

Goodnight 171

Chapter 171: Dirty your hands

Yan beixiao subconsciously looked at Lei Xiao.

His intuition told him that this commotion was definitely related to him.

Lin Hanxing did not seem to care at all. He only frowned as he watched Lei Xiao's clumsy movements.

"Give it to me," She took the bottle and slowly poured the water out.

Lei Xiao carefully washed his hands.

During this time, neither of them spoke again. She did not ask, and he did not take the initiative to mention where he had just gone.

Yan beiming, who had been watching the show, came back at this time.

"Too tragic, too tragic!"

He shook his head as he spoke, but his frivolous appearance didn't make people feel disgusted.

young master Lu's hands are considered crippled!

"He's lying there, half-dead ..."

Yan Beichen could not help but click his tongue and looked at the two men.

However, to his disappointment, neither Lin Hanxing nor Lei Xiao gave him any reaction.

"I'll dirty your hands."

As Lin Hanxing spoke, he grabbed Lei Xiao's large palm and turned it around to look at the back of his hand.

Even though he had washed it clean, there was still a red bruise on his knuckles, which made Lin Hanxing very angry.

"Your hands are not meant for these small things!"

Lin Hanxing had thousands of ways to take young master Lu's life.

She just couldn't be bothered to argue with him.

"I did it when I wanted to."

Lei Xiao's calm tone made it seem as if he was discussing the weather today, but Yan beiming could not help but shiver.

He had observed Master Lu's miserable state at close range just now ...

"It's you?"

Suddenly, a clear female voice sounded.

Lin Hanxing looked over indifferently. When he saw the other party's face clearly, his cold expression did not have any reaction.

Shangguan Yilu had come here secretly behind her brother's back, with only a few bodyguards with her.

She was also interested in the Lamborghini Veneno.

In this competition, she had spent money and hired many people to help her get that car at all costs!

"You're here for the competition?"

Today, Shangguan Yilu was wearing a light green sleeveless fairy dress, looking fresh and clean.

Yan Beichen looked at Shangguan Yilu, obviously recognizing her.

He looked towards Thunder valiant beast.

"You're very noisy." Lin Hanxing's expression became impatient.

... Shangguan Yilu didn't expect her to say that. She blushed and didn't know how to reply.

Lin Hanxing naturally remembered her.

It was also because he remembered her that his attitude was so cold.

Shangguan Yilu looked at Lin Hanxing.

She was so beautiful that it made people jealous.

Her eyebrows were as exquisite as a painting, and her eyes had a soul-stirring light.

Her figure was elongated by the street lamp, and the light and shadow outlined her outline, making her eyelashes look even longer.

Just as he was thinking about this, his eyes inadvertently glanced to the side.

It was as if his heart had been struck in an instant, and he couldn't say a word.

This was a cold and handsome face that one could never forget. The deep facial features were like a peerless sculpture that God had deliberately favored.

At this moment, his dark eyes fell on the side of the man's face.

He didn't even look at her.

The system prompt suddenly sounded, and Lin Hanxing's line of sight went past Shangguan Yilu to look at a place not far away.

"It's about to start."

Yan beixiao glanced at his watch. There were only ten minutes left before the match officially began.

"I'll go with you."

Lei Xiao's eagle-like sharp eyes were fixed on Lin Hanxing. At this moment, she had one hand on the car door, looking forthright and cold.

There weren't that many rules in the wild, so there was no restriction on whether there was anyone in the passenger seat.

"Get in the car!"

Lin Hanxing raised his chin slightly, signaling Lei Xiao to come up.

Shangguan Yilu seemed to want to say something more, but the only response she got was the sound of the car door being slammed shut.

Chapter 172: The flower of night

Dozens of modified cars were parked outside the starting line. There were still three minutes before the official race!

The rumbling of engines under their feet was accompanied by the young men and women who had fallen into a state of crazy cheering.

The entire Red Bay ramp seemed to be affected by the speed and agitation. Passion ignited!

Shangguan Yilu stood in the spectator's seat, and the bodyguards helped her to block the people around her. The tide made her seem out of place.

She had thought that the man would be the one driving!

At that moment, in the car.

Lin Hanxing was adjusting the angle of the rearview mirror. His thick and long eyelashes cast a dark shadow on his fair face.

Wild competitions were not like regular competitions, and there would be many unpredictable accidents during the competition.

His dark eyes stared at her for a moment.

"Don't be afraid, I'm very skilled."

With one hand on the rearview mirror, he turned to look at Lei Xiao, who was sitting in the front seat.

In the car, where light and shadow intertwined, his cold features flickered, giving off an extremely dangerous feeling.

"I believe you."

Lei Xiao and Lin Hanxing looked at each other. His smooth and perfect tall figure was hidden in the leather seat, like an Emperor controlling everything.

Lin Hanxing did not say anything, but his heart trembled slightly.

A racing girl in a sexy dress stood in front of dozens of modified cars with a sign in her hand.

As he moved, the half-sphere in front of his chest rippled like water.

Immediately, the crowd exploded with whistles.

The countdown had officially begun!

As usual, the owner of the modified car slammed on the accelerator desperately before the countdown, heating up the atmosphere.

Lin Hanxing kept his thoughts to himself, stepped on the brakes and the accelerator.

The speed indicator on the instrument panel swung desperately. A loud roar came from the engine, and the needle continued to rise.

The Thunder valiant beast's expression did not change.

It was as if he was not in the dangerous Red Bay ramp, but in the president's office of the Lei group.

The tires were rubbing against the ground and white smoke was coming out.

The act of burning the tires caused the blood of all the spectators to boil!

The time had now entered the final three seconds!

3.....

2.....

1.....

The starter waved the flag in his hand, and dozens of modified cars instantly sped out at lightning speed!

The strong centrifugal force instantly pinned Lin Hanxing to the leather seat!

The modified sports car nimbly shuttled through other cars in her hands, and the weightlessness of drifting would make people unconsciously feel fast. Sense!

The red Bay was a reverse ramp. After going around the most famous twelve consecutive turns, one could turn back.

The starting point was the end!

At that moment, Lin Hanxing was staring at the front windshield expressionlessly.

Half of her face was immersed in the light and her eyebrows were as exquisite as Jade, but her dark eyes were flowing with a crazy brilliance!

Lei Xiao suddenly realized that Han Xing enjoyed this kind of madness.

In the past, she always gave people the feeling that she was cold and distant, as if there was a wall in front of her, isolating her from others.

In a sense, Hanxing's heart was harder than stone.

But now, she was venting her anger.

Obviously, this was not the first time Hanxing had done this!

She slowed down and accelerated, and soon, Lin Hanxing passed through the crowd of cars and led the way!

The most dangerous twelve consecutive curves were right in front of him!

Lin Hanxing's cold eyes were looking behind him through the rearview mirror. His opponent was obviously not willing to give up!

Thunder valiant took in all of this.

In just a few seconds, the car's speed soared to 350 km/h, but he still showed no expression.

He was like the dark night Emperor.

"Thunder valiant, sit tight!"

Lin Hanxing said in a low voice. He made a right turn without any deceleration and drove them into the most dangerous twelve consecutive turns!

There were continuous collisions behind him. It was obvious that some cars had been eliminated and lost their qualification to compete.

However, Lei Xiao knew that for a wild competition ...

The danger had just begun!

Chapter 173: Constant small actions

The 12 consecutive turns of the red Bay ramp could be divided into two parts.

Due to geographical reasons, the first six turns were wide enough to accommodate multiple cars at the same time, while the last six turns were narrow enough to accommodate two cars at a time. Therefore, the last six turns were the most important to determine the winner.

As for the use of the first six curves, it was to use small tricks to obstruct the opponent!

With a loud bang, Lin Hanxing felt the rear of the car being hit violently, and even the car shook!

She subconsciously looked at Lei Xiao.

"I'm fine," she said. Noticing Lin Hanxing's gaze, Lei Xiao said in a deep voice.

Lin Hanxing sneered at such an obvious provocation, and a cruel coldness flashed in his eyes.

If they liked to play dirty, she would play along!

As soon as he stepped on the brakes, the car's speed decreased drastically. Lin Hanxing turned the steering wheel all the way and made a sharp turn at the most spacious area!

The extreme 360-degree turn was so dangerous that the driver sucked in a breath of cold air!

No matter how experienced they were, they wouldn't have the guts to do that on a racing road.

What's the difference between this and going crazy?

Lin Hanxing's car was already behind the car that had deliberately bumped into her, and the sneer on her face grew even wider!

He stepped on the accelerator harder and harder.

If she was the only one in the car, she wouldn't have bothered with this person.

He could only blame himself for choosing the wrong time!

With a loud bang, Lin Hanxing slammed into the trunk of the car in front of him. He stepped on the gas pedal to the maximum and pushed the other party back and forth on the dangerous Red Bay ramp at top speed. The owner of the car in front of him screamed in fear!

The feeling of weightlessness when the car was out of control would make anyone's legs go weak.

At the next turn, Lin Hanxing turned his head beautifully and the car crashed into the stone wall of the mountain stream at an uncontrollable speed, causing sparks to fly!

Lin Hanxing continued to drive the sports car, which had a damaged front, back and forth in the traffic.

Her skills were too gorgeous and tricky, and she would take revenge for the smallest grievance when she provoked others. Soon, seven or eight cars were scrapped in the middle of Lin Hanxing's counterattack, and they no longer had the ability to turn around.

Lei Xiao looked at her, and his thin lips curled into a smile.

"You hate it when people provoke you?"

"Only with strength can it be called a challenge. Without strength, it's called a crime. Cheap!"

Lin Hanxing controlled the steering wheel with one hand, her beautiful eyes full of light.

Only six of the dozens of modified cars were left after the first six turns!

Lin Hanxing's car was the most eye-catching.

"Be careful, they are from the same fleet."

Lei Xiao's profound gaze swept through the window, and after seeing the unique logo on the other cars, he opened his mouth coldly.

It was indeed a convoy, and it was hired by someone.

At this time, they were using the walkie-talkie to communicate.

boss, that little girl's skills are too tricky. Two of our brothers died in her hands!

Because the employer had paid a high price, they had to risk their lives this time.

However, he had never expected that he would actually encounter a thorn who did not care about his life!

“Didn’t you guys notice that there’s someone in the passenger seat?”

The head of the convoy said in a sinister voice, his eyes full of schemes.

The woman clearly cared about the man in the passenger seat.

“Boss, you mean ...”

The other party had obviously received his signal through the walkie-talkie.

“Even if all of our people have to die, I have to make sure I get first place!”

Although the employer this time was a young woman, she was not stingy with money at all. As long as he could win the car, there would be an additional reward of ten million Yuan. How could he lose?

Chapter 174: Stepping on it

Lin Hanxing was the first to notice that something was wrong.

The four modified cars suddenly changed their route and came to the right side of her car.

He suddenly launched an attack the moment he made a quick turn.

A car crashed into them at high speed with a loud bang. If Lin Hanxing had not reacted in time, Lei Xiao would have been severely injured!

The screeching sound of the tires screeching against the ground echoed throughout the entire Red Bay ramp!

Lin Hanxing’s expression turned cold.

It was a completely different kind of indifference from before, and an unknown emotion flashed through his eyes.

“Hanxing,” As the gloominess in Lin Hanxing’s eyes accumulated, Lei Xiao suddenly stretched out his hand.

His wide and hot palm covered the back of her hand, pulling her away from the dangerous mood in time.

I told you, I believe you.

After a while, Lin Hanxing hummed in agreement.

No one knew that when she saw the car crash into Lei Xiao, she had the intention to kill him.

“I’ve also said that I wanted to give you that car as a gift!”

In contrast to Lei Xiao’s calmness, Lin Hanxing’s voice was filled with dominance.

She turned her head to look at the man, and her lips curved into a confident smile.

Other people were not allowed to touch her things unless she allowed it!

He stepped on the gas pedal to the maximum, and the perfect combination of the clutch and clutch increased Lin Hanxing's speed in an instant. It had even exceeded the previous 350 km/h and was approaching 400 km/h.

This was a speed that transcended life and death!

If they made any mistakes, it was very likely that they would crash and die at this dangerous bend!

At this moment, they had already entered the second last turn. Lin Hanxing's car swerved through the cars that were blocking her way. She was as fast as a bullet!

The people in the convoy were all veterans who had been driving for many years, but even so, they were still afraid of Lin Hanxing's reckless acceleration!

Even if they wanted to follow their boss's instructions to make things difficult for this girl, the actual situation was simply a slap to their faces!

They couldn't catch up to her!

In addition, the narrow back six turns could only accommodate two cars at most at a time ...

The convoy had no choice but to give up!

"Trash!" After listening to the message from his teammate through the radio, the veins on the boss's hand that was holding the steering wheel popped out.

The rumbling sound of the engine could be heard faintly from behind.

The woman who had her hands and feet tied up by his team of cars had already appeared in his rearview mirror.

An inexplicable feeling came over him.

The boss felt that he would lose!

She would lose to that woman who was as beautiful as a fairy!

However, he was not willing to accept this!

He was not willing to be stepped on like this!

Thinking of this, the boss raised his spirit and stepped on the accelerator, as if he wanted to take another gamble.

Lin Hanxing seemed to have seen through his opponent's thoughts. With a beautiful drift, they formed an inner side at the last bend.

They could faintly hear the sound of human voices coming from afar. Victory was already very, very close to the two of them, so close that they could touch it!

She rolled down the window slowly.

A strong gust of wind blew into the car, messing up Lin Hanxing's long black hair.

There was no expression on her fair and clear face. She just looked at the other party through the window.

The boss did not dare to roll down the window.

But he could still see every expression on her face.

His eyes were cold and sharp, sending chills down one's spine!

It had only been a few seconds, but the boss's back was already covered in cold sweat.

No matter how much the man didn't want to admit it, the cruel reality told him ...

The defeat was set!

The starting point was also the end point, and it was a hubbub of voices.

Long before the competition was about to start, Yan beixiao had ordered a spicy crayfish takeaway for supper, and he had just finished it.

There was a pile of crayfish shells in front of her ...

Chapter 175: As arrogant as she was

It was obvious that Yan beiming was still not satisfied.

If it wasn't for the time constraint, he would have wanted to have another one.

The roaring sound of the engine got closer and closer. The crowd burst out in exclamations one after another, all anxiously waiting for the result.

The spicy one in a short skirt. The girl waved the flag at the finish line.

With a loud bang, the two sports cars reached the finish line one after the other!

The deafening cheers resounded through the clouds!

The driver who had been disqualified in the middle of the race wanted to see who would win. At the same time, the door of the first car to arrive was pushed open from the inside, and a handsome Lin Hanxing in a black suit appeared!

When he saw it clearly, there was an instant of dead silence.

Her waist-length, slightly curly hair hung loosely behind her, and she casually placed one hand on the car door, exuding the aura of a King!

At that moment, Lin Hanxing's eyes were unusually cold.

"I'll go! Little cold star, you're good!"

Yan beixiao took out some champagne from the ice bucket and walked towards Lin Hanxing.

He was about to pop a champagne to celebrate!

Lei Xiao got out of the car from the front passenger seat and looked at her, his cold face slightly loosening.

She was so beautiful that she was arrogant!

Lin Hanxing did not say anything. Yan beixiao had just approached her and before he could say anything, the champagne in his hand had been snatched away by her.

That posture didn't look like he was going to drink!

The leader of the convoy let go of the steering wheel dejectedly, unbuckled his seat belt, opened the door, and got out of the car.

He had lost!

Even with all his little tricks, he still lost!

Just as he was thinking about this, he caught a glimpse of a black shadow approaching him at high speed from the corner of his eye.

Lin Hanxing held the champagne bottle in one hand and came to the head of the team expressionlessly.

Her high heels clicked on the ground in an imposing manner.

The head of the convoy pursed his lips tightly as he looked at such a beautiful face. The deliberate provocation of her rolling down the window when they were about to reach the finish line was deeply engraved in his mind!

"Hehe."

Lin Hanxing looked at him and said with an unclear meaning.

Immediately, the champagne in his hand was rolled over the head of the convoy's leader.

There was only a slap!

The champagne bottle broke under the force of gravity, and the liquid mixed with the wine's aroma and blood flowed down the man's face.

Everyone was stunned by this sudden change!

"If he had been injured just now, I would have killed you!"

Lin Hanxing's voice was not loud and could only be heard by the two of them. His emotionless voice was filled with malice.

The head of the convoy reached out to stop his teammates who were about to rush over, one hand covering the wound on his head.

He didn't doubt the truth of her words at all. In that moment just now, he seemed to have felt death approaching.

Lei Xiao still maintained his posture of leaning against the car door with one hand, his eyes filled with a deep indulgent warmth.

With a hand gesture, the people in the dark entered a state of silent standby.

Without waiting for the team leader to speak, Lin Hanxing threw away the remaining champagne bottle in his hand with a cold expression and turned to walk back to the car.

"To get a car."

Lei Xiao raised his head and looked at Yan beiming, clearly disgusted by the smell of crayfish on him.

Shangguan Yilu had seen the whole scene just now!

Especially when he saw Lin Hanxing pick up the bottle of champagne and throw it at the leader of the convoy, his eyes widened involuntarily!

She had thought that her actions at the green vine Garden were already too much, but now ...

Thunder valiant picked up a phone call at the last minute.

Lin Hanxing's gaze fell on the head of the convoy, his cold eyes emotionless.

She watched as he led a few people to the woman in a light green sleeveless fairy dress who was protected by bodyguards. She didn't know what he said, but the latter looked in her direction.

Their gazes met in the air.

Chapter 176: Checkbook

At that moment, Lin Hanxing was standing in the wind.

Her slightly curled black hair that reached her waist fluttered in the wind, and there was no expression on her fair face.

She was extremely beautiful, but when she didn't smile or speak, she gave people an indescribable sense of oppression.

Shangguan Yilu felt inexplicably annoyed.

"Give him the money."

She ordered the bodyguards, obviously not wanting to listen to the leader's nonsense anymore.

The crowd was quickly cleared.

Shangguan Yilu bit her lower lip. She had planned to give that car to her brother as a birthday gift.

After some thought, she walked towards Lin Hanxing.

Yan beixiao had just returned with his car, and he was in a state of excitement as he loved cars more than his life.

"Little cold star, catch."

Yan beixiao spun the car keys between his fingers, then threw them at Lin Hanxing.

Suddenly, a fragrant wind blew in front of him ...

"I'm sorry."

Shangguan Yilu was a step ahead and quickly took the car keys.

Yan beiming had not expected this turn of events. He had only been showing off just now, and had not expected that someone would take advantage of him.

Lei Xiao hung up the phone.

He had clearly seen this scene, and his entire body instantly exuded a cold aura.

Shangguan Yilu seemed to be more confident with the bodyguards of the Shangguan family around her.

With the car keys in his hand, he quickly walked to Lin Hanxing.

"I like this car first. How much do you want?"

Shangguan Yilu seemed to have realized that Lei Xiao was watching, and he squeezed out a gentle and harmless smile on his face.

Lin Hanxing did not say anything.

A pair of cold and dark eyes fell on Shangguan Yilu's face.

No one knew what she was thinking.

However, the bodyguards of the Shangguan family had been trained for many years and were absolutely sensitive to the slightest movement around them.

At this moment, each of their nerves were inexplicably tense, as if they were facing a great enemy.

"Give me the car keys."

After a long time, Lin Hanxing only said this one sentence, his tone calm and cold.

Shangguan Yilu did not expect her to be so difficult to deal with, and for a moment, she did not know what to say.

"I've said it before, I can give you as much money as you want."

As he spoke, Shangguan Yilu reached out to the bodyguard, and the latter quickly handed over the signature pen and the checkbook.

"No matter how much it costs!" She said in a sweet voice.

The bodyguard's movements were as smooth as floating clouds and flowing water. It was obvious that he was already used to the young miss's actions.

Compared to Lin Hanxing's calm expression, Lei Xiao's expression that had suddenly darkened was definitely ugly.

Not to mention Lei Xiao, even the usually cheeky Yan beiming's expression did not look good.

Not to mention that he was the one who had lost the car keys.

Lin Hanxing's eyes were cold and emotionless.

According to her usual style of doing things, even if she had to smash the car, she would not let this person touch it.

But he had promised to give this car to Lei Xiao ...

I say, miss, your skin is really thick. You're such a coward when it comes to forcing people to buy and sell!

Yan beiming snorted coldly. Was his little Hanxing someone who lacked money?

Even if he was, did he think that ah Xiao was dead?

"This is a fair trade!"

In Shangguan Yilu's eyes, there was nothing wrong with what she had done.

Yan beiming could not help but roll his eyes. A deal could be considered a deal, but she did not have the face to say that it was fair.

Was this how the Shangguan family behaved?

"I'll say it again, give me the car keys!"

In the night, Lin Hanxing stood at the intersection of light and shadow. His expression was so bright that no one could see it clearly.

Shangguan Yilu had seen her angry face before, and she would be lying if she said she wasn't scared.

However, on second thought, he had so many bodyguards around him. Could it be that they couldn't fight against her?

He felt a little more confident!

"Then I'll say it again. Today, only you can take the money, I'll take the car!"

Chapter 177: Don't anger me

Shangguan Yilu raised her head proudly like a little princess.

Yan beiming laughed in anger.

He had also heard rumors that the Shangguan family raised their daughter with the standards of a little princess.

However, he did not expect her to really treat him like a princess.

After hearing Shangguan Yilu's answer, Lin Hanxing could clearly feel the aura of the man beside him getting stronger.

She calmly turned her head and looked at Lei Xiao.

His cold features were completely hidden in the shadows, so no one could see clearly.

Suddenly, Lin Hanxing stretched out his hand and pressed it on Lei Xiao's firm arm.

Lei Xiao's Black shirt Cufflinks were cut to his elbows, revealing his forearms, which were as tense as iron due to his anger.

"Don't anger me."

Even though Lin Hanxing's eyes never left Lei Xiao's face, anyone could understand what he was saying ...

He was talking to Shangguan Yilu!

"Shut up!"

Shangguan Yilu's bodyguard stood out and growled in a low voice, obviously not taking Lin Hanxing seriously.

In his eyes, women were women.

No matter how good his racing skills were, this was all he could do.

Lin Hanxing was finally willing to spare him some attention.

"The last person who said those two words to me is already dead!"

Her voice was very calm, and it was precisely because it was too calm that it seemed even more strange.

The night breeze was slightly cold, blowing on everyone's back.

Yan beixiao could not help but touch the back of his neck. Little Hanxing's tone was so calm when he said those words just now ...

But why did he feel a murderous aura?

Every time he became close to little Hanxing, Yan Beichen would always feel that she was more of a mystery.

As the daughter of the Lin family who had been lost for 18 years, no one could find out what had happened to her during these 18 years.

And it was obvious that she didn't lack money, and her skills were so good that even he couldn't help but be convinced.

“You dare to talk to me like that?”

The bodyguard obviously had a certain status in the Shangguan family. To lose face to a little girl he did not care about ...

He was obviously angry!

“I don’t even put your master in my eyes, Who Do You Think You Are?”

Lin Hanxing did not seem to notice the other party’s flushed face and did not leave any face for him.

Lin Hanxing’s words were like a spark that ignited gasoline, burning away the other party’s rationality.

The bodyguard’s face was flushed red as he rushed toward Lin Hanxing. He was so fast that Shangguan Yilu could not stop him!

“Uncle Liang ...”

Uncle Liang had served in the Shangguan family for decades, and he had watched Shangguan Yilu grow up.

Although Shangguan Yilu was usually a little willful, in the eyes of the biased uncle Liang, he only found her cute. When something happened, he and the Shangguan family would be there to back her up, which made Shangguan Yilu even more fearless.

Uncle Liang was a martial arts practitioner, and his movements were fierce and fast. Yan beiming’s expression changed, and he was about to step forward!

However, before they could get close, Lin Hanxing and Lei Xiao made their moves at the same time!

However, Lin Hanxing was attacking the top while Lei Xiao was attacking the bottom!

Uncle Liang relied on his many years of martial arts experience and did not take Lin Hanxing seriously at all. However, when they really started fighting, he realized that this little girl with thin arms and legs was not as easy to deal with as he had imagined!

Furthermore, this man was helping her!

If not for the fact that the timing was not right, Yan beiming really wanted to whistle at Lin Hanxing.

Her movements were too smooth and beautiful!

Perhaps she knew that there was an innate gap between a woman’s physical strength and a man’s, so every time she attacked, she was ruthless enough to take a life. Her movements were too fast and too tricky, like a slippery snake, dazzling people’s eyes!

And Lei Xiao seemed to have anticipated Lin Hanxing’s attack, and he was able to perfectly coordinate with her to block her opponent’s movements!

Chapter 178: Let’s try, let’s try

If Lin Hanxing’s every move was fatal, then Lei Xiao’s role was to assist.

Uncle Liang had created a fist technique that combined Tai Chi, Wing Chun, and Muay Thai. If this punch had landed on Lin Hanxing, he would have lost half of his life even if he did not die. However, he was really angry and did not use all his strength ...

At least eight or nine points!

“Little girl, I’ll teach you how to be a good person!”

Although uncle Liang was surprised by Lin Hanxing’s extraordinary skills, the one who hindered his movements was the man who attacked him. Due to the lighting, he could not see his face clearly.

“There are too many people who want to teach me how to be a human. Who Do You Think You Are?”

Lin Hanxing’s voice was cold, and his eyes swept over Shangguan Yilu, who was not far away, protected by a group of bodyguards ... And the car key in his hand!

Thunder valiant beast didn’t even utter a word of nonsense. The deep lines that looked like they were carved by a knife were stretched taut with anger.

The people of the Shangguan family were indeed arrogant and presumptuous. Even though they had come to Jiang city, they did not change their old ways!

As he thought about it, Lei Xiao’s strength became even more ruthless.

What right did a rotten old man like his Hanxing have to make irresponsible remarks?

Not far away, Shangguan Yilu was protected by the bodyguards in the middle, and her hand unconsciously clenched the car keys.

She believed in uncle Liang’s ability, but she still felt a little uneasy.

As the saying goes, what you’re afraid of comes.

In the next second, no one could see what Lin Hanxing did. All they saw was that she stepped on uncle Liang’s knee and used the force to jump in Shangguan Yilu’s direction. Her movements were light and unrestrained.

Uncle Liang’s heart screamed ‘not good’, just as he wanted to turn around, he was kicked by Lei Xiao!

Lin Hanxing’s heels fell to the ground, making a crisp clatter, and the Roman studded high heels on his feet gave off a cold light.

“I’m a man of my word, I won’t go back on my word!”

Lin Hanxing’s eyes were cold, even though he had just performed such a high-intensity fighting move ...

His voice was also extremely stable, without any signs of disorder!

Lin Hanxing’s style of doing things was as straightforward as she could get. If the other party did not listen to her when she spoke to him nicely, she would not waste her breath. Sometimes, when it came to communicating with people ...

It would be more convenient to fight!

Yan beiming silently gave little Hanxing a thumbs up in his heart.

This kind of personality that didn't want to compete with you when he could fight was simply too rare for him!

"It's just a car, I said I would pay you!"

Shangguan Yilu's voice sounded a little annoyed. She did not expect Lin Hanxing to be so aggressive.

"Little girl, try and touch our family's young miss!"

Old Liang was still being pestered by the expressionless Thunder valiant beast, and his movements and breathing were slightly chaotic due to the distraction.

Lin Hanxing didn't respond, but he walked toward Shangguan Yilu in his high heels.

Shangguan Yilu's heart was beating fast, and there was a little panic in her eyes.

Her hand slipped, and the pen fell to the ground, rolling towards Lin Hanxing!

The wild competition had just ended, and the crowd had not completely dispersed. Normally, the sound of a pen falling to the ground should not have been heard by anyone, but Shangguan Yilu had clearly heard the faint sound.

Even the sound of her heart beating too fast made him feel extremely uneasy!

The pen stopped at Lin Hanxing's feet.

Lin Hanxing lowered his head and looked at the pen. It was a high-end product made in Germany, and there was even a real diamond embedded in the outer shell.

The price of any one of them was equivalent to half a year's income of an ordinary working family.

Suddenly, she smiled.

Her already delicate little face added to the charm that stirred people's hearts.

There was a crisp crack, and Lin Hanxing's high heel crushed the pen, scattering the broken diamonds all over the ground.

"I'll try, I'll try!"

Chapter 179: I am not your mother

Lin Hanxing could be said to be complicated, but he could also be said to be simple.

When she couldn't be bothered to argue with others, she wouldn't care about what other people did.

However, when she really wanted to compete with him, she would definitely cause a huge ruckus!

Moreover, if they really wanted to count today's incident, it was the person opposite who started it first!

Lin Hanxing's gaze went over the bodyguard's shoulder and landed on Shangguan Yilu's face.

"What do you want?"

Shangguan Yilu couldn't help but step back, glancing at uncle Liang from the corner of her eyes.

The person she trusted the most was uncle Liang, but uncle Liang's hands and feet were tied up, so he couldn't come to her place.

"I'm talking to you nicely, but you won't listen. Now you're asking me what I want?"

Lin Hanxing walked toward Shangguan Yilu, stepping on the broken diamonds.

There was a small puddle of pen oil at the place where she had been standing. In the dark night, it was as thick as blood.

Shangguan Yilu couldn't help but feel scared when she heard this.

On the other hand, Lin Hanxing took off his high-waisted leather jacket and threw it to Yan beiming, who was watching the show.

Yan Beichen took it.

The black undershirt was tight-fitting and completely revealed Lin Hanxing's graceful figure.

As she walked, her long, curly hair flowed behind her as if she was shooting a shampoo commercial.

I don't care who you are or who you are. I won't touch you if you don't provoke me!

As he spoke, Lin Hanxing moved his finger joints.

Her long and slender fingers made a clicking sound. Coupled with her beautiful and stunning face, it really made people's hearts ripple.

Even Shangguan Yilu's bodyguards were stunned!

"But you just had to come and provoke me. I'm not your mother, I won't pamper you!"

The moment he finished speaking, Lin Hanxing suddenly attacked.

The bodyguard only saw a flash of black light before a sharp pain came from his neck. He even found it difficult to breathe!

Lin Hanxing's fingers were wrapped around his opponent's Adam's apple, and he easily dodged his opponent's well-trained attack with his deft strength. Everyone was dazzled, and before they could react ...

The first bodyguard who went up to him had already knelt on the ground with a painful expression.

The man clutched his neck, unable to say a word. He could only gasp for air.

"All of you, all of you!" Shangguan Yilu cried out in alarm. She felt extremely insecure without uncle Liang.

"Yan beiming!"

Lei Xiao's voice was low and powerful, and Yan beixiao, who was watching the show, shivered when he heard it.

He put away his intention to watch a show and his cynical expression suddenly changed. He rushed to Lin Hanxing's side at lightning speed and twisted the hands of the bodyguard who was about to touch Lin Hanxing behind his back with a steel-like movement!

A crisp sound rang in everyone's ears!

Lin Hanxing raised an eyebrow. He did not expect Yan beiming to be so good at fighting.

"Get lost, don't let my clothes get stained with the smell!"

Lin Hanxing acted as if he was going to kick Yan beiming, and the latter turned to look at Lei Xiao with an aggrieved expression.

It wasn't that he didn't want to help, but little Hanxing told him to look after his clothes!

Yan beiming quietly squatted in a corner, hugging Lin Hanxing's leather jacket. He regretted not bringing any melon seeds with him.

Every time she followed little Hanxing, there would be a good show to watch.

His mouth was so free!

Lin Hanxing quickly dealt with the young bodyguards, and was about to reach Shangguan Yilu.

However, he heard uncle Liang's loud scolding, which was obviously a warning!

Lin Hanxing turned around with a faint smile and touched Shangguan Yilu's face provocatively. He laughed coldly when he saw the old man's embarrassed and angry face ...

Chapter 180: Taking back the key

Uncle Liang had never suffered such a loss before!

"You want to teach her how to be a human? you're not worthy!"

Lei Xiao's words were very cold, different from uncle Liang's multi-tasking, calm and strong.

The next second, uncle Liang was kicked in the center of his chest and fell to the ground in a sorry state.

On the other side, Shangguan Yilu's tears gushed out when she saw uncle Liang being kicked to the ground.

Lin Hanxing looked at her expressionlessly.

Shangguan Yilu's bodyguards were lying on the ground behind him.

All of them clutched their throats in pain, unable to speak. They could only pant!

Suddenly, Lin Hanxing reached out and pinched Shangguan Yilu's chin.

He forced her to look up at him with teary eyes.

“Fair trade, huh?”

Lin Hanxing’s fingers were cold, and Shangguan Yilu felt pain from his grip, but she did not dare to make a sound.

Even through her tears, she could still feel the coldness and cruelty hidden under his black eyes.

She opened her trembling palm.

The car keys that he had snatched from her were lying there quietly.

“My things can only belong to me. Anyone who tries to covet it ...”

Lin Hanxing took his car keys back, his posture was gorgeous, and his voice was calm.

“I don’t mind cutting the weeds and eliminating the roots!”

As soon as he finished speaking, Lin Hanxing released Shangguan Yilu’s chin. He used so much force that she turned her face to the side and cried out in pain.

Lin Hanxing turned around with a cold face and took the leather jacket from Yan beiming’s hands.

She walked lazily and leisurely through the bodyguards who were still groaning in pain on the ground. Her fingers went through the bottom of her hair and pulled out her long hair that was pressed under her leather jacket.

His smooth movements were extremely handsome, and his black hair was smooth and shiny.

Lin Hanxing walked towards Lei Xiao.

The moment their eyes met, she threw her car keys to him.

Her lips were slightly curved and her eyes were full of light!

“I promised that it would be yours!”

The sole of Lei Xiao’s shoe was still stepping on uncle Liang’s heart, and the cold and violent aura he exuded was reduced by half when Lin Hanxing looked over.

“Go back and tell Shangguan shixiu to keep an eye on his sister!”

Upon hearing this, uncle Liang’s eyes widened. He knew them?

Even though he knew their identities, he still didn’t show any mercy?

As if he suddenly thought of something, Lin Hanxing stopped in his tracks and turned to look in Yan beiming’s direction.

At this moment, Yan beiming had just walked around the group of half-dead bodyguards. He felt a chill at the back of his neck and subconsciously looked up.

She looked up and met a pair of bright and beautiful eyes.

“Help me drive my car back, I still have things to deal with with him!”

After Lin Hanxing finished speaking, he threw the keys to the modified car for tonight’s competition to Yan beiming ...

.....

As it was a first-tier city, the night view of Jiang city was planned to be magnificent.

The car window was slightly open, and the night breeze blew in, causing Lin Hanxing’s hair to dance in the wind.

you can bring Yuan Bao back tomorrow.

Lin Hanxing suddenly said. The sound of tires screeching against the ground could be heard, and Lei min stepped on the brakes with a blank expression.

His face was tense, but Lin Hanxing looked at him strangely.

“What do you mean?”

His deep gaze fell on her delicate little face, and his voice was cold and restrained.

I’m officially moving back to the Lin family tomorrow. I won’t be back to Yujing garden for a while.

As soon as Lin Hanxing finished speaking, Lei Xiao’s expression relaxed.

He had actually forgotten about this.

He had thought that Hanxing wanted to cut off their relationship like before.

“Where are we going now?”

Lei Xiao started the car again. Lin Hanxing did not seem to notice the fluctuations in his heart. He stretched out his hand and placed his phone in front of the car. The flashing red dot on the phone was directly connected to the navigation system ...
