

Goodnight 1151

[Chapter 1151](#)

1151 One in ten

Lin Hanxing looked straight ahead, as if he couldn't feel Fang Mengran's collapse.

back then, there were ten projects placed in front of Zhong Xueqing for her to choose from. This was the only one with the highest risk and the highest return.

Sometimes, even Lin Hanxing himself could not help but sigh at how lucky he was.

Even if he hadn't gone to find trouble with Zhong Xueqing, she had already dug her own grave.

If she had chosen the other nine with slightly lower gains, she would not have been in such a passive situation. At least, she would have had some room to breathe and struggle, but ...

One in ten, but she had chosen the only quagmire.

This kind of luck was really unparalleled.

Fang Mengran's face turned pale.

She understood what Lin Hanxing had meant.

That was why she said it was too late!

Fang Mengran had already forgotten how she had gotten out of the car. She only held the document in her hand as she looked in the direction of the luxury car that Lin Hanxing had taken and squatted on the ground in a daze ...

.....

At the Affiliated Hospital of Jiangcheng Medical University.

As Bai Xi parked the car, he Chengyu got out of another car.

Today, young master he was dressed in a well-ironed black suit and was holding a bunch of blooming oleander in his hands, just like the one Lin Hanxing had held in his arms when they first met.

The hair in front of his forehead was combed back, revealing that ravaged but determined face.

He deliberately revealed the scars that symbolized the accident back then.

"Let's go," he said.

Lin Hanxing glanced at the oleander in his arms, his eyes indifferent.

The three of them walked into the hospital.

They soon arrived at the ward area.

Even though he had been resuscitated, second young master he still lost his male function completely. Yuan Xiaolei had cut off his entire body from the root. It was already a miracle that he managed to keep his life.

“Ninth young lady.”

The guards at the door bowed respectfully to Lin Hanxing.

Earlier, a police officer had come over to take a statement, but he zhehan had scolded him and chased him out. To prevent any accidents, the police officer had left first.

“Have you kept all the sharp weapons in the room?”

Lin Hanxing asked in a deep voice before entering.

“Sharp weapons, including those with edges, have all been removed.”

Lin Hanxing nodded and pushed the door open.

Inside the house.

All he could see was white.

The white walls, the White curtains, everything was white.

There was nothing else in the large room except for a bed. It was as if they had entered a special intensive care unit in a mental hospital. It gave people an inexplicable chill from the bottom of their hearts.

“Get ... Get out ...”

When he zhehan opened his eyes and saw her, he struggled and screamed madly!

However, the binding belt restricted his freedom, making his struggle look as ridiculous as a trapped beast.

He Chengcheng put the bunch of oleander on the bedside table expressionlessly.

The corners of the cabinet had been wrapped up.

If a person with a persecutory delusion lived in the room, it would be as comfortable as it could get.

Bai Xi brought in a chair for Lin Hanxing and asked her to sit down.

“Second young master he, you look quite energetic.”

Lin Hanxing said coldly.

Bai Xi and he Chengyu, who were standing behind her, looked at he zhehan with cold eyes as if they were looking at a dead person.

“Lin Xiao Jiu, you’re the one who harmed me! You must be the one who found that Abby! You’re so vicious!”

He zhehan, whose hands were tied in front of his chest, had bloodshot eyes. He wanted to eat her flesh and drink all her blood. Even so, it couldn't relieve the hatred in her heart!

you're wrong. I found that Abby for second young master he.

Bai Xi sneered.

Her face without makeup was clean and clear, just like a young girl's.

"Second young master he didn't reject it, did he?"

Bai Xi had been waiting for this moment for a long time. Did he really think that after Luo Wenbo died, no one would know about the evil things he had done?

He zhehan stopped struggling for a moment, but he started shaking crazily again!

"Bitch! You bunch of B * tches! Die a terrible death!"

Before he could finish speaking, Bai Xi had already stepped forward and slapped he zhehan hard twice. Then, he pulled he zhehan's hair and forced him to look up at his face!

"I'm Bai Yu's younger sister."

Bai Xi's words stunned he zhehan at first, as if he was trying to recall who Bai Yu was.

"Second young master he, you're really forgetful."

Lin Hanxing smiled faintly and hooked his little finger at him.

Suddenly.

It was like a bolt of lightning had struck he zhehan!

He remembered who Bai Yu was!

The woman in front of him was Bai Yu's sister?

In he zhehan's mind, this face fit the woman in the tube-top long fishtail dress at the Lin family's banquet. He suddenly understood that from the beginning, he and Luo Wenbo had already fallen into an inescapable net!

"You guys ... Are in cahoots!"

He zhehan's mind went blank. He could only see the cold smile on Bai Xi's face.

How terrifying!

With his facial features twisted, he zhehan really felt scared. If they had set up layers of traps to lure them from the beginning, then all of this was too terrifying!

These people had planned this!

"You're right, we're indeed a team."

Lin Hanxing was still using that calm tone. Bathed in the sunlight, she looked indescribably hazy and mysterious. The broken light rays dyed her entire person.

His fingers seemed to be playing with the clan head Token Ring unintentionally, his long eyelashes slightly closed.

in fact, he Chengyu had already woken up a year and a half ago.

Now that things had come to this, there was no need to hide some things. Besides, if there were no accidents, this should be the last time Lin Hanxing and he zhehan would see each other.

“You ... You guys ... You guys ...”

He Chengyu was shocked, as if he couldn't believe his ears!

They had all been played!

They had been toyed with by this group of people!

I was the one who caused the SU family to be in trouble. I caused Lin's group to be involved in your cooperation.

She said indifferently.

“The bank loan was also deliberately made by me to delay the president's loaning.”

Lin Hanxing continued, and the oleander on the bedside table gave off a faint and strange fragrance.

With every word he said, the fear in he zhehan's eyes grew.

“If God wants it to be destroyed, he must first make it crazy ...”

Lin Hanxing leaned back in his chair with all his weight and glanced at he zhehan, who was lying on the bed. In second young master he's eyes, his half-smile was like seeing a demon.

second young master he, you didn't let me down!

He was crazier than anyone else!

All these years, he zhehan had completely let go of himself after obtaining the he family's pride.

Until he was buried in it!

He zhehan couldn't accept this!

Seeing that the glory and wealth that was about to be in his hands had turned into smoke in an instant, he, who had thought that victory was in his hands, had become a complete loser. He was not reconciled!

“Don't worry,”

Seeing he zhehan's unwillingness, Lin Hanxing said coldly.

from today on, the he Corporation will return to its rightful owner. And you will never be able to leave this place!

[Chapter 1152](#)

1152 The he Corporation will apply for bankruptcy protection

In the he corporation's conference room.

All the shareholders gathered together with unsightly expressions.

What happened last night was simply unbelievable to them!

Now that the group was without a leader, and the employees' hearts were wavering, what could they do if this continued?

Furthermore, there were so many reporters downstairs, waiting for the person in charge to be interviewed.

At the same time.

The underground parking lot's exit R, which was closed all year round, was temporarily opened, and two cars drove in one after another.

The car window was as dark as the night, making people shudder.

Soon, a group of people got off the car and walked toward the elevator.

The elevator door slowly closed with a rumble.

In the secretary's office on the top floor of the he Corporation, the Secretary, who looked more beautiful than flowers, was frowning.

Suddenly, he heard footsteps coming from the corridor.

It sounded like there was more than one person.

The people in the secretary's office looked at each other and then jogged to the corridor.

"Oh my God, it's young master he!"

A short cry of surprise rang out, causing a great disturbance.

Although the news of young master he's 'revival' had long spread throughout Jiang city, it was the first time in a few days that he had directly appeared in the corporation. Moreover ...

Everyone's eyes swept over the woman standing in front of young master he and they were even more shocked!

With a bang, the meeting room door was pushed open without any warning.

The directors of he Corporation were all shocked.

"He ... Young master he?"

After a long time, someone finally spoke in shock and stood up involuntarily.

Most of the gazes were focused on the beautiful woman standing in front of him!

After being bombarded by Jiang city's media, who wouldn't recognize this woman?

The Lin family's little nine!

Lin Hanxing!

It was no exaggeration to say that she was the nightmare of many people in Jiang city!

Cheng Yu, why did you come to the company? "

The person who spoke was one of the members in the black box on the name list that Lin Hanxing had given to he Chengyu. At this moment, his face was full of fear, and even his eyes were filled with fear.

He Chengyu looked at him coldly.

"What's wrong? As one of the shareholders of the he Corporation, I don't have the right to attend?"

Upon hearing this, the other party's words stopped.

The entire room was silent.

They looked at each other, not knowing what kind of expression to make.

Lin Hanxing's lips curled up slightly and he took the lead to sit down.

This made the directors of the he Corporation unhappy. She was just a member of the Lin family. What right did she have to attend the he corporation's meeting? What's more, what happened to the he family was related to her. Who told her to meddle in other people's business?

"Bai Xi,"

When he Chengyu sat down on the main seat, Lin Hanxing spoke indifferently.

Bai Xi threw the documents he had prepared in front of the shareholders in order.

His actions were not polite at all.

I'd like to advise everyone that instead of worrying about whether I'm suitable to sit here, it's better to look at the information in your hands and understand what kind of predicament the he Corporation is facing now.

Lin Hanxing tapped the table lightly with his hand, making a knocking sound.

From the moment she entered, she could already see the resentment in their eyes.

This meeting had been going on for almost an hour, but even so, these people still hadn't come up with a feasible solution. They hadn't even appeased the people below, which was enough to show how trashy he corporation's management was.

Looking at Lin Hanxing's posture, everyone opened the information in their hands in confusion. However, when they saw the contents, they could not help but widen their eyes in shock.

as you can see, the he Corporation definitely doesn't have the ability to pay off this series of debt problems.

He Chengyu said in a deep voice.

He was calm and filled with power.

Yingluo, there's something I want you to know.

Zhenzhen, even if the he Corporation returns to your hands, it's impossible for it to be the same as before.

Yingluo, you mean?

The Kasaya can't be built without destruction.

The conversation he had with Lin Hanxing kept replaying in his mind.

The he Corporation was his father's blood, sweat, and tears. How could he Chengyu not be heartbroken that it had become like this? However, just as the ninth young lady had said, there was no construction without destruction. If they did not experience this, how could the he family wash away the dust and regain their glory?

at this point, my personal suggestion is to apply for bankruptcy protection.

He Chengyu's words set off a huge wave.

Protection from bankruptcy?

He actually wanted to apply for bankruptcy protection for the he Corporation?

young master, you have to think this through. Once we apply for bankruptcy protection, we will have to withdraw from the Jiangcheng sea bridge project. We won't be able to get back a single cent of the initial investment!

Some people directly voiced their opposition!

"Hehe."

Lin Hanxing's voice seemed to come from afar, reaching straight to the heart.

do you think that after such a big incident, the higher-ups would still be at ease in handing the project over to you? "

It was a simple question, but everyone was silent.

"Right now, you still have the option of applying for bankruptcy protection, but in a few days ..."

Lin Hanxing did not finish his sentence, but the meaning was self-evident.

He Chengyu looked at her. He knew that miss Jiu had taken the blame for the villain who should have been him. It was also because of her presence that this group of people had shifted the focus of their fire to her.

Miss Jiu was helping him regain his dignity as the young master of the he family bit by bit!

"Eldest young master, second young master, he really ..."

Suddenly, someone couldn't help but ask. The news didn't mention how second young master he's injury was, but the news had already spread like wildfire. Now, they all wanted to get the most prepared news!

Was it possible for the second young master to come back?

I can only say that from now on, I will make all the decisions for the he group!

.....

Half an hour later.

The he group held a simple press conference in the lobby of the corporation. He Chengyu personally announced that the he group would officially submit the news of bankruptcy protection to the court.

This piece of news caused an uproar in Jiang city almost instantly.

Lin Hanxing, who had already left from the underground parking lot, was sent to the Lei Corporation by Bai Xi as per her instructions.

After swiping his card, he took the elevator and went straight to the president's office. His Special Assistant, Anthony, was passing a document to Lei Xiao for his signature. When he saw Lin Hanxing enter, he was not surprised to see his boss's expression instantly soften.

"There's food inside."

Lei Xiao looked at Lin Hanxing and said in a low voice.

'Inside' was referring to the refrigerator in the lounge.

Lin Hanxing went into the lounge and saw a piece of strawberry cake in the refrigerator.

The sweet scent of strawberries wafted into her nose.

"How did you know I would come?"

Eating sweets after being exhausted could make people relax a lot, at least Lin Hanxing was like that.

"It's not that Boss knew you would come, miss Lin. He'll get someone to prepare some food every day. If you don't come, he'll ask us to bring it all back and serve fresh food the next day ..."

Before he could finish, Lei Xiao raised his head and looked at him.

Anthony immediately became well-behaved.

She grabbed the signed document and left in a hurry.

"Sheng will be back tomorrow."

[Chapter 1153](#)

1153 There will always be a time when I'm tired

Lin Hanxing raised an eyebrow.

Carrying the cake, she walked towards Lei Xiao. When she got closer, she sat on his lap.

There were two clicks.

She casually lifted her high heels to the floor and snuggled into Lei Xiao's arms.

"And chocolate."

Lei Xiao pulled open the drawer, and sure enough, there was an unopened can of chocolate.

"You bought it?"

Lin Hanxing only needed one look to know that it was picked by Lei Xiao.

She took it out from the drawer and placed it on the table.

Lei Xiao pretended not to hear him and looked ahead expressionlessly.

"Only one can?"

Lin Hanxing took a bite of the cake, his voice full of pity. As he spoke, the fragrance of sweet cream floated in the air.

Thunder valiant heard him.

He moved his legs.

He kicked the storage cabinet below with the tip of his black leather shoes.

He didn't say anything.

Lin Hanxing bent down to open the cabinet and a series of clattering sounds could be heard. The chocolate cans that were originally placed neatly inside all rolled to the ground, some of them even had cute rabbit patterns on them.

"....."

Wasn't this a little too much?

Lin Hanxing peeked inside and saw that there were more than 20 boxes of food inside.

There were also some milk cookies.

"You and mom are really afraid that I'll be hungry all the time!"

When he said this, Lin Hanxing's expression was as helpless as could be.

"Skinny,"

After Lei Xiao finished speaking, he stretched out his hand and pinched Lin Hanxing's little belly that was hidden under his shirt. Although it had changed from a thin layer to a fleshy one, he still felt that it was not enough.

Lin Hanxing glared at him in annoyance.

He also slapped away Lei Xiao's hand that was pinching his belly.

Seeing that Lin Hanxing was getting angry, Lei Xiao secretly took out a can of chocolate and placed it in her arms.

"You're drunk."

Lin Hanxing snorted, opened the lid, took one out and stuffed it into his mouth.

With a "ka" sound, he bit off the outer layer and allowed the slightly cherry-flavored wine to fill his taste buds. The bitter yet sweet taste made Lin Hanxing extremely satisfied. He closed his eyes and leaned on Lei Xiao's body, yawning.

"Tomorrow morning flight?"

Lei Cheng was finally coming back!

As he thought about it, he stuffed another piece of chocolate into his mouth.

yes, but this time, I might stay longer than expected.

Lei Xiao recalled what ah Sheng had told him and his eyes darkened.

"Eh? Has there been a change in the situation?"

If he didn't remember wrongly, his mother had said that Lei Cheng would have two months of leave to stay in Jiang city after he was done with the dismembered body case.

From what Lei Xiao said, it didn't seem to be that simple?

"The situation is a little complicated. Sheng might be transferred back to a special task force in Jiang city."

Lin Hanxing did not say anything.

Although she wasn't sure what had happened, it was a good thing that Lei Cheng had been transferred back to Jiang city.

He yawned again.

Lin Hanxing was a little sleepy as he smelled the familiar scent on his body.

The chocolate in her mouth was slowly melting.

Her lips and teeth were fragrant.

Lei Xiao held her in his arms and looked at her without blinking.

Her long eyelashes cast a shadow on her face, covering the dark circles under her eyes, which showed that she had not slept well last night.

His eyelids, which were still trembling slightly, stopped moving after a while, and he fell asleep with even breathing.

After a while.

Lei Xiao carried Lin Hanxing in his arms, pushed open the door to the resting room, and placed her on the bed.

As soon as he placed it on the table, Lin Hanxing buried his face in the pillow that was filled with his smell.

She was like a tired rabbit, sleeping soundly in the position she thought was most comfortable.

Since the day before yesterday, Hanxing hadn't had a good sleep.

Thunder valiant beast thought.

He reached out to caress her smooth, creamy face and tucked her hair behind her ear. After looking at her for a long time, he leaned over and kissed her between her brows. Then, he got up and walked out of the door.

He walked back to the table and sat down.

Looking at the half-eaten cake on the table, Lei Xiao's hand moved.

After a while, she put the strawberry into her mouth with a small fork.

The sweet and sour refreshing taste spread on his taste buds, along with the tenderness of the cream.

Lei Xiao's thin lips curled up.

It was very delicious.

.....

Lin Hanxing's sweet dreams were woken up by a loud crash outside the lounge.

He opened his eyes coldly.

Her delicate palm-sized face was filled with coldness.

Those who didn't know would probably think that she was angry because she had just woken up!

Soon, Lin Hanxing heard han boming's voice.

Different from his usual arrogant tone, han boming was flustered and exasperated at this time.

Lin Hanxing played with her long, curly hair and suddenly remembered that she had a debt to settle with han mingmei at Fu Ruixiang. Originally, after han mingmei was captured by the economic Investigation Department, she was too lazy to ask for it, but she did not expect ...

This han boming had to come at this time!

Moreover ...

If he didn't force him, why would he and Zhong Xueqing do something like that?

The document that he had given Fang Mengran before must have been sent to Zhong Xueqing by now. As for now ...

Lin Hanxing did not mind adding fuel to the fire!

As she thought of this, she had already stood up and walked out of the resting room.

With a click, the door opened, and han boming's roar came in.

The soundproofing of the lounge was indeed good.

As Lin Hanxing thought about this, he was already leaning against the door.

it looks like Chairman han didn't sleep well last night.

The moment Lin Hanxing's cold voice sounded, Anthony's action of stopping han boming paused for a moment, as if he did not expect to wake Lin Hanxing up.

As he thought about this, Special Assistant Anthony looked over at Thunder valiant.

As expected, the Boss's expression could no longer be described as ugly.

It would be fine if he just barged into the president's office for the sake of han boming's many years of contribution to the Lei group, but he had woken up the lady boss. How could the big Boss let it go?

"Lin xiaojiu! You're so cruel! You and Lei Xiao set up a trap for Ming Mei ..."

At this time, han boming didn't have his usual demeanor anymore. Not to mention, on the way here, he had just heard the news that the he group was going to apply for bankruptcy protection. This was driving him crazy!

The Jiangcheng Bay Bridge project was a joint bid by the Fang, Lin, and he families. Now that the he group said they were going to apply for bankruptcy protection and left, who would clean up the mess?

He didn't care about the Lin family, nor did he have the energy to care about them. However, the so-called Fang family was using all of his own money. Now, all of his money had been put in, and the fund that Zhong Xueqing had invested in was also facing problems, and she couldn't take out a single cent ...

It was clear that this was a situation of certain death!

I'm very cruel, but if han mingmei didn't provoke me on purpose, how would I have fallen for it? "

Lin Hanxing looked at han boming's angry face and couldn't help but yawn lazily.

Any man would be moved by that gesture.

She was deliberately provoking han boming.

Lei Xiao looked at Lin Hanxing. After realizing this, his original intention to kick han boming out faded.

[Chapter 1154](#)

1154 Don't think of yourself as so innocent

He leaned back into the black leather president's seat with all his weight.

"I order you to get Ming Mei out!"

The blue veins on Han Boming's forehead were obvious, and the continuous blows had already made his hair turn white.

He was old.

Yet, he still tried to bring up the hostility of the pugilistic world that he dared to fight and risk his life in his youth.

He wanted to intimidate others.

"You're ordering me?"

Lin Hanxing, who was leaning against the door of the lounge, smirked.

It was full of sarcasm.

Lin Hanxing pondered these two words in a playful tone as she walked to Lei Xiao's side and took a sip of the black coffee on his table.

The bitter taste in his mouth refreshed his mind.

"Chairman Han, what right do you have to order me around?"

Lin Hanxing's cold eyes swept over Han Boming, and the latter felt a bone-chilling coldness spreading from his back.

He couldn't speak for a long time!

"Lei Xiao, you know Ming Mei. I've spoiled her since she was young. How could a girl be locked up for a night?"

Han Boming knew that if he continued to waste time with Lin Hanxing, he would not gain any advantage.

"Actually, you and I both know that there's another way to save her."

Lei Xiao's voice was flat, and his Hawk-like eyes were habitually cold.

Han Boming was stunned.

"You go take her place."

With a "pa" sound, Lei Xiao threw a folder in front of him.

admit that all of the suspected illegal activities of CQ group were your doing.

The folder opened, revealing the investigation information inside.

Han Boming didn't move.

As if he couldn't believe it, he slowly raised his head to look at Thunder valiant beast.

He actually knew about it!

you're forcing me to a dead end!!!

Only then did han boming finally understand that Lei Xiao really wanted to hurt him!

It was not a joke!

He held the lifeline that could control his life and death at any time in his hands, but he was not aware of it from the beginning to the end and was even smug.

He thought that he could hide it from everyone!

“Did Lei kangnian know that you’re treating me like this?”

Han boming clenched his fists and looked at the two people not far away with a dark look.

“Uncle han, you want too much.”

Lei Xiao’s voice was deep and cold. His deep eyes seemed to be gradually frozen, and he was extremely cold.

“I want too much? The Lei clan’s territory was won by me and a group of brothers who risked our lives for Lei kangnian!”

“That’s why you’re the second largest shareholder of the Lei Corporation!”

As soon as han boming’s voice fell, Lei Xiao had already followed up, his eyebrows sharp and his voice filled with anger!

Suddenly, han boming sneered.

“But I only want to be number one!”

When he was young, he had followed his big brother through life and death. As long as he had a piece of meat to eat, he would wake up smiling even in his dreams.

He didn’t know when it started, but the more he got, the bigger the hole in his heart, and the more he didn’t know what satisfaction was.

Lin Hanxing held his coffee cup.

The black coffee inside had already gone cold.

“Anthony, please help me change a cup of hot water.”

As if he didn’t hear han boming’s rebellious words, Lin Hanxing reached the coffee cup towards Anthony.

His Special Assistant, Anthony, immediately took it and left.

Very quickly, he brought a hot cup.

It was really hot.

The White gas lingered.

Lin Hanxing’s lips curved into a cold smile as he looked at han boming, who was completely focused on Lei Xiao ...

Anthony stood at the side, thinking that the lady boss's eyes were a little too meaningful, when he saw Lin Hanxing holding the cup of hot coffee and pouring it in han boming's direction!

"Chairman han, have some shame!"

The back of the hand would hurt if a drop of the hot coffee splashed on it, let alone on someone's face.

Han boming didn't expect Lin Hanxing to do this at all. He didn't even Dodge, and his face was splashed all over. He grimaced in pain from the heat!

Lei Xiao's muscular body suddenly tensed up.

"There are many people who have followed father Lei to conquer this country, and many of them have more merits than you. Why are you the only one who is dissatisfied and does all kinds of stupid things?" Lin Hanxing used his eyes to signal Lei Xiao to calm down.

At this time, han boming was like an enraged beast. He wiped his face with his big palm and was about to rush towards Lin Hanxing, only to see the latter suddenly knock the empty coffee cup on the table ...

The fragments shattered!

Lin Hanxing laughed coldly at han boming with the sharpest end in his hand.

It was as if a basin of cold ice water had been poured on his head, making han boming stop his steps!

Her eyes were cold and filled with malice.

Ruthlessly but with a third degree of poison.

There was a hint of sarcasm in the poison.

It was truly terrifying and evil!

"Han boming, you think you're so smart that you can play everyone in the palm of your hand, and that no one knows what you're thinking! But have you ever thought about what the difference is between you and father Lei?"

The broken pieces of the coffee cup moved back and forth between Lin Hanxing's fingers.

It was as if she was spinning a pen, casually playing with the thing that could kill people. Anthony was really frightened. He was afraid that the lady boss would cut his hand. By then, wouldn't the big Boss turn the sky over in Jiang city?

"You're actually jealous of father Lei, aren't you?"

Lin Hanxing had only felt this way when he sold the pot of 'bare-crowned Lotus cauldron' that was on the verge of death to him at the Lei family villa.

If this feeling wasn't obvious at first, then the series of events that happened later indirectly confirmed this thought.

"You're talking nonsense!"

Han boming couldn't catch his breath and almost passed out.

Her face, which was divided into two levels with the skin color of her neck, was so hot that she had a headache and swelling.

"It's only natural to be jealous, what's there to be embarrassed about? Whether it's the CQ group or Zhong Xueqing, it's all just to satisfy your own desire to be stronger than father Lei!"

"You're talking nonsense! Lin xiaojiu, shut up!"

The more flustered han boming was, the happier Lin Hanxing was.

It was like the soft spring water, stirring the heart.

Anthony lowered his head and didn't look at han boming's miserable face. However, he believed most of what Lin Hanxing said just now. If his secret hadn't been exposed, why would han boming be so flustered?

That gaze, it was as if he wanted to kill the lady boss.

Lin Hanxing sneered and slowly walked back to Lei Xiao's side.

Even if you wanted to be number one, you had to see if you had the fate to be number one!

With a clatter, he threw the broken pieces in his hand into the trash can without even looking at them.

It hit the bullseye.

"Han boming, don't think of yourself as innocent! If you really want to save han mingmei, then quickly confess to the economic Investigation Department about what you've done in exchange for your daughter! You don't have money, you don't have face, why do you care about that little freedom?"

Anthony's head lowered even further as he tried to hold back his laughter.

Who on earth did the lady boss learn her ability to anger people to death? Looking at how Chairman Han's face was burning red and how he was holding his breath, he felt great!

"You ... You ..."

Han boming wanted to refute Lin Hanxing, but his mind went blank when the words reached his mouth!

"You what you?"

Lin Hanxing's hand casually rested on Lei Xiao's shoulder as he raised an eyebrow.

[Chapter 1155](#)

1155 Fainting in anger

"However, if I were you, I would definitely be too ashamed to go out today! Although it can't be compared to the Lei family, the Han family has also benefited a lot from the Lei family's light. In the past, you've been used to being overbearing."

Lin Hanxing said these words calmly.

However, the expression on his face was clearly to add fuel to the fire, making han boming unable to resist.

Lei Xiao's thin lips slightly pursed, and his smile disappeared.

However, his eyes seemed to be slowly indulgent.

"Do you know that if those people who love to do whatever they want in the past encounter a disaster, even if others do not say anything, I'm afraid that they will have already seen you as a joke in their hearts."

Based on his memory of a few encounters with han boming, Lin Hanxing had almost completely understood his character.

Han boming was a person who was very proud.

Perhaps it was because he still had the habits of the pugilistic world in his bones.

Han boming's body stiffened when he heard Lin Hanxing's words. He immediately recalled the attitude of the people around him on the way here. The more he thought about it, the more he felt that those people were secretly laughing at him!

When he thought about how he couldn't get his daughter out even after a night of phone calls, those who used to call him brothers all hid away faster than anything else, and his eyes suddenly darkened a little.

Alright!

Now, their han family had only suffered a slight disaster, and it was already like this!

That bunch of bastards still wanted to see him make a fool of himself!

And when han boming turned over ...

He turned over ...

Lin Hanxing glanced at han boming.

As if by accident, he bent down and moved closer to Lei Xiao's ear.

"Remember to call the ambulance later!"

After a simple whisper, he straightened his body and returned to his original state.

"Are you thinking that when you, han boming, turn over a new leaf, you'll definitely teach those people a lesson?"

Lin Hanxing's voice suddenly rang in han boming's ears again, making his brain buzz as if something had broken!

"So what if I'm embarrassed? Back then, even the Emperor couldn't seal the mouths of the people, and you can do it? In fact, if you ask me to say it, I'll just be ridiculed and ridiculed by others. What's the matter?"

you ... Lin little nine ... What a poisonous mouth!

Han boming suddenly clutched his chest, which was aching because of the repeated stimulation he had just received.

Until the pain seemed to be growing stronger, he gasped for air.

"Thank you for the compliment."

Lin Hanxing tilted her head and smiled faintly. She looked like a slippery Loach, and no one could find her sore spot.

And the anger in han boming's heart couldn't go up or down, and was stuck here!

"You ..."

With a loud bang, han boming, who had been standing in the same place just now, had fallen to the ground.

Anthony was shocked by his appearance!

"Call an ambulance for Chairman han."

Lei Xiao said to Anthony in a deep voice.

At that moment, Anthony was still in a daze and stood rooted to the ground.

Han boming was ... Stunned by the lady boss's words?

Realizing this, Anthony raised his head in a daze, his mouth opened into an 'O' shape, and his expression was as funny as it could be.

"Hurry up and call an ambulance for him. Do you really want to see han boming die Here?"

Lin Hanxing could not help but burst out laughing.

Her pretty appearance was like a flower on a branch in spring, dazzling people's eyes.

"I'll call immediately!"

Only then did Anthony snap back to his senses. He quickly took out his phone and called for emergency.

He didn't even need to guess to imagine that han boming had rushed into the president's office angrily, but was finally carried out by the emergency staff. He must have added some new information to the rumors outside.

"Anthony ..."

Lin Hanxing's calm voice sounded in Anthony's ears as he was thinking.

"Yes!"

Anthony quickly looked up.

"If anyone asks about what happened here today ..." He said.

Before Lin Hanxing could finish, Anthony had already spoken.

"I'll definitely keep my mouth shut and not say a word!"

Anthony said as he raised his hand to make an oath!

Thunder valiant leaned his entire body weight into the genuine leather seat, one hand supporting his forehead, covering the smile in his eyes.

"Anthony, you're not being honest."

Lin Hanxing tried to persuade Anthony as if he was an experienced person. The latter was also a smart person, and he immediately understood what Lin Hanxing meant.

then, according to miss Lin's meaning ...

Anthony hesitated.

"If other people ask, they should naturally tell the truth."

Lin Hanxing saw that he had taken the bait and smiled in satisfaction. He even snapped his fingers.

Anthony's mind turned quickly.

He looked at han boming, who was still lying on the ground, and suddenly understood.

Didn't han boming care about his face the most?

Didn't he care about how others looked at him?

Then he would take advantage of this time to let this person have a taste of what it was like to be on guard with everything!

Hehe!

He had to be blind to anger the lady boss!

don't worry, lady boss. No matter who asks me, I'll tell them everything I know. I'll explain to them how and why Chairman han fainted!

Anthony quickly agreed.

"That would save me a lot of effort."

Lin Hanxing poked Lei Xiao's shoulder.

"Say, shouldn't we give such a hardworking employee a red packet as a reward?"

Perhaps the word 'we' pleased Thunder valiant, he nodded at first, but then felt that it wasn't enough, so he looked at Anthony.

"This month's bonus is three times."

Anthony's face lit up when he heard this.

One of the main reasons why the people outside were trying their best to get into the Lei Corporation was because the benefits here were so good that it made others jealous.

Even the salary and benefits of a simple cleaner were many times better than those outside.

He was even being called the president's Special Assistant!

Now that Big Boss Lei was in a good mood, he had tripled his bonus this month. His salary, subsidies, and bonus were already three times more than usual ...

Anthony's eyes were almost curved from smiling!

As they were talking, the emergency personnel had already rushed in.

Because they had come up from an ordinary passage, everyone in the office now knew that something had happened in the CEO's office.

For a time, there were many different opinions.

When han boming was carried out, everyone in the company knew that there was a problem with Chairman han.

however, Chairman han is still the second largest Chairman of the Lei Corporation. Would this affect the reputation of the old Chairman and CEO Lei? "

Anthony hesitated for a moment, but he still said it.

He was afraid that some people would take this opportunity to stir up the lake water.

"Very soon, you won't."

The Thunder valiant beast said coldly, his words carrying a heavy weight.

Anthony was stunned for a moment before he understood what he meant.

moreover, the winner takes all. If I lost yesterday, what do you think han boming would do? "

Lin Hanxing looked at the coffee stains on the expensive carpet and smiled faintly.

[Chapter 1156](#)

1156 Make some preparations before Lei Xiaosan returns

Anthony did not say anything.

According to han boming and han mingmei's characters, if they had really won, the one who would be humiliated now would probably be ...

Thunder owl waved his hand, signaling Anthony to call the cleaner to change the carpet.

Anthony quickly went out.

Lei Xiao then got up and removed the suit that he had placed on the back of the president's chair.

"You're done with your work?"

Lin Hanxing tiptoed forward and pecked Lei Xiao's thin lips.

She looked like a cunning little fox.

Lei Xiao reached out to hold her waist, bringing the two closer.

"Yes, let's go home."

CEO Lei, laziness is the devil. Only by working hard can you earn money!

Lin Hanxing's eyes sparkled, and he was obviously in a good mood.

"You'll support me."

Lei Xiao's finger gently brushed across her nose, the usual distant frost on his handsome face faded, and his words were full of gentleness.

Even his deep eyes had an intoxicating smile.

"I'll, I'll, I'll, I'll support you for a lifetime, alright?!"

Lin Hanxing raised his hands in surrender.

This man was too good at taking advantage of his own advantages. Just by putting on an innocent expression, she couldn't help but compromise without any principles.

Old fox.

"Don't go home yet, come with me to the bookstore."

Lin Hanxing seemed to have suddenly thought of something and added.

"What?"

Lei Xiao stopped putting on his suit and looked at her in confusion.

It was just that this action fully highlighted his lean waist shape perfectly, which was extremely pleasing to the eye.

Lin Hanxing reached out and took the suit jacket, then threw it back onto the chair. He went back to the lounge, took out a coat from the closet and handed it to Lei Xiao. After thinking for a while, he took out his tie and threw it on the suit jacket.

"We're going to the bookstore together. Are you being inspected by the leader wearing that?"

After he finished speaking, Lin Hanxing raised his hand and rubbed Lei Xiao's head.

After being tormented by Lin Hanxing, Lei Xiao's dusky and gloomy feeling immediately disappeared.

Thunder valiant wore a helpless expression.

She felt that it would be difficult to keep her position in the family if this continued.

However, on second thought ...

In front of Han Xing, he didn't seem to have any status to speak of.

"Why are we going to the bookstore?"

Lei Xiao put on his coat and casually unbuttoned a few buttons, revealing the sexy depression at his collarbone.

Her every move was charming.

"A date!"

"....."

A date at a bookstore ...

Lei Xiao felt that his own thoughts and awareness were completely unable to catch up with his wife.

He did not speak for a long time.

Lin Hanxing had just put on his clothes. When he looked up and saw that he was still standing there with a complicated expression, he could not help but laugh.

"I was just lying to you!"

He grabbed Lei Xiao's hand and walked out of the president's office as he spoke.

"Isn't young master Lei coming back tomorrow? I have to make some preparations before he comes back! I'll buy a few of his books and go home to ponder over them. What if he doesn't like me?"

The two of them took the private elevator to the underground parking lot.

"He won't not like you."

After getting into the car, Lei Xiao said in a deep voice.

Lin Hanxing, who was putting on his seat belt, paused and turned to look at him with a smile.

"How can you be so sure?"

Lei Xiao stepped on the accelerator and drove out of the parking lot.

How dare he not like her!

.....

The bell Book Pavilion.

This was the largest book City in Jiang city.

It occupied an area of nearly 5000 square meters, with 100000 types of books and about 200000 books.

The staircase-like Library Hall was overwhelming.

Lin Hanxing pulled up Matthew Lei's name on the automatic machine at the door. Soon, the library section was displayed on the screen, saving him a lot of time.

In the past few years, Lei Cheng had published three books on criminal psychology under the name of Matthew Lei, all of which had been used as model teaching materials by the People's Public Security University and the police academy.

In addition to his books on criminal psychology, he was also a best-selling suspense novel author. He had a series of best-selling novels such as 'psychological mystery' and 'mind manipulation'.

Once it was listed, it created an unprecedented effect.

And the 'psychological mystery' series had successfully exported to Hollywood, which was something to look forward to.

"I think it'll look good."

Lin Hanxing pulled out one of the books from the 'psychological mystery' series from the bookshelf. After reading the introduction, he could not help but be interested.

"There's a complete set in the study."

It was even the signed version of the mistress.

Lei Xiao stretched out his hand and placed the book in Lin Hanxing's hand back on the shelf.

"You can go back and take your time."

"....."

Lin Hanxing reached for the next book.

"There's also one in the study."

"....."

He continued to the next book.

"The book ..."

why did you bring me here when you already have one at home???? "

Lin Hanxing looked at him with an expression that said, 'is there something wrong with you or me?'

Unexpectedly, the next second, Thunder owl reached out his hand to her.

With his palm facing up, it seemed to be an invitation.

Lin Hanxing raised his eyebrows, not understanding what was going on.

"A date."

Lei Xiao's lips curled up, causing the hearts of a few girls passing by to ripple.

However, they soon started whispering to each other.

He seemed to have recognized the two of them.

Seeing that Lin Hanxing did not move, Lei Xiao raised his hand. Seeing that the few girls had taken out their phones, Lei Xiao grabbed Lin Hanxing's small hand and walked forward without saying a word.

He still hated being photographed.

Lin Hanxing finally came back to his senses after he left the bookstore.

Her hand was held tightly by the man's ten fingers, and a warm touch spread from the place where her skin touched.

"A date! Then how are you going to date me?"

Lin Hanxing said gently, his eyes shining like stars.

Almost instantly.

The Thunder valiant beast suddenly stopped.

He didn't look back.

He held her hand tightly.

After a long time.

When Thunder owl turned around, his eyes were filled with innocence.

Even his expression was one of confusion.

He blinked.

He seemed to be stumped by this question.

His phone rang.

It was the phone that he used for work.

Lei Xiao looked at the caller ID and frowned.

Lin Hanxing looked at his expression and was curious about who was calling.

"Zhong Xueqing,"

With that, he hung up the phone.

But very quickly, the phone rang again.

Lei Xiao's furrowed brows did not change, but he picked up the phone this time.

No one knew what the person on the other end of the phone said, but Lei Xiao sneered.

"Are you threatening me?"

Lin Hanxing did not need to listen to know how arrogant Zhong Xueqing was on the other end of the phone.

Yueyue, I have something to say to her.

Lin Hanxing mouthed to Lei Xiao.

Lei Xiao handed her the phone.

Almost at the same time, Lin Hanxing could hear Zhong Xueqing's curses.

She didn't look like a rich lady at all.

"Mrs. Zhong ..."

Lin Hanxing spoke indifferently. Zhong Xueqing, who had no idea that the person on the other end of the phone was a different person, shivered the moment she heard Lin Hanxing's voice!

The scolding stopped abruptly!

"It's a pity that in the end, you're still drawing water with a wicker basket."

Lin Hanxing didn't mind rubbing salt in her wound.

On the other end of the phone, Zhong Xueqing's breathing was very deep.

"I won't let you be smug for too long!"

She said.

The sound of her gritting her teeth could still be heard. It was as if Zhong Xueqing's hatred was still floating in the air.

Hearing this, Lin Hanxing's lips curved up silently.

She was looking at the Thunder valiant beast.

Compared to the bone-deep hatred in the phone call, the man in front of her was much cuter!

"The Lei family will regret treating me like this!"

[Chapter 1157](#)

1157 The Billboard opposite

Regret?

When that time came, the one who would regret it would be her, Zhong Xueqing!

After he hung up, he threw the phone back to Lei Xiao and rubbed his fingers out of habit.

However, he didn't touch the ring.

"Aunt Mian's ring is gone!"

Lin Hanxing's expression changed.

The sun was setting, and the orange light of the setting sun dyed the two figures.

"I took it off and put it on the bedside table when you were sleeping."

Lei Xiao put his hand over her head, his voice full of comfort.

“I’ll take you back to get it.”

Lin Hanxing heaved a sigh of relief and nodded like a chick pecking at rice.

Aunt Mian’s ring and wedding ring were the most important things to her!

The two of them quickly returned to the Lei clan.

At this time, it was already after work hours, and the Lei Corporation was very quiet.

The secretary’s office was already empty.

The carpet in the president’s Room had also been changed.

It looked brand new.

Lin Hanxing only heaved a sigh of relief after he put the ring back on his finger.

When she came out of the lounge, she looked up and saw a man standing in front of the floor-to-ceiling window, which occupied one-third of the president’s office, with his hands in his pockets. He turned around when he heard her movement.

“After going around and around, I’m back to ...”

Before Lin Hanxing could finish his sentence, his expression froze when he saw the top of the office building opposite him.

Her long, black, feather-like eyelashes trembled slightly.

She remembered that the Billboard on the roof of the opposite office building was white during the day.

There was nothing.

“You’ve found out,”

The Thunder valiant beast’s cold outline looked particularly deep under the setting sun.

“It was originally a secret that belonged to me alone.”

As he spoke, he reached out and pulled Lin Hanxing, who was still stunned not far away, in front of him, letting her back rest on his strong chest.

His powerful arms wrapped around her from behind.

He rested his chin on Lin Hanxing’s head.

On the opposite side.

The Billboard that was supposed to be empty, perhaps due to the refraction of the setting sun, actually showed her figure in the light and shadow.

It was the photo that was originally saved in Thunder Valiant’s memo.

She stood on the deck of the cruise ship in the night.

The wind messed up her hair.

A thick sense of indifference and alienation seeped out from his bones.

From Lin Hanxing's angle, he seemed to be turning back in the photo ...

"I really like this one."

When he first bought the Billboard, Lei Xiao had already thought of which one to use. When the real effect was presented, the throbbing after the reunion seemed to fill his chest in an instant.

Lin Hanxing's slender hand pressed against the floor-to-ceiling window.

In the next second, Thunder valiant opened his palm and covered the back of her hand.

every day, you can only see it five minutes before sunset when the light is refracted onto the Billboard.

Bending over slightly, Lei Xiao whispered into Lin Hanxing's ear.

It was itchy.

However, Lin Hanxing had an indescribable feeling.

She could even imagine the scene of Lei Xiao smoking alone when he needed to work overtime.

"Am I really that good looking?"

Lin Hanxing said softly.

He watched as his own image on the Billboard across from him disappeared with the fading light of the setting sun.

"Yes, it's nice."

Very quickly, Thunder valiant added.

"You're the best looking."

His voice was low and powerful, as if he was making a solemn vow.

His thin lips brushed past her neck, bringing a numbing sensation to her tender skin.

the he Corporation has officially filed for bankruptcy protection in court.

Suddenly, Lin Hanxing said softly.

"Tonight, I'm sure that place will be brightly lit."

She pointed in a certain direction.

It was where the Jiangcheng city government was located.

The cross-sea bridge project was one of the most important projects in Jiang city in recent years. It was also the most important part of the entire urban construction plan. Now that it had been done this way, the government would definitely have a headache.

"I deliberately provoked Han Boming and Zhong Xueqing just now."

The things that Zhong Xueqing knew were like pimples with blood and pus, constantly making mother Lei worried.

And that was the only thing Zhong Xueqing could threaten mother Lei with.

Zhong Xueqing wasn't stupid. She naturally knew that this was a bargaining chip she was using to save her life. She wouldn't use it easily.

Therefore, from the beginning, Lin Hanxing had already thought of how to provoke her. However, Han Boming, the chess piece who had entered the game by accident, had provided her with a lot of opportunities to provoke Zhong Xueqing.

Now, Zhong Xueqing had already reached the end of her rope.

What did this mean?

It meant that other than using this only bargaining chip, she had no other guarantee!

"I know,"

He knew what she wanted to do even if she didn't say it.

"Tomorrow, the people there will come to the Lei Corporation."

Lin Hanxing glanced at Lei Xiao, then tapped the glass on the floor with his fingertip, indicating the direction to the City Hall.

"Ah Xiao, get ready to take over."

This would be the last straw that would crush Zhong Xueqing. At that time, she would have no choice but to use this trump card that could threaten mother Lei!

She had been waiting for this moment!

Ah Xiao and the Lei family must not be threatened!

Moreover ...

Zhong Xueqing still owed mother Lei her life!

He raised his head and looked at Lei Xiao thoughtfully.

Lin Hanxing's heart, which was filled with suspicious thoughts, gradually calmed down when he met his eagle-like eyes.

This was her bottom line.

No one could scheme against those who couldn't be touched.

In her life.

First, her parents had left her.

Then, aunt Mian left her.

Her life was filled with loss after loss.

Until now ...

Lin Hanxing reached out to caress Lei Xiao's eyebrows, his eyes filled with unspeakable emotions.

"Alright," he said.

Lei Jing held her slender fingers and brought them to her lips to kiss them.

"Let's go home."

.....

Dusk arrived.

City Council.

The lights were bright.

An emergency meeting was being held, but perhaps it was because the meeting had entered a stalemate, no one spoke.

Each of them had a cigarette in their hands.

The conference room was filled with white, and the atmosphere was strange and tense.

"You're not talking? Who was the one who said that it would be fine to hand it over to these three?"

The man sitting in the middle slammed the table.

Clearly, he was burning with anger.

The people below saw that he was angry and didn't dare to say a word.

She didn't dare to smoke, so she just held it between her fingers.

Knock, knock, knock.

Someone knocked on the door.

"In!"

His voice, which was still holding back his anger, passed through the door to the person outside.

The door opened.

The man outside hurriedly walked in and whispered a few words into the mayor's ear. His eyes seemed to be filled with hesitation. When the man heard what he said, he suddenly looked up at him.

“You’re telling the truth?”

The mayor’s eyes were filled with surprise.

“He’s waiting outside. He said he’s here for the cross-sea bridge project!”

“What are you waiting for? hurry up and invite him in!”

The mayor, who had been frowning ever since he entered the house, finally smiled. His expression relaxed in an instant, and this scene made the people sitting below look at each other, as if they were guessing who had come.

Very quickly, a person who looked like a lawyer walked in from outside.

Hello, I’m the lawyer representing X group. I’m here today for the Jiangcheng cross-sea bridge project!

[Chapter 1158](#)

1158 Mom, I’m here

At the Y. R. Villa.

Lei min and Lei Jue were not around at the last minute.

At the dining table, mother Lei was obviously distracted.

Even the food that was specially prepared for Hanxing tonight had the wrong seasoning.

Obviously, he didn’t know.

Lin Hanxing had just taken a bite when his expression froze.

Thunder valiant glanced at her.

Lin Hanxing shook his head discreetly.

“Water water water water water ...”

Yuan Bao had just stuffed a piece of sweet and sour pork into his mouth, but he immediately vomited it back into the bowl.

first aunt, help!!!

Yuan Bao clutched his throat as if he was about to be poisoned, his big black eyes filled with despair!

Lin Hanxing walked into the kitchen unhurriedly and poured a few more glasses of water.

A cup was placed in front of each of them.

“I’ll ask the Butler to bring more dishes.”

Lin Hanxing said softly as he held mother Lei’s hand, who had just regained her senses and was about to taste the dish.

“I’m tired, I’ll go up and rest first.”

Mother Lei sighed, put down her chopsticks, and went upstairs.

Soon, mother Lei's figure disappeared.

Yuan Bao gulped down the water, his lively eyes filled with apprehension, as if he had done something wrong.

Lin Hanxing patted his head.

It was a gesture of comfort.

"You guys received a phone call before you came back, and then you became like this."

Father Lei said in a deep voice.

"I'll go see mom."

Hearing this, Lin Hanxing already had a rough idea of what had happened. He exchanged a look with Lei Xiao and then turned to father Lei.

Father Lei's hand moved.

He nodded his head.

Lin Hanxing turned around and went upstairs.

Soon, she caught sight of mother Lei sitting by the window, looking distracted.

Lin Hanxing walked over and sat beside her.

The moment she sat down, mother Lei leaned her head on her shoulder.

"My daughter-in-law ..."

His voice was muffled, and he was obviously unhappy.

"Mom, do you still remember what I told you?"

Lin Hanxing did not directly ask her why she was in a bad mood. Instead, he looked out of the floor-to-ceiling window and said softly, "

Yingluo, believe me, let me handle this!

Mother Lei suddenly recalled what Lin Hanxing had told her.

"You don't need to worry, just leave it to me."

Lin Hanxing's voice was very soft, and there was even a hint of patience that he would never reveal outside of the Lei family.

"Let me guess, did Zhong Xueqing give you a call?"

As soon as Lin Hanxing finished speaking, mother Lei raised her head abruptly, her eyes were dark.

she threatened you to help her fork out a large sum of money and to gather it in a short time? "

Lin Hanxing maintained the same tone and speed throughout the entire conversation.

However, there was a magical sense of comfort that made one feel especially at ease.

“Did you agree?”

After a moment of silence, mother Lei shook her head.

This indirectly admitted that all of Lin Hanxing’s previous guesses were true.

“Why didn’t you agree?”

Lin Hanxing seemed to be chatting with mother Lei, not giving her too much pressure.

It was actually very difficult to control such a degree.

“Because you told me before that a compromise would only make them push their luck.”

“I’m done,” said Madam Lei, relieved of her burden.

His tense nerves relaxed.

Lin Hanxing smiled.

She reached out to tuck mother Lei’s curly hair behind her ear, her delicate face full of warmth.

“Mom, you did me a big favor.”

In Lin Hanxing’s original plan, Zhong Xueqing’s meeting with mother Lei was a necessary process.

There were only two results.

Mama Lei agreed to Zhong Xueqing’s threat.

Mama Lei did not agree to Zhong Xueqing’s threat.

Neither result would affect the overall situation, but the former would just take more time and twists.

Mother Lei’s decision had helped Lin Hanxing intensify the conflict within the limited time.

“I really didn’t help you get into big trouble?”

Mama Lei blinked.

For a moment, he didn’t know if his daughter-in-law was coaxing him or if she was serious.

the best way to heal a pimple with blood pus is not to pretend it doesn’t exist, but to poke it and squeeze out the blood pus. That’s the right way.

The entire plan had already taken shape in her mind when she first heard mother Lei mention the past.

“My daughter-in-law, you ...”

When she heard Lin Hanxing’s words, mother Lei seemed to have suddenly realized something and looked at her.

the he family has already submitted a document to apply for bankruptcy protection to the court. Neither the Lin family nor Zhong Xueqing can change the fact that the Jiangcheng Bay Bridge project will not be under their control.

Lin Hanxing said calmly. There was a calm look in his eyes, like the calm before the storm.

I can even guarantee you a hundred percent that the people from the City Council will personally visit the Lei Corporation tomorrow to request ah Xiao to take over the Jiangcheng Bay Bridge project.

Naturally, mother Lei would not doubt the authenticity of Lin Hanxing's words.

In her eyes, her daughter-in-law was omnipotent.

It was as if no matter what she was entrusted with, she would do her best in the shortest time possible.

It was just so magical.

after the incident with the Fang, Lin, and he families, those people will definitely be more cautious than ever. Such a large project and investment cost, in the whole of Rivertown, only the Lei family can monopolize it.

Mother Lei listened to Lin Hanxing's story.

She told her what was going to happen next in the easiest way to understand.

"The pain of a cooked duck flying away is enough to make these people go crazy, especially ..."

Lin Hanxing looked at mother Lei indifferently.

"A person who feels that he has a handle on him and is absolutely safe, but in the end, he drew water with a wicker basket."

Lin Hanxing did not finish his sentence.

He only looked at mother Lei calmly.

Gulp gulp gulp gulp ...

There was a sound of hunger coming from mother Lei's stomach.

"....."

"....."

They didn't know who started it first, but the two of them laughed.

in short, if Zhong Xueqing calls and threatens you again, you can answer her however you want. You can be as arrogant as you want. Lin Hanxing finally relaxed when he saw that mother Lei's gloominess had disappeared.

"Mom, I'm here."

.....

When mother Lei and Lin Hanxing came back down, the dishes on the table had been replaced by the Butler.

Yuan Bao saw his grandmother coming down and eagerly jumped down from the chair. He huffed and puffed as he pulled the chair out for her, looking like a little gentleman.

“Grandma’s cooking is so good!”

Yuan Bao said in a fawning manner while acting cute.

After the meal.

When Lin Hanxing came out of the shower, the sets of books written by Lei Cheng, which were supposed to be in the Lei family’s study room, were already sitting quietly on the White European coffee table in the bedroom.

Flipping through it, it really was Lei Xiaosan’s personally signed version.

He didn’t know when the Thunder valiant beast had brought it over.

However, the man who could answer her question went to supervise Yuan Bao’s homework after dinner.

When Lei Xiaosi was not around, it was basically Lei Xiao who took on the role of the second father.

Lin Hanxing dried his hair as he searched for the book he had read in the bookstore earlier that day.

He began to flip through the pages.

Time passed by.

Lin Hanxing had stopped drying his hair and was immersed in the plot.

This was the seventh book of the ‘psychological mystery’ series.

Each book had its own story, so even if he bought a standalone book, it didn’t hinder the reader’s perception.

Lin Hanxing was reading the third book.

When Lei Xiao returned, Lin Hanxing was still in the same position with a white blanket covering his legs. He was watching with great interest.

She didn’t even notice that he had returned.

He was in a completely relaxed state.

It was only when Lei Xiao leaned over and kissed Lin Hanxing on the forehead that she, who was immersed in the plot, reacted.

“You’re back.”

Lin Hanxing lowered his head and continued reading after he finished speaking.

“.....”

Lei min, who had been completely ignored, was expressionless. He walked to her side and sat down, leaning over.

Lin Hanxing did not notice his expression and even moved to the side to give him some space.

“.....”

Lei Xiao felt that his patience had reached its limit.

In his wife’s eyes, even a lousy book was more attractive than him.

“I’m going to take a shower.”

He said in a deep voice.

Lin Hanxing acknowledged without looking up and continued to read Lei Xiaosan’s book.

Soon, the sound of water coming from the shower could be heard.

However, the sound of water stopped not long after.

This was probably the fastest bath Thunder valiant beast had ever taken.

When he came out with a white towel wrapped around his waist, Lin Hanxing was still in the same position, reading a book.

“Is it good?”

Thunder valiant beast asked.

Lin Hanxing then grunted.

In the next second, his body rose into the air uncontrollably.

The hardcover book in her hand fell to the ground with a thud.

“The book ...”

When Lin Hanxing finally made a sound, he had already been thrown onto the bed by Lei Xiao.

Then, he covered her with his entire body.

The bath towel had slipped to the ground earlier, and so had the books. Only the two of them were on the bed.

“Am I better looking or is the book better looking?”

When he said this, Lei Xiao deliberately spoke in a magnetic and lazy tone, not to mention that he had just taken a bath and his warm hand gently stroked Lin Hanxing’s collar, which made him look even more bewitching.

Lin Hanxing felt his collarbone was a little itchy, so he smiled and dodged it.

“Don’t mess around, I just saw the murderer coming out!”

At that moment, Lei Xiao was pulling open the drawer of the bedside table with his long hand to take out the things he had hidden inside when he went back to get the books. When he heard Lin Hanxing's answer, his forehead throbbed.

"Is the book more important or am I more important?"

No woman would remain unmoved when they were stared at by such a pair of deep and dark eyes!

"....."

Lin Hanxing felt a little guilty under those eyes.

With a ripping sound, the glass outside the box was opened and the contents poured out.

"That ..."

Lin Hanxing's throat was dry and he wanted to say something.

Lei Xiao held the thing with one hand, put it to his mouth, and bit open the package.

His Adam's apple even rolled up and down.

"....."

That action was extremely sexy.

Even his Adam's apple bobbed up and down, making his heart beat wildly.

Lin Hanxing's body reacted.

He swallowed his saliva.

She felt that she would be at a disadvantage if she didn't reach out and touch his chest.

"That ..."

Lei Xiao's half-dry hair drooped down and covered his eyes, making it difficult to see what the man was thinking.

"What?"

"The murderer is on the second page, I think ..."

Before she could finish speaking, she heard the wall lamp turn off with a snap, followed by the man's jealous "hehe" and a strong storm in the room ...

Chapter 1159-spoiler dog

The next morning.

When Lin Hanxing opened his eyes, Lei Xiao's long arms and legs were still wrapped around his body.

They were like vines.

It made one feel a strong sense of possessiveness.

Looking at the side of Lei Xiao's face, Lin Hanxing, who originally wanted to settle the score with him for last night, suddenly felt his heart soften.

"Morning."

Lei Xiao had actually woken up a long time ago. It was just that he had wanted to end his session earlier yesterday so that she could rest, but he had used too much strength at that time, and Han Xing had opened her mouth and bit his shoulder.

He was immediately hooked.

In the end, he coaxed and lied shamelessly until it was midnight again.

He was still feeling a little guilty when he woke up in the morning, afraid that Hanxing would kick him down the stairs when he woke up.

Initially, Lin Hanxing did not say anything.

"I'm thirsty."

After a while, she said in a hoarse voice.

Lin Hanxing should really be grateful that she preferred silence, which was why she chose the best sound-proof materials during the renovation. Otherwise, if the noise last night had been heard, she might as well just suffocate to death.

Without another word, Lei Xiao stood up to pour her a glass of water.

Just as he turned around, a force kicked him from behind!

The Thunder valiant beast could Dodge.

But he did not Dodge.

He allowed himself to fall to the ground, and even carefully chose a position that would make him look absolutely pathetic.

He turned around.

Lin Hanxing was wrapped in a thin blanket and looked at him arrogantly.

His expression said 'I kicked you, so what can you do about it', which made Lei Xiao not know whether to laugh or cry.

Alright, then.

He admitted defeat.

She poured a cup of honey water and handed it to Lin Hanxing. The latter seemed to be really thirsty and gulped it down quickly.

Suddenly, Thunder valiant said a name.

Lin Hanxing's hand that was holding the cup paused, and he blinked at him.

Who was it?

“The murderer.”

Lin Hanxing was stunned when he heard Lei Xiao’s words.

“.....”

Had he been caught off guard and given a face full of spoilers?

Drama! Penetrate! A dog!

“Once upon a time, someone gave me a spoiler.”

Lin Hanxing looked at Lei Xiao with a pair of clear eyes, her voice as sweet as it could get.

“Eh? And then?”

“Then he died ...”

“.....”

.....

Lei Xiaosan’s flight was late and he would only land at 9:30. When the two of them came down from upstairs, they were just in time for breakfast.

Compared to last night, Madam Lei was in a much better mood.

She even cut a bunch of roses from the garden and put them in the vase on the table.

Lei Yu and Lei Jue, who had gone out last night, came back. When they saw the two of them coming downstairs, they greeted each other. Yuan Bao was waiting for breakfast with his cheeks in his hands.

“My daughter-in-law!”

When mother Lei saw Lin Hanxing coming down, she went up and grabbed her wrist, pushing Lei Xiao to the side.

“Today, we’re going to pick up our mistress in mother and daughter’s clothes!”

Mother Lei’s dejection from yesterday was gone. Her eyes were bright and she looked very energetic.

“I’m ready!”

“.....”

Mama Lei liked pink.

At the thought of this, Lin Hanxing looked at Lei Xiao for help.

However, before he could say anything, his wife had already been dragged upstairs by his mother.

“Mom ...”

“Does this pink one look good? I had someone deliver it yesterday!”

Mother Lei rummaged through the cabinets excitedly.

“You don’t like it?”

Looking at Lin Hanxing’s expression, mother Lei pouted and there was a hint of disappointment in her eyes.

“.....”

naturally, lin hanxing could not bear to see mother lei disappointed, so he took the clothes and went to the cloakroom.

when she came out again, her entire body instantly became pink and tender.

she was wearing a pink hoodie with a long white dress.

her slightly curly, waist-length hair was casually spread out behind her, and her innocent eyes ...

”

although he felt that the dress would definitely suit his daughter-in-law when he ordered it, he still felt proud to see her wear it with his own eyes.

it would be even cuter if it was a little chubby!!!

Mother Lei rubbed Lin Hanxing’s bare face with her palms.

When Xi Bao was around, mother Lei liked to express her love with this gesture!

“.....”

Lin Hanxing was helpless against mother Lei’s obsession to fatten her up.

When the two of them went downstairs, Yuan Bao was happily eating the egg custard.

The egg custard was tender. The tender lemon yellow, with a shrimp on top, a little soy sauce and sesame oil, was enough to make people drool.

At this moment, Yuan Bao was stuffing a big mouthful of food into his mouth.

When she saw Lin Hanxing coming down, her little mouth opened into an O, and her expression was as cute as it could be.

“Mother of God!”

Lei Jue was holding a cup of freshly brewed coffee and was almost scalded to death.

“I’m here!”

Mother Lei put her hands on her hips, her expression as proud as she could be.

“Mom, can you stop tormenting sister-in-law? Look at this fan. Tender. He looks like a high school student. If he stands with our big brother, what if someone reports him to the police for kidnapping an underaged girl?”

Lei Jue quickly put down the cup of coffee that had scalded his mouth.

Lin Hanxing covered half of his face with his hand, and his eyes met with Lei Xiao's.

However, the latter's eyes were filled with an indescribable warmth as he looked at her.

"Bah, bah, bah, what do you mean by abducting an underage girl! Our little Hanxing's tender looks are natural beauties!"

Yan beixiao, who had just come in from outside, happened to hear what Lei Jue had just said. As the Big Brother who stood firmly behind little Hanxing, Yan beixiao had been spitting at Lei Jue the entire way from the moment he entered.

"....."

Lin Hanxing, who was the person involved, felt extremely embarrassed when he heard these words.

She was still standing there!

"You're here to freeload again!"

Lei Jue raised his eyebrows.

"Don't touch my son's food!"

When he saw Yan beixiao walking towards Yuan Bao, as if he was going to finish the egg custard in his bowl, Lei Jue said in a neutral tone.

Yan beixiao chuckled and cleared Yuan Bao's bowl of the remaining food ...

"....."

"....."

"....."

Shameless!

"Ah Xiao, I have something to tell you."

After finishing his bite, Yan beixiao coughed and looked in the direction of father Lei.

"Do you think we should go up?"

"Speak, there's no need to avoid me."

Suddenly, father Lei opened his mouth.

It was as if the pause button had been pressed.

Lin Hanxing glanced at Yan beiming, knowing that the news he brought was probably related to the Han family.

Han mingmei is being detained.

Since father Lei had already said so, Yan beixiao decided not to hide anything.

The finance department of the CQ group was really good at pretending to be peaceful. However, some things would not disappear after you tried your best to hide them. Those hidden sins were not without traces.

As for han mingmei, who was the CEO and legal person of the CQ group ...

He couldn't escape responsibility no matter what.

This time, the few of them fell into silence at the same time.

There was a rustling sound from father Lei's side. It was the sound of someone squeezing the newspaper.

After a long time, he sighed.

Without a word, he walked upstairs.

Lin Hanxing raised his head and looked at father Lei's back. There seemed to be an indescribable sense of depression.

She knew.

Although father Lei didn't say anything, he was still sad.

"Is the old man alright?"

After waiting for father Lei's figure to disappear at the top of the stairs, Yan beixiao finally opened his mouth to speak weakly.

No one spoke.

"How is han mingmei feeling?"

Lin Hanxing said indifferently.

Yan beixiao looked at her, his expression a little strange. However, he quickly covered his face with his hands and laughed out loud ...

"....."

Lin Hanxing felt like killing him.

"Little Hanxing, you're dressed like this and you're making such a secretive expression. Big brother, I'm really ..."

"....."

Forget it, I'll just kill him!

Where was her 45-meter long saber?

"Ah Xiao!"

The moment Lin Hanxing called out for Lei Xiao, Yan beixiao was kicked over from behind.

“F * ck!”

Yan beiming was caught off guard and almost rolled under the table.

Yuan Bao hurriedly clapped his hands in celebration.

“.....”

“Be polite in front of the child!”

Lei Jue said earnestly, followed by two clicking of his tongue.

“At this stage, no one but the lawyer is allowed to see her, but ...”

Yan beixiao simply crossed his legs and sat on the ground.

according to the lawyer, han mingmei has been on a hunger strike ever since she went in. The wound on her shoulder that had not healed yet caught fire again, and she had a high fever on the first night she went in!

They had grown up together. Yan Beichen’s tone was filled with an indescribable sigh when he talked about this matter. However, this kind of feeling had almost worn off after han mingmei and han boming’s multiple insubordinate attacks.

But to be honest, even Yan Beichen felt that han mingmei had been smart since she was young, so she should not have ended up like this ...

“They didn’t let her handle it?”

Lin Hanxing was leaning on the table with the roses that mother Lei had picked this morning.

The delicate flowers also exuded the unique bitterness and sweetness of the rose family.

“How can we not deal with it? However, she’s also very stubborn. She doesn’t take medicine or drink water, so we have no choice but to inject her with a syringe. We also have to prevent her from having suicidal tendencies. In short ...”

Yan beiming looked in Lin Hanxing’s direction.

“These two days, they’ve really messed with the economic investigation quite a bit!”

If this case was really settled, it would be considered a big case. If the criminal got into an accident under their eyes, all the people in charge of this case would have to bear the consequences.

It was said that from the moment they noticed something was wrong, they had been under close control for 24 hours.

that’s it. He kept making requests to see ah Xiao.

Yan beixiao changed the topic and said.

In fact, it was better to say this upstairs, but after what father Lei said just now, Hanxing started talking again after he left.

"I'm not meeting anyone, I'm only asking to see you,"

Yan beiming raised his head and looked at Lei Xiao, his eyes still carrying a 'brother, good luck' look.

"If this continues, the economic Investigation Department will really call you."

After all, it was a matter of life and death. No one could be sure.

Hearing this, Lei Jing's face was expressionless and he did not speak, but no one could tell what he was thinking from his eagle-like eyes.

"If the economic Investigation Department calls, we'll still have to see him."

Lin Hanxing said indifferently.

With the incident with CQ, many people had already targeted the Lei clan.

After all, it was ah Luo who did it, so he didn't deliberately hide it.

[Chapter 1160](#)

1160 The overpass to the airport

Due to the special relationship between the Lei and han families, there would always be people who would gossip.

Just as they were talking, Lei Xiao's phone rang.

It was the mobile phone used for work.

Because of Lei Cheng's return today, Lei Xiao had specially cleared out the morning.

It shouldn't be Anthony.

As if to confirm what Lei Xiao was thinking, when he saw the caller ID, his expression was subtle.

He waved the screen in Lin Hanxing's direction.

Even though it was a short time, Lin Hanxing still managed to see the two words "economic investigation."

Thunder valiant picked up.

"I'm Thunder valiant."

His voice was deep and sounded serious.

The other end of the phone went straight to the point.

It seemed that he had been forced into a corner and had no choice.

Yan beixiao winked at Lin Hanxing. Whatever he said would come true, his jinx was really effective!

"I have a condition."

Lei Xiao answered in a deep voice.

He raised his head and looked at Lin Hanxing.

"I want to bring my wife along."

After that, he didn't say anything else and waited for the other party's answer.

If they agreed, they would go.

If they didn't agree, he wouldn't go.

It was so simple.

The other party seemed to be asking for instructions from his superior.

About a minute passed like this. The phone was not hung up, and neither side spoke.

It was only after the other party gave a positive answer that Thunder valiant beast finally relented.

"Sure."

As he spoke, he looked at his watch.

"After 1:30. I have a private matter to attend to in the morning."

The matter was settled just like that.

"This han mingmei really knows how to cause trouble."

Yan beiming could not help but shake his head. This could not even withstand economic investigation.

Aren't you afraid that han mingmei will die if you bring me there? "

Lin Hanxing teased.

According to that woman's personality, it was really possible.

her death is the economic Investigation department's concern, but I will not take any risk of being misunderstood by you.

Lei Xiao's deep eyes were bottomless.

Yan beixiao couldn't help but roll his eyes.'The whole world knows that your little heart only belongs to little Hanxing. Even Chen Duxiu can't compare to you. You can't even speak!'

"Uncle, he's rolling his eyes at you!"

Yuan Bao snorted and pointed at Yan beiming with his chubby little paw.

"Little traitor!"

Yan beiming pounced on the little fellow, grunted, and placed him on his shoulder.

Half an hour later, mother Lei and father Lei came down after changing their clothes.

From father Lei's expression, it seemed like his mood was no longer affected. As expected, mother Lei matched Lin Hanxing in a female outfit.

As soon as she came down, she bounced and held Lin Hanxing's hand, pushing Lei Xiao to the side.

"....."

Seeing Lei Xiao's expression, Yan beixiao tried his best not to laugh out loud.

He really wanted to interview her about how he felt about snatching his mother's wife away every day.

The group drove two cars.

He drove towards the airport.

The road was a little congested today. They walked and stopped for 20 minutes, but they did not get off the overpass.

"What's with the traffic today?"

Mother Lei was confused.

Although it was usually crowded, it wasn't like today.

Lin Hanxing frowned slightly.

Just as she was thinking about this, the ringtone of her mobile phone suddenly broke the silence and brought her back to her senses.

He looked at the caller ID.

It was Qi Li.

After the night of the Qi corporation's new product launch, the company had made a complete comeback. Not only had their orders returned to normal, but Lin Hanxing had also introduced her to a few big international orders.

"Hello?"

"Where are you?"

On the other end of the phone, Qi Li sounded anxious, as if something had happened.

"On the way to the airport."

Lin Hanxing's words were extremely concise.

"....."

Qi Li was silent for a while.

"He's not on the way to Jiang City International Airport, is he?"

“.....”

This time, it was Lin Hanxing's side who was silent.

There was only one airport in Jiang city. What did she think?

Qi Li seemed to have realized her mistake and snorted.

“Is there a traffic jam on your side? Do you know why? Something's happening up ahead!”

Without wasting any time, Qi Li quickly went on without even taking a breath!

Lin Hanxing remained silent.

He looked at the Lei family members beside him and remained silent.

“Is it not convenient for you to go there?”

Qi Li suddenly realized something.

“Yes.”

Lin Hanxing replied in a low voice.

then I'll make it short. Your cousin, Lin Jiaojiao, was supposed to be sent overseas by the Lin family to 'recuperate'. Who knew that when the car reached the overpass, she took advantage of the traffic jam and opened the door to rush out. Now, she wants to jump off the bridge!

“You know what? She had even gathered all the media reporters! How can we avoid traffic like this?”

After a few simple words, he hung up the phone.

Lin Hanxing was still holding his phone in his hand, and there was a subtle look in his eyes.

What happened to Yingluo?

Thunder valiant beast asked with his eyes.

“There's a traffic jam ahead because someone's going to jump off the bridge.”

Lin Hanxing said softly.

“Someone jumped off the bridge?”

what? ” mother Lei's expression was one of shock, and even her voice was filled with shock.

he will definitely die if he jumps down from here. I'm afraid that person really wants to die.

Looking out of the window, Mama Lei rubbed the goosebumps on her arms.

“Who's going to jump off the bridge?”

Ray Jue asked indifferently.

Lin Hanxing glanced at him.

"She's my cousin,"

"....."

"....."

"....."

The moment he said that, everyone in the car fell silent.

This really confirmed the old saying.

No coincidence.

The Lei family didn't know her name, but if she was his younger cousin, they would be able to match her.

Wasn't Lin Hanxing's only cousin the one who set up a trap for Lin Hanxing at the Lin family's dinner party and ended up becoming second young master he's fiancée?

"It should be not far ahead."

Lin Hanxing looked at the windshield in front of him and said in a deep voice.

"Do you want to go down?"

Thunder valiant beast asked her.

Lin Hanxing did not answer.

The car fell into silence again.

"Let's go take a look. We won't be able to move for a while anyway."

Lin Hanxing spoke after a while.

.....

Just as Lin Hanxing had expected, the place where Lin Jiaojiao was going to jump off the bridge was not far away. The police had already cordoned off the area and there were people watching the scene.

Lin Hanxing saw Lin Jiaojiao through the security line.

In a short period of time, she seemed to have become a lot more Haggard. Her clothes were blown by the wind, and they looked like a bulging sack. Her emaciated appearance made the surrounding men sigh.

Lin yanshu and Lin youlin were the ones who sent Lin Jiaojiao to the airport today.

Lin youlin had originally locked the car door, but Lin yanshu had secretly disobeyed his sister's wishes and unlocked the central lock, allowing Lin Jiaojiao to escape from the car.

Lin yanshu wanted Lin Jiaojiao to start over, but Lin Jiaojiao only wanted to end it.

Lin youlin was talking to the police, and her eyes inadvertently swept across the crowd. The moment she saw Lin Hanxing, the emotions that she had been suppressing collapsed!

“It was you, wasn’t it! Lin xiaojiu! It’s you!”

After a short moment of silence, Lin youlin ran madly towards Lin Hanxing.

The people around him were so frightened that they quickly dodged.

The police who were standing guard near the cordon quickly stopped Lin youlin, and the expressionless Lin Hanxing stood in the cold wind without moving. He just looked at Lin youlin coldly, who was trying to tear her apart.

Standing beside Lin Hanxing, Lei Xiao’s muscles tensed up, and his eyes suddenly turned fierce.

Behind him were the two brothers, Lei Yu and Lei Jue, who had been ordered by Mama Lei to come along. Luckily, Yuan Bao and Yan Beichen were in another car, or else the two of them would have followed him.

Lin Jiaojiao’s eyes moved as if she had heard Lin youlin’s irrational roar.

In an instant.

She was like a puppet that had come to life, even her eyes were shining.

“Lin xiaojiu!”

Lin Jiaojiao, who was standing on the bridge, shouted at Lin Hanxing.

“You, come here!”

“Sister-in-law!”

Lei Qian wanted to stop Lin Hanxing, but he was met with Lei Xiao’s glare.

When the crowd heard the name ‘Lin xiaojiu’, their eyes immediately fell on Lin Hanxing.

After a long time.

The police opened the cordon under the instructions of their superior and let Lin Hanxing in, but their eyes kept moving back and forth between her and the Lei brothers.

To be honest, the frequency at which Lin xiaojiu’s name had been mentioned in their police station recently ...

That was a little too high.

Lin Hanxing walked towards Lin Jiaojiao.

On the way, she passed by Lin yanshu, who was kneeling on the ground and begging her to come down.

If Lin Jiaojiao was much more Haggard, then Lin yanshu was much older. Even his back was hunched, and his eyes were cloudy, making him look like an old man.

“Today, you ...”

The wind was a little strong today. Lin Jiaojiao stood at the edge of the overpass, her whole body looking shaky.

"It looks very different."

Lin Jiaojiao's voice sounded as if it had been blown away by the wind.

Her eyes were filled with envy.

Lin Hanxing was not wearing a coat, and her long white dress fluttered in the wind.

She looked at Lin Jiaojiao without saying a word.

"You're here to laugh at me too?"

Lin Jiaojiao did not believe that she would coincidentally appear here.

"I'm going to the airport to pick someone up."

Lin Hanxing said indifferently, his voice not much warmer than the cold wind.

"Do you have a cigarette?"

Lin Jiaojiao smiled at her.

Lin Hanxing did not smoke.

Lin yanshu was stunned. He had never known that his daughter smoked.

It was the police officer who poured the root and handed it to Lin Hanxing, who then handed it to Lin Jiaojiao.

Even the lighter.

Perhaps it was because her hands were shaking, but Lin Jiaojiao had to hit him a few times before she could hit him.

He brought it to his mouth and took a deep breath.

He was like a drug addict.

"You see, he ..."

Lin Jiaojiao didn't dwell on the previous topic. She suddenly turned her head to look at Lin yanshu, who was still kneeling on the ground. Her eyes were filled with contempt and ridicule.

"Doesn't it look like a dog?"

These words caused huge ripples in the surrounding.

However, it did not affect Lin Jiaojiao at all.

"Ever since he was young, he has been a coward. He didn't dare to fight with aunt for anything and kept retreating."

Lin Jiaojiao took a puff of her cigarette. She looked like a Sea Dancer, but it also made people feel her weakness and gloominess.

The cigarette butt was clearly extinguished.

The White smoke he exhaled also quickly dissipated in the wind.

Everything seemed so unreal.
