

## Goodnight 1201

### [Chapter 1201](#)

1201 He is my life

“You can’t ... You can’t ...”

Lin Hanxing looked at the red blood on his palms. It was all from the man in his arms.

It flowed down his body like a stream and spread on the floor.

Thunder valiant beast lay in her arms.

His strong body twitched and trembled uncontrollably from being shot.

His eyes never left Lin Hanxing.

“Don’t ... Don’t cry ...”

Lei Xiao’s voice was still mixed with the noise of a bellow, and even though he was suffering from the severe pain of being shot, he still managed to smile at her with great effort.

“I won’t cry, ah Xiao. The doctor will be here soon! Talk to me! Talk to me more!”

Don’t fall asleep.

Ah Xiao, don’t fall asleep.

Lin Hanxing kept lowering his body to kiss Lei Xiao’s nose and lips in a panic, big drops of tears kept flowing out of his red eyes! It was as if she wanted to dry up all the tears in her life ...

call the ambulance!

Lin Hanxing turned his head and shouted at the crowd.

It was the first time in many years that he had felt flustered and uneasy.

“Big brother ...”

The members of the Lei family ignored the danger that had yet to be eliminated and rushed to Lei Xiao’s side. When mother Lei saw her son covered in blood! Her heart was about to break! He wished he could suffer for Lei Xiao!

“Lin girl, keep talking to ah Xiao! Don’t stop!”

It was best not to move when he was shot in the back and the situation was unclear. Now, they could only pray that the ambulance would arrive soon.

Yuan shaojing looked at uncle hai, who hurriedly got up and sent people to the opposite building to surround the murderer.

“Ah Xiao, listen clearly.”

Lin Hanxing continuously stroked his thin lips with his hand, trying to make Lei Xiao feel better.

“You give birth, I give birth.”

Her tears fell into Lei Xiao’s eyes, and then spread down his deep arc.

“If you’re not here, I’ll go with you!”

On Lin Hanxing’s pale face, only the lips that he had kissed Lei Xiao with were still red, as if he had suffered a crushing defeat.

Lei Xiao’s eyes were fixed on her. His hands, which had lost too much blood and had no temperature, clutched the cold star, and with great effort, he put it to his lips for a light kiss, as if to comfort her, but also to linger.

The next second, she let go of Lin Hanxing’s hand and it fell to her side.

“Ah Xiao!”

.....

At the Affiliated Hospital of Jiangcheng Medical University.

The corridor outside the emergency room was packed with people.

Lin Hanxing sat quietly on the bench. Her pale and delicate face looked like a lost child, her eyes blank and helpless.

The Thunder valiant beast was shot twice.

They were all on his back.

Lin Hanxing opened his palm weakly and looked at the red blood in his palm.

They were all ah Xiao’s!

“That person is coming for me.”

A cold voice suddenly sounded. Mother Lei stood up and walked to Lin Hanxing to put the shawl on his shoulders. Then, she squatted down in front of Lin Hanxing and held his hand.

“Daughter-in-law, it’s not your fault. I don’t blame you.”

Mother Lei looked at Lin Hanxing with heartache.

It was the first time she had seen her so dejected.

“Ah Xiao blocked the bullet for me!”

Lin Hanxing lowered his head and looked at mother Lei. When he said this, his voice was hoarse and torn.

Her heart was in a dull pain, as if someone had dug out a piece of it. All she could think of was the image of Lei Xiao pampering her.

Lin Hanxing had never known fear.

Because she knew that he was by her side.

However, she had forgotten that ah Xiao was just an ordinary person.

He would also be injured.

He would feel pain too.

“Mom, he’s my life!”

The moment Lin Hanxing said this with trembling lips, mother Lei covered her mouth to stop herself from crying.

“Little cold star ...”

Yan Beichen, who was also anxiously waiting for news at the side, seemed to want to say something. However, when the words reached his mouth and his eyes met her dazed eyes, he stopped.

Yuan shaojing and father Lei were standing in a corner, talking about something with a solemn expression.

The sound of messy footsteps came from the other end of the corridor.

Uncle hai, the mute uncle, Yuan Kang, and the others walked over quickly.

The moment she saw the mute uncle, Lin Hanxing’s lips trembled slightly. However, she quickly bit her lips and used the pain and blood to quickly clear her mind so that her weakness would not affect her judgment.

“Where is he?”

Lin Hanxing’s voice was hoarse and cold.

The mute uncle looked over with a complicated gaze. His eyes were filled with deep worry.

“Sister-in-law, we didn’t catch him.”

Lei Cheng, who had come with them, spoke, his tense voice containing suppressed emotions.

“Are there any other clues?”

Hearing this, Lin Hanxing closed his eyes and gritted his teeth. There was no warmth in his voice.

the other party clearly has professional anti-reconnaissance capabilities. He wiped away all traces of himself very cleanly. When we arrived, there was nothing left except for a shell.

As soon as he finished speaking, Lei Cheng slammed his fist on the wall of the hospital corridor.

There was a loud bang.

The mute uncle passed the phone to Lin Hanxing.

There was a photo on the screen.

It was also a timely scene in the other party’s room.

Lin Hanxing's eyes suddenly became sharp as he tried to find some clues in these photos that others would not notice.

"Ninth aunt ..."

Bai Xi was about to speak, but the mute uncle stopped him with a look.

"Shell."

Lin Hanxing reached out to Lei Cheng without looking up.

Soon, a bullet shell was placed in her palm.

The bullet shell had obviously been held by Lei Jing all the way, and it was still hot.

Lin Hanxing raised the bullet shell in his hand and continued to scan the room without any expression.

"That person is from country G!"

Hearing this, uncle Hai's eyebrows twitched, and even Yuan shaojing's face turned cold.

"You're right."

Before the others could ask, a deep and powerful voice suddenly came from the other side of the corridor.

Everyone looked in the direction of the voice ...

It was the chief of Hua Ji.

"I've just received news that a few days ago, a top-class assassin from the Hong gang in country G entered the borders! The purpose is to receive a bounty!"

As his informant didn't know that he had come to Jiang city, this piece of news took a long time to reach his hands.

But unfortunately ...

It was already too late!

"Little girl, someone has bought your life with a hundred million Yuan!"

This bounty worth 100 million had already been passed around among the major factions in country G, and Lin Hanxing had also broken the record for the highest bounty in recent years.

"Hong gang?"

The Chinese factions in country G were the Hua Ji and the Hong gang.

However, due to the wide distribution of the Hua Ji factions, the factions would also communicate and unite with each other. This was very different from the hostile relationship between the various tribes of the Hong gang.

Therefore, for a long time, Huaji had always been the strongest, and the Hong gang had always been slightly inferior.

“Country G, the Hong gang!”

Lin Hanxing’s hand clenched tightly, holding the shell in his palm as if he was going to embed it in.

“There’s one more thing ...”

The old man in the Tai Chi suit spoke again in a deep voice and handed her another item.

“This is the person I was talking about. This is the scene of him being taken away after he entered the country ...”

## [Chapter 1202](#)

### 1202 Reverse scale (1)

As they were talking, there was the sound of hurried footsteps from the corridor. A middle-aged man in a white coat hurried over, followed by the attending doctors.

“Mr. Lei, if you let your doctor in and something happens, who will be responsible?”

The Dean’s voice was sharp and urgent.

As he spoke, he excitedly reached out to wipe the sweat on his forehead.

Lei kangnian furrowed his brows and was about to say something, but he suddenly stopped.

Everyone, including the hospital director and the doctors, slowly turned their necks and looked in the same direction.

On the bench, Lin Hanxing looked at the headmaster with an expressionless face.

His eyes were so cold that it sent chills down one’s spine.

His body and hands were covered in blood, like a Rakshasa who had just returned from hell.

The Dean was so frightened that he swallowed the words that were about to come out of his mouth, and he could no longer say another word.

He even forgot to wipe his sweat.

Beads of sweat quietly trickled down his face and neck.

There was something called danger in the air.

The person’s feet seemed to be nailed, unable to move.

Fortunately, Lin Hanxing quickly retracted his gaze and took the information from the old man in the Tai Chi suit.

He lowered his head.

He swept his cold eyes across the area.

It was the surveillance footage from outside the airport.

Mother Lei and Lei min were standing close to each other, so they could clearly see what was going on.

“This is ...”

Mother Lei raised her head and looked at Lin Hanxing with a slight shock in her eyes.

“Mute uncle,”

Lin Hanxing raised his head and handed the thing in his hand to him.

Her delicate face was so calm that no one could see what she was thinking.

However, the danger in the air was clearly increasing.

The mute uncle took it.

In the surveillance footage, the person who drove the killer away ...

He was Lin Hanxing’s uncle, Luo Minghao!

contact everyone to gather at Y. R.

Lin Hanxing said calmly. The bullet shell was spinning back and forth between her fingers, showing no signs of falling.

The mute uncle was stunned.

He made a hand gesture.

“You didn’t hear wrong, it is indeed so! There was! People!”

Her man was still lying in the emergency room, his life or death unknown!

What he had to do now was to find this person before ah Luo woke up!

Mother Lei’s nerves tensed up. She grabbed Lin Hanxing’s wrist, afraid that he would do something stupid.

Lin Hanxing subconsciously tensed up.

He turned to look at Mama Lei.

Mother Lei shook her head and held Lin Hanxing’s hand tightly.

“Daughter-in-law, don’t be rash!”

Madam Lei knew that Han Xing and ah Xiao were the most inseparable parts of each other in this world, and losing either of them was the most fatal blow to each other.

That was why ah Xiao was willing to exchange his life for Han Xing’s without any hesitation!

Lin Hanxing’s face finally warmed up a little after hearing what mother Lei said.

She raised her hand as if she wanted to cover the back of her hand with her other hand. However, when she thought of the blood on her hand, she hesitated.

However, mother Lei held her hands tightly without hesitation.

Ah Xiao was already in trouble, she definitely couldn't let Hanxing get into trouble too!

"Mom, I'm still waiting for ah Zhen to wake up!"

Even if the person who was removing the bullet inside was an expert at reviving the dead, Lin Hanxing could not be at ease.

She felt as if she had returned to the day aunt Mian left.

He was helpless.

However, after saying that, Lin Hanxing looked at the mute uncle from the corner of his eye.

The latter quickly disappeared into the hospital corridor without a sound.

"Hua Ji can be considered to support the eldest consort's faction. What about the Hong gang?"

Lin Hanxing's mind was working quickly, separating the information he had received into different categories so that he could organize a relationship chain for himself as quickly as possible in case he needed it.

The old man in the Tai Chi suit subconsciously looked in Yuan shaojing's direction.

"Yuan shaojing, what are you still hiding from me at this time?"

Lin Hanxing was no longer in the mood to play the game of "you chase me, I guess."

"In the eyes of outsiders, you've never taken sides in the royal family's struggle, but in fact, Hua Ji was raised by Yuan Corporation! As everyone knows, Hua Ji has been the great wangfei and the great Prince's right hand man for so many years ..."

Lin Hanxing's voice was very cold, and the look in her eyes was like a heavy blow!

Even Yuan Kang couldn't help but look at Yuan shaojing with wide eyes.

"It was only when something happened to the first Prince and a traitor appeared in Huaji that you had no choice but to step out from behind the scenes to buy more time for the first wangfei!"

In a short period of time, Lin Hanxing had managed to piece together many unusual pieces of information.

"You already knew Yuan Kang's purpose in coming to Jiang city, and you also knew about the yuan family's internal and external troubles, so you played a trick on me and led me into the trap! I'm afraid that even the people from Huaji in country G who stopped me were a test for me!"

Lin Hanxing said unhurriedly.

At first, Yuan Kang thought he was smart, but he didn't know that the smart one was actually Yuan shaojing.

Yuan shaojing and Lin Hanxing looked at each other.

“The Hong gang has always been second Princess Consort’s henchmen.”

A moment later, Yuan shaojing finally spoke.

As for what Lin Hanxing had said before, he neither admitted nor denied it.

Lin Hanxing slowly closed his eyes.

The second Princess Consort!

What a great second Princess Consort!

Yingluo, don’t ... Don’t cry ...

The image of the Thunder valiant beast covered in blood kept flashing in her mind.

This debt.

She would have to settle this with them sooner or later!

When he opened his eyes again, Lin Hanxing’s face was devoid of any emotion.

“I’m going to the washroom.”

Lin Hanxing said coldly.

“I’ll go with you,”

Mama Lei was worried about her.

“Alright,” he said.

.....

In the washroom.

Lin Hanxing stood in front of the sink and quietly washed the blood off his hands.

The water was dyed red.

He raised his head.

Lin Hanxing’s face was expressionless as he looked at the pale face in the mirror.

She slowly wiped away the traces of the Thunder valiant beast’s blood on her face, and her dazed eyes were filled with sorrow.

The scene of Lei Xiao’s accident kept flashing in front of Lin Hanxing’s eyes.

It was like a slow-motion replay.

Tears rolled down Lin Hanxing’s cheeks and dripped into the sink, making a dripping sound.

“My daughter-in-law ...”

Outside the door, mother Lei would call out Lin Hanxing's name from time to time to confirm that she was still there.

"Yes."

Lin Hanxing replied hoarsely.

However, her gaze fell on the window in the bathroom ...

After hearing Lin Hanxing's voice, mother Lei, who was standing outside the door, felt a little relieved. She waited patiently for a while and tried to call her again.

However, this time, no one replied.

Mother Lei's heart skipped a beat.

She pushed open the bathroom door and walked in.

There were still bloodstains in front of the sink, and the cold wind blew in through the open window, causing mother Lei to shiver.

She subconsciously looked at the mirror.

There was a line of words written on it with plum red lipstick.

Yingluo, I'll be back soon.

"My daughter-in-law ..."

.....

River city's Y.R. Equestrian Club.

Tonight, this place was temporarily closed.

The lights were brightly lit in the silence.

Lin Hanxing, who had changed his clothes, walked out of the lounge. He was dressed in a black lady's suit and looked cool.

It was like a Rakshasa.

### [Chapter 1203](#)

1203 Reverse scale (2)

Her phone kept vibrating.

However, Lin Hanxing did not even bother to look at it. He only sent a WeChat message to Yan beixiao.

Xing Xiaoxing, "ah Xiao, if you have any news, let me know."

After sending this message, Lin Hanxing threw his phone back into his pocket.

The mute uncle appeared beside her silently.

White stream and Jiang Xibao were also there.

In the night, Lin Hanxing was as cold as ice.

“Dot!”

With this simple word, loud bangs were heard, and countless red lights exploded in the sky like fireworks!

It illuminated the entire night sky.

Lin Hanxing’s long eyelashes trembled slightly as he looked up at the sky.

Without a sound, the well-trained Y. R. Staff were already standing in the open space in front of her.

All of them were expressionless ...

It was an expression of unconditional trust and respect for Lin Hanxing.

Lin Hanxing raised his wrist.

There were many red dots on the dial that were quickly gathering in the direction of Y.R.

Very quickly.

Y. R. ‘S carved door opened again and again, and more and more people came.

The hidden management personnel scattered all over Rivertown had gathered at Y. R. If they had not seen it with their own eyes, it would have been hard to imagine such a Grand occasion.

After all, the people standing here today covered all major industries in Rivertown, even all classes of Rivertown.

It was obviously the first time that Bai Xi and Jiang Xibao had seen such a scene. They were dumbfounded and couldn’t help but shiver.

The mute uncle disappeared for a while, but he quickly came back with something in his arms.

He quietly distributed the information in his hands.

The people in front passed it to the people behind them, one by one.

Everything was carried out in silence, and they were well-trained.

“I want to find this person.”

Lin Hanxing said in a low voice.

The voice was clearly transmitted into everyone’s ears.

“It’s tonight!”

She stood in front of everyone coldly, and even her eyes did not change at all. She just looked around at everyone.

“At all costs, at all costs! Find him for me!”

“Even if I have to turn the entire Jiang city upside down, I won’t hesitate!”

“Yes!”

The hundreds of people in front of him responded thunderously. Everyone memorized the face in their hands at the fastest speed and then left as well-trained as they had come.

Only one group of people remained.

They had not received any information.

But even so, no one raised any objections.

They just waited quietly for Lin Hanxing’s orders.

the rest of you, head to the Lin family villa now!

Lin Hanxing’s expressionless face finally showed some disgust.

“You’re not even allowed to let go of a fly!”

.....

Lin family villa.

Lin qianlin excitedly opened a bottle of red wine for herself.

She had watched the live broadcast the entire time, especially after hearing the gunshots. All the hair on her body stood up as if she was trembling. That kind of satisfaction was really difficult to describe in words.

She was humming a little tune as she gently swirled the wine glass in her hand. There was even a smug smile on her face.

However, she met Shen Shu ‘er face to face.

Shen Shu ‘er’s expression was pale and flustered as she looked at her.

“Did you do it?”

She asked.

Lin youlin didn’t even want to talk to her. She took a sip of the red wine that had just woken up. The strong fragrance of the wine made her feel refreshed.

It was as if the gloominess of the past few days had been swept away.

“I’m asking you a question!”

Shen Shu ‘er couldn’t care less about anything else. She grabbed Lin qianlin’s wrist and demanded an answer from her.

“Bitch!”

Lin youlin raised her hand and gave Shen Shu 'er a tight slap.

"So what if it's me? What does it have to do with you?"

Shen Shu 'er covered her face. For the first time, she did not mock Lin youlin!

She looked at Lin qianlin as if she were looking at a dead person.

He shivered all of a sudden.

you're in big trouble!!!

After saying that, Shen Shu 'er scrambled upstairs and quickly took some valuable things. When she went back down, she had a thirty-inch suitcase in her hand.

He dragged it on the ground with great effort.

"What's in your suitcase?"

Lin youlin smashed the wine glass on the floor. In her opinion, everything in this house belonged to her. She had spent half of her life's effort and sacrificed too much in exchange for it. What right did she, Shen Shu 'er, have to take it away?

"Get lost! Don't stop me!"

Shen Shu 'er did not even care about her image. She kicked and hit Lin youlin's hand, trying to block Lin youlin's hand that was reaching over to snatch her baby away!

"These are all from my Lin family!"

Lin youlin was starting to get carried away by the pleasure of giving Lin Hanxing a heavy blow. Her voice was as sharp as it could be in the ears of others, and she did not hold back at all.

"You let go! Lin qianlin, if you want to die, don't drag others down with you! It'll be too late if we don't leave now!"

Shen Shu 'er crazily protected the box.

Lin qianlin's pestering made Shen Shu 'er want to give up on the box and leave.

However, he was unwilling to accept it!

All her belongings were inside!

Lin qianlin took the opportunity to give her a few more slaps, leaving her dazed.

"Dead? I think you'll be the one to die first!"

Lin youlin threw the box full of treasures to the side and made a gesture to grab Shen Shu 'er. This time, Shen Shu 'er could not even care about the box. She only hugged her small bag tighter and ran out of the door!

"What's with all the noise!"

Luo Minghao walked down the stairs impatiently. He had just come out of the study.

A cool breeze blew in from the wide-open door, and the dark courtyard gave people an inexplicable feeling of a man-eating beast.

It contained an endless amount of danger.

“Where’s SHU ‘er?”

Luo Minghao was furious when he saw Lin youlin. They even slept separately, let alone having sex.

Moreover, Shen Shu ‘er was young and good at work, so Luo Minghao looked down on Lin youlin even more.

“She’s gone!”

Lin qianlin’s hand was still on the box, and her eyes were fixed on Luo Minghao, a smug look in her eyes.

“Bastard!”

Luo Minghao was furious, and he slapped Lin youlin.

“You hit me?”

Lin youlin couldn’t believe it, but her heart was filled with hatred. She pounced forward and bit Luo Minghao’s arm.

Blood was seen in one mouthful!

you crazy woman!!!

Luo Minghao gasped in pain.

In the midst of the chaos, no one noticed that Shen Shu ‘er, who had just run out of the Lin family’s house without a care, was now staggering back with a pale face.

“Don’t ... Don’t quarrel ...”

Lin youlin and Luo Minghao were like two angry bulls. No one heard what Shen Shu ‘er said. Of course, no one noticed that she had returned.

stop quarreling!!!!

Suddenly, Shen Shu ‘er picked up the vase by the entrance and smashed it on the floor in front of them.

Accompanied by an explosion ...

He had successfully stopped the two of them from continuing to fight!

Everyone’s gazes turned to Shen Shu ‘er.

And behind her ...

[Chapter 1204](#)

1204 Reverse scale (3)

Someone walked in with an expressionless face!

Lin Hanxing was wearing a black suit that fit her slender figure tightly. Her shirt was also black, and she looked cold. Her high heels stepped on the floor.

It made a soul-stirring sound.

Lin qianlin and Luo Minghao were stunned, and they stared at Lin Hanxing.

Tonight, she was so beautiful that it was soul-stirring!

Her seaweed-like long curly hair hung loosely behind her, making her small face look even paler. Even her eyes were slightly red!

No makeup.

But it was even more fresh in his memory than before.

Lin Hanxing's entire body seemed to be wrapped in a cloud of vicious smoke.

Once it was stained.

He was either dead or injured!

Creaking sounds came from under her feet.

It was the sound of her stepping on the vase that Shen Shu 'er had broken earlier.

It was a shocking sight.

"Aunt, how have you been?"

Lin Hanxing's words were emotionless, as if it was the calm before the storm.

She quickly sat down on the Italian Leather Sofa in the hall, her right leg crossed over her left, and her slender figure was hidden in it. Her eyes swept over the couple emotionlessly.

Lin qianlin's eyes widened in shock.

He couldn't believe that Lin xiaojiu had actually dared to barge in.

Lin Xiao Jiu! How dare you!

The joy he had felt from winning that night had disappeared, leaving only nervousness and fear.

She liked to see Lin xiaojiu suffer.

But the premise was that it didn't endanger him!

Lin Hanxing slowly raised his head, his eyes looked past Lin youlin and fell on Luo Minghao's face.

His cold eyes were filled with cruel killing intent.

"Where is he?"

A cold voice without any emotion sounded in the living room of the villa.

Lin qianlin's heart began to thump.

He looked at Luo Minghao subconsciously.

Lin xiaojia, if you don't get out, I'm going to call the police!

Lin Hanxing's lips curled into a chilling smile as soon as Lin youlin finished speaking.

"I'll ask again, where is he?"

They both knew who that 'he' was.

The Lin family's servants heard the commotion and came out. When they saw the scene in front of them, they broke out in cold sweat.

"Bah! Lin xiaojia, you're a jinx! Anyone who touches you will be in deep trouble! If the Thunder valiant beast didn't try to save you, it wouldn't have gotten into trouble, you ..."

Lin qianlin hadn't even finished her sentence when the Crystal Cup on the coffee table exploded with a loud bang!

Lin Hanxing was still expressionless, but the taste of death could be felt from his long, white fingers.

"Ah ..."

The servants screamed and scurried away, scrambling to escape from the door.

Lin youlin's body was stiff as she looked at the broken pieces on the coffee table. The fear in her eyes was obvious.

She was crazy!

At this moment, Lin youlin's mind was filled with this!

However, before she could think further, the servants who had run out of the door were kicked back by an external force and fell to the floor like a human pyramid.

Luo Minghao quickly walked to the door ...

All the exits were blocked by people in black suits. As soon as he went out, countless cold eyes stared at him as if warning him.

"Who dares to leave without my permission ..."

Lin Hanxing's eyes were frosty as he spoke without any emotion.

"Kill without mercy!"

These three simple words were filled with bloodthirst and cruelty.

"Mute uncle,"

Lin Hanxing said lightly, and the mute uncle appeared behind Luo Minghao silently. Without waiting for the other party to react, he lifted his foot and kicked his lower abdomen. The intense pain made Luo Minghao scream in pain, and his whole body flew back.

With a pfft, a mouthful of heart blood was spat onto the ground!

Lin xiaojiu, you're crazy!!!

Lin youlin screamed, but Lin Hanxing just stood up slowly and walked to Luo Minghao. He grabbed his hair and forced him to look up at him.

"I'll definitely find him tonight!"

Blood gushed out of Luo Minghao's mouth, and his body trembled unconsciously.

The mute uncle had used all his strength in that kick. If it had been Lin youlin, she would have been dead by now!

With Lin Hanxing's cold voice, the veins on the back of her white hands popped out, and she smashed Luo Minghao's head on the floor.

Soon, there was a bowl-sized gash on Luo Minghao's forehead!

Dark red blood flowed down her face and dripped onto the floor.

It was dripping.

"Whether it's you, him, the second Princess Consort, or even the one in the capital ..."

Her silky long hair slid down her cheeks and half-covered Lin Hanxing's eyes, which were filled with bloodlust and hatred. The beauty of paleness and violence made her look like a vengeful goddess ...

It was frightening!

"I won't let any of them off!"

Lin Hanxing's small face looked even fiercer in the black.

"I want one! One! I'll let you taste the taste of blood!"

The corners of Lin Hanxing's lips curled into a devilish smile. He lifted his head to look at Lin qianlin, as if reading her obituary. The latter's legs trembled.

"Tonight ..."

The smile on her beautiful face was moving.

Even his voice turned from bone-deep cold to gentle.

"You guys can start!"

Lin Hanxing finally released his grip on Luo Minghao's hair.

Ah Xiao's blood ...

It definitely wouldn't be in vain!

It was only then that Lin youlin finally realized how terrifying her niece was.

In her eyes, there was no human order at all. If she wanted to, she could really take their lives tonight without even blinking.

“Little nine! Little 9th, calm down!”

At this time, Lin youlin was no longer as arrogant as she was when she opened the red wine to celebrate. She was shaking like a sieve, and the strong smell of blood made her want to vomit. She was on the verge of a mental breakdown.

“I’ll say it one last time.”

Lin Hanxing’s expression slowly faded away in front of Lin qianlin.

“Where is he?”

“I really don’t know!”

Being stared at by these eyes, Lin youlin’s entire skull started to go numb.

Lin Hanxing sneered.

He looked at the mute uncle.

Then, she turned around and walked back to the sofa.

“Ah ...”

The intense screams seemed to break through the roof, and the hearts of those who heard it began to tremble.

When Lin Hanxing returned to his seat, Lin youlin’s palm was already being crushed by the mute uncle’s foot. She let out a heart-wrenching scream, causing Shen Shu ‘er, who was curled up in the corner, to feel a chill down her spine.

“Help! Little 9th, please spare me!”

Lin youlin kept begging in Lin Hanxing’s direction.

His originally well-maintained and tender hand was almost losing all feeling. His fingertips were red, as if they were about to vomit blood in the next second. His expression was painful and ferocious!

Lin Hanxing remained unmoved.

“I’ll talk ... I’ll talk ...”

## [Chapter 1205](#)

### 1205 Reverse scale (4)

Only then did Lin Hanxing give the mute uncle a cold look.

“Speak,” he said.

The thick smell of blood rolled around her like something in her palm, suppressing everyone’s already fragile nerves. Only Lin Hanxing was walking on the edge of danger without any signs of disharmony.

“It’s the one in the capital who wants us to ...”

Lin youlin’s eyes flickered, as if she wanted to hide something.

Lin Hanxing did not even want to waste his breath on her. The moment he fiddled with his fingers expressionlessly, Lin youlin screamed again!

This time ...

The mute uncle directly broke her little finger as a punishment.

it’s that person in the capital who wants your life. As long as we follow her instructions and pick up a person, we ... We just have to wait for the good news!

Lin youlin’s face was covered in snot and tears, and she no longer looked as noble as she used to.

Lin Hanxing did not say anything.

She closed her eyes and leaned back on the sofa with her entire body weight, her expression cold.

“My parents ...”

Lin Hanxing’s fingers tapped on the armrest of the sofa rhythmically. Her voice was so calm that no one could detect any emotion from her. She was like an isolated island that no one could touch.

she was the one who contacted me that year. She said that she could help us get the Lin group as long as we do as she said!

This time, Lin youlin did not wait for Lin Hanxing to finish his sentence.

She even knelt down and moved quickly to Lin Hanxing with only her knees. She tried to hold her calf and beg for mercy, but before she could get close, Lin Hanxing had already slowly opened his eyes and looked at her.

His cold eyes stopped Lin youlin from doing anything.

“Who is the other party?”

Lin Hanxing said expressionlessly.

“I don’t know ...”

As soon as Lin youlin finished speaking, she saw the cruel smile on Lin Hanxing’s face. She knew that things were not good and almost reflexively, she fell to the ground.

“I really don’t know! All these years, we’ve only been in contact by phone and never met! Even though I knew that she was from Beijing, I only found out by accident. I really didn’t know her identity!”

Lin youlin shouted at the top of her voice, afraid that she would not believe her, so she put her hands together and begged!

“Phone call.”

Lin youlin did not waste any time. Lin Hanxing’s two simple words had already made Lin youlin move.

"I'm going to the study on the second floor to get my phone ..."

She looked up at Lin xiaojiu in fear and pleaded, afraid that she would accidentally trigger Lin xiaojiu and make her do something to her!

Lin Hanxing looked at the mute uncle.

In the next second, Lin youlin felt that her entire body was suspended in the air. The skinny old man had lifted her up so easily. The strength of his arms was simply amazing!

Lin qianlin finally understood why Lin xiaojiu would often bring this old man with him.

With the existence of such a person, no one would be able to get close to her easily!

Soon, Lin youlin came downstairs with her phone.

Lin Hanxing laughed when he saw the phone.

The other party was indeed a smart person.

"This phone was prepared according to the other party's request!"

Lin qianlin's scalp went numb at the sight of Lin Hanxing's smile. She quickly explained everything, afraid that the demonic woman in front of her would think she was deliberately toying with her.

Lin Hanxing turned a deaf ear to her words.

He quickly reached out to her.

Lin qianlin was obviously scared of the torment, and when she saw Lin Hanxing's outstretched hand, she shrieked and shivered.

The mute uncle frowned and pushed her ...

Only then did Lin youlin's pig-like voice stop.

After a while, Lin youlin finally understood that Lin xiaojiu wanted her to pass her the phone. She wiped the cold sweat off her forehead and handed over the red phone that was so old that it looked like a smartphone.

Lin Hanxing took it with a blank expression.

This phone was the oldest kind that could only make calls and send and receive text messages.

Even though this kind of phone would be a laughing stock if it was brought out, it was the safest thing in the world!

Not to mention a wiretap, it was impossible to even insert a virus to track the other party's location. The person in Beijing had really done his best to keep this secret.

Lin Hanxing lowered his head to look at the phone, he had already connected all the scattered clues in his mind.

The killer who wanted to kill her was from country G and belonged to the Hong gang.

The Hong gang was also the second Princess Consort's minions.

But now, Lin youlin was telling him that the killer seemed to be inextricably linked to the man in the capital.

Could she infer from this ...

This person in the capital city is also related to the second Princess Consort of country G?

Lin Hanxing's cold eyes were covered in a layer of frost as he thought about this.

She opened her contact list.

There was only one number.

He casually dialed it, placed it by his ear, and closed his eyes again.

From the perspective of others, Lin Hanxing, who was dressed in black, had an indescribable dignity of a superior that made people unconsciously submit to her. However, she was clearly only twenty-six years old.

At the same time, on Mount Jade Dragon.

"Dad, rest early."

The beautiful woman gently covered the old man's legs with the blanket.

However, he seemed to have felt something, and the smile on his face froze.

"He's not back yet?"

The elder was filled with righteousness. Even in his own home, his aura was not to be underestimated.

it's not like you don't know uncle's temper. With uncle Yue and uncle Zheng, they won't be back so soon.

The beautiful woman said with a smile.

The elder's eyes were closed, his expression unreadable.

"This bunch of old guys!"

The beautiful woman smiled but did not say anything.

"Your phone has been ringing."

The elder's indifferent words made the beautiful woman break out in cold sweat.

they want to invite me to the Art Gallery tomorrow. There's an exhibition opening.

She tried her best to make her tone sound calm, but in her heart, she wanted to kill Lin youlin on the other end of the phone. How dare she call her at this time!

"Okay, don't stay at home with me all the time. Go."

After he finished speaking, he motioned for his orderly to step forward.

The elder quickly went upstairs to rest.

The beautiful woman watched the elder's back until he disappeared at the top of the stairs, and her smile suddenly disappeared.

He discreetly observed his surroundings.

After making sure that no one was around, he took out his phone.

When she saw the caller ID, her eyes turned sinister, as if covered in a layer of hostility.

The beautiful woman walked towards the garden.

The night rose was in full bloom. The blood-red color quietly displayed its beauty in the night, domineeringly causing the rich fragrance to diffuse in the air.

The taste that the beautiful woman loved the most in the past, at this time, it made her heart panic for no reason.

Why was Lin youlin calling him at this time?

As she thought about this, the beautiful woman still picked up the phone and put it to her ear.

"Hello?"

#### [Chapter 1206](#)

##### 1206 A conversation in the air

There was no response from the other end of the phone, which made the beautiful woman feel impatient.

He lowered his head and looked at the caller ID.

After confirming that it was Lin qianlin, his voice turned cold.

"What are you daydreaming about ..."

Before he could finish his sentence, a cold chuckle came from the other end of the phone.

In an instant, the beautiful woman's blood seemed to have frozen as she stood in the midst of the blooming roses ...

He didn't move.

"You should know who I am."

In the Lin family's Villa, Lin Hanxing closed his eyes, his fingers tapping on a certain spot rhythmically.

The beautiful woman did not say anything.

However, through the receiver, the breathing sounds became more rapid.

That group of idiots!

How could he let Lin xiaojiu find him!

“You’re afraid?”

Lin Hanxing leaned his head against the back of the sofa. His cold voice was enough to shock people even from a thousand miles away.

The beautiful woman still didn’t speak.

She would not give Lin xiaojiu any chance to recognize her in the future.

The first point was that he could not let her hear his voice!

Otherwise, there would be endless trouble in the future!

“Listen well.”

It was as if Lin Hanxing had read the other party’s mind. When Lin Hanxing’s voice rang out again, it had suddenly turned into a cruelty that was enough to engrave in one’s heart!

“No matter who you are, I will find you!”

Every word and sentence.

It was as if he wanted the other party to hear him clearly.

Lin Hanxing slowly opened his eyes, his long black eyelashes concealing the coldness in his eyes.

“Let’s meet in the capital!”

I’ll let you taste everything I’ve suffered!

I’m going to make you lose everything!

I want you to lose the love of your life forever!

I’m going to ...

It shattered! Shi! Ten thousand! Duan!

Lin Hanxing did not give the other party a chance to catch his breath. After he finished speaking, he hung up the phone.

After a long time.

The beautiful woman was still in the position of answering the phone.

The night was dark.

If one didn’t look closely, it was hard to see that her hands were trembling.

“Stop!”

Suddenly, a voice that was almost like a mumble sounded among the roses.

Almost at the same time as she said this, the phone in the beautiful woman's hand fell to the ground with a thud.

Her hands trembled uncontrollably as if she was having a seizure. No matter how much her brain and mouth tried to order her body to stop, it was completely useless!

"Dammit! Damn it!"

The beautiful woman's face looked extremely distorted under the moonlight.

He couldn't even recognize her original appearance.

It was just a phone call, but she could already feel the strong killing intent from Lin xiaojiu.

Even if the person wasn't in front of him yet ...

The beautiful woman was already unable to bear it and was in a state of confusion.

"Mom ..."

Suddenly, a melodious female voice came from the courtyard. It was like an Oriole leaving the valley, melodious and moving.

The beautiful woman's expression turned cold.

He hurriedly squeezed out a smile on his face and responded.

Lin xiaojiu, if you have the ability, come and find me!

He turned around and walked towards the source of the voice.

Without any hesitation, he stomped on the old phone and crushed it!

After the muffled sound.

The cell phone was completely scrapped!

At the same time.

After hanging up the phone, Lin Hanxing raised his hand and threw the phone accurately into the wine glass in front of him.

Lin qianlin cried out in surprise.

"You ..."

This was the only communication tool he had with that person in Beijing!

She was ruined just like that?

Lin Hanxing's cold eyes swept over Lin youlin, who was still kneeling on the ground, and he did not say anything.

Lin youlin shivered.

How could she have forgotten that her life was still in her hands?

little 9th, I really ... Really told you everything ... I didn't lie to you ...

Lin qianlin said, a fawning smile on her face.

When Lin xiaojiu had barged in, she had really thought that her life was going to end here.

"Who are you people?"

Just as they were talking.

However, a low and angry voice came from outside the villa!

It was Luo Wensu!

Lin Hanxing's expression didn't change as he motioned for the mute uncle to call for the people at the door to let the other party in.

The moment Luo Wensu, who reeked of alcohol, saw the mute uncle, his heart skipped a beat. He staggered unsteadily, but when he suddenly smelled the smell of blood in the room, he almost vomited.

His eyes were fixed on the woman sitting on the sofa.

She was still as beautiful as she was when they first met at the count of Starlight.

It was as if nothing in the world could enter this person's eyes!

"You ..."

Luo Wensu wanted to say something, but when he met those cold and emotionless eyes, his voice came to an abrupt end.

The dull pain spread silently in her heart.

"Cousin."

Lin Hanxing! Luo Wensu called out to Lin Hanxing stiffly, his deep eyes filled with pleading.

"I'm begging you,"

From the beginning to the end, Lin Hanxing only looked at him with an expressionless face.

He was like an ice sculpture.

There were no feelings.

Luo Wensu's heart ached even more.

He only found out about Thunder valiant beast's accident on his way back. He was shocked. His intuition told him that something bad was going to happen. And when he saw the group of people standing at the door ...

He had obtained evidence in disguise!

Lin Hanxing still did not say anything. He tapped his fingers on the door, making a tapping sound.

“Luo Wensu, I know it’s you.”

Suddenly, Lin Hanxing said something with a hidden meaning.

The others didn’t understand what she meant, but Luo Wensu did. His body trembled violently, but she knew?

“I can let you live.”

This was already her bottom line.

Lin Hanxing’s cold voice rang in everyone’s ears.

Hearing this, Lin youlin shivered.

“Son ... Son, save me ...” He cried.

Lin youlin didn’t think that Lin xiaojiu would still want her life after she had confessed everything. She was so scared that she quickly hugged her son’s leg as if it was the last straw in her life.

“I’m willing to use my life to exchange for them.”

Luo Wensu’s Adam’s apple bobbed up and down, and the words seemed to have been forced out of his throat.

Lin Hanxing stood up.

Her black hair swayed back and forth with her movements.

Soon, she was in front of Luo Wensu.

He lifted a foot and kicked Lin qianlin hard in the shoulder. With a scream, Lin youlin rolled on the ground in pain. She clutched her dislocated arm and groaned in pain.

Luo Wensu clenched his fists.

He understood the woman in front of him.

The words she said were even more determined than a man’s spit. Other than Lei Xiao and the Lei family, no one else could easily shake her decision.

And this kick was a warning to him.

“Luo Wensu, you only have one life, and you want to exchange it for two people?”

Lin Hanxing’s tone was light, and even his eyes were filled with coldness and mockery. It made people’s hearts beat faster.

“I’ve never made a losing deal.”

What’s more, she had spared him because Luo Wensu had never done anything that would cause his own death. He had even secretly helped her several times, but this did not mean that she would allow him to negotiate with her!

There was a blood feud between them!

Therefore, the rules of this Game of Death should be set by her, not him!

#### [Chapter 1207](#)

1207 Unfortunately, I don't believe you

Luo Wensu's face was as pale as a sheet of paper as he looked at Lin Hanxing.

His heart was beating rapidly.

Even his eardrums were trembling.

Luo Wensu had chosen to run away like a coward, not asking about what had happened back then.

From a certain perspective ...

He was no better than his parents and siblings!

The meaning behind her words was not bad.

He, Luo Wensu, did not have the right to negotiate with her.

However, these people were his parents.

"Cousin, I'm begging you."

Luo Wensu could only plead with Lin Hanxing like this. He had no other choice!

"Beg me?"

Lin Hanxing looked into those eyes and suddenly laughed as if he had heard a funny joke.

The cold laughter was filled with sorrow!

"Your parents killed my parents for their own benefit! My aunt sold me to those desperadoes! He has never given up on the thought of taking my life all these years!"

"Ever since I returned to Jiang city, you've been causing me trouble again and again! If I didn't have the abilities and means I have now, I would have been turned into ashes by you!"

Lin Hanxing's words were bone-chilling.

When Luo Wensu heard the word 'you', his heart ached.

In her eyes ...

He was no different from his parents.

"If I let you live, you will bite me one day. Why should I take such a big risk for you?"

Lin Hanxing raised an eyebrow.

"I won't harm you!"

Luo Wensu suddenly took a step forward, and anxiously closed the distance between the two.

Lin Hanxing sneered and raised his head to look at Luo Wensu.

“Unfortunately, I don’t believe you!”

In this world, there were only a few people who could gain her trust.

There was no Lin family!

Luo Wensu’s tall figure swayed, and the reckless smell of alcohol seemed to have dissipated in an instant. He looked at her with sad eyes.

“You know, I ...”

Even though he denied his feelings, he knew that if he didn’t say it now, he would never have the chance to do so again!

Tonight, this cousin of his was going to end things with the Lin family!

Lin Hanxing never had much patience for people who didn’t matter to him, and he had already given Luo Wensu enough face by holding on until now.

“Luo Wensu,”

Before Luo Wensu could finish, she raised her hand and interrupted him.

“Stop testing my patience!”

Otherwise, she would not even let him off!

Her ah Xiao was lying in the emergency room, and it was unknown whether he was Dead or Alive. She didn’t have that much patience!

Luo Wensu’s eyes darkened.

She didn’t even want to hear him finish.

That’s right.

What was there to say?

Some feelings were a burden to himself, so why should he say it out loud and add to other people’s troubles?

Even though ...

Luo Wensu didn’t think that she would take his words to heart even if he finished.

Except for that young master Lei ...

She was afraid that no one would be able to make her lose her composure!

“Cousin ...”

With a thump, Luo Wensu knelt down in front of her in front of everyone.

"I beg you to give them a chance!"

As soon as he finished speaking, Luo Wensu knelt on the ground and kowtowed to Lin Hanxing without caring about his face!

After a while, blood was seen.

Lin Hanxing was expressionless as he lowered his head and let Luo Wensu kowtow to him.

Those who were familiar with her should know.

This was already one of her most impatient expressions.

His eyes inadvertently swept over Luo Minghao, who was slowly waking up, and a hint of danger flashed through his cold eyes.

"Alright, I'll give them a chance."

Suddenly, Lin Hanxing's lips curved into a meaningful smile.

Upon hearing this, Luo Wensu suddenly raised his head and looked at her!

His eyes were filled with surprise.

"Husband and wife, Luo Minghao and Lin youlin, I will give you a chance to live! But ..."

If the first half of the sentence made the Lin family feel hope, then the word 'but' made them feel like they had fallen from heaven to hell.

"Only one!"

These four simple words were extremely cruel!

"What did you just say?"

Lin youlin's eyes widened and she stared at her blankly.

"Only one of us will survive!"

Lin Hanxing smirked evilly, looking like a demon from hell.

"B ..."

Hearing this, the surprise in Luo Wensu's eyes didn't even have time to fade. He was about to speak when he heard her sneer.

I've already let you live and given you another chance to live. That's already considered being lenient!

Lin Hanxing said lightly, then turned around and sat back down on the sofa.

He gave the mute uncle a lukewarm look.

"Ah ..."

This scream came from Shen Shu 'er, who was in the corner.

Before Luo Wensu could react, Luo Minghao, who had just woken up, flipped over and sat on Lin qianlin's body, his hands gripping her neck tightly.

Lin qianlin didn't even have the chance to move. Her eyes were wide with fear.

Shen Shu 'er was so frightened that she quickly covered her mouth.

He didn't dare to move.

Luo Wensu was shocked. He took a step forward and tried to pull his father up from his mother's body, but before he could get close, he was already restrained by the mute uncle's iron-pincer-like palm. He could not move at all!

Lin Hanxing, on the other hand ...

He just put his hand on his chin and watched The Human Comedy quietly and bloodthirsty.

"Save...Save... Cough ..."

Lin youlin's mouth was wide open, but she couldn't take in any oxygen. Her eyes were wide open like a frog.

Although she wanted to make a move just now, she did not do anything out of consideration for their relationship as husband and wife. However, she did not expect to be at a disadvantage like this!

Lin youlin had never felt so close to death before.

She could still hear her son's screams, but the scene in front of her was getting more and more blurry, as if she was really going to be strangled to death in the next second!

She turned her head with difficulty.

However, his eyes suddenly lit up when he saw something.

Lin youlin knew ...

This was probably her last chance to live!

As she thought about it, Lin youlin used all her strength to bend her knees and attack the weakest part of Luo Minghao's body!

The intense pain made the crazy man's entire body tighten.

He fell sideways on the floor.

Taking this opportunity, Lin youlin turned around without a second thought, grabbed the broken crystal glass that had fallen not far away, and stabbed it into Luo Minghao's throat without thinking!

A muffled sound was heard ...

Luo Minghao, who had been so sure of his victory, could not believe that he would be turned around at the last moment. His eyes were wide open, and he subconsciously covered his neck with his hands.

There, blood was gushing out.

I killed him!!!

Lin youlin's smile was twisted, and her eyes were filled with pride.

She had won!

She had really won!

"Little Jiu, you see ... It's me ... I did it!"

Lin youlin turned to look at Lin xiaojiu.

Even his eyes were filled with madness.

"Police, no one is allowed to move!"

Suddenly, a group of police officers rushed in from the outside. They were shocked when they saw Lin youlin's crazy expression while she was sitting on Luo Minghao's body.

Just as Lin youlin was feeling smug, no one noticed that someone was watching her in the dark ...

#### [Chapter 1208](#)

1208 The core of comedy is tragedy

police, police, come and protect me!!!

Lin qianlin's face was covered in blood, and her expression twisted as she wailed.

Feeling that he was finally safe, he completely let down his guard and his entire body went limp.

In the chaos, no one noticed ...

Lin Hanxing, who was sitting on the sofa, slowly curled his lips into a cold smile.

"It's her ..."

Lin youlin, who had come back to life, suddenly felt a sense of malice and pointed in Lin Hanxing's direction.

His face, which was covered in blood, looked especially detestable!

Luo Wensu, who was originally under the mute uncle's control, felt as if he had been struck by lightning. He looked at his own mother in disbelief, as if he had never expected her to still want to bite back at Lin Hanxing even at a time like this.

He looked at Lin Hanxing, who was not far away, in confusion.

Luo Wensu clearly saw the coldness in her eyes.

He suddenly understood why Lin Hanxing did not let them go.

A centipede was dead but not stiff.

They would be in a relationship that would not rest until one of them died!

From the moment he abandoned his family for benefits, everything was wrong!

Lin qianlin's eyes glowed with pride, and she was just about to continue ...

An accident had happened!

"Ah ..."

Shen Shu 'er's ear-piercing scream suddenly rang in everyone's ears.

The man who had been observing in the dark pounced on Lin youlin with a sharp knife in his hand and stabbed her in the abdomen repeatedly. The continuous and powerful movements showed that he hated Lin youlin deeply.

Everyone was shocked!

It was as if he had not expected that there would be someone hiding in the dark!

Lin yanshu kept stabbing Lin youlin's body with the knife without any expression on his face. His other hand was like a pair of iron pincers holding his sister down. His eyes were fierce and sad.

"Stop! Quickly stop!"

The police officers pointed their guns at Lin yanshu in unison. If he moved again, he would probably be shot dead!

"I will turn myself in!"

Lin yanshu roared.

She was no longer as submissive as she was in the past. She was like a statue that was pressing down on Lin youlin.

"Back then, my sister and brother-in-law set up a trap to kill eldest brother and eldest sister-in-law!"

Upon hearing this, the police officers looked at each other, as if they couldn't believe their ears.

The others who were on standby outside also heard everything through the radio.

"It was also us who sold little Jiu to those desperadoes in order to cut the weeds and eliminate the roots!"

With every sentence Lin yanshu said, he stabbed Lin youlin's abdomen.

Initially, Lin youlin still had the strength to struggle.

However, the further he went, the more powerless he became, until his eyes widened and his hands fell to the floor weakly!

"We were the ones who poisoned big brother!"

All these years, Lin yanshu had not been able to sleep a single night. He'd been like a dog, struggling on his last breath as Lin qianlin's accomplice, but what had he gotten in return?

His wife and children were separated, and his family was destroyed!

What they had done to his big brother's family back then had all been repaid by him.

People really can't do bad things!

Cause and effect was a cycle.

Even the heavens will remember it for you!

"Sister-in-law ... We killed her too!"

Lin Hanxing, who was sitting on the sofa, listened expressionlessly. If not for the sadness in his eyes, he would have looked as calm as if he was listening to someone else's story.

Only her little hand on the sofa armrest ...

The veins on the back of his hand bulged.

Everyone was so shocked that they couldn't speak. Regarding the Lin couple's case, the Bureau had already secretly restarted the investigation, but no one had expected that at such an opportunity ...

The truth was out!

Lin yanshu had already lost count of how many times he had stabbed his sister's abdomen.

It was already a bloody mess.

There was a clang.

He finally felt that he had done what he was supposed to do, and the knife slipped from Lin yanshu's hand to the floor.

The entire Hall of the villa was filled with the strong smell of blood.

"Jiaojiao, Wan 'er ..."

Lin yanshu raised his head and let out a long cry, tears flowing down his cheeks.

"I'll turn myself in!"

Lin yanshu extended his hands in the direction of the police.

"Wu ..... Uh ..... Uh ....."

Suddenly, there was movement from the stairs.

Old lady Luo, who was sitting in a wheelchair, moved over with difficulty. Her body was partially paralyzed due to her stroke, and her entire body was in an uncoordinated posture. She was mumbling something that no one else could understand.

She looked down at the scene with fear, especially when she saw Luo Minghao's dead body!

"Old lady, don't move!"

The police officer downstairs shouted, and her wheelchair was about to fall!

Just as he finished speaking.

The frightened old lady Luo's body tilted to the side, and she rolled down the carved stairs with the wheelchair. Her whole body rolled uncontrollably.

"Grandma!"

Luo Wensu rushed out, and his right arm was hit by the wheelchair.

The pain made him suck in a breath of cold air.

He used his other hand to block the old lady, helping her cushion her fall.

When she finally stopped, perhaps it was God's will, she fell down beside her son.

Her white hair was in a mess, and blood gushed out of her mouth.

It was obvious that the air he exhaled was much more than the air he inhaled.

"Karma ..."

Lin yanshu's face was filled with a cold smile. There was not a trace of pity, but instead, he felt carefree!

Back then, this old lady had incited disharmony many times.

Now that she had ended up like this, no one should be blamed. If she wanted to blame someone, she should blame her insatiable greed!

The farce was finally coming to an end.

Luo Wensu stood leaning against the carved railing of the stairs, his big palm still clasped tightly on his right arm, from which blood was dripping down.

He only looked at Lin Hanxing, who had been calm from the beginning to the end.

She had used the most convenient method, but this time, she had completely wiped out the Lin family in one fell swoop. Even the truth of the past had surfaced, whether it was her scheme or not ...

The Lin family was finished!

Lin Hanxing then slowly got up from the sofa and walked towards him.

He stood still.

Lin Hanxing tilted his head and looked into Luo Wensu's eyes at close range.

"It's human nature that caused their deaths."

Luo Minghao's greed and Lin youlin's selfishness were the real culprits that caused their death.

And she ...

All he did was give them a push.

“Cousin, you never intended to let them live from the start.”

Luo Wensu’s eyes were filled with sorrow.

Lin Hanxing was expressionless as he looked at him. There was no change in his cold face.

“I said before, I can let you live.”

Lin Hanxing said indifferently.

She would always keep her word.

“Of course, you can also take revenge on me.”

Lin Hanxing’s voice was calm, without a trace of fear.

The relationship between people, whether good or evil, was a cycle.

“As long as you have the ability.”

In this world, the winner was King, and the weak were prey to the strong. There was no such thing as fairness.

Luo Wensu smiled bitterly.

How could he possibly take revenge on her?

“Since they started this grudge, we’ll end it!”

## [Chapter 1209](#)

1209 I promise

In the police station.

Even though it was already late at night, the place was still brightly lit.

The tense atmosphere was pushed to its peak when Kim orwenz appeared.

He was the head of the most famous lawyers in the world!

He was currently the chairman of the international law firm’s Global Executive Committee!

The person who came with him was the fourth young master of the Lei family, Lei Jue!

“Sister-in-law!”

As soon as Lei Jue entered the room, he went straight to Lin Hanxing.

Big brother had already met with an accident, so they definitely could not let anything happen to sister-in-law. The Lei family would protect her at all costs!

Lin Hanxing’s cold face finally softened when he saw Lei Jue.

“How’s ah Xiao?”

Lin Hanxing's eyes were filled with urgency.

Upon hearing this, Lei Jue did not say a word and shook his head.

Lin Hanxing's fingers froze.

"Miss Lin."

Without waiting for Lei Jue to say anything, Kim orwenz had already spoken to Lin Hanxing respectfully.

Lei Jue was stunned.

The teacher and sister-in-law were obviously old acquaintances.

Lin Hanxing replied with a "hmm" and then spoke fluently to Kim Alvin. His calm and composed look really surprised the police officer who was taking down the notes. He couldn't understand a word.

But ...

Lin xiaojiu's stance was not for show.

Even an ordinary wooden chair could make her feel like a dragon chair.

"Someone from the Board of Directors is putting pressure on dad?"

Lin Hanxing looked at Lei Jue coldly as if he did not expect her to find out about this. Lei Jue was stunned for a moment and thought, 'this is bad. Why did the teacher tell sister-in-law about this?'

"Sister-in-law ..."

"I want to hear the truth!"

Lin Hanxing's voice was strong and powerful. For a moment, everyone's eyes gathered on her.

the Board of Directors has always been divided into two factions. They've sent someone to the hospital to put pressure on father, saying that with his current condition, he can't take on the role of CEO at all. They said that they'll find someone for the time being ...

Lin Hanxing did not even need to listen to what he was going to say next.

He slowly closed his eyes.

But even so, the brutal aura that spread out from the bones was still shocking!

Anyone with eyes could see that Lin Hanxing was trying his best to suppress his anger.

Soon, Lin Hanxing opened his eyes and knocked on the table.

"Have you finished my statement?"

"Ah ... Um ..."

There was no problem with the statement, but there were many witnesses who claimed that she had a gun in her hand, and she had surrounded the Lin residence with so many people. This ...

“Miss Lin, please explain the origin of the gun.”

“You guys found a gun?”

Lin Hanxing raised an eyebrow.

“.....”

He really didn’t.

Their men only found a lighter that looked like a gun, but ...

“Or am I under arrest now?”

“No, no! This is just a routine question ...”

Before the other party could finish his sentence, someone came down from upstairs. The police officers in charge of the incident stood up.

“Chief.”

The director’s deep and sharp eyes fell on Lin Hanxing.

He did not speak for a long time.

A person who could make master Yan personally call and ask ...

Lin Hanxing allowed the other party to size him up without any change in his expression.

“Let her go after she’s done.”

After saying this, the director turned around and left.

Since the higher-ups had given the order, naturally, no one would make things difficult for Lin Hanxing.

It was still dark when they left the police station.

“Lei Jue, send Mr. Olwynn back to the hotel first. I’ll go to the hospital.”

In the dark night, a red Ferrari was parked, and Bai Xi was sitting in the driver’s seat.

“Sister-in-law ...”

Lei Jue seemed to want to say something.

“Although ah Xiao is still conscious, I’d like to see which dog dares to covet his things!”

Lin Hanxing had already gotten into the car.

The next second, the red luxury car sped towards the hospital!

.....

At the Affiliated Hospital of Jiangcheng Medical University.

At night, the corridor outside the emergency room was not quiet. Several important members of the Lei group's Board of Directors stood in front of Lei kangnian, persuading him to agree to their proposal.

Lei kangnian's face was expressionless, but everyone could feel his anger that was about to burst.

Yan beixiao's 'dog shit' was already on the tip of his tongue!

"No one is allowed to touch ah Xiao's position!"

Just as Lei kangnian was about to speak, Lin Hanxing, who was dressed in a black suit, walked over quickly and stood in front of the group of people, accompanied by the sound of high heels stepping on the cold floor.

"My daughter-in-law."

Seeing that she had returned, Zhong Nanyin's heart that had been hanging in the air finally settled down.

Then, her eyes started to burn.

After what happened tonight, these people were more or less afraid of Lin Hanxing.

"Can't move? Do you know the consequences of the Lei corporation's CEO taking a break for even a minute? Everyone in Jiang city knows about what happened tonight. When the stock market opens tomorrow morning, will you be able to afford any losses?"

One of the directors spoke in a deep voice, his expression anxious.

"We don't want to, but if ah Xiao really can't wake up ..."

Before he could finish, Yan beixiao, Lei Yu, and Lei Cheng were already about to step forward. The most terrifying thing was Lin Hanxing's cold eyes, as if they could freeze anyone!"

"I guarantee that the Lei clan will not be affected in any way after the market opens tomorrow!"

The black shirt made Lin Hanxing's cold face look even colder.

"You promise? What can you guarantee? Besides, you're not married to ah Xiao yet, what right do you have to get involved ..."

Before the other party could finish his sentence, he was already stunned by the Red Book that Lin Hanxing raised when he raised his hand. The second half of his sentence was stuck in his throat, unable to go up or down!

Other than Yan beiming, everyone else was equally shocked when they saw the marriage certificate!

Zhong Nanyin even stood up abruptly.

When did they get their marriage certificate?

ah Xiao and I are a legally-protected couple. Do I have the right to get involved now? "

Lin Hanxing's sharp gaze swept across the crowd.

Those who met her gaze did not dare to say a word and looked away in fear.

father, I implore you to send out a notice that I will hold a press conference in the name of the Lei Corporation tomorrow morning. I promise that I will stabilize the Lei corporation's share price!

Lin Hanxing's eyes met Lei kangnian's.

She would never let anyone have the chance to take away what belonged to ah Xiao in the chaos!

After he woke up ...

What happened before would continue!

Lei kangnian and Lin Hanxing looked at each other.

alright, I'll get someone to send out a notice and hold a press conference after dawn!

Lin Hanxing's tensed features finally relaxed a little.

At the same time, the emergency room's lights went out.

Lin Hanxing's nerves, which had just been relieved, tensed up again.

Her ah Xiao ...

Soon, the door of the emergency room was pushed open from the outside, and sacred hands 'tired face appeared before everyone's eyes.

His face was solemn.

## [Chapter 1210](#)

1210 I just want to be with him quietly

The surgery, which had lasted for nearly six hours, was enough to show how complicated the situation was.

Everyone swarmed in sacred hands 'direction.

Soon, he was surrounded.

"Ah Xiao ... Ah Xiao, he ..."

Mother Lei's eyes were red, and she couldn't care about anything else as she held sacred hand's wrist tightly.

"Mother Lei, the bullet has been successfully removed."

Hearing this, the others heaved a sigh of relief. Yan beiming even covered his face with his hands, afraid that others would see the tears in his eyes.

Something was wrong.

Lin Hanxing and Lei kangnian were frowning as compared to the rest of the people who were relaxed.

Sacred hands 'expression didn't seem to be relaxed.

"Is there anything else you haven't said?"

Lin Hanxing tried her best to make her voice sound as calm as usual, but this matter concerned Lei Xiao, so she was still a little flustered.

the bullet was removed, but because the position of the bullet was dangerous, even though the operation was successful, whether Xiao can survive or not will depend on his will and his subsequent recovery.

He had treated Lei Xiao so many times, but none of them had been as serious as today's injury!

Mother Lei took a step back subconsciously.

His body swayed.

"Mom ..."

Lin Hanxing was quick to react and quickly pulled mother Lei into his arms.

Just like that, mother Lei passed out.

After a period of chaos, Lei Xiao was sent to the 24-hour intensive care unit, and mother Lei was sent to rest.

"There's no one else here. Tell me the truth, what's the worst outcome?"

Lin Hanxing stood in front of sacred hands.

If it wasn't for the tension in her voice, no one would be able to read her emotions.

"Die," he said.

A simple word was enough to explain why even though the operation was successful, sacred hands 'expression was still so serious.

Lin Hanxing held his breath.

She knew that sacred hands had only said what he should have said.

However, in that instant, Lin Hanxing really wanted to kill him!

Or perhaps ...

Kill me!

Ah Xiao had taken the bullet for her.

He should have been the one lying there.

Covering his eyes, Lin Hanxing's body was withered and thin.

"Ninth young lady ..."

It was only now that Bai Xi, who was standing beside her, dared to speak.

Upon hearing these three words, sacred hands was obviously stunned for a moment.

Ninth ... Young lady?

Bai Xi, go find the mute uncle and help him continue the search.

She had said that she would find him before dawn!

"I understand."

Bai Xi looked at Lin Hanxing worriedly, then turned to leave.

"You should go rest too. If there's anything wrong with ah Xiao, we'll need help."

Lin Hanxing said to sacred hands.

Seeing her calm expression, the latter was a little worried, but before Holy hand could say anything, Lin Hanxing had already turned and walked towards the automatic coffee machine in the distance ...

.....

In front of the automatic coffee machine.

Lin Hanxing's entire body was trembling.

She felt like she was drowning in self-blame.

"Let's have a cup of coffee,"

Suddenly, a voice came from behind her.

Lin Hanxing turned around.

Lei Cheng walked over and scanned the QR code with his phone.

"What do you want to drink?"

He didn't even look at Lin Hanxing. He didn't mind waiting for her reply for a long time and casually ordered two glasses.

The automatic coffee machine started to work.

"I thought you would take the chance to tell me to get lost."

Lin Hanxing said in a low voice.

Lei Cheng looked at her with a strange look in his eyes. He brought out the coffee and handed it to her.

Lin Hanxing took it.

"You're a woman who can make my big brother throw away his life, how would I dare!"

As he spoke, Lei Cheng took a sip of his coffee.

He was a little tired after a night of waiting.

"It's not your fault,"

Lin Hanxing doubted his own ears. Did Lei Xiaosan really say that?

He turned to look at Lei Cheng.

"Ah Xiao shouldn't have saved me."

Lin Hanxing's voice trembled.

Lei Cheng looked straight ahead, the bitter taste of the coffee filling his taste buds.

"In the world of love, there's no" should "or" should "; there's only" willing "or" not.""

It had to be said.

Lin Hanxing had a new understanding of Lei Cheng.

"Besides ..."

Lei Cheng's voice was firm and serious, but his eyes were still helpless.

I believe that if that person had wanted to deal with big brother at that time, you would have been like him tonight and protected him with all your might.

Then, Lei Cheng turned to Lin Hanxing and smiled.

so, don't blame yourself. The ones who should pay the price are those behind it!

How could the Lei family be bullied by any Tom, Dick, or Harry?

Lin Hanxing was silent for a moment.

After a long time, she brought the cup of coffee to her mouth.

"After you're done, I'll go in and accompany big brother!"

Lei Cheng reached out and clinked his cup with Lin Hanxing's.

"With you around, big brother can't bear to leave!"

With that, Lei Cheng walked towards Zhong Nanyin's ward and waved at Lin Hanxing without looking back.

Lin Hanxing looked at his back, slowly revealing a sincere smile, and drank mouthful by mouthful.

However, after a few sips, his phone rang.

He picked up the phone.

After listening for a short while, her delicate little face suddenly turned cruel and cold.

"Bring him back to Y. R. First!"

“Remember, don’t let him die!”

Lin Hanxing clenched the coffee cup so hard that the cup creaked because it could not withstand her strength.

“I want him to live.”

Lin Hanxing said through gritted teeth.

“good! good! ! here! i! live! burn!”

.....

In the independent intensive care unit.

Lin Hanxing walked in, his coldness and coldness gone. He was like a lost child, and the destination was not far away.

She tried her best to stop her hands from trembling.

However, when he saw the man lying on the bed clearly, Lin Hanxing’s heart was still squeezed tightly by two invisible hands.

The strong chest that gave her an infinite sense of security in the past only heaved slightly at this time.

The handsome face that had been especially favored by God was now pale without any color.

Lin Hanxing’s lips trembled uncontrollably.

He sat down by the bed.

Her slender hand wanted to hold Lei Xiao’s hand as usual, but before she could do so, tears had already rolled down her cheeks.

Lin Hanxing felt like he was about to dry up all the tears in his life.

He just looked at her.

He did not dare to move.

“If you’re tired, you can take a rest.”

Lin Hanxing sobbed, his voice still trembling.

“But ah Xiao, promise me ...”

Her fingertips touched him gently, as if she wanted to make a promise with him.

“Don’t make me wait too long, okay?”

The device beside the bed beeped, and Lin Hanxing touched Lei Xiao’s fingertips again and again.

Before that.

Ah Xiao.

I'll protect everything you have.

I won't let off those who hurt you.

The person who wanted to take the opportunity to cause trouble ...

I won't let them succeed either!

Ah Xiao ...

.....

Early in the morning.

Lin Hanxing asked someone to send breakfast to the hospital.

He carried them into mother Lei's ward. At this time, mother Lei was weakly leaning against the head of the bed. Her hand was still holding onto Lei kangnian, who was sleeping on the bed.

Mother Lei carefully made a shushing gesture at Lin Hanxing.

He didn't expect the others to still wake up.

"I brought breakfast."
