters in their hands!

With the black hole of the muzzle, the toothpick felt that the heartbeat stopped suddenly when he saw it, and he was so nervous that he forgot to breathe, but Mr. Li dared to face these people alone. It was really terrifying!

"Who dares to move?"

Li Yun's tone was flat: "This is Huang Xuanguo, and the cemetery here is also the heritage of Huang Xuanguo's ancestors. It is forbidden for any foreigner to come here to take away anything in the cemetery. Whoever dares to dig privately or want to **** funerary objects? Come to me and try, I'm not qualified enough!"

There was silence.

Chapter 563: Ding, Master Feng Shui Knowledge

This group of wolves and tigers was actually frightened by Li Yun's momentum, and no one dared to speak!

Jin Liuli admired Li Yun more and more, and she felt that Li Yun was different from all the men she had ever met.

Handsome, gentle, sunny, awe-inspiring justice, but also very responsible, especially heroic demeanor in everything he does!

Although it is a bit, no, it is very lusty, she is completely a big tit, always looking at her with that kind of badass eyes.

But Li Yun is really amazing. Jin Liuli feels safe just by approaching him. This has been confirmed in the ancient tomb.

"Don't be impulsive, put down your guns."

Alice smiled slightly and said to the group of mercenaries: "This time I invite you all to come here. It is indeed a bit hard work. I will pay you 50% more commissions. Put your guns away. Li Yun is not our enemy. !"

Li Yun smiled, dropped the submachine gun casually, and threw it back to the black mercenary on the ground.

Undoubtedly, he was glared fiercely by the mercenary, but Li Yun was too lazy to care, and his defeat would not be worth mentioning.

Seeing this, all the mercenaries slowly lowered their guns, and a crisis was eliminated.

"Commission, there will be!" Alice's tone turned cold, "but if you don't obey the command, or if you have some crooked thoughts, you will not only get a penny, you will be punished on the spot. Remember, I have this strength!"

Several servants around her, Abel, David, etc., guarded her silently.

For these people, this group of mercenaries have seen their strength along the way. They are all top mercenary kings. If there is an encounter in the wild, any one of the servants will be enough to slowly kill them!

With the candy stick, this group of lawless mercenaries finally became more honest.

"Alice."

Li Yun discussed with her: "You ask someone to dig an ancient tomb, and I will go to another mountain to check it."

"Okay, Abel, you take someone to dig it, don't worry about the ancient tomb if you dig it up."

After giving the order, Alice turned her head to look at Li Yun again, smiled and said, "I will act with you."

She is extremely beautiful, with long golden wavy hair and her own noble temperament. When she smiles, the strange aura of the whole mountain seems to be washed away.

Li Yun couldn't help but sigh, Princess Alice is simply an angel!

Jin Liuli puffed up her cheeks with anger, and then dragged Li Yun down the mountain, "Go fast, what's the delay? Tonight will end soon, I'm all tired!"

"It's probably not over tonight, Xiao Liuli, would you like to go to sleep first?"

"Sleep, sleep, sleep?...you sluts!"

"What are you thinking about, girl."

Wu Maoping, who was following him, was very upset, and asked with a cold face, "Will that zombie go after it? What if I let it escape?"

Everyone looked at Li Yun, the zombie general was indeed worthy of attention.

"Ding, trigger the option event, please choose from the host:

Option 1: Investigate the surrounding Feng Shui terrain, reward master Feng Shui knowledge, purple gift bag*1.

Option 2: Continue to track the zombies, no reward.

Option 3: Leave here, reward skill: Run away. "

Li Yun thought for a moment. In fact, he still has another option that is not complete, which is tracking zombies.

However, there are so many tombs here that Li Yun is particularly concerned about, and he feels inappropriate to chase after him without investigating clearly.

"Let's go to the tomb first. I always think there is something weird here. The zombie escapes into the ground, and it might not leave for a while!"

Everyone has no opinion, and now they are all following Li Yun's arrangement.

"Ding, the host makes a choice to reward master-level Feng Shui knowledge."

Chapter 564: Sun, moon and stars, the tomb of the emperor

"One, two, three, four... twelve, thirteen!"

"Thirteen ancient tombs!"

In the dark night, Li Yun, San Ye Huang Laosi and others walked all over the mountain with flashlight lights in the dark, and finally came to a conclusion!

"Fifteen plus thirteen, exactly twenty-eight." Li Yun pondered.

"Ah? Why is it exactly twenty-eight?"

Jin Liuli covered her mouth with her little hand and yawned, and asked with tears-she was so tired that tears came out.

"Twenty-eight stars, right?"

Unexpectedly, it was Alice who said these words. Li Yun glanced at her unexpectedly. The royal princess of the Y country understood the culture of Huang Xuan country well.

"Yes, twenty-eight stars."

Li Yun pointed to the mountain just now: "Plus two peaks, they just form the sun, the moon and the stars, the universe of heaven and earth!"

"Sun, moon, stars, heaven and earth."

Toothpick and Huang Laosi muttered in shock, repeating Li Yun's words, they only felt that this was a very strange geomantic gem, but they tried hard to remember, but they didn't find relevant records in their memory.

The third master's pupils suddenly shrank, and he said aloud: "I, I have read the record of this tomb in an ancient book. I remember it is called...Lingxiao Hall. The person buried in this tomb is also honored as...the Emperor of Heaven. !"

Toothpick and Huang Old Si were dumbfounded, and they didn't recover for a long time.

The Palace of the High Heavens is the place where the Jade Emperor and the gods are said to be discussing government affairs. It is the highest ruling center of the mythology of Huang Xuan Kingdom.

The Jade Emperor ruled the heavens and the gods and Buddhas, and his status was very lofty, but now some people dare to call a tomb the Lingxiao Hall, and the people buried here are arrogantly called the Emperor of Heaven. This shows how amazing this tomb is!

San Ye swallowed, "I thought this kind of tomb was based on misrepresentation, and it was purely fabricated! Because in ancient times, the emperor only claimed to be the son of the emperor, that is, the emperor. The emperor did not dare to be buried in Lingxiao. Baodian, let alone other people?"

Therefore, those who dare to be buried here are lawless, and the emperor Laozi is not in the eyes of the rebels, and it is discovered that it is definitely the end of the Jiu Clan!

Li Yun said: "But the composition of twenty-eight tombs here, plus two peaks, one with fifteen tombs, and one with thirteen, is just in line with the saying of the sun, the moon, and the yin, it is the Palace of the High Heavens."

I just don't know who it is, and what method was used to make so many graves.

Alice smiled and said, "No matter this, if so many tombs are gathered together and published, it will inevitably shock the world. It is an extremely important discovery in the archaeological world!"

Li Yun glanced at her. Is this the princess who is keen on archaeology for this?

By the way, she has a short golden spear pinned to her waist, which seems to be an antique, very similar to the weapons of some gods in Western mythology.

The princess dared to take the weapon of the gods, and she was also a lawless lord.

Jin Liuli yawned again, and took Li Yun's hand pitifully and said, "Hey, badass, do we want to dig up the tombs to see what's inside? Tonight or we..."

"If you ask you to go back to sleep, you won't go."

"I won't go, I'm afraid if you're not there, and I can't sleep." After saying this, Jin Liuli's face turned red.

"Are you so scared?"

Li Yun helplessly touched her little head, just about to say that tonight will be here, and the system prompt has come.

Chapter 565: Rest for one night

"Ding, trigger the option event, please choose from the host:

Option 1: Continue to find the most special one among the 28 ancient tombs, reward experience value +400,000, spirit and wisdom +1000, purple gift bag*1.

Option 2: Tracking zombies, no reward.

Choice 3: Sleep with Xiao Liuli, reward Jin Liuli with +1, white gift bag*3. "

The corner of Li Yun's mouth twitched. This cheating option of the system, sleeping with Xiao Liuli? He dared to make such a suggestion, he had to be bitten by the embarrassed Xiao Liuli!

Taking a look at Jin Liuli's sleepy eyes, Li Yun felt soft and said, "Alright, let's stop here tonight. We will investigate again tomorrow morning, Alice, what do you think?"

The beautiful blond princess nodded slightly and smiled: "I will ask them to dig a few ancient tombs tonight, and see if they can find anything interesting tomorrow."

Li Yun looked at her in surprise: "Do they listen to your order like this? Others have to rest too, right?"

"Add another 20% commission."

Alice blinked at him mischievously, leaving a sentence after seeing you tomorrow, then turned and left with Abel and other servants.

Well, money can make ghosts go around.

However, this beautiful blond princess was beautiful when she smiled. When she blinked mischievously, her azure blue eyes were as beautiful as jewels, and the power was amazing, which could make a person's bones crumble. I didn't see Wu Maoping all the time. Do you look at her with fiery eyes? This is the evidence.

Princess Alice is really beautiful like an angel...

"wrong!"

Li Yun looked at her going back and suddenly woke up!

Alice has no hints about his favorability system, which means that she has never trusted him.

Li Yun secretly warned himself not to be fooled by the appearance of beautiful women, the princess of country Y is not yet trustworthy!

"Let's go, let's go back to the camp and rest."

Jin Liuli's beautiful eyes suddenly lit up, and she held Li Yun's arm with joy, her little face smiled, but her mouth said: "Sleep and go to sleep, and you also said to rest! You must be crooked, big color embryo~!"

"Ding, the host makes a choice and rewards Jin Liuli with a +1 and a white gift bag*3."

Li Yun couldn't laugh or cry. He said that he was scolded when he was sleeping, and he was scolded when he rested. What is Xiao Liuli going to do?

Looking for an opportunity, Li Yun had to let this little girl see what color is—that is, emptiness.

There was no words at night, Li Yun slept till dawn.

Although I was always thinking about the zombie and the two golden gift bags, people are iron rice or steel, so they can't sleep until they are tired. They have to rely on the big things and have enough energy to move on to the next step.

This ancient tomb is very weird, so I can't come.

It's just that Li Yun's embarrassment is that he woke up early in the morning, before opening his eyes, he smelled a young girl's virgin fragrance. When he opened his eyes, Jin Liuli stretched out two hands from his sleeping bag and hugged him. Lying on him, sleeping dizzily, a crystal of saliva flowed out of his slightly opened mouth.

Last night, although Jin Liuli kept scolding Li Yun for being a devil, she finally got into Li Yun's tent holding her sleeping bag and blushing.

Next to Jin Liuli's head was the camphor sword that Li Yun gave her, and her golden silk soft blade whip was wrapped around her waist. It can be seen that this girl was always vigilant last night, for fear of zombies suddenly coming out and attacking.

Therefore, without a tent with Li Yun, she can't sleep alive.

Chapter 566: Princess, be careful

After a simple breakfast, Li Yun found Alice and learned that her people had dug up two ancient tombs last night, but they had not yet entered and were in a complete state.

"Okay, then let's go in together?"

"OK."

Alice agreed with a smile. Just looking at her appearance, the blonde princess was indeed amazingly beautiful, but Li Yun was already wary of her now, and she was always on guard against her suddenly turning her face.

Without further ado, Li Yun and Alice each took some people into the first tomb, while the rest were on guard. After all, the two teams totaled forty people, and all of them were too crowded to enter.

Walking into the robbery hole, there was a big rooster carved with two roosters in front of him. The comb was red, which looked extremely majestic and mighty.

"This is a Pleiades." San Ye immediately made a judgment.

The Pleiadian Chicken is one of the twenty-eight stars. The door of the tomb where Li Yun entered before is carved with a leopard, also called a Kei Shui Leopard.

In addition, the gate of the tomb dug up by Alice is also carved with two deer, also called Zhang Yuelu in the twenty-eight stars!

Seeing this situation, Li Yun's chances can be 100% certain. There must be ancient tombs under these 28 geomantic treasures, and they were buried in the position of 28 stars, guarding a certain big place between the sun and moon. tomb!

"It's very interesting, this trip is really worth it!" Alice's azure blue eyes gleamed, and she looked forward to seeing something interesting in the future.

Li Yun glanced at her, took a deep breath, stepped forward and slowly opened the door.

A decayed breath that has been in the dust for a long time hits his face, and this Angri Chicken Tomb has not been stolen!

"The tomb that is not visited by tomb robbers is worth seeing!" Alice smiled on her beautiful face, and raised her foot to enter the tomb.

Suddenly, the candles on both sides of the aisle in the cemetery suddenly lit up. Abel was taken aback and stopped in front of Alice: "Princess, be careful!"

One after another candlelight spread to the distance, Alice opened her eyes wide in surprise, and muttered, "Whatis...Uh, what is this?"

She was so surprised that she forgot to speak Chinese.

Jin Liuli snorted, learning Li Yun's tone yesterday, and asked triumphantly: "Miss Alice, do you know the three elements of burning?"

"I understand!"

"?"

Jin Liuli looked puzzled, how could she understand so quickly?

Alice patted her hands in surprise, her azure blue eyes staring at these spontaneous candles, "When we opened the door, oxygen poured into the tomb, so these candles lit up one by one. My God, God! I actually saw what was recorded in the ancient books, and I didn't expect Huang Xuanguo to actually make it in ancient times!"

Li Yun confirmed that this princess came to the ancient tomb to find excitement.

"Miss, let me confirm!"

Like Li Yun yesterday, the loyal Abel jumped up and took off a candlelight, experimented, and came to the same conclusion as Li Yun.

"It's amazing." Alice sighed again, holding the candle in her tender hands, and exclaimed: "If this lamp is placed at an international auction, the price will be at least one billion."

There was a commotion among several mercenaries, their eyes all greedily looking at these lights, one billion, there are hundreds of lights that can ignite spontaneously, how much do you have to sell?

Not to mention there are 25 identical ancient tombs here!

Even if the price of the self-ignition lamp drops because of the large quantity, it is still a huge sum of money!

Li Yun glanced at these mercenaries with warning eyes. Among them, the name of the mercenary leader was Codiff. This guy was very obedient on the surface, but his subordinates kept clamoring, but he did not have the slightest restraint. This already shows his attitude!

Chapter 567: The most special ancient tomb (part 1)

Yang Jie looked at the excited Alice and said: "Everything here belongs to Huang Xuanguo, I hope you can understand this!"

Alice smiled slightly, reduced her excitement, and said in a discussing tone: "Then I will collect a lamp, don't you object to it? I'm rarely here once!"

Neither Yang Jie nor Guo Xun spoke, they seemed to be tacitly acquiescing.

"Let's talk about it later."

Li Yun made the decision that there are so many lights, it's okay to give her one. Of course, it is absolutely impossible for Alice to take away the precious funeral objects in the tomb.

"Hehe, that's the decision~"

Alice chuckled, and handed the self-igniting lamp to Abel, and said, "First put it back, and by the way, turn off the lights here. Don't let them burn out like this. What a pity, Li Yun, what do you think? ?"

Li Yun was stunned, then nodded in agreement.

Ashamed, he didn't have the consciousness to protect the cultural relics yesterday, and let the lights burn out, which is a pity.

Everyone walked along the corridor all the way, pinched the wick of the candlelight by the way, and soon came to the front hall.

The inside of the tomb was pitch black. Li Yun searched it and found nothing unusual, so he raised his foot and walked towards the nave.

"Huh?" Jin Liuli hurriedly followed, grabbing the corner of his clothes with a little hand, and asked in a low voice, "Bad guy, will those black waters appear again?"

Li Yun smiled slightly, "I'm expecting it to appear again!"

"what?"

"Let's go."

Li Yun didn't answer, and led her and Alice and others into the corridor and walked towards the nave where the coffin was placed.

A smile flashed across Alice's azure blue eyes. This seems to be a young boy who is very vigilant, but occasionally shows some male chauvinism. In fact, it really fought, and dozens of Li Yun were not. Her opponent!

She herself thinks so. As a princess of country Y, she has such confidence!

"Sure enough, there is a problem."

After entering the nave, Li Yun said with a serious face.

Everyone saw that the mahogany coffin originally placed in the middle was destroyed by someone, and a dark hole was also exposed. The corpse was missing, leaving behind broken coffins and burials placed in the coffin. Pieces of goods!

"There is also a hole under the coffin."

"The same corpse disappeared!"

"What is hidden in the tomb of the Lingxiao Palace?"

The curiosity in Alice's heart has been fully mobilized, and she approached the entrance of the cave and looked inward. Like the previous two cemeteries, the inside was dark and dark, and there was a sloping step down to a depth of more than ten meters. There is no bottom, maybe this passage leads to the inside of the mountain, and there must be a group of underground tombs that surprised the whole world!

Unfortunately, nothing can be seen from above.

"Don't go in yet." Li Yun stopped Alice from trying to jump down, shook his head and said, "It is very likely that it will be very dangerous inside, and we need to be fully prepared!"

"What are you going to prepare?" Alice was already a little impatient.

"Among the twenty-eight tombs, find the most special one!"

"The most special one?"

The third uncle was very puzzled. He had only read records that said there was such a tomb in the High Heavenly Hall or the Tomb of the Emperor of Heaven, but there was no record in the book. He could only guess that there was a special structure of the hole under the coffin because of the tomb of the Emperor style of!

Li Yun pondered for a moment, and said helplessly: "I don't know what that special tomb is, but it must be very different. Only when we find it, we can move on to the next step!"

Chapter 568: The most special ancient tomb (part 2)

No one would know that Li Yun received a prompt from the system.

But despite the confusion, with Alice's consent, more than forty people can only listen to him.

As a result, a group of people walked back and forth between the two peaks of the sun and the moon, comparing the twenty-eight ancient tombs, trying to find the most special one among them.

"Will it be the tomb of Kang Jinlong? Kang Jinlong is a symbol of Huang Xuanguo. I think there is a special tomb, which must be here!"

"Unlikely, the position of Kang Jinlong and the upper level of the tomb are not special."

"What about the Xinyue Fox? There are two towering trees on the tomb. It looks special!"

"Bullshit, this Crow Tomb also has big trees."

Everyone kept reporting information about these ancient tombs to Li Yun, and Li Yun made a summary and comparison, and finally locked a more valuable information.

"There is an ancient tomb close to the cliff, and a cave was found next to it. Footprints were seen outside the cave. It is suspected of being inhabited!"

There were traces of human activities, which reminded Li Yun of the nearby villagers in the mental hospital who delivered food to Dean Yu.

Li Yun learned from Concubine Wan Qing that as long as he hadn't cultivated to the Void Returning Realm, it was impossible not to eat.

Li Yun only knew that Concubine Wan Qing was in this state, and Concubine Wan Qing did not tell him what about the other people in the Six Demon Gates.

But judging from Concubine Wan Qing's stinking tone, the Return to Void Realm should be quite powerful, at least much stronger than the Dean Yu and the Old Man Shanyin!

"Go, let's go to the grave of Wei Yueyan!"

Li Yun acted decisively and brought Jin Liuli and others to the cliff.

Wei Yueyan, one of the twenty-eight stars. Danger means above the house. Those who are in danger are high, but high and dangerous. Therefore, danger and lodging are more fierce.

One of the sub-tombs of the Emperor's Tomb, Wei Yueyan's Tomb, is also located on a high altitude. It is near a cliff over 30 meters high. Looking down, the cliff is almost 90 degrees. Falling by ordinary people is almost equal to hanging.

But if it is an acquired martial artist like Li Yun, rock climbing is not a problem at all.

Li Yun asked everyone to be on guard to prevent someone from rushing up suddenly, while he wandered around to check the terrain.

"Hey, big bad guy." Jin Liuli looked at Li Yun in surprise, and saw him carefully observing the footprints on the side of the cave. "Do you really think anyone lives here?"

"Maybe there is...no, it should be true!"

Li Yun looked at a place on the cliff, a smile was drawn at the corner of his mouth, and he jumped slightly and jumped down.

"Hey wait for me!"

Jin Liuli also followed, her petite figure like a swallow, falling lightly.

Alice smiled, then leapt down.

The warriors in Huang Xuan's country are divided into acquired and congenital, while the warriors in the Y country and Europe are divided into apprentice knights and formal knights. The warriors of other countries are also roughly the same, and it is not only Huang Xuan that has innate level warriors!

Princess Alice Windsor has become an official knight at the age of 16, and the height of the cliff can't help him.

Toothpick looked very envious, these warriors were flying high and high, the land was flying, and the body tempering realm with them were completely two worlds.

"really."

Li Yun stepped on a protruding rock and looked down. Five meters away, there was a sunken hole, just enough to step in.

Li Yun went down again, straight down to the cliff, and looked down.

"This cliff has a very suitable road for warriors to leap up." Alice also discovered the problem.

The three of them tried to climb up the rock with light effort. There was always a suitable foothold every four or five meters, and there were even two very obvious signs of stepping in, which proved that there are often people flying back and forth from the middle of the mountain to the foot of the mountain!

Chapter 569: Tomb of Wei Yueyan

Leaping several times on the edge of the cliff, Li Yun returned to the cave again and took a closer look.

The cave is not special. It is about two meters wide and high. The only thing worth paying attention to is that it is very close to the tomb of Wei Yueyan. Li Yun estimates that a thief can be made from the cave and it is very convenient to enter the tomb.

In addition, there are some footprints at the entrance of the cave, and they are all by one person. There is dust in the footprints. The visual inspection has been stepped on for more than one or two months.

"Ding, trigger the option event, please choose from the host:

Option 1: Enter the Tomb of Dangerous Yueyan and investigate carefully, reward all attributes +1000, experience value +500,000, golden gift bag*1, and get an extra random purple equipment.

Option 2: Give up, continue to track the zombies, no reward.

Option 3: Escape, reward the danger perception to rise to the **** level. "

Is it a golden gift bag again? !

Li Yun frowned slightly, and he was very sure now that something dangerous must be hidden in this tomb of the Emperor of Heaven, otherwise the system would not be so generous.

Moreover, the tomb of Weiyueyan, one of the twenty-eight stars, must be dangerous inside, and perhaps the real murderer is hidden in it!

"F**K!"

The black mercenary who had a conflict with Li Yun yesterday became impatient. He directly cursed an international curse and glanced at Li Yun disdainfully: "I don't believe there is a vampire in it, you kid. Fearful, if it weren't for my employer, I would have killed you in one shot, too much shit!"

Li Yun was meditating, so he was too lazy to bird him, but unexpectedly, the system prompt came again.

"Ding, trigger the option event, please choose from the host:

Option 1: Insult me to death! Kill him directly, reward +10 for justice, +80,000 for experience, +100 for free attribute points, and white gift bag*1.

Option 2: Ignore, no reward.

Option 3: Use the radical method to send him to death, reward justice value +100, experience value +100,000, free attribute points +200, blue gift bag*1. "

Li Yun sighed. He didn't bother to pay attention to this guy, but the system asked him to act for the sky, and Li Yun had to do it.

"Grass!"

The black mercenary was upset again and scolded: "M**F, I scold you, why are you still sighing? Now give me a word, can I enter this cave? Damn, I wasted so much time standing here, Give up command if you don't know how to command!"

Li Yun suddenly realized that this group of mercenaries dare to love to take command!

Attacking his prestige, so that everyone no longer believes in him, the command will naturally shift, and then, this group of mercenaries will have a chance to seize power.

After gaining command, it is estimated that their next step is to find a way to sneak some antiques away.

After thinking about it, Li Yun smiled and made a please gesture: "This gentleman, if you are impatient to wait, then you will go first this time."

"it is good!"

The black mercenary immediately rejoiced, "This is what you said, don't regret it!"

"Whatever." Li Yun sneered in his heart. He wanted to die on his own, and couldn't blame Li Yun for being cold-blooded.

But after thinking about it, Li Yun still warned: "But I will warn you first, it is dangerous inside!"

Jin Liuli blinked, what's the situation?

"Grass!"

The black mercenary raised his foot and walked in, "I have been to the most dangerous battlefield in the world. Before your kid was born, I took a dagger and cut off the enemy's head. I will be afraid of this cave?!"

Chapter 570: The footsteps are gone

Guo Xun hesitated to say something, and finally shook his head and ignored it.

Standing aside, Alice smiled and glanced at Codiff, the leader of this group of mercenaries. After seeing that his facial expression had not changed or stopped, Alice's heart was like a mirror, and she did not speak, just said: "Li Yun, shall we follow up too?"

"Also."

The black mercenary who was about to step into the cave hurriedly turned his head: "Don't you guys get so close, be careful I shot you guys!"

After speaking, he rushed in quickly.

"Ding, the host makes a choice and rewards (justice value +100, experience value +100,000, free attribute points +200, blue gift bag*1!

The moment the black mercenary entered the cave, Li Yun received a system prompt.

Watching people die, to tell the truth, although Li Yun is not a Virgin, he is not too happy. After this kind of thing, he will not make a choice, and he will do it directly according to his heart, so as not to be affected by the selection event of the system and become without his own thinking. Ability idiot.

Fortunately, judging from the system's reward justice value, this black mercenary is not a good bird.

"Let's go in too."

Alice took the lead to walk forward, but was preempted by Li Yun, "I said, it's dangerous inside, don't act rashly! Xiao Liuli, you follow me, don't approach me."

Jin Liuli pouted immediately. She wanted to hold Li Yun's arm.

Seeing Li Yun first enter the cave, a trace of doubt flashed in Alice's azure blue eyes, which were as beautiful as jewels. Was he sincere, or was he in order to prevent her from stealing antiques?

"Miss Alice." Codiff stepped forward and said respectfully: "Since it's dangerous inside, then a few brothers and I will go ahead and clear the way for you. This is what we mercenaries should do."

Alice paused and nodded with a smile.

A trace of complacency flashed in Codiff's eyes, leading a few people behind him, and he squeezed in front of Jin Liuli.

As long as he enters the cave, he may shoot and misfire, and then the boy in front of him will not die or be injured, and see how arrogant he is!

Half of them are left to guard the cave. Everyone filed in.

"Something's wrong."

Li Yun, who was walking in the front, stopped and listened carefully to the movement ahead.

Codiff became impatient, raised the submachine gun in his hand, pointed to the front, and shouted: "If you don't want to go, get out of the way, don't get in the way!"

"Shut up."

Li Yun's indifferent tone caused Codiff to be taken aback. He recovered and was about to get angry, but he heard Li Yun say: "The people are gone."

"Who's gone?"

"Listen carefully, there are no footsteps ahead!"

Everyone was shocked and immediately held their breath, listening carefully to the movement in front of them.

Guo Xun put his ear on the rock wall, closed his eyes and listened for three seconds: "Indeed, there is no sound in front of you!"

Jin Liuli became scared again. She wanted to find some comfort, but Li Yun was separated by several people. Wu Maoping, who had said before that she could protect her, was now at the end, and she didn't know if it was intentional.

A smug smile curled up at the corner of Codiff's mouth and yelled, "What's wrong with this? Maybe my brother is opening the door now, so he stopped, I see, we're just waiting here, wait a moment, he calls us. , Let's go over again!"

"You want your brother to get more antiques, right?" Jin Liuli vomited, and then Codiff glared at him.

Of course, Jin Liuli was not afraid of him. She glared back and raised the soft-blade whip in her hand, meaning: What are you arrogant, be careful grandma lashes you with a whip! It's too late for you to use the submachine gun!
