Chapter 971: Come and chop me if it's a brother

The moment they heard the spokesperson of the game, everyone's mind sounded like a devil groaning.

"I'm Zha Zhahui, come and chop me if you are a brother!"

"Your time is very valuable!"

"Actually, I refused to shoot (this ad) before, but the Dragon Swordsman was clicked and sent, and I couldn't help but shoot. It turned out to be really good after playing. After playing it every day, I will give it to our Cheng family class. Come, come, everyone. Try it!"

"Where is the greasy senior sister?"

Many Fairy Boys (fans of Liu Xianxian) just think of Liu Xianxian appearing on the page game advertisements and reciting these poisonous lines, they can't help but shed tears.

"Do not!!!"

"No, no, we must stop Xianxian from endorsing the advertisement!"

"Ya Ma, don't want Xianxian!"

"Grass, I won't go abroad anymore, Xianxian, wait for me, I'll save you!"

In an instant, hundreds of people were missing from the airport, and Liu Xianxian's enthusiastic fans began to act. They not only went to Baiyun Technology Company to stop them, but also spread the news on the Internet to let more people know about it.

Every so long, even before Li Yun drove to the company, news about Liu Xianxian's endorsement of the game spread enthusiastically on the Internet.

...

"Li Feng, who is this?"

After getting into Li Yun's car, Liu Xianxian arrived at the little girl who was being held by Li Feng, showing a surprised expression.

This sleeping little girl is petite, with a naive and tender face, but she is very noble, like a lady in a high position, even if she is asleep, she can vaguely see a trace of noble temperament.

"She's Zhu Shue, yes..." Li Feng glanced at Li Yun who was sitting in the front row, wondering if he should say it.

Her brother is showing mercy everywhere, is this causing trouble?

"It's my confidante." Li Yun bit his scalp on Li Feng's words, and quickly added: "Xianxian, she was Princess Yongning 400 years ago, I remember telling you?"

"She is the princess of the Ming Dynasty named Yongning?!"

Suddenly, Liu Xianxian widened his eyes and looked at the sleeping little princess in surprise. The curiosity and surprise in his heart overwhelmed jealousy.

Anyway, she knew that Li Yun was a villain with many women around him, Liu Xianxian also knew a few, such as Fang Xue, Gong Qingyu, Su Muxin, etc. These women have teamed up with Li Yun to play mobile games, and they knew each other. Each other, just never met a real person.

As for Zhu Shu'e, Li Yun mentioned this when he was chatting with her. At that time, Liu Xianxian was very surprised that there is someone who can live for four hundred years and has become Li Yun's young wife?

"She... is Princess Yongning?" Liu Xianxian carefully watched Zhu Shu'e closely. The little princess was held by Li Feng and looked very fragile, like a delicate bottle that shattered at the touch of a touch. She loved her and couldn't bear to hurt the little princess.

"so small."

Liu Xianxian came to a conclusion and added: "She is also very weak, Li Feng, is she sick?"

Princess Yongning's faint eyebrows often wrinkled, as if she was enduring pain, arousing love.

"It can be said, but it's not serious. My brother gave her the medicine, and there is basically no problem. It's just a little snooze every day."

"Snooze? Sleeping beauty? Hehe, she doesn't wake up even when we talk like this, she seems to be very sleepy."

Liu Xianxian relaxed, chatting with Li Feng, and leaning in the front seat from time to time to have a close conversation with Li Yun.

From the driver's observation, she doesn't have the airs of a big star at all, so she gets along well.

"Miss she..."

The driver sighed while driving.

My uncle is good in everything, but too much affection. It's not enough to have two golden flowers from the palace, there are many beautiful women around him.

I don't know if the lady and grandma can stand so many girls around my aunt.

Chapter 972: Fan Gathering

Mingyu Building.

Security guard Zhang Wei stood in front of the building as usual, watching the office workers passing by with bored eyes.

This is the case in the security industry. Most of the time, they stand idle, and only when there are events in the building will the security guards be called to maintain order.

But generally speaking, there will be extra income from the convocation in the past, so Zhang Wei is still looking forward to the event.

"By the way, Baiyun Technology is holding another product launch conference today?"

A security guard asked, Zhang Wei nodded, and said in an envious tone: "Isn't it? Wait for ten o'clock and last for two hours. Baiyun Company is too generous and will give employees 150 months of bonuses. If they accept Security guard, why should I apply for a job too!"

"Haha, don't think about it like us, because people don't open factories, how can they need security?"

"Hey, I knew that I worked hard at the beginning and applied to a big company. A project bonus of 3 million yuan was more than 30 years of my work. I regret it!"

"Cut! What's the use of saying these now? You didn't necessarily get a good thing if you worked hard at the beginning, your brain is too stupid."

"Damn! Are you stupid?"

"Hey, I'm a little better than you."

"Go! Your IQ is about the same as that of a baboon on the prairie!"

Just as the two security guards dismantled the platform and laughed and scolded each other, suddenly, accompanied by excited screams and noise, a large group of men and women squeezed in.

"Xianxian!!!"

"Where is Xianxian? Hey security guard, did you see Xianxian going up?"

"It shouldn't be there. It is less than ten minutes before Xianxian leaves the airport!"

"Wow, can you see Sister Shenxian later?"

"Quickly, the Fairy Scouts are ready to cheer cards, and wait for the next fairy to come and give her a big surprise!"

"Maintain good order, our Fairy Scouts are not the kind of brainless fans."

"Xianxian, don't endorse junk games!!!"

The two security guards in the building and the people who were about to enter the security guard to go to work were all stunned by this group of people. After reacting, they realized that this was Liu Xianxian's fan.

"What? Liu Xianxian is coming to Mingyue Building in the next moment?"

The two security guards were completely dumbfounded. They did not go to the obvious meeting to maintain order at the scene, but just by looking at the fanatical and excited people in front of them, you know how exaggerated the celebrity fans are!

"Quickly, contact the manager!" Zhang Wei said hurriedly. Just when he was stunned, at least three hundred people had arrived in front of the building, and many more came from afar.

All fans of Liu Xianxian!

After the security guards from the security department of the building were temporarily mobilized, they were all shocked. The crowd was crushed by people, and there were three thousand people. There were no more than ten security guards to maintain order anyway!

"Go to the next building to borrow someone!"

The manager of the security department was sweating coldly and ordered immediately.

He had been to a celebrity meeting. At that time, it was just a little star, that is, a traffic niche with less than three million Weibo fans. Less than five hundred fans came to the scene, but he used thirty security talents abruptly. Maintain order.

And now there are three thousand fanatical fans, plus the star is Liu Xianxian, an internationally famous film and television singing star, the manager can no longer imagine what kind of exaggeration it will be when Liu Xianxian shows up!

The gathering of fans in front of Mingyu Building quickly attracted the attention of passers-by, which led to more and more people choosing to stop and watch. At the end of the development, almost the entire street was full of standing people, and everyone was waiting for Liu Xianxian. s arrival!

Finally, a jeep appeared in the direction of the intersection.

"Xianxian!!!"

Chapter 973: Fairy

Li Yun had just turned into the intersection of Mingyu Building in his jeep, and there was a burst of cheers in front of him. It was as if he had entered a football field, and it was the kind of fanatical excitement when he actually scored a goal in a national football match.

"Is this too?"

Li Yun was startled, Li Feng looked out the window dumbfounded, even Princess Yongning was awakened, rubbing his eyes and struggling to get up.

When the little princess woke up, she was lazy and cute, so Liu Xianxian couldn't help it. She hugged her in her arms and smiled and said, "You are Zhu Shue, right? Hehe, my name is Liu Xianxian. star."

".....what?"

Princess Yongning just woke up and was still in a state of confusion, but Liu Xianxian caught her and rubbed her face. She could only babble and whine, very cute.

"Outside, what's going on outside? Is there a war?" Princess Yongning was panicked. She had rarely seen so many people before, and there was no such scene of yelling and screaming, as if the sky was shaking.

"War? Hehe, no."

Liu Xianxian squeezed Princess Yongning's small face and said with a smile: "There are few wars now, not as frequent as in ancient times. Don't worry, princess, wait for you to follow us and let Li Yun take us in. He is very strong. NS!"

Li Yun couldn't laugh or cry, this big star dared to use him as a pioneer.

However, the outside situation really shocked him, and the cheers were endless like waves, showing how famous Liu Xianxian really is!

The car slowly drove to the Mingyu Building. Along the way, this jeep was baptized by countless fanatical fans. All of them wanted to get their heads into the car to see if there was Liu Xianxian inside.

"Is Sister Shenxian in there?"

"Xianxianxianxian!!!"

"Quickly, I want to see the prosperous beauty of my immortal family!"

"Get ready to lick, hehehe."

"The support team is ready, wait to protect the immortals!"

Under the gaze of thousands of eyes, the jeep slowly stopped, and the surrounding noise was quiet for a moment.

Li Yun came out first, and then everyone saw a tall figure coming out of the car. In an instant, tsunami-like cheers rang out.

"Xianxian!!!"

Thousands of people's huge shouts joined together, shocking people's eardrums, and almost terrified the little princess. She leaned close to Li Yun and looked at the people around her cowardly.

"It's okay." Li Yun smiled and patted Princess Yongning's petite shoulder, comforting her panicked heart.

Liu Xianxian looked at Princess Yongning and shouted to the fans around: "Please be quiet, please? Xianxian said a few words."

The crisp and sweet voice spread to everyone's ears, finally calming down these enthusiastic fans, looking at the idol with eyesight, waiting for her to speak.

"Xianxian is very grateful to everyone for coming to the scene to support..."

Liu Xianxian's speech is still the one Li Yun heard before. First, thank the fans for their enthusiastic support, soothe their emotions, and let the security maintain good order. After meeting the signature requirements of some lucky fans, this temporary meeting was declared complete. ended.

After all, Liu Xianxian can't meet the requirements of every fan. He can only sign some fans who stand in the front. Fans also expressed their understanding. If you want to sign, you have to squeeze closer.

"Thank you for your support, just write Xianxian wish Xiaomei a smooth college entrance examination? Okay, Xianxian got it, come on for the college entrance examination!"

Chapter 974: Don't endorse the game

Li Yun stood beside Liu Xianxian watching her show to the fans, and finally found one thing.

When his girlfriend of the big star met and chatted with fans, all he used to claim was "Xianxian". Although there was some suspicion of deliberately selling cuteness, fans all used this set.

Moreover, Li Yun was familiar with her character, and found that Liu Xianxian did not deliberately sell cuteness, but a fan who liked her from the heart.

Of course, the most important thing is that Xianxian is really cute!

"Huh? Are you the daughter of Zhuang Yinghou?"

A fan looked at Li Feng in surprise and said a person's name.

Many people also watched it.

"It's really Queen Zhuang Ying, really like it!"

"It's a pity, Zhuang Yinghou has long since retired from the entertainment industry, and her daughter is not a complete entertainment industry person, so she has gone into business."

"Zhuang Yinghou is the first female star to win a foreign film and television award. If she does not retreat, her current status is absolutely unmatched!"

"Oh, it's a pity, it's a pity that Zhuang Yinghou also made his debut at the age of 17. After the first film was sealed, he retired before he was 25."

"I heard it was because of what kind of shock?"

"Seems to be."

The words of everyone's discussion came to Li Feng's ears, her expression on her face remained unchanged, but Li Yun saw a slight strange expression in her eyes, and her small fist was also clenched.

Li Yun, who is very familiar with his sister, how can he not know that Li Feng actually cares about this?

Looking at the fan who spoke before, Li Yun smiled and asked: "What is the name of Zhuang Yinghou?"

"You don't even know?"

The fan looked contemptuous, "If you still invite an immortal to be the spokesperson for the game, Zhuang Yinghou is Zhuang Mengdie... No!"

She recovered her senses all of a sudden, her eyes became extremely sharp, staring at Li Yun fiercely, and shouted: "You bastard, actually asked an immortal to be the spokesperson of the game?! Go to hell!!!"

One stone caused a thousand waves.

The fans of Liu Xianxian only realized this time. They came this time not only to meet the idol, but also to prevent Liu Xianxian from endorsing that kind of spam web game.

The fans were heartbroken when they thought of the innocent, kind-hearted, immortal idol, wearing an exposed armor, and saying something similar to "equipment waving, a 999-level knife"!

"Xianxian, don't endorse game advertisements, don't!"

"Xianxian, are you short of money? If you are short, our fans will crowdfund you. I believe that hundreds of millions of fans across the country will definitely not want Xianxian to endorse those ads!"

"Hey, your name is Li Yun? The boss of Baiyun Technology? Tell you..."

"What about Li, stop endorsing immediately, have you heard?!"

Everyone was heartbroken at Liu Xianxian, but they glared at him. Li Yun said dumbly: "What do you think? Who said that Xianxian should endorse the advertisement? Xianxian is a very important person to me, how could I..."

Speaking of this, Li Yun stopped, glanced at Liu Xianxian, touched his chin, thought and said, "Xianxian, although you didn't endorse me, my company's games will benefit from it. This is not counted. Endorsement?"

"Puff!"

Liu Xianxian couldn't help laughing, her pure and beautiful smile made two small dimples appear on the corners of her mouth, which was very cute.

A group of fans looked stunned, shocked by Liu Xianxian's beauty, and for a while forgot to impatiently protest.

At this moment, a red sports car slowly drove over.

Chapter 975: Beauties

"No way."

Liu Xianxian said angrily: "I'm just here to participate in your game conference, as a friend, besides, who stipulates that celebrities can only participate in the conference as a spokesperson?"

Li Yun nodded, "But you still helped me promote it, and I will compensate you later."

Liu Xianxian glared at Li Yun, just about to speak, Li Yun smiled again: "Don't refuse, after all, the company is not mine alone."

"Huh, no, let's talk about it next time."

Liu Xianxian arrogantly stunned a group of fans. It was the first time they saw an idol showing such an expression.

Charming and innocent, with a sweet smile, just like...a little girl in love.

Xianxian is in love?

No, how is this possible!

Just when the fans were about to restless again, a person rushed out of the red sports car.

"Brother Li Yun, I'm here~~!"

A red graceful and petite figure rushed over and plunged directly into Li Yun's embrace, knocking him back two steps before stopping.

The person in his arms smiled, and turned his arms around his neck for a half circle to make her long skirt dance and fly, which was amazingly beautiful.

"This woman is...?"

Princess Yongning puffed up her little mouth. Is her husband going to accept a wife again?

"Little Chili?! Okay, let go of me."

Li Yun endured the discomfort and pulled Su Muxin away. This girl was not ashamed or irritable. Holding him for a while, it would easily make a man angry.

Of course, Su Muxin would only do this to him alone.

"Hehe, surprise? Brother Li Yun~"

Su Muxin stood in front of Li Yun excitedly, and wanted to get close to him and kiss him, but unfortunately there were too many people around.

She hasn't seen Li Yun for two or three weeks. I heard that he knows a lot of girls. I saw it today and it turned out to be.

"It was a pleasant surprise. I didn't expect you to come with Mingzhu."

Li Yun looked at another big beauty who walked down from the red sports car, that is, the daughter of the richest man in Zhonghai City, Xiao Mingzhu, who he met at the auction last night.

She walked over in light footsteps, and Qing Guo Qingcheng had a bright and cheerful smile on her face. The sunshine girl's smile could easily win the favor of the people around her.

"Li Yun, meet again."

Xiao Mingzhu greeted him generously, "Mu Xin and I live in the same place. After learning that your company is going to develop a conference last night, I wanted to join in the fun."

As her richest daughter, if she goes to another company's press conference, she will definitely get a VIP seat.

Only Li Yun was able to win Xiao Mingzhu's favor and took the initiative to participate without notice.

"welcome."

Li Yun smiled and said, Xiao Mingzhu will come, most likely because he knew that he had an extraordinary side last night and wanted to know more about the practitioner.

At this point, there are already five beautiful beauties surrounded by Li Yun, three of whom have clearly had an unusual relationship with him, which made the onlookers very envious.

"This Li Yun is simply a winner in life, there are too many beauties around him!"

"Isn't it? Big star Liu Xianxian seems to be interested in him."

"Who is that beautiful smiling woman? I like cheerful girls, hehe."

"Don't think about it, she can scare you to death by telling her origins!"

"I, Cao, envy, jealous and hate! Wait, another car is coming. Is there a beautiful woman?"

Chapter 976: Another beauty

In the weird eyes of everyone, another good car drove over, out of which four great beauties with looks, temperament, and figures no less than the five beauties on the scene.

One of them, wearing a white dress, with a cold and holy temperament, with an indifferent expression on her peerless face, made everyone even more stunned and shocked by her temperament.

It seems that this beauty is even more beautiful than their idol Liu Xianxian, and the temperament is even more outstanding.

"No, Xianxian doesn't need her to be worse!"

"That's right, the two are of different beauty, and our immortal will never lose to her!"

"This woman is an expressionless type. She belongs to the lofty Moon Palace Fairy, cold and lonely, while the fairy in my house is innocent and human, like the Nine Heavens Profound Girl in the Heavenly Palace. Well, that's it!

No one has said that the holy beauty is more beautiful than Liu Xianxian, but this group of fans has begun to defend their idols. It can be seen that the shock of the cold beauty is definitely not low for them.

"Qingyu, you are here."

Li Yun said hello to them, then looked back at the beauties behind him, and suddenly felt that there were too many beauties around him, especially when they got together, it seemed as if they were in a fairyland, with full vision. It is a beautiful woman with unique characteristics, which is pleasing to the eye and beautiful.

Qingyulianyi, Little Chili, the richest daughter, Princess Yongning, the queen and queen star, the sage lady and the little maid Qingzhu, even Li Feng, who is only Li Yun's sister, although the dress is ordinary, the temperament is still immature, not as good as They are outstanding, but their beautiful body and appearance, as well as the temperament of a gentle big sister, are enough to smooth the gap with them.

"..."

More than 3,000 people onlookers were speechless, and were shocked by these distinctive beauties.

"Ahem, let's go in!"

Li Yun felt that he could not expose his relationship with them in the public. Otherwise, it would not matter that he was accused by thousands of people. Anyway, he had a thick-skinned face, but these girls were insulted and hurt by others, which was not what Li Yun wanted to see.

"Everyone!"

Li Yun turned his head and said loudly to the crowd of onlookers: "Fans of Xianxian, please rest assured, Xianxian is not here to endorse the game, but only as a friend to participate in the press conference."

After a pause, Li Yun smiled again: "Moreover, the game I released is not a page game, it is a stand-alone game. Maybe you don't know that this game has already made a guarantee. There is no upper limit for the donation of ten yuan to the public welfare fund. If you sell 100 million sets, I will donate one billion!"

"what?"

Liu Xianxian recovered from the shock of seeing Fan Qingsheng, looked at Li Yun in surprise, and smiled: "Why don't I know about your donation? Was it just a decision?"

"No, I said it the day before yesterday."

"Okay, hee hee, this is good." Liu Xianxian secretly laughed, "Li Yun, if you feel sorry for my reputation, these money will be treated as my expense... The company won't lose money, right?"

"of course not."

"If you can sell one hundred million copies, one billion is a lot~"

"Haha, Xianxian, you are so innocent. I just made an assumption. I estimate that two million is not bad."

"That's amazing too."

Liu Xianxian and Li Yun were talking and waved a little hand to the fans behind: "Everyone, go back, I will go to the press conference to see what Li Yun's game is like, everyone waits to watch the press conference, I like it. If you do, please come and buy it."

Chapter 977: Press Conference (Part 1)

Liu Xianxian is just a word, but it works better than ten million advertising expenses!

Her fan base is too large, and the spread of any promotion is absolutely amazing, and it is much more effective than smashing tens of millions of advertising fees!

After the group of beautiful women left, the door of Mingyu Mansion was quiet a lot. The security guard Zhang Wei wiped the sweat from his forehead and took a long breath.

Ever since Baiyun Technology rented a two-story office building in the building, it seems to have become the focus of Zhonghai City. Various well-known figures that could only be seen in the newspaper news appeared one after another, and there were even no reports, but temperament. Very extraordinary women also appeared.

"Baiyun Technology..." Security Zhang Wei muttered to himself, looking at the 30th floor enviously, "I'm afraid it will become a top-notch big company, but unfortunately, it has nothing to do with me as a small security guard."

However, he changed his mind to see that it is a rare benefit to see those top beauties often.

Although all those beauties seem to belong to one person.

...

Li Yun took Princess Yongning up to the 30th floor. The little princess experienced the crowded environment just now. After stepping out of the stairs, she became very lethargic again. She leaned in Li Yunqi and could hardly walk. Hugging around the waist and walking.

Fortunately, Princess Yongning's figure is very petite, with only a meter in her head, and her weight is very light, so it is almost effortless to hold her.

"Hey?"

Little Pepper blinked and looked at the little princess strangely: "Brother Li Yun, what happened to her? Does she seem to be sick?"

Such abnormal sleepiness makes it easy to guess that she is sick.

"I'm sick." Li Yun looked at Fan Qingsheng, before speaking, the latter lightly opened his lips and said, "I'll take a look for her."

The voice was as beautiful as ever. Liu Xianxian and Little Pepper Su Muxin, who heard the voice of the saint for the first time, both opened their eyes in surprise.

"Your voice is really... the sound of heaven!"

Liu Xianxian couldn't help but exclaimed that she even thought it was better than singing herself. Oh my God, how could there be such a nice voice in the world, if it is used to sing, just sing a capital to win the music awards all over the world!

No one can resist a song sung by such a beautiful voice.

Sage Fanqing glanced at her and said nothing.

Little Chili was stunned. There is such a magical woman beside Brother Li Yun?

"First, first, let's do your thing first." Yongning reluctantly supported it, holding back his sleepiness and taking out a small pill from a sachet next to his body and putting it in his mouth.

Soon, her drowsy state was relieved, and her confused expression became clearer.

The girls looked increasingly strange, what happened to this little sister?

Putting the matter down temporarily, Li Yun and the girls came to the press conference on the 29th floor.

It has been arranged to look similar to the last press conference, except that there are many more places in the audience, and more reporters have come. Among them, important news media websites in the entertainment industry have all sent talented soldiers to interview Liu Xianxian on the spot.

Therefore, as soon as Liu Xianxian appeared, as many as dozens of cameras were pointed at her immediately, and the sound of taking pictures was endless.

"It's Liu Xianxian!"

"Sure enough!"

"finally come!"

"Big news, Xianxian has such a good relationship with Li Yun!"

"My God, so many beauties!"

Chapter 978: Press conference (below)

The arrival of the women made the conference scene boil. Nearly ten top beauties have their own characteristics, loli, young girls, royal sisters, princesses, saints, maids, sisters next door, wealthy daughters, with different temperaments, classic and elegant, Demure and graceful, lively and lovely, proud and tiring...

Wait, the beauties have their own personalities, brilliant and beautiful, with smiles like flowers, so beautiful that people don't know who to look at.

"I'm Cao! I like that sister Yu with a reserved smile, oh my god, a light blue dress pierces my pain points, it's so beautiful!"

"Hey, I like little Lolita, cute, innocent, shy and curious eyes, I really want to hug her and pinch her face lovingly."

"No one likes a beautiful woman in a small black suit? Sunny and cheerful, and she has a noble temperament, she looks like a wealthy daughter."

"Hehe, her name is Xiao Mingzhu. After you get to know her, you will know that you will never have anything to do with her in your life!"

"Hi! That fairy... so beautiful!"

There were endless discussions at the press conference, until the beauties were sitting in the front row of VIP seats, and everyone's eyes were still watching them closely.

Many of them looked at Li Yun with envy and jealousy, as if they couldn't wait to replace him with so many beauties and enjoy the blessings of people!

"Wu Ke."

Asking them to sit down and wait, Li Yun walked over to say hello to Wu Ke on the stage, and many staff members around showed surprised eyes.

"Boss, you...!"

When Wu Ke saw so many beauties appearing together, her eyes kept widening, and his boss actually brought so many beauties to the press conference.

This conference is not like a game conference, but the filming ceremony of the "Twelve Golden Hairpins" movie, or a quarterly new product release conference of a fashion company, which invited a large group of female stars from the entertainment circle to participate.

But Wu Ke is sure that even if all the stars of the entertainment industry come, they cannot match the quality of these beauties brought by Li Yun!

"Ahem, some of them are my friends, some are my confidantes, and one is my sister."

Li Yun gave a serious explanation, and gave himself a compliment.

The word confidante can't be used too well!

"The boss's confidante... Oh, I see!"

Wu Ke gave Li Yun a meaningful look. It's good to be young and rich.

If he was sitting on a company with a market value of hundreds of billions when he was at Li Yun's age, he could also find a large group of beautiful women to be confidantes.

"Don't talk nonsense, start the press conference."

Li Yun changed the subject and said, it would be endless if he went on.

"Okay, I'm ready, just wait for you to come on stage to say the opening remarks." Wu Ke shrugged. He hadn't done game-related work and didn't pay much attention to this aspect.

Had it not been for Li Yun's insistence on developing the conference, Wu Ke had planned to just publicize it and release it directly. Anyway, the cost of this game is not high.

At ten o'clock in the morning, the press conference started on time.

Li Yun walked to the makeshift podium alone, the lights dimmed, and everyone's eyes focused on Li Yun.

"Everyone here, welcome to the second product launch conference of Baiyun Technology, and it is also the first game launch conference of Baiyun Technology!"

"The title of the game is called Xiao Ming's World!"

As soon as the voice fell, a line of khaki fonts projected on the white cloth behind him: "Xiao Ming's World".

There was a commotion and discussion in the crowd, and the name was a bit weird.

Chapter 979: The reaction of the girls

Li Feng silently looked at the younger brother on the stage, only to feel that her younger brother was so radiant and handsome at the moment. No man in the world could compare to him at all, making Li Feng deeply attached to her.

The reason she came to the press conference was not only for Princess Yongning, but also to see Li Yun's current changes.

At home, Li Yun will always be her younger brother, well-behaved, sensible, and hardworking, so that she and her two younger sisters can work hard, and go out to work at night.

But before he knew it, Li Yun had changed.

At home, she was still her younger brother, but outside, her younger brother had become a man who stood upright and was looked at with admiration by countless people!

"younger brother....."

Looking at her dreamily, Li Feng made a decision in his heart.

"Big bad guys seem to be handsome."

The little maid Qingzhu was sitting next to the Sage Fanqing, and seeing Li Yun talking on stage, her face turned red, and she quickly greeted her eyes.

But hearing Li Yun's warm and moist voice came into her ears, the little maid couldn't help but look at him secretly. The girl's heart was stirred, and a soft emotion emerged, making her blushing and heartbeat she had never experienced before. At that time, she felt uncomfortable and had a different taste.

"No, no, what am I thinking about?"

The little maid Qingzhu bit her little cherry mouth and forcibly closed her eyes, not to look at him.

She is the maid of Lady Saint, and she will follow Lady Saint for the rest of her life. She can't have her own emotions, let alone marry another man.

Unless Lord Saintess...no, no, no, how could this be possible? How could Lord Saintess marry such a villain!

The little maid shook her head vigorously, the heat from her cheek made her seem to be able to emit steam.

——She still doesn't know that the lady she serves with all her heart has a different relationship with the person she quietly likes.

"Brother Li Yun is still so handsome~, hehe!"

Su Muxin held her mobile phone happily and photographed Li Yun's freely speaking speech on stage, ready to appreciate it later.

Her mind is much simpler. She admires Li Yun, likes Li Yun, and is one of Li Yun's girlfriends... It is such a simple relationship!

The women in the audience looked at Li Yun with different expressions. Except for Xiao Mingzhu, the other women had deep feelings for Li Yun.

"Everyone, the general situation of the game is like this. Do you have anything to ask?"

Li Yun briefly introduced the game, looking at everyone in the audience.

"I want to ask a question!" Someone raised his hand, and Li Yun motioned to him to stand up and ask.

"I have a big doubt, why is this game called 'Xiao Ming's World'? Is your company's next game called Xiaohong's World, or Li Lei and Han Meimei's World?"

Everyone laughed out loud, as long as they had gone to school, they knew the meaning of these names.

Xiao Ming is the protagonist of elementary school composition.

Xiao Hong is a friend of Xiao Ming, and the two of them were childhood sweethearts, and they are both regulars of composition.

Li Lei and Han Meimei are the heroes and heroines in the English books of junior high school.

"Why are you laughing?" Li Yun asked calmly on his face.

Uh?

Everyone thought that Li Yun was angry, and the press conference suddenly became quiet.

"Because it's very simple!" Li Yun suddenly laughed, "I want this effect. Xiaoming and Xiaohong are names that every Huang Xuan countryman knows. Isn't it obvious that they should be used as the protagonists of the game?"

Chapter 980: Xianxian also plays games

Everyone realized that Li Yun was joking just now!

"Huh?" The person who stood up and asked the question was stunned for a moment, and then he laughed: "It turns out that it is, I understand! The game is named after the protagonist, and Xiao Ming is a familiar name...very good. Very strong, thank you for your questions, I am quite interested in this game."

"Welcome to wait for a try."

Li Yun smiled. This is a normal game enthusiast who comes to the game conference, but the purpose of the people who ask questions next is not simple.

Sure enough, after a while, a man stood up and asked, "Mr. Li Yun, can I ask another question?"

Li Yun glanced at him. There was a camera hanging around his neck. He was obviously a reporter.

But he was not afraid of making things difficult, and directly replied: "Yes."

The reporter glanced at Liu Xianxian, who was sitting in the front position, and then formally asked in official terms: "What I want to know is that this time your company invited Liu Xianxian as the spokesperson for the game. This seems to be Liu Xianxian's first endorsement of a game. May I ask your company? How did she move her?"

Many reporters in the entertainment industry were refreshed and turned their cameras to Liu Xianxian. Many of them even used live cameras to broadcast the entire press conference on the website without any loss.

Therefore, in the live broadcast room of the press conference, many fans of Liu Xianxian are scolding, and they actually ask their idols to endorse the junk game, which is really a curse!

"Ahem!"

Wu Ke coughed and motioned Li Yun not to answer.

"I want to correct one thing."

Li Yun smiled slightly and said: "At the same time, it is also to reiterate: Xianxian is my important friend. This time she is not here to endorse, but to participate as a guest."

All the shots turned to Liu Xianxian, and the fans in the live broadcast room cheered again.

"Hee hee, it's okay to endorse." Liu Xianxian spit out a little pink tongue and said mischievously: "I just found out that Li Yun, you are quite rich, um, you can please me~"

Everyone was stunned. It was the first time they saw Liu Xianxian flirting with a man and joking. Beautiful, it's so beautiful!

Especially Liu Xianxian's innocent and kind temperament, but naughty like a little devil, it is like a kitten scratching people's heart, itching too much.

"Okay, I have no problem with this, is fifty million enough?" Li Yun smiled.

"Huh?" Liu Xianxian waved his hand quickly, "I'm joking..." Then she saw the joking smile at the corner of Li Yun's mouth, and suddenly realized that Li Yun was also joking.

"disgusting!"

Liu Xianxian's face flushed, and his eyes shyly avoided his sight.

The fans in the live broadcast room were stunned. Why does their idol seem to be flirting with that man? !

"Guest? In other words, Liu Xianxian will play games on the spot next time?" The reporter accurately grasped the keyword.

"If Xianxian can play games."

Fans are stunned again, they... will see an idol playing a game for the first time?

Since Li Yun appeared next to Liu Xianxian, fans have seen too many things that belonged to Liu Xianxian for the first time, and now they have done all the things that Liu Xianxian would not do before.

At this time, a female reporter stood up and asked questions without Li Yun's consent.

"Excuse me, you bind a **** game and Xianxian together, do you have the feeling of wanting to be more Xianxian?"

The tone is aggressive and the expression is very stern.

Obviously, this is a fan of Liu Xianxian who is fighting for his idol.
