Chapter 21 Back Home Meadow's p.o.V. Fine I knew that Makay would be late and I had kind of expected him to be a no - show , but then I had seen the SUV pull up to the front Oh my , it looks like his Alpha didn't trust him at all . He has four Warriors with him and I know that each of them will kick his ass , if they get the chance . " Elder Chelsea , can you tell those four that I am doing fine ? They are half of my social circle . " I tell her through the mind - link and I hear her remark to Makay No , she isn't lying .

I am actually the Champ around here , when it comes to coming up with punishments and dishing them out . I walk away when Makay is almost near me and I don't look over my shoulder to see if he is following me . he can does this the hard way if he wants tot I will write down everything in his file and I will closely monitor his progress , if he shows any " Get a move on . you are already two rounds behind I say as I fall in line with the rest of my team . I had already been on the tracks through the forest when Elder Chelsea informed me about Makay's arrival .

Marvan volunteers to run an extra lap to get Makay to complete his run and we are already working on the obstacle course , when they finally join us . " No stopping , this is not a school trip . I grow the moment Makay stops to catch his breath . We keep training until half an hour before lunch and I show Makay where his room is . " My room is across the hall , just in case . " I say , before I walk into my own room . I take a quick shower , before I get dressed and sit down behind my small desk .

I go over my studies just one more time , I know I can pass this exam with flying colors and it is the last one for me . My team is already waiting for me , but there is no sign of Makay and without thinking about it twice I oper the door to his room . I can hear the water running and I make a gesture to Maryan , who takes off with a smile on her face . " Aargghh , What the Fuck ! " We hear Makay exclaim through the crack of the door and 1 throw it open to see him in his birthday suit . " Lunch is served in three minutes , get dressed . We are not at a spa .

" I growl before I slam the door shut . I walk into the dining room to find a part of my team already at our table , their plates a bit fuller than usual and I know exactly why they did that . Makay walks into the dining room and heads for the buffet , only to find that there is barely anything left and I hear Rebel chuckling in the back of my head . " That is what you get for showing up late . If you had done as you were told , you would have known that there are set times for breakfast and lunch and that if you are late , there might not be anything left .

" I say , the moment he sits down across the table from me . WED 12:26 Wed , Jan 14 Chapter 21 Back Home Finisher I don't say another word as I dig into my lunch and I see Maryan place a small plate in front of him . He looks at her for a moment , before he smiles at her and digs in Each member of my team places a small plate in front of him , as we eat our lunch and it is clear to see that it surprises him . " We might not like to have you in our team , especially not when we know the reason why .

However , we do take care of our own and having you pass out during training isn't a good thing " I say as I place a small plat in front of him . This afternoon . Maryan will be in charge . I have an exam to get to and she will write a full report on your behavior and anything else that she thinks I need to know . " I inform Makay . Makay just listens to me , while eating his lunch and I wonder how long it will take before he is willing to change his train of thought on females . " Which Pack do you belong to ? " Maryan asks him .

She isn't asking because she doesn't know she is asking to see if anyone has figured it out yet . " Black Valley Pack , but currently residing in Gold Moon Pack . He answers and I see everyone looking at him to continue his story , " Our Alpha accidentally became the Alpha of Gold Moon Pack and that territory needs his guidance more than Black Valley Pack . My Brother is the future Bera of Black Valley Pack and the future leadership stayed behind to lead for the time being " Makay continues .

An Omega is serving us coffee , the only thing we get brought to the table by the Omegas during breakfast and lunch . The former Alpha made a real mess of the Pack's paperwork , he didn't file anything during his reign and my twin Brother is currently trying to make sense of the Pack archive . " Makay says . The look on his face tells me that he has been in there himself and didn't like to work in there , but to me to figure out that they are missing a Pack - member , because I that is good news . It will take them why's know that my Father won't say a word .

" How the hell did he manage to do that ? " One of my other team members asks . Makay tells us about the way his office looked on the day they had arrived and that the Pack archive had been even worse . " The only reason Myka went down there is because of Elder Morton and some of our Pack - members . according to Myka they had looked rather funny when Beta Rhys informed Elder Morton that all Pack- members were present . Myka believes that we are actually missing a Pack - member . " Makay states . " Want me to find out more ?

" I hear Maryan ask in my head and I tell her to find out everything she can . " Sorry , but I have to take my leave . My exam is in half an hour . I will see you all when I get back . " I say as I get out of my seat . I hope that Maryan is able to find out a little bit more about what happened back home . I would like to know if someone already screwed up with Alpha Lincoln . admin

Chapter 22 Beta Family Myka's p.o.v. Finished Instead of getting back to the pile of mixed up papers , I start to file every completed file and little by little the archive becomes less cluttered

. I have eaten lunch in the archive , I didn't want to waste any time and I hope I can start again on looking for a lead on Meadow . Her file is still incomplete and I didn't find her on the list that Dad gave me , which bugs me to no end . How can a Pack - member just disappear ? There has to be some information on her and who her family is . there has to be some trace of her .

Once I have cleared all the completed files . I turn back to the remainder of the papers I need to sort through . A red file catches my eye and it is at the bottom of a stack of papers on the left side of the table , I haven't seen any file within the papers . I carefully grab the file and slowly pull it from under the stack , blocking it with my other arm to make sure it doesn't start sliding . My heart skips a beat , when I see Meadow's name on the outside and I slowly open it .

The first thing I see is an attendance form for the Elders ' Renegades , it is signed by Alpha Hank and the request came from Hayden . Her specialty is listed as Law and History , a great asset for a Warrior and especially if you are a Renegade . The next paper are her grades from school , she was a straight A student and she excelled in Law and History . I read the rest of the papers in her file and it paints the picture of a smart and talented young female .

Her grade list was followed by two letters from her teachers that she had for Law and for History and both letters are addressed to the Alpha , their way of telling him that she was an asset for this Pack . " What the Fuck . " I say out loud as I turn the page . This has got to be a mistake , this can't be true . I grab the file and the other papers I found on Meadow and run out of the archive to the Alpha office . I need to show this to Alpha Lincoln and Dad . I don't even knock when I reach the office , I just barge in there and everyone startles at my sudden entrance . " Sorry , Alpha .

I have something you need to see , I finally understand the look Elder Morton gave Beta Rhys . " I say , after I have slammed the door shut and locked it . " Just tell us . " Alpha Lincoln says . " Beta Rhys has a Daughter , her name is Meadow and she is sixteen . She is a Lycan , according to her blood test . I haven't found any information on her Mother yet , but why didn't Beta Rhys or River tell us that she had left the Pack ? " I ask , while Dad is looking through her file . " She left for Renegade territory , but when ? " He asks and at that moment there is a knock on the door .

I unlock the door to allow Hayden to enter the office and I see Dad giving me a strange look . 1/2 12:26 Wed , Jan 14 Chapter 22 Beta Family " Hayden , what can you tell us about Meadow ? " I ask him . after locking the door again . Finished " I don't think it is my story to tell , but I can tell you that Beta Rhys and River have never treated her as family . She was raised by an Omega , who found her second chance Mate when Meadow was almost fourteen and that is when she moved in with us . " Hayden says . " Do you know anything about her Mother ?

" I ask him , I hope that he can give me something to work with . " All I know is that she left when Meadow was about two years old and according to Rebel she is no longer alive . They can't feel a bond with her . so I believe that Rebel is correct . " Hayden answers . " Who the

Fuck is Rebel ? " Dad asks . " Meadow's Lycan . She showed up about three weeks before Rufus turned eighteen , neither of them understood why and it wasn't until his birthday that they figured it out . Rufus was Meadow's fated Mate and he knew that she was his fated Mate . " Hayden says .

No one says a word , we are all trying to see if Hayden is pulling our chains . " Hold on . You are saying that Meadow's Lycan showed up ? " Alpha Lincoln asks and Hayden just nods his head . " Rufus marked Stella the evening we arrived and that means that Rebel would have forced a shift . " " You might like to know that Meadow is going to become Makay's nightmare . " He says and that is when I remember she went to the Elders . " When did she leave the territory ? " Alpha Lincoln asks .

" The morning you took out Alpha Hank , we knew that she would be leaving after Stella lied about Rufus being her Mate . I don't think it will be wise to bring her back at this time , Rebel will probably kill them both . " Hayden says and I think that Hayden might be right . " I will not ask her to come back , at least not for now . Hayden is right . Rebel will kill Rufus and Stella if we bring her back too soon . I'll talk to Elder Morton about visiting her , just to talk to her . " Alpha Lincoln says . I am about to open the door for Hayden , when I remember his remark from earlier .

" What did you mean with Meadow becoming Makay's nightmare ? " I ask him . " She is the team Captain of an all - female team and Makay is assigned to her team . " Hayden says with a smirk on his face and I know I am going to spend some time with Hayden and his friends , just to find out how much trouble Makay is in . " Myka , tell River I want to see him in my office in the morning . I am going to try and find out what happened with Meadow . " Alpha Lincoln says and after acknowledging his request , I walk out of his office .

I still have a few hours to kill before dinner , so I return to the archive and hopefully find a few more papers on the Beta family . admin

Chapter 23 No Longer Makay's p.o.v. I still can't believe that they turned off the hot water or didn't warn me about the rush on lunch . 22 Finished AL . " Maybe if you hadn't stalled , you would have been on time and have had all the information . " Blade growls in my head . He is repeating the words of that little wannabe Warrior , just to annoy the hell out of me . She thinks she can get me to change my mind , I will show them that you don't mess with a Bear .

I can't wait until we get to the real training , because that is when they will find out that a female can't beat me and I will enjoy humiliating them . " How is Gold Moon in comparison to Black Valley Pack ? " Maryan asks me and for a moment I think about how to answer her question . " We are raised to value each Pack - member , from our Warriors to our Omegas . Each Pack - member contributes to Pack life and one will contribute more one day and less on another day . That is how things work in Black Valley Pack , but Gold Moon Pack .....

" I let the sentence trail off for a little dramatic effect . " Gold Moon doesn't cherish every Pack - member . Rory , Alpha Hank's Son , said that Pack - members that didn't pull their weight around the Pack had to fend for themselves , he meant Omegas and Sigmas with that remark . " I say . Maryan is staring at me , the disbelief is clear in her eyes to see . I have witnessed how Omegas and Sigmas are treated here in Renegade territory , so I understand her disbelief . " Do they cook and clean themselves ?

" One of the other team members asks and I laugh at the idea of Rory or one of the others cooking or cleaning , I don't see that happening anytime soon . " Want to see a Pack - house burn to the ground ? " Maryan asks her and then we all start laughing . Maryan takes me for a tour of the territory and in the meantime she tells me about the rules around here . Breakfast at 07:30 , lunch at 13:00 and you better not be late or there will be nothing left . Squad members .

that are still studying have their classes in the morning , the others train in the morning with their own team and in the afternoon everyone trains together . Our team is the exception to the rule , Meadow gets to determine her own schedule and I am surprised to find out that they switch their training hours between the afternoon and the evening . " An enemy doesn't only strike during the day and Meadow believes that we will benefit from training in the dark .

Other teams say that Meadow is nuts for running in the dark or for sparring in the dark , but I would say that I feel more confident now if I have to run in unfamiliar territory . " Maryan explains . She is right , in unfamiliar territory you don't run at high speed . Maybe there is something to say for this training method , but only our Elite Warriors train in the evenings and I believe that goes for almost every Pack . " Meadow has always had a rigorous training schedule , she can handle just about any male in our Squad and I have witnessed her putting unknown males in their place .

Don't underestimate her or us . " Maryan warns 1/2 Chapter 23 No agen me , before she leaves me in front of my room . I walk into my room to call my Brother . I want to know if he made any progress with the papers and must hear if anyone reported my stalling to Alpha Lincoln . The first place I look is on my nightstand , but it isn't there and I slowly and methodically search my room " Something wrong ? " I hear someone asking from the doorway . " Yeah . I can't find my phone . " I answer and I turn around when I hear someone chuckle .

" Let me guess , Meadow is your near my back on the male , before I od Captain ? Is the question I get and for a moment I think about turnin leadi " Then you can stop searching , she probably had it taken away . If you are the troublemaker that got appointed to her team , that is . He says before he walks away from my room . I hear Blade chuckling in my head , he seems to think that this is funny .

It is also the second time since getting my punishment that he has made himself heard , he is really pissed at me for getting into trouble and he hates that our Brother is angry with MIS Not that Blade agrees with me , but he also cat mop me from speaking my mind and believe me that he has tried to stop me from talking . I know that there are Packs that believe that any woman should be able to defend herself and that the leadership of a Pack should be at

the front lines of a bande , but that would leave their Mates unprotected . An easy way to take down a Pack .

if you ask me and according to history it has happened quite often . Therefore I don't believe that a woman should try to fema of an enemy , it will only result in their deaths a lot quicker and that will weaken their Mare . It also takes a lot more training hours to train a woman to be able to do what a man can do and there is nothing that anyone can do or say to make me change my mind about that . Maryan might think that Meadow had a rigorous training schedule . But in won't prepare her to fight off a Warrior of my caliber .

She lacks my height and she lacks my brute force , she will be no match for me . My Brother once asked me what I would do if our fated Mate a song and capable Warrior . I had though about it for a second or two and then I told him that I would reject her . Blade refused to talk to me for two whole weeks after that . Myia and Thyryns had avoided us for even longer and Mom had sent me to stay with Magnus .

None of them appreciated my honesty and it had changed my relationship with Myka completely He no longer confides in me if he has a personal problem and even on a day to day basis he would only speak to me if he had to but luckily that has gotten better over time . The only one Myka still talks to is Blade , but he never tells me what they talk about . admin

Chapter 24 Very Obvious Myka's p.o.v. ( 22 Finished River had been surprised last night , when I told him that Alpha Lincoln wanted to talk to him . Luckily I had anticipated that and had come up with the perfect excuse , " He wants to talk to everyone in the Pack , but he realized that talking with the Omegas first and then the Sigmas that it had looked as if he favored the Omegas . So , now he is going to call in whoever he wants to talk to and no longer going from low to high rank . " I had said to River and he had actually believed me .

Magnus walks onto our floor and he grabs some coffee before sitting down . As the future Alpha , he will be joining us for the conversation that his Father will have with River and I get to be present at request of my Dad . River and I finish our breakfast , before we head down to the ground floor and walk over to the Alpha office . " Ever been called in by the Alpha ? " Magnus asks teasingly and River shakes his head . " Magnus and Myka , sit down on the couch and just pay attention . " Alpha Lincoln says , while pointing towards the couch ..

" River , I want to get to know each Pack - member and I want to find out if they have any concerns or wishes . I start this conversation with the same question every time , what was your childhood like ? " Alpha Lincoln asks and I wait for River to answer it . " My Mother died when I was about four and Dad raised me by himself . " River answers , but I know it isn't the answer that Alpha Lincoln or Dad wants to hear . " No siblings ? " Dad asks and we hear a soft growl come from River . " River , your former Alpha made a mess of the archive and asking these questions will help us .

So , why did you growl at Beta Lennox ? " Alpha Lincoln asks . For a moment , River is quiet and I look at Dad to see if he might be linking someone . A small shake of Dad's head is enough answer for me and again I just wait for River to start talking . " When I was two years old , an old friend from Dad had died during a Rogue attack . Not that I really understood it all at the time , but I did understand that someone took my Mother's attention away from me . " River says , but it doesn't make any sense to any of us . " Can you explain that with a bit more details ? " Dad asks him .

" He had a newborn girl and she came to live with us . Mom was more interested in taking care of her than she was of spending time with me . Mom tried to get me to spend time with the both of them , but Dad told me that she only did it to make herself feel better . " River mumbles . " Did you ever ask your Mom to spend time with just you ? " Alpha Lincoln asks . " No , Dad said it would be useless . She would decline it or walk away the moment that baby started crying . " River replies .

1/3 12:26 Wed , Jan 14 Chapter 24 Very Obvious " What happened to that little girl after your Mother died ? " Alpha Lincoln asks . Finished " She kept living in our house and an Omega raised her . One day I woke up and both of them were gone , I never saw the Omega again , but she moved in with another family . Dad was glad that she was no longer a part of our lives . " River answers . We are all having trouble with containing our other half , this is his Sister he is talking about and hearing how a Beta has been treating his own Daughter .

He is lucky that we want answers or one of us might have lost his cool . " River , can I ask you a hypothetical question ? " I ask , after getting permission from Alpha Lincoln and River turns around to face me . " This is the situation , High - ranking Pack - member has a boy and his second born is a girl . At the age of four his Son gets tested and he turns out to be a Wolf , but one of his parents is a Lycan , his Mother . The girl is two at that time and then their Mom dies .

What would you say or do if you heard that that High - ranking Pack - member and his Son started ignoring that girl ? " I ask him . " No High - ranking Pack - member would do that to their own Pup , their Wolf wouldn't allow it and neither would any of the other Pack - members . " River answers . Normally I would have said that he is correct , but I know what happened to Meadow and River is completely clueless . " What if I told you that the situation I just described , actually did happen ? " I ask . " You have got to be kidding me , why would anyone do that to their Daughter or Sister ?

" River asks . " That is what I am asking you , why did you ignore your baby Sister ? " I ask again and he just shakes his head . Dad hands him Meadow's file and we can see by the look on his face that this is all new information to him , he never knew that Meadow was his Baby Sister . Their Father had lied to River and both of them had hurt Meadow in the process . " Where is she ? I haven't seen her since the night that Alpha Hank died . " River asks , but I am not going to tell him where she is .

" That is what we were hoping to find out , we have no idea where she might have gone or when she left . The only reason we know that she is your baby Sister , is because of Myka's

digging through the archive and I was hoping that you could answer a few questions about Meadow . " Alpha Lincoln says . We manage to stop him from going after his Father and I know we have to give him something to hold on to . " We will figure out where she went and we will make sure that she hears the truth , but for the time being you need to act as if you don't know the truth . " I say to River .

" Blame your anger towards him on the laws that they have stretch to the limits for their own benefit , let him think that you are angry at him for not educating properly . " Magnus says . Something that has been very obvious to us , ever since we got to Gold Moon Pack . admin

Chapter 25 Kick Ass Meadow's p.o.v. Finished For the past two days , we have been giving Makay the wrong impression of our training schedule and I am ready to put that boy in his place . " Okay , is everyone ready ? " I ask as we walk towards the training grounds and I see a smirk on Makay's face . " It won't be there for long . " Rebel growls in my head . " Makay , you will be my sparring partner . I want to see what you are capable of and what we might need to work on , before we take you with us on an assignment . " I say , while I take off my jacket .

Makay walks towards me with confidence in his step , but that will be gone pretty quickly . I just look at him as he takes a fighting stance and I patiently wait for him to make the first move . He waits a few seconds before he makes his first move and as he lunges at me , I step to the side to slam my fist in his side . He managed to keep standing , but just barely , he hadn't realized that he was coming at me too fast and my fist in his side made him become unbalanced . He swings his fist in my direction , but I block him with ease and my other fist connects with his ribcage .

I hear a satisfying crack and I know he will have trouble breathing for a few minutes . He stumbles a bit as he tries to get back into position and then he lunges at me again , but just like before I step to the side . This time I let my fist connect with his other side and again I could hear the satisfied crack of some of his ribs . I don't say a word as I wait for him to make his next move , I know that he is trying to find a way to take me down and if he can succeed I will be the first to congratulate him on his win .

Makay is looking at my feet to see what my next move might be and I can hear Rebel chuckling in my head . This is something I have trained with Tyson and I am able to make my feet move opposite from my arms , throwing my opponent off track . I step to the right and his right arm comes up to block my left arm , but it is my right fist that connects with his face . " What the Fuck ? " I hear him growl and I smile at him sweetly . " What , your Bear upset that you got bested by a girl ? " I ask tauntingly .

Makay lunges at me again , but I can tell that his Bear is near the surface and I allow Rebel to push forward . Rebel hates it when males think that they can outsmart us and the moment

we can put our arm around their neck , we start squeezing . We don't release him until we have choked the air out of him and we drop him unceremoniously to the ground . " Take him to the infirmary . " I say to one of the Orderlies . " Warn me when he wakes up . " I turn my back on them and decide to train with some of our other Squad members .

They are taking turns coming at us ; they know that we are too wound up to relax and sparring with multiple members at the same 7/2 12:26 Wed , Jan 14 Chapter 25 Kick Ass time , which gives us the chance to unwind . Finished Everyone stops at the same time , we can feel Captain Miles approaching and that means that we need to pay attention . He looks around as if he is looking for someone and I have a damn good idea as to who that person is , he is looking for Makay . " You might want to visit the infirmary , Captain . " I say as I pick up a bottle of water .

Captain Miles looks at me with a smile on his face , he knows that I can take down just about anyone and the fact that Makay is currently in the infirmary , tells him enough about Makay's situation . " Did you learn anything about his fighting skills before you made him blackout ? " Captain Miles asks . " Yeah , he is as easily fooled as the rest of you . " I say and I don't have to explain to anyone what I did , each of them has been on the receiving end of it . Maryan steps next to Captain Miles and shows him the video of our fight .

A growl escapes Captain Miles and I know that he has seen Makay's Bear near the surface . " I want to be there when he wakes up ; he was warned that this wasn't allowed during training . Only when we fight with our other halves can they assist us , but not during a normal sparring session . " Captain Miles growls . It takes almost two hours before we get a link to inform us that Makay is slowly regaining consciousness and I follow Captain Miles into his room at the infirmary . Makay growls the moment his eyes land on me , but I just shrug my shoulders in response .

" You were the one in the wrong , Makay . We made the rules very clear and yet you broke them . If it was up to me , I would send you home and let your Alpha deal with you . " Captain Miles says . " Luckily for you , Meadow is planning on putting your head on straight and therefore you get to stay . " " I do have to give you a warning , Makay . If that Bear of yours ever surfaces again during normal training . I will send you home in a vegetative state . " I growl in his direction , before I walk out of the room .

The moment I am outside the infirmary , I take my clothes off and let Rebel shift . We both need some time to ourselves and going to see Arion is the best remedy . Rebel lies down in her usual spot and with her eyes closed we both wait for any sound to indicate Arion's arrival . " Are you okay ? " We hear Arion ask and Rebel slowly opens her eyes to look at the Lycan that lies on the ground next to us .

" Just a dipshit that can't handle the fact that females can be stronger or smarter than him , he was sent here by his Alpha for talking down to females and to agree with some barbie doll that females shouldn't train . " Rebel answers . I can hear Uncle Major and Arion chuckle in my head , they seem to think it is funny . " It is clear he never met one of our family members , because any female within our family can kick ass . " I hear Uncle Major say teasingly .
