

## Godly Choice 921

Chapter 921: Lotus World

"Don't worry." Gong Lian thought about it for a while, and said confidently: "Li Yun and the saint must have gone out in an emergency. There are no signs of fighting here, and it is estimated that no one can quietly take them away!"

Now, the three had no choice but to wait.

"what is this?"

The sharp-eyed little maid sat on the smooth table for a while, and found a small object on the smooth table. She picked it up and looked at it, and her eyes widened in surprise.

"Master Saint's third-grade lotus platform? Oh, it's not right, it's not a third-grade lotus platform, the pattern is wrong..."

At the same time, Li Yun and Fan Qingsheng entered a small world, and the two were directly stunned by the sight in front of them.

At Tianyuan, this small world has only two miles away, and you can see your head at a glance.

As far as the two of them looked, the sky was dim, withered branches and leaves, full of trees withered, and the earth withered. The whole small world seemed to have come to the day of decay and perish, and it might collapse at any time!

"what happened?"

Li Yun was very puzzled. The description of the items given by the system said that the Lotus Immortal Mansion should have a strong spiritual energy and a perfect place for cultivation. How could it be so decayed now, as if it had experienced the end of the world!

"It is said that this is the case in all the worlds and blessings handed down."

Sage Fanqing recovered from the surprise. She has preliminarily determined that Li Yun brought her to a heaven and blessed land, and it is a blessed land that can be carried around. Although this is very rare, she has also heard of it.

Li Yun couldn't laugh or cry, it turned out that this fairy mansion was broken!

"What seems to be on it?"

Perceiving a change in the sky, Saint Fanqing looked up.

"Well."

At this moment, Li Yun's pocket moved, and a little man in a black skirt got out of his pocket, lay on the edge of the pocket and rubbed his eyes, "Baba, where is this place?"

Sage Fanqing glanced at her and then at Li Yun, he had so many magical things.

After the black feather butterfly appeared, the sky began to change, no, it should be said that the whole world began to change.

The gloomy sky started to brighten from a point in the middle, like a round of sun rising, the sun slowly spreading, illuminating the whole cave world.

The sky became bright, the dead branches turned into green grass, the trees sprouted buds, and the flowers began to bloom.

The earth springs from the divine spring, the auspicious Lin accepts qi, and the radiance is radiant and wonderful!

"Pretty!"

Li Yun clapped his palms and admired. In the blink of an eye, the whole small world was transformed into a real fairy home, with faint celestial spirits, green grass, and blooming flowers. In the lotus pond not far away, there are many mysterious five-color lotus flowers. Han. Bud is waiting to be released, but the fragrance is already floating.

"Qingsheng, we..."

Li Yun was about to talk to his girlfriend about going to the lotus pond. Turning his head, he was surprised to see her motionless. Liu brows were lightly frowned, as if he was concentrating on it, as if he was immersed in the changes in the small world just now.

for a long time.

Sage Fanqing slowly closed his eyes, then opened them slowly, his eyes flashed, and he exclaimed: "This is a very powerful way of life. The people who created this fairy house have long foreseen that the spiritual energy will decline, so the spiritual energy is declining. Store it up, wait until someone enters, and then release it to restore the blessed world to its former appearance, which can be called an immortal means!"

Li Yun was stunned.

With his naked eyes, he could only see the appearance of the heaven and the blessed land, but the Holy Vatican has gained great benefits in the changes just now.

"This is the gap between me and Qing Sheng!"

Chapter 922: Happy Black Feather Butterfly

Li Yun sighed, but fortunately he brought in with the Sage Fanqing, otherwise this change would be meaningless and the opportunity for understanding would be missed.

"Eh, wow!"

The Black Feather Butterfly danced and screamed excitedly, spreading her black wings dotted with stars, happily flying up and down around, laughing and venting her inner joy.

"Bababa, it's amazing, there are so many delicious foods here!"

"Woo, Papa Baba, can I eat? Xiaodie is so hungry and hungry~"

The black feather butterfly flew to a blooming flower, licking the nectar inside like a bee, and looked back at Li Yun with anticipation, waiting for his father's answer.

Sage Fanqing glanced at her and said faintly: "The aura here is limited. Although it can be slowly replenished from the outside world, the speed is too slow. If the aura is exhausted, this heaven and blessed land will decline again."

She was also reminding Li Yun.

"Woooo~~~"

The Black Feather Butterfly also understood what Fan Qingsheng meant, and suddenly fell into frustration. Even the two pairs of black wings were drooped, and the words 'I'm not happy' were written on her small face.

Li Yun leaned down and clicked her little head with a helpless smile: "Well, since this wonderful place can replenish aura, you can eat a little glutton, treat it as a dessert!"

Hearing her father's words, the little girl Black Feather Butterfly became happy again, "Xiaodie is not a ghost!"

She flapped her wings and danced happily, and a stream of spiritual air flowed into her body like a small whirlwind. The flowers wilted a lot where the black feather butterfly flew, which shows how greedy this little guy is.

Fortunately, the Black Feather Butterfly stopped quickly, burped with satisfaction, his small face was full of happy smiles, and he was chatting about something while wandering around in the cave.

Seeing her rare energetic look, Li Yun sighed and said: "In this age of declining spiritual energy, it is too difficult to feed her."

"You raised her until now, I'm already surprised."

Sage Fanqing made a rare joke. Although her expression still did not fluctuate, Li Yun could see that she was in a pretty good mood now.

"I can feel that this strange creature has an amazing source of danger, which makes me feel a little frightened, as if facing some kind of monster."

While talking, Sage Fanqing walked towards the center of the small world, which is the lotus pond, "Where did you find her?"

"She is called the Nine-winged Black Feather Butterfly, a kind of Gu worm."

Li Yun smiled, did not hide her, and told Qing Sheng the origin of Black Feather Butterfly.

"It turned out to be so, no wonder."

Sage Fanqing nodded, "I have seen some records in the book. Someone once entered the caves and blessed places left by the sages in the Hidden Sacred Valley. Most of them have already decayed. Even if there is some spiritual energy remaining, they can't preserve the contents. Immortal grass panacea."

"Your Lotus Immortal Mansion." Taking a look at him, Sage Fan Qing said again: "Probably the only place where there is still a potion."

Li Yun shrugged, "Special sources, please don't worry about Qingsheng."

"Tell me later?"

"Um."

So Van Qing Sheng stopped tangling, and happily set his sights on the lotus pond.

This Dongtianfu place is called Lotus Fairy House. Naturally, the most important place in the Dongfu is this lotus pond.

Chapter 923: Nine Zixian Lotus

The water in the pool is clear, although there are no fish, but the water lilies are floating on the water, and there are five lotus flowers waiting to be released. Walking in the pool water, the fragrance bursts, highlighting the extraordinary features of lotus flowers.

"This seems to be... Nine Sons of Immortal Lotus?"

Fan Qingsheng is also not sure, because she has only seen it in "The Record of Immortal Medicine", and there is no such elixir planted in the hidden sacred valley.

The nine-child fairy lotus grows for 900 years, the flower buds are 900 years old, and the flowering is another 900 years. After becoming a lotus seed, it takes another 900 years to mature.

There are nine lotus seeds in symbiosis, one eats one, the flesh and bones of the living dead, improves talents, enhances strength, consolidates the foundation and cultivates vitality, and has many benefits.

But the long growing time makes even the Hidden Sacred Valley dare not plant this kind of immortal lotus.

And the five Nine-Seed Immortal Lotuses in front of them are still in the bud stage, and it will take at least one thousand eight hundred years to mature, which is too long.

"Uh."

After listening to Fan Qingsheng's explanation, Li Yun was a little depressed, but then figured it out, and said with a smile: "It's a fluke to get this fairy house. I don't dare to ask for too much."

Besides, even if it hasn't bloomed yet, the fragrance of the Nine Zixian Lotus still fills the entire lotus fairy house with a faint fragrance of lotus blossoms. It is absolutely comfortable to relax and relax.

"Let's go and have a look in the pavilion."

In the center of the lotus pond, there is an elegant pavilion, connected to it by a stone bridge, walk forward along the bridge, and soon reach the pavilion.

"what?"

Li Yun is a little strange. There is a stone table and four cylindrical chairs in the pavilion, but not only four people can sit. There are five long stone chairs in the hexagonal pavilion to sit on, but they are placed on the stone table. With a jade medal, four seal script characters are written: Lotus Fairy House.

"This is the control token of Xianfu."

The Sage Fanqing motioned to Li Yun to pick it up. Just when he touched the jade card, the sign disappeared.

At the same time, a wave came into Li Yun's mind, allowing him to quickly grasp the various functions of the fairy house, which was very magical.

"Um?"

Li Yun closed his eyes and pondered. After sensing the situation outside, he opened his eyes dumbfounded and said to Fan Qingsheng: "I'll go out, they are waiting anxiously."

After speaking, Li Yun disappeared, leaving Fanqing Sheng and Black Feather Butterfly inside.

The black feather butterfly playing in the distance suddenly panicked, and suddenly flashed to Fan Qingsheng's side, babbling, babbling, babbling is gone!!"

It is absolutely impossible to go out without the permission of the owner in the cave of heaven and blessed land.

Unless you use a powerful force to break the barrier of the cave mansion abruptly, you can escape, otherwise, in other people's cave mansion, you can only let the master slaughter it.

Therefore, generally speaking, unless they trust the other party extremely, a monk will not easily enter other people's caves, let alone enter this kind of extremely powerful small cave world.

"fine."

He gently knocked Hei Yudie's head to calm her down. Fan Qingsheng was about to sit down, but Li Yun had already returned.

At the same time, three beautiful women were brought in.

"Baba Baba~~!"

Black Feather Butterfly rushed to Li Yun's face, jumping and shouting happily.

"here is.....?"

Gong Lianyi, Gong Qingyu, and the little maid Qingzhu, the three beautiful girls were all shocked by the strange and beautiful sight in front of them, each of them opened their small mouths and stared at them with big eyes.

Afterwards, they set their sights on Li Yun.

Chapter 924: Dongtianfudi

"Bastard!"

After Qingzhu hurriedly took his saint's arm, he complained to Li Yun in a squeaky voice, "Why did you suddenly bring the saint to this place, and don't tell me, you big villain is too hateful? NS!"

Li Yun said innocently: "I don't know that you will come in at this time. Don't worry, this is a blessed place I got by chance. It is very safe."

"Dong Tian Fu Di?" Gong Qingyu asked in surprise.

"Well, it's called Lotus Immortal Mansion, a place that is extremely beneficial to practice!"

Li Yun touched her little head and said with a smile: "Aren't you looking forward to possessing divine minds? Practice here. It is estimated that it will not take long to achieve innate consummation and turn to spiritual power!"

According to Sage Fanqing, if you can't practice magic skills from an early age, it's better for a martial artist to turn into immortal cultivation. Even after entering the master realm, try to make the zhenqi in your body as pure and vigorous as possible, and then switch to cultivating magic power to let the zhenqi. It's much easier to turn it into mana.

Gong Lianyi can practice, but she is not in a hurry, waiting to see if she can break through to the Grandmaster Realm.

"Wow, this place is so good!"

Gong Qingyu became excited and cheered in his heart as he watched the surrounding flowers blooming, the scenery surrounded by bamboo forests, and the five magical lotus flowers standing in the clear water.

This strange little world in front of you is really a place where immortals live!

She was a mundane woman, she was fortunate enough to be here, and she even lived in the heaven and blessed land of immortals. Gong Qingyu had never thought about it before.

—The Lotus Immortal Mansion belongs to Li Yun, and she is now Li Yun's fiancée. Of course, she is also eligible to live in this Immortal Mansion!

"Nine-child fairy lotus?"

Listening to Li Yun's introduction, Gong Lianyi took a deep look at him. The fragrance of lotus scent made her feel comfortable. The congenital perfect cultivation base seemed to be a step forward, laying a solid foundation for future breakthroughs. Base.

Such a miraculous lotus flower has such a wonderful effect before it blooms. If the people of the rivers and lakes know it, it will cause a huge sensation. Those invisible masters or super elders will also come out in groups to \*\*\*\* it. Nine sons fairy lotus!

The fragrance alone can help people practice, and if they form lotus seeds, the magical effect is hard to imagine.

All of this was brought to her and Qingyu by Li Yun.

Suddenly, Gong Lianyi felt that her persistence was a little ridiculous. Li Yun didn't need the approval of the palace at all. Instead, the palace needed to look up to him!

"Hehe, Baba, this flower smells so sweet~"

After Li Yun came back, Black Feather Butterfly became a playful little girl again. She flew onto a nine-child fairy lotus, her petite body hugged the pink flower bud, and intoxicated the fragrance of the fairy lotus.

"Fragrant? The fragrance of food, right?" Li Yun smiled.

"Uh-huh!"

The black feather butterfly nodded fiercely, and at the same time said regretfully: "It's a pity that I can't eat it. It's still useful to keep them."

If it weren't for knowing that these flowers can't be eaten easily, the black feather butterfly would have swallowed them all in one bite!

I don't know if it was an illusion, everyone felt the five immortal lotus in the pool trembled, as if they were afraid that the ferocious nine-winged black feather butterfly would swallow them.

Seeing the little girl in a black dress strolling around the five immortal lotuses one by one, the little maid Qingzhu had a weird face. The black feather butterfly was already out of power last time and threatened the three-eyed toad to surrender the demon pill. She is still cruel. The immortal lotus who hadn't had a sage was scared.

Chapter 925: Elixir

Judging from the introduction given by the system, the Lotus Immortal Mansion is imitated from the Zizhu Forest in the South China Sea, which proves that the person who created this immortal mansion has actually seen the Zizhu Forest, and may even have seen the merciful and compassionate Guanshiyin Bodhisattva.

After Li Yun got the token, Shennian could observe the entire fairy mansion from above.

There is a lotus pond as the center, surrounded by verdant bamboo forests. The terrain is slightly elevated, forming a small hillside, and the hillside is full of flowers and plants. People strolling in it, lying or sitting, enjoy it very much.

In addition to the bamboo forest, there is also a small flower garden in the southeast corner. There are more than 300 plants of all kinds of elixir and immortal grasses. There are quite a few types, and there are many categories that even the sages of Fan Qing and the little maid can't recognize.

"This flower seems to be called the Purple Fire Spirit Flower?"

The little maid squatted down and said uncertainly.

This small flower grows on the red soil and is very inconspicuous, but in the flower core surrounded by its purple petals, there is a small invisible purple flame burning, which is extraordinary.

"It is indeed." Fan Qingsheng nodded, "It has been extinct for a long time, and it is only recorded in the book."

"Would you like to transplant it?"

Li Yun smiled, "After this flower bears fruit, I will transplant a portion to the Hidden Sacred Valley to enrich your fairy grass varieties."

"Huh~"

The little maid muttered, "There are many strange flowers and weeds in the Hidden Sacred Valley, so I don't need a little bit of herbal medicine from you. What if the transplant is broken?"

"It turns out that the Hidden Sacred Valley is a similar place." Gong Qingyu sighed. The Lotus Immortal Mansion is undoubtedly extremely beautiful. The Hidden Sacred Valley is said to be full of aura, so it should be a similar place.

"The martial art is much more beautiful than this!"

The little maid said triumphantly: "There are all kinds of rare birds and animals in our place, but you can't see any of them here. It's lifeless, and it gets bored after a long time, which is not good at all!"

Li Yun's expression was stagnant, and he smiled bitterly: "Xiao Qingzhu, you are right, there are indeed fewer animals here. By the way, Qingsheng, can ordinary butterflies and insects grow here? Will it mutate or something."

Reiki can promote the growth of animals and plants, and can even cultivate monsters and beasts. Li Yun didn't want to see the fairy house destroyed by a group of human head-sized ants.

"It can survive, but it's better to be watched."

Fan Qingsheng made a suggestion, but everyone knows that Xianfu looks very suitable for living, but after all, it is only a small world, and people will have problems after a long time.

"I have a way."

Li Yun smiled at the girls, took out a bracelet, and whispered softly: "Xiao Qian, come out."

Suddenly, Gong Qingyu and Gong Lianyi felt only a gust of yin wind blowing, their skin ached, and a chill rose in their hearts. Gong Lianyi, who was holding a psychic jade pendant, felt that something dangerous suddenly appeared in front of her. It surprised her.

"what!"

Gong Qingyu exclaimed, looking at the woman in the red dress who appeared in front of her in disbelief. She was holding a bright red oil-paper umbrella, just covering her normal face, only showing a pale chin and a weird and sullen smile.

This is...a female ghost!

"My son, you finally remember me."

The girl ghost in red raised her head, showing her penetrating smile under the cover of her long black hair like splashing ink. There was an evil and yin air all over her body, and the surrounding temperature seemed to drop several degrees out of thin air. !

"Xiaoqian, I'm sorry." Li Yun gave a wry smile, he did not remember the red ghost Nie Xiaoqian for a while.

Chapter 926: Xiaoqian's new home

Originally, the ghost in red was only a reward from Li Yun from the gift bag. It was a ghost entrusted in a red oil-paper umbrella. Later, the system rewarded a bracelet that can warm the ghost, and Li Yun put her in Go in, let the female ghost's soul gradually be warmed by the soul-raising ring.

At the same time, named her Nie Xiaoqian.

It's just that Nie Xiaoqian is still fierce. When there are wicked people around, she will attack them desperately. Over time, when Li Yun becomes stronger, she will no longer need Nie Xiaoqian's help.

"No, the son does not need to apologize to the slave family."

Nie Xiaoqian glanced at several women around with blood-red eyes, and found that they were all beautiful and seemed to be the son's big and small wives.

The woman with a calm expression and an immortal temperament, and a great threat to her, should be the son's wife, right?

Thinking of this, Nie Xiaoqian became more and more in awe of her.

In Gong Qingyu's eyes, the female ghost in red used bright red strange eyes, scrutinizing them in a circle, and seemed to confirm something. The female ghost's eyes made her scalp numb.

"Uh."

Seeing the performance of the two women, Qingyu and Lianyi, Li Yun gave a wry smile. That's why he didn't want to let Nie Xiaoqian out. Ghosts are ghosts after all. They are fierce, and they may kill frantically at all times, which is worrying.

"Big villain, when did you raise a ghost? It was hidden well before."

Qingzhu stared at Nie Xiaoqian for a few moments, his face became weird: "And he is still a cruel ghost, and his strength is good!"

"She's Nie Xiaoqian, and she is a female ghost I met by chance."

Li Yun explained her origins and learned that Nie Xiaoqian was a hundred years ago and was killed by the gangsters to protect her innocence. Gong Qingyu's expression gradually eased. She looked at her sympathetically and said: "Xiao Qian...this name is from "Strange Tales from a Lonely Studio", she is indeed very beautiful."

Aside from the eerie and strange aura of Nie Xiaoqian, her figure is actually extremely tall, wearing a big red dress, her skin is as white as snow, her facial features are exquisite, her eyes are blood-red, and she has a ray of red light. She has a beauty that is different from ordinary people.

Moreover, Nie Xiaoqian's etiquette is actually very good, standing gracefully, walking like a weak Liu Fufeng, she must have been well-educated during her lifetime, not a peasant girl.

"Thank you for the girl's compliment."

Nie Xiaoqian, who was not mad, first thanked Gong Qingyu cautiously, and then smiled at Li Yun in shame. His smile was very subtle and euphemistic, and said: "My son, I didn't blame you for

what you meant. Xiaoqian knows that she has a fierce spirit. Sex, so during this period of time I have been cultivating my character in the spirit ring, and I have also read a lot of books given to me by the son, and my life is not hard."

These days, Nie Xiaoqian vaguely remembered some fragments of her life. She seems to be a singer, so she is not a singer who sells herself for fun, but she can't help but feel distressed from time to time.

These hours in the soul-raising ring made Nie Xiaoqian feel warm and calm and happy.

"You like it." Li Yun said with a smile: "However, the soul-raising ring is too small. I will give you a larger place so that you can cultivate slowly and retreat from the fierceness of the ghost. What do you think? "

"My son, you mean...?"

Nie Xiaoqian looked up and looked around. She only saw the strange flowers and weeds around her, the beautiful scene, and her blood-red eyes widened in surprise.

Chapter 927: Go to

"good."

Li Yun nodded and said with a stern face: "From now on, Xiaoqian, you will become the spirit of the Lotus Immortal Palace. Will you help me take care of this Immortal Palace?"

Nie Xiaoqian tried to calm down her excitement. After a while, she replied: "Naturally, she is willing. The slave family is very happy to be able to help the son."

Gong Lianyi was a little surprised. Nie Xiaoqian was already very excited just now, but she answered after calming down.

This further confirms that she was a well-mannered lady with proper etiquette during her lifetime.

"Very well, it is so decided!"

Li Yun was very satisfied. Although Nie Xiaoqian becoming a tool spirit will not eliminate her ferociousness, it can give Li Yun a means to control her-not to control Nie Xiaoqian, and to control it in time when she is crazy and wants to kill someone. Live her.

Li Yun asked if there is a method suitable for ghost cultivation, but unfortunately, the answer is no.

Ghosts can be cultivated in ancient times, but ghost cultivation is eliminated faster than human monks. Nowadays, the cultivation method suitable for ghost cultivation is only forcibly passed to them by people who control ghosts. It only strengthens strength, and does not cultivate morality. The vicious method.

Li Yun can only pass it to Nie Xiaoqian when the reward is reached.

In the next time, everyone was playing in the fairy house. Gong Lian ordered the servants to buy some birds, rabbits and other small animals back. Li Yun experimented, and there are basically no restrictions on bringing animals in, only people who can bring them in.

With animals and insects, this cave is even more beautiful. If Li Yun hadn't said that there would still be opportunities in the future, Gong Qingyu would have liked to have dinner in it.

"Oops!"

At dinner, Gong Lianyi finally recovered, raised her head and said to everyone in surprise: "We are going to participate in the treasure auction at 7:30. It's almost 7 o'clock now!"

"what?"

"Puff, I forgot if you don't tell Aunt Lian!"

"Auction? What is it for? Oh, the money to buy a house!"

Everyone was surprised at first, then reacted and smiled at each other.

Because the Lotus Immortal Mansion that Li Yun took out was so shocking that they all forgot about the auction.

"Then eat quickly, there is not enough time."

Li Yun smiled and said that both the Lotus Immortal Mansion and the Hongmeng Purple Qi Immortal Spirit Bracelet are very powerful things, but they did not make him invincible. The Immortal Spirit Bracelet is extremely powerful, but at present it can also supplement the spirit of Fan Qing Sheng. The exhaustion of power is not an infinite replenishment, and it is not the inexhaustible aura of the Vatican.

After dinner, the women dressed up a bit and got into a car, and Li Yun took them to the place where the auction was held.

In a car with five people, the space of an ordinary car seemed a bit small, so Gong Lianyi chose to let the servants drive a Richie with a little more space.

"Master Saint, why do we want to go to the auction?"

The little maid sat in the back seat and complained to the lady who was sitting in the co-pilot position.

She won this position. After all, the three people in the rear seat are a bit crowded, and the Saintess has to sit in a good position~!

"Want to see." Fan Qingsheng answered in a calm tone as he looked at the endless traffic outside the window.

"what?"

The little maid's face was puzzled to the Lord Saint's answer.

On the contrary, Li Yun probably guessed her thoughts. The purpose of Fan Qingsheng may be to feel more about modern city life, including tomorrow's press conference. Fan Qingsheng is also scheduled to attend.

It was incredible for Li Yun to invite a monk to participate in the press conference.

Chapter 928: Do you have an invitation

Wanbao Pavilion, from the slightly old name, it can be seen that this is an old shop with a certain age.

Seventy years ago, the former Wanbao Pavilion was dotted in Zhonghai City, and it was called a generation of wealthy families in the old Zhonghai City.

It's just that as the new century enters, Wanbao Pavilion has gradually declined, and has now become a middle-class family. If it weren't for its heritage, it would have been crushed out of the ranks of top families, and it would be impossible to invite so many wealthy businessmen to come Participate in the Spring Treasures Auction of Manbao Court.

Every quarterly auction is now the most important event of Wanbao Pavilion. We strive to do our best, build a good relationship with the major wealthy families, and provide a guarantee for the development of the Zhong family.

"Finally arrived."

At 7:30 in the evening, Li Yun drove to the Haoting International Banquet Hall, a famous scenic spot in Zhonghai City. Facing the banks of the Yellow River, the wide view and beautiful scenery make Haoting International become full almost every day. , Whether it is a top restaurant or a hall where banquets can be held, the guests have been booked to one month later.

Enjoying a dinner here is definitely the dream of many middle-class people. This is the place where they can get close to the pleasure of the rich. As for the lower class, they may not even be able to pay for the meal order.

However, in the past few days, the entire three-story building of the Haoting International Banquet Hall was wrapped up by Wanbao Pavilion, which was used as the venue for the auction of treasures.

The generous and generous private rooms have caused a lot of heated discussions as early as a few years ago. Therefore, the annual treasure auction always attracts the attention of many people. Many people want to take the opportunity to get in, experience, or stealthily photograph the rich life.

"Sir, please show me your invitation."

Li Yun came to the private parking lot next to Hao Ting International, but was stopped by the barrier of the parking lot. The two security guards who stood guard wearing beautifully fitted high-end uniforms looked at with suspicion, and one of them stretched out his palm. , Made a stop gesture.

"Invitation?" Rolling down the car window, Li Yun hesitated a little, making the security even more contemptuous, and said in a slightly impatient tone: "Sir, Hao Ting International is reserved by Wanbao Pavilion tonight. Only invited people can enter! "

"in addition!"

The security guard stretched out a finger in his white gloved hand and reminded: "The usual Haoting International parking fee is 1,000 yuan an hour. Please pay attention to the price."

Hao Ting International is located on the bank of the Yellow River, with unique scenery. There are many people who usually drive here to visit. The security sees a lot of people who think that they

have a little money, they think they are the uncle's turtles. They drove a 450,000 car. I feel like a rich man.

But in fact, four to five million is enough for a meal for the rich.

"A thousand and one hour?"

Li Yun was indeed surprised, the price is amazing.

"hehe."

The security guard smiled mockingly, and said impatiently: "Today is not the day to stop, you leave quickly, don't block the people who come behind!"

"Ding, trigger the option event, please choose from the host:

Option 1: Slap the security guard, reward experience value +100,000, free attribute points +100, white gift bag\*1.

Option 2: Give a smile, reward free attribute points +200, white gift bag\*2.

Option 3: Get off the car and teach the little security guard a lesson, reward power +1000, skill: arrogant and arrogant (there is a chance to frighten unseen girls, but excellent girls will hate you for this

Chapter 929: What kind of car are you

Seeing the system prompt, Li Yun smiled faintly, choose two: give it a smile.

"Ding, the host makes a choice, rewards free attribute points +200, white gift bag\*2."

"Lian Yi, do we have invitations?"

Li Yun turned around and asked Gong Lian Yidao. With his current strength and state of mind, he didn't need to settle down with such a small guarantee. At most, he would give Hao Ting International a failing score in his heart. In this way, the grade is not much higher.

"Invitation?"

Gong Lianyi was a little panicked, and quickly rummaged in her bag. She seemed... didn't bring it?

Usually Gong Lianyi goes out to meet guests. Most of the wives they meet are the wives of some families related to the martial arts of the rivers and lakes. They will replace their husbands to meet with her. Most of the talks are some superficial business cooperation intentions, and the initial willingness to cooperate is reached. Subordinates will be handed over to subordinates to specify the contract.

Therefore, Gong Lianyi rarely took any invitations, because she did not go to banquets at all. Even if she did, she would go to some very small private banquets, which were not open to the public at all, and naturally there were no invitations.

"Huh, there really is no invitation!"

Upon seeing this, the security guard again showed a sarcasm expression, waved to Li Yun, and said as if he was driving a fly: "Quickly leave, drive this broken car here, and you are not afraid of losing face!"

Li Yun was puzzled, "Why am I losing face?"

"You guy!"

The security guard was at a loss for a moment, and then angrily stretched out his hand to the parking lot, and his voice became louder: "Look, what kind of car is inside? Do you recognize it? Turtle, tell you, the trident sign is Masati Pull, that red car is worth five million, and it's a relatively low-end car. The steed logo is Ferrari. If you don't recognize this car, you don't have to drive!

And that one, a bull, is Koenigsegg, a top brand, a car driven by the owner of Tianyu International, worth 25 million! "

After telling Li Yun about the luxury cars inside, the security guard's eyes on the luxury cars became fierce, as if those cars were his.

After speaking, the security clicked the icon on the front of Li Yun tauntingly, "Your Ricky, at most 400,000 yuan, even I don't bother to come to work here, it's a shame!"

Li Yun and the three women sitting in the back seat were stunned by the appearance of the security guard pointing Jiangshan. The little maid was very angry, but the other party pointed out the luxury car brands and values one by one, and instead attracted her attention. force.

Even as calm as Fan Qingsheng, he looked at those luxury cars through the car window.

"I think you can change careers." Li Yun smiled humorously at the security guard. "Try to be a salesperson in a car dealership. The commission must be high."

"you!"

The security guard was furious, but the other security guard patted him on the shoulder and said, "What are these turtles doing? Let them leave without an invitation. There is nothing to talk about with these ass!"

"That's right." The security sneered and scolded Li Yun: "Get out of here if you don't have an invitation. Didn't you see someone coming from behind?"

Li Yun looked at Ricky's front-view mirror, and he realized that a black luxury car came behind—Li Yun could not recognize a luxury car, but from the outside, it seemed to be a luxury car of more than millions. .

The security guard glanced casually at the car behind him, but showed an extremely surprised expression, and shouted aloud: "It's Silbe!!!"

Li Yun and others wondered again, what Silbe?

From this security guard's mouth, Li Yun's eyes widened.

"Hehe, I remember you!"

Chapter 930: Bright eyes and white teeth

The window of the black sports car behind Li Yun rolled down, revealing a girl's face with bright eyes and white teeth. She took off her sunglasses and smiled at Li Yun.

The smile is generous and cheerful, and the spring is bright. The original girl's soft and beautiful temperament actually has a hint of handsomeness that belongs to the boy. She looks heroic and full of energy!

"You are.....?"

Li Yun glanced back at her, a look of stunning flashes in his eyes, and was shocked by the beauty of the young girl sitting in the Silbe luxury sports car.

It's not that he has never seen beautiful women. There are four big beauties with their own characteristics sitting in the car, and there is also the holy and cold beautiful fairy named Fanqing Sheng.

But when Li Yun saw the sunshine girl in the car behind, she was still amazed by her beauty.

"Don't remember me?"

The heroic and beautiful girl asked with a smile, her smile was very special, it looked very brilliant, there was no pretentiousness, and there was no shyness of a girl, she smiled generously, showing two neat rows of white teeth, which is not visible. Little dimples made her smile more cordial.

"Uh." Li Yun said, embarrassed, "I remember you, but I don't remember your name."

When he took Princess Yongning to take the plane, he had seen this very beautiful girl in the waiting room, but he didn't remember her name.

"Yes, it's Xiao Mingzhu!"

Before the girl reported her name, the security guard who blocked Li Yun had already tremblingly said. His eyes were full of awe at the girl. Of course, there was also an amazing look. After all, the girl just showed her face. It is enough to make people feel shocked before showing off their body!

"Xiao Mingzhu!?"

The other security guard was equally shocked. He looked at her and muttered: "The daughter of the richest man in Zhonghai City, Xiao Tianyuan, the only daughter of the Xiao family, Xiao Mingzhu..."

He specifically emphasized the only daughter, which means that in the future the richest man in Zhonghai City is likely to become Xiao Mingzhu. This girl who is only 18 years old will be in charge of more than three trillion Xiao family assets in the future. The top richest people on the global rich list!

"So your name is Xiao Mingzhu."

Li Yun smiled and said: "My name is Li Yun, it's a coincidence, I met again."

"Li Yun?" Xiao Mingzhu repeated Li Yun's name, looked at the security guard, and gave him a joking smile: "But it seems that you are in trouble again now?"

Last time at the airport, Xiao Mingzhu wanted to buy Princess Yongning's jewelry. At that time, Li Yun also encountered a rude and unreasonable shrew. Xiao Mingzhu dismissed the theory of the shrew, so he left by her father's private jet.

In this encounter, Xiao Mingzhu saw Li Yun in trouble again.

"No way, the poor are like this."

Li Yun joked, "I also came to sell jewelry today, but I forgot to bring the invitation."

"Haha, I never use the invitation card!" Xiao Mingzhu smiled brightly and said to the security guard, "I'll give him a guarantee and invite him in. Do you think it's appropriate?"

Although she is not familiar with Li Yun, it is not a big deal to guarantee someone to enter the auction. Maybe she can win Li Yun's favor and let him sell the time jade bracelet to her?

"Of course, of course no problem!"

The security guard stepped aside and respectfully invited Li Yun in.

No matter who Li Yun is, or the Xiao Mingzhu he has proven to know, but being able to get Xiao Mingzhu's guarantee is enough to prove his extraordinariness, and his little security guard naturally does not dare to stop him.
