

## Gold Moon: Mated To The Beta Twins Novel

Chapter 31 Their Mother Myka's p.o.v. 22 Finished There was no update on Makay , Elder Chelsea refused to discuss it and made it clear that Alpha Lincoln would only get answers from Meadow . River and I have spent a lot of time with Meadow's friends and when they told him that Stella wasn't Rufus ' fated Mate , but that Meadow was , all hell broke loose . We managed to stop him from going after Rufus , because it would mean that everyone would know about Meadow and about Rebel showing up early .

It was enough to make River calm down , but he is taking it out on Rufus during training and the poor guy doesn't understand the problem . Rhys has been rather secretive for the past week and I am glad that I had Meadow's file placed in the safe of the Alpha office , because this morning I walked into the Archive to find some papers missing . Unfortunately for Rhys , I had made a copy of the Beta family file and all he did was destroy the copy and not the original file . " Rhys , I am only going to ask this once and you better have a damn good explanation . " Alpha Lincoln says .

" Why did you destroy your family file ? " : River is sitting next to his Father and his white knuckles show me that he is pissed off , but he doesn't say a word . " Before you say that you didn't destroy it , I want you to know that there is a camera pointed at the archive and we know that you went in there last night . " Dad says and I see a small smile appear on River's face . " What I do with my family file is none of your business . " Rhys says as he looks at Alpha Lincoln . " My family is my business and no concern of yours .

" I know that Alpha Lincoln is counting to ten in his head , it is something he does when a Pack - member or a visitor talks back . He is the Alpha and his Pack - members are his business , especially if he just took over as the new Alpha . " Rhys , your family file is my business . I am your Alpha and I need all the information that is in a family file , even if you think that there might be something that I don't need to know . " Alpha Lincoln says calmly . " What information did you destroy , Rhys ? " Dad asks and we all wait for Rhys to answer the question . " River , leave the room .

This is between me and Alpha Lincoln . " Rhys says , but River isn't moving an inch . " River , I am not telling you again . Get the fuck out . " Rhys growls and again River doesn't move , but Dad does . " ANSWER THE QUESTION . " He roars , scaring the shit out of Rhys . Alpha Lincoln is rising to his feet , he will order him to answer the question if Rhys doesn't comply and it seems that Rhys is aware of that . " I took out the information on my Mate , she died a long time ago and there is no use for it staying in my family file .

" Rhys answers , but we already know that it wasn't the only thing he removed from the file . 772 12:27 Wed , Jan 14 Chapter 31 Their Mother Finished " Anything else you took from that file ? " Alpha Lincoln asks and this is the first time since he sat down that River looks at his Father . " What else could there be in that file , Dad ? Is there something that I need to know ? " River asks and Thyrius . likes the way he put his Father on the spot . " Are you going to answer your Son or should I ? " Alpha Lincoln asks .

We are hoping that we will finally get to understand why he shunned Meadow or why he kept it hidden from River that he had a baby Sister . " My Fated Mate was a Lycan , a Low - ranked Lycan . The only thing she needed to give me was an heir , a Lycan male and she failed at that . When River was four his blood test showed that he was a Wolf and my Mate couldn't have any more Pups , so she was useless to me . She stuck me with a Wolf male and a She - wolf , I rejected her after the results came in on River and she left that night .

Leaving behind the one thing I told her to take with her and about two months later she died , it was the night that little She - wolf screamed at the top of her lungs . " Rhys admits . For a few moments it is deadly quiet in the office , but River is looking at Alpha Lincoln and after he gets permission River gets out of his seat . " You are no longer my Father , I will never carry your last name and when I find my baby Sister I will love and protect her the way you should have done .

Alpha Lincoln , I don't care what you do with him , but make sure that he stays away from me or I might kill him . " River says before he walks out of the office . I follow River out of the office and we head to the clearing that Meadow used as a training ground . Her friends are there waiting for us and it takes River a while to tell them what happened in the Alpha office . " I know that I hurt Meadow with my behavior , but I didn't know the truth and I will spend the rest of my life to make it up to her . Wherever she goes I go , she will never be without her family again ." River vows .

Tyson is deep in thought and it takes Hayden to smack the back of his head to pull him out of it , " Where the hell did you go ? " Hayden asks . " I could be mistaken , but I doubt that your Mother was a Low - ranking Lycan , River . Meadow has always been a damn good fighter , but after getting Rebel she became even better . I have read your training files and the same goes for you . Makes me wonder if she might have lied to your Father . " Tyson says . " Or Rhys never asked her . " River mumbles and now I really want to find out more about their Mother . admin

Chapter 32 Broken Trust Meadow's p.o.v. Finished Today is the day that I have to face my new Alpha and I walk into Elder Chelsea's office to see two males standing in front of the window . Both of them are about 6 " 6 and from the back they almost look identical . If my senses are correct then the male on my right is a Lycan , but the other male doesn't sense like a Wolf or a Lycan to me . I won't know what kind of Shifter he is and I won't until I have been able to look into his eyes , something I discovered the first time I met a Bear Shifter . Meadow , why don't we sit down . ?

" The male I assume is the Alpha says , as he gestures to the sitting area in Elder Chelsea's office . " It seems that I am at somewhat of a disadvantage . I have concluded that you must be Alpha Lincoln and that he must be your Beta . The only question I have , is what kind of Shifter are you ? " I ask as I look at the male sitting across from me . " Never mind . You are a Bear Shifter and if your height is an indication , I would say that you are a Grizzly . Probably Makay's Father . " I say , the moment he looks at me . " I am Beta Lennox and you are right .

I am a Bear Shifter and your deduction was accurate . I am a grizzly and Makay's Father . " Beta Lennox says . Both of them stare at me and I lean back in the armchair . I can tell that they are communicating through their mind - link and I can only assume that it has to do with me , with being able to tell what kind of Shifter the Beta is . " Alpha , can you tell me why you are here ? " I ask , attracting the attention of both males . " Hold that thought , Alpha . I need you to know one thing before you answer me .

I want to finish my training with the Renegades and once I am done , there is a big chance I won't return to Gold Moon . " I say as I look into Alpha Lincoln's eyes . I need him to understand that no one will make any decisions for me , but myself . " Why wouldn't you want to come home ? All your friends and family live there . " Beta Lennox asks . I am not sure how to answer him . Am I ready to tell them about my family , but more importantly am I ready to tell them about Rufus ? " Meadow , we came here for two reasons . The first reason is that we want to know how Makay is doing .

The second reason is that Makay's twin Brother , Myka , found your file in the archive and it raised a lot of questions for us ." Alpha Lincoln says . " I can give you a very short answer to your first question , Makay is an ass ." I respond . " As for your second reason , you might need to elaborate on that . " Alpha Lincoln hands me my file and there isn't much in there , something that doesn't surprise me . After I have closed the file Alpha Lincoln tells me about the conversation he had with River and now more than ever I want to kick my Father's ass .

1/3 12:27 Wed , Jan 14 Chapter 32 Broken Trust ( 22 Finished They also tell me that my Father destroyed a part of the family file , but it didn't do him any good . "River feels terrible about what happened . but I have to remind you of the fact that he was only a young pup when your father lied to him . We have known for a little while where you were , but we chose not to inform River . It is your decision whether or not we tell him where you are and whether or not you want a relationship with your brother . " Alpha Lincoln says . I'm grateful he's willing to let me decide for myself .

but I think I need to talk to Uncle Major about what to do . Maybe it is time that I explained to Uncle Major what happened to his Sister , his Nephew and his Niece . I'm just not sure if it will help him recover , it might send them off the deep end again . Maybe I should talk to Elder Chelsea before I talk to Uncle Major and maybe then I will be able to decide to allow River , back into my life . " I will keep that in mind . Alpha Lincoln . I don't like that my Father lied to River , but he could have come to me with questions . " I finally say . " Meadow , can I ask you a question ?

" Beta Lennox asks . " Go right ahead . Beta Lennox . If I have an answer , I will give it to you . " I reply . " You say that Makay is an ass . Can you explain that in more detail ? " Beta Lennox asks . " On the day of his arrival , he showed up late but you already know that . I suspected that he would assume that he could handle all the females in my team , but I made sure that he underestimated us and he ended up in the hospital .

I believe you are also aware of that and that I threatened to send him home in a vegetative state if he ever allowed his bear to surface during normal training . " I say and both males chuckle . " Makay is a smart male . he will be a good Beta one day . However , I believe something happened when he was a young Cub and that has altered his perspective of a Mate fighting , especially if it is a female . He doesn't mind that a female fights , but his demeanor changes when that female is mated . " I explain .

" I had seen it during a few of our training sessions with the rest of the Squad and I even discussed it with Captain Miles . " I say , before I hand Beta Lennox the file . Both males are quiet and I think they are trying to recall such an event . I am not sure if they are completely aware of what happened back then , but they might have an idea of where to start looking . " Thank you , Meadow . I believe we need to find out what made him turn on the way he was raised and I hope we can make him change his mind . " Beta Lennox says .

" I don't think there is much more we can do for Makay , but I suggest that we keep him here until a day or two before the Full Moon . You might have some answers by that time or maybe Makay has opened up to us a little bit more . " I say . At that moment we hear a knock on the door , just before it opens wide and Elder Morton walks in . " Alpha , I would appreciate it , if everything we discussed stays between the three of us . " I say as I get up . Elder Morton gives me an angry look , but I don't give a crap . He broke my trust and he hasn't done anything to earn it back .

213 12:27 Wed , Jan 14 Chapter 32 Broken Trust " What did you do to Meadow ? " Alpha Lincoln asks , or maybe I should say growls . admin

Chapter 33 Uncle Major Meadow's p.o.v. 22 Finished " He broke Meadow's trust . Instead of doing as I had asked , he decided to test her and lost her trust in the process . " Elder Chelsea says as she walks in behind Elder Morton . I still don't trust Elder Morton , he has done nothing to earn it back and if I am to tell you the truth he has gone out of his way to prove why I should never trust him again .

Elder Chelsea and Elder Josiah know what he did after Makay came to Renegade Territory , it was enough for them to ask for a meeting with the King and that meeting will be at the end of the day . " Alpha , I would appreciate it if you and Beta Lennox could accompany me to a meeting with the King . Something happened a few days ago and Elder Chelsea feels that this meeting is necessary , but I could use some moral support . " I say . They look at one another for a moment , before Beta Lennox gets up , " You can count on us . " He says .

Elder Morton tries to object to Alpha Lincoln and Beta Lennox being present at the meeting , but Elder Josiah quickly shuts him up by pointing out the rules . If a Pack - member has a

meeting with the Elders or the King , they can ask for the presence of their Alpha and / or Beta . I guide Alpha Lincoln and Beta Lennox to our training grounds , seating them in an area where they can see Makay without him seeing them . " Just watch Makay for a while , you will see that our observations are accurate . " I tell them , before I get down to the training fields myself .

Makay goes up against a few Squad members who are unmated , both male and female , to show our Alpha and our Beta the change in his demeanor . The moment a mated female steps up to Makay , his posture and facial expression change . He even taunts her occasionally , but it doesn't bother her . She knows what Makay's problem is , she just doesn't know where it comes from and that goes for everyone who has come to the same conclusion . " Dad , what are you doing here ? " I hear Makay ask and I walk over to them to introduce myself . " Hi , I am Meadow .

I am one of Captain Miles ' team leaders and currently also Makay's team leader . I wish I could tell you that he is making progress , but then I would be lying . " I say as I shake both their hands . " Makay , the meeting with the Elders is in an hour . Why don't you get showered and changed ? " I say to Makay and turn my back on them to give the others some orders . Almost an hour later we walk into the King's office , the Elders are already waiting for us and I notice that the King isn't present yet .

I have barely taken a seat when the King walks in and we all get up to show our respect for the King . " Elders , this meeting is at the request of Elder Chelsea and Elder Josiah . I have read their complaint and I have a few questions of my own on the matter . The first one I would like to hear from is Makay Voidhunter , Son of Beta Lennox . " The King says . 1/3 12:27 Wed , Jan 14 Chapter 33 Uncle Major Finishe Makay gets out of his seat and walks down to the center of the room , the rest of us just looking at him as an Elder swears him in .

" Makay Voidhunter , did you recently have a conversation with Elder Morton about team leader Meadow Sarraveron ? " The King asks and I can see the disbelief on the faces of the other Elders , because this is against the rules of Renegade territory . " Can you tell me what Elder Morton and you talked about ? " The King asks after Makay has answered that he had a conversation with Elder Morton about me . " He told me that Meadow hates males and has trouble working with them . I didn't believe him , because I had already met Meadow and she didn't treat me differently from anyone else .

I was curious as to why he accused her of hating males , so I asked him for the reason . " Makay answers . The King stares at Elder Morton , just like almost every Elder . I hope that he never answered Makay's question , because I would kill him if he did . " What did Elder Morton answer ? " The King asks and the entire room goes quiet , not one of them wants to miss the answer . " Elder Morton told me that her fated Mate had taken a chosen Mate and marked his chosen Mate before rejecting her . " Makay says and I slowly get out of my seat , my eyes locked with Elder Morton's eyes .

Alpha Lincoln steps in front of me and blocks my view of Elder Morton . He had no right to tell Makay , but killing him isn't worth it . Let the King deal with Elder Morton , that punishment will

be severe enough . " I hear Beta Lennox say . It takes me a few minutes to calm down , but the soft whispered words from Alpha Lincoln help to calm both me and Rebel down . Our Alpha knows how to help his Pack - members and that is one of the reasons why they are allowed to be present during meetings like this one . " Makay . I have a question for you . If the King doesn't mind .

" I hear the voice of Elder Chelsea , while I am still focused on Alpha Lincoln . " Did Elder Morton tell you the name of her fated Mate ? " Elder Chelsea asks , but I doubt that Makay has heard a word of what has been said . " I thought he was kidding , you are too young to find your fated Mate and therefore I didn't believe him . " Makay mumbles . " Son , did he tell you the name of her fated Mate ? " I hear Beta Lennox ask as he steps in front of his Son . - Rufus , he said his name was Rufus .

Was he talking about Gold Moon's future Gamma Makay mumbles , having trouble getting to terms with what he knows in his mind to be true . I feel arms wrapping around me as Rebel tries to push forward , but the voice in my ear stops both of us dead in our tracks . " He will be dealt with . Princess . I will always be here when you need me , like I should have been all these years . " Uncle Major whispers . admin

Chapter 34 Alphabet Leadership Makay's p.o.v. ( 22 Finished I don't know who the male is , but he calms Meadow down pretty quickly and I can feel the presence of her Lycan subside . " Elder Morton , you have been an Elder for long enough to know that you do not discuss another's personal matters with Squad members . You can discuss them with other Elders in the privacy of a soundproof office or room , but never with anyone else . I was informed of your behavior towards Meadow concerning her lack of trust in males and you received a written warning to stay out of Meadow's business .

I see no other solution but to force you into retirement , effective immediately ." The King says . A burst of murmurs is heard through the King's office , but I am more focused on Meadow and her interaction with my Father and Alpha Lincoln . I still can't believe that she found her fated Mate , she isn't even seventeen yet . She shouldn't be able to find her fated Mate for another year at least , she should have been oblivious to what Rufus did to her . His ass is mine when I get back home , Blade also wants a piece of him and our Brother will be right behind me when I tell him this .

" Oh , Fuck . She is the Pack - member that Myka mentioned , she left the Pack before we arrived . " I say to Blade as we both stare at Meadow . " Could it be that the reason Elder Morton looked at Rhys is because she is Rhys ' Daughter ? " Now my mind gets flooded with questions and I guess there is only one person that can answer them , Meadow . " Elder Major , what a pleasant surprise to see you here . Does this mean that you are ready to get back to work ? " The King asks while he walks towards Meadow and Elder Major .

" Your Majesty , if you don't mind I would like to spend some time with my Niece , before returning to duty . I also believe it will take a while to find a Pack that needs an Elder in their territory ." Elder Major responds . " There is a Pack that needs an Elder , they have been

without an Elder for a very long time ." The King responds and I see a determined look on Alpha Lincoln's face . " Your Majesty , I am the new Alpha of Gold Moon Pack .

I am also aware of a few things that might complicate Elder Major's post at Gold Moon Pack , but I could talk to Elder Carmen to see if she is willing to switch Packs ." Alpha Lincoln states . The King is nodding his head while he is thinking about Alpha Lincoln's offer , but it is Elder Major who responds . " Thank you , Alpha Lincoln . I appreciate the offer , I will discuss this matter with Meadow and get back to you ." Elder Major says with Meadow still wrapped in his arms . It takes another hour before Meadow and I walk back into our building and head up to our rooms .

" Meadow , if you don't want to answer me then just tell me to bugger off . Is former Beta Rhys your Father ? " I ask , no longer able to control my curiosity . 1/3 12:27 Wed , Jan 14 Chapter 34 Alphabet Leadership 22 Finished " Well , his name is on my birth certificate but I wouldn't go as far as calling him my Father . " She answers . I follow her into her room and sit down in one of the armchairs , hoping that she will tell me a little bit more about her childhood and for the next half hour I am listening to a story I wouldn't wish on my enemies .

" My Mate was the only reason I stayed in the territory , but you already know how that turned out . I still have trouble with Rufus turning his back on his fated Mate , not because I want him but for the sake of the Pack . His choice will weaken the Pack and Stella will be a horrible Gamma female ." Meadow says . Meadow tells me about her training with some of the Elite Warriors and I recognize all the names I hear , they had been her family when her own had turned their backs on her . " Do you want me to talk some sense into River ? " I ask her , but she shakes her head .

" Not necessary , Alpha Lincoln had a talk with him . " She says before she tells me about the conversation Alpha Lincoln had with River and now Blade wants a piece of former Beta Rhys . " I am not sure what to do with this information , but I am going to share it with Uncle Major and hear what his thoughts are on the matter . At the moment I don't want either one of them to know where I am or for my Father to know that River and I know the truth . " She says as she gets comfortable on the couch . " Why do you trust me enough to tell me this ? " I ask her and I hear her giggle .

" I doubt Myka would keep it from you or anyone else who knows the truth , they are probably hoping that they get to rub your nose in it . After all , you will have missed out on a few things by the time you get back . " She states . " How many siblings do you have , besides your twin Brother ? " Meadow asks with her eyes closed and her head resting on the armrest . " I have an older Brother , his name is Misha . Then there is me and Myka as you know and then we have Makayla , our baby Sister . " I answer her and again she is giggling . " What about the rest of the leadership ?

" She asks and I realize that she is staying on a safe topic . " Alpha Lincoln and Luna Leona have three children . Madden , who is two months older than Misha . Then we have Magnus , followed by Mylah . " I hear her giggling getting worse as I speak . " Gamma Layton and his Mate Laney have four children , just like my parents . " I stare at Meadow for a moment before

I decide to continue , after all she did ask me a question . " Matheus is the future Gamma of Black Valley Pack and then there are the twins Malek and Mauro , their baby Sister is Marisol .

" I say and Meadow looks at me while she is shaking her head . " Who ... came up ... with the names ? " She manages to ask . " And what's ... with all ... the M's ? " I let her words sink in and I chuckle when I realize another similarity , but then with our current leadership . " My Mother's name is Lilith . " I say and she rolls her eyes at me . " Is your Pack's leadership the alphabet ? " She asks and I am stunned as I remember Grandpa's name , Keegan . admin

Chapter 35 A Hypothesis Meadow's p.o.v. Finished Okay , Makay may be an ass when it comes to females and fighting , but he is easy to talk to . Not really what I had expected from him , but it makes up for a few of his flaws . We have a good laugh at the names of his family members , but we stay away from the subject of my leaving the territory . Makay seems to understand that I am not ready to discuss this with him and maybe I will never be ready to discuss this with him . " Okay , I have been wondering about this ever since I was informed of your arrival .

Why did you disobey a direct order from your Alpha ? " I ask Makay . " It wasn't a direct order , he just gave me a warning . " Makay answers and I roll my eyes at him . " Tomayto - tomahto . " I respond . " It was clear that it was an order to stop with your stupid comments , because Alpha Lincoln told you it was your last warning . " I respond . He looks at me as if he can't believe that I just talked back to him , too bad for him that he doesn't understand that as a team leader and a Beta's Daughter I don't respond well to idiocy .

" Makay , I want you to think about this hypothesis carefully before you answer me . A Pack - member is constantly late for training , interrupting training every time he gets to the training grounds . No matter what anyone says , he keeps showing up late and it is starting to cause trouble between him and other Pack- members . What do you say to this person ? " I look at him after I am finished with my hypothetical situation . I am hoping that Makay can understand where I am going with this , but only his answer can tell me that for sure .

" It is affecting everyone around him , so we have to put a stop to his behavior . " Makay says , at least he understands that this kind of behavior can't be tolerated . " I would tell him that he is warned and if he shows up late again that he will be on night patrol for a period of time , if he hates night patrol or another type of duty that he doesn't like . " Makay finally says . I smile at his answer , because it is technically a warning , just like Alpha Lincoln had done with him . Let's see if he can appreciate the rest of my hypothesis . " Okay , next morning he shows up late again .

What is your next course of action ? " I ask . I am so hoping that he will treat his warning as an order , just to see the look on his face when he realizes his own . misinterpretation . " Send him on night patrol , after all he disobeyed my order by not being there on time . " Makay responds and I laugh at his answer , he just said it himself ; his order . " Why ? You only gave

him a warning , so he didn't disobey an order ." I look at Makay as I reply to his answer and slowly reality sinks in . " Yes , Makay . A warning is also an order , just a bit more gentle than an actual order .

" I say . To most people , an order or a warning isn't always considered the same thing , but for a High - ranking pack member , they are usually the same . Only those that refuse to understand that their behavior will become 1/2 12 . Wed , Jan Chapter 85 A Hypothesis Finishe their downfall will try to make it look as if an order and a warning are two completely different things . It is one of the first things Captain Miles taught me after becoming a team leader , those that are willing to learn from their mistakes , that want to change their bad behavior , will consider a warning an order .

Makay finally seems to realize that I basically tricked him with my question , he never considered that Alphi Lincoln's warning was a hidden order and he screwed up monumentally . Meadow , that was a sneaky thing to do . You knew I would screw up and consider my warning an order . I am glad though that you were able to point out that I was in the wrong , that Alpha Lincoln did warn me to change my behavior , and I am sorry that you got stuck in the middle . " Makay says . You probably would have understood it eventually , but it might have been too late by that time .

" I respond " What do you mean : " Makay asks . It sounds like he never thought about the consequences of his behavior. not for himself and not for the Pack . " What if I had been unable to teach you the difference or the similarity between a warning and an order and it would have caused Alpha Lincoln to rethink your future position ? " I answer Makay with a question . His eyes widen the moment my words sink in . it may not change his behavior , but I think it is inally clear to him that as the future Beta he needs to put the interest of the Pack first and not his personal opinion .

I have no idea what Alpha Lincoln's plans are for Gold Moon territory , but he will need a new leadership somewhere down the line , and if he were planning on handing it over to his second born Son , then Makay , would be the next Beta . Makay would share that position with his twin Brother Myka and that is where their next problem lies . It is my understanding that Myka will accept any Mate the Goddess pairs him with , but Myka won't be the only one that has to accept her I know from Maryan that Makay is hell bent on rejecting his fated Mate if she turns out to be like one of us .

a strong female that can fight her own battles and won't hide away in a safe room just to please her Mate and that is the total opposite of Myka's thoughts on the subject . Don't get me wrong , I do understand a part of Makay's concerns I just don't believe that that should be reason to either reject your fated Mate or to agree with women that don't want to train to be able to defend themselves . My mind wanders back to a discussion I once witnessed in school , a hand on my arm startles me and pulls me out of that memory . 。 admin
