

Goodnight 1461

[Chapter 1461](#)

1461 The rain fell

“Today, I called my lawyer here for two things.”

When the lawyer sat down, Lin Hanxing raised his head again and looked at the yuan family members in front of him. He smiled faintly.

the first thing is that from today onwards, the yuan family’s Public Accounts will no longer bear the expenses of each branch ...

As Lin Hanxing spoke, the lawyer placed the four documents that he had prepared in advance on the table. He swallowed his saliva and was ready to run away, afraid that the yuan family would swallow him alive!

“What did you just say?”

Yuan Liu and Yuan Meiyun cried out in surprise.

From the past until now, all the yuan family’s expenses had been paid from the public Accounts, and the so-called Public Accounts were naturally borne by his eldest brother, Yuan shaojing.

After all, from their point of view, their big brother had no children, and he did not bring his wealth with him when he was born or when he died. In the end, he would still have to share it with them, and this sweet dream ...

That was until her uncle appointed Lin xiaojiu as the new successor of Yuan Corporation.

there’s a famous saying in China, ‘Blood Brothers should settle accounts clearly’. Yuan shaojing is indeed the richest man in country G, but this money didn’t just come out of nowhere.

Lin Hanxing’s voice was neither loud nor soft, but it was clearly heard by everyone.

“Big brother wouldn’t do this to us, you must be the one behind this! I’m going to call big brother now! Just you wait!”

Yuan Liu and Yuan Meiyun, who hadn’t reacted so emotionally even when they saw their brother getting beaten up in front of them, couldn’t help but take out their phones in a hurry to call Yuan shaojing.

okay, you call. Also, tell Yuan shaojing that you tried to trick your brother and sister-in-law into investing in your shell company because of your failed overseas investment.

This simple sentence exploded in front of everyone like thunder.

“What did you just say?”

Yuan San squinted his eyes and subconsciously recalled that his little sister had indeed been encouraging them to invest in a rare metal project abroad.

Lin Hanxing picked out one of the documents in front of him and threw it in front of him.

“See for yourself.”

She didn’t want to waste her breath explaining it to them, so she just let them understand it themselves.

Yuan San and Yuan si looked at each other and quickly grabbed the document in their hands to read it back and forth. The more they read, the uglier their faces became. Even the blue veins on their foreheads were rolling.

Lin Hanxing admired the change in their expressions.

To be honest, she had really thought that this group of people had a strong relationship, but in the face of money and benefits, it was not worth mentioning!

“We’re your real brothers!”

Yuan San suddenly turned his head and slapped Yuan Liu and Yuan Meiyun’s face.

The force was so great that the latter was instantly flipped to the ground!

At this time, Yuan San and the others were extremely lucky that they did not invest their money at that time due to the risk. Otherwise, they would have ended up with a result of losing everything!

“No, that’s impossible!”

Just as they were making a ruckus, Yuan si and Yuan Wu’s wives couldn’t care less about the pain and embarrassment they were in. They came over, trembling.

“How can this be? Why would she lie to us!”

Fourth Yuan’s wife’s face turned pale!

“Oh right, I forgot to tell you. Although you guys didn’t vote, your wife obviously did a lot of things behind your back!”

Lin Hanxing said pointedly.

When Yuan si saw his wife’s expression, which looked as if the sky had collapsed, what else could he not understand? his legs went soft at that moment, but he still had to force himself to stay awake!

“How much? How much did you invest?”

The Thunder-like voice had no effect on the woman, who was now in a daze.

Yuan si gritted his teeth and gave his wife a heavy slap on the face!

Yuan Si’s wife timidly stretched out four fingers.

40 million!

He had actually invested 40 million behind his back!

“Bitch!”

Yuan Si was so angry that his heart was about to explode!

Lin Hanxing sat to the side leisurely, leaving more space for them to play.

“What right do you have to criticize me!”

It was unknown if it was because he had been slapped, but Yuan Meiyun simply threw caution to the wind and raised her finger to point at Yuan Si’s nose and started scolding.

“Don’t think I don’t know about the dirty things between you and aunt Wu!”

If it was not for the inappropriate setting, Lin Hanxing would have whistled to show the excitement!

Before she could even say anything, he had already started to self-destruct!

“You’re talking nonsense!”

Yuan Si broke out in a cold sweat, while Yuan Wu, who was originally half-dead and leaning on the side, instantly widened his eyes when he heard this.

“I saw you two cuddling in the parking lot the other day!”

Sixth Yuan added fuel to the fire!

“Fourth brother, is it true?”

The blood on Yuan Wu’s face hadn’t even been wiped off, so no matter how he looked at it, it was a bit scary. Yuan Si took a few steps back and was just about to straighten his back ...

“It’s true,”

Lin Hanxing’s cold voice interjected and he threw another document out. The photo inside also fell to the ground because of this action!

“.....”

“.....”

“.....”

At this moment, Yuan Kang really wanted to facepalm. How long had she been preparing these things?

One after another.

Right now, he was starting to pity this group of Yuan family members. Of all people, they had to provoke Lin Xiaojiu ...

Thinking of this, Yuan Kang’s movements stopped.

His eyes swept over his mother.

In fact, Yuan Kang knew better than anyone else that Lin Xiaojiu could have chosen not to do what she did today. She was only doing it for him!

The lawyer held his briefcase and moved a large distance to the side. He couldn’t help but wipe the sweat from his forehead with a handkerchief.

If the city gate was on fire, he definitely didn't want to be the fish in the pond that got caught in the fire!

"Was the show good?"

Lin Hanxing raised his head and looked at Yuan yunrong. She had to thank her for 'taking the initiative' to find all these people, which saved her a lot of unnecessary trouble!

"You used me?"

Yuan yunrong's entire body was cold, and she only came back to her senses after a while.

"How can you say that I'm making use of you?"

Hearing this, Lin Hanxing really laughed, as if he was laughing at Yuan yunrong's naivety.

He turned his gaze to the group of people who were already fighting.

"It makes me look stupid."

Hearing this, Yuan yunrong's blood seemed to congeal and instantly rushed to her head!

"Get a bucket of water and wake them up!"

After a long time, Lin Hanxing raised his chin and ordered coldly.

Uncle hai went to do it himself. When he left and came back, he had a bucket full of water in his hand. Perhaps it was because he had added ice, but it made a crisp sound.

Lin Hanxing made a gesture with his hand and the bucket of water mixed with ice splashed onto the yuan family members who were fighting and losing their minds.

In an instant, everyone's movements stopped!

"Don't be in such a hurry to fight. I haven't finished speaking yet!"

Lin Hanxing said with a smile, one hand on his cheek.

"Although the yuan family's Duke account will no longer bear the expenses of the various branches, Mr. Yuan has still left a large sum of money with your third brother."

Yuan San glared at Lin Hanxing, she was spouting nonsense!

When did big brother leave him any money?

[Chapter 1462](#)

1462 Do you want to be someone like them?

"A large sum of money? how large is it?"

Yuan Liu and Yuan Meiyun seemed to have forgotten about the pain all over their bodies in an instant as they looked at their third brother with burning eyes. She really needed money, a huge amount of money!

"There are more than you can imagine!"

Lin Hanxing purposely lowered his voice as if he was hinting to her.

Soon, as expected, she saw something called greed on the faces in front of her!

“Don’t listen to her nonsense!”

Yuan San retorted subconsciously. At this moment, he clearly had not realized that Lin Hanxing had dug a big hole for him!

“Big brother really didn’t leave me any money!”

However, no matter how he tried to explain, his younger brother and sister, who seemed to be obedient in the past, seemed to have changed their minds, and their faces were filled with terrible suspicion.

“The clear transfer record is here. Yuan San, don’t you think it’s wrong for you to want to keep it for yourself?”

Lin Hanxing added fuel to the fire at the right time!

Lin xiaojiu, what are you trying to do? ”

Yuan San glared at her angrily, but when he saw Yuan Kang from the corner of his eye, he seemed to have come to a sudden realization.

“You’re doing all this just for this bastard?”

Yuan Kang, who was called a B * stard, had all his muscles tensed up. He pursed his thin lips and didn’t say anything.

“My son is not a B * stard!”

Yuan Kang’s mother, who had been cowering, suddenly opened her mouth. She seemed to have mustered up all her courage to speak, and even her eyes were full of life.

if it wasn’t for big brother’s kindness, do you think you and your mother would still be alive? ”

Yuan San sneered.

Yuan Kang was boiling with anger as he stood up.

“Yuan Kang, are you really not curious?”

Yuan San looked at him gloomily, his voice full of malice.

Uncle hai seemed to have realized what Lin Hanxing was going to say next. He wanted to take a step forward but was stopped by Lin Hanxing’s cold gaze!

“What are you curious about?”

“I’m curious. Why did the entire Yuan family treat you like a dog since you were young? Why does everyone look down on you? Why ... Why can anyone step on you?”

Yuan San closed in on Yuan Kang. His expression was like that of someone who had lost his mind after being provoked!

“Don’t you want to know who your father is?”

The uglier Yuan Kang’s expression was, the more proud Yuan san’s expression was.

Wanwan, do you know that Yuan Kang is ...

Say it! Why did you stop?

The conversation they had in the yuan group’s International Conference hall came back to Yuan Kang’s mind. He looked at Lin Hanxing subconsciously and met his cold eyes.

She knew it long ago!

The air seemed to be shrouded by dark clouds, and danger was hidden and surging silently.

“I can’t say! I can’t ... Say!”

With tears in her eyes, Yuan Kang’s mother waved her wrist to stop Yuan San from continuing.

“Who is it?”

Even if Yuan Kang wanted to walk on the path to the truth without looking back, the truth was that his entire body was filled with lead, and he was in a daze.

In the past, he had never thought that he would be hiding a big secret that would require him to face today’s situation!

“Your father is my second brother!”

Yuan San didn’t even look at the poor woman who was being protected by Yuan Kang. In his eyes, she was just like an ant.

“It’s impossible that you’ve never heard of his name, right?”

Yuan San laughed sarcastically.

Yuan Kang’s blood froze!

His father was ...

The yuan family’s second young master, Yuan Yuzhong?

The person who had schemed against the family property agency and lost his own life?

“How do you think you got here?”

Yuan San didn’t wait for Yuan Kang to snap out of his daze and spoke again with contempt.

“You’re just a product of my second brother’s drunken passion. He told me personally that when he’s tired of you, he’ll give you to ...”

Yuan San was enjoying the disgraceful expressions on Yuan Kang and his mother’s faces. He wanted them to remember that B * stars would always be B * stars, and would never be able to show themselves in public!

However, before he could finish his sentence and even retract the smug expression on his face, Lin Hanxing, who had quietly stood up, had already slapped him across the face.

The force was so great that Yuan San couldn't even control his own hands and feet and staggered towards a decorative pillar at the side. He covered his face and sat on the ground, looking at her in shock!

"You're crazy!"

Yuan yunrong cried out in shock as she watched half of her father's face swell up. Blood even seeped out from the corner of his mouth, and she didn't know where he had coughed it out.

Soon, Yuan San spat out a front tooth.

The other members of the yuan family did not even dare to breathe loudly when they saw Lin Hanxing's attitude.

If the 'five poisons' incident had not shown everyone how terrifying she was, then Lin Hanxing had truly left an indelible shadow in their hearts today!

Lin Hanxing didn't even bother to look at Yuan yunrong. A biting cold gradually spread from her bones, and wherever her eyes went, they were filled with a murderous aura.

"Since when do men need to slander women to increase their sense of superiority?"

She threw out this sentence coldly, and the people opposite were speechless for a long time.

"I want you to remember this slap clearly in your head!"

Lin Hanxing's face was as cold as ice, and even his voice was so cold that it was engraved in one's bones.

Yingluo, do you know why she's not willing to go with you?

Yuan Kang stared at Lin Hanxing's back in shock.

As expected, she had known about it!

It turned out that he, Yuan Kang, wasn't a distant relative of the yuan family at all. In fact, he was only a product of being forced to come here after drinking, and he wasn't even worthy of being mentioned in public!

Everyone knew!

Everyone was secretly laughing at him!

Lin xiaojiu ...

Yuan Kang suddenly asked.

Lin Hanxing turned to look in his direction, at the same time, he saw the pain and crazy struggle hidden under his deep eyes.

"You already knew!"

Yuan Kang's voice sounded a bit aggrieved.

"I ..."

"You what?"

Lin Hanxing asked calmly, his face expressionless, as if he was discussing the weather with Yuan Kang.

"You're the one who thinks you're embarrassing, and your mother is embarrassing?"

"....."

or do you think that you're no longer you now that you know your true identity? do you want to go to heaven? "

Lin Hanxing asked again.

"....."

Yuan Kang looked at Lin Hanxing with even more resentment and grievance!

Could he be given a minute to be compassionate?

"Yuan Kang, is it really important who you are?"

Lin Hanxing's voice was extremely calm, but it was like a bucket of ice water had been poured over Yuan Kang's head. Yuan Kang's eyes, which were originally filled with boiling blood, gradually turned from cloudy to clear.

That's right, was his background really that important?

Besides, what could he change even if he knew?

"Look at them ..."

Lin Hanxing tilted his head elegantly and looked in the direction of the yuan family. The corners of his mouth slowly curled up into a mocking smile.

even though they are born into a wealthy family, they are all sitting at the bottom of a well and don't think about improving themselves. They have even forgotten the most basic sense of shame!

"Do you want to become someone like them?"

[Chapter 1463](#)

1463 Think about the path you want to take

Wherever Lin Hanxing's gaze went, his aura was so strong that the yuan family took the initiative to avoid his gaze. They were so timid that they did not look like the richest family in Malaysia!

"Yuan Kang, think about the path you want to take, and then tell me the answer seriously!"

Lin Hanxing calmly sat down on a chair near the Lotus pond after he said that.

With one hand supporting his cheek, he was lazily waiting for Yuan Kang to think it through.

The breeze blew, bringing with it the fragrance of Lotus.

It blew away the smell of blood in the pavilion and ruffled her black silk embroidered dress, revealing her thin ankles, which were as white as her wrists.

Yuan yunrong's heart tightened.

In her eyes, Lin xiaojiu seemed to always be like this.

She took her time to arrange everything properly. As long as she wanted to, there was no one she couldn't bring into the game, and there was nothing she couldn't use!

The background behind the resources in her hands seemed to be just the tip of the iceberg. No one would ever know where her trump card was!

She was just a woman like her, so why was she able to stir up chaos in the city without making a sound?

if you want to stay in the yuan family, with the shares and dividends that I've helped you get today, you and your mother can live a good life.

Lin Hanxing's gaze fell on the Lotus pond as he spoke indifferently.

She had always been a woman of her word.

Since she dared to ask for it, it meant that she was 100% confident that she could complete it.

As soon as she said this, Yuan San and the others who had attended the board meeting today were stunned!

After connecting the cause and effect, they felt a chill down their spine!

From the moment she helped Yuan Kang get the shares ...

No!

It should be said that Lin Hanxing had been preparing for this since a long time ago, but no one could find any trace of it in her seemingly random actions!

Unknowingly, she had already carried the entire game on her own!

"Will my identity cause you any trouble?"

After a while, Yuan Kang finally found his voice.

Even though it had become hoarse in a short time.

Hearing this question, Lin Hanxing turned to look at him silently with a subtle expression.

"....."

Don't think that I can't see that you're looking down on me with your eyes!

Yuan Kang was so angry that he became a bit dumbfounded!

"You're right, who I am is not important at all!"

All the darkness that had shrouded his heart disappeared with one look from Lin Hanxing. It was as if he had never almost fallen.

“What’s important is what kind of person I can become!”

In the past few years, even if he didn’t know who his biological father was, he had still been living well.

Especially after he met Lin Hanxing, he began to live the life he had always dreamed of ...

A life of value!

This was how he should be!

From the beginning to the end, Lin Hanxing’s expression did not change at all, but the temperature in his eyes had clearly changed. It was the kind of change that went from cold to hot.

“So, are you going to bring your mother back to the Li family with me?”

Lin Hanxing raised his eyebrows, and even the expression on his face changed a little.

“Yes!”

If it wasn’t for what had happened today, Yuan Kang would never have known that he would rather see the Li family as his home than the yuan family.

Whether it was Lei Xiao, who was only gentle when he was with Lin Hanxing, or Yan beixiao, Liang yuran, Bai Xi, Jiang Xibao, and so on, he had long regarded these people as his friends without realizing it!

That was why she felt so sad when she found out that Lin Hanxing had already found out about her past!

Even if ...

Yuan Kang was still unwilling to admit it.

He wanted to go back!

He still wanted to fight Johor with Lin Hanxing!

Not only that, but he would also stand by her side firmly in the future and accompany them to the capital!

Thinking of this, Yuan Kang’s eyes were burning with fighting spirit again!

“If that’s the case, then we should solve the second matter.”

Lin Hanxing smiled.

He pulled the topic back to the main storyline!

The second ... Thing?

Yingluo, I called the lawyer here today for two things!

If Lin Hanxing had not mentioned it, the yuan family, who had lost all their dignity, would have forgotten what Lin Hanxing had said earlier!

The first incident had already tormented them so badly. What would the second incident be?

although Yuan Kang is Yuan er's child, Yuan shaojing has never made things difficult for him in terms of food, clothing, accommodation, and transportation all these years. What Yuan susu has, he should also have!

Lin Hanxing fiddled with his fingers nonchalantly, but his voice was clearly heard by everyone present.

"Including the living expenses for all these years!"

The moment she said this, Yuan San, who was covering his swollen face, suddenly felt his heart skip a beat. He seemed to have understood what she was trying to say!

Lin Hanxing was right, big brother had always been fair to these children. What Cheng Lingyun's daughter Yuan susu had, every child had the same amount.

Including Yuan Kang.

However, it was also because of his special identity that his elder brother usually turned a blind eye to these things. That was why he had never given the things that should be in the hands of the mother and son to them!

All these years, this had already become an unspoken tacit rule in the yuan family!

Yuan San raised his head angrily as if he wanted to defend himself. However, when he met Lin Hanxing's deep and beautiful eyes, he felt an indescribable chill in his heart!

Although the yuan family's Duke account will no longer bear the expenses of each household, Mr Yuan has still left a large sum of money with your third brother!

Yingluo's transfer was clearly recorded here. Yuan San, don't you think it's too much for you to want to keep it for yourself?

For some reason, Yuan Sanlian thought of the two sentences Lin Hanxing had said before!

She ...

Was she trying to force him to spit out all the money that he had taken all these years?

And he even let it out in one breath?

How could she, Lin xiaojiu, be so ruthless at such a young age?

"You've misunderstood."

Suddenly, Lin Hanxing looked at Yuan San and spoke, as if he could see through the man's thoughts with one look.

It was direct and straightforward.

"I'm not trying to make you spit out all the money you've hogged all these years."

Lin Hanxing said this calmly as if he wanted everyone in the yuan family to hear him clearly.

Yuan San was about to heave a sigh of relief, but Lin Hanxing's next sentence made his heart jump back into his throat.

"Not only do I want you to spit out all the money that you've hoarded all these years, but I also want you to pay interest!"

Was she someone who would let others off so easily?

Even if a bird flew in front of her, she would pluck a feather from it, let alone the person she had targeted.

Wasn't the lesson learned from the second consort and the senanda family painful enough?

[Chapter 1464](#)

1464 I'm so angry, but I still have to keep smiling

Even after he left the yuan family's residence, Yuan Kang still felt like he was in a dream!

Before he came here, he was just a small character who was not well-liked in the yuan family and could be stepped on by anyone. But now ...

Not only did he officially own the shares of Yuan's group, but he also took back all the money that Yuan San had embezzled over the past few decades.

Recalling the expression on Yuan san's face after Lin xiaojiu had finished speaking, Yuan Kang almost burst out laughing!

"Are you happy now?"

Lin Hanxing had finished talking to his men and was walking over when he saw his stupid look!

Seeing her, Yuan Kang was a little embarrassed.

He knew better than anyone else that everything that happened today was all because she was helping him build up momentum!

uncle hai, you'll stay with the lawyer to clean up the mess. Send him the account number. The money will be in his account within 72 hours.

Lin Hanxing thought that he was embarrassed to ask about the money.

"....."

After a while, Yuan Kang made a sound of agreement.

"Is there anything else?"

Lin Hanxing saw that he was still blocking her way and had no intention of moving away, so he patiently raised his eyebrows.

"This ... Is for you!"

Yuan Kang stretched out his hand and held an exquisitely carved silver bangle in his hand for a long time.

The bracelet was obviously old.

Because she didn't take good care of it, it was already a little dark.

Lin Hanxing recognized the silver bangle as the one Yuan Kang's mother had worn before. It was the only decent thing she had on her.

"I know that this might be a little cheap for you, but if you don't want it ..."

As he said this, Yuan Kang turned his head to the side.

Any random item on her was worth a city, so he was already prepared for Lin Hanxing's rejection.

However, he didn't know how to explain it to his mother tactfully, which gave him a headache.

"Help me thank your mother."

Before Yuan Kang could finish, Lin Hanxing had already reached out to take it.

"....."

Yuan Kang looked at the woman in front of him in a daze. He had a feeling that she was possessed by a demon. Otherwise, how could she suddenly become so easy to talk to?

Lin Hanxing suppressed the urge to kill him and pretended not to understand Yuan Kang's expression.

In her heart, she was wondering if her temper had been too good recently, so much so that they had forgotten what fear was!

He really missed the reserved and sincere attitude they had when they first met ...

"I still have things to do, so I'll get someone to send you and your mother back to Li Garden first."

Lin Hanxing suddenly decided to look for Lei Xiao.

"Lin Hanxing ..."

Just as she was about to turn around, Yuan Kang called out to her again.

Lin Hanxing turned around.

"Thank you," she said.

He finally expressed his gratitude awkwardly.

He smiled shyly like a teenager.

Lin Hanxing's eyes and ears were full of beauty.

"You're welcome,"

.....

The Lei corporation's G country branch.

Because of his sudden decision, Lin Hanxing did not bring his access card with him. He had no choice but to Park his car in the underground parking lot and give Lei Xiao a call.

Coincidentally, Lei Xiao was about to go to a meeting. If this call had been half a minute later, he would not have picked it up.

Lei min ordered someone to place the spare access card at the front desk so that she could retrieve it as soon as she came.

Lin Hanxing hung up the phone and got out of the car.

"I don't believe that this young master Lei is so difficult to deal with!"

Suddenly, a slightly mocking and charming female voice sounded nearby.

Lin Hanxing stopped in his tracks almost at the same time!

"If a woman like me can't even get hard by his mouth, hehe ..."

Lin Hanxing looked in the direction of the voice ...

Two sexily dressed women were chatting as they touched up their makeup.

She had a vague impression of one of them. She seemed to be a female celebrity with a little fame in country G. The person standing next to her should be her assistant.

I heard that today's the day of the Lei corporation's makeup brand spokesperson selection. That old geezer from the Qi Corporation even sent his daughter over. How shameless!

Lin Hanxing perked up his ears.

She had heard from ah Xiao before that the National branch was going to choose a representative for the group's cosmetics brand image, but she didn't expect to run into it today.

"Isn't she afraid that tigress Lin will eat her up?"

"....."

A tigress ...

Was he talking about ... Her?

Lin Hanxing stood in the corner, his face in the dark, but the air pressure around him was getting lower and lower.

"Ha ha ..."

The woman who had been talking non-stop just now suddenly sneezed.

"Why do I suddenly feel cold?"

"Did you catch a cold?"

The two of them talked as they walked over, occasionally teasing each other.

“.....”

I’m so angry, but I still have to keep smiling!

Lin Hanxing stood on the spot, the corners of his mouth slowly curved into a smile that was as bright as a summer flower ...

The air pressure instantly dropped to the lowest point!

A tigress!

Hehe!

Ha! Ha! Da!

.....

Half an hour later.

The front desk lady of the Lei corporation’s malai branch would look at the door from time to time. The access card was still with her, and no one had come to claim it.

Meanwhile, the president’s assistant office had already made a few calls to inquire.

“I’m sorry, may I ask ...”

Suddenly, a melodious voice was heard.

“What?”

The front desk lady looked up and almost couldn’t come back to her senses.

The cute girl standing in front of him was wearing a pink hoodie and white shorts, revealing her two thin long legs. Her slightly curly long hair was split into two strands and tied on both sides of her cheeks, making her fair and clear face the size of a palm even more prominent with the large-framed glasses.

Had the person with the access card arrived?

“Is today the selection for the image representative of our cosmetics brand?”

The cute girl smiled shyly, revealing her white teeth, which made people’s hearts flutter.

“Argh! Right! That’s right!”

It took the front desk lady a long time to find her voice, and she forced her eyes away from the beautiful girl in front of her.

However, he felt regret in his heart.

So he wasn’t here to get the card!

“Fill out a form from me, then wait in the lounge over there. It’ll officially start in about ten minutes.”

“Thank you,” he said.

The little girl took the form from the front desk and smiled sweetly.

“Ahwooh, how can she be so cute!!!”

After watching the little girl leave after filling out the form, the front desk couldn't help but send a cute Wolf-howling emoji in the group chat.

Front desk 001: There was a little rabbit dish today! But! Love!

In an instant, a hundred people responded to his call.

[legal department 7724: is the girl pretty?]

Finance department 5648, [how can you be second to bunnies?] So, it was a child-like face with huge breasts ...

Human Resources Department 2563-upstairs, shut up!

technical department 1562: upstairs, shut up +10086

front desk 001: ! huge! but! love!

front desk 001: ” if you don't believe me, you can see for yourself later. a pink hoodie with white shorts. there's even a pair of rabbit ears behind the hoodie!!! ”

just as he finished typing, the internal phone rang again!

the receptionist had a bitter expression on her face. she didn't need to pick up to know that it must be a call from the president's assistant office ...

.....

At this moment, the cute rabbit, who didn't know that she had been spread throughout the entire company, was walking unhurriedly towards the lounge, her little white shoes making a muffled sound as they stepped on the floor.

Under the frame of the decorative glass, a small mole was hidden at the corner of her eye, and it looked mischievous as she poked her head out.

As he pushed open the door of the lounge, a strong perfume smell greeted him.

[Chapter 1465](#)

1465 President Lei will be there in person

The eyes of all the women in the room fell on the pink figure!

The originally dark atmosphere was broken. Perhaps it was a sense of crisis, but the people inside began to secretly size up the last person who entered.

“Good ... Good day, everyone!”

Lin Hanxing pretended to be flustered as he reached out to push his glasses up. His fingers stretched out from the sleeves of his pink sweater, looking like the first scallion root in spring, white and tender.

He looked like a college student who had just graduated and had not seen much of the world. He was young and inexperienced.

Yet, her face was so attractive!

No one paid her any attention.

Lin Hanxing did not mind. His eyes quickly searched for the two women he had met in the parking lot!

An Jing took the form and sat in the corner, secretly observing the woman in the lounge who was touching up her makeup. Her long eyelashes hidden under the flat mirror frame were slightly furrowed.

Very quickly, she found it!

Ha! Ha! Da!

“Where did you graduate from?”

Suddenly, the girl sitting beside her turned to look at her and asked for information with a smile.

“Ah?”

Lin Hanxing’s mouth was slightly agape, and in the eyes of others, he looked like he was in a state of confusion.

“I graduated from Cambridge, what about you?”

The girl tilted her head with a smile and asked again, but there was an arrogance in her bones.

Lin Hanxing pursed his lips and smiled shyly, not saying anything.

Seeing that she was embarrassed, the girl did not make things difficult for her. She turned around and continued to chat with the others, but this time in French.

Yingying’s stupidity as someone who had never seen the world.

Lin Hanxing still did not say anything. He took out his phone from his pocket obediently and quietly.

At that moment, she did not know that Lei Xiao, who had just finished his meeting, did not see her in the president’s office. His face immediately turned cold and dark, like dark clouds.

He turned around and walked out. Country G’s assistant was about to submit the report and mention the selection of the spokesperson for one mouth group’s cosmetics brand when he saw the president walking towards him with a gloomy face. He was so scared that his legs turned to jelly.

“No one has come to my office?”

Lei Xiao’s voice was low, showing the authority of a CEO.

“Um ... No!”

After the assistant finished speaking, dark clouds gathered over Lei Xiao’s side.

“Where’s the access card downstairs?”

He asked again.

“Madam hasn’t come to pick them up yet.”

The assistant quickly added.

Hanxing wouldn’t stand me up for no reason, so where did she go?

Lei Xiao didn’t speak, and the assistant didn’t dare to make a sound.

That was until he received a WeChat message on his private phone.

“Wife, guess where I am?”

Thunder valiant beast was speechless.

His expression changed from dark to gloomy in an instant, but the assistant felt as if he had just walked on the line between life and death, and he heaved a sigh of relief.

Thunder owl, “where?”

Wife, “looking at girls ...”

Thunder valiant beast was speechless.

Thunder owl, [only me]

Wife, [leeleeeleee.jpg]

“What’s going on downstairs?”

Suddenly, Lei Xiao asked his assistant.

“Ah? No... No activities? But today is the spokesperson selection for the cosmetics brands under the group ... There are many people waiting downstairs, but the Human Resources Department has to deal with it ...”

After the assistant finished speaking, Lei Xiao’s gaze finally stopped at the words ‘looking at girls’ on the phone screen.

“Inform the Human Resources Department that I will be there.”

“Okay ... Um ... Ah?”

The assistant, who had subconsciously replied, was currently experiencing a storm-like mental fluctuation. So, what the president had just said was ...

He was going to the interview personally?

.....

The Human Resources Department was in chaos because of the call from the assistant office. Even the selection of the spokesperson for the cosmetics brands under the group had been delayed.

The atmosphere in the waiting room started to become restless!

“What the hell are they doing?”

One of the women he had met in the parking lot couldn't help but complain. She got up and closed the door many times, which was annoying.

“Do you guys think Mr. Lei will come down personally?”

Someone said jokingly.

Lin Hanxing, who had been sitting in the corner, blinked under the mirror frame, but he quickly regained his calm.

As they were talking, the door of the lounge was pushed open from the outside.

“The interview is about to begin. Please follow me after you're ready.”

The HR staff in charge of today's interview walked in with a smile, as if he didn't notice the displeasure on some of their faces.

in addition, our President Lei will be personally present for today's interview.

With a boom, it was as if water had been poured into hot oil, and everything exploded.

The women who were originally unhappy all opened their bags in unison and started to touch up their makeup. In an instant, the entire resting room was filled with their fragrance.

It was because of this that Lin Hanxing, who was in the corner, was even more unusual.

The HR employee looked over ...

Oh, so this is the Super cute rabbit that the receptionist was talking about?

It was indeed very cute!

While the group of people were touching up their makeup, the staff member secretly took out his phone and took a photo of Lin Hanxing, then threw it into the group!

Human Resources Department 2560, [really cute!!!]

Human Resources Department 2560: " photo ".jpg

The group exploded at the same time.

The group of people inside began to wail.

[sales department 1456: the feeling of being moved] " a bird's heart moves ".jpg

[finance department 3422: keep her!] Make her stay! Make her stay!

[marketing department 2353: am I the only one who feels familiar?]

However, the last sentence was quickly drowned out by all kinds of emojis, and then went silent.

[Human Resources Department 2560: young master Lei will personally interview today!]

Another frag grenade exploded in the group chat.

It was unbelievable that young master Lei would personally come for the interview.

At the same time, in the interview Hall.

Because Lei Xiao was sitting in the middle, everyone held their breath and looked at the list of information in their hands.

The atmosphere was strange.

Among the senior executives who were interviewing, one of them had a strange expression on his face. He frequently wiped the cold sweat off his forehead with a handkerchief.

Initially, the Qi Corporation had already informed him that they were only waiting for him to go through the formalities and make him stay. He did not expect the president to suddenly appear and even say that he wanted to interview him personally.

This was simply asking for his life!

No one spoke.

Lei Xiao's expression was dark and cold as he looked at his phone from time to time.

Ever since he had replied to her with those two sentences, his wife had not replied to him with a single word, which made him very anxious.

"Still not starting?"

Lei Xiao's words were like an imperial edict. The supervisors, who had no idea how to start, came back to life and quickly called for people to bring in the interviewees in batches.

Lin Hanxing was in the last group.

He was in the same group as the two he met in the parking lot and the one who had just graduated from Cambridge.

"Qi, do you want to make a bet with me?"

Suddenly, the woman sitting on Lin Hanxing's left, who had been fiddling with her manicure with her head lowered, spoke up. She was not a celebrity they had met in the underground parking lot.

"You've lost for sure!"

The heiress of the Qi Group spoke slowly, her expression calm and composed.

She had long received internal news and knew that she would definitely be selected. Moreover, even without these, she believed that she would definitely be selected with her beauty and high education!

[Chapter 1466](#)

1466 I want Thunder valiant to remember me in a minute

Listening to the two of them betting as if there was no one else around, the faces of the other people who came for the interview obviously turned ugly. However, due to the status of the two, they suppressed their anger in the end.

The first group of interviewees went in very quickly.

As if she knew that they had no hope, the Qi family's heiress had an arrogant expression on her face. Her bored eyes looked around, and finally stopped on the pink figure.

She had obtained the information of everyone here through her internal connections, and it was also because of this that she had the confidence to say that everyone here today, except for her ...

There were no more suitable candidates!

Whether it was her family background, appearance, or education, Qi Zhenzhen was the cream of the crop. It was simply an insult to her to compare this group of amateur celebrities with her!

But ...

This soft and cute little rabbit in front of him was obviously not on the first round of the shortlisted list. Who was she? Who was her backer?

What Qi Zhenzhen did not know was that when the front desk lady first saw Lin Hanxing, she was instantly mesmerized by his cuteness. When she was sure that she was not here to get the access card, she subconsciously thought that she was one of the candidates for the endorsement of her cosmetics brand.

That was why Lin Hanxing had managed to sneak in!

Lin Hanxing's long eyelashes trembled slightly as if he sensed her gaze. He looked in Qi Zhenzhen's direction.

The two of them exchanged glances.

Qi Zhenzhen suddenly felt an inexplicable sense of danger!

This was a woman's intuition!

And she also believed in her intuition!

It was also because of this that Qi Zhenzhen's eyes suddenly became vigilant.

"You were not on the initial list."

As soon as Qi Zhenzhen finished speaking, everyone's eyes fell on Lin Hanxing in surprise.

They were either thinking or exploring.

"So what?"

Lin Hanxing's expression did not change. His brows hidden under the glasses were as exquisite as carved jade, and he did not seem nervous at all.

But it was even more incomprehensible.

As they were talking, the first batch of interviewers, who had been in for less than ten minutes, came out.

Some of them looked gloomy, some were in a daze, not to mention some of them were holding their red faces in a daze, obviously still in a daze from the interview.

“Did you see President Lei?”

“Isn’t young master Lei more handsome in real life than on TV?”

The others surrounded him and asked him questions, but the center of the topic was obviously about Lei Xiao.

so handsome! He’s really handsome!

The one who spoke was the one who walked out with his hand covering his red face.

As an A-list celebrity in country G, she had seen her fair share of big occasions. Not to mention, there were countless young and handsome trainees and teams in the company ...

Even so, after she entered and saw Thunder valiant beast, she still couldn’t forget that cold face of his. She couldn’t wait to become a sasaeng fan and chase after him!

Seeing her like this, everyone’s thoughts immediately began to wander!

“What a pity ...”

The female star sighed again.

It made people’s curiosity rise to their throats.

“What’s a pity?”

Even the heiress of the Qi family could not help but ask. She was obviously very curious about this question.

“It’s too cold!”

The female star shook her head.

She had never seen such a cold man. With a deep gaze, her heart was almost frozen into ice, let alone trying to flirt in front of him!

“Could it be that those rumors were true?”

Someone added.

It was rumored that the president of the Lei Corporation, Lei Xiao, was in a high position but kept his integrity. He had power but did not rely on it, and he had means but did not bully the innocent.

He respected women, but he would not give any woman other than his lover any chance.

Who wouldn’t want such a man?

Perhaps they were too eager to see Lei Xiao, the second batch of interviewees were ready very quickly.

He was eager to try.

When the second batch of interviewees went in, the outside returned to a brief silence.

Lin Hanxing looked at the women who had just touched up their makeup and picked up the powder box in their hands again, as if they wanted to drown Lei Xiao in this gentle fragrance.

She subconsciously reached out to touch her face ...

It's so hot outside, won't such thick makeup smudge?

Although she was interrupted just now, Qi Zhenzhen did not forget to look at Lin Hanxing. Naturally, she also saw Lin Hanxing's hand touching her face.

It was unlike the naked makeup effect that they had to desperately touch up. Her palm-sized face was white with a tinge of red, and one could imagine how it felt without touching it.

As the saying goes, the same sex repels each other. The more she looked at it, the more uncomfortable Qi Zhenzhen felt.

"I'm thirsty. You, give me my pear water!"

As Qi Zhenzhen was thinking about this, she suddenly heard the voice of the B * tch who had made a bet with her.

He was instantly delighted.

This was really like someone delivering a pillow when one was sleepy.

Lin Hanxing noticed the subtle change in his expression, but he pretended not to notice. His fingers casually fiddled with the hood rope of his sweater that hung in front of him.

"I'm talking to you!"

The female assistant stopped a female employee of the Lei Corporation.

He didn't care if the other party was willing or not.

The Lei family's female employee, who was passing by, stopped in her tracks. After hesitating for a moment, she kindly handed the pear juice in a thermos cup to the parking lot woman.

Qi Zhenzhen used the time to touch up her makeup to slowly stretch her leg forward ...

"Ah ..."

The staff member didn't pay attention to his feet at all, and he immediately staggered.

The open lid of the thermos flask was about to splash towards Lin Hanxing ...

.....

In the interview Hall.

Thunder owl's expression showed that a storm was brewing.

She was not his wife!

Why did he waste his time sitting here?

As he thought about it, the expression on his face instantly became even more terrifying!

“.....”

Why was the air-conditioning in the company so strong today?

Everyone in the interview Hall had the same thought in their hearts. They felt a chill running down their spine!

‘Help ...’

.....

Everyone looked at the pink color in shock.

What had just happened?

Their last memory was of the pear water that was about to be thrown at Lin Hanxing, but how did it get caught in the blink of an eye?

The female employee’s heart was beating wildly!

Oh my God!

No one knew better than her what had just happened!

Just when she thought that she was going to die, the pink rabbit, who was originally lying leisurely in the corner, suddenly grabbed the thermos with one hand and pulled her into his arms with the other!

That handsome action ...

“Are you alright?”

The staff member shook his head in a daze, and his face turned red almost reflexively!

Oh my God!

It was the cute rabbit that had just set off a heated discussion in the group!

It was really good ...

It was so tempting!

????????!!!

He really wanted to touch her ears ... Oh no, it was her face!

After Lin Hanxing steadied the Lei corporation’s female employee, he fixed the crooked glasses with one hand. The entire movement was done in one go!

His gaze fell on Qi Zhenzhen.

“Do you dare to bet with me?”

Lin Hanxing’s entire aura changed the moment he said that!

“Bet? What are we betting on?”

Qi Zhenzhen stuttered and subconsciously replied.

“I want Thunder valiant to remember me in one minute!”

[Chapter 1467](#)

1467 Ah ah ah, a young girl’s heart

What?

Upon hearing this, the crowd who had not recovered from the previous shock was immediately dumbfounded!

Was she crazy?

‘Make Thunder valiant remember me in one minute!’ He even dared to say such words?

Aren’t you afraid of shaking your tongue?

“Who Do You Think You Are?”

Qi Zhenzhen suddenly laughed. This joke was enough for her to laugh for an entire year!

Those people had just talked about young master Lei’s matter, and everyone had heard it clearly. Who exactly gave her the confidence to think that she could do what others could not?

“You even dared to bet with her, don’t tell me you don’t even have the courage to agree to my bet?”

Ignoring the mockery in her eyes, Lin Hanxing opened his mouth and made a ‘net’ for Qi Zhenzhen.

“Why wouldn’t I dare?”

The smile on Qi Zhenzhen’s face was even more exaggerated.

“I’m just afraid that you’ll be embarrassed! You’re treating my good intentions as ill intentions!”

The people around them also laughed!

Only the Lei family’s female employee, who was almost implicated just now, was so angry that she almost blurted out that she was the one who had stretched out her foot and tripped her.

However, before he could speak, the words were stuck at the corner of his mouth.

That was because the adorable rabbit had glanced at her from the crowd ...

That gaze ...

Calling for ...

The pressure was huge!

“I won’t trouble you to help me save my face, but your own ...”

His eyes, hidden under his glasses, seemed to have a unique aura that was released invisibly, causing people to look at Lin Hanxing!

“You should worry while you still have time!”

Lin Hanxing said this softly, but there was a sense of authority in his words that made people believe in him!

“Are you threatening me?”

Qi Zhenzhen’s eyes widened in disbelief. No one had ever dared to speak to her like that since she was young. Although the Qi family was not as big as the yuan family, they had an extremely good relationship with the royal family!

That was why no one dared to not give their family face in the past!

But now, this woman in front of her actually felt threatened?

“Good! If you want to bet, I’ll accompany you. But don’t regret it in the end!”

Qi Zhenzhen agreed through gritted teeth.

After hearing that Qi Zhenzhen had agreed to it, Lin Hanxing took his phone and sent out a message. He then turned his attention back to Qi Zhenzhen.

For a moment, it was so quiet outside the interview room that even the sound of a needle dropping on the ground could be heard clearly!

No one spoke, only their gazes fell on the two people.

On the other hand, the female celebrity that Lin Hanxing had met in the parking lot was suddenly in high spirits when she saw that there was a show to watch. She was just short of calling for someone to get some melon seeds, peanuts, soda, and so on!

Everyone was waiting to see what Lin Hanxing could do to make Lei Xiao remember her in less than a minute.

The next second ...

“Ah!”

A shrill scream suddenly rang out outside the interview room.

It was impossible to ignore the high octave tone!

“What’s going on outside?”

The high-ranked officials in the interview room were so agitated by this voice that they shuddered. If they didn’t have a strong will, they might have jumped up!

“I don’t know! Listening to that ... It can’t be a fight, right?”

As they were talking, no one noticed that the man, who had been covered in dark clouds a moment ago, was now in a clear sky.

There was finally news of his wife!

Wife,"I'm going out now!" [burning fighting spirit].jpg

Thunder valiant stood up abruptly.

His facial features, which were as cold as marble and unforgettable, were tense. He walked out of the interview room without saying a word.

The sound of the black leather shoes stepping on the floor seemed to be stepping on everyone's heart!

"You're crazy!"

At this time, Lin Hanxing, who was outside the door, was still in the position of pouring pear juice on Qi Zhenzhen's head. Obviously, the high-pitched scream just now ...

It was from Qi Zhenzhen!

"Since when can the employees of the Lei Corporation be bullied by anyone?"

The cold voice removed its pretense and even Lin Hanxing's expression returned to normal!

The name 'Lei Corporation' was not to be sullied by anyone!

And the employees of the Lei Corporation were not people who could be used as they pleased!

The Lei corporation's female employee, who had been holding back her anger, and the employee who had rushed in after hearing the scream, were stunned when they heard this. Then ...

His blood started to boil.

"What are you guys doing?"

The door of the interview room was pushed open from the inside, and a group of executives came out, and standing in the middle of the central position was the Lei Xiao that they had been thinking about!

For a moment, the hearts of the girls outside who had not yet entered for the interview stopped. The voices in their ears seemed to be far away, and only the man in their eyes existed!

Good ...

He's so handsome!

It was a completely different feeling from watching it on TV!

Even though the other party's face was cold and indifferent, as if his words would cause ice to fall off, his face alone was enough for people to lick him for an entire year!

No one noticed that at this moment, all of Thunder valiant beast's attention was on the pink color not far away!

Only God knew how long it had been since he last saw Hanxing dressed like this!

If President Lei had a tail behind him, everyone would be able to see his stupid look as he wagged his tail back and forth crazily!

Lin Hanxing threw the empty thermos cup on the ground with a blank expression.

With a thump, everyone trembled in fear!

So fierce!

But I really like it!

No one knew that the cold and ruthless in their eyes, the crazy OS in President Lei's heart, was flooding, just like no one noticed the 0.01 second that Lei Xiao and Lin Hanxing's eyes met in the air.

Lin Hanxing's lips suddenly curved up, he reached out and slowly took off the decorative glasses on the bridge of his nose. Then, under everyone's gaze, he walked towards Lei Xiao with an aggressive aura!

Before the others could realize what she was trying to do, their eyes had already received the image before their brains could. And this image was actually ...

The scene of Lin Hanxing standing on his tiptoes, yanking Lei Xiao's tie, and taking advantage of the time when he lowered his head to kiss him on his thin lips!

Hiss ...

Hiss ...

The sound of people sucking in cold air rose and fell around them.

Everyone was dumbfounded!

It was as if he couldn't believe what he was seeing!

CEO Lei was actually stolen by a cute pink rabbit! Kiss! It's over!

Furthermore, it was a kiss on the lips!

If they hadn't seen it with their own eyes, who would have believed that all of this had really happened in front of their eyes!

"....."

"....."

"....."

Lei Xiao took the initiative to bend down without a trace, afraid that his wife would spend too much effort kissing him!

He even opened his thin lips in a thoughtful manner, allowing her to enter and leave his place freely!

Aowuu!

Ah, ah, ah, ah, the young girl's heart was about to explode!

The Lei corporation's female employee covered her mouth with her hand. Just based on the adorable height difference between the two of them, her heartbeat was almost out of sync!

The other Lei family employees who witnessed this scene were also frozen in place!

Help me!

What kind of god-like development was this!

Their CEO had been forced to kiss her?

[Chapter 1468](#)

1468 Time to go home after playing

Qi Zhenzhen's eyes widened in shock. She didn't even care that she was still in a sorry state!

She could not believe her eyes!

Didn't the rumors say that Lei Xiao didn't get close to any women except for his own girlfriend?

Wasn't he a clean freak?

Then what are you waiting for? push her away!

He had humiliated her shamelessness in front of everyone!

Then, he would ask the security guards to throw this little B * tch out!

Let her know what's awesome!

All kinds of scenes that could embarrass that woman were simulated in Qi Zhenzhen's mind thousands of times, but no matter which one it was, it did not happen in reality!

Furthermore ...

Qi Zhenzhen looked at Lei Xiao ...

Did he even realize that he was being forcefully kissed?

When she came out of the interview room, she was covered in ice and snow, but now, she couldn't hide the feeling of spring. Was it an illusion after she went blind?

Lin Hanxing slowly left Lei Xiao's lips.

The Thunder valiant beast's pupils suddenly became even more intimidating, and it looked dangerous in the eyes of others!

It's here, it's here!

Qi Zhenzhen's eyes lit up. She felt that the scene she had been waiting for was finally coming!

He wanted to teach this arrogant woman a harsh lesson and let her know how powerful she was!

Obviously, many women at the scene had the same thoughts. Their eyes were filled with eagerness and they couldn't help but wait!

At that moment, Lin Hanxing pulled the distance between them apart. Just as she was about to speak, Lei Xiao was one step ahead of her and made his move!

Her slender wrist was grabbed by a strong and powerful hand, and she easily regained the initiative.

Before Lin Hanxing could even react, the man had already wrapped his arms around her waist and brought her back into that cold and hard embrace ...

In the next second, Thunder Valiant's precise and powerful kiss descended once again, without the slightest care for the feelings of the people who had long been dumbfounded!

Holy shit!

Was she addicted to kissing?

Most of the people who had been waiting to watch the show felt as if they had been struck by lightning. It was as if fireworks had exploded in their heads, and they were so scared that they didn't even dare to breathe!

Lin Hanxing, who was caught off guard by her husband's actions, widened her eyes. Even she was shocked by him!

had he had enough?

lin hanxing blinked. although he was the one who started it, this man was even more ruthless when he threw a tantrum!

knowing that if he continued to kiss his wife, she would fly into a rage, lei xiao moved his lips away at the right time. his cold face brushed past his earlobe, and his breath exuded a deadly masculine charm.

??????.....

what happened to the ascetic president?

this was a walking male hormone!

the women around her wanted to push that pink away. they hated that they couldn't be braver just now. perhaps they would have been the one to throw themselves into her arms!

the more he thought about it, the more upset he felt.

envy!

Lin Hanxing secretly pushed Lei Xiao's chest, his heart almost couldn't take it.

She felt that she shouldn't flirt with him for no reason in the future, or she wouldn't even know how to hold it in until she died!

"Are you satisfied now?"

Lei Xiao opened his mouth to speak. His deep and hoarse voice was heart-wrenching, and he looked down at Lin Hanxing affectionately from his height of almost 1.9 meters.

“.....”

He was satisfied that his rhythm had been completely disrupted!

This was simply against the rules!

Lin Hanxing thought to herself, her porcelain white face blushed unconsciously.

Even without looking to the side, he could imagine what kind of expression the people around him were looking at them with.

Lin Hanxing was not overthinking.

The group of higher-ups almost fell to their knees with a plop. Everyone was dizzy. What had just happened was no less than a level nine Typhoon!

[Chapter 1469](#)

1469 If there's a next time, bear the consequences

Lin Hanxing originally thought that was it, but unexpectedly, Lei Xiao suddenly raised his hand and placed his large palm on her head, gently rubbing it.

“.....”

What was wrong with ah Xiao today?

Even her heart was beating wildly when she saw all the firepower!

And this move, which could be considered a critical hit to a young girl's heart, was done by Lei Xiao without any abruptness!

“It's time to go home!”

“.....”

“.....”

“.....”

What?

Lei Xiao's words were like a sudden storm, blowing everyone into a mess!

Go ... Go home?

Whose home were they going back to?

As he spoke, he patiently tidied Lin Hanxing's disheveled hair. From the beginning to the end, he looked like a good man who doted on his wife.

“Can you not ruin my show?”

Lin Hanxing's heart was beating rapidly, but she forced herself not to put her hand over her heart like a good-for-nothing. She had an unwilling expression on her face.

"....."

"....."

"....."

What was going on?

Wasn't it a show of some other scheming woman trying to fly up to the branch and become a Phoenix?

Why did it become a game in the blink of an eye?

There was a smile hidden in the depths of Lei Xiao's deep eyes, and even his tightly pursed lips had a happy arc that could be seen by the blind.

"Argh! That mole!"

Suddenly, someone in the crowd burst out.

Everyone was instantly pulled back to reality.

She was the rumored girlfriend of Lei Xiao, the one who had stirred up a storm in Xuelan, Lin xiaojiu, and the source of the Li family's sixteen-word proverb ...

She had such a mole!

However, even though everyone present had seen Lin xiaojiu's true appearance on television, no one could immediately associate her with the cute pink rabbit in front of them.

The Lei corporation's executive was speechless.

So, the girl in front of them, who they had originally thought was young and unlearned, learning to climb up the social ladder, was the heir of Yuan group that had been handpicked by Yuan shaojing?

Their lady boss?

Wasn't this psychological gap a little too big?

"President Lei, shouldn't you explain it to us?"

Qi Zhenzhen finally found her voice, and her angry words made people not know whether to laugh or cry.

"Explain what?"

There was no warmth in the Thunder valiant beast's eyes.

Just like his voice.

It was as if a basin of cold water had been poured on her head, and Qi Zhenzhen's face turned green and red!

“Does that mean you can do whatever you want with President Lei’s woman?”

She couldn’t help but raise her voice.

He was like a bird that had gone off-key.

“Sure.”

“.....”

“.....”

“.....”

President Lei’s answer was really ... Simple and clear!

Lin Hanxing almost laughed out loud. If the Lei family was the second most annoying person in the world, no one would dare to claim to be the first!

“You ... You guys ...”

Qi Zhenzhen felt as if her entire world view was being subverted!

Compared to the flustered and exasperated Qi Zhenzhen, the Lei corporation’s employees ‘sense of honor was doubled, especially the female employee who almost tripped just now. She looked at Lin Hanxing with Starry Eyes.

She knew better than anyone why the lady boss had taught that woman a lesson!

It was also because of this that they straightened their backs and were ready to throw the crazy woman out at any moment! Qi Zhenzhen’s eyes widened in shock. She didn’t even care that she was still in a sorry state!

“What do we do?”

Lin Hanxing, who had taken off her decorative glasses, regained her usual aura. Even though she was still wearing the same set of clothes, the impact she gave people was completely different!

Especially that pair of eyes that contained a strong aura, even more so!

“Do you feel wronged?”

Lin Hanxing could not stand it when people felt wronged after doing something bad.

miss Qi, bear the consequences of your actions. Don’t you know why I’m targeting you? ”

She raised her eyebrows with an indescribable teasing tone.

Thinking of what she had just done, Qi Zhenzhen naturally felt guilty. However, her guilty conscience did not mean that she really thought that she was wrong.

“What did I do? Don’t even think about throwing a bucket of dirty water on me and slandering me!”

Qi Zhenzhen was stubborn.

When Lei Xiao heard this, the surrounding air pressure suddenly lowered by a few degrees, making people feel a chill on their backs.

“What do you have that’s worth her slandering you for?”

His simple and direct words did not leave Qi Zhenzhen any face.

Not to mention that pair of cold eyes was still looking at her with a dark and sorrowful look!

Now, the others could finally see it ...

The rumors about the president of the Lei Corporation were not false at all!

Other than the one at the top of his heart, the other women were not even as good as dead things in his eyes. However ...

The other women present glanced at Lin Hanxing and could not help but sigh.

Not to mention other things ...

With this face alone, they were willing to admit defeat!

“I can testify that she wanted to trip me just now so that the pear juice in my hand would splash on the lady boss!” The female employee who had been caught by Lin Hanxing earlier said indignantly.

She, who had just been promoted to the boss’s wife, would not allow anyone to slander her!

“You’re talking nonsense! I didn’t!”

Qi Zhenzhen would never admit her bad intentions just now!

Lin Hanxing was too lazy to say anything else, he just smiled and pointed at the surveillance camera in the corner.

“.....”

Qi Zhenzhen’s eyes flickered violently.

The Lei Group Executive, who had received bribes from the Qi family, felt his heart skip a beat. He almost knelt down in front of the Qi family!

Of all the people he could provoke, why did he provoke the lady boss?

“So ... So what if I did it? At most, he would just compensate her with some money! But you ruined my clothes and ...”

Qi Zhenzhen did not feel that she had done anything overboard. Her tone of voice sounded very wrong in the ears of others.

Lin Hanxing just looked at Qi Zhenzhen coldly.

After a moment, he turned around and whispered something into Lei Xiao’s ear. The latter nodded and Lin Hanxing quickly walked towards Qi Zhenzhen.

Then, there was a loud slap.

It was clear and loud!

“.....”

“.....”

“.....”

Was it that simple and crude?

“You hit me?”

Qi Zhenzhen covered her face in disbelief.

“Everyone saw it, what else do you have to doubt?”

Lin Hanxing’s voice sounded as sarcastic as it could be, and he did not even bother to modify it. It was obvious that he did not take the other party seriously.

“You ...”

For Qi Zhenzhen, the pain was far less than the embarrassment of being humiliated in public.

However, before she could finish her words, something hit her in the face!

Then, they dispersed!

Qi Zhenzhen was stunned for a moment. It took her a while to react. It was money that had been thrown at her face!

“Is that enough?”

Lin Hanxing said expressionlessly. His voice was bone-chilling.

Without waiting for Qi Zhenzhen to speak, another handful of money was thrown at her face, not giving her any time to react. It was as if she was determined to make the other party suffer.

“I’m asking you if you’ve had enough?”

Lin Hanxing shouted again, but it forced Qi Zhenzhen to cry.

you hurt an employee of the Lei Corporation, and you told me that the worst that could happen was just some money. Similarly, when I slapped you, it was just a matter of some money!

Wasn’t this the way to use logic?

Qi Zhenzhen felt her blood boil. Although she had long heard of Lin Hanxing’s power, it was a different thing to experience it for herself!

“If you want to throw money at people, you have to see if you have the ability!”

To compete with her in throwing money at people, hehe ...

She was her ancestor!

“Get the Qi family to pick her up.”

Lei Xiao’s deep voice was full of authority. As soon as he finished speaking, his gaze passed through the senior executives and landed on the person the Qi family had greeted.

His deep gaze was unavoidable, as if he could see through all the unbearable feelings in one’s heart!

The executives, who felt guilty, almost knelt down and called him daddy. They trembled like leaves in the autumn wind, and cold sweat poured down their foreheads.

President Lei must have found out about the little tricks he had been up to!

“Tell the Qi family ...”

The Thunder valiant beast’s bones were cold and ruthless.

“If there’s a next time, you’ll have to bear the consequences!”

There were some things he could turn a blind eye to, but once it involved Hanxing, the nature of it was completely different for him!

After saying that, Lei Xiao glanced at the head of security who was already waiting at the side. The latter hurriedly called for someone to take Qi Zhenzhen away, afraid that the president would be unhappy if they were late.

No one spoke.

Clearly, they had not recovered from what had just happened.

“There’s one more thing!”

Lin Hanxing followed Lei Xiao’s line of sight and looked at the supervisor. His eyes were not much warmer than Lei Xiao’s.

tell the Qi family that our employees were implicated today. If the Qi family is sincere, we’ll compensate them for the emotional damage, but if not ...

Lin Hanxing laughed coldly.

“.....”

“.....”

“.....”

Great aunt, please stop smiling like that. You’re so scared that your kidneys are going to be weak!

No one dared to think about the other meaning behind Lin Hanxing’s unfinished sentence. If there was no compensation for emotional damage, then miss Qi ...

After throwing those words, Lin Hanxing wanted to return to Lei Xiao’s side. However, when he passed by one of the areas, he stopped.

He turned his head and his gaze fell on the face of someone else.

Wasn't that the small star she met at the parking lot?

The latter was stunned at first. She clearly did not understand why Lin Hanxing would stop at her place and even look straight at her.

All the hair on his body stood up subconsciously.

The small star felt like she was a prey that had been targeted by a Hunter, and her entire body felt uncomfortable!

What ... What was going on?

Just as the little celebrity was scaring herself with her wild thoughts, she saw Lin Hanxing suddenly smile like a warm spring breeze.

Even the minor celebrity could not help but laugh awkwardly with her.

What did he mean by that?

"A Tiger has to be picky before eating people!"

Lin Hanxing said with a profound meaning and walked towards Lei Xiao again.

Only the confused Little Star was left standing in the same place.

It was ridiculous.

What Tiger?

What to choose ...

Just as she was thinking about it, the little celebrity suddenly opened her eyes wide and looked in Lin Hanxing's direction in horror ...

1470 Speak human language

On the way back.

Lin Hanxing sat in the passenger's seat and took off the hairbands on both sides, letting her slightly curly hair loose again.

"You scared me just now!"

Recalling the scene of Lei Xiao pulling her back into his embrace and kissing her heavily, Lin Hanxing couldn't help but feel his body heat up like a cooked shrimp, and his face turned red.

A red light lit up.

Lei Xiao controlled the steering wheel with one hand and looked at her sideways.

His suit jacket had been thrown to the back seat earlier, and his tie had been loosened after getting into the car. The collar of his unbuttoned black shirt revealed his sexy collarbones, and he exuded a unique charm.

"It's too cute, I can't help it."

At the same time, Lei Xiao fondled Lin Hanxing's small face lovingly.

"....."

Did this man eat Stride Gum today?

She couldn't stop flirting with him!

Not to mention the way he was looking at her now ...

Did it have to be so hot!

"Look at me again! If you look at me again, I'll eat you!"

Lin Hanxing mimicked the little tiger and spread her fingers, mouthing a "awoo" sign at Lei Xiao, but she did not know that in her husband's eyes, she was just a little kitten who was using her husband's power to intimidate others.

Moreover, Lin Hanxing was dressed so adorably today!

It was so adorable that his face was bleeding!

As they were talking, Lin Hanxing's stomach suddenly started growling.

"I'm hungry ..."

She immediately clutched her stomach and turned to look at Thunder owl pitifully.

Today, apart from the meal in the morning, he had been busy until now. No wonder his stomach was growling like an empty city!

Lei Xiao shook his head helplessly. Luckily, there was a Chaoshan Street near them. It was also the No. 1 food street recommended by various major travel apps, Xue Lan's journey!

He found a parking space nearby based on his memory.

As soon as the two of them got out of the car, they could smell the aroma of food filling the entire Street!

"There are many people here, don't get lost."

As he spoke, Lei Xiao's arm was already protecting Lin Hanxing possessively, separating her from the crowd of tourists.

His nearly 1.9-meter figure gave people an infinite sense of security.

Their outstanding appearance also attracted the attention of others.

"Where are you taking me?"

Taking the sugar cane juice that Lei Xiao had bought for her along the way, Lin Hanxing curiously watched as Lei Xiao led her through the small alleys. The tourists around them gradually dispersed and the environment became much quieter.

"It's a secret!"

Lei Xiao held her hand tightly, turned around and curled his thin lips.

That's too against the rules!

Lin Hanxing's heart thumped heavily when he saw the curve. He quickly took a sip of the sweet and cool sugar cane juice to calm his heart!

Soon, the sign of a tea room appeared in front of the two.

Lin Hanxing was slightly surprised.

This building was clearly the center of the entire Street with the best view.

"Mr. Ley."

The attendant at the door immediately became respectful when he saw Lei Xiao.

He led the two of them to the private room upstairs.

As soon as he pushed the door open, a faint fragrance wafted in, with a cooling effect that dispelled the heat outside.

"Bring some food up."

The waiter received the order and went downstairs after closing the door.

The silence in the room was returned to the two.

Lin Hanxing had already sat down by the floor-to-ceiling window, biting his straw and looking at the scenery outside. He was obviously very satisfied with the environment.

"I was just saying that my left eyelid has been twitching the whole day ..."

As soon as he finished speaking, the door of the private room was pushed open from the outside, and young master Yun Bai, who was dressed in casual clothes, walked in slowly.

The waiter behind him put down the plate and left quietly.

"Miss Lin, it's an honor to have your foot in this lowly place ..."

"Speak human language!"

Lin Hanxing looked at Yun Bai in disgust.

"....."

The two of them were really a couple, each one more capable than the other!

"I've found out what ray asked me to investigate. I know you two are here too, so let's hear it together!"

Yun Bai pursed her lips. It was too much of a coincidence.

Lei Xiao gave a low “hmm” as a response. Then, he stretched out his hand and placed the signature coconut rice with rich fragrance on Lin Hanxing’s plate.

“This Qin su might be hiding an even bigger secret!”

Yun Bai stopped laughing and her expression turned serious.

Hearing this, Lin Hanxing’s eyes turned cold and he lost his appetite.

“Continue!”

“According to the information I have, Qin su stayed at the long family’s house in Beijing when she was in China! As for the long family, I don’t need to tell you what kind of status they have!”

The long family!

The long family again!

“She’s from the long family?”

As far as Lei Xiao knew, the long family, and even among the long family’s relatives, none of them had the surname Qin.

“That’s not the case.”

“It seems to be some reason that can’t be announced to the public, or maybe it’s because the long family owes them a favor ...”

Yun Bai’s expression was subtle, obviously a little uncertain about this.

at that time, Qin su was at the long family’s house. She didn’t look like a guest or a servant. The long family was responsible for all her daily expenses, until ...

Yun Bai’s voice suddenly lowered, as if it was a sign that the main event was about to begin.

“One day, Qin su suddenly left the long family!”

“Leave?”

Lin Hanxing repeated, adjusting the volume slightly.

“Right, he left without even saying a word!”

when she reappeared, she had already been brought into the royal family by the second Princess Consort. She was arranged to be by Zhan Nanheng’s mother’s side and became the ‘aunt Qin’ that Zhan Nanheng spoke of!

The private room fell into a dead silence.

“You’re saying that Qin su was arranged to enter the royal family by the second Princess Consort while concealing her identity?”

Lin Hanxing was sensitive to this.

“That’s what the information on my side shows.”

All the information Yun Bai had given him was the original appearance of the investigation.

“No, it’s not the second Princess Consort!”

Lin Hanxing raised her head to look at Lei Xiao, her beautiful eyes filled with wisdom and calmness.

“It’s long qingru!”

It was long qingru who had arranged for Qin su to come to mother Zhan’s side, because she knew that her mother had already sent the half of the gold-encrusted Jade that hid the shocking secret to mother Zhan!

Perhaps at that time ...

Lin Hanxing’s long eyelashes fluttered.

Her mother had already sensed the danger, so she had secretly sent that half of the gold-encrusted Jade to mother Zhan for safekeeping!

Unexpectedly, not only did such a move not eliminate the danger, but it also dragged mother Zhan into the mud, making it difficult for her to escape!

“Long qingru, are you talking about the one from the long family ...”

Yun Bai was really shocked this time!

Lin Hanxing quickly pieced together all the useful information in his mind and calmly sorted out the timeline.

Long qingru had found her mother by chance. If her mother was really the daughter of the long family’s elder, it would completely shake long qingru’s high position!

Long qingru would make this threat disappear no matter what!

So, she secretly contacted her aunt and the others. She made use of the weakness of human nature and slowly encroached on the Lin group, forcing her parents to die! At the same time, he also sent Qin su to mother Zhan through the second Princess Consort, hoping to find traces of the token.

However, for some unknown reason, Qin su escaped by faking her death. By chance, she also took away the jewelry box that had opened the secret!

If she had not returned to Jiang city with the intention of revenge and lifted the tip of the iceberg!

If it wasn’t for the accident that allowed the jewelry box to see the light of day again many years later, there probably wouldn’t have been a series of subsequent events!
