

Goodnight 141

Chapter 141: Thick-skinned

“B * tch, let me go!”

Chairman Qian’s daughter-in-law, whose wavy hair was being held tightly by Lin Hanxing, became angry and started to struggle.

However, Lin Hanxing sneered and kicked the man’s lower legs.

Even the group of strong men in the morning couldn’t bear it, let alone a woman.

With a muffled sound, Chairman Qian’s daughter-in-law knelt in front of Lin Hanxing.

The intense pain caused her tears to burst out without the help of any eye drops.

if you’re smart, don’t choose to provoke me at this time. It’s stupid!

Lin Hanxing said this to Chairman Qian’s daughter-in-law, but his eyes were fiercely fixed on the faces of Chairman Qian and his wife.

Mrs. Qian had suffered under Lin Hanxing before, so there was fear in her eyes.

Chairman Qian only felt that she was talking big.

“You guys can push open this door and see if I’m telling the truth.”

Lin Hanxing noticed the contempt in Chairman Qian’s eyes but he was not angry. He smiled seductively and said coldly, ”

Chairman Qian threw a look at the Qian family standing by the door.

.....

The other party quickly received it, opened the door, and walked out.

The next second, there was a loud bang. The man was kicked back by the Man in Black outside the door.

Lying on the ground, she was in so much pain that her entire body was trembling.

“President Lei, are you just going to let your woman be so presumptuous?”

Chairman Qian seemed to realize the seriousness of the problem.

Lei Xiao was already difficult to deal with, and now there was a woman even more difficult to deal with than him?

Upon hearing this, Lei Xiao’s sharp eyes coldly swept over Chairman Qian’s face, which was trembling with anger.

After a long time, he laughed coldly, as if he didn’t even bother to answer.

Lei Xiao understood Lin Hanxing better than anyone else.

She was a person who clearly distinguished right from wrong, and she would not make a move without an absolute reason!

In addition to what Yuan Bao had just said ...

“What do you want to do?”

Mrs. Qian mustered her courage and took two steps forward, meeting Lin Hanxing’s cold eyes.

“Don’t worry, we have to settle the score slowly.”

Lin Hanxing’s tone was mocking. Looking at Mrs. Qian, who was trembling like a quail, she suddenly pushed her daughter-in-law towards her.

Her slender fingers were still wrapped around the long hair that she had pulled down.

In her eyes, this was much less of a shock than Yuan Bao!

He thought of Yuan Bao’s pale little face and timid look when he came in ...

Lin Han’s eyes were sharp as a knife as he scanned the group of people in front of him.

He opened his lips and blew lightly, and the hair wrapped around his fingers fell to the ground. He looked cold and enchanting.

since you have the guts to frame a child, I’ll just tear off the veils on your faces and see how thick your skin is!

As he spoke, Lin Hanxing returned to his wooden chair.

At this moment, the Qian family members who had surrounded her looked at her as if she was a fiend.

He didn’t dare to act rashly.

Lin Hanxing raised his hand and patted the door twice, and the closed door was pushed open from the outside.

A weak, long-haired woman looked frightened and cried pitifully. She was pushed in by Lin Hanxing’s men.

When they saw the man’s face clearly, Chairman Qian and his wife’s faces turned ugly!

“It sounds so pitiful ...”

Lin Hanxing’s eyes sparkled like stars as he looked at Chairman Qian nonchalantly. Naturally, he did not miss the ugly expression on Chairman Qian’s face.

“Don’t you feel the pain, Chairman Qian?”

“I don’t know what nonsense you’re talking about.”

then, 36 Fu Shui Street, Block 7, does it sound familiar? ”

As soon as Lin Hanxing said this, Chairman Qian's eyes flashed fiercely. He wanted to go forward and tear her apart.

"Spending 32 million to buy a luxurious mansion to hide a mistress, I really admire director Qian's generosity! Mrs. Qian, on the other hand, should be very familiar ..."

Chapter 142: Exposing your past

Mrs. Qian glared at the long-haired woman, her whole body trembling with anger.

She had long known that her husband had an affair.

Not every woman could be as lucky as Zhong Nanyin to be able to marry a man like Lei kangnian.

Mrs. Qian had already gotten over it.

However, this old man had actually extended his hand to her side.

His bag. She was clearly the daughter of a distant young lady.

She even had to call him little grandaunt!

Half a year ago, this little niece and daughter of hers had even come to stay at home for a period of time.

At that time, she even told her husband to keep an eye out and help her find a job!

Who would've thought that he would notice the bed!

"You B * tch, B * tch!"

Mrs. Qian rushed to the woman and slapped her in the face.

Lei Xiao's straight brows suddenly tightened, and he pressed Yuan Bao into his arms, his face facing his chest, and covered his ears.

.....

After all, Chairman Qian really felt sorry for his little lover. He wanted to stop his wife, but her long nails scratched his face. For a while, the large Ward was full of arguments.

As for the other members of the Qian family, they looked at each other, clearly not knowing what to do.

Lin Hanxing gave a look and the people behind her easily separated Chairman Qian's family.

"Don't be in such a hurry, you guys will have a fight later."

As he spoke, Lin Hanxing sneered and turned around to give his orders.

"Go and bring the other person in."

It was obvious that Lin Hanxing did not plan to let the Qian family off so easily.

Soon, her subordinates carried a sack that was writhing violently and returned.

With a loud bang, he was thrown to the ground.

Mrs. Qian suddenly had a bad feeling in her heart, and she raised her head to look in Lin Hanxing's direction.

He saw that she was also looking at him with a smile.

That smile, no matter how she looked at it, made her shudder.

The sack was untied, and a young man was suddenly poured out. His hands and feet were tied, and his mouth was stuffed with a thick towel.

Mrs. Qian's pupils suddenly contracted.

"Mrs. Qian's speed of action is no less than that of Chairman Qian!"

These wealthy families with great businesses looked bright and beautiful on the surface, but they were filthy on the inside.

The young man was handsome and looked like he had just graduated. Even though he was tied up like this, he didn't look ugly.

Lin Hanxing took a few rolls of paper from his subordinate and threw them to Chairman Qian.

"Look at the amount of dog food money your wife has spent on raising the little wolfdog."

The couple did not interfere with each other's business. Although they knew each other's intentions, they were still angry and embarrassed when Lin Hanxing pulled out the veil so bluntly.

Especially in front of so many people!

Chairman Qian did not look at it, but his eyes narrowed dangerously. It was obvious that he hated Lin Hanxing.

Lin Hanxing was completely amused by his gaze.

"Chairman Qian, why can't you be patient? I've left a surprise in the account!"

Lin Hanxing reached out and pointed at the bill that was still lying on the ground, his eyes threatening.

Chairman Qian's chest was filled with anger. He felt an extremely oppressive gaze on his back. The hidden threat in it was too strong, so he had no choice but to do as the girl said.

He slowly bent down to pick up the bank statement.

Then, he took a deep breath and opened the paper. He lowered his head to read it.

However, the more he looked, the more his face turned ashen.

Mrs. Qian was flustered and uneasy, not knowing what her husband had seen.

All of a sudden, Chairman Qian raised his head. Mrs. Qian was shocked and took a step back subconsciously.

Just when she thought her husband would give her a tight slap ...

However, he saw the other party's gaze pass him and fall on his daughter-in-law!

Chapter 143: Really good at scheming

His gaze was as sharp as a knife, causing Dong Qian's daughter-in-law to shiver uncontrollably.

why is it that the money your mother-in-law transferred to him is transferred to your account every month? ”

Mrs. Qian was stunned at first, but then she immediately grabbed the receipt from her husband's hand and looked at it carefully.

The corners of Lin Hanxing's mouth curved up slightly, but his eyes were filled with extreme mockery and indifference.

With his elbows on the wooden chair's armrest and one hand supporting his chin, his simple movements gave people the feeling of a sovereign descending to the world.

Lei Xiao held Yuan Bao in his arms, but his eyes were fixed on Lin Hanxing.

He looked at her undisguised hostility, at her ridiculous comedy of wantonly exposing the world, but no one noticed the desolation in her eyes that was not in line with her age.

It was as if she really didn't care about anything.

Perhaps sensing Lei Xiao's gaze, Lin Hanxing lifted his head slightly. While the Qian family was still in a mess, he secretly winked at him.

This small action that only belonged to the two of them was not noticed by anyone.

In the next second, the Thunder valiant beast suddenly looked away.

He concealed the sudden surge of emotions in his heart.

From the beginning to the end, this was Lin Hanxing's main battlefield.

.....

She had successfully thrown the Qian family into chaos on her own.

Director Qian's daughter-in-law's Red lips trembled, and she couldn't say anything for a long time.

“The reason is simple. Mrs. Qian will take care of it. The little wolfdog that I'm raising already knows her.”

As soon as Lin Hanxing finished speaking, everyone's eyes fell on her as if they were waiting for something.

“In fact, there's an unusual relationship between them!”

Wuwu ... the man whose mouth was covered began to struggle violently, fear flashing in his eyes.

Lin Hanxing allowed him to struggle as he looked down at him.

It made it hard for one to breathe.

“If I’m not wrong, Mrs. Qian, it was your daughter-in-law who first brought this wolfdog to you, right?”

Mrs. Qian’s face was like a running horse lamp, changing colors from time to time.

Although she did not answer, her expression was enough to show that Lin Hanxing was right.

The little wolfdog had a very sweet mouth, and he had coaxed her into submission not long after they met.

In addition, he had a big tool. Well, she had tasted many things that she had never experienced from her husband on the little wolfdog.

Therefore, Mrs. Qian had never treated him badly in terms of money.

However, it was only today that she found out through other people’s mouths that it was very likely that she had been fooled. How could she accept this?

actually, the two of them should be in a relationship of first love. Even though the woman married into the Qian family because of a business marriage, the two of them still maintained a relationship for so many years.

What Lin Hanxing loved the most was the funny faces of these people when the truth was revealed.

Since the Qian family had the guts to scheme against little Yuan Bao, she would not show them any mercy.

a year ago, the little wolfdog got into the bad habit of gambling and gambled 3.5 million Yuan in a casino in Macau overnight. This money was paid by your daughter-in-law using the huge Education Savings fund bought in the name of young master Qian!

“Shut up! Shut up!” Dong Qian’s wife’s eyes were filled with panic.

How did she know about these things?

Why did she know everything as if she was in the right place?

“Now, Mrs. Qian, do you know why the little wolfdog appeared in front of you?”

Lin Hanxing spoke softly, but to the Qian family, it was like a loud slap to their faces.

The members of the Qian family who had come to help were all dumbfounded as they stood on the spot, dumbfounded by what had happened.

“As the saying goes, the Mantis stalks the cicada, unaware of the Oriole behind. Everyone thinks that they’ve done it flawlessly, but who has ever thought of the principle that when things go too far, traces will be left behind? As for you, Chairman Qian ...”

Chapter 144: The mighty big aunt

Lin Hanxing's sharp and intelligent eyes cut through Chairman Qian's attempt to keep calm.

He believed that he had been through a lot to be able to become the chairman of the Qian group.

He had once thought that among the younger generation, only the Thunder valiant beast was worthy of fear, but now he realized that he was wrong!

The arrogant and unbridled little girl in front of him was the one who really made people feel fear from the bottom of their hearts.

Chairman Qian didn't even know her background.

you can instigate your grandson to do such a thing just by Pillow Talk from others. If Lei Xiao doesn't destroy the Qian family, he will be letting down your painstaking efforts! If Lin Hanxing's voice a second ago could still be considered soft and gentle ...

But now, his deliberately lowered voice gave people an infinite sense of threat!

Hearing his own name, a trace of a smile flashed across Lei min's eyes.

She finally remembered him?

"You're talking nonsense!"

Now that things had developed to this point, Chairman Qian had no time to think about anything else.

The Lei Corporation had already dealt a heavy blow to the Qian family without even using any tricks. If Lei Xiao were to really fight seriously, the Qian family would probably be completely wiped out from Rivertown.

Therefore, he could only grit his teeth and refuse to admit it. He absolutely could not admit it!

.....

Lin Hanxing did not raise any doubts about Chairman Qian's denial. Instead, he got up and walked to his little lover's side.

"Repeat what you've said."

The champagne root of a five-inch high-heeled shoe was placed beside his little lover's finger. It was unknown if it was intentional or not.

The little lover looked at Chairman Qian with an innocent face.

The latter's eyes were filled with warning, as if to remind her not to speak nonsense.

ah ... however, in the next second, Lin Hanxing smiled and his heel 'unintentionally' ran over his little lover's slender fingers.

The shrieks were too sudden, and many people who were unprepared trembled in fear.

"I'll talk, I'll talk. He said that the Lei Corporation was going to destroy their company ..."

The little lover sucked in a breath of cold air in pain as she blurted out the words.

The more he heard, the colder his expression became. His deep eyes seemed to be gradually frozen, extremely cold.

“What a load of nonsense!”

Even though his little lover had taken all the credit, Chairman Qian still adhered to the policy of never admitting to anything until the end.

My father-in-law is trying to use this incident to negotiate with young master Lei.

Suddenly, a familiar voice came from the phone in Lin Hanxing’s hand.

Qianqian, my mother-in-law was bewitched to set up a trap for Madam Lei. I don’t know who leaked the news, but the Lei Corporation cut off all the connections of the Qian Corporation. It’s obvious that they’re trying to force us to our deaths.

Yingluo’s nephew is in the same class as my son ...

Dong Qian’s wife’s face turned pale. She had never thought that her words would be recorded!

“By the way, I’m the one who’s worried about nothing.”

Lin Hanxing looked at the pale face of Chairman Qian’s daughter-in-law and replied with a chuckle.

She walked unhurriedly towards Lei Xiao, and Yuan Bao, who was originally lying in his arms, was now looking at her with a pair of bright eyes.

First aunt was mighty and domineering!

Long live first aunt!

The adoration in Yuan Bao’s eyes was undisguisable. He opened his chubby arms and asked for a hug, acting cute.

... Lin Hanxing would never admit that he was actually shocked by Yuan Bao’s cute appearance.

This little sheep dumpling was simply too cute!

He reached out and took Yuan Bao from Lei Xiao. Yuan Bao immediately wrapped his arms around Lin Hanxing’s neck and nestled in her arms.

I’ll wait for you in the car with Yuan Bao. I’ll leave the rest to you.

Lin Hanxing raised his head and met Lei Xiao’s eyes. The meaning in his eyes was obvious.

Kill this bunch of grandsons!

Don’t leave anyone alive!

Chapter 145: I really like you

Lin Hanxing’s men came and left quickly, without a sound.

She carried the guinea pig and got into the black Bugatti, waiting for the thunder valiant beast to come out.

Yuan Bao snuggled into Lin Hanxing's arms like a little puppy and let Lin Hanxing wipe his face with a wet tissue.

Lin Hanxing was very patient with the little sheep dumpling.

"Auntie, can you keep uncle company?"

Yuan Bao blinked, his eyelashes fluttering like a small fan. His big eyes were bright and full of hope.

If first aunt could always be by first uncle's side, then she could always protect him.

Lin Hanxing's hand stopped.

She couldn't explain to this little sheep dumpling that she wasn't actually his aunt.

"Were you scared just now?"

Lin Hanxing pinched Yuan Bao's chubby face and changed the topic without a trace.

Yuan Bao nodded his head adorably, but there was still a hint of sadness in his eyes.

No matter how smart and precocious he was, Yuan Bao was still a child. He could not deeply understand the infighting between adults.

.....

Yuan Bao, don't be afraid. I'll protect you!

Lin Hanxing tilted his head, imitating Yuan Bao's previous act of acting cute. There was no trace of his previous majestic appearance.

Yuan Bao looked at her in a daze.

Not long after, big drops of tears actually came out of her eyes.

Lin Hanxing was caught off guard and was so frightened that he panicked.

Wuwu, Auntie, Yuan Bao likes you so much!

However, before Lin Hanxing could do anything, Yuan Bao wrapped his short arms around her neck and started crying.

in the future, I'll leave all the good food for first aunt, like steaming lamb, Bear Paw, deer tail, roasted duck, roasted chicken, roasted goose, salted duck, chicken, and cured meat ... Sob ...

Lin Hanxing patted Yuan Bao's back stiffly, not bearing to interrupt him.

But she ...

Vegetarian ...

When Lei Xiao got into the car, he saw his stupid nephew who had just been wronged hugging Lin Hanxing and wailing.

When Lin Hanxing saw Lei Xiao get into the car, he immediately looked at him for help.

The little sheep ball's fighting strength was too strong when it cried, and she couldn't handle it.

"Yuan Dabao, if you're a man, shut up and wipe your tears."

The Thunder valiant beast's voice was low and carried its usual intimidating power.

... Lin Hanxing suddenly felt that asking him for help was a wrong decision.

"Burp, I didn't have a big Ji Ji, I'm not Wu Wu Wu ..."

In the next second, Lei min reached out and pinched his stupid nephew's mouth with an expressionless face.

... you two should shut your mouths together.

"You're injured?"

Suddenly, the Thunder valiant beast's voice was heard.

Lin Hanxing subconsciously looked at Yuan Bao in his arms.

She had checked carefully just now. How could the little sheep ball be injured?

"Yuan Bao, which part of you hurts?"

Yuan Bao shook his head adorably. He was not in pain anywhere.

"I'm talking about you!"

Lei Xiao reached out and grabbed Lin Hanxing's wrist. He lifted it up slightly, and a red mark appeared on it.

The wound wasn't deep and the blood had long dried up, but Lei Xiao's face still sank when he saw it.

"Maybe it's a diamond ring."

It seemed to have been left behind when she reached out to grab Chairman Qian's daughter-in-law's hair and she struggled.

Lin Hanxing did not mind.

For someone who had suffered injuries that were a hundred or a thousand times more serious than this, this was indeed nothing in his eyes.

Lei Xiao's palm was very warm, and he held her wrist without saying a word.

His eyes grew darker and darker.

Lin Hanxing's skin was very fair, and it was because of this that the red mark was even more striking.

"I'll be fine in a few days."

Lin Hanxing noticed that there was something wrong with Lei Xiao's gaze and tried to pull his wrist back.

However, to her surprise, Lei Xiao did not use brute force to stop her, but his eyes were still deep and quiet.

"Wait for me,"

Chapter 146: Does it hurt??

Having said that, Lei Xiao got out of the car.

Lin Hanxing was confused, but Yuan Bao held her arm and carefully breathed into her wound.

"First aunt, does it hurt?" Yuan Bao's Black eyes were filled with heartache.

Lin Hanxing was stunned.

There was an inexplicable emotion in his heart that was heating up and fermenting at an extremely fast speed.

Actually, it didn't hurt at all.

For some reason, when she met those clear and pure eyes, she didn't say it.

Instead, she wanted to tease him.

"Yes, it hurts. It hurts so much that I'm about to cry."

His voice was soft and gentle as Lin Hanxing reached out to rub Yuan Bao's head.

"Then what should we do?"

Yuan Bao was immediately flustered.

He kissed Lin Hanxing's wound.

.....

"First aunt, don't be in pain."

Lin Hanxing suddenly laughed.

Yuan Bao was stunned, as if he did not understand why she was smiling.

Yuan Bao is so amazing. It really doesn't hurt anymore after the kiss.

Before coming to Jiang city, Lin Hanxing might never have believed it ...

His cold heart would be shaken by the Lei family!

The Thunder valiant beast returned.

He was holding a paper bag in his hand.

“Yuan Bao, go to the back and sit.”

Lei Xiao said in a deep voice to Yuan Bao, who was still in Lin Hanxing’s arms.

Yuan Bao pouted and crawled to the back seat unwillingly.

“Stretch out your hand.” He opened the paper bag, which was filled with disinfectant.

“It’s really just a little small ...”

Before Lin Hanxing could finish her sentence, Lei Xiao’s gaze swept over her, causing her to swallow the second half of her sentence.

He reached out his hand obediently.

In Lin Hanxing’s eyes, Lei Xiao was acting just like when they first met.

As she thought about it, her gaze fell on his face.

At that moment, Lei Xiao was carefully holding Lin Hanxing’s arm and using a cotton swab dipped in disinfectant to help her wipe off the dried blood.

Obviously, he rarely did such a thing.

That was why she looked clumsy.

The slight pain from his wound did not make Lin Hanxing look away.

At first glance, the Thunder valiant beast’s appearance would only cause one to think of two words.

A heaven-sent darling!

The deep lines were like knife carvings, no matter from which angle, it was unforgettable.

This kind of man seemed to be destined to be a King from the moment he was born.

However, it was also such a man who was clumsily helping her deal with her minor injuries.

“Does it hurt?”

The Thunder valiant beast’s attention was focused on the wound, so it did not notice her gaze.

“I already said that it’s only a small injury.”

In Lin Hanxing’s eyes, as long as it was not a fatal injury, everything else was nothing.

The Thunder valiant beast paused.

He raised his head and glanced at her, his meaning unclear.

“You’re not afraid of leaving a scar?”

There was no change in his voice, but Lin Hanxing felt that the air pressure had dropped a lot.

She cleverly chose not to speak again.

The atmosphere in the car suddenly became strange.

However, Yuan Bao did not feel anything at all. His eyes were nervously staring at Lin Hanxing's hand.

uncle, be gentler. Aunt just told Yuan Bao that it's very painful. It's so painful that she's about to cry.

Hearing this, Lei Xiao looked at her again.

... Lin Hanxing finally knew what it meant to dig a hole for himself.

"I was just joking with Yuan Bao."

Seeing the air pressure drop again, Lin Hanxing quickly put on a smile.

Even though he heard Lin Hanxing's joke, Lei Xiao's movements still slowed down.

The car was filled with the faint smell of disinfectant.

His eyes were too serious.

It was as if the wound was the most important thing in his eyes.

He was so serious that Lin Hanxing tried to speak a few times, but he ended up dead.

Lin Hanxing ... Lei Xiao suddenly said.

"What?"

"Marry me."

Chapter 147 inexplicable!!

Lin Hanxing suddenly remembered a song from a song.

A sudden silence was the scariest thing.

The moment Thunder valiant finished his sentence, both of them stopped in their tracks!

Lin Hanxing only realized what he had just said after a while, and his eyes slowly widened.

He suddenly pulled back his wrist!

Lei Xiao, on the other hand, narrowed his eyes, hiding all the emotions in them.

His palm was empty, just like his heart.

How many years had it been?

Even the Thunder valiant beast had gotten used to his usual calm and decisive appearance.

Caught off guard, he was impulsive.

But it scared her.

However, Lei Xiao could not bring himself to tell Lin Hanxing about the heartache that he felt for her.
He understood the hidden meaning between her words.

.....

She was too used to getting injured, so she didn't care about these wounds.

How big was the cold star?

Looking at all the socialites of the same age as her in the wealthy families of Jiang city, which one of them had been through a bloody storm like her?

Lin Hanxing's mind was blank.

Was Lei Xiao proposing to her just now?

Was he crazy?

Isn't this plot development a little too strange?

"You're ... Joking?"

Lin Hanxing only found his voice after a while.

This was the best explanation she could think of for Lei Xiao.

Her hand had already found the door lock.

He was waiting for Thunder valiant beast's answer.

For a long time, Lei Xiao did not speak and only looked at Lin Hanxing.

His pupils were already as black as ink, and now they were even darker.

It was boundless, like an unreachable shore.

yes, I was joking. Are you scared? "

After a long time, Lei Xiao spoke.

The two of them fell silent again.

They clearly knew each other's intentions, but neither of them wanted to expose that layer of window paper.

Lin Hanxing's hand that was locked on the car door slowly moved down, and the diamond bracelet on his wrist made a faint cracking sound.

There was an indescribable feeling that was flowing rapidly in her heart.

Lei Xiao's reply made Lin Hanxing heave a sigh of relief.

However, other than heaving a sigh of relief, something else affected the calmness she was so proud of.

Thunder owl started the Bugatti without waiting for her to speak.

His deep eyes looked straight at the front windshield.

Yuan Bao, who was sitting in the back seat, first looked at Lin Hanxing, then at Lei Xiao.

Her big eyes, which had distinct black and white, were clearly filled with mischief.

Lin Hanxing looked out of the car window, but she did not notice the passing scenery.

The carriage was filled with the faint smell of disinfectant and Thunder Valiant's wooden scent.

Mixed together, it disturbed people's hearts.

The black Bugatti shuttled through the traffic and slowly drove in the opposite direction of Yujing garden, the old city of Jiang city.

It was obvious that Lin Hanxing did not notice this.

For almost half an hour, the two of them did not speak.

The more Lin Hanxing thought about it, the angrier he got!

What kind of person would propose at such a strange time and make such a strange move?

What kind of person would propose with disinfectant and cotton?

What kind of person would propose in such a concise manner?

This anger came out of nowhere, but it seemed to be getting more and more intense.

Lei min's face was expressionless as he clenched the steering wheel and made a right turn at the intersection in front.

"Thunder valiant beast ..."

Lin Hanxing suddenly called out his name.

In the next second, the sound of a car braking could be heard, and Lei Xiao parked the car in the parking space.

The words that were on the tip of Lin Hanxing's tongue suddenly stopped when he glanced out of the window!

As if she suspected that she had seen wrongly, she narrowed her beautiful eyes and looked at the sign hanging next to the door again!

It was only then that Lei Xiao's gaze returned to Lin Hanxing's face.

"What?" His deep voice was slightly hoarse, sexy and seductive.

Yuan Bao looked out of the window with his head tilted as he read the words out loud.

Jiang...City... Municipal Bureau ...

Chapter 148: buy buy buy

The shock that these words brought to Lin Hanxing was no less than the explosion of an atomic bomb on the street.

Seeing that she was looking at him for a long time without saying a word, Lei Xiao loosened his tie with one hand and stared at her without blinking.

Lin Hanxing had thought that he was already used to this man's overbearing and unreasonable behavior.

But who would have thought that Lei Xiao would be able to break her limits every time?

"What do you mean by that?"

Lin Hanxing's voice was tense, the cold and arrogant Queen she was in the ward was gone.

"I'm treating you to a marriage."

The next second, Lin Hanxing ran away in panic!

When she came back to her senses, she was already in the taxi.

"Young lady, where are you going?"

The taxi driver looked at her through the rearview mirror and could not help but ask.

Just now, he had sent the couple to the Civil Affairs Bureau to register their marriage. As soon as the car stopped, she rushed over to the car and told him to leave.

It was as if there was a man-eating beast behind them.

.....

"Uncle, let's go to ZZ ...&"

Suddenly, Lin Hanxing heard Yuan Bao's voice. He turned his head and saw that the little sheep was sitting beside him.

How did he follow me?

"First aunt, I suddenly realized something."

Yuan Bao cupped his cheeks with both hands, looking very obedient.

Lin Hanxing had not recovered from the shock and did not say a word.

"It seems like uncle likes you more!"

Ever since Yuan Bao could remember, he had never seen his ice-cold uncle act so impulsively!

Seeing that Lin Hanxing did not speak, Yuan Bao snorted and reached out his chubby little hand to hold her.

"Auntie, don't be fooled by uncle's cool appearance. He's actually a really good person!"

His uncle was the best uncle in the world.

Yuan Bao was only willing to part with her because she was his first aunt.

In Yuan Bao's memory, when his father was busy, it was his uncle who patiently accompanied him.

eldest uncle would donate a lot of money to people in need every year, and he'd received that thing for a few years ...

Yuan Bao was at a loss for words and could not remember how to say that word.

"Diamond bachelor dog!"

The taxi driver couldn't help but laugh.

Lin Hanxing lowered his head and looked at Yuan Bao. He was no longer as flustered as he was when he first got into the car.

How was she going to explain the matter between her and the Thunder valiant beast to Yuan Bao?

uncle Yan always said that eldest uncle might be alone for the rest of his life, but eldest uncle is clearly such a good person. Eldest aunt ... Can you respond to eldest uncle a little? "

Yuan Bao held her hand and shook it back and forth coquettishly.

"Even if it's just a little bit, just a little bit will do!"

He stretched out two chubby fingers and drew a small gap, his eyes filled with desire.

"I don't want uncle to be alone. I want you to accompany him ..." He said.

Lin Hanxing suddenly recalled his expression when he inadvertently looked at Lei Xiao when he was running away.

That pair of deep eyes flashed with a flash of loss and loneliness ...

.....

In the ZZ mall.

Yuan Bao sat obediently beside Lin Hanxing, eating the ice cream cone she had just bought for him.

Her big, round eyes peeked at the small phone in her pocket from time to time.

His phone had a GPS to prevent him from getting lost. Why hadn't his uncle found him yet?

Yuan Bao licked the ice cream absent-mindedly, and with a splat, he widened his eyes and did not dare to move.

The ice cream ball on the cone fell on her body.

"First aunt ..."

Sob, he hadn't had enough of his ice cream cone!

Lin Hanxing heard this and looked over. His dazed expression was finally replaced by a smile.

She couldn't be blamed for laughing, as the guinea pig was just too cute.

The entire ice cream ball had fallen onto his clothes, but he still didn't give up and continued licking it.

Lin Hanxing took a tissue and helped Yuan Bao clean up, but he could not wear his clothes anymore.

Yuan Bao, let's go. Let's go upstairs!

What should a woman do when she's in a bad mood?

Buy! Buy! Buy!

Chapter 149 pushing the cart!

Lin Hanxing held Yuan Bao's hand and went straight to the elevator to the children's clothing area.

It was as if there was a ball of fire in her heart that she had nowhere to vent. Only by spending money could she be happy.

It had to be said that this place covered all the major luxury goods at home and abroad, as well as the Lei family's own brands.

There's nothing you can't think of that can't be bought here.

Yuan Bao strode over with his short legs, obviously sensing Lin Hanxing's sudden desire to shop.

He was even more anxious for Lei Xiao.

Why isn't uncle here yet!

It's time to show off the power of a single diamond Dog!

The sales assistant who was in charge of welcoming her walked over, her expression was obviously nonchalant.

The first thing she saw was Yuan Bao.

Although the little guy looked cute, the clothes he was wearing were obviously of a brand she didn't recognize. Not to mention, there was a big pile of unknown dirt on his chest. She secretly pouted, her attitude neither cold nor warm.

What the sales assistant did not know was ...

Although Yuan Bao's clothes did not seem to be famous ...

.....

But every piece was specially tailored by a top children's wear designer from Italy!

The price of any one of them was equivalent to a few years' salary of the sales assistant here.

“Do you have a cart here?”

“Ha?” The sales assistant suddenly laughed out loud. Her laughter was mixed with unspeakable ridicule.

“This isn’t a supermarket, where are you going to get a cart?”

The staff had just finished speaking when she saw Lin Hanxing turn around to look at her.

Her beautiful eyes were filled with coldness.

Lin Hanxing didn’t say anything and just looked at the sales assistant. He didn’t even try to hide his strong aura.

“I ... I’ll go and find it immediately.”

The young shopping guide beside him quickly came over to take over, afraid that there would be some problems.

The sales assistant felt a chill run down her spine from that pair of eyes. It was as if her soul had been dominated by the other party, and she couldn’t help but shiver.

Lin Hanxing ignored her.

She would treat others the same way they treated her.

Not to mention that she was already past the age where she would get angry and irritable when she was treated lightly.

Sometimes, if you didn’t say anything, it would be easier for the other party to be afraid.

Soon, the young shopping guide pushed a cart for loading, similar to the supermarket kind.

Lin Hanxing took it from the saleswoman and started her crazy shopping spree.

The children’s clothing was thrown into the cart one by one as if it was free.

Lin Hanxing would occasionally ask the shop assistant how many colors the clothes were in her hands.

Usually, this was when she had a problem choosing the color of her clothes.

The young sales assistant didn’t dare to neglect this God of Fortune, so she quickly explained everything in detail!

The young sales assistant lowered her head and realized that Lin Hanxing’s high heels were of a high-end design.

The price of any pair of this series was equivalent to several months of her salary.

The speed at which Lin Hanxing bought things shocked Yuan Bao.

He originally thought that his uncle was already very rich when he bought things, but he didn’t expect his aunt to be so amazing!

When it was time to settle the bill, two shopping guides were transferred over to assist.

One was in charge of taking things out of the cart, one was in charge of scanning the code, and the other was in charge of packing the bags.

“Remember, put the Commission on her!”

Lin Hanxing pointed at the young sales assistant, as if he did not notice the ugly expression on the sales assistant’s face.

The young sales assistant was overjoyed. This Commission alone was tens of thousands.

The old shop assistant couldn’t help but regret his initial contempt. It was really like hitting a goose all day long, but being pecked blind by the goose!

After signing the bill, Lin Hanxing left his address and told the other party to be direct.

He also borrowed the cart.

From the beginning to the end, there was not a single word of nonsense.

He pushed the cart expressionlessly, like a valiant general, and continued to the next battlefield.

“This one’s not bad, wrap it up for me!”

The accident happened at Burberry children’s clothing store ...

Chapter 150: there’s no joy without being cheap

A pair of well-maintained hands reached over and took a piece of clothing from her cart.

Lin Hanxing raised his eyebrows and looked over.

“This is what first aunt chose!”

The little sheep, Yuan Bao, jumped up and down, trying to snatch the clothes back from the other party.

“Ya, who’s dirty kid? go away!”

Luo Mingwei, who was holding the children’s clothing in her hand, said in disgust when she saw the ice cream stain on Yuan Bao’s shirt.

He reached out and was about to push Yuan Bao aside.

Luo Mingwei was accompanying someone today.

They had wanted to play mahjong, but the other party said that he wanted to buy a child’s outfit for his younger sister’s grandson’s birthday.

When she arrived at the mall, the person first went downstairs to pick up the clothes she had ordered and asked her to come up first to choose.

ah ... the next second, Luo Mingwei felt as if her wrist was about to break. She was in excruciating pain!

Lin Hanxing's face was frosty, and his fair fingers were like sharp claws as he grabbed Luo Mingwei's hand that was trying to push Yuan Bao away!

"I dare you to touch him!"

His lazy tone contained an infinite threat.

Lin Hanxing's heart was already burning.

Shobbuy had just calmed down a little, but this Idiot's provocation revived her.

"What are you doing? Let go!"

Luo Mingwei's voice was soft and coy, with the charm of a woman.

At that moment, she was staring at Lin Hanxing.

At first glance, she was shocked by her appearance, and then a deep jealousy rose in her heart.

This woman was too devilish.

It was a face the size of a palm, but it seemed to have all the beauty in the world gathered together. It had been carefully carved and polished, and it was enough to make men unable to forget it from the first glance.

"Little B * tch, do you know who I am?"

Luo Mingwei shouted, but she did not notice Lin Hanxing rolling his eyes at her.

These women, other than calling people B * tches, can't they have something new?

They weren't annoyed, but she was.

"Oh, Who are you?"

Lin Hanxing said half-heartedly as he snatched the clothes back and handed them to Yuan Bao.

"Go, change."

Yuan Bao snorted at Luo Mingwei and ran toward the fitting room with his short legs.

"The current president of the Lin group, Lin qianlin, is my sister-in-law. If you don't let me go, I'll make you pay!"

Luo Mingwei was used to being arrogant, so her tone was particularly aggressive.

For a moment, the atmosphere in the store was tense. Even the sales assistant who wanted to be the peacemaker didn't dare to step forward, for fear of being affected.

Lin Hanxing did not speak for a long time, and Luo Mingwei thought that he was afraid.

He was feeling proud of himself.

"Hehe, so you really don't know who I am!"

Suddenly, Lin Hanxing laughed.

When he looked up and saw that it was Luo Mingwei, Lin Hanxing subconsciously thought that she was here to cause trouble.

But now, she was finally sure that Luo Mingwei didn't know who she was.

That's right, when Luo Mingwei returned to Jiangcheng, she hadn't returned to the Lin residence.

When Lin Hanxing returned to the Lin residence, Luo Mingwei was not there, so he missed her by a stroke of luck.

Luo Mingwei's heart skipped a beat when she heard this.

This woman's tone was even more arrogant than hers!

She couldn't help but regret her impatience.

It was definitely not a smart person to fight without knowing the other party's identity.

Lin Hanxing didn't know what kind of luck he had today. He hadn't stopped since morning.

On second thought, it didn't seem interesting.

Just as he was about to let go of Luo Mingwei, an even sharper voice came from not far away!

"Why are you here? What are you doing here? Let go of Mingwei!"

"....."

When he saw the other party's face clearly, even Lin Hanxing was a little uncertain about the direction of the plot.

Why was this person with Luo Mingwei?
