

## Goodnight 261

### Chapter 261: Keep it in mind

Perhaps out of compensation, old man Lu passed the 16% shares that were originally under his eldest son's name to Lu Bingde.

However, there was one thing that elder Lu had never expected.

10 years ago, the second son of the Lu family, who was also Lu Bingde's second aunt, coaxed Lu Bingde into signing an independent letter of authorization.

From then on, Lu Bingde had no right to deal with these shares before he turned 27. Even the dividends would be distributed by his second aunt.

According to the information in Lin Hanxing's hands.

All these years, Lu Bingde's second aunt had used Lu Bingde's dividends and shares to pave the way for her son, Lu Jiashu, to succeed in the Lu Corporation. If it wasn't for the fact that she didn't dare to go overboard due to old man Lu's presence, just based on this method of groping in a White Wolf ...

Lu Bingde had long been played by this mother and son until nothing was left!

However, Lu Bingde trusted the two of them without any doubt and left everything to them.

He didn't even check!

Lu Bingde, this idiot, would never have thought that he was living a glamorous life as the young master of the Lu family on the surface, but in reality, he was more like a hollow tree that had been corroded by insects and ants, and couldn't stand the slightest beating from external forces!

If old man Tian Lu left ...

Lin Hanxing read the information from beginning to end and felt a headache!

She didn't believe that elder Lu wouldn't notice the disloyalty of her second daughter and grandson.

Lin Hanxing even began to suspect that elder Lu was trying to kill someone with a borrowed knife.

But fortunately, things were not completely hopeless.

The turning point was on young master Lu's birthday this year!

The independent authorization letter signed ten years ago would expire this year.

At that time, Lu Bingde's second aunt and cousin would definitely think of all sorts of ways to cause trouble!

Speaking of which, this Lu Bingde could be considered as a fool with a fool's luck.

If it wasn't for the fact that Lei Xiao had taught her a lesson and sent her to the hospital, she might ...

Who knew what was waiting for him!

As he was thinking, Lin Hanxing's cold eyes fell on Lu Bingde's face, making him feel a chill in his heart.

He only felt that she was really thinking about how to break his legs!

"Lu Bingde, I hope you can listen to every word I'm going to say and remember them in your heart!"

Lin Hanxing finally opened his mouth and Lu Bingde shivered in fear.

"There's 2.5 million in your account right now. I'll give you a week's time. If you can earn another 2.5 million without relying on the Lu family or borrowing money, I'll give you 5 million!"

Lin Hanxing said in a deep voice, his face expressionless.

If it wasn't for the serious look in her eyes, Lu Bingde would have thought that she was crazy.

"What if I don't agree?"

"Then I'll break both your legs right now and make sure you'll be confined to a wheelchair for the rest of your life!"

In the next second, Lu Bingde hurriedly hid his exposed legs under the thin blanket, afraid that this crazy woman would stare at him!

"Are you crazy?"

Lin Hanxing's cold eyes swept across the room. This was only her first round of assessment.

If Lu Bingde could pass, that would naturally be the best. If not, she was afraid that she would not have the patience to discipline him.

In the future, it would be enough to keep him alive and not worry about food and clothing.

"Also, if you tell anyone about what happened today ..." He continued.

Lin Hanxing glanced at the fruit knife on the table and picked it up.

Lu Bingde, on the other hand, was trembling like a quail.

"Let me tell you, this is a society ruled by law. We have to follow the law ... Ah ..."

Without waiting for Lu Bingde to finish his sentence, there was a whooshing sound. The fruit knife in Lin Hanxing's hand was stabbed straight into the pillow next to his face. The 1.8-meter tall man was so scared that he didn't dare to move!

Lin Hanxing was basking in the sunlight and smiling.

"I'm sorry, my hand slipped!"

## **Chapter 262: The mascot**

Lin Hanxing drove Lei Xiao's car directly into the Lei clan's underground parking lot.

It was rush hour, so she was not in a hurry to get off.

He took out his phone and opened Weibo.

#Lei Xiao ##young master of the Lei family ##Lei group ###fourth young master of the Lei family #These words were still in the top ten of the hot search list even though their popularity had subsided a little.

Opening Yan beixiao's Weibo, the number of reposts of Lei Xiao's photo had already exceeded a million.

The effect was even better than most of the popular young men and women!

Lin Hanxing didn't say anything, but his eyes fell on the photo.

Her soft fingers caressed Thunder Valiant's cold face across the screen.

His handsome and sharp facial features were hidden in the red light, and he naturally exuded a powerful aura that made people submit to him.

She opened her WeChat and searched for Yan Beichen.

Xing Xiaoxing:

[ 9.90 yuan free delivery: " little fists beat your chest ".jpg ]

Xing Xiaoxing was speechless.

[ 9.90RMB delivery: little cold star, you're simply my lucky mascot [ heart comparison ].jpg ]

Xing Xiaoxing,"did Lei Xiao release you from the blacklist?"

[ 9.90 yuan, free delivery: thank you, mascot, for saving my titanium dog life! ]

The meaning of these words was that Yan beiming had passed the test.

Lin Hanxing pursed his lips into a smile. Yan beiming's carefree laughter and scolding complemented Lei Xiao's calm and reserved self.

[ 9.90RMB free delivery: I wonder what I can do for the mascot [ cry from my own handsomeness ].jpg ]

Xing Xiaoxing,"what does Lei Xiao like?"

[ 9.90RMB free delivery: I like you ] [ I like your wit ].jpg

Xing Xiaoxing was speechless.

Xing Xiaoxing,"do you really have to say something and add an emoji?"

[ 9.90 yuan free delivery: " the chicken is as smart as me ".jpg ]

Xing Xiaoxing replied, [ I'm serious. ]

[ 9.90RMB delivery: you spend his money to buy, buy, buy. I guarantee he'll be happy like an idiot! ]

Xing Xiaoxing was speechless.

Lin Hanxing suppressed the urge to block Yan beixiao and closed his WeChat.

He re-opened Weibo.

After saving the photo to her phone's photo album, she got out of the car with the small potted plant she had bought on the way.

He swiped his access card and took the elevator to the top floor.

Apart from his Special Assistant, Anthony, everyone else had basically left work.

Seeing Lin Hanxing return, Anthony, who was about to leave, smiled at her.

"the president is still waiting for you inside. You can go in directly. "

Anthony, who had not left work on time for a whole year, looked at Lin Hanxing with bright eyes.

Everyone else envied him for being the person closest to the president, but no one knew how sad he was!

After saying that, Anthony, who rarely got off work early, left in a good mood.

Lin Hanxing carried a small potted plant, her high heels clattering against the marble floor as she pushed open the door to the president's office.

There was only silence inside the room.

Unexpectedly, Lei Xiao was not at the desk.

However, there was a sound from the lounge.

Lin Hanxing turned and pushed open the door of the resting room. The sound of water came from the bathroom, Lei Xiao seemed to be taking a shower.

After placing the potted plant on the coffee table, Lin Hanxing turned on the curved screen TV hanging on the wall.

The latest variety show was on the TV, and the lively atmosphere made the large lounge more lively.

When the mute uncle's message came in, the sound of water in the bathroom had also stopped.

Lin Hanxing did not bother about the bathroom and opened the mute uncle's message first.

When he saw the content clearly, a faint smile flashed across his eyes.

He was afraid that he would have something to do tonight.

Just as she was thinking about this, the bathroom door was pushed open from the inside, bringing out waves of steam and the fragrance of bath liquid.

Lei Xiao, who had just taken a shower, only had a white bath towel loosely tied around his waist.

He had solid abdominal muscles and a perfect inverted triangle figure.

Seeing Lin Hanxing sitting on the sofa, his cold face could not hide his joy ...

**Chapter 263: Too good luck**

Lin Hanxing raised his head and whistled at him.

Thunder valiant beast hadn't wiped his hair too dry when he came out, and now water was dripping down his hair.

It spread along his strong muscles and disappeared into the bath towel.

Lin Hanxing walked towards him and took the towel from Lei Xiao's hand. She tiptoed and covered his head to wipe it back and forth.

Perhaps sensing her effort, Lei Xiao obediently bent down.

"Do you have a hairdryer?" After Lin Hanxing finished speaking, Lei Xiao pointed at the cabinet.

Seeing Lin Hanxing walk over, Lei Xiao continued to dry his hair with one hand as he sat on the sofa.

"You bought it for me?" Naturally, he saw the little potted plant on the table that did not belong here.

"Yes, very cute, just like you."

When she was on the side of the road, she had taken a fancy to this succulent tree at first sight.

He looked cold on the outside but had a soft heart, just like thunder valiant.

Thunder valiant beast's expression froze for a moment, as if he couldn't figure out whether he was complimenting himself or not.

Sometimes, he was too careful when he was with Lin Hanxing and his understanding was not as good as an elementary school student.

"Would you be bored?" Lin Hanxing wanted to help him dry his hair, but was afraid that he would be too bored, so he tilted his head and asked Lei Xiao.

Without waiting for Lei Xiao's reply, she took out her phone and showed him the game's page.

"If you're bored, help me draw a lottery."

Lin Hanxing was talking about the most popular hero battle mobile game at the moment. The 5V5 battle with black mode was popular among young people.

She would play a few rounds when she was free.

"I won't." Lei Xiao turned his head to look at her. He had never come into contact with these mobile games.

"It doesn't matter, just click here."

Lin Hanxing leaned over his neck and pointed at the screen with his fair finger.

Luck points would be accumulated during the lucky draw in the merchant shop, and they would be awarded with different items.

Among them, crystals were the most precious and the rarest.

The unique guaranteed mechanism allowed the player to get a crystal on the 361st draw if the player's luck did not drop in the 360th draw.

In other words, those with extremely dark faces would get it after spending about 2000 RMB.

The crystals could be exchanged for extremely rare heroes in the merchant shop.

Lei Xiao's attention was not on the phone, his eyes were locked on Lin Hanxing, who was explaining to him seriously.

Strands of hair fell down her cheeks, and a faint scent of wild jasmine spread from her body.

Her long, curly eyelashes fluttered slightly as she spoke.

"I understand ... " seeing that Lei Xiao did not move, Lin Hanxing turned to look.

His eyes happened to meet the pair of deep eyes.

Only then did Lin Hanxing notice that Lei Xiao was staring at him without blinking.

The tip of their noses almost touched.

Lei Xiao, who had just taken a bath, exuded a refreshing scent, the kind that Lin Hanxing liked.

As if attracted by the smell, Lin Hanxing moved away from the tip of his nose and sniffed along the direction of the man's ear.

"The smell of this bath is so good."

Yingluo, you smell better.

Lei Xiao thought, but did not say it out loud.

He closed his thick eyelashes and allowed Lin Hanxing to insert his fingers into his hair to help him dry it.

The attraction of that soft little hand was beyond Lei Xiao's imagination.

"What if I don't get it?"

Lei Xiao lowered his head and looked at his phone screen, clearly unable to handle matters that were beyond his scope of work.

"If you can't get it, then you can't ..."

She wasn't obsessed with it at first, but she was afraid that he would find something to do out of boredom. However, when her eyes swept across the screen that had been hit by lightning, her hands completely stopped!

He had drawn it!

Once!

At this moment, Lei Xiao was still in a daze. When he felt Lin Hanxing stop, he looked up at her.

His luck was way too good!

## Chapter 264: He's really attractive

Lin Hanxing was still immersed in his emotions, but when he met those deep and dark eyes, he was stunned.

Perhaps it was because she had just taken a shower, but the usual coldness in her eyes was replaced by moisture.

His originally slicked back hair was let down, giving him a youthful look.

As far as the eye could see, his towering Adam's apple was connected to his collarbone, and at this time, because of his action of looking back, it was even more sexy.

Lin Hanxing did not say anything and naturally did not notice the attachment in Lei min's eyes.

For the first time in his life, Lei Xiao thanked himself for his good looks.

At least, to Hanxing, it was still very attractive.

"Do you know that what you did just now saved me 2000 Yuan?"

Lin Hanxing bent down and looked down, his line of sight was parallel to Lei Xiao's thin lips.

He was so attractive.

Hearing Lin Hanxing's words, Lei Xiao was obviously in a good mood.

His thin lips curved up slightly, and he reached out to touch her delicate collarbone, just like how she often did to him.

"I ..."

Before Lei Xiao could say anything, Lin Hanxing's soft hands had already wrapped around his handsome and tough face.

He watched as her lips slowly slid down his brows, lightly landing on his high nose bridge, and then to his thin lips.

The Thunder valiant beast's breathing suddenly became heavy.

Lin Hanxing smiled and pecked her lightly.

Her eyes flashed with ridicule, and just as she was about to leave, she was seen through by Lei Xiao, who had seen through her thoughts!

He suddenly raised his big palm and pressed it on the back of Lin Hanxing's head.

She wanted him to taste her again.

Lin Hanxing was caught off guard and subconsciously put his hand on his shoulder.

As she had just taken a shower, it was cool and smooth to the touch.

The sound of lips and tongues intertwined made people blush and their hearts beat faster, letting their thoughts run wild.

“The reward.”

Until he felt that the air in her lungs was almost squeezed out by him, the Thunder valiant beast finally let go.

His usual cold and cruel appearance was particularly overbearing because of his raised eyebrows.

On the other hand, Lin Hanxing’s beautiful eyes were misty and her small red lips were slightly swollen from being sucked.

Seeing her like this, Thunder valiant beast felt his heart burning.

“He deserves it!”

Seeing that his hair was a mess, she snorted.

She was the one who teased him first, but now it was him who deserved it.

Thunder valiant beast didn’t know whether to laugh or cry, but his calm face didn’t reveal anything.

“Even if I started the fire first, it’s your fault!”

Not only was Lei Xiao able to tell what she was thinking with a single glance, Lin Hanxing was also able to read his thoughts from his subtle expressions.

She shamelessly sat beside him and reached out to snatch the phone from Lei Xiao’s hands.

She ignored him and started her own game.

“Are you angry?” Seeing that she was ignoring him, Lei Xiao went up to her.

Lin Hanxing made up his mind not to say a word and not even look at him.

“Are you really going to ignore me?”

Thunder Valiant’s deep and magnetic voice rang out beside him.

Lin Hanxing did not say anything. This time, he did not do it on purpose. He really did not hear it.

The middle lane had pushed down two enemy turrets in a row, and she was fully focused on it. She saw the enemy hero faintly emerging from the bushes beside her and was about to jump away to kill him, but her right hand was grabbed by the man beside her!

The screen darkened. She was dead!

“You ...”

Lin Hanxing was about to speak when she saw Lei Xiao holding her hand and passing it under the bath towel ...

**Chapter 265: You’re playing mine**

The silk felt smooth and hard!

Lin Hanxing's words were stuck in his mouth as he glared at him with his round eyes.

There was a flowing light in Lei Jing's eyes, but half of it was covered by the black hair that fell from her forehead, so no one could see clearly.

"You go ahead and play." He said.

Alright, she would continue to play with her!

Lin Hanxing thought about it as he took back his phone. His teammates who were matched for the ranking match were scolding him in the current channel.

She was not angry at all, and even a mysterious smile appeared on the corner of her mouth.

He nimbly controlled his character with one hand, and in the next minute, his teammates who were originally cursing in the current channel knelt down and begged for mercy.

Seeing that Lin Hanxing had actually put his mind back into the game, Lei Xiao's handsome face instantly turned cold!

But very quickly, he restrained the emotions in his eyes.

She moved towards Lin Hanxing's direction and even bumped into her palm.

Lin Hanxing's fingers trembled and his petal-like lips pursed slightly.

Seeing this, Lei Xiao's lips curled up and he buried his face in her neck.

The smell of the shower gel and Lin Hanxing's body smell were a strange match.

His breathing sounded heavy.

The initial movement was very slight, as if it was a test.

Lei Xiao's Adam's apple bobbed a few times, feeling the wonderful taste of the little hand making his throat tighten.

But he didn't go too far, for fear of making her feel disgusted.

"The game is so attractive?"

All of a sudden, Lin Hanxing heard Lei Xiao's sexy hoarse voice and his hot breath beside her ear.

It caused a shiver.

"Hanxing, I'm uncomfortable ..."

Seeing that Lin Hanxing was still not willing to acknowledge him, Lei Xiao used the tip of his nose to rub against her sensitive ear.

"Didn't you ask me to continue playing with me?"

Lin Hanxing raised an eyebrow and said stubbornly, but when he met Lei Xiao's deep eyes, his heart trembled.

Lei Xiao noticed her gaze and reached out to take Lin Hanxing's phone, throwing it behind him.

Her fingers unconsciously grabbed that thing.

It was a subtle touch.

Especially when he saw Lei Xiao fall backward, the veins on his neck bulging from the shock ...

"Give me back my phone."

Lin Hanxing pretended to release her fingers, but before she could do so, she was caught by Lei Xiao's large palm again.

Lei Xiao, who was leaning back on the sofa, squinted his long and narrow eyes.

There was a deadly temptation and sexiness coming from his bones and blood.

His thin lips were pursed into a line.

"Want to play?" Thunder valiant beast's voice was extremely hoarse.

Lin Hanxing felt that he had been bewitched by him.

"You're toying with my ..."

After a long time, she heard him say.

Thunder valiant beast's self-restraint completely crumbled in this instant.

Lin Hanxing suddenly recalled the night they had green plum wine in Meng Song.

Facing such a handsome face, how could she really control herself?

Lin Hanxing and Lei Xiao's eyes met.

Under the White bath towel, her hands finally started to move slowly ...

He didn't know how long it had been like this ...

There was a muffled groan, and the air was filled with a faint extravagance.

This was the first time she had seen it.

He was filled with curiosity.

But before she could take a second look, the towel covered her.

Lei Xiao's large palm carefully wiped her fingers with a towel between them, his brows showing that he was not satisfied yet, but he was holding back his desire.

She seemed to be a little guilty, so she thought for a while and returned Lin Hanxing's phone to her.

However, Lin Hanxing's face turned ugly when he saw the screen!

## Chapter 266:

"Lei Xiao, I've been banned from the competition!"

Lin Hanxing's eyes were filled with accusation. He was obviously angry.

Although he didn't know how the game was, Thunder valiant was extremely sensitive to her emotions.

However, under her gaze, Gu Qiwan, who had faded a little, showed signs of making a comeback.

He took a deep breath.

Without waiting for Lin Hanxing to continue, his big palm had already covered her delicate little face.

A hot and deep kiss greeted him, causing Lin Hanxing to swallow his next words.

"I'll go and take a shower."

Taking advantage of Lin Hanxing's slightly distracted eyes, Lei Xiao suddenly stood up and walked towards the bathroom.

The bath towel that was already loosely tied around him was already visible from behind.

Lin Hanxing's eyes were filled with lust and temptation.

"Boring!"

Seeing Lei Xiao enter the bathroom, Lin Hanxing couldn't help but mumble.

However, as soon as she finished speaking, she couldn't help but purse her lips and smile, instantly lighting up her beautiful face that was used to indifference.

He spread open the palm that had helped him with that matter and sniffed it.

There was a faint male extravagance.

Perhaps it was because the other party was Lei Xiao, Lin Hanxing did not dislike him ...

.....

Night fell and the lights were lit.

The windows were closed to block out all the noise outside.

"If you're not hungry, accompany me to the black market first."

Lin Hanxing first looked at his watch, then spoke to Lei Xiao who was in the driver's seat.

The Thunder valiant beast was no different from usual.

The tailor-made pure black shirt wrapped around his lean and muscular body. His hair, which had been put down after the shower, was combed back, revealing his cold and perfect facial features. It was hidden in the car's dim light, making it impossible to see his true emotions.

Hearing that Lin Hanxing was going to the black market, Lei Xiao glanced at her.

He turned the steering wheel and drove in the direction of the black market.

Lin Hanxing crossed his arms in front of his chest, closed his eyes and leaned back on the leather seat.

“Aren’t you going to ask me what I’m doing?”

He always had an inexplicable trust in her.

Whether it was good or bad, as long as it was related to him, he would stand by her side unconditionally.

It was just as Thunder valiant beast had promised.

I, Thunder valiant beast, will always be worthy of your trust.

“Then what are you going to do?”

Lei Xiao looked straight ahead. He was obviously not that curious about the answer to this question.

“Clean up the sect!”

After a long time, just when Lei Xiao thought that Lin Hanxing would not answer, her voice suddenly turned cold.

The red light came on.

Lei Xiao turned his head to look at Lin Hanxing, who was in the passenger seat.

After saying those four words, her whole body was shrouded in coldness.

Her originally delicate face now had a hint of playfulness and cruelty, just like when she was in Mengsong.

As if sensing Lei Xiao’s gaze, Lin Hanxing slowly opened his eyes and met his gaze.

“a few years before I returned to Jiang city, I had already arranged for people to invest in many industries here.”

Thunder owl’s eyes were deep, but he was not surprised.

He had long understood.

Including the previous Y R Equestrian Club, they’re all under my name.”

“Yes, I am the owner of the count of Starlight.”

Lei Xiao said calmly as he reached out to tuck Lin Hanxing’s loose hair behind his ear.

The BMW galloped in the day, and the Starlight shone in the night.

The mysterious behind-the-scenes bosses of the two most well-known leisure and entertainment places in the circle of the rich and powerful in Jiang city were looking at each other at this time.

Hearing this, Lin Hanxing's lips curved into a faint but confident smile.

"I know,"

Lei Xiao, I, Lin Hanxing, never take advantage of others.

Since you have given me your trust, I will give you the key to my life.

However, once you step through my door, you'll never be able to escape.

If you live, I won't allow you to betray me!

If you die, I'm willing to die with you!

Naturally, Lin Hanxing would not mention these things to Lei Xiao.

She closed her long eyelashes again.

The night was getting darker ...

### **Chapter 267: Meeting Bai Xi again**

Black market.

The black market was bustling at night.

With the bar Street in Jiang city as a cover, many things that couldn't be exposed in the day gathered here.

Lin Hanxing walked forward with elegant steps on his five-inch high heels.

Lei Xiao followed behind her expressionlessly.

In the corner of the dark alley, countless respectful gazes fell on him.

The Thunder valiant beast made a hand gesture discreetly, and the other party received it and continued to hide in the darkness.

Soon, the two of them arrived at the most famous bar in the center of the black market and stopped.

At this time, the bar was in an uproar. The regular customers who were blocked by a row of Men in Black outside the door were shouting.

The leader who blocked the door of the bar looked fierce and expressionless.

Half an hour ago, it was this person who had led a group of men in Black to chase away all the customers in the bar and even blocked the front and back doors!

The bar's bodyguards were not to be trifled with. They also gathered a group of people to confront each other.

However, no one knew what the leader said, and the situation that was originally destined to be a life-and-death struggle was reversed.

The bodyguard retreated into the bar and never came out again.

The leader continued to order people to guard the front and back doors, so that even a fly couldn't fly in!

Until ...

"Please make way." Her soft voice was cold and moving.

The onlooker was stunned when he realized that the voice came from him. He turned around subconsciously, but when he saw the other party's face, he was stunned.

The awkwardness spread like an infectious disease.

Soon, the crowd unconsciously made way for a small path in the middle that could accommodate two people.

Lin Hanxing was not affected by the gazes of the people around him.

She quickly walked up to the leader who was blocking the door of the bar.

With just a glance, the other party's expression instantly became extremely respectful.

"Stand guard outside. No one is allowed to enter without my orders."

Lin Hanxing said coldly as he walked down the stairs to the underground bar.

The Thunder valiant beast followed closely behind, blocking the curious gazes of the onlookers.

As the wind chime rang, Lin Hanxing's fair fingers pushed open the bar's door.

Almost at the same time, someone came up to him.

It was Bai Xi from the count of Starlight!

However, her dressing was completely different from the gorgeous look she had on that day with smokey makeup.

Bai Xi was dressed in a modified white cheongsam that accentuated her lithe and graceful figure. Her long hair was let loose behind her, and her small face, which was painted with natural and nude makeup, gave people a refreshing feeling like oxygen. She was indescribably beautiful and moving.

"They're all behind us." The moment he opened his mouth, he revealed his true nature.

Lin Hanxing took two steps forward. Then, he thought of something and turned around to look at Lei Xiao.

"Don't worry, no one has the guts to spread what happened today. It doesn't matter even if they show their faces."

After all, Lei Xiao was the president of the Lei group.

Lin Hanxing would never let anything that would damage his image happen!

Hearing Lin Hanxing's words, Bai Xi's curious gaze fell on Lei Xiao's face.

However, when they looked at each other, they shuddered in their hearts.

It was a cold and handsome face that one would never forget. Just by standing there, it carried a supreme authority, making people have no choice but to bow their heads and submit. However, the maliciousness that was revealed in those eyes made people feel cold to the bone ...

It was exactly the same as the first time he met ninth miss!

As expected, if you're not a family, why don't you join the same family?

Bai Xi didn't dare to look at her any longer. He tried his best to calm himself down so that he wouldn't lose face in front of miss Jiu.

In just a short period of time, Bai Xi had thoroughly experienced how terrifying the network of connections behind this woman, who had exquisite features and was even believed to be a high school student, was. She couldn't afford to offend her!

As she thought of this, her gaze fell on the door not far away.

If you have the guts to provoke the ninth miss, then you're on your own!

## **Chapter 268 red wine**

Outside the door, there were Men in Black suits.

It was obvious that they were the same group of people blocking the front and back doors of the bar, their expressions stern.

When they saw Lin Hanxing appear from a distance, they all bowed respectfully.

This was a world that belonged to her.

The Thunder valiant beast was very clear about this.

"Don't worry about me. It doesn't matter even if someone spreads it."

The confidence in Lei Xiao's deep voice made Lin Hanxing smile.

She had forgotten that if this man could not even handle such a small matter, how could he become the president of the Lei Corporation?

Bai Xi didn't dare to look at the two.

His ears were perked up, and he heard the conversation between the two clearly.

The more she listened, the more familiar the man's voice sounded. She seemed to have heard it before when she was the count of Starlight ...

Suddenly thinking of something, Bai Xi's eyes widened and he looked at Lei Xiao.

Lei Xiao seemed to have sensed it and retracted the warmth he had when he looked at Lin Hanxing. When he met Bai Xi's gaze, there was a biting cold in his eyes.

It was a shocking sight!

Bai Xi felt as if his limbs were frozen, and he couldn't move.

He's the big boss behind the count of Starlight?

Everyone knew that the reason why the count of Starlight was one of the most unspeakable people in Jiang city was that the boss behind him was too mysterious, just like the one who controlled the black market.

Bai Xi had also heard the voice of the big boss behind the scenes once by chance.

At this moment, the voice overlapped with the voice of the man in front of her and became one!

Realizing this, Bai Xi didn't even notice that the two of them had brushed past him.

Thunder owl stopped beside Bai Xi.

"You are a smart person." The deep and profound words rang in Bai Xi's ears.

Bai Xi wanted to keep up with Lin Hanxing's footsteps, but it was as if he couldn't control his legs. He could only stand there in a daze, letting the endless fear spread through his limbs and bones.

Until the Thunder valiant beast walked forward again.

Bai Xi's legs gave way, and he almost fell to the ground.

"restrain yourself. Bai Xi is one of my people. "

Lin Hanxing stood in front of the door and spoke to Lei Xiao in a low voice without turning back.

Thunder valiant didn't comment.

After Bai Xi managed to calm himself down, he followed behind nervously.

The Men in Black suits at the door were divided into two teams. One team continued to guard the door, while the other team followed behind the three of them.

Before Lin Hanxing could do anything, The Man in the Black Suit had already opened the door.

Lin Hanxing was expressionless as he slowly walked in.

This was the inner room of the bar, only for the VIP of the VIP, not for ordinary customers.

It was only when they entered that they realized that there was actually another world inside.

In this vip room, there was a floor mirror that took up half of the room. Rather than a mirror, it was more like the one-way see-through glass in the interrogation room.

One could see everything clearly from the VIP room.

However, from the outside, it was pitch black.

The people who were originally controlled in the VIP room raised their heads in unison when they heard the commotion at the door. However, when they saw the person in the lead, their pupils clearly became dazed, as if they were stunned, but also afraid!

The door was closed from the inside.

Lin Hanxing did not waste his sight on the man and walked to the bar counter.

There, the red wine that had already awakened was exuding a rich fragrance.

She nonchalantly took two wine glasses from the glass rack and poured herself some without saying a word.

“Romanniconti.” Lin Hanxing raised his head and looked at Lei Xiao with a faint smile in his eyes.

Everyone knew that Lafite was expensive, but they didn’t know that romanicandi was the real dream of wine lovers. The scarce annual production was not even enough for the billionaires who wanted to buy it.

“Who are you? If you anger me, the boss behind me will not let you off!”

The person standing in the middle suddenly shouted ...

#### **Chapter 269: Who is your boss?**

Lin Hanxing’s posture was gorgeous, but he turned a deaf ear.

He handed the other glass of red wine to Lei Xiao and sat on the high chair.

One of her legs was slightly bent, and the other leg was fair and straight, hanging down naturally. She lazily held the wine glass and gently shook it.

The corners of his lips were curved into a smile that was not a smile.

“Oh?”

“Who’s your boss?”

The fragrance of the wine brought about a slightly intoxicating feeling.

Lin Hanxing did not hide the mockery in his eyes at all. Even his mole was stained with sarcasm.

There was a kind of graceful charm that poured out from her bones.

“You don’t even know who my boss is and you dare to bring people here to cause trouble!”

“Little girl, didn’t your parents teach you manners?”

The middle-aged man who was trapped in the middle of the VIP room shouted arrogantly.

Lin Hanxing laughed instead of getting angry.

As if she didn't hear him, she brought the wine glass to her lips and sipped the red wine, her eyes and brows cold.

"My parents died a long time ago."

As soon as the eight characters were spoken, the atmosphere in the room suddenly turned cold. Even Bai Xi, who was standing beside Lin Hanxing, felt a deadly chill.

"No wonder, you don't know the rules!"

The middle-aged man sneered.

The Man in the Black Suit behind Lin Hanxing was obviously going to kill her, but he calmed down under her cold gaze.

"I advise you to be more careful, this is ninth miss's place!"

After a sneer, the middle-aged man said sinisterly.

Even in Jiang city, miss Jiu's name was enough to make people fear her.

Lin Hanxing had one hand on the bar counter, her black hair pouring down behind her.

The faint alienation and indifference mixed with charm made people really reluctant to look away from this face!

"Bai Xi," Suddenly, Bai Xi's name was called.

Lin Hanxing's face was expressionless as he spread out his hands in the direction of Bai Xi.

At this time, Bai Xi was still completely immersed in Lin Hanxing's powerful aura and only reacted after some time.

He passed the information he had prepared to Lin Hanxing.

Lin Hanxing's fingers were long and slender. He lowered his head slightly to read the information in his hand.

The silhouette was calm and pure, but the look in his eyes was so cold that it sent chills down one's spine.

After about five minutes, the VIP room was so quiet that one could hear a pin drop on the floor.

"Qi He, do you know who I am?"

Even though the other party was much older than her ...

However, Lin Hanxing calling him by his name did not give him a sense of rudeness. Instead, he felt an inexplicable sense of pleasure!

The middle-aged man called Qi He raised his head in anger, then his expression changed slightly, as if he had thought of something. When he saw The Man in the Black Suit behind Lin Hanxing, his expression twitched violently!

No, it can't be!

It was rumored that the ninth young lady was mysterious and unpredictable, and her methods were ruthless. No one dared to provoke her.

Although they were all glorious on the surface in Jiang city, they still didn't have the right to see her personally.

However, this woman in front of him was the daughter of a wealthy family. With her eye-catching looks and graceful bearing, which young lady in Jiang city could match her?

“among the 132 stores in Jiang city, you are the only one who dared to tamper with the accounts!”

Lin Hanxing's expression was too calm, so calm that it was terrifying.

“Are you too confident in yourself, or are you tired of living?”

With one hand on the side of her head, she raised the red wine and took a light sip. The champagne heels hit the high chair from time to time.

It made a clattering sound.

“I don't understand what you're saying!”

Being stared at by such a pair of eyes, Qi He could only feel cold sweat flowing down his forehead.

“You don't understand?”

In the next second, Lin Hanxing's expression suddenly changed, and he threw the information Bai Xi had just handed to him in his face!

In an instant, the paper scattered like snow!

## **Chapter 270-kill disloyal ones**

Even before he had arrived in Jiang city, uncle Jin had already noticed that there was something wrong with the accounts that Qi He sent over every month.

No matter how good the accounts were, a fake couldn't become real!

Using such underhanded tactics in front of uncle Jin was nothing more than showing off one's skills in front of an expert.

Lin Hanxing had given him three months.

If the other party could restrain himself within these three months and come clean on his own, she could give him a chance to live.

Unfortunately, once the magic box of greed was opened, it was completely out of control!

And Qi He's appetite was getting bigger and bigger.

After Lin Hanxing returned to Jiang city, he was not in a hurry to deal with Qi He's problem.

On the contrary, he had brought Bai Xi out of the count of Starlight and sent him here.

Bai Xi didn't know that this was Lin Hanxing's first test for her.

Before Lin Hanxing went to look for Bai Xi, he had thoroughly investigated her and learned that she was particularly sensitive to numbers.

Sending her to Qi He was to draw out the problem of the fake accounts and to test her ability to adapt to crises and her loyalty. If there was even a single mistake ...

"Qi He, I've given you a chance!"

Lin Hanxing's long eyelashes fluttered, but the smile on his lips did not spread to his eyes.

At this moment, Qi He was no longer as arrogant as before. His entire body turned into a puddle of water and he fell to the ground.

His back was completely drenched in cold sweat.

"Speaking of which, you still have to ask ..."

Lin Hanxing tapped the table with his fingertips rhythmically.

"Who am I?"

This question completely extinguished the last bit of hope in Qi He's heart.

She was the ninth young lady!

He was actually so young!

However, the middle-aged man was soon engulfed by a great sense of despair!

Other than the highest level, no one had ever seen miss Jiu's true appearance.

She was like a mystery, like a belief that people constantly pursued, asking them to give everything!

And now, the ninth young lady had appeared in front of him.

There was no cover.

She wasn't afraid that she would say it out loud, because ...

A dead person would not open his mouth to speak!

"Ninth young lady, give me one more chance!"

Using all his strength, Qi He knelt on the ground and quickly moved towards Lin Hanxing.

Tears and snot fell down her face.

In the face of death, what was dignity?

No one responded to him. Lin Hanxing held his wine glass and sipped it expressionlessly.

It was Bai Xi's first time seeing such a scene. It would be a lie to say that she wasn't afraid, but she still stood straight and looked at Lin Hanxing with excitement.

She had never seen any woman live like her!

It was fresh, wanton, and vivid!

It was as if the world was in her control!

Qi He knelt at Lin Hanxing's feet and kept promising that he would never do it again!

As for Qi He's trusted aides, they knelt on the ground, not daring to raise their heads.

Lin Hanxing looked down at him, his eyes cold.

"Ninth young lady, I swear, I will never do it again. If you chop off my hands or feet, I will not complain! Please spare my life, so that I can still have a chance to work for ninth young lady!"

Qi He kowtowed and begged for mercy.

Lin Hanxing gently swirled the wine glass. The wine-red liquid looked like blood in the glass.

She only spoke again when Qi He's forehead was bleeding.

"I told you, I gave you a chance!"

As long as her subordinates made mistakes, she would give them a chance and see if they would cherish it!

It was a pity.

People's deep-rooted bad nature determined that they would not shed tears until they saw the coffin.

Lin Hanxing would not accept any form of betrayal.

Disloyal ones were killed!

Qi He buried his head between his hands and hid the viciousness in his eyes.

The change happened in an instant!
