Chapter 841: Thunder three knives

In order to survive, the Taoist puppet said anything, but Sage Fan Qing ignored it and stood calmly in place, showing no sign of his begging for mercy.

Tang Anxi glanced at her in awe. The woman who was turned into a saint by Li Yun and the puppet Taoist gave her a deep oppression, as if facing a fairy living in the sky, she did not dare to have the slightest offense to the other side.

"Puppet Taoist, I'll give you another chance."

Li Yun coldly took out the Nine Heavens Thunder Talisman, and injected his own pure innate true energy into it. With the sizzling sound, lightning bolts began to fill the spell. Tang An Xiguang felt his whole body numb when he saw it, as if Stimulated by lightning.

"This.....!"

Tang Anxi was stunned again, did Li Yun actually possess such a powerful force?

Thinking of what happened a few hours ago, Tang Anxi suddenly felt funny again. At that time, Wang Hao's classmates dared to provoke Li Yun, Zhao Sange, Liu Ye and others. If they saw Li Yun holding Thunder at this moment, it would be like Will he be frightened by his majesty appearance like a god?

"Li Yun...so handsome!"

Tang Anxi looked at him obsessively. The man she likes is not only gentle and handsome, but also has such a powerful power that she deeply admires him!

"State your purpose, life. Otherwise, die!"

The thunder became stronger and stronger, and the spell in Li Yun's hand shone white like a thunderball, illuminating the surrounding gardens in the community.

Sage Fanqing had already looked at the thunder talisman in his hand and was very surprised. This was the first time she had seen such a magical talisman!

"Me, me, me!"

The Taoist puppet showed horrified eyes, almost crying: "I really don't know, I just follow the instructions of the three elders to perform the task in exchange for some pills and things for cultivation, but I don't know the others!"

"Three Elders?"

"The three elders of Animal Dao, his name is Shi Zhen, and it is said that there is another venerable who came to Zhonghai City to make arrangements!"

"What about the rest?"

"No, really no... No, don't kill me, I... uh!"

boom--!

The thunder fell and smashed the three elders into fly ash. The huge thunder made the community suddenly commotion. Everyone looked out to see what was going on. The old security guard at the security booth jumped inexplicably, almost immediately thinking of tonight. The three uninvited guests.

It is a pity that the community is not very high-end, and he did not ask the three to register their names. Only places near the corridor are monitored in the community, and the old security guard is destined to be unable to know the inside story.

"Ding, the host makes a choice, rewards justice value + 15,000, experience value + 1 million, all attributes + 2,000, golden gift bag*1, and bonus martial arts skills: Thunder Three Swords (Elementary)."

As the puppet Taoist died, the system prompt sounded quickly, and Li Yun breathed a sigh of relief.

One of the reasons why he killed the puppet Taoist decisively was to reward the system. The result was not bad. A golden gift bag also rewarded an extra sword technique.

Although it will not be used for the time being, Yiduo will not press down, and it will be used at any time in the future.

Without comforting the somewhat frightened Tang Anxi, Li Yun took out his mobile phone and contacted Liao Hua: "Brother Liao? Well, I'm going to trouble you again. This time he is a person from the Six Demon Sects. He is in the **** community. You send someone. Come here... well, just collect the corpse, the Taoist puppet was struck to death by a lightning bolt of mine."

Chapter 842: Dongtianfudi?

After contacting Liao Hua, Li Yun turned his head and smiled at Tang Anxi, and said, "An Xi, do you feel a little scared?"

Unexpectedly, Tang Anxi shook her head. She glanced at Li Yun. She wanted to go forward and hold his hand, but in front of this fairy-like woman, Tang Anxi was a little bit afraid to make a mistake.

"It's okay, you're here after all." Her face flushed again.

"Um."

Li Yun nodded, and said without gain: "In fact, it's nothing, we...no, it should be said that we have only mastered some magical spells, and are still human in nature, right, Qingsheng?"

Sage Fan Qing did not answer such silly questions, her eyes were still on the Nine Heavens Thunder Talisman in Li Yun's hand, as if she was thinking about something.

"Oh, I forgot to introduce to you, An Xi, her name is Sanskrit Sanskrit, Sanskrit is Sanskrit." Li Yun said jokingly: "You can also call her Lord Saint, like us! Hahaha!"

"Master Saint?"

Tang Anxi repeated it once, and the look in the eyes of the Sage Fan Qing revealed a kind of awe. She very respectfully yelled softly, "Holy lady, hello, my name is Tang Anxi."

"Um."

Fan Qingsheng's response was only to nod, and Li Yun smiled and said, "Don't mind Anxi, the saint is so cold, right." Li Yun handed the Nine Heavens Thunder Talisman to her, "You want Have a look?"

"think."

Sage Fan Qing did not refuse, and reached out to take the thunder talisman in Li Yun's hand, carefully observing the spell on it, for the first time a slightly surprised look appeared on the cold face.

At least it was the first time Li Yun saw her with other expressions.

"This is...?" Fan Qingsheng raised his head and looked at him.

"It's me from overseas..."

Li Yun subconsciously wanted to confuse the past, but suddenly realized that Sage Fanqing hates other people who lie, and can tell what is a lie and what is the truth.

"It's the magic weapon I got from a mysterious place!" Li Yun changed his mouth in time. He seemed to see a smile in the clear eyes of Sage Fan Qing, not knowing if it was an illusion.

"Mysterious place? Does it mean the same place where you got the pill that you gave me?"

"Correct!"

"I understand."

Sage Fanqing nodded slightly. She heard that there are some caves and blessed lands handed down from ancient times, which are the cave houses of immortals in the legend, but those caves and blessed lands are mostly decayed. Even if someone accidentally enters, the things obtained from them are antiques without the slightest aura.

But there are also a lot of good things, this can't be said.

"Your thunder talisman." Sage Fan Qing handed it back to Li Yun and explained: "The spell on it is something I have never seen before. The pattern of the spell is very magical, and it can be activated without mana. Thunder, if it can be researched out, it may bring great changes to the martial arts of the rivers and lakes!"

Li Yun agreed with her. The Nine Heavens Thunder Talisman can use true energy to inspire a powerful Thunder. If a martial artist also has such a magic weapon in his hands, then the battle will become more diverse.

It's a pity that Nine Heavens Thunder Talisman is a colorful grade equipment, how can it be imitated so easily?

The two chatted for a while, but Tang Anxi couldn't interrupt her mouth, but she remembered the conversation between the two of them word for word, these were things she had never touched before.

"Is it the police you called?"

Not long after, four or five police officers in plain clothes arrived. They were all startled when they saw the scorched things on the ground.

Chapter 843: surprise

Based on their rich case handling experience, a human-shaped pothole appeared in front of them, and the charred object inside was obviously a person.

In an instant, these criminal policemen all became nervous. If the director told them on the phone to keep them calm and not impulsively arrest people, they would have detained the three of Li Yun long ago.

Although it was in the middle of the night, it was strange that a man took two beautiful women and burned their bodies in the community.

"Yes, this is the corpse of a puppet Taoist."

Li Yun pointed to the pit, thought about it, and then took out the thunder symbol, urging his true energy and letting thunder show again.

"This....."

Several people were stunned, looking at the lightning in Li Yun's hand in shock. Is this the Flash or Thor?

All of a sudden, several people forgot what their purpose was here.

"Okay, I'll go first." Li Yun smiled, "What is the specific situation, you can ask Director Yuan, you have worked hard tonight!"

After speaking, he left with the two women.

It is very comfortable to hack the puppet Taoist directly to death, but there are also a lot of troubles afterwards. Li Yun still cannot leave directly. Otherwise, if the old security guard or other people who hear thunder come down to see the charred corpse, he points to There may be some trouble.

Therefore, if you kill people in the city, you have to arrange the follow-up chores.

"Just now those three people were...spells? Immortals who practiced spells?"

After Li Yun left, a forensic doctor asked in shock. The corpse in front of him did not surprise him, but the thunder and lightning in Li Yun's hands were clearly seen, which almost shattered his three views.

"It seems to be." Another person said thoughtfully: "I heard that in other places in Zhonghai City, there was a person standing upside down to urinate and urinate. I watched the video, and I was thinking about what happened at the time. There is no single aircraft. Can this be done? It turns out that there are really immortals!"

Several people looked at each other, then shook their heads.

These things weren't touched by these little people. The director may know some inside information, but the director will definitely not reveal it.

"Tonight's matter is estimated to be strictly confidential. Let's examine the corpse first... This person looks like he was struck to death by lightning?"

"That must be, didn't the man just now have thunder and lightning ability?"

"Ability? Oh yes, maybe it's not a cultivator, but an ability, hahaha!"

"Uh...it's not right. Why does this old man's bone age seem to be over a hundred years old, my God, can he fight after he lives a hundred years old?"

"hiss!"

A few people gasped, and what they saw and heard tonight completely shattered their three views!

Walking out of the garden in the community, Li Yun vaguely heard their comments, shook his head with a wry smile, and said to Tang Anxi: "Anxi, it should be fine, but just in case, you should move home recently. You should Didn't buy a house?"

"Um."

"Forget it, I'll give you money, and you can buy a house."

Li Yun didn't think much, he just transferred three million to her, and it was enough to buy a cheaper bachelor apartment nearby.

It is only enough to buy a single apartment. After all, the price of Zhonghai City's housing prices is enough to describe it as being against the sky.

Li Yun also heard a joke before, saying that someone won 5 million in the lottery. The reporter asked him how to spend the money. He said to buy a house, and the reporter asked, what's the rest?

As a result, the other party replied: Pay the rest slowly.

It can be seen that the housing prices in Zhonghai City generally exceed 5 million yuan, which is extremely expensive.

Chapter 844: Tang Anxi's plan

"Uh, I..."

Tang Anxi's face blushed.

Why did Li Yun give her money as if she had become a Xiaomi packaged by Li Yun?

Although, Xiao Mi is also willing, as long as the other party is Li Yun.

"Take it." Seeing that Tang Anxi was a little embarrassed, Li Yun smiled: "Tonight I scared you, this little money is considered a shock fee, okay, it's not early, you go back to sleep, we Going back too."

".....it is good."

Tang Anxi pursed her lips and agreed, but she refused to leave after a long time. After a long time, she blushed and asked in a low voice, "Li Yun, can I ask for your phone and Weixin?"

"Row!"

Li Yun happily agreed this time. Although the people of the Six Demon Sects would not come to Tang Anxi for trouble, but just in case, Li Yun gave her a mobile phone number.

"Thank you, thank you, Li Yun!"

After saving Li Yun's number, Tang Anxi held the phone tightly and bowed deeply to Li Yun, then said something to see next time, and jogged upstairs.

She knew that she would definitely see Li Yun next time, but if she wanted to stand beside him, Tang Anxi needed to do more.

At least, she has to be better than before, not to mention that she is better than Fanqing Sheng, but at least she has to become a student of a prestigious university, or make her debut, and become a first-line star...

A plan slowly took shape in Tang Anxi's heart. With the three million that Li Yun gave her, plus the 200,000 earned from part-time work before, she was 80% sure to realize her plan!

"Let's go too."

Watching Tang Anxi's petite figure disappear at the entrance of the corridor, Li Yun turned his head and said to Fan Qingsheng that the latter did not speak and followed him away.

"She likes you very much."

After walking away for a certain distance, Sage Fan Qing suddenly spoke, shocking Li Yun, a little surprised why she was interested in this topic.

"probably is."

Li Yun hesitated and said, "An Xi has a bad background. I just showed up at the right time and helped her again, which caused her to have a good impression of me, but in fact, she didn't know much about me. I don't know her well. So this matter can only be discussed later."

Fan Qingsheng followed him out of the complex, standing in front of the jeep, and after opening the door of the back seat, she glanced at Li Yun and said, "I thought you were seeing someone who loves someone."

After speaking, she got into the car, leaving Li Yun with a dazed expression.

"What does Qingsheng mean?"

"Wait, she is sitting in the back? Could it be that..."

No words all the way, Li Yun carried Van Qingsheng back to Mansion No. 3. It was already 11:30 in the evening, and the light was still on in the living room on the first floor of the bungalow. As soon as Li Yun and Fan Qingsheng got off the car, they heard a cheer of surprise. .

"Ah, Lord Saint, you are finally back!"

The little maid wearing a plush pajamas ran out of the living room, ran to Fan Qingsheng's side, grabbed her little hand and kept acting cute and coquettish.

She grew up, and she hasn't been away from Master Saint for so long. Just three hours, it made her feel like living in the same year.

"Li Yun, you are back."

It was Gong Lianyi who was talking. She stood in front of the door, showing a gentle smile at Li Yun, as if she thought that the little wife had finally seen the husband who had returned home.

Li Yun was moved in his heart, walked over and quietly shook her little hand, and asked, "Where is Qingyu? I said don't wait for me."

Gong Lianyi's face was flushed, and she whispered: "Anyway, I can't sleep, so I might as well wait in the living room. Qingyu is asleep. I let her sleep."

"Well, Qingyu is more obedient."

"Huh... By the way, should I take a shower first? Or have a supper? Or say, eat first... me."

Chapter 845: Planning and discussion

The last sentence full of ambiguity and charm, eat me first. Of course Gong Lianyi didn't say it. It was pure Li Yun's fantasy, cough!

One night passed, nothing happened, Li Yun did not grow up, and kept the boy's merits unbreakable.

Lives with four beauties, and they are all first-class beauties. Two of them have a deep affection for him, but Li Yun insists on holding back. He feels that he is no longer named Li. Last name Liu, Liu Xiahui.

"Sage Qing, Lian Yi Qingyu, and little maid, what do you think of the current situation?"

When eating breakfast with the girls, Li Yun asked them while eating a bowl of millet porridge.

This millet porridge seems very light, but it tastes very fragrant. It seems to be cooked with expensive rice such as rouge rice.

"Huh~"

Being called a little maid by Li Yun, Qingzhu was of course not happy. She was the first to say, "I don't have any opinion. Go directly to Heifeng Mountain and see what the magic door is doing! Also, Gu Li also I sent someone and waited outside the door. As long as the lady of the sage goes out, she will definitely be able to defeat the demon! The elders of the magic gate are not the opponent of the lady!"

Li Yun knew that she didn't speak big words.

Compared with Venerable Black Eyebrow, the strength of the Sage Fanqing is not bad at all. As long as the opponent does not send out too strong enemies, the Sage Fanqing and the people of the Hidden Sacred Valley are enough to face them head-on!

But the crux of the question is, "Will the Six Demon Sects really set the decisive battle location at Heifeng Mountain?" Gong Qingyu put forward his own views.

No one could answer except for the concubine Qing consort of the six magic gates.

Li Yun analyzed and said: "It is not only the location, but also the time. We have not been able to determine whether they will carry out certain actions today.

We only know this from He Canghu, the head of Feihumen, and the probability of credibility is less than 30%."

Feihumen is too conspicuous. With Li Yun's understanding of Concubine Wan Qing, if it were her layout, one would definitely guess that Feihumen was seen through.

But how would Concubine Wan Qing choose?

Whether Feihumen is a bait or black under the light, betting that Li Yun's side would not believe He Canghu's words, and doing the opposite, set up an action location in Heifeng Mountain.

"Qingsheng, what do you think?"

Li Yun looked at Fan Qing Sheng who calmly drank porridge.

"..."

For a while, Sage Fanqing continued to drink porridge calmly, and said in her beautiful voice: "I can't guess it, nor can it be broken. Dharma Eye is not a divination, you can't figure it out. You decide."

Li Yun held his forehead, "Okay."

The Lord Saint would occasionally say some jokes.

The little maid was a little angry again, the Lord Saint actually gave the decision to this bad guy!

"Then what shall we do now?" Gong Lianyi looked at him with deep trust in her eyes, and she did what Li Yun wanted her to do.

Li Yun thought about it, "Although the time is uncertain, we have nothing to do today, so we still have to go out and take a look!"

"As for the location, it is worth studying."

Li Yun learned from Liao Hua that Heifeng Mountain had been surveyed by him, and there was nothing there, it was purely barren mountains.

However, after the analysis of the Sage Fanqing, Heifeng Mountain is very much in line with the position of the battle eye in the law of formation.

It is located in the entire Zhonghai city center, close to the city, and also radiates several surrounding counties. If there is a wide array of coverage, Heifengshan is a good choice.

In addition, there are several counties under the jurisdiction of Zhonghai City.

Chapter 846: Invitation

For example, in Longyang County, there are still some remnants of gloomy wood. It's hard to say whether the Six Demon Gates will leave any organs in it.

But Li Yun is still considering one thing.

Song Yuan.

Yesterday, the system suddenly prompted to find out about Song Yuan, and it also generously rewarded a piece of golden equipment for the first time. In addition, Song Yuan was sheltered by a puppet Taoist, or six demon gates, which was also a big doubt.

Thinking of this, Li Yun looked at the four beauties and asked, "What do you think of Song Yuan?"

Sage Fanqing was silent. She seemed to be uninterested in this. The little maid said first: "He? What's so good about him. Most of the people in the Demon Sect come from the martial arts of Jianghu. After all, people who have practiced martial arts are also practicing martial arts. Come on, I guess Song Yuan was tempted to join by the magic door because of his good practice aptitude."

Hearing that people who practice martial arts will practice faster, Gong Lianyi and Gong Qingyu looked at each other, their eyes full of surprises.

"uncertain."

Li Yun said: "From a month ago, Song Yuan tried to prescribe the medicine to the fairy doctor, to the day before yesterday, he had successfully cultivated and escaped. It only took a short month to cultivate successfully. Didn't you say that this is very fast, Qingsheng?"

Sage Fanqing nodded slightly, "If there is no external force, this person's talents are rare."

She only said a word, and she refused to say more, and continued to calmly drink porridge and eat snacks, as if this matter had nothing to do with her.

Li Yun said in the interface: "Even if Song Yuan's aptitude is amazing, but he mentioned that he will go to Zhangjiacun today to avenge his hatred, the timing is worthy of attention!"

Song Yuan's revenge also happened to be today, is it a coincidence?

"Because Zhangjiacun hosted the ancestor worship ceremony today, many people were invited to go there. Zhonghai City Palace also received an invitation letter, but I haven't responded yet."

Gong Lianyi ordered the servant to bring the invitation letter, and Li Yun took it and saw that it was today.

Zhangjiacun was the place where Zhang Xing was born, and Zhang Xing was Song Yuan's senior, and he was also the person who participated in the slander or verbal attack on Song Yuan at the Tiandanmen celebration.

Because of the suicide of his parents, Song Yuan felt wronged and wronged. He felt resentment in his heart. He vowed to take revenge and threatened to kill the people who slandered him at that time.

Zhang Xing, born in Zhangjiacun, is one of them!

With so many confusing clues, Li Yun couldn't help but feel a headache as to how to investigate.

"Why doesn't the cheating system prompt yet?"

Li Yun was puzzled.

"Show me the invitation!"

The little maid snatched the exquisite big red invitation card in Li Yun's hand, opened it and looked at it curiously: "Weird, can a small village celebration also invite you sister Qingyu? Isn't your palace very good?"

"It's more powerful." Gong Qingyu smiled and said: "The Gong family is one of the four first-class families in the rivers and lakes, and it is not worse than the Tiandanmen. Of course Zhangjiacun wants to curry favor with my family~, it's just that. I ignored the invitations and I didn't bother to go."

"Huh~, my hidden sacred valley is even more powerful!"

"...Okay, okay, the palace family can't compare to the Hidden Sacred Valley."

Gong Qingyu's beautiful face showed a dumbfounding expression. Is Sister Qingzhu playing as a child?

"I would go occasionally." Gong Lianyi explained: "Although Zhangjia Village is called a village, it is actually a small school. A hundred years ago, a **** broke up and the doormen took root and established Zhangjia Village.

Up to now, Zhangjiacun still has a few warriors of the Houtian realm. It is said that Zhang Xing of this generation has good aptitude, so he was able to worship Tiandanmen. "

Chapter 847: Split the **** in two ways

Simply put, Zhangjiacun is a village where everyone practices martial arts.

Li Yun nodded secretly. After entering modern society, the ways of survival of various schools in the arena have become diverse. Among them, the people come from all over the world, and all kinds of interest disputes and transactions are simply unclear!

He estimated that Zhang Xing would be able to visit Tiandan Gate, he should have stuffed a lot of money.

"Lianyi, did you notify Zhangjiacun?" Li Yun asked Gong Lianyi when he looked at Gong Lianyi.

"Yes, but they said that if Song Yuan is allowed to go, they promise to let him go."

Things in the arena are generally not reported to the police. Besides, everyone in Zhangjia Village is practicing martial arts, and there is no need to be afraid of Song Yuan who is only in the acquired realm.

"I'm afraid they will suffer a big loss this time."

Li Yun is not alarmist, the strength of the practitioner is not something that ordinary warriors can resist.

Among other things, a few days ago at Lidakang's factory, Li Yun played against the fierce demons. He was only innate in initial strength, but after using the spell, his strength soared to at least the state of innate perfection, which was extremely amazing.

"Then we..." Gong Lianyi hesitated, not knowing whether to agree to the invitation.

She doesn't care about Zhangjiacun. If it weren't for Song Yuan mentioned by Li Yun, she would only send someone a small gift, and she would definitely not come out in person.

"The soldiers are divided into two ways."

Sage Fan Qing put down his chopsticks and wiped his lips with a white handkerchief. His movements were elegant and noble, his vermilion lips were lightly opened, and his tongue stretched out slightly, revealing a unique charm.

"You mean to go to both places?" Looking at her bright cherry mouth, Li Yun felt something strange in her heart, and she was moved by her beauty.

"Yeah." Fan Qingsheng glanced at him and said: "I'm going to Heifeng Mountain, you go to Zhangjiacun, if you encounter an enemy, don't fight, wait for me to come."

The underlying meaning is that you can't beat the elders of the six magic gates.

"Ding, trigger the option event, please choose from the host:

Option 1: Act with the Sage Fanqing, reward experience value +100,000, free attribute points +1000, purple gift bag*1, Sage Fanqing +1.

Option 2: Go to Black Wind Mountain alone, reward experience value +1 million, all attributes +1000, golden gift bag*1, and extra reward two random martial arts skills to upgrade by one level.

Option 3: Go to Zhangjiacun for a banquet, reward experience value +500,000, all attributes +500, purple gift bag*1, additional bonus random martial arts skills upgrade to one level. "

The prompt of the system is finally here!

Li Yun stretched his brows, analyzing the meaning of the three options in his mind.

There is no doubt that the rewards for acting together with the Sage Fanqing are the least. After all, with this powerful saint, Li Yun is a soy sauce player, and it is normal for the rewards to be small.

And the second option is to go to the meeting alone... I'm Cao!

Why does a solo meeting at Heifeng Mountain resemble an old storytelling?

Li Yun complained about the system in his heart, but he also understood the meaning of the two options. Going to Heifengshan means more dangerous, but going to Zhangjiacun also means that something will happen. It may be the six magic doors, or it may be. It's Song Yuan!

"Okay! Just do what you said!"

Li Yun nodded and agreed. He stretched out his hand and took out four medium-sized recovery pills and detoxification pills from the space ring, and handed them to her with a slight concern in his eyes. The venerables and elders of the gate are not vegetarians, you take this medicine, and you still have the detoxification pill and recovery pill, but the effect is not so good."

Chapter 848: Ding, psychic jade pendant

"Um."

Fan Qingsheng was not polite, and directly accepted the pill that Li Yun gave her, without gratitude or rejection, as if it were a matter of course.

Li Yun gives it, she wants it, it's that simple.

Seeing this scene, the little maid on the side kept staring at Li Yun, her big cute eyes full of anger, her silver teeth clenching tightly, and she looked forward to biting him.

"Ahem, since we have finished breakfast, let's take a break and set off!"

Li Yun quickly turned the subject, lest he would be bitten by the little maid who was arrogant and protector.

"Ding, the host makes a choice, rewards experience value +500,000, all attributes +500, purple gift bag*1, extra reward: Qianjun leg technique is promoted to intermediate level."

The reward came when he made a decision unexpectedly. Li Yun looked at his current attributes and decided to strengthen another wave before the battle.

"System, open 20 white gift bags!"

Back to the living room with the girls, Li Yun sat on the sofa to rest, while silently opening the bag in his heart.

A lot of time has passed since the last time I opened the bag. In the middle, I got a reward of 30 white bags. Now there are close to 50 bags. Should I get something good?

"Ding, the host gets white grade items from the white gift bag: women's various colored swimsuits *17."

Me Cao?

Li Yun was dumbfounded. He actually rewarded 14 swimsuits at one time. This Nima's is too... what the hell!

Wait, 17 pieces?

Fang Xue, Li Feng, Xia Feiyao, Concubine Wan Qing, Gong Qingyu, Gong Lianyi, Concubine Wan Qing, Princess Yongning, Princess Anxi, Little Pepper, etc.

There are only 13 in total, is there anything else?

Li Yun glanced around in the inventory, and she saw three small styles, similar to the swimsuits worn by junior high school students. These should belong to Hu Xiaomeng, Caiwei and Caixia.

"Is the cheating system reminding me not to forget Xiaomeng Fox?"

Li Yun couldn't laugh or cry. On the other hand, Hu Xiaomeng said that he would return to Longyang County a long time ago, but he has not been seen until now, and he is still studying in the field.

"Ding, the host gets a mobile phone holder."

"Ding, curtain*1."

"Ding, cooling oil*1."

"Ding, a box of diapers."

"..."

There are a lot of messy things, if it weren't for the unlimited inventory, Li Yun's space ring would have been long gone.

"I'm going, the 20 white gift bags are nothing!" Li Yun was depressed, gritted his teeth, and simply opened the rest!

"Ding, the host gets a pack of instant noodles, a small portable gas tank*1, and five boxes of delicious biscuits..."

Nearly thirty gift bags are still a pile of rubbish, and Li Yun is dumbfounded. This is no luck. Going to buy lottery tickets will definitely win.

"Lottery?"

With a move in Li Yun's heart, he immediately said silently: "The system, opened all my two golden gift bags!"

Whether you can win the jackpot or not depends on now!

"Ding, the host opens the golden gift bag and gets a golden grade reward: psychic jade pendant!"

Sure enough, I won the lottery!

Li Yun was overjoyed, and looking at the prompt, this jade pendant is still a kind of amulet-like equipment, just for Gong Lianyi to defend himself!

At this moment, the golden lottery machine turned into the second golden gift bag slowly stopped and pointed to a lotus flower bud-shaped artifact. In an instant, a colorful light in front of Li Yun's eyes lit up.

"Wh, what? Colorful level?"

Suddenly, Li Yun's heart was pounding, so excited that he was not unnecessarily excited, holding his breath, waiting for the system's prompt.

Chapter 849: Ding, colorful treasure

"Ding, congratulations to the host for opening the colorful level equipment in the golden gift bag: a lotus fairy mansion!"

"My Cao!?"

Since Li Yun got the system, there have been few times when he was so gaffe. Even if he said foul language, he only talked about it in his heart, never shouted out directly.

But now, after seeing that he was driving to a fairy mansion, Li Yun stood up directly, and a foul language burst into his mouth, making the four women look at him in surprise.

"Li Yun, what's the matter?"

"Bad guy, why are you so surprised? Scared to death!"

"Um?"

"Li Yun, did something happen?"

The four women asked one after another, and even the Sage Fan Qing looked over with concern, showing that Li Yun's position in her mind.

"Ahem, no, nothing, just suddenly got a good thing, so surprised!"

The four people present are trustworthy, but Li Yun still did not directly show the fairy mansion, because this thing is really amazing.

"Lotus Palace

Special effect: There is a lotus pond inside.

Explanation: In ancient times, when the gods retired, the descendants felt sentimental. They imitated the place of practice of Avalokitesvara Bodhisattva and built a blessed land similar to the purple bamboo forest in the South China Sea to commemorate the image of Avalokitesvara Bodhisattva who saved the suffering and the compassion.

Number of times to enter this fairy mansion: 5/5 (recovery times every three days, and up to five people can enter each time

Don't look at the property panel, but in fact, the functions of Xianfu are so many that Li Yun can't fully grasp this thing for a while.

The most important point is that Xianfu can pretend to be alive, and it is full of spiritual energy, and the speed of cultivation is greatly increased!

Although Xianfu has limited conditions for opening, similar to the Silver pistol, it takes time to recover the number of entries, but it is already a very powerful ability!

Imagine if Li Yun is being pursued by an enemy, and suddenly, he enters the fairy mansion, the enemy can only leave with a dazed expression, and can't find it.

Of course, this ability is not invincible.

After entering the cave, the main body of the Lotus Immortal Palace is still outside, if it is found by the enemy...

"You are always inexplicable, it's weird!"

The little maid gave Li Yun a lovely roll of eyes, turned her head to continue watching TV.

Li Yun smiled, took out the golden-grade equipment psychic jade pendant, and gave it to Gong Lianyi. The little maid was a little envious, but she didn't say anything.

Li Yun couldn't help it. Next time I would drive a talisman and give it to her and Qing Sheng.

"Psychic jade pendant: golden.

Special effect: It makes people have the intuition that is almost divine, and can directly see the source of danger that ordinary people can't see.

Description: Wearing this jade pendant can summon a powerful spirit body to resist damage and attack the enemy in times of crisis. The spirit body can be summoned once every ten days. "

This jade pendant can't be completely said to be a bodyguard, it can also attack the enemy, and it can be regarded as a defensive counterattack magic weapon. It only takes ten days to summon a spiritual body, which is a relatively large limit.

But if there is no limit, this jade pendant is colorful equipment. Don't be too greedy. Li Yun has already driven too many good things today.

"Sixty thousand attribute points, god-level ethereal footwork, godly thoughts, human emperor's heart sutra, god-level nine-sun heavenly scripture, advanced dragon-ming sword art, colorful pistols equipped with Shirvin, lotus fairy house, and soul-raising ring... .."

Looking at her attributes, Li Yun was satisfied. The female ghost Nie Xiaoqian in the soul-raising ring hadn't appeared for a long time, but with the Lotus Immortal Palace, Li Yun had a bold idea about her subsequent arrangements, but for now Let it go, wait until later.

"Let's go, we will be divided into two groups. We will go to the six magic gates for a while to see what tricks they are playing!"

Li Yun stood up vigorously and couldn't help thinking in his heart, Concubine Wan Qing, let's see who of us can have the last laugh!

Chapter 850: Hackers are so easy to use

Inside a shabby, urban village rental house worth 60 yuan a day.

"Master Saint, Saint Fan Qing and Li Yun are leaving!"

Wu Nengyu raised his head from the laptop, and said flatly to Concubine Wan Qing who was sitting on the balcony chair basking in the sun.

He also stayed with Concubine Wan Qing in a five-star hotel a few days ago, spending more than 10,000 yuan a day in a luxurious house, but after staying for two nights, he changed to a roadside hotel, and then stayed for two more nights. Came here again.

Looking at the rudimentary furniture all around, with traces of more than ten years of history, Wu Nengyu wanted to cry.

He had never lived in such a rough and dirty place before!

But the Lord Saint actually lived in peace of mind, and basked in the morning sun leisurely.

"Um."

The saint of the Six Demon Sects, the concubine Wan Qing with a coquettish appearance and a perfect body, is lazily sitting on a chair with her smooth cheeks, her eyes narrowed slightly, watching the morning sun, warm and brilliant.

When she heard Wu Nengyu's words, she just snorted in a lazy tone.

"Continue to report it out!"

The maid Xiaoqing who was standing beside Concubine Wan Qing scolded him.

"Yes, yes, Miss Xiaoqing!"

Facing the twin maidservants Xiaoqing Xiaolan of Concubine Wan Qing, even though they looked less than twenty, Wu Nengyu didn't dare to offend them, and told the situation wisely.

"Bitch Fan Qingsheng, she and..."

"Shut up."

"what?"

When Concubine Wan Qing suddenly stopped, Wu Nengyu didn't react for a while, but Xiao Lan had already figured out what the young lady meant.

Snapped!

Xiao Lan slapped out a slap, and Wu Nengyu immediately had a slap print on his face. He was even more confused. Why did Xiao Lan hit him? ?

"Did you call the bitch? You mean slave!"

Xiao Lan scolded, seeing Wu Nengyu's face with anger, Xiao Lan slapped his other face again, and cursed: "You still have a face? If the lady rescued you, you would have been by the government. Got locked in a cell.

snort! I still don't understand my situation. I'm telling you that in your next life you can only be a slave at the feet of the lady. You can do whatever the lady tells you to do. You dare to show your face and see if I don't break your mouth! "

Wu Nengyu's face was blue and purple, not because Xiaolan beat him, but the humiliation made him unbearable!

"My sister is right." Xiaoqing also said, "For a hacker like you, you can find as many as you want, and you can do things honestly. If you look at your eyes again, I will dig it out!"

The vicious words of the two pungent maids made Wu Nengyu panic, and quickly lowered his head, not daring to look at them directly.

"Okay, go ahead, don't miss the good show." Concubine Wan Qing chuckled, and said without knowing whether it was true or false: "In addition, you broke the law, and I rescued you. You will be in five years. Don't even want to leave, you have to work for me. But if you do well, I can't give you some'reward!'"

If it was before, Wu Nengyu would definitely look at her fiercely when he heard this slightly ambiguous sentence. After all, Concubine Wan Qing's appearance and figure are all first-class.

But now, Wu Nengyu buried his head even lower!

"Holy, Saintess, it is my honor to serve you, I dare not ask for rewards!"

"Hahaha, you are really... cheap."

Concubine Wan Qing giggled, very satisfied with Wu Nengyu's performance now.

"Li Yun, Li Yun, you wouldn't have thought that I actually hired a hacker to monitor you. Tsk tsk, the networked camera is really easy to use."
