

## Godly Choice 721

Chapter 721: stop

Nearly 2 billion, only increased by 0.1 degree of favorability.

Li Yun couldn't laugh or cry about it. It seems that Sage Fan Qing is not the kind of person who is easily moved. The two-billion-dollar house is not a necessity for her.

However, Li Yun didn't have the money to buy a two-billion-dollar house, let alone give her a fifty-million house directly. Fan Qingsheng was not his girlfriend.

"If you have any antiques or valuables, you can bring it to me, and I will help you find a way to sell it."

Li Yun chose to help them in this way. The Hidden Sacred Valley has a long history, and there must be many antiques in the school. Just selling a few pieces is enough to buy a house.

"Ding, the host gives up the choice, reward: a spirit egg!"

What is the spirit egg?

Zero eggs, right?

Get out of my cheating system!

"Don't you want to take a kickback?" The little maid Qingzhu glanced at him, but she was a little relieved. She was very strange to Zhonghai City. The book records in the school about the outside world were 30 years ago when Huang Xuanguo. So poor, the recorded outside world is too different from the present!

"Nonsense, how could I take your rebate."

"What is this? I just make some magical artifacts, enough for those rich people to spend thousands of taels of gold to buy them, huh!"

"Gold? When are you a universal currency?"

"I want you to take care of it, I'm so annoying!"

Teasingly teased the arrogant little maid, Li Yun walked to the back of the factory, where it was sealed off with a fence. The iron fence gate was three meters high and all locked, only a single-person-high opening was available. In and out.

"Someone ahead."

Sage Fan Qing reminded him, and then a loud shout came out from the darkness.

"stop!"

Seeing the three people appear, several Kong Wu's powerful guards immediately walked out of the darkness. After seeing them clearly, Li Yun's pupils suddenly shrank.

These guards all have guns!

And it's a submachine gun!

"You are not allowed to approach here, your supervisor didn't tell you? Leave immediately! Otherwise!"

With that said, one of the leading guards raised the gun in his hand, and the warning was very obvious.

"Boss." The voice of the other guard became a little wretched. He pointed to the holy master and servant of Fanqing, and said in a greedy tone: "Look at these two beauties, I'm Cao! It's so punctual, better than the spiritual doctor in the rivers and lakes. Fairies are even more beautiful!"

The captain of the guard turned his gaze to Sage Fan Qing. In an instant, he was overwhelmed by the beauty of Sage Fan Qing that can't eat the smell of fireworks. His heart trembled, and the submachine gun was a little unstable.

"Beauty, beauty, big beauty, no, peerless fairy!"

A few harazis guarded by guns are going to shed. Where did they see such a beautiful fairy and were so fascinated that they couldn't find Bei.

"Huh, vulgar mortal!"

Qingzhu snorted proudly. Compared with Master Saint, the so-called Fairy of Jianghu Feijian, Fairy of Spirit Doctor, dancing girl, chivalrous girl, etc., are all inferior to Master Saint's even a single strand of hair. No more!

Li Yun took a step forward, just about to speak, and once again triggered the selection event.

"Ding, trigger the option event, please choose from the host:

Option 1: Beat the opponent violently, reward justice value +500, experience value +150,000, all attributes +500, blue gift bag\*2.

Option 2: Kill the opponent, reward evil +100, experience +200,000, all attributes +700, blue gift bag\*3.

Choice 3: Pretend that you are a person from Feihumen, hide from the sky, and reward +500,000 experience points. "

Chapter 722: She is the head's aunt

After reading the system prompts, Li Yun was a little strange.

The first two selection events are normal. Killing a person who is not the most evil will get evil points. If the opponent is a righteous person, the evil value will suddenly increase by more than 100,000.

But the third, why does the system prompt to pretend?

"Beauty, who are you guys anyway?!"

The captain of the guard's tone eased a little, but he was still very vigilant.

Beautiful women are good-looking, but prohibiting outsiders from entering the internal plant is an order issued by the elder himself. They dare not let anyone in!

"Bold!"

Li Yun suddenly shouted, not only shook the guards, but even Qingzhu was taken aback.

"Do you know who this Miss Fan is?" Li Yun pointed at the Sage Fan Qing, making a look of arrogance, using the master-level performance skills to life, the Sage Fan Qing couldn't help but glance at him.

"Wh, who?"

The captain of the guard glanced at Fan Qingsheng again, and he suddenly regretted it.

Such an arrogant, indifferent, elegant, high-cold, etc., in short, a peerless beauty who is so beautiful and unbelievably beautiful is definitely not an ordinary person. He actually teased her with his men before, which is simply bored!

A beauty like Fan Qingsheng, even if she had a bad background, her beauty alone is enough to be the concubine of the elders, and it is by no means that disciples like them can offend!

"Huh! She's the grandmother of the head!" Li Yun said arrogantly after putting her air on her shoulders.

"what?!"

The guards were surprised again, the grandmother in charge? impossible! How big is this beauty, she actually belongs to the grandparents?

"Puff, cough, cough!"

The captain of the guard looked at another little beauty in a light blue skirt, and saw her face flushed, as if she was forcibly enduring something?

"Don't believe it? Haha." Li Yun smiled faintly, and said contemptuously: "Do you know that there is a technique in the rivers and lakes called the only one in the sky and the earth?"

Several people shook their heads together.

"Forgive you for not knowing!" Li Yun solemnly explained: "This technique is powerful, comparable to Yuwen's "Yandi Heart Sutra" and Tianmen Wuwei Knife. The only side effect is that every 30 years, the cultivator You will rejuvenate once, and when you become a child, you will lose your skills and you will need to practice once a day, and you will grow up for one year a day. Seventeen days are seventeen years."

Several guards were shocked by Li Yun's nonsense, and they didn't know whether it was true or false for a while.

"If you don't believe that Miss Fan is the head's aunt, please call the head to verify!"

"Or to the third elders!"

Li Yun thought in his heart that if the Third Elder were with the head, he could prove it—he had to prove it, because He Canghu's handle was still being pinched.

"It's just." Li Yun threatened again: "If the boss blames it afterwards..."

There was silence on the other side.

The captain of the guard thought about it in his heart, and asked cautiously: "I wonder why Miss Fan came here late at night?"

"The situation has changed recently and needs to be checked at any time." Li Yun casually found an excuse.

"Just check, don't take the things here?"

"Correct!"

Several guards breathed a sigh of relief, and quickly opened the small door on the iron fence, respectfully invited Miss Fan in, but also lost a smile, saying that he had no eye on Mount Tai and so on.

Seeing that he compromised so quickly, Li Yun was a little strange. He didn't even ask for instructions, so he just let people in?

Chapter 723: Fish in troubled waters

However, the three of Li Yun were not afraid of the submachine guns in their hands, and walked in calmly.

When several guards saw it, the doubts in their hearts became even smaller.

"Miss Fan, don't blame it." The captain of the guard laughed and said, "We are also our duty, but everything inside is business as usual, there is no error, the production tasks are completed on time and according to the amount, and there is no fraud!"

Li Yun suddenly realized that it was no wonder that he let people in so easily. It turned out that he felt that there was nothing worth keeping secret in the factory, so it was no problem for people to come in.

Sage Fanqing did not speak, nor did he express any opinions on Li Yun's behavior of concealing the sky and crossing the sea. He kept a cold and holy appearance, and made several guards look at her frequently.

"Miss Fan, please, let's go in and check the factory building!"

Li Yun made a gesture, and the act was about to act.

"Ding, the host makes a choice and rewards experience value +500,000."

"Ding, trigger the option event, please choose from the host:

Option 1: Search the inside of the factory to find suspicious places, reward experience value +500,000, all attributes +1000, purple gift bag\*1, extra bonus skill: hide your traces (effect: hide your traces, find what the enemy left behind trace).

Option 2: Leave immediately, no reward.

Option three: Surrender to Concubine Wan Qing, reward skill: stubborn grass. "

Just after the reward, another event was triggered. Sure enough, when something happened, the system triggered the event most frequently.

There was a smile at the corner of Li Yun's mouth, there was divine intent, and besides there was a saint who was more perceptive than him. Didn't he catch the abnormal place with his hands?

Even if there are frauds here, with his powerful combat power plus the Vanguard Sage, Concubine Wan Qing has to kneel down and sing to conquer when he comes!

—As the saint of the Hidden Sacred Valley, it is not a problem to fight against the concubine Wan Qing, who is also a saint.

The enclosed area behind the factory is not big, except for a dormitory and a canteen, there is only one factory building with lights still on.

Along the way, the captain of the guard tried hard to explain to Fan Qingsheng, but Li Yun could also see that he didn't know too much inside information, so when he came to the door of the factory, he waved his hand to beckon him to shut up.

"Miss Fan, Mr. Li, please come inside! Director Zhou is inside." The captain of the guard was witty and didn't talk nonsense anymore. Saint Fan Qing is very beautiful, but this kind of woman is not something he can chase. If you can have the privilege of seeing a few, it is It is great luck.

"Um."

Li Yun responded indifferently, and walked in first to clear the way for Saint Fan Qing. The little maid Qingzhu gave him a cute white eye. This bad guy always did things beyond her expectations, so he got in by this method. NS!

However, he took care of the Lord Saint.

Entering the factory building and looking around, Li Yun frowned.

The factory building is small, more than 700 square meters, about the size of two basketball courts.

Inside, it resembles a root carving factory. In one corner of the factory building, there are piles of all kinds of weird woods. On the other side, a group of workers are using cutting machines to cut the wood into pieces.

In addition, in a corner farther away, there were more than twenty people ranging in age from twenty to fifty years old, holding a palm-sized piece of wood and carefully carving.

Everything is normal, except that the defense is very tight, and the wood...exudes a smell of decay.

"Director Zhou!"

The captain of the guard yelled towards a desk.

Chapter 724: I am the only one in the world

Sitting at the desk is a middle-aged man about forty years old, short and chubby, wearing a pair of glasses, looking very shrewd.

He heard the shouts and raised his head to take a look. He was immediately shocked by the beauty of Sage Fan Qing. It was not until the three of Li Yun walked over that he hurriedly stood up.

"Beauty, uh, no, this lady, I wonder if you are...?"

Director Zhou glared at the captain of the guard and motioned to him to introduce the beauty quickly.

"This Miss Fan is the grandmother of the head!"

"Puff.....hehe, cough cough cough cough cough cough!"

The captain of the guard made a serious introduction, and the little maid Qingzhu couldn't help laughing again. Seeing everyone looking at her, the little maid closed her mouth quickly, her face flushed, she wanted to laugh and held her back so cute. .

"Grandma of the head?" Director Zhou looked at the captain of the guard with an idiot look, pushed his glasses, and the look at Li Yun flashed.

These three people, I'm afraid the one who came is not good!

"Yes! Director, don't think Miss Fan is young, but in fact she is over eighty years old, because what she cultivates is the sole power of the heavens and the earth, which leads to rejuvenation... one day is a year... seventeen days..."

"enough!"

The captain of the guard's messy remarks made Director Zhou very angry. After interrupting him coldly, he coldly shouted: "Have you asked the fifth elder for instructions?"

"No, no."

"No? Don't you dare to let people in, I think you are looking for death! Don't you want to take them down for me!"

With a cold shout, Director Zhou greedily glanced at Fan Qingsheng and the little maid Qingzhu. These two beauties are definitely the most beautiful beauties he has ever seen, and they also appeared on his site without biting a piece of meat. What it's like to try a fairy-like beauty, how can he be worthy of his effort to climb up to the position of the deacon of Feihumen.

Isn't it for power, money and beauty to occupy a high position?

"I see who dares!"

Li Yun let out a cold drink and silenced the surrounding atmosphere for an instant.

"Humph!"

"Miss Fan and I have obtained permission to check the production situation here. You can contact the elder to confirm."

"But before you contact the head, it's best to stay with me honestly, otherwise!"

After dropping two threatening words, Li Yun motioned to Sage Fanqing to follow, and the three of them walked around in the factory to check.

The captain of the guard and Director Zhou looked at each other, especially Director Zhou, who now began to doubt his own judgment.

"Supervisor, look..." The captain of the guard snarled at Li Yun's back, and said cautiously: "These three dare to face my gun with their backs. I'm afraid they are not the masters of the innate level, or the ones who are really in charge. . But how can an innate realm master be so easy to see?"

In Feihumen, that is, several elders and elders are congenital, and the rest are all acquired.

But the martial artist of the acquired realm can hardly resist the blast of a few submachine guns!

"Or, maybe." Director Zhou was also a little guilty, and took out the phone and said: "I'll contact them first, you go follow them, don't let these people take anything! You can see it, but you can't take it, I see. ?!"

"Yes!"

The captain of the guard led people to catch up with the three of them, and Li Yun ignored him and continued to look around in the factory.

The first is the place where the wood is stacked. The wood is oddly shaped, with roots, trunks, branches, and various parts, and the age of the tree ranges from 20 to hundreds of years. One of the huge trunks is as thick as five people hug, at least Five hundred years old!

Chapter 725: Special gloomy wood

The only thing that these woods used as raw materials have in common is that they are black or brown as a whole, and they all emit a faint smell of rotten.

"These... are somber woods?"

Li Yun said with some uncertainty.

He previously searched the Internet for records about gloomy wood, and found that gloomy wood is not a tree, but a kind of wood buried deep in the ground and deposited over time.

Phoebe, ebony, locust wood, camphor wood, etc., can be gloomy wood.

"Isn't it?"

Qingzhu is also very hesitant. Of course she knows the gloomy wood. After all, this kind of wood is very suitable for practice tools. In addition to agarwood, the gloomy wood she touches most.

However, the gloomy wood has been underground for hundreds of years. The material is very solid, the texture is dense, and there is no smell, and even some gloomy wood will emit fragrance!

Li Yun touched the huge gloomy wood in front of the five people, and sniffed it closer, and said, "There is indeed a rotten smell... It is theoretically impossible. The gloomy wood is essentially carbonized wood, and the heavily carbonized wood is coal. ."

When coal is not burning, it has no smell, and the same goes for gloomy wood.

"It's not a gloomy wood." Sage Fan Qing shook his head, "or a special gloomy wood!"

The special gloomy wood is made by a special method, and the gloomy wood has been specially treated?

I don't know for the time being. After looking around and finding nothing, Li Yun walked to the machine cutting the gloomy wood, and Sage Fan Qing followed.

Several workers were operating. After seeing her, their eyes flashed with amazing expressions, but they quickly turned their attention back to work, not daring to look directly at this peerless fairy.

The sound of sharp machines cutting wood is constantly roaring, and wood chips are flying around. Long-term work can easily cause various lung diseases.

But in order to support their families, people here have to accept such jobs.

Li Yun saw that the workers cut the wood into slightly smaller pieces, and then another machine divided it into smaller pieces, and finally got a gloomy wood the size of a palm or the size of a long stick, and then handed it over. To the carver.

"Show me this piece of wood."

Li Yun motioned to a worker to use a forklift to get a section of cut wood. The driver didn't ask anything. Not ordinary employees here are leaders. Besides, there are several guards armed with guns standing beside Li Yun, obviously leaders .

Reaching out and touching the cross-section of the gloomy wood, the texture is very dense, Li Yun asked him: "Is these woods usually like this?"

"What's this?"

"It's gloomy wood with a rotten smell!"

"This..." The worker smiled honestly, "I don't know what wood, the supervisor wants me to do this, I will do it like this, the wood is very good, the inside is strong, and it is easy to carve!"

Li Yun nodded. It seems that the workers here are just following orders and don't know the inside information.

Sage Fanqing took the initiative to walk to the place where the wood was carved. Most of the people who did the carving were men. When they saw such a beautiful and cold girl in a pale red dress, they all became nervous, and the speed of the carving. He also slowed down, and kept peeking at Vatican Qing Sheng with his eyes.

Li Yun also walked over and glanced around with his spiritual thoughts, and found that the engravers here were all ordinary people, and there was no true energy in his body, so he could easily perceive them by his spiritual thoughts.

Picking up a gloomy wood that had been carved, Li Yun took a closer look, and found that, on the outside, it was no different from the gloomy wood of incantation found in the Huangting Villa complex.

Except that there is no evil energy inside!

Chapter 726: Investigation (Part 1)

"Is there anything to find?" Li Yun asked Fanqing Sacred Dao. Now he doesn't dare to underestimate this factory. The secrets are extremely deep!

The gaze of the Sage Fanqing patrolled the engraving workers for a long while before he said: "The handymen are carving very fast."

For the first time, the captain of the guard heard this grandmother in charge speak, and couldn't help being shocked. Her voice was so good, it was better than singing!

Handyman?

"Ahem!" Li Yun was choked by this name, and reluctantly corrected himself: "These are called workers. Those who work in factories are called workers."

Fan Qingsheng glanced at him, and there was no embarrassment on his face, as if Li Yun was wrong, not her.

"It's really fast."

Li Yun skilfully skipped this topic and looked at the workers and said: "A piece of gloomy wood has six faces, and each of them is only responsible for carving one of the faces. After getting familiar with these tasks, they will soon be able to carve a piece of wood."

"However, this speed should be faster!" Li Yun added: "For example, with a laser engraving machine, the speed can be increased by hundreds or thousands of times."

Sage Fanqing said nothing, but Gu Jing Bubo's heart was full of waves.

The speed increase of thousands of times means that a huge amount of incantation gloomy wood is produced. If the six magic gates spread these gloomy wood to other places, it will surely cause a huge wave.

Li Yun turned his head to look at Director Zhou in the distance: "Why don't our factory buy a laser engraving machine?"

Qingzhu gave him another roll of eyes. What is our factory? It's like the Lord Saint and the Six Demon Sects are in the same situation, huh!

Director Zhou just finished the phone call, and when he heard Li Yun's call, he trot over immediately, with a pleasing smile on his fat face: "My lord, what did you just say?"

Seeing him like this, Li Yun knew that he must have contacted the head.

"I asked, why not buy a laser engraving machine?"

"Engraving machine? No, no, you can only engrave by hand!" Director Zhou looked at Li Yun wonderingly: "My lord, don't you know why? Anyway, the elder told me that you can only engrave by hand, you can't use machines, otherwise. The finished product will be incomplete and the selling price will not be high!"

"The selling price is not high? This thing can still be sold? Is there a buyer?"

"My lord, what you said is that the carved objects are of course for sale! As for the buyer, that's not in my control, and I don't understand this very well, hehe."

Come on, it seems that this guy is also an idiot and doesn't know anything.

Li Yun asked Fan Qingsheng again: "You felt that there was something very evil here before, where is it?"

"Very evil thing!?"

The people around were taken aback. Director Zhou's expression became more and more weird. Despite the proof of the head, he still doubted the origin of this group.

What is evil? Nonsense!

"The whole factory building." Fan Qingsheng looked around and said.

Li Yun's eyelids twitched, and the whole plant revealed an evil aura?

"Is there any formation?"

"No, I didn't see it."

"what!"

Suddenly, there was a cry of exclamation next to him. An engraver accidentally injured his hand. When Li Yun turned his head and looked around, he found that his engraving knife was thrown on the table, and there was a faint light on the sharp blade. Traces of blood.

"What the hell!"

Director Zhou walked over cursingly, frowned and looked at his injury, and said impatiently: "Go and bandage, then come back and continue working!"

Chapter 727: Investigation (below)

Seeing that all the engravers had stopped their movements, Director Zhou was furious again: "What are you watching? Don't want the bonus? Don't work soon!"

A loud shout made everyone work hard again.

Li Yun suddenly felt a little discomfort.

There are peerless beauties who dare not look around, and are not allowed to rest even if they are injured. It is undoubtedly too cruel!

The injured engraver lowered his head and walked to the desk where there were band-aids for bandaging, but halfway through, suddenly his legs became weak and he fell directly on the ground and fell into a big somersault.

"I'm Cao? That's not going to work? It's \*\*\*\*\* useless!"

Director Zhou walked over cursingly, and kicked the person who fell to the ground hard, but the other person didn't move.

"You're paralyzed, won't you die?"

Director Zhou was about to continue kicking, but Li Yun finally couldn't stand it anymore.

"stop!"

Li Yun was so annoyed that he flashed away and kicked him out with one kick, so that he could also enjoy the feeling of dog eating shit.

There was a commotion in the factory building, and everyone looked at the man who fell on the ground, fearing that something would happen to him.

Li Yun ignored the angry Director Zhou, squatted down to touch the hand of the carver, and found that his pulse was extremely weak, and he felt that his energy and spirit had been sucked away!

"Ding, trigger the option event, please choose from the host:

Option 1: Give him a small recovery pill, reward justice value +1000, experience value +100,000, free attribute points +500, extra reward for saving the dead and wounding: medium recovery pill\*1.

Option 2: Ignore, no reward. "

Li Yun didn't hesitate to take out a small recovery pill, pinch open the mouth of the sculptor, threw the pill in, and then closed it to let the pill enter smoothly.

"What did you eat for him?" Qingzhu asked curiously. She could feel that the weak carver was quickly rejuvenating. Although she could not speak, her face was much better.

"A kind of pill."

Li Yun answered her vaguely, stood up and turned his head to face the group of engravers, and said in a deep voice, "Stop all for me. This is the end of the work tonight. Go back and rest. Let's talk about the rest!"

The management of Feihumen is so outrageous, here is simply a sweatshop!

There was a commotion in the crowd, Director Zhou was taken aback, and hurriedly shouted: "No, my lord, you can't stop!"

At this time, after confirming that the carving was all right, Saint Fan Qing walked to the \*\*\*\* gloomy wood and stretched out his slender hand to pick it up.

"Why not?" Li Yun asked calmly.

"It really doesn't work, my lord!"

Director Zhou is anxious: "The task given to me by my superiors is to hand over 1,000 pieces of wood in two days. I have only completed 500 pieces now, which is half the difference. If I don't work overtime to complete it, I will be dead!"

Two days later!

This is the day set by Concubine Wan Qing and He Canghu, what on earth do they want to do in two days?

Li Yun waved his hand, "If I say yes, then it is OK. Not only will I have a rest tonight, you don't have to do it here in the future!"

"what?!"

At this time, not only Director Zhou was anxious, but even the group of engravers were dumbfounded.

"Why are you dismissing suddenly?"

"Didn't we do a good job?"

"The commission is so high that ghosts are not willing to do it!"

"Director Zhou, we listen to you, and continue to work tonight!"

Looking at this group of noisy people, Li Yun is sure that the salary here must be very high, otherwise they would not maintain the management of Director Zhou in this way.

But no matter how high the salary is, this place has to be closed!

Otherwise, Li Yun couldn't believe what the consequences would be if these gloomy spells were continuously produced.

At this time, a loud shout came from outside the door.

"Kill them for me!"

Chapter 728: Fierce demon gate

An old man with a vulture-faced face, with four or five Lianjiazi holding weapons, came in aggressively from outside the door.

The atmosphere in the workshop suddenly dropped to freezing point, and all the engravers hurriedly got up and hid in the corner of the workshop, waiting for the conflict to dissipate.

Soon, the vulture old man walked in front of Li Yun, without saying anything, his right palm hit Li Yun's chest fiercely, with a sharp killing intent in his eyes, and his aura was firmly locked on Li Yun.

"Boy, take your life!"

Li Yun smiled faintly, standing still, and also waved a palm.

boom!

A violent wave of air erupted from the junction of the two palms, and the captain of the guard nearby was shocked to take a step back, and everyone onlookers in the distance had ringing in their ears.

The enclosed factory building expands the sound infinitely, making the roar burst out like a bomb!

After one move, Li Yun didn't move, but the old vulture took a small step backwards.

"innate!!!"

The vulture old man looked at Li Yun stubbornly, shocked in his heart.

He received a call from the security guard and learned that the intruders were only two men and a woman who were in their early years. He thought that they could be captured easily, but he never expected that the kid in front of him was actually born!

And at least in the middle congenital period!

"Ding, trigger the option event, please choose from the host:

Option 1: Defeat and kill the fierce demon gate, reward justice value +2000, experience value +800,000, free attribute points +4000, purple gift bag\*3, and an additional martial arts skill level.

Option 2: Escape, no reward. "

A smile appeared at the corner of Li Yun's mouth, but the system was neat and tidy, and he gave an option directly.

Beat, or kill!

"Eat me too!"

"and many more!"

Li Yun was about to make a move to defeat Yin Zheng from the Lie Demon Gate. Director Zhou quickly stood up with a pleasing smile on his face: "Two, two, if you have something to say, if you have something to say, don't be impulsive, everyone sit down slowly. Talk slowly!"

He doesn't care what the origins of the two groups are, but fighting here will definitely affect the work. When the time comes, he will not be able to complete the task, and it is him who suffers!

Li Yun accepted the move and calmly looked at the old man and asked, "Who are you? What's the matter?"

"Humph!"

Yin Zheng gave Li Yun a fierce look, turned his head and shouted at the captain of the guard: "What do you eat? Outsiders have broken in here, they are still indifferent, all of them are rubbish!"

The captain of the guard is dumbfounded, what's the situation?

"What are you doing in a daze? Get out soon!"

Yin Zheng knew that these people had submachine guns in their hands. As long as they were supported by guns, it would be easy to kill Li Yun.

"Master Yin, Yin." One of the men brought by Yin Zheng looked at Saint Fan Qing with trepidation and whispered.

Yin Zheng pretended not to hear, and shouted again: "These people are not ours, idiots, don't come here soon!"

"This... Master Yin, is there any misunderstanding?" Director Zhou wiped the cold sweat from his forehead, "I have already talked to the head in person on the phone, and he said that the three in front of me can be trusted!"

"Head? Humph!" Yin Zheng said disdainfully: "Your head of Flying Tiger Gate is a fart, here is my final say! You guys, don't hurry up!"

Director Zhou and the captain of the guard were extremely embarrassed. They were all disciples of the Feihumen, but they were said by outsiders that the head was a fart.

"Master Yin!"

The person who called him before whispered again: "That woman...a beautiful woman in a red dress, she..."

"What the \*\*\*\* do you want to say?!"

"She is... Nine Heavens Profound Girl!"

Chapter 729: Nine Heavens Profound Girl

Everyone clearly saw that the sullen expressions solidified in an instant, and the fierce killing intent and cold eyes disappeared, turning into deep consternation.

"Nine Heavens Profound Girl?"

A pair of turbid eyes looked at Sage Fan Qing with amazement.

Li Yun was amused when he saw that his stern expression gradually turned into horror. He took a step back, took a look, took a step back, looked again, and back again until he retreated to the position of his hand, and then stopped tremblingly.

"You, you are the Nine Heavens Profound Girl!?" Yin Zheng asked in a trembling tone.

There was no expression fluctuation on the beautiful face of Saint Fanqing, and of course he did not answer any questions.

"Hehehe, now you know you are afraid?"

Qingzhu's eyebrows curled up with a smile, and his lovely and sweet temperament was undoubtedly evident.

Li Yun was very puzzled: "What Nine Heavens Profound Girl? Your saint also has this nickname?"

"Huh~"

Qingzhu snorted triumphantly, and explained: "Five years ago, my lady and I went out and visited some sects. Because of various coincidences, we had to put some so-called sword gods, real masters, swordsmen and knights together. , All the prostitutes and running dogs were defeated, allowing them to see the gap between the mortal and the saint!

So, those people from the rivers and lakes gave the Saintess a nickname, Jiu~tian~Xuannv, hehe. "

Qingzhu laughed endlessly.

Li Yun couldn't laugh or cry. Your saint is a cultivator. She confronts those innate and even master-level masters, and she is afraid that it will not be the result of a spike!

But to visit?

Li Yun caught another meaning in the words of the little maid.

In other words, not all sects of the arena are ignorant of practitioners, perhaps the heads and elders still know some inside information.

"Nine Heavens Profound Girl, is it really you?"

It was confirmed that the girl in a light red dress was the Queen of the Nine Heavens from five years ago, and her sullen expression was wonderful.

He was fortunate enough to have seen the moves of the Nine Heavens Profound Girl, that kind of horrible picture of a sword coming out and the world eclipsed, and it is still deeply imprinted in his mind!

"It turns out that you are a legendary practitioner!"

Yin Zheng let out a sigh of relief, took out a piece of rune paper from his pocket, forcibly mustered the will to fight, and said coldly to her: "Huh, it seems that you are so powerful, but it is only thanks to the methods of the fairy family. !

It just so happens that today is no better than in the past, and I have also obtained powerful spells from the six magic gates. Now I will come to see how powerful the Nine Heavens Profound Girl is!"

"Hee hee hee~" Qing Zhu chuckled sweetly, his face suddenly darkened: "Little girl, what are you laughing at?!"

"Laughing at you too ignorant."

Li Yun took a step forward, hooked his finger at him, and smiled faintly: "I don't need Master Saint to take action. Let me see how powerful your so-called powerful spells are!"

Yin Zheng frowned. He knew the Hidden Sacred Valley, but he didn't know how powerful the other party was, and he didn't know anything about the saint.

"Hey, are you okay?" Qingzhu squinted at Li Yun: "If it doesn't work, don't behave, don't be ashamed in front of Lord Saint!"

Hearing the words of the little maid, Yin Zheng felt confident in his heart and sneered: "It seems that you are not born, but you used a charm, huh, pretend to be in front of my Yin and look for death!"

After that, Yin Zheng slapped the charm on his body, and suddenly, a black air wave burst out.

"Woohoo!"

A stern whine sounded through the entire factory building, like a winter night's cold wind passing through the hall, the temperature dropped suddenly, and the engravers hiding in the distance started to tremble with their arms!

Chapter 730: King Kong Bondage Ghost Talisman

Everyone saw a huge black skull hovering on Yin Zheng's head, and his head raised up with a stern goblin roar, which shook the factory building. Then, the black skull rushed directly into Yin Zheng's body and turned into a wave. Strong energy.

"Roar!"

With black air lingering all over, feeling the powerful force surging in his body, Yin Zheng couldn't help but roared to vent his inner excitement.

It has been a while since he obtained this King Kong Fighting Ghost Talisman, but because it was too precious, he finally had the opportunity to use it until today!

If he knew that this talisman was so powerful, why should he be afraid of this kid in front of him?

"Oh? It's pretty awesome."

Li Yun's expression was indifferent, and the god-level Nine Suns' Book of Heaven circulated quickly, fully mobilizing the true energy in his body.

Although the Nine Suns Heavenly Scriptures are not enough for his current innate level cultivation, it is still a very powerful technique, plus it has a damage bonus to Yin and evil, just to restrain Yin Zheng's strengthening with skulls and crossbones. Your own moves!

"what?"

Qing Zhu looked at Yin Zheng in surprise, what kind of spell is this? Not only are there ghosts with evil spirits, but you can also vaguely feel a breath of Buddhism, a kind of upright and bright, and the boundless stalwart power of Buddhism!

Strange, who can combine these two diametrically opposed mana? It's incredible!

Yin Zheng didn't want so much. He only felt that he was invincible in the world. He could split the earth with one punch. His soaring strength made him extremely arrogant. He laughed and said, "Boy, and you \*\*\*\*\* Nine Heavens Profound Girl, Let you see the methods of my magic door!"

After speaking, he strode forward and walked towards Li Yun with a grinning grin.

With each step, the black energy on Yinzheng's body becomes stronger, and the black energy visible to the naked eye rises into the sky, reaching the top of the six-meter-high factory building, like a monster with teeth and claws possessing him!

"die!"

Yin Zheng didn't use any moves, just a simple punch, but even so, in the black breath, when this punch was punched, an instant wailing of grievances sounded, and the black lingering on the fist, the violent Yin evil momentum was enough to make any The innate masters are terrified!

The captain of the guard next to him was frightened and sat on the ground. The submachine gun in his hand fell to the ground. The whole person was dumbfounded, looking at his stern fist like a second fool.

What is shocking is that Li Yun faced this infinitely powerful and sinister punch, and he only stretched out an index finger and pressed it indifferently.

"It's dead for him!"

In an instant, everyone thought of this, and they used their fingers to resist their fists, and there was no added strength, it was almost death!

Qingzhu's breathing suddenly rose, and her heart couldn't help but complain about Li Yun. If this \*\*\*\*\* can't stop her, don't be aggressive. Wouldn't it be okay to let her come?

I'm all right now. I was beaten by this punch, I'm afraid that it's not the wrist that will be interrupted...

"laugh!"

The abnormal sound stunned everyone present.

They saw Li Yun's index finger collided with the black fist, but the black gas seemed to have encountered a natural enemy, and quickly melted away, like a hot red iron rod thrown into the water basin. In the middle, the black gas melted instantly!

A finger blocked the powerful punch.

The black aura rising from Yin Zheng's body was actually broken by Li Yun with one move. Not to mention everyone was dumbfounded, even Yin Zheng was forced to stay where he was. After being kicked by Li Yun, he still didn't return. God comes.

"Why? Why can't the magic gate's charms stop his vajra finger!! No, it's impossible!"
