Chapter 631: Xiao Mingzhu

An elite business woman dressed as a secretary stepped forward and said respectfully to the girl with sunglasses.

"Ah, good."

The girl in sunglasses nodded and smiled at Li Yun: "It's a pity, I really like this jade bracelet. If you want to sell it, come to the Mingzhu Building in Zhonghai City to find me. My name is Xiao Mingzhu."

Zhonghai City? It's a coincidence.

Li Yun nodded, and the girl walked towards the boarding gate under the guidance of the secretary and bodyguard.

Some people find it strange: "It's not boarding time, and there is no announcement, which plane is she on?"

The airport security was taken aback for a moment, and then quickly woke up, and said silently, "Her private plane is parked in the airport!!"

In an instant, the waiting room became quiet again, which was even more shocking than the 33 million before!

private plane.

These four words alone represent the combination of power, status, and money. Only when all three have reached the peak, you can have a private jet in Huangxuan!

Otherwise, if you have money, you can't get all kinds of documents, it's useless, and there's nowhere to use money!

"Where is there a private plane in the airport?" The lady was stunned. In her circle of friends, even in her circle of friends, no one had a private plane!

This thing is too big for her, it belongs to the stuff that the top richest people are qualified to own!

The security guard glanced at her and said angrily: "Airports are also commercialized. As long as you have money and relationships, you can rent the airport to park your own plane. It's not expensive, less than one million a month."

Less than one million a month?

Means it takes hundreds of thousands a month?

It sounds not expensive, but how many cities across the country? Every city rents an airport. Even if you only go to the main cities, you will have to spend tens of millions of dollars in rent per month, not counting the money to maintain the plane.

When the lady heard it, her face flushed.

"Private jet..."

Everyone looked at the airport with emotion. The beautiful girl walked to a slightly smaller plane. Coincidentally, she turned her head and took a look. After seeing Li Yun, she took off her sunglasses and revealed a picture. Qing Guo Qingcheng's face and a bright smile waved to this side.

As if to say, if you sell bracelets, you must contact me!

Li Yun also waved gently to her, and Xiao Mingzhu got on the plane. It didn't take long for the small plane to rumble down the runway and flew away.

"Amazing."

Princess Yongning's big eyes didn't blink, and her head followed the plane until it disappeared.

It looks like a child saw an airplane for the first time, so you have to watch it leave with your own eyes!

"I remember!"

Someone suddenly realized: "Xiao Mingzhu, it turned out to be her!"

"Who?"

"The richest man in Zhonghai City, Xiao Tianyuan, who is in the first five years of the national rich list, is Xiao Mingzhu's father!"

Everyone hissed, it turns out that she is Xiao Tianyuan's daughter, no wonder there is a private jet!

As the richest man in Zhonghai City, no one knows how much money Xiao Tianyuan has. The 500 billion net worth on the rich list is only the tip of the iceberg. The Xiao family still has a large amount of real estate and investment, tens of millions to buy antiques and how much ordinary people spend. It's like buying things on the street!

"You don't think I'm a liar now, do you?" Li Yun said jokingly.

The lady's face full of hyaluronic acid was extremely wonderful, and she walked out of the waiting room dingy without saying a word.

She has no face here.

Chapter 632: respectively

The people who had suspected Li Yun before were also embarrassed. With a private jet, Xiao Mingzhu, the richest daughter in Zhonghai City, definitely could not be a liar for tens of millions.

A farce just dissipated, and the rewards of the system came.

"Ding, the host makes a choice, rewards the small Jidan, Peiyuan Dan*1 (Zhu Shu'e only), white gift bag*3, and additional small recovery Dan*1.

Li Yun was a little surprised, why are there additional rewards?

At this time, the airport broadcast sounded.

"Passengers going to Yingdu City, please pay attention to the FM9 you are taking..."

Jin Liuli was taken aback for a moment, then showed a look that was about to cry, and looked at Li Yun pitifully.

"what happened?"

Li Yun reached out and touched Xiao Liuli's short hair. Then he remembered that she was going back to Yingdu City and would not follow him all the time.

Jin Liuli's small mouth collapsed, and tears filled his eyes immediately. If you didn't comfort me, I immediately cried out to show you.

Li Yun felt funny and distressed, "It's okay, I'll see you after a while and take Yongning to see you. Don't you want to walk the rivers and lakes? I just want to see what the rivers and lakes are like!"

"Then, it's settled?"

Although she knew that Li Yun was lying to her, Jin Liuli was still very happy. She stretched out her little finger and hooked up with Li Yun. Her little cheek was red, which was very cute.

"certainly."

Li Yun nodded, and Jin Liuli recovered some mood.

The broadcast rang again. Jin Liuli bit her lip and glanced at Princess Yongning. When she saw that she was not jealous, she suddenly stood on her tiptoe, and with her bright red mouth, she slapped Li Yun's lips indiscriminately and in a panic. .

Then, like a shy little sheep, Jin Liuli ran away quickly.

Li Yun clearly felt that the girl's soft petals were very fragrant and sweet. The only pity was that the time was too short, and it was not enjoyable at all.

I can only wait to see her next time, and then taste the taste of this little girl's red lips.

Now, there is another person beside Li Yun who needs comfort.

"Yongning."

"Well, husband."

Princess Yongning put her hand on Li Yun's big hand, her gentle expression was a little bit shy:

"Husband, I am not jealous. Husband is a man upright, Yongning is not the kind of jealous woman. Don't despise me..."

"How come!" Li Yun held her little hand, "Yongning is my wife. After I return, I will introduce you to a few people. They are all very nice. I believe you will get along well with them."

"Well, I will definitely, husband!"

Yong Ning nodded vigorously, trying to remember the palace fighting skills taught by the queen mother, even if she could not monopolize her husband, she still had to occupy a place.

Unfortunately, with her shy character, the so-called Gong Dou probably means trying hard to serve a good husband.

Li Yun has a headache. There are more and more girls around him, which is not a good thing.

Next time, next time you encounter a woman who is prompted by the system to have a good impression, he will never take the initiative to choose the option to increase the good impression!

Fortunately, Yongning is very well-behaved. If you take her back, Li Feng and Caiwei will easily accept her as a family.

As for Fang Xue, Li Yun was sure she would be jealous and had to find a way to coax her well.

Space ring?

This is a good plan!

Not long after, the boarding announcement sounded again, and Li Yun took Princess Yongning's little hand and smiled:

"Yongning, go, let's get on the plane and go home."

"Um."

Princess Zhu Shue of Yongning followed Li Yun obediently, with a warm heart. From now on, Li Yun's home will be her home, and her husband will be her only support in this strange world four hundred years later.

Chapter 633: Lord of Hell Road

In a certain mountain forest, a kind-looking old man was meditating, surrounded by fairy mists and rare birds and animals swimming freely, as mysterious as a heaven and a fortune.

"The Lord."

A guard walked over and respectfully saluted the old man, saying: "Venerable Black Eyebrow's life card is shattered."

The fate card is a proof of survival, and the fate card is broken, which means that the person has been wiped out and there is no need to pay attention.

The old man had no sorrow or joy, and said faintly: "Cancel the quota of his elixir, take back the cave, and notify Venerable Heimei's apprentice to deal with the matter. In addition, let the saint to investigate the cause of the death of Venerable Heimei, If it involves the Hidden Sacred Valley, we will discuss it again."

This means that if it were not related to the Hidden Sacred Valley, the death of Venerable Black Eyebrow would not cause any repercussions.

In today's Age of Domination, even if you are a noble one, the fall will not receive attention, and no one is willing to waste mana to investigate how the black eyebrows died.

"Yes!"

The guards were not surprised by this. The status of the venerable in the six demon gates is very high, comparable to that of the elders. They just don't need to participate in the management of the sect, but there are no one who has a look at the status of the venerable. Someone added.

But the position of the Venerable is not obtained by fighting, but by making great contributions to the sect to obtain this position.

...

After learning about this from the bat-like alien beast, Concubine Wan Qing said in a flat tone: "I know, go back and report to the Lord of Hell. There has been no movement in the Hidden Sacred Valley recently. The person who killed the Venerable Black Eyebrow should be a sect. inner."

The bat animal flapped its wings to express its understanding, and then, its body turned into a faint black smoke and quickly disappeared into the sky.

No one was behind, Concubine Wan Qing propped her chin with her hands, and her judgment was normal, and the **** of the Hidden Sacred Valley were indeed rarely seen.

But inexplicably, she thought of someone.

"Li Yun."

Concubine Wan Qing got through the bastard's phone, her tone pretending to be horrified: "You killed Venerable Black Eyebrow?!"

——

"Ding, the host opens the red envelope. Congratulations for getting 18.88 million monetary rewards and additional passive skills: Combine 2 repairs."

"Combined two repairs: Yin and Yang harmonize, refreshing. Effect: The girls who practice with you will become stronger and stronger, and their skin will become softer, smoother, and more elastic."

When Li Yun was idle on the plane, he opened the red envelope from Princess Yongning. As a result, he gave out 18.88 million in money, which was a little cool.

But what the **** are these 2 repairs?

2, two, two, two, two?

System, get out of here! !

"Husband, what's the matter?" Princess Yongning was sitting next to Li Yun. When the plane took off, she paled with fright and held Li Yun's hand tightly. After taking off, she was surprised again, her eyes kept looking out the window.

But, as a reserved princess of the Ming Dynasty, she certainly wouldn't yell, even if she saw the white clouds and the earth below, she kept her small mouth tightly closed and kept her eyes wide open.

"Ahem, nothing."

Li Yun knows that this is a vulgar thing, but Princess Yongning's body is very weak, maybe she can rely on this passive skill to keep her healthy...

No, the more I think about it, the more evil it becomes.

Li Yun closed his eyes and rested, and when he got off the plane, he took Princess Yongning back to Longyang County by train.

Plucking Li Feng and the others expressed that they were very happy that their brother could come back, but they were shocked to see Princess Yongning following Li Yun like a little wife, her face flushed with shyness.

"Brother, this elder sister... or younger sister? Who is she?"

Chapter 634: Princess married

After an explanation.

"...In short, she used to be a princess, but now she is an ordinary person like us."

Li Yun concluded in one sentence that he did not say too much in detail, exposing the reason Zhu Shu'e is a princess, because she did not understand modern things at all, in order to prevent Li Feng and the three of them from doubting, plus Zhu Shu'e's temperament habits. Both still retain the original appearance, so it is more convenient to reveal the secret of her being a princess.

"Princess?" Caiwei blinked, and then carefully observed Zhu Shu'e, seeing that the latter's face was red.

"Hello, sister."

Zhu Shue hurriedly made a Ming dynasty etiquette, pressing her right hand on her left hand, placing it on the slender waist, bending her knees and nodding slightly.

This posture is really graceful and beautiful, and it also reveals the temperament of everybody's lady, which makes Li Feng and the three daughters look dumbfounded.

Li Yun smiled and said: "Yongning, don't be polite. In modern society, you only need to nod your head slightly."

Zhu Shu'e thought she had done something wrong, and gave a lost "Oh".

"Don't listen to my brother!"

Li Feng smiled and took Zhu Shu'e's hand to look left and right, "Is Sister Shu'e really a princess? You used to live in the palace? Oh, okay, okay, I won't ask, just be curious, hehe! "

With the enthusiasm of Li Feng and Caixia, Zhu Shu'e's hanging heart was quickly let go. She originally wanted to tell Li Yun to take out the jewelry box and give some jewelry to her husband's sister and sister, but the timing was never suitable and she had to wait. tell you later.

"Brother, where does the princess sleep tonight?"

Li Feng asked a sharp question. Princess Yongning naturally wanted to sleep with Li Yun, but was rejected by Li Fengyi, saying that the two had not been officially married and could not sleep together.

Li Yun smiled and said, "It seems that we have to buy a house right away tomorrow. It happens that tomorrow is Saturday. Let's go see the house together? Buy a larger house with five bedrooms and two halls!"

"Is brother rich?"

"Of course, there are five rooms and two halls, your brother I can buy several sets now!"

Princess Yongning can understand buying a house, but she doesn't know what the five rooms and two halls are. She used to live in palaces. I heard that ordinary civilians buy a house and buy a complete set. There are so many rooms and yards, no one has ever said to buy a house with a few rooms.

That's too shabby.

While several people were chatting, Li Yun received a call. When he saw the person calling, he frowned slightly and motioned for himself to go out and answer the phone.

"Where is your husband going?"

When Princess Yongning saw Li Yun leaving, she suddenly became nervous and wanted to follow, but she was held back by Li Feng.

Li Yun gave her a soothing look and walked to the door to answer the phone.

"You killed the Venerable Blackbrowed?!"

Sure enough, Concubine Wan Qing was here to inquire about the crime.

Li Yun's tone was flat: "Why do you think I killed it?"

As soon as the demon girl came up, she started asking her for a crime, causing Li Yun to smell a bad smell.

"Hehehe~"

Concubine Wan Qing laughed suddenly, "It seems that you really killed it? Wow, that's awesome, you can kill a venerable solo, little handsome guy. It seems that not long after, my saint is not your opponent. That's it!"

The corner of Li Yun's mouth twitched, and he was actually cheated by this demon girl!

But listening to her tone, killing a nobleman is not a big problem?

"Okay, I admit that I killed Venerable Black Eyebrow." Li Yun calmly said, "What do you want? As a saint of the Six Demon Sects, do you want to trouble me?"

"of course!"

Chapter 635: Concubine Wan Qing's Information

"Of course I wouldn't be so boring."

Concubine Wan Qing added, and then smiled again, as if out of breath, and said, "Looking at your nervousness, what's the matter? Venerable Black Eyebrows have been killed, and I am afraid that someone will come to trouble you. ?"

Li Yun is helpless, can this demon girl speak completely!

"What do you want, just say it."

"Little handsome guy, don't be so hurry, let's take it slow, and there is still time to play~"

Concubine Wan Qing deliberately teased Li Yun with incomparably charming words. After a long joke, she said seriously: "Okay, let's get it right."

Li Yun: "Say something!"

"Humph."

Concubine Wan Qing hummed sweetly, and then said slowly: "Actually, you killed Venerable Black Eyebrow, but it was beneficial to me."

"Oh?"

"Because the Venerable Black Eyebrow was originally the person of the Lord of Heaven and Humanity. He has always been against the holy mother-in-law, and naturally he is against me. It is good for me to kill him."

Li Yun didn't know how true or false there was in the words of Concubine Wan Qing. The Six Demon Gates had six branches, corresponding to the Six Hells.

The boss of the six branches is called the Lord, that is to say, there are six Lords in the Six Demon Gates, and each Lord has a number of elders and nobles, and they are very powerful.

As for people who are stronger than the Lord, Li Yun has not heard of Concubine Wan Qing for the time being, but the practitioners of the Six Demon Gates have lived for so long, and there should be some old immortals who are still alive.

As for the Hidden Sacred Valley, Li Yun has never contacted them, so I don't know what the situation is.

"It's boring to say this." Concubine Wan Qing smiled: "As long as you are not from the Hidden Sacred Valley, I will not deal with you. Now I am only curious about one thing, how did you kill Venerable Black Eyebrow?"

Being able to become a venerable person means that he is already extremely powerful in a certain field, and that the ordinary divine realm is not their opponent at all.

And the last time Li Yun beat Tianyin old man and Dean Yu so exhausted, Concubine Wan Qing really didn't understand how he killed a venerable.

"I said," Li Yun's tone was flat: "You are not the only ones in the world with the Six Demon Gates and the Hidden Sacred Valley!"

"hehe."

Concubine Wan Qing couldn't deny a smile. The ridicule was full of ridicule, but after a turn of the conversation, she said: "I don't ask your secrets, but you should always be able to tell me what happened?"

Li Yun was silent for a moment.

Concubine Wan Qing said again: "Of course, in exchange, I will also tell you a little information."

"it is good."

Li Yun nodded and gave her a rough account of what happened in the city of Princess Yongning. Of course, Princess Yongning was omitted, and the formation of the black feather butterfly eating the formation was omitted. He only said that he had destroyed Wei Yueyan's tomb on his own. Protection formation.

"So it's like this!" Concubine Wan Qing suddenly realized, "No wonder you can kill a Venerable. It seems that your **** luck is really good!"

"...As a girl, can you not be so vulgar?"

"Well, my fault, let me put it another way: God was so blind that he actually let you kill a venerable one!"

Li Yun: "...Dog can't spit out ivory."

"Hahaha~~"

Concubine Wan Qing smiled happily. After a long while, she breathed a sigh of relief and said, "Don't blame me for being rude, this is the truth. If you have a head-on conflict with a Venerable, I can guarantee that you will be instantly killed!

Just like I could subdue you with one move. "

Not long ago, Concubine Wan Qing volleyed and manipulated a hosta. Although she did not really take a shot, Li Yun had already felt a strong threat.

Chapter 636: The real saint

What the concubine Wan Qing said is true.

Li Yun nodded slowly: "Venerable Black Eyebrow is because he is manipulating zombies and intends to break the Golden Luang Temple, and his strength has dropped a lot, so I will succeed?"

"You guessed it right."

Concubine Wan Qing said: "It is also very important that you kill his body first. Otherwise, his soul will return to the body, and his strength will increase several times. It is naturally easy to kill you.

Li Yun frowned, but did not refute her. His current strength is indeed a bit low.

If it is congenital Consummation, Li Yun is confident to fight against Venerable Black Eyebrow with the magical weapons rewarded by various systems!

"So you must not be proud, it is the best choice to be a talent with your tail clipped."

Concubine Wan Qing did not wait for Li Yun to reply, and continued: "In addition, let me tell you one thing."

"What's up?"

"The effect of the suction stick is very good."

After saying these thoughtless words, Concubine Wan Qing hung up the call.

Li Yun took the phone and exhaled deeply.

Had it not been mentioned by Concubine Wan Qing, he would have almost forgotten about the spirit sucking stick. After all, the people and things encountered in the recent period were much more weird and complicated than the spirit sucking stick.

Looking back now, what is the effect of the spirit stick?

Judging from previous experiences, the spirit sucking stick can trigger negative emotions in the people around it, causing ordinary people to fall into a state of madness, and even produce hallucinations.

But what Li Yun cares about is the word 'sucking spirit'.

Absorb people's grievances and cultivate magical instruments in batches?

Everything is just speculation. The only certainty is that the effect of the suction stick is good, and the six magic gates will definitely be widely promoted!

"Spirit suction stick, six magic gates, hidden sacred valley."

"Magic weapons, zombies, female ghosts, gu worms."

"There is also the golden short spear in Alice's hand. This weapon is very similar to the weapon of the legendary goddess Athena."

"What will this world become..."

Li Yun thought for a long time, but couldn't find out why. He had to work hard to become stronger and protect the people around him!

...

Deep in the bamboo forest, under the stone pavilion, the beautiful girl in white clothes wins snow in her hand holding an ancient book. Not far away, there are clear springs flowing, flowers are in full bloom, and the beautiful scenery is beautiful. I must be stunned, a flush of blush appeared on his face.

For the maid, the Lady Saint is her favorite, most admired, and most admired person!

The deportment is dignified, the temperament is cold, the spiritual talent is unparalleled in the world, and even the taciturn personality is taken for granted by the maid.

How could Nine Heavens Fairy like to talk to mortals?

"Qingzhu, what's the matter?"

The white-clothed girl closed the book and looked at the maid, Qingzhu, who had followed her since childhood.

"what."

Qingzhu returned to his senses, exclaimed a little, and blushed, and quickly said: "My Lord Saint, the Lord Gu and the elders invite you to come over, saying that it is the enchantress of the Demon Sect, Qing Concubine, who has often been active in Zhonghai City recently. , What a conspiracy is suspected!"

While speaking, Qingzhu kept looking at Master Saint in dazzle, her heartbeat became very fast, Master Saint was a perfect existence.

"Um."

Without further inquiries, the saint of the Hidden Sacred Valley put away the book and walked lightly towards the outside.

Qing Zhu followed closely, looking at the beautiful and tall figure of Lord Saint, and more importantly, that kind of holy and majestic breath, Qing Zhu was fascinated by it.

She firmly believes that if there is a saint, the witches of the six magic gates are not worth mentioning!

Chapter 637: Fang Xue

When he woke up the next day, Li Yun felt a delicate and soft body in his arms, hugging him softly to sleep, the light fragrance made the quilt stained with her body fragrance.

Last night, Princess Yongning still slept with Li Yun, without the barrier of a sleeping bag, and was directly slept together.

The reason is simple, this house really can't accommodate people.

"Well, husband, is it morning?"

Feeling the noise, Princess Yongning straightened up swayingly and pressed him with her hand, causing Li Yun to almost get angry and hugged her quickly and let her sit on the bed.

Princess Yongning is very beautiful and petite, but her hair is thick and jet black, hanging down to her waist, rubbing her eyes lazily, and her messy hair is extremely seductive.

Li Yun only discovered at this time that even though Princess Yongning developed very late, she had everything that should have been there. Her body bones had grown, and she had a graceful body that belonged to a young girl, which was very sultry.

"Ahem, today we are going to buy a house, this place with only two houses is really not suitable for the princess to live in!"

Princess Yongning covered her mouth and chuckled softly, and said softly: "In fact, Yongning is very satisfied, as long as she has a husband~"

With the appearance of the obedient little wife, with her hand covering her small red mouth, Li Yun couldn't help but impulsively stepped down, stopped her slender waist, raised her chin, and kissed her up.

Huh.

For a long time, Princess Yongning leaned weakly in front of Li Yun's chest, her heart full of happiness and joy.

"what!!"

Li Yun heard a familiar scream, turned his head to look, uh, it's miserable!

It's his real girlfriend, Fang Xue!

"you you you!"

Fang Xue, the college student of Zhicai High School, was trembling with anger, and when he walked in, he twisted Li Yun's ears, "You badass, I haven't seen you for a few days, you have become more and more fascinating!"

"Xiaoxue was wronged!"

"Huh! I saw you bullying the little girl as soon as I met, what else can I say?"

Princess Yongning wanted to save Li Yun, but she didn't dare. She knew Fang Xue. She had already met Fang Xue on the thing called the notebook last night. Princess Yongning knew that she was Li Yun's first wife, so she had some Fear her.

Although Li Yun hinted that the girls around him are all equal, Princess Yongning still has a low self-esteem.

"Humph, I'll clean up you later!"

Fang Xue pushed Li Yun away violently, letting him go, and she took Princess Yongning's hand to look left and right, wanting to see how this princess is different from ordinary people.

"Princess sister, don't be afraid, this villain dare not bully you!"

"Well, sister Fang is good."

"Hehe, so cute and cute, not like a princess, but like my sister."

Li Yun breathed a sigh of relief, Fang Xue liked Princess Yongning very much, which relieved him a lot.

Princess Yongning is very different from other girls. She has nowhere else to go except Li Yun, so Li Yun must keep her by her side, and this will be the case in the future.

After chatting for a while, Princess Yongning gradually accepted Fang Xue and agreed to her proposal to go shopping with Li Feng and others.

"I'm going to buy clothes for the princess sister, you villain will go to see the house alone, and we will meet again at noon for dinner!"

After leaving these words, Fang Xue mischievously stuck out her little tongue at Li Yun, and took Princess Yongning's hand triumphantly and left.

Li Yun wiped his sweat. It really didn't work if there were too many girls around him. It was very comfortable when he was intimate, but he was a little overwhelmed to deal with it.

However, Fang Xue had paid too much for him, and Li Yun was deeply excited. He planned to visit her house on Sunday tomorrow and give her family some gifts.

"Now, I'm going to look at the house. I can't live in my hometown!"

Chapter 638: Free a house

Li Yun came to the sales office of Ankang Apartment by himself. This is the community where Guo Xun lives. That is, Li Yun heard from the security guard a few days ago. The sales department here is engaged in activities. The first place gets a free house. .

Li Yun actually didn't care about millions, but out of curiosity, he decided to take a look.

The sales department of Ankang Apartment is not small. It is next to the residential area. Looking through the floor-to-ceiling glass windows, there are at least two hundred people inside, looking excitedly at the temporarily set up stage, on which a host is shouting.

"Really free?"

When Li Yun walked into the sales hall curiously, many people glanced at him.

Because all the people who come here are successful and famous, the middle class with small possessions, although Li Yun has a good temperament, but coming here alone does not look like buying a house.

"Dear future owners, I am very happy that you can participate in this Ankang apartment sales activity. In order to repay everyone's enthusiasm for buying houses, our boss decided to take out one of the two hundred three-bedroom houses as a reward , It will be given to the first place in this event for free!"

Suddenly, there was a sensation in the sales hall.

The three-bedroom house is 80 square meters.

Although the housing price in Longyang County is far lower than that in Zhonghai City, it is about 10,000 yuan per square meter. Rough calculations, a three-bedroom house is worth about one million yuan!

One million is given away for free, no wonder the host can detonate everyone's enthusiasm with a single word.

Li Yun also felt curious.

One million is not too much, but it is definitely not too much. Would the real estate owner be so kind to give it away for free?

Judging from various circumstances, this activity should be real, and it cannot be faked.

"Strange, someone will give away a million houses?"

It was a middle-aged man next to Li Yun. He was wearing glasses and had an extraordinary temperament. He looked gentle and gentle. He was surrounded by a beautiful young woman, both dressed like intellectuals.

Seeing Li Yun look over, the man with glasses asked, "What do you think of little brother?"

Li Yun smiled slightly. The two of them were pretty good, and they didn't want the others. They showed contempt when he saw him as a student.

"I guess it's not that simple." Li Yun analyzed and said: "Either it is difficult to get the first place, or it is internally digested, and it is not an event that ordinary people can participate in!"

"I guess so." He smiled.

One million is not a small sum. If you change it to a lottery, the chances of winning are scary.

Therefore, generally speaking, no one will give out a set of millions of houses as rewards in the face of activities involving hundreds of people.

Sure enough, the cheating part came.

"The theme of this house gifting activity is—"

The host's voice was stretched long, and after hooking the curiosity of the audience to the highest point, he shouted hoarsely: "Fame, breath, competition!!!"

What the hell?

Everyone doesn't know why.

"The so-called fame competition is that our judges select special guests, and the most famous and socially influential one among the audience! The winner receives a free millions of housing subsidies!"

"Fame value is selected from various aspects, such as Weibo fans, search engine related items, and finally multiplied by the positive social influence given by the judges, a number between 1-10, to get the final total value!"

The host joked: "So you don't have to worry about Internet celebrities taking the first place. The selection of this event will definitely select the most famous one who buys a house in Ankang apartment!"

Chapter 639: Cheating activities

Li Yun probably understood the gameplay of this activity.

The simple thing is that the more famous you are and the more you contribute to society, the easier it is to get the first place!

The purpose of this activity at Ankang Apartment is also very simple. Invite some celebrities to participate, claiming in disguise that there are social celebrities living here, the apartment is in a good location, and the house is of high quality. Come buy it soon!

Theoretically speaking, if you can invite first-line celebrities to participate in this event, the developers of Ankang Apartment will make a lot of money-it is equivalent to using one million to make an advertisement, and there is no loss at all!

only--

"Isn't this cheating?!"

A middle-aged man with a big belly next to him yelled and yelled at the stage: "Host, it's impossible for ordinary people to participate in this event. What else are you playing?!"

"If you can participate, you can participate!" The host emphasized solemnly: "We have specially invited guests, but every audience at the scene can also participate in this event!"

Li Yun couldn't help laughing.

Ordinary people can participate, but they are said to be ordinary people, are they still famous?

Therefore, the first place in this event must be the ones selected by Ankang Apartment. The reputation is not set by default, but the scope of the bonus has been divided, and it has nothing to do with ordinary buyers!

After thinking about it, the people at the scene became agitated and became more and more lively, which meant that they could not be suppressed.

"Host, are you playing with me?"

"Grass! I heard that there is a free house, so I got up early in the morning and took the bus. As a result, grass! I was not eligible to participate?"

"The shameless activity is gone."

"You*bi, I hope you can't sell a house!"

"Host, either change the rules now, or we leave and choose!"

Seeing that it caused public outrage, the host panicked and said: "Everyone! Everyone who buys a house, please listen to me. This time we not only prepared rewards for the first, second and third place, but also participation awards, totaling 100 people, as long as they participate, There is something to give away, guaranteed not to lose! There is also a special fourth prize for the outstanding performance of the audience!"

Although the rewards were made up, everyone was still very dissatisfied and felt that this event was a shame.

The gentle glasses man next to Li Yun raised his hand and said in a flat tone: "I wonder if my wife and I can participate?"

"Of course, of course!"

The host Zhengshou couldn't break the deadlock. Seeing that 'ordinary people' took the initiative to participate, he was immediately overjoyed, and hurriedly invited him to the stage, and asked, "I wonder what the name of this gentleman is?"

"Jiang Nengyang, this is my wife, Yi Xiaojing."

Many people immediately took out their phones to search for the names of these two people, but no results were obtained.

The host does not matter whether the couple is famous or not, anyway, now that ordinary people participate, the deadlock can be broken.

So he continued to ask: "Is anyone else willing to come up and participate in the event?"

There were much fewer protests. The human group is like this. Once someone compromises, it will cause a chain reaction. Suddenly, everyone present looked at each other and the atmosphere became much colder.

Jiang Nengyang and his wife walked a few steps forward, then turned to look at Li Yun and smiled: "Little brother, I think you are extraordinary, why don't you come and participate?"

"Ding, trigger the option event, please choose from the host:

Option 1: Participate in this activity and win the first place, reward justice value +100, money +500,000, experience value +100,000, agility +500, purple gift bag*1.

Option 2: Reject, no reward. "

Chapter 640: Four guests (part one)

Justice value?

Li Yun was a little surprised. Can real estate developers get justice even if they fight their faces? It seems that the system can't understand the activities carried out by these profiteers!

"Does this little handsome guy also want to participate?" The host said with joy on his face, and quickly said: "This time the acquisition is not limited to those who buy a house here, anyone can participate!"

He saw that Li Yun had no parents around, so he said so.

Li Yun groaned for a moment, helplessly spread his hands, and said: "If I participate in this event, I'm afraid I will crush other players."

"!!!"

Suddenly, the two hundred people in the sales hall were all dumbfounded, and the host froze directly, almost unable to maintain the smile on his face.

Are you bragging like that?

A little kid said that his reputation crushes other people. Does this kid know who the other players are?

For a time, everyone gave Li Yun a roll of eyes, and even Jiang Nengyang couldn't help but laugh.

Li Yun shrugged: "I'm telling the truth."

"I don't know what the little brother's name is...?" The host hesitated, is it the son of a rich man?

But even the rich second generation will not be famous.

"Li Yun."

After hearing the name, there was a moment of silence at the scene, and many people had already recognized him.

"It is the top scorer of Zhicai High School, Li Yun!"

"What first place?"

"The first place in the mock test in Zhonghai City, with a perfect score of 750, is him!"

"Hi! A full score of 750?!"

Many people looked at Li Yun like monsters. Even Jiang Nengyang pushed down his glasses and glanced at him with scrutiny.

The host was obviously taken aback, and recalled: "I remember a song called "Zhengjianghu", which was once ranked No.1 on Weibo's hot search, and it has reached tens of millions of views in a week. Could it be the author of this song... "

"It's me." Li Yun nodded lightly.

Everyone at the scene looked sideways. Some people who looked down on Li Yun and thought he couldn't afford a house here were ashamed.

They sold a song for 3 million, which is enough to buy a large five-bedroom house, and it's still the full price!

The host was overjoyed and quickly invited Li Yun to the stage and reported it to the abbot Manager Zhu of the event.

"Ladies and gentlemen!" The host Chunfeng was full of face: "Originally, we only invited four guests, but we did not expect that Longyang County is really a Crouching Tiger, Hidden Dragon. Li Yun from Zhicai High School is no less famous. To our guests!

Look forward to who will get this million prize.

Here are four guests and judges on stage. They are—"

The event started smoothly. When the ordinary audience saw that a million houses could not belong to them, they could only expect Li Yun to defeat the guests.

After all, the great talents in Longyang County will live in Ankang Apartments in the future if they get a house. If they say they will also have face.

"The first special guest, famous movie star and singer-Miss Bai Liwen!"

Suddenly, there was a sensation in the sales hall, and the event party really invited a star to help out, and the star's background was not small.

"Hi, hello everyone, this is Bai Liwen, I am glad to see you all here!"

A female star with a hot body, an 8-point appearance and a sweet smile walked out of the backstage, while walking, waving her right hand to the audience below, completely igniting the atmosphere of the scene.

"Miss Bai Liwen! Oh, oh, I really like your acting like you!"

"Please autograph, my kid likes you very much!"

"I used to like Bai Liwen's song very much, but now it's not very famous, it's a pity."
