

## Goodnight 1191

### [Chapter 1191](#)

1191 The Thunder valiant beast's Secret (3)

Han boming's men were even caught off guard by the well-trained brawny man who suddenly rushed in and controlled them!

This group of people were the thugs that han boming had raised for many years. Each of them thought that they were extraordinary, but at that moment, they couldn't even take a single move from him. They were pressed to the ground in the most embarrassing posture!

For a moment, the banquet hall was silent.

Only the sound of han boming's men being subdued could be heard.

"I'm sorry, my men were a little impatient and used too much force."

Lin Hanxing said with a faint smile. Other than Lu bingde, who had seen her ordering others around in the hospital, all the guests and reporters present were dumbfounded, as if they couldn't react for a while.

"But don't worry,"

Lin Hanxing smiled, but the smile did not reach his eyes.

"I won't die."

Her ah Xiao was not someone who could be touched by anyone.

The 120-second countdown quickly passed. Lin Hanxing's long eyelashes fluttered slightly, and the ruthlessness in his eyes disappeared.

"Principal, it's our first meeting today. How about I give you a gift?"

When she raised her head again, no one could see anything strange on her face. When she finished speaking, the corners of her mouth even curled up slightly.

Lin Hanxing handed the document back to Jiang Xibao.

Then, he clapped his hands.

A crisp sound was heard.

Along with this voice, a little girl ran in from outside the banquet hall.

"Grandpa ... Grandpa ..."

The Dean felt as if he had been struck by lightning. He turned his head abruptly and looked in the direction of the sound.

Before the little girl could reach him, he had already staggered forward a few steps and pulled her into his arms.

“Zhenzhen ...”

The director’s emotions seemed to have been ignited and he broke down. He hugged his granddaughter and cried loudly. The sound of it was really sad for anyone who heard it!

At the same time, when he saw the little girl running in, han boming’s expression froze instantly!

He subconsciously looked at Lin Hanxing!

There was an obvious panic in his eyes. Lin Hanxing, on the other hand, just turned the ring on his finger and looked at han boming with an intriguing expression. His smile became deeper.

But that smile made han boming’s back break out in a cold sweat.

This little girl, including the Dean’s family, should have been locked up in the warehouse by the sea. No one was allowed to release her without his permission! Now, she was actually alive and kicking in front of him?

“Han boming, do you think this little girl looks familiar?”

Lin Hanxing loosened his grip on the ring and raised an eyebrow.

Today, her eye makeup was different from the past. At this time, with one look, everyone was shocked by her aura!

“You captured the principal’s family. It would be strange if you didn’t find them familiar!”

Lin Hanxing’s voice was neither loud nor soft, but it was as if he had just walked through purgatory, full of pressure!

There was a thud.

Han boming only felt his heart sink, and he couldn’t help but take a step back.

All of this was broadcasted live on social media platforms.

Everyone saw it.

“Director, can you explain clearly now? who forced you to say those words just now?”

Lin Hanxing glanced at the Dean coldly.

“Oh right, there’s something I forgot to tell you.”

Lin Hanxing seemed to have suddenly thought of something and quickly added, ”

“Your wife was shot when she was rescued.”

The Dean raised his head and looked into Lin Hanxing’s cold eyes. His face was filled with uneasiness and fear.

but don’t worry, ah Xiao’s men are doing their best to save her.

Lin Hanxing placed his hand on the Dean’s shoulder, smiled, and raised his eyebrows elegantly. He looked at the Dean indifferently.

“It’s them! They’re the ones who called me to threaten me!”

He gritted his teeth and reached out his hand in Han Boming’s direction. His eyes looked as if he wanted to eat his flesh and drink his blood.

“Oh? Threaten you with what?”

Lin Hanxing took a step forward. When his heels touched the ground, his eyes suddenly became sharp and cold.

“He’s threatening me to give false testimony to frame Mr. Ray!”

Everyone was in an uproar.

From the moment the director spoke, the entire banquet hall was in an uproar. The number of people watching the live broadcast had also broken through the peak in a short time, and the server was in danger of being paralyzed.

Other than Lei Xiao, the other members of the Lei family looked at each other, as if they had never thought that things would develop in this direction. After all, no one knew better than them ...

What Han Boming had said before was true!

Madam Lei’s heart was in her throat. She finally understood what her daughter-in-law had been planning for so long!

She wanted to clear ah Xiao’s name.

She wanted to completely remove this hidden danger that could threaten ah Xiao’s reputation from his life.

Father Lei thought the same.

The so-called truth was something people believed in.

He couldn’t help but recall his daughter-in-law’s profound words. Hanxing had already planned out all the details that even he didn’t care about.

you’re talking nonsense!!!

Zhong Xueqing did not expect that the situation would be reversed with just a few words from Lin Hanxing.

She was clearly telling the truth!

Why was everyone looking at them with strange eyes now?

“No perfections! There was no framing! Lei Xiao was not a child of the Lei family! He was the son of two drug addicts! He was adopted by Zhong Nanyin!”

Zhong Xueqing shouted towards the guests.

It was as if she could prove her innocence in this way!

“It’s true! I’m telling the truth! Zhong Nanyin’s eldest son died long ago!”

Zhong Xueqing seemed to be mumbling the last sentence.

His entire expression and gaze started to become dazed, as if this could get the approval of the public.

“Back then, you and han boming said with certainty that my ah Xiao wasn’t a child of the Lei family, and you even pulled out some witnesses and physical evidence. You threatened your witnesses, and the physical evidence was just a few photos ...”

Lin Hanxing’s dress swayed as she walked towards the crowd of reporters. She extended her slender fingers and took the photos back from the reporters ‘hands one by one. Her eyes were as cold as winter, and the things in her hands were taken away before she could even react.

Only the faint fragrance of her approaching remained.

Soon, Lin Hanxing had a bunch of photos in his hand.

“Han boming, Zhong Xueqing, what proof do you have to prove that what you said is true?”

Lin Hanxing said in a mocking tone.

It was constantly stimulating the nerves of the two people.

She was waiting.

He was waiting for han boming’s reaction.

“! DNA test! DNA!!! He would draw Lei Xiao’s blood to test his parent-child relationship with the Lei family! Let everyone be a witness! When the results are out, let’s see if it’s me who’s making things up or you, Lin xiaojiu, who’s making things up!”

Han boming roared in desperation!

Lin Hanxing laughed.

Han boming, han boming, you really didn’t disappoint me.

At this time, han boming was like a beast in his twilight years, struggling to survive.

“Does your Lei family dare to?”

## [Chapter 1192](#)

### 1192 The Thunder valiant beast’s Secret (4)

After saying that, han boming immediately smiled provocatively at Lin Hanxing.

“Do you have the qualifications to agree on the Lei family’s behalf?”

As soon as han boming said this, there was silence.

It was as if everyone was waiting for the Lei family’s answer.

If they didn’t dare ...

This was really thought-provoking!

Lin Hanxing turned around slowly, his clear eyes swept across the faces of the Lei family members, a faint smile on his lips.

Only when he was looking at the Thunder valiant beast ...

Her eyes stopped!

Yingluo, believe me.

Lin Hanxing said without a sound, and even winked at Lei Xiao from an angle that the reporters and guests could not see.

The cold aura between Lei Xiao's brows quietly disappeared.

Of course, he believed her.

She was his wife.

His life.

"I dare."

Lei Xiao's magnetic and hoarse voice resounded. The other three brothers clenched their fists tightly the moment he spoke, their strong and tall figures all tensed up into stone. Under such circumstances, they could not say or do anything.

"Of course, the daughter-in-law of the Lei family has the right!"

The gentle expression on Madam Lei's face when she was with her family was completely different. She looked at the other party expressionlessly.

From an outsider's point of view, even in the face of such a terrible situation, the Lei family was still calm and composed, without the slightest bit of panic.

Lin Hanxing looked at mother Lei.

She knew that this was the trust that the Lei family had given her.

The next second, Lin Hanxing threw the photos he had collected from the reporters at Han Boming and Zhong Xueqing's faces.

"Ah ..."

Zhong Xueqing subconsciously covered her face.

A cold smile appeared on Lin Hanxing's beautiful face.

"If you want to play, the Lei family will accompany you to the end!"

.....

Because of Han Boming's interlude, the dinner was temporarily taken off, and they waited for the professional organization to come to collect blood.

Lin Hanxing and Lei Xiao returned to the resting room to rest.

The other members of the Lei family deliberately gave the two of them some space and did not disturb them.

In the lounge.

Lin Hanxing sat down next to Lei Xiao and reached out to hold his cold and emotionless palm.

“My biological father was tested to be HIV positive after his death.”

Thunder valiant beast hid his muscular body in the sofa.

drug addicts love to share the same syringe. The needle will go straight into their blood vessels. In order to enjoy a moment of pleasure, they can even throw away their lives, let alone family.

To Lin Hanxing, Lei Xiao’s voice was too calm.

It was as if he had pulled himself out of the matter and described what had happened to him in the tone of a stranger.

I’ve had enough of them arguing every day over money and who to suck on. I’ve had enough of their ferocity when they’re in high spirits, but I’ve never wanted them to die.

“Five days, five whole days ...”

Lei Xiao tilted his head and looked at Lin Hanxing, his deep eyes filled with deep emotions.

“I just watched them rot.”

Even though Lin Hanxing had heard mother Lei mention it before, being able to live with two corpses for five days without eating or drinking was far less shocking than when Lei Xiao mentioned it to him in person.

Dr. Zhong once said that my heart still has a child ...

“It’s the me from those five days!”

There had always been a darkness in his heart that could not be touched by others.

The dark life force was so strong that even the Thunder valiant beast could not control it.

“I’m glad that my parents brought me home.”

Otherwise, I wouldn’t have been able to live until now.

With a sigh, he opened his mouth.

I want my younger brothers to do whatever they want with their hands clean!

Xuanji Hanxing, in my eyes, I’ve only been helping my younger brothers manage the Lei clan. Sooner or later, if one of them is willing to take over, I’ll step down from that position!

Yingluo’s only thought at that time was how to prevent ah Luo from being discovered by those ruffians, and she was also very glad that I was with him that day.

Therefore, even at the cost of his life, he had to ensure Lei Meng's safety.

Even if he had to give up on what he wanted to do, he would still let his younger brothers do what they wanted to do without any worries.

Yingluo's daughter-in-law, to be honest, your appearance has made me feel relieved. I used to be afraid that ah Xiao would do anything for us, but now that I have you, everything is different.

That night, Mother Lei had told Lin Hanxing about it.

"I'm sorry, I'm not the best me right now."

Lei Xiao tilted his head, the corners of his thin lips curling up.

In Lin Hanxing's eyes, it was a smile that made one's heart ache.

"No," she said.

Lin Hanxing reached out and pulled Lei Xiao into his arms.

She rested her chin on his neck.

With the closest distance in the world, he said the most touching words of love.

"As long as it's you, it's always the best."

The Thunder valiant beast's hands, which were placed on both sides of his body, loosened and clenched repeatedly.

"You're not going to hug me?"

Lin Hanxing asked him in a soft and warm tone.

In the end, Lei Xiao sighed and held her tightly in his arms as if he was compromising.

"Don't worry, leave everything to me."

Lin Hanxing's hand caressed his back as if he was coaxing a big child.

"Alright," he said.

Knock, knock, knock.

"Big brother, sister-in-law, the person in charge of drawing blood is here."

Lei min's voice came from outside.

"Let's go," he said.

It was time for him to settle some scores with Zhong Xueqing!

.....

In the banquet hall.

When Lei Xiao and Lin Hanxing walked out again, countless pairs of eyes fell on them.

Lin Hanxing's face returned to its previous cold state the moment he entered the banquet hall.

Perhaps it was because they had rested for a while, but Zhong Xueqing and Han Boming's expressions were no longer as panicked as they were at the beginning. When they saw Lin Hanxing come in, they looked at him as if they were watching a good show.

When the results were out and she found out that she had married a fake, he would see how she would cry!

Lin Xiaojie, you agreed to this yourself!

I can't regret it!

Hearing this, Lin Hanxing didn't even look at Han Boming and sneered.

"The Lei family is upright and honest. I've agreed to it openly and I won't go back on my word! But you ..."

Lin Hanxing's cold eyes swept across a certain place.

"If the result isn't what you want and you continue to bring people to pester me, I won't let you off easily!"

Her voice was very soft, but it brought an indescribable solemnness to everyone's ears.

"I hope that everyone here can be a witness to today's matter, so that no one will speak nonsense again in the future ..."

Lin Hanxing's gaze finally fell on Zhong Xueqing's face.

His brows and eyes seemed to be free of dust, but his words gave people an indescribable sense of Majesty.

"You don't know your place!"

Zhong Xueqing's heart skipped a beat. It was as if she had swallowed an icicle, which chilled her heart.

"Let's start."

With these three words, the entire media's focus fell on the Lei family. On all the major platforms, countless people were holding their breaths as they waited for the results. After the materials were successfully obtained, the test results would be sent to the regular laboratory for testing.

The entire process took about half an hour, under the supervision of Han Boming, Han, and the reporter.

This was to prevent anyone from tampering with it.

"It will take some time for the results to come out. Why don't we solve other things first?"

### [Chapter 1193](#)

1193 The car accident that happened to mother Lei back then

Lin Hanxing's words immediately attracted everyone's attention.

“Bring the person up.”

Lin Hanxing said coldly.

It was only then that people noticed that the Bluetooth headset hidden under her hair was still on.

Soon, Lin Hanxing’s men had already dragged the two men and threw them on the floor with a loud thud, catching everyone off guard and making them cry out in surprise.

Lin Hanxing, on the other hand, looked as calm as ever as he took a glass of champagne from the waiter and handed it to him.

it’s Mr. And Mrs. Zhong!!!

Suddenly, the crowd burst into a cry of surprise. They had clearly recognized the identity of the man and woman who were lying on the ground in a sorry state!

Zhong Xueqing’s face turned pale.

“Lin Hanxing, what do you mean by this?”

She took two quick steps forward, trying to help her mother up from the ground.

However, before she could even get close, Lin Hanxing made a simple gesture and ordered his men to stop Zhong Xueqing.

Lin xiaojiu!

Zhong Xueqing tried to rush out a few times but to no avail, so she directed all her anger towards Lin Hanxing.

Lin Hanxing smiled faintly and took a sip of the champagne.

He looked at the mother and daughter struggling in a sorry state.

It had taken her a lot of effort to get Mrs. Zhong here.

However, Lin Hanxing was satisfied with the result.

“I invited Mrs. Zhong here today to solve an old matter, and this old matter involved many people, so I invited them all here to avoid missing out on anything.”

Lin Hanxing stood still lazily, but the words he said attracted the curiosity of many guests.

What kind of old matter requires Mr. And Mrs. Zhong to be invited?

Besides, Mr. Zhong was Madam Lei’s father. It didn’t look good to bring him here in such a way.

“Don’t tell me ...”

One of the reporters seemed to have thought of something. The words were on the tip of his tongue, but he looked at Lin Hanxing with fear.

what could it be? hurry up and tell me!!!

The people around him thought that he was keeping them in suspense and urged him anxiously.

I heard that Madam Lei had a car accident before she married into the Lei family. It was also because of this car accident that Madam Lei completely disappeared from the public eye and became unknown.

However, these were just rumors, and he didn't know if they were true or false.

Everyone was dumbfounded.

As soon as this person mentioned it, some of the older people vaguely remembered that they had heard of this matter back then, but because the Zhong family had chosen to deal with it in a low-profile manner, what happened after that ...

To be honest, not many people really cared.

Mother Lei looked at her father with a complicated expression. They had not seen each other for a long time.

"Zhong Nanyin, you're going to let her treat me so impudently? Don't forget that I'm still your father!"

Mr. Zhong's thunderous voice reverberated in the banquet hall.

Perhaps he was too angry, his voice was so loud that everyone around him could feel their eardrums vibrating.

"Mr. Zhong, I think you've got the wrong person! Mom doesn't know anything about why I brought you here!"

Lin Hanxing did not tell mother Lei about this and only mentioned it to father Lei. Mother Lei did not hold it against her but from the day she found out, she had no intention of letting it go.

Even if Zhong Xueqing didn't appear today, Lin Hanxing would still find another opportunity.

However, since she was here ...

No matter how long it had been, he had to settle some scores!

Lin xiaojiu, you're simply lawless!

Mr. Zhong felt a headache whenever he saw this fiend, not to mention that she had embarrassed him in front of so many influential people in Jiang city. He wanted to kill her.

"That's still better than old Mr. Zhong bringing Zhong Xueqing and her daughter back to the Zhong family when mother Lei was in a car accident and her life was in danger! Who would know that the current second miss of the Zhong family was supposed to be the eldest miss, and the eldest miss is just a mistress "daughter raised outside!"

Lin Hanxing's face was as cold as a painting, but his words caused a stir in the entire venue.

Not to mention, there were mobile phones from the media that were used for live broadcasts that were connected to the outside of the venue.

Nowadays, there were very few people who knew about the Zhong family's past, but that didn't mean that no one knew. For a time, the guests were whispering and exclaiming from time to time.

all these years, I don't know where the rumors came from, but they said that it was Mother Lei who shamelessly snatched the fiancé that should have belonged to Zhong Xueqing, hehe ...

Lin Hanxing couldn't help but laugh as if he had heard a joke.

"Snatch?"

if she wasn't brought back to the Zhong family, the marriage between the Zhong clan and the Lei clan wouldn't have fallen on Zhong Xueqing!

The Zhong family's faces were extremely ugly at this time. The conversation was completely broadcasted live without any cover, and the people in Jiang city who heard this were all excited.

After all, the version they had heard before was completely different from what Lin Hanxing had said today.

When Zhong Xueqing had just returned, she had portrayed herself as a completely sorrowful character, drawing sympathy from many people. But now, Lin Hanxing's words made the public realize that they had been deceived!

you're talking nonsense!

Mrs. Zhong held her daughter in her arms and spoke in a sharp voice.

"I'm spouting nonsense?"

Lin Hanxing's eyes and brows seemed to have frozen as he walked towards Mrs. Zhong.

Every time she took a step forward, Mrs. Zhong would take a step back!

"What about the car accident that happened to mother Lei?"

The moment Lin Hanxing finished speaking, Mrs. Zhong's scalp went numb!

Why did she suddenly mention this?

"Mrs. Zhong, did you do it?"

Lin Hanxing's high heels clacked against the banquet hall's floor. Coupled with her fierce eyes, the other party had no way to fight back.

the ones who benefited the most from that car accident were you and your daughter. In order to bring Zhong Xueqing into the Zhong family, you used any means possible to plot the car accident ...

Lin Hanxing looked at the mother and daughter, who were pale, and a cold smile appeared on his face.

"I'm asking you if you did it!"

The Lei family's brothers looked at the mother and daughter of the Zhong family with cold eyes. Not only them, but everyone's eyes were also on them.

The air seemed to have frozen in an instant!

"I didn't! We don't have any! You're spouting nonsense! You're framing me!"

Mrs. Zhong's forehead was covered with a thin layer of sweat.

She looked as if she had been drenched by the rain, refusing to admit it.

"Framed?"

Lin Hanxing raised an eyebrow and touched the Dragon-Phoenix ring on his finger.

"Yimu, now it's time for you to say something."

As soon as she finished speaking, she glanced at Zhong Yifu, who had been standing in the corner, shivering. The smile on her lips was inexplicably charming.

Zhong Yifu shuddered, and her legs started to go soft.

Was he asking her to reveal everything in front of so many people?

#### [Chapter 1194](#)

1194 Even if I lose, I'll make you guys admit defeat

Zhong Yifu was so flustered that she didn't know where to start.

"Since Yimu does not know where to start, then let me start."

Lin Hanxing's voice was very light and calm, but it carried a shocking authority, making people not dare to say a word.

As she walked, the dress she was wearing reflected a strong gradient effect under the crystal Light.

It was like a dream.

Her porcelain white skin was so tender that water could be squeezed out of it. Her waist-length slightly curly long hair also swayed with her movements. Her delicate little face was cold and expressionless, but it made people reluctant to look away from her.

as everyone in Jiang city knows, for a long time, aunt's shopping at any mall under the Lei Corporation was free of charge. Later on, it even developed into the same for the SU family.

Lin Hanxing walked slowly to mother Lei's side while the men from the Lei family stood behind them.

It was like a solid wall.

"But no one knew that this was a privilege that Yimu had exchanged her life for."

Lin Hanxing was very good at talking.

The effect of the same thing coming out of her mouth was completely different from others.

It was fascinating.

“Miss Lin, can you explain in detail?”

The reporters were anxiously urging him. Even the live broadcast platform was filled with a thick barrage of bullet comments, wanting to know more.

“To put it simply, when mother Lei was in a car accident, Auntie risked her life to protect mother Lei. The driver of the Zhong family was auntie’s biological father! Unfortunately, he died on the spot.”

Lin Hanxing’s simple words caused another huge uproar.

So, Zhong Yifu was adopted?

Was it because he had saved Madam Lei back then?

If she had really saved his life, it was not hard to explain the Lei family’s indulgence of her in the past. However, later on ...

“Miss Lin, if it’s as you say, then the Lei family cut off the preferential treatment for concubine su, and even stood by and watched when concubine su was in trouble?”

A reporter asked.

Lin Hanxing smiled but didn’t say anything. He glanced at Zhong Yifu.

She had even helped her to lay out the road.

The rest should be revealed by Zhong Yifu herself.

“That’s because the Lei family discovered the truth behind the car accident!”

Zhong Yifu closed her eyes and finally said it through gritted teeth.

BOOM!

Zhong Yifu’s words were like setting off a bomb at the scene.

The truth?

Everyone’s eyes fell on Mrs. Zhong and Zhong Xueqing, with either surprise or disgust in their eyes.

“What is the truth? Can you please explain in more detail?”

“Was Madam Lei’s car accident really planned by Madam Zhong and her daughter?”

It was not known who was the first to snap back to reality, but the reporters began to get to the bottom of the matter.

The camera flashes had not stopped for a moment.

It was so dazzling that one’s eyes were about to be blinded.

Lei kangnian squinted his eyes dangerously, the air around him was frozen as he looked at the Zhong family.

it was Mrs. Zhong who bribed my father to create a fake car accident in order to hurt Zhong Nanyin. I knew about this in advance and wanted to use this opportunity to gain some benefits for myself!

Zhong Yifu closed her eyes and continued to speak through gritted teeth.

“You’re talking nonsense! They were in cahoots! Their words don’t count!”

Mrs. Zhong’s face became extremely pale as if her three souls had been forced out of her seven orifices, and she kept repeating this sentence.

“I’m not talking nonsense!”

Perhaps she had recalled the scene of her father’s tragic death. Zhong Yifu finally opened her eyes and looked straight at the mother and daughter not far away. She gritted her teeth and walked towards them!

“You once told my father! You also used 60000 Yuan to buy the driver of the other car. As long as we pay attention, except for Zhong Nanyin, no one else will be injured!”

Zhong Yifu’s tears gushed out instantly!

She raised her hand while sobbing.

I swear, if I’m lying, I’ll be struck by lightning and die a horrible death!!!

No one spoke.

Or rather, no one dared to speak.

Everyone was still trying to digest the truth that Zhong Yifu had blurted out.

“So, according to the investigation file that year, at the time of the accident, aunt’s seat belt was torn from the root, and the safety buckles were put together! This also corroborates what she said just now. She knew that there would be a car accident and was prepared for it!”

Lin Hanxing waved his hand and his subordinates immediately distributed the prepared information to the reporters.

“Is this true?”

The Lei brothers looked at Lei Xiao, as if they could not believe their ears.

haha, Lin xiaojiu, you can’t prove it with words. What evidence do you have to prove that Zhong Yifu didn’t lie? ”

Zhong Xueqing tried her best to calm herself down.

Didn’t she just play the trick of a witness and material evidence?

Well, could she also say that Lin Hanxing’s evidence was not valid?

Was everything Zhong Yifu’s doing?

“So what if we can prove that Zhong Yifu knew about the car accident? I can also say that she colluded with her father to create the illusion of saving her master to take credit, but she didn’t expect it to be so big!”

Mrs. Zhong followed.

The driver had died long ago, and the money had probably been spent. It was not easy to find evidence.

To play this trick on her ...

Lin xiaojiu, you’re still too young!

“You guys ...”

Zhong Yifu’s anger was easily ignited, and she was about to rush out.

However, he was stopped by Lin Hanxing’s men.

pa pa pa pa ...

The crisp sound of clapping rang in everyone’s ears. Looking in the direction of the sound, Lin Hanxing had a smile on his face as he clapped his hands lightly, as if he was clapping for the mother and daughter of the Zhong family.

“That’s right, of course you can doubt me, but unfortunately ...”

Lin Hanxing tilted his head slightly, and even the diamond earrings by his ear made a faint cracking sound.

The hearts of the mother and daughter of the Zhong family jumped to their throats when Lin Hanxing said ‘it’s a pity’, and their eyes widened.

“I have evidence.”

It was like a game of cat and mouse. These two simple words attracted everyone’s attention.

“Don’t worry, even if I lose, I’ll make you guys accept your loss!”

Lin Hanxing looked at the mother and daughter from a distance.

What kind of sin in this world could be truly done without leaving a trace?

He always had a fluke mind ...

He always tried to quibble ...

He always thought that the mistake was on someone else ...

Lin Hanxing sneered in his heart.

“Xi Bao.”

Lin Hanxing said coldly. Other than Liang yuran, no one knew what she had just disappeared for a while and then returned with.

In an instant, the little girl, who was usually undefended, had a serious and fragile expression on her face.

He slowly walked toward the mother and daughter.

“Do you still remember these things?”

Jiang Xibao opened the paper bag in his hand and revealed a few thick stacks of old coins as he asked in a deep voice.

### [Chapter 1195](#)

1195 Completely unable to resist

The old coins had the smell of decay, as if the dusty truth had finally seen the light of day.

“I’m the driver’s daughter.”

Jiang Xibao bit his lower lip and said with difficulty.

Upon hearing this, mother Lei looked at Jiang Xibao in surprise.

She was the driver’s daughter?

“All these years, my family has not touched a single cent of this money. We have been waiting for the day the truth is revealed!”

Jiang Xibao held the old coins in his hands and his eyes were filled with tears.

“We should have an end to this!”

Jiang Xibao had been waiting for this moment ever since he learned from Lin Hanxing that he would be able to give her an answer today!

All these years, no matter how hard life had been, she had never given up!

Jiang Xibao threw the money in front of the mother and daughter of the Zhong family.

Mrs. Zhong’s heart skipped a beat.

I don’t understand what you’re talking about!!!

She was still very stubborn, as if she could write off all the things she had done in one go.

“Is that so?”

As if he had expected this, Lin Hanxing smiled faintly. His calm and composed look made the mother and daughter feel like they were drowning.

“Do you guys believe in karma?”

Lin Hanxing looked at the two of them, his eyes cold and sharp.

“I believe you,”

Without waiting for the mother and daughter to respond, she spoke first.

“Mrs. Zhong, would you believe me if I told you that I found your withdrawal records at that time by using the serial numbers of these old coins?”

Speaking of which, this matter was all thanks to the help of the bank President whose daughter was saved by Lin Hanxing.

For such a huge and cumbersome project, if it weren't for her internal connections, she wouldn't have been able to find the records in such a short time, let alone discover another unexpected truth.

Perhaps Lin Hanxing had never expected this ...

Back then, he had only wanted to stop the Lin group and the other two groups from taking out loans, but he had actually gotten such an unexpected harvest.

not only did I get the withdrawal records, but I also discovered something interesting!

Lin Hanxing slowly turned his head as he said this.

First, he glanced at Zhong Yifu, then at Jiang Xibao, and finally, his eyes fell on mother Lei.

“The van that suddenly appeared wasn't an accident at all!”

As soon as she said that, Zhong Yifu covered her mouth.

It was as if he could not believe what Lin Hanxing had said. It was as if he could only hide the shock in his heart by doing this!

“The Mantis stalks the cicada, unaware of the Oriole behind!”

no matter if it's Zhong Yifu and her daughter or Xi Bao's father, they're just chess pieces on someone else's chessboard. Mrs. Zhong has no intention of letting all of them live.

Lin Hanxing's voice was very soft, but it was like thunder to the ears of others!

It exploded instantly!

Zhong Yifu wasn't stupid. She figured out the crux of the matter after a brief thought. The fear that had come many years later made her legs go soft, and she knelt on the ground with a thud.

“Mrs. Zhong, you've set up a good trap, but unfortunately, you didn't read people's minds!”

She didn't expect that Zhong Yifu would take this opportunity to become mother Lei's 'benefactor'. She had subconsciously protected mother Lei when she was in a car accident, and because of this slight deviation, she had gotten the chance to save mother Lei and herself at the same time.

It was just a small change, but it ruined Mrs. Zhong's overall situation.

“The car accident that year caused the death of two people, including aunt's biological father and Xi Bao's father. But no one noticed where the van driver went!”

Lin Hanxing's words were so aggressive that the mother and daughter of the Zhong family had no way to fight back!

They could only keep retreating, trying to give themselves more breathing space, so that their panicked brains could come up with a logical explanation to prove their innocence.

“Do you think I found the van driver or not?”

Lin Hanxing raised his eyebrows and smiled.

Even the little mole at the corner of her eye was indescribably charming.

And that pair of cold eyes that seemed to be able to see through a person’s heart, just like that, fell straight on Mrs. Zhong’s face!

“You can’t find him! He’s already dead!”

At this time, the mother and daughter of the Zhong family were pushed to the extreme by Lin Hanxing.

Mrs. Zhong’s words shocked the crowd!

When Mrs. Zhong realized what she had just shouted, she covered her mouth and her tense nerves completely collapsed at this moment!

Lin Hanxing’s face was expressionless, but he suddenly chuckled.

Perhaps it was because there was too much sarcasm and ridicule in that smile, Mrs. Zhong’s emotions suddenly reached the point of losing control.

yes, when I sent someone to investigate, I found out that the person had passed away many years ago due to an ‘accident’.

A voice as cold as water rang in everyone’s ears.

Lin Hanxing fiddled with the ring on his finger, his long, black, feather-like eyelashes quivering slightly, hiding the ruthlessness and coldness in his eyes. Before the crowd could recover from the huge amount of information in the atmosphere, they saw Mrs. Zhong suddenly rush towards Lin Hanxing!

With Lei Xiao as the leader, the four Lei family members rushed forward to protect Lin Hanxing, but before they could get close, they saw Lin Hanxing’s lips curved into a cold smile, and he reacted one step ahead of the four!

With a loud thump, Lin Hanxing lifted his leg and kicked Mrs. Zhong’s knee. The latter fell to the ground in the most embarrassing position!

All the reporters’ equipment reflexively aimed at the scene in front of them.

Everyone on the live streaming platform had also witnessed Lin Hanxing’s skills that were not inferior to men’s.

The four sons of the Lei family stopped in their tracks!

Lin xiaojiu!!!

Mrs. Zhong fell to the ground with a pained expression. Her usual elegance and nobility had long disappeared.

Even Zhong Xueqing's image in the eyes of others was no longer as glorious as she usually was.

"Bitch!"

Zhong Yifu screamed and rushed over at an extremely fast speed to tear Mrs. Zhong apart!

Mrs. Zhong's well-maintained hair was pulled down by Zhong Yifu, one by one, and wrapped around Zhong Yifu's fingers. Even her scalp was mixed with blood. She was in the craziest state of a woman fighting, completely igniting the atmosphere on the live broadcast platform.

Lin Hanxing was protected by Lei Xiao, while Jiang Xibao was pulled aside by Liang yuran.

The head of the Zhong family, who was supposed to stop this, looked at this scene with a numb expression.

He raised his head.

He seemed to want to say something to Zhong Nanyin.

However, before he could say anything, mother Lei had already turned her face away without any expression. She did not even spare him a glance.

Many years ago.

This group of people had long worn away all her feelings for that family, leaving nothing behind.

But now ...

She was Madam Lei, the mother of ah Xiao, ah Yue, ah Sheng, and ah Jue. She was the mother-in-law of her daughter-in-law.

However, very few people would think about it ...

She used to be a member of the Zhong family.

As Xi Bao said, they should always have an end to the cause and effect!

It was really good.

She did not go astray because of her hatred for them.

Seeing that Mrs. Zhong and Zhong Xueqing were almost done, Lin Hanxing gave his underling a look.

#### 1196 Paternity test report

Very quickly, Zhong Yifu, who had already vented her emotions, was pulled up by Lin Hanxing's men.

"Lin xiaojiu! Lin xiaojiu!"

Zhong Xueqing sat on the ground in a sorry state. The makeup on her face was already wet from her tears, and her entire person appeared to be in shambles.

She roared with all her might, as if this was the only way she could get back the face she had lost.

“What’s wrong? You can’t take it?”

Lin Hanxing’s clear and dark eyes were as deep as an ancient well, giving people a strong sense of awe!

She slowly walked in front of Zhong Xueqing and reached out to lift her chin. With a forced action, she looked into her eyes.

Lin Hanxing could clearly see the fear and hatred in Zhong Xueqing’s eyes.

“Back then, when you tried to kill mother Lei and replace her, did you ever think that this day would come?”

The corners of his mouth curved into a cold smile, and he had no intention of hiding it.

Lin xiaojiu, you won’t have a good ... Oh ...

Without waiting for Zhong Xueqing to say the word ‘die’, Lin Hanxing had already taken the lead and used his fingers to pinch her face. He used so much force that Zhong Xueqing’s face was deformed. She swallowed the words that were about to come out of her mouth.

“If that day really comes, I’ll definitely personally send you all to hell first!”

Lin Hanxing deliberately leaned over to Zhong Xueqing’s ear and whispered these words in a voice that only the two of them could hear.

There was a cold smile on her lips.

There was no warmth.

But it gave people a bone-chilling warning.

Lin Hanxing stood up and turned to look at father Lei.

“Dad, I’ll leave these people to you.”

Whether it was Mrs. Zhong or Zhong Xueqing, in the eyes of others, Lin Hanxing did not care about them at all, and he had left them to Lei kangnian ...

He thought of Lei kangnian’s reputation in Jiang city when he was young, and then he thought of how much he loved his wife ...

Everyone shuddered in fear!

For people like Mrs. Zhong, this was probably worse than death!

Lei kangnian’s narrow and cold eyes slowly relaxed. He glanced at the mother and daughter of the Zhong family expressionlessly. His gaze was so cold that it could instantly freeze the blood in one’s body. It made one shiver!

“No...”

Mrs. Zhong’s hair stood on end when she heard this.

The voice was as mournful as it could get.

Lin Hanxing gave a look to his men, and the Zhong family, including Zhong Xueqing, were dragged away like dogs. When Zhong Xueqing passed by han boming, she held on to his ankle tightly and refused to let go.

boming, boming, you have to save me!

Zhong Xueqing was bawling her eyes out. It was as if she had lost her backbone as she lay limply on the other party's feet! She knew better than anyone else that Lei kangnian would never let them off for what she and her mother had done ...

The blue veins on han boming's forehead were throbbing.

It was as if he was constantly enduring something.

He lowered his head and saw the struggle on Zhong Xueqing's face clearly.

Where was the goddess in his mind?

I've brought the test report back!

Suddenly, a cry of surprise came from outside, followed by the attention of everyone in the banquet hall!

No one noticed that han boming had squatted down at this time.

He looked straight at Zhong Xueqing with a pair of dark eyes, and his broad palm landed on the back of her hand.

Zhong Xueqing's eyes shone with hope.

It was as if she had placed all her hopes on the man in front of her, who she had looked down on in the past!

As long as he could prevent her from being taken away by Lei kangnian's men, she would be willing to do anything for him!

Lin Hanxing looked on coldly.

He used his eyes to signal his subordinates to calm down.

"Boming, I know that you have feelings for me! Let's get married! Right! Let's get married!"

Zhong Xueqing murmured to han boming, trying to please him.

She didn't have the noble appearance that needed han boming to coax her when she just returned to Jiangcheng.

Upon hearing this, han boming's lips curled into a sneer.

Married?

Did he really think that han boming was a garbage collector?

As he thought about this, Han Boming forcefully pulled Zhong Xueqing's fingers away from his ankle. He used so much force that he didn't even care if he hurt her.

Just like that, one, two, three, four ...

"Han Boming ... Han Boming!"

The reporters and guests, who had been attracted by the news of the paternity test report, shivered when they heard the shrill screams.

He turned his head and saw the interaction between Han Boming and Zhong Xueqing.

Lin Hanxing's long eyelashes fluttered as she twisted the dragon and phoenix ring on her finger. Her expression was so immersed in the intersection of light and shadow that no one could tell what she was thinking at that moment.

There was an old saying.

From near to far from east to west, from deep to shallow stream, ambitious to far and bright moon, husband and wife who are close to each other and distant.

Even husband and wife had their own boundaries, not to mention a man and a woman who were deeply in love.

Lin Hanxing's lips slowly curled into a sneer.

It was unknown whether he was ridiculing Han Boming's heartlessness or Zhong Xueqing's naivety.

Just as everyone's attention was on the DNA test report, the Yuan family's attention was mostly on Lin Hanxing.

Yuan Kang, who had wanted to approach Lin Hanxing and Lei Xiao, was now standing obediently beside Yuan Shaojing.

Although he had long guessed that Lin Xiaojie would not let him suffer a loss, the fact that he had managed to trick his opponent in such a way still made him feel lucky that he had not gone against her in the first place!

Otherwise, with her intelligence and ability, even if he died a thousand times, it would not be enough for her to play with him!

Just as she was thinking about this, she suddenly felt that there was someone beside her.

Yuan Kang turned his head and held his breath.

It was the chief of Hua Ji.

They had met at the headquarters of Huaji.

The old man in the Tai Chi suit.

He quietly moved to the side, leaving some space for him and his uncle.

He just didn't know when the two of them had crossed paths.

“I didn’t expect that when we meet again, your hair would be even whiter than mine.”

He didn’t look at Yuan shaojing, and his voice was covered with a rare layer of suppressed emotion.

“That girl, isn’t she very surprising?”

Yuan shaojing spoke in a low voice as if he didn’t hear her.

“Are you really going to just leave this matter be at this critical juncture?”

The head of Huaji asked.

Because of the previous cabinet meeting and the failure of the position of Crown Prince, the second wangfei was anxiously thinking of revenge. Now, Yuan shaojing was ready to wash his hands of this matter. If he was not careful, the yuan family’s hundred years of Foundation would be destroyed.

Was he really not going to consider it?

Yuan shaojing had obviously heard it, but he didn’t respond to the head of Huaji.

He just stood there with his Dragon-headed walking stick.

Behind him were the yuan family members who were thinking about the position of the yuan family’s successor.

On the other side, Lei Xiao’s DNA test report was sent to the banquet hall in a sealed form.

For a moment, everyone was holding their breath!

### [Chapter 1197](#)

1197 Mr. Han, please come with us

“Give it to me!”

Han boming suddenly snatched the appraisal report from the other party’s hand, and his impatient look was almost crazy.

Lei Jue took two steps forward with a cold face.

Lin Hanxing raised his hand to stop her.

She looked at him calmly, and the anger in Lei Jue’s heart was instantly extinguished.

“Lei kangnian, the results of the test are in my hands!”

Han boming waved the kraft paper bag in his hand in the direction of father Lei, with a big smile on his face.

At the same time, the bullet comments on the media and live streaming platforms had filled the entire screen.

They were so densely packed that one could not even see their faces clearly.

And the number of discussions on the internet was breaking through a new peak in real time!

Wuli sweetie, Oh my God! A turn of events! Can I say that I can't bear to leave even after watching this while holding my pee?

[ elegant and uncontrollable dog food Army: I feel like my scalp is numb from Lin xiaojiu's teasing!!! ]

[ rabbit, frog, silk rabbit: villains die from talking too much!!! ] Hurry up and tell me the results of the test!

For a moment, everyone held their breath and waited for the answer.

"Ah Xiao is my son!"

Lei kangnian's voice was deep and powerful, without any hesitation.

"Hehe! Since you're still so stubborn, then don't blame me for waiting to slap your face!"

Han boming smiled sinisterly, as if he had already seen the light of victory waving at him. He couldn't wait to tear open the seal of the kraft paper bag, and the reporters pointed all the equipment at him.

The Lei family's expressions were tense, and Bai Xi had arrived at the venue at some point in time, looking at Lin Hanxing across the air.

"Han boming,"

Just as the answer was about to be revealed, Lin Hanxing's lazy voice rang out.

Han boming paused and looked up at her.

As for Lin xiaojiu, han boming was now afraid of him from the bottom of his heart.

you have to know that regardless of whether the results of this appraisal report are as you've expected, it was produced by the country's top laboratories and was closely monitored by many people on the spot. It can't be fake!

Lin Hanxing said these words calmly and casually turned the ring on his finger.

"You don't need to tell me that!"

Han boming said as he took the test results out of the kraft paper bag and lowered his head excitedly.

He flipped to the last page!

Mother Lei clenched her fists. It was a human's natural reaction.

The originally noisy banquet hall was silent at this time. Everyone's eyes fell on the appraisal report in han boming's hand, and they wished that their eyes could see through it.

When he read the content on the last page, the excited expression on han boming's face began to freeze.

Until it was frozen.

As if he couldn't believe it, his eyes slowly widened, and his big palm flipped through the report, which only had a few pages!

“Impossible! This is impossible!”

At first, Han Boming just mumbled to himself in a low voice.

But very quickly, he began to roar in rage, as if this was the only way he could vent the shock in his heart!

“The results of this appraisal are fake! It must be fake! It was you, Lin Little Nine, who played tricks! It’s your Lei family who played tricks!”

Han Boming was so furious that he even spat out his saliva as he roared.

What image was there to speak of?

When everyone saw Han Boming’s reaction, they knew that something was wrong. A bold reporter went over and suddenly took the appraisal book from Han Boming’s hand, quickly turning to the last page to scan the results.

“What’s the situation?”

“And the result?”

The reporters asked that person one after another.

“Lei Kangnian (father) is the biological father of Lei Xiao (son), so the relative chance is ...”

The man had to hide from the furious Han Boming while reading the results of the appraisal book with difficulty. He looked very embarrassed.

Mother Lei clenched her fists so tightly that even her nails could not bear the force.

“99.99%!!!”

After testing, we can confirm that the subject has a biological father-son relationship!

The moment the reporter finished reporting the data, the entire venue was in an uproar.

At the same time, the Weibo live broadcast platform was also in an uproar.

Mother Lei turned her head to look at Lin Hanxing. Her eyes were slightly red, and the Lei family’s hearts, which were in their throats, instantly settled down.

Lin Hanxing was the only one who remained calm throughout.

Her little hand intertwined with Thunder Valiant’s.

“How did sister-in-law do it?”

Lei Jue asked softly as he heaved a sigh of relief.

Lei Cheng didn’t speak.

The first thing Yueyue wants to talk about is our family.

Yingluo, I want to ask you for something.

That night in the study, the thing sister-in-law had asked for from him was his blood!

Therefore, she had been preparing for today's matter.

"This is! Fake! It's Lin xiaojiu's doing!"

Han boming was like an enraged bull, his Scarlet eyes staring straight at Lin Hanxing.

Looking at her exquisite and beautiful face, one couldn't help but feel a chill in their heart!

"Thunder valiant was adopted! He was really adopted! You guys have to believe me!"

Han boming wanted to prove his point to the people around him.

However, the people around him only looked at him as if he was crazy.

"Han boming, you wanted us to appraise it, and we did! You're saying that I'm the one who did it if the results aren't up to you? Are you saying that I'm capable enough to bypass the supervision of so many people and play tricks?"

Lin Hanxing looked at han boming as if he was an idiot and smiled faintly.

"Are you overestimating me or are you treating everyone else as fools?"

Lin Hanxing's words were said skillfully.

No one was willing to admit that they were stupid, not to mention that the problem happened under their own eyes.

Sure enough, as soon as Lin Hanxing's voice fell, the people who were selected to go to the laboratory with him to do the appraisal were the first to jump out and refute han boming.

Moreover, in their opinion, there was indeed nothing unusual along the way.

"I don't believe it! I don't believe it!"

Han boming's gaze shifted back and forth between Lin Hanxing and Lei Xiao. He could not believe the results of the appraisal!

"Han boming, are you done?"

Mother Lei raised her voice abruptly, her entire being exuding a sternness that was completely different from her usual self.

"I don't care if you don't like me! But you can't slander my family or my son!"

Zhong Nanyin's face was full of disgust for han boming!

we, the Lei family, will always be together!!!

It would never change!

Lin Hanxing slowly walked in han boming's direction, followed by the economic investigation personnel who walked in from the banquet hall's door. The target was obviously han boming!

“Mr. Han, please come with us.”

The economic investigator’s tone was obviously irrefutable, giving off an unspeakable sense of solemnness.

Half an hour ago, the economic Investigation Department had received an anonymous document, which contained evidence of han boming and his daughter using the CQ group for all kinds of illegal operations. It was shocking to see!

Han boming suddenly looked at Lei kangnian!

“Wait a moment.”

Lin Hanxing’s words attracted everyone’s attention.

### [Chapter 1198](#)

1198 Yuan shaojing’s decision

“I have something to say to Mr. Han in private.”

When she said this, her eyes were filled with coldness, but the smile on her lips was alluring.

The economic Investigator was about to refuse, but his leader reached out and stopped him.

“Miss Lin, please.”

After much hesitation, the other party decided to agree to Lin Hanxing’s request.

Soon, Lin Hanxing came to han boming, who was like a stray dog. His clear and cold eyes were fixed on the other party’s face, as if he wanted to appreciate his dejection clearly.

Her position was extremely subtle.

With his back facing the reporters and guests, only han boming could see Lin Hanxing’s face.

“You just said that you wanted to slap the Lei family’s face ...”

Lin Hanxing’s voice was soft and pleasant, as if he was reuniting with an old friend.

“It’s a pity that in the end, it’s nothing more than this.”

Lin xiaojiu ...

Han boming’s eyes looked as if he wanted to eat someone up. He had never thought that he, who had been smart all his life, would actually be played in the palm of a little girl!

She was full of schemes and schemes, and she had actually forced him to have no power to resist!

Now that he thought about it, ever since Lin xiaojiu returned to Jiang city, those who opposed her either died or were injured. None of them had a good ending. The Lin family, the he family, the Zhong family ...

Han boming’s veins were bulging, and he couldn’t hate it more!

He simply did not know what went wrong. If everything had gone according to plan, he would have been in control of the situation today, but he had actually lost from the beginning to the end!

“I knew you would go to the director.”

Lin Hanxing said this in a volume that only the two of them could hear, accompanied by a cold smile on his lips. He looked at Han Boming coldly, and there was a bit of disgust in his eyes.

“You ...”

A bone-chilling coldness gradually spread from the soles of his feet to the rest of his body.

“Also ...”

Lin Hanxing took a step back, putting some distance between them.

I was the one who exchanged the sample of Ling Ling and ah Xiao.

Lin Hanxing silently mouthed the reason why Han Boming lost. Then, without even looking at Han Boming's explosive reaction, he elegantly turned around and walked towards Lei Xiao.

And behind him ...

Han Boming, who suddenly knew the truth, roared and was about to rush towards Lin Hanxing, who had his back to him.

However, before he could get close, he was subdued by the economic investigation team.

Han Boming didn't even touch a single hair on Lin Hanxing!

From the beginning to the end, Lin Hanxing didn't even turn back to look at Han Boming, who was behind him, even when he let out a heart-wrenching roar of defeat!

She walked towards Lei Xiao with elegant steps.

The gradually changing soft skirt hem was like a gorgeous flower, gorgeous and dazzling.

The eyes of the people around them had no time to pay attention to Han Boming. Everyone's eyes followed Lin Hanxing's movement, and they looked up at Lei Xiao, who was standing in front of her.

Just by standing together, the two of them were enough to set off a whirlwind.

Lin Hanxing said with a smile.

Looking at Lei Xiao's handsome face that seemed to have been carved by a knife, his usually cold eyes were now filled with warmth.

“From today onwards, no one will be able to threaten you.”

No one!

Lei Xiao seemed to want to say something, his Adam's apple bobbed up and down. In the end, his cold face suddenly curved into a smile that could make one's heart beat wildly. He reached out and pulled Lin Hanxing into his arms.

The live broadcast platform was flooded with bullet comments.

Dog butcher's wails could be heard.

After Han Boming was dragged away, father Lei quickly ordered people to clean up the banquet hall.

The heavy stone in her heart was finally lifted.

After a simple ceremony, the reporters invited by Han Boming became a tricky problem. After all, it was a private banquet, and there were so many important guests here.

Just as Lei Kangnian was thinking to himself, Yuan Shaojing walked over.

She whispered something into his ear.

"Are you sure?"

Lei Kangnian looked at his close friend. Of course, the two of them had already mentioned that they would use Lei Kangnian's birthday banquet as an opportunity to announce the candidate for the Yuan family's future successor, but the reporters ...

However, it was not part of their plan.

"I'll find out sooner or later anyway."

As he said this, Yuan Shaojing's eyes fell on Yuan San, who was not far away from them.

That look immediately made the latter perk up.

Thinking of the sudden change in Ah Hai's attitude, Yuan San was particularly enthusiastic about what would happen next.

If he was really in charge of the Yuan family in the future ...

He was determined to marry Yun Rong and Hua Nong into the royal family!

The entire Xue LAN would be under the second Princess Consort's control sooner or later!

Yuan San's mind was constantly wandering, and he had even thought of the direction of the plan for the next few years. He didn't notice the complicated eyes of his younger brothers and sisters at all.

After Han Boming was taken away, some of the reporters had already planned to pack up their equipment and leave.

They had been reporters in Jiang city for many years, and naturally knew that the Lei family didn't like to be disturbed by the media. They didn't have much hope at first, but suddenly, Yuan Shaojing's voice rang in their ears.

"I hope that the incident just now did not affect your mood."

Yuan Shaojing put one hand on his Black Dragon-headed walking stick and said something in a low voice. At the same time, he gestured for the reporters to stop for a while and not leave so quickly.

The reporters on the other side looked at each other and knew that there was a chance. They immediately perked up and quickly took out their equipment again. They positioned their cameras and aimed at Yuan shaojing, who was speaking at this time.

Everyone knew that Yuan shaojing was going to announce the candidate for the future heir of Yuan group tonight!

And the yuan family's people coming together also indirectly confirmed this statement.

From the looks of it, it was going to be an official announcement?

I'm sure everyone has heard that I'm going to make use of today's important occasion to officially announce the successor of Yuan Corporation. I hope everyone can be my witness.

As soon as Yuan shaojing's words fell, the people who had not yet recovered from the trouble caused by han boming and Zhong Xueqing immediately cheered up.

He only felt that he had made the right decision to come today.

This good show came one after another.

"As we all know, the Chinese control most of country G's economic field, but they don't get the treatment they deserve! Back then, I swore that I would change this situation one day, and I've been working hard to fulfill my promise all these years!"

Yuan shaojing looked around, looking at every face on the scene.

He knew that they could not empathize with how difficult it was for the Chinese to move forward in country G.

Even his younger brother and sister only cared about how they could get the position of heir.

Yuan shaojing felt that the wealth behind him was more like a poison that made everyone forget their original intention.

"But I don't have the strength to do it!"

The era that he had worked so hard to create for the yuan family had already been concealed by these malicious intentions ...

It was rendered full of holes.

However, the yuan family was not as simple as the yuan family. He was also the hope of the entire Chinese population in country G.

this era belongs to the young after all. We're all old!

## [Chapter 1199](#)

### 1199 The heir of Yuan group

Yuan shaojing looked around, taking in everyone's expression.

Their faces were filled with curiosity, greed, and eagerness, which gathered all the different forms of human nature.

Only Lin Hanxing, who was standing beside Lei Xiao, did not show any expression.

He was just short of writing 'not interested' on his face.

Yuan laosan's face was full of pride as he reached out to adjust his tie.

In her heart, she was thinking that her big brother was finally reliable for once after so many years!

today, I, Yuan shaojing, officially announce that I will step down from my position as the yuan group's Chairman and President!

The moment Yuan shaojing's words fell, even though everyone present was already prepared for it, there was still an uproar, as if they felt sorry for the business genius of this generation.

Over the years, the treatment of the Chinese in country G had obviously improved because of Yuan shaojing's existence.

In the hearts of these people, Yuan shaojing was the SU bu of the Chinese world in country G!

One could only imagine the devastating blow this news would cause to the Chinese world in country G!

at the same time, I will give all the assets under my name to my successor!

**BOOM!**

The crowd, who had not yet recovered from the news, was stunned by Yuan shaojing's sudden announcement.

Yuan shaojing's younger brothers and sisters were even more dumbfounded.

Several pairs of eyes immediately looked at Yuan laosan.

Over the years, the total sum of Yuan shaojing's assets could definitely be said to be enough to rival a country's wealth, not to mention that the yuan family had a hand in most of the large projects in country G. This ...

What a huge amount of wealth!

The others only knew that Yuan shaojing was very rich, but only the yuan family knew that it wasn't something that could be explained just by being rich!

"Big brother ..."

Yuan laosan only felt his blood rush to his head.

Especially when he saw that his big brother had glanced at him after he had said that.

'What the hell is this!

Wasn't this a hint?

He hinted to himself to be prepared so that he could go on stage directly when the announcement was made.

Because of his excitement, Yuan laosan's face turned red.

Even the blue veins on his neck were protruding, and the thin layer of sweat made his face look extremely shiny and rich.

Lin Hanxing was uninterested in Yuan shaojing's family matters.

"I'm going to the washroom."

She lowered her voice and spoke to Lei Xiao, who was beside her. She turned around and was about to leave.

"Mr. Yuan, is everything you said true?"

"Mr. Yuan, are you really going to give all your assets to this inheritor?"

"You're not joking, right?"

The reporters kept asking questions, their eyes filled with unspeakable shock, not to mention the people from all walks of life in Rivertown who received the news through the live broadcast platform. They wished they could enter the banquet hall through the screen and see for themselves who the lucky one was!

of course I'm not joking. My heir is here today!

Yuan shaojing continued to announce the explosive news in a calm and composed manner.

Hearing this, everyone began to shake their heads subconsciously. Even though they knew that such actions were meaningless, they still did it reflexively.

It was as if they would really find the heir.

Yuan laosan's face bloomed like a flower, and his two daughters ...

Yuan yunrong was still fine, but Yuan huannong simply didn't know what his surname was anymore.

Their family's behavior finally attracted the attention of others. When there was one, there would be two. When everyone's attention was on the third son of the yuan family, no one noticed that Lin Hanxing, who was about to go to the washroom ...

He was suddenly stopped by someone!

"Miss Lin."

Uncle hai blocked her way, his expression extremely respectful.

Yuan Kang kept winking at Lin Hanxing, as if he was trying to hint at something.

But uncle hai was here, so he couldn't make it clear!

"Uncle hai, what do you mean by this?"

Uncle Hai's expression gave Lin Hanxing an inexplicable premonition, especially when he saw the old man in Tai Chi, the head of Hua Ji, there.

At the same time, people on Yuan shaojing's side kept exclaiming.

"Get out of the way."

Lin Hanxing warned in a low voice.

Uncle hai still stood there unmoving, like a mountain.

Lei Jue, who was the closest, obviously noticed the strange situation.

Just as he was about to give the others a warning ...

I believe that the heir I've chosen will definitely be able to lead the yuan Corporation and the Chinese people of country G to a more glorious future. This person's ability is far above mine!

Yuan shaojing's deep and hoarse voice was full of hope.

Yuan laosan was still enjoying the feeling of vanity brought by everyone's attention on him. When he heard this, he was stunned. Perhaps he had never thought that he would have such a high evaluation in his brother's heart.

After Yuan shaojing said that, he looked at a certain spot in the hall.

The people who were originally looking at Yuan laosan gradually noticed that something was wrong.

Yuan shaojing's eyes were clearly not on Yuan San.

He followed her line of sight and slowly looked back ...

Everyone's movements were like waves, rising and falling one after another, just to find the place where Yuan shaojing's eyes really stopped!

"Hanxing,"

Yuan shaojing suddenly called out Lin Hanxing's name.

When these two words left his mouth, not only were the people around him stunned by this sudden turn of events, even the Lei family members were stunned!

Mother Lei's almond-shaped eyes widened.

Lei Yu, Lei Cheng, and Lei Jue were so shocked that they couldn't speak for a long time.

Only the Thunder valiant beast remained expressionless, as if it had already sensed something.

"The Lin family's little ninth, Lin Hanxing! He's the future successor of Yuan group!"

Yuan shaojing continued to reveal this explosive news.

The entire banquet hall was dead silent.

Even the live broadcast platform that was filled with comments just now disappeared in an instant.

Everyone's voice seemed to have been stolen the moment Yuan shaojing opened his mouth ...

No one was spared!

It turned its head mechanically in search of Lin Hanxing's current position. It was so stiff that it seemed like it could still hear the sound of its rusty joints.

A pair of ...

Two pairs ...

Three pairs ...

Four pairs ...

.....

Countless eyes were on Lin Hanxing's back.

At this time, she was facing uncle hai and her back was facing everyone in the venue.

Suspecting that he had heard wrong, Lin Hanxing narrowed his eyes and slowly turned around to look at Yuan shaojing, who was still standing on the stage and looking at him.

What did he just hear?

Yuan shaojing wants me to take over his Yuan group?

Was she crazy or was he crazy?

"You're crazy, big brother! You're crazy!"

Yuan laosan, who was pulled back to reality from his fantasy, was on the verge of collapse.

He had never thought that ...

Yuan shaojing would rather hand the yuan Corporation to an outsider than him!

## [Chapter 1200](#)

1200 Sorry, I'm not interested

"I'm your real little brother! We're family!"

Yuan laosan patted his chest hard, making a muffled sound.

His eyes were filled with disbelief and despair, as if he had been betrayed.

No one paid him any attention.

Everyone was still immersed in Yuan shaojing's words.

He was unable to come back to his senses for a long time.

Yuan shaojing turned a deaf ear to Yuan laosan's clamor and only looked at Lin Hanxing.

“Shut up!”

Suddenly, Lin Hanxing’s aura exploded.

A strong sense of oppression that came from a superior spread from his bone marrow.

Yuan laosan’s curses were forced back into his throat by Lin Hanxing’s sudden words. For a moment, he could not say anything and just stared at her in a daze.

“What did you just say?”

Lin Hanxing raised an eyebrow and asked Yuan shaojing, who was standing on the stage.

There was no excitement or joy on his face that others imagined. Instead, it was obvious that he was baffled.

Hanxing, I’ll hand Yuan group to you.

“No, wait ...”

Lin Hanxing raised his hand to stop Yuan shaojing from continuing, his face full of disbelief.

“You’re going to hand Yuan enterprise over to an outsider like me?”

Even though there was no one left in the yuan family, Lin Hanxing didn’t know whether to laugh or cry at Yuan shaojing’s actions.

Was he that assured of her?

“You’re not an outsider to me.”

A flash of pain appeared in Yuan shaojing’s eyes, but it was hidden very well and not easily discovered.

To him, it was as if he had shifted his love ...

In Yuan shaojing’s heart, Hanxing was as important as the misty rain.

your vision, your structure, your connections, and your shrewdness are enough for me to take on this burden, and I can leave without worry. He would guard the place where misty rain once existed with si Nian for the rest of his life ...

He would live in regret.

I’ve never heard of this kind of thing that can be forced to buy and sell? ”

Lin Hanxing said sarcastically.

“I’m sorry, if I had told you earlier, I wouldn’t even have the right to force you to buy it now!”

Yuan shaojing’s answer made Lin Hanxing so angry that he laughed.

For a moment, she could not find any words to refute him.

The two people’s tit-for-tat conversation caused the surrounding guests to be dumbfounded.

If it was anyone else who had been hit by such a pie in the sky, they would probably wake up laughing in their dreams. But why was the Lin family's little ninth's reaction so different from ordinary people?

She didn't want it, but there were so many people who wanted it!

That was a wealth that could rival a country!

"Big brother, you can't do this to us!"

Yuan laosan only came back to his senses after a long while. He didn't understand why he was so shocked by Lin xiaojiu just now.

Yuan shaojing still didn't look at him.

little 9th, only you can take on this burden. Only you can seek more benefits for the Chinese people in country G!

It started a long time ago.

Yuan shaojing had already been thinking about this matter, and after ah hai told him about what Lin Hanxing had done in country G, he was even more convinced that she was the only one!

It could only be her!

With a cold laugh, Lin Hanxing walked towards Yuan shaojing.

Her flying skirt gradually swayed.

It bloomed in the air like a big, gorgeous flower.

Lin xiaojiu's palm-sized face was expressionless, and her Queen-like aura was clearly captured by everyone as she walked. However, no one felt that she was being ostentatious.

Very quickly.

Lin Hanxing was standing in front of Yuan shaojing.

In an instant, the media aimed all their equipment at the two of them.

The clicking sound of the camera flashes could be heard.

It was as if they were going to light up the night and would never let go of any opportunity to film them.

Lin Hanxing reached out and took the microphone.

"I'm sorry."

She spoke indifferently. There was no greed or joy in her expression.

"I'm not interested."

Lin Hanxing said to Yuan shaojing word by word.

The reporters and guests were as anxious as they could be. Lin xiaojiu wasn't interested, but they were!

They could switch!

For a time, the atmosphere seemed to be in a stalemate.

After a brief silence, the live broadcast platform's bullet screen began to flood with comments. Outside, various media outlets had already published the news that Yuan shaojing was going to give the position of heir and all his assets to the Lin family's little nine!

The change happened in an instant!

Yuan shaojing's originally calm facial features were like a mirror that had been suddenly broken, suddenly cracking.

"That's ..."

Lei Yu suddenly opened his mouth, but before he could finish, Lei Xiao, who was beside him, had already charged towards Lin Hanxing at an unimaginable speed.

cold star!!!!

Lin Hanxing, who was standing on the stage, subconsciously looked in the direction of Lei Xiao's scream. Before he could react, he was already pulled into Lei Xiao's arms!

Yuan shaojing was also brought down by Lei Xiao at the same time.

A bullet pierced through the air and came through the window with a crash.

Lin Hanxing's pupils contracted.

Before she was protected by Lei Xiao in his arms, she vaguely saw a red dot used for shooting ...

Bang ...

Lin Hanxing could clearly feel the muscles of the man on top of him trembling uncontrollably. Then, another gunshot was heard and the smell of blood gradually filled the air!

Her mind was blank.

Just like that, she looked up at the man she loved.

His deep black eyes were staring at her affectionately.

For the first time in his life, Lin Hanxing's mind went blank and he could not think.

Even the voice in his ears was far away.

"Ah Xiao ..."

She tried to reach out, but she was firmly held under the Thunder valiant beast's body, not allowing her to move an inch.

"Don't be afraid, it'll be fine."

Lei Xiao said in a low voice, but in the next second, a large mouthful of blood spurted out of his mouth, splashing on Lin Hanxing's face.

“Let me go, ah Xiao ... Ah Xiao ...”

Lei Xiao protected Lin Hanxing and Yuan shaojing at the same time, and the banquet hall was in chaos.

No one could have expected such an accident to happen.

Panicked screams, the sound of people avoiding each other, the sound of glass shattering ...

For a time, they were all mixed together.

Lin Hanxing could not hear anything, she could only see the man in front of her.

She could not help but find out where he was injured, but the blood in his mouth made Lin Hanxing go completely crazy. His pupils contracted, and only Lei Xiao's figure could be seen!

“Ah Xiao!”

big brother!

The sounds of shooting stopped and no one dared to risk their lives to move. However, the members of the Lei family did not hesitate to rush towards the stage, just to ensure the safety of Lei Xiao and Lin Hanxing.

“That building over there! Everyone, go!”

Lei Cheng found the firing point as fast as he could and gave the order to the Lei family's security guards.

“Ah Xiao ...”

Lin Hanxing could not feel anything, she just reached out and pulled Lei Xiao into her arms. When her palm touched his back, that terrifying wet feeling made her feel as if she was struck by lightning!
