

Goodnight 341

Chapter 341: Wangjiang hotel (2)

It was time.

Lin Hanxing handed the phone to Zhong Yifu.

There were photos that her people had sent her.

Zhong Yifu looked down, and her head was immediately filled with blood!

In the room with the clear, thin curtains half-closed, su zhanlong and Luo Mingwei were clearly having a great time.

Luo Mingwei's two-piece Qingqu outfit was no different from not wearing it at all. It was simply unsightly!

"Bitch!" Zhong Yifu was so angry that she almost threw her phone.

Lin Hanxing took his phone back without a change in expression, changed the SIM card, and made a call.

Very quickly, the call was connected.

"Hello, I want to call the police."

Zhong Yifu was stunned when she heard this.

Call the police?

What kind of police?

yes, I've made a report in room 1028 of the Wangjiang hotel. Someone is selling money. I hope it can be released as soon as possible. Take care of this." Lin Hanxing said calmly and coldly, then hung up the phone.

He pulled out the one-time use SIM card and threw it out of the car window.

Lin Hanxing's series of movements were as smooth as could be, and Zhong Yifu was stunned as she watched.

"Now, we can go up."

Lin Hanxing turned to look at Zhong Yifu.

"But I won't show my face."

"I'm going alone?" Zhong Yifu raised her voice.

"Wear this." Lin Hanxing handed her the Bluetooth Earphone.

“Although I won’t show my face, I’ll be monitoring the entire process. I’ll see what you say and do. You don’t have to worry about anything, just do it with your heart. If there’s a special need, I’ll let you know.”

“I still don’t understand what you’re trying to do!”

Zhong Yifu felt that her brain wasn’t working well enough when she was with this woman.

Lin Hanxing’s hand stopped.

you don’t have to understand what I want to do. As long as you complete what I need you to do.

In short, it could be summarized in two words.

Be obedient!

Zhong Yifu put the Bluetooth Earphone in her ear and covered it with her hair.

Her eyes reddened at the thought of the photo just now ...

.....

Luo Mingwei hadn’t returned to the Lin family ever since Lin Hanxing had splashed paint on her that day. She had been sticking to su zhanlong all day.

To be honest, she was really enjoying the kind of ...

I’m having an affair with your husband, but I’m still your friend. It feels like I’m treating you like a fool!

Every time she met that old woman, Zhong Yifu, Luo Mingwei felt satisfied.

And each time, it was more intense than the last!

Hiding the kiss mark left by her husband in front of Zhong Yifu and wearing the jewelry that her husband had given her ... That kind of stolen happiness was indeed ten times more exciting than a normal relationship!

As she thought about it, she snuggled up to the man and was about to do something more ...

With a loud bang, the door was slammed open from the outside, and several police officers in uniform rushed in!

ah ... Luo Mingwei hurriedly covered her face with the thin blanket in panic.

However, he didn’t expect that such an action would completely expose su zhanlong’s body to everyone!

“Get out!” As the president of the SU family group, su zhanlong grabbed a pillow and threw it at the police!

someone called to report that there’s a money seller here. Please show your identification!

The police officer's attitude was very tough. Just as he finished speaking, a figure suddenly rushed out from behind and ran towards the place where the two people put their clothes on the bed. Before anyone could react ...

That person had already grabbed the mixed clothes of men and women and threw them out of the window of the ten-story hotel!

"Su zhanlong, I'm going to fight it out with you!"

Chapter 342: Wangjiang hotel (3)

Before anyone could react, the person who spoke had already rushed to the naked su zhanlong.

She swung her arm and gave him a dozen slaps across the face!

That speed, that strength, that accuracy, even a police officer who was used to big scenes ... Cha sighed in his heart!

Zhong Yifu was obviously filled with hatred!

Luo Mingwei, who was hiding under the thin blanket, was so scared that she didn't dare to move at all.

He was afraid that she would notice him!

At this time, the police came back to their senses. This wasn't a money-selling shop, this was clearly a scene of a female gangster being caught!

"Take a picture." A cold voice came from Zhong Yifu's Bluetooth Earphone.

She regained her rationality in an instant.

He took out his phone and started taking pictures of the two on the bed.

"That's enough!"

After the police had an idea of what was going on, they stepped forward calmly and blocked Zhong Yifu's phone.

However, she had already taken almost all the necessary photos.

"Do as I told you before."

The voice from the Bluetooth Earphone was like a calming needle. Zhong Yifu sneered before the police asked her.

"I called my husband, Laochang. This is a chicken!"

Zhong Yifu pointed at Luo Mingwei with a look that said she wanted to eat her alive.

"I'm not!" Luo Mingwei panicked when she heard that.

She lifted the thin blanket covering her face and retorted loudly.

Zhong Yifu's eyes immediately saw the marks on her neck, and her head rushed forward as if it was going to explode.

Slap! Slap! Slap! It was two slaps!

"Shameless pheasant!"

Blood could be seen at the corner of Luo Mingwei's mouth. She cried and buried herself in su zhanlong's arms.

At this time, there was already a circle of people gathered at the entrance of the hotel. Whether it was the hotel staff or passer-by guests, they all took out their mobile phones to record a short video and post it to their friends. Such a wonderful scene was rare to see in a hundred years.

"Alright, stop arguing. Take out your identity cards, put on your clothes, and come with us!"

The police didn't want to listen to their quarrels, so they brought them back to the police station and slowly solved the problem.

"I'm sorry, please make way."

A cold voice came from outside the crowd, and Zhong Yifu was stunned.

The crowd automatically made way for him.

The crisp sound of high heels clicking on the floor was pleasing to the ear.

The first thing he saw was the gray old-fashioned professional two-piece suit. The slightly chubby figure made the buttons on the lower abdomen a little tight, but the calves with glass stockings were shockingly thin, forming a sharp contrast.

And that face was even more disappointing.

His face was as swollen as a balloon. Huang Yu's face was dotted with freckles, and he wore a pair of large-framed glasses that made him look as old as he was. Just looking at him was enough to make people lose their appetite.

It was a pity that her voice was so pleasant to hear!

I was sent by the Lei group to provide legal assistance to Ms. Zhong. I would like to go to the police station with my client.

The Lei Corporation?

Upon hearing these four people, everyone was stunned!

The Lei group's name was well-known to everyone in Jiang city, from the top to the bottom. However, it was just a simple case of arresting a female murderer, how did it involve the Lei group?

Zhong Yifu was also stunned. Lei group?

Did Lei Xiao find it for her?

But he didn't hear about it in the car just now.

What was going on?

Also, there was no more movement from the other end of the Bluetooth headset.

With a dazed expression, he looked at the woman, who was supposed to be sent by the Lei Corporation to provide legal help.

The man's face, hidden behind his glasses, was calm, and he allowed Zhong Yifu to look at him.

Suddenly, as if she had thought of something, Zhong Yifu yelped and pointed at the other person!

Chapter 343: X group

At the same time, in the parking lot of the Wangjiang hotel.

Lei Xiao's gaze was deep, and the Bluetooth Earphone in his ear was in a state of communication.

tomorrow morning, release all the information that you've collected before.

The voice was hoarse and intoxicating, but one could not ignore the hidden danger.

Yan beixiao whistled on the other end of the phone.

"Little Hanxing, have you played enough?"

A few days ago, Lei Xiao had informed him and Liang yuran to investigate the SU family organization.

After getting a hold of all the information, he decided to bide his time.

Yan beixiao's heart was itching, and he could not help but ask Lei Xiao.

The answer he got was ...

Cold star hadn't had enough fun.

at the same time, release the news that the Lei group is interested in participating in the Jiangcheng sea bridge project.

"Jiang city sea bridge?"

This was the most important project in Jiang city this year. It was easy to imagine how much importance the government placed on him.

What was ah Xiao trying to do?

" Oh, by the way, X group's spokesperson also announced that they are very interested in the Jiangcheng cross-sea bridge bidding project. "

X group was based in Paris, France.

It was a new force that had been praised by the business circle in recent years.

Five years ago, the X group had successively initiated the acquisition of several industries under the old groups in the M Nation. Three of them were initially rejected by the M Nation Foreign Investment Review Committee after a risk assessment.

Many overseas companies that applied at the same time as the X group were forced to give up the deal under the pressure of the security review system of the committee.

Only the X group persevered until the end and succeeded.

He became the brightest Dark Horse back then.

In the same year, the two auction companies, Jashide and Sotheby's, ignored the statement made by the state Administration of cultural relics and the indignation of the Chinese people and publicly auctioned the twelve zodiac bronze heads in Hong Kong.

When the X group and the Lei group heard about this, they sent representatives in Hong Kong to the auction to rescue the National treasure.

In the end, X group won the monkey and cow heads for 40 million Hong Kong dollars, while Lei group won the Tiger and Pig heads for 42 million Hong Kong dollars. The two companies jointly gifted the four bronze statues to the National Museum.

In Yan Beiming's memory, it was rare to hear Lei Xiao publicly praise someone.

However, he was not stingy with his favorable impression of the mysterious leader of the X group who had never shown his face.

That's strange. The X group is rarely involved in domestic projects.

Yan Beixiao's voice could be heard from the other end of the phone.

"We'll wait and see,"

Lei Xiao's fingers tapped on the steering wheel rhythmically as he spoke in a deep voice.

.....

Zhong Yifu's eyes widened, and her heart was beating fast.

It was as if he couldn't believe his eyes.

Her intuition told her that this was Lin Xiaojie, but ...

Wasn't this change a little too big?

Don't worry, Ms. Zhong. I've already sent someone to retrieve the hotel's surveillance video for the past few days as evidence. Even if you and Mr. Su end up in a divorce in the future, the police records and the information you have today are enough for the court to judge who is in the wrong.

Lin Hanxing spoke at a steady pace, his voice loud enough for everyone to hear him clearly.

Su Zhanlong, who was sitting on the bed, suddenly raised his head and stared at Zhong Yifu!

He had underestimated her!

Mr. Su, you don't have to glare at me. As the CEO of the SU family organization, if you still want to keep your face, I suggest you quickly find some clothes to wear. After all, the police nowadays are equipped with a police recorder when they go out to the police. Your tall and imposing figure ...

That balloon-like, chubby, yellow-spotted face turned to look at the naked su zhanlong expressionlessly.

"It's probably going to be saved!"

Su zhanlong's face turned green!

The police officers immediately reacted!

Su family organization?

The Lei Corporation?

They seemed to already know the identity of these people!

Chapter 344: Fickle (1)

In the police station.

It had been a long time since the police station had been so lively at night.

Su zhanlong and Luo Mingwei were dealt with separately.

"Give your best friend a call and ask her to call the Lin family over."

Lin Hanxing glanced at his watch and said in a low voice.

This phone call would only be more effective if Zhong Yifu made it in person!

"Since the Lin family is here, why don't they just take her away?"

Zhong Yifu hated Luo Mingwei so much that she wanted to eat her flesh and drink her blood!

Lin Hanxing glanced at her with his balloon-like face full of yellow freckles.

Zhong Yifu immediately calmed down, as if a bucket of cold water had been poured on her. She turned around and went outside to call mother he.

Lin Hanxing knocked on the door of the room that was separated from su zhanlong.

When the police came out, Lin Hanxing exchanged a few words with him and the other party let her in.

He left the space for the two of them.

Su zhanlong sat there with his head drooped. When he saw her come in, his eyes revealed vigilance.

"Mr. Su."

Lin Hanxing sat opposite him leisurely and looked at su zhanlong.

He smiled.

“Didn’t anyone tell you not to pick the wildflowers on the roadside?”

“Enough! What is Zhong Yifu trying to do?”

Su zhanlong didn’t believe that she was that smart. Otherwise, she wouldn’t have been fooled by him previously!

Could it be that there was an expert behind the scenes?

it’s not what Ms. Zhong wants to do. Mr. Su, you should think about how you’re going to explain to the police later.

Su zhanlong’s brows were tightly locked. What did this mean?

“All these years, the SU family has gotten a lot of benefits from the Lei family, all because of Madam Zhong. To put it bluntly, if I leave the Lei Corporation, what would the SU family be?”

Lin Hanxing looked at su zhanlong’s forehead where the blue veins were throbbing but he didn’t dare to say anything. He sneered in his heart.

“Is it a prostitute or a prostitute ...”

Su zhanlong looked at her fiercely. What she meant was ...

“But ...”

“I know that Ms. Luo is from the Lin family.”

“But Mr. Su is a smart man. Comparing the Lei family and the Lin family, which one is more important ...”

Lin Hanxing chuckled.

“Teacher su, please consider it yourself.”

After that, Lin Hanxing got up and left, leaving su zhanlong behind to look at her back and think ...

.....

When Lin Hanxing went out, Zhong Yifu was scolding her ex-best friend, mother he, over the phone.

Luo Mingwei’s expression was dazed, and her face was red and swollen after being slapped several times.

Where was the shrewdness and coquettishness of the past?

“I’m not here to sell myself!”

Facing the police officer who was recording her statement, she kept repeating this sentence and gritted her teeth.

Lin Hanxing stood in the corner and looked at her, a cold smile on his lips.

Of course, she knew that she wasn’t here to sell herself.

But who would believe that?

For a time, the situation was in a stalemate.

This stalemate was completely broken after 20 minutes.

That was because mother he and Lin youlin were all here!

Luo Mingwei's eyes lit up the moment she saw Lin qianlin.

Even though there were conflicts between the two sisters-in-law in the Lin family, the only person who could save her was Lin youlin!

Lin Hanxing had already seen through Luo Mingwei's thoughts.

His eyes were cold and mocking.

Lin youlin's lips trembled as she walked quickly toward Luo Mingwei.

Mother he wanted to pull her, but she pushed her away.

Lin youlin quickly arrived in front of Luo Mingwei.

Lin youlin raised her hand and gave Luo Mingwei a tight slap across the face!

"Apologize to Mrs. Zhong!"

Chapter 345: Fickle (2)

Lin qianlin's head felt like it was about to explode when she received the call from Mrs. He.

She had never thought that her unmarried sister-in-law would be together with Zhong Yifu's husband!

All these years, Lin youlin had spent so much effort to stabilize the image of the Lin, he and su families in the business world. This brainless fool had destroyed many people's efforts for her own selfish desires!

"You hit me?"

"Even my brother didn't hit me, what right do you have to hit me?"

Luo Mingwei covered her face and widened her eyes in disbelief!

"I'll teach you a good lesson on behalf of your brother today!"

Lin youlin's heart was set ablaze by her tone.

If she had known that her sister-in-law was like this, she would have let her stay in Europe so that she wouldn't come back and harm the Lin family!

Just as Lin youlin was about to step forward and kill this idiot, a pair of hands suddenly appeared from the corner!

Lin youlin was stunned for a moment, while Luo Mingwei took advantage of this short few seconds to unleash her power!

It was as if he wanted to vent all of the humiliation he'd suffered that night. He grabbed Lin qianlin's hair and began to slap her face.

she's an old woman who can't hold a man in between her legs. What does it have to do with me? why should I apologize? "

"That su guy just likes to spend money on me!"

Luo Mingwei pulled on her sister-in-law Lin youlin's hair as if she had gone crazy, and her nails were full of flesh that had been scratched off.

Zhong Yifu, who had been held down by mother he, also went crazy when she heard this. Without thinking, she rushed into the station. The three women of high status started fighting in the police station like shrews. No one could stop them.

In the chaos, no one noticed that someone had walked to the bucket where the mop was placed.

Then, there was a crashing sound ...

The black water that was soaked in the mop was splashed at the three people.

The angle was so accurate that even Mrs. He, who was about to Dodge, couldn't escape. However, the police officers next to them didn't get touched at all!

"Have you caused enough trouble?"

Lin Hanxing, who had used special makeup techniques to hide his true appearance, was still holding the red water bucket in his hand. His cold eyes swept across the few rich ladies who were stunned.

Mother he was the first to vomit.

She opened her mouth to say something when the water was splashed over, but she swallowed the dirty water back down.

How could she not vomit when she came back to her senses!

"Everyone here is a person of status, why act like a Shrew and let others see you as a joke?"

Lin Hanxing slowly put the bucket back to its original place. His face that made people lose their appetite had a kind of Majesty that could not be ignored. Even the police felt their hearts tremble when they saw it.

"Why don't we all calm down and think of a solution!"

Lin Hanxing walked over and pulled Zhong Yifu out.

"This is?" Hearing the voice, Lin youlin was dazed for a moment, but the face was completely foreign.

"I was sent by the Lei group to provide legal assistance to Ms. Zhong. I wonder if Ms. Lin would be willing to help this person. The station was small. What's their relationship?"

What?

Lin youlin was stunned.

Was this the lawyer sent by the Lei family? The Lei family already knew?

Pay separately. The station was small. Who was this sister talking about?

Lin Hanxing explained 'kindly' as his already disheveled face revealed his shock.

"Don't you know? Someone has reported that this lady and Mr. Su are engaged in an act of bribery. If the situation is true, the serious result will be detention."

Selling money? Detained?

Lin youlin had never thought that things would be so difficult.

She could only blame herself for her mind going blank after hearing the news and coming here without even asking clearly.

Lin youlin looked at the lawyer in a daze and could not say a word!

Chapter 346: Fickle (3)

"Impossible! What money-selling Chang, it's definitely nonsense!"

Lin qianlin was jerked back to her senses by mother he's sudden pull, and she quickly explained.

you don't have the final say in this. We need evidence.

Lin Hanxing's long eyelashes fluttered slightly, and there was a faint smile on his face with yellow freckles, giving off an inexplicable sense of awe!

Lin youlin's heart skipped a beat. She was hesitant to call her husband, but he was having dinner with Zhong Xueqing and he zhehan, and they were discussing the Jiangcheng cross-sea bridge project.

Mother he retched and had a splitting headache.

She was already worried about he Chengyu's inexplicable disappearance from the hospital, and then this happened that night.

His entire spirit was about to be weakened!

The door of the room next door that su zhanlong was locked in was suddenly opened from the inside. A police officer came over with the statement of the interrogation. He leaned over to the ear of the police officer who had just questioned Luo Mingwei and whispered a few words.

The latter's expression immediately turned grave.

"I'll give you one last chance to confess!"

The police officer looked at Luo Mingwei, clearly annoyed by her insolent behavior!

"I'm not here to sell myself! You guys go in and ask that su guy!"

Luo Mingwei shouted loudly, her emotions agitated!

"Hehe, you're not here to sell? The person inside has already confessed!"

An explanation?

These three words were like a bolt of lightning on a clear day, blasting the few people in front of them into a daze!

Zhong Yifu subconsciously looked at Lin Hanxing, who was in disguise.

What did she do?

He was worried that the Lin family would bail Luo Mingwei out ...

But now, Zhong Yifu couldn't understand the plot at all!

Why did su zhanlong just confess?

Lin qianlin and mother he were also taken aback. They didn't believe Luo Mingwei would sell her silver, but ...

Why did su zhanlong give an explanation?

"I have some evidence to support this lady's act of selling the bank."

Lin Hanxing took out a small stack of photos.

They were placed on the police's desk one by one.

In the photos, Luo Mingwei was dressed scantily, and her face was red. She was obviously drunk. Under the dim light of the bar, she looked like she had committed a sin!

In the next few photos, someone stuffed the money into Luo Mingwei's V-neck collar, and Luo Mingwei followed the person into the bathroom. According to the sequence of the photos, when she came out again, her clothes were half-removed, and it was obvious that she had done something.

the staff of the bar can prove that this lady often appears in such places.

Lin Hanxing's voice was calm and low, but it sounded more like a death sentence for Luo Mingwei!

"I'm not! I said I'm not!"

Luo Mingwei slammed the photo onto the ground in a fit of anger!

She did love to play, but it was all voluntary. She was definitely not out to sell herself!

"Su zhanlong, you bastard! You're framing me!"

Luo Mingwei stood up abruptly and ran quickly towards the room where su zhanlong was.

The police officer impatiently stepped forward, but before he could say anything, his face was already scratched!

Blood was about to be seen!

“Handcuff her! Selling silver to add to the attack. Police, no one is allowed to bail them out!”

Suddenly, a loud voice came from not far away.

Everyone’s eyes turned to the source of the voice, only to see a man in casual clothes standing with his hands behind his back and a righteous face. His eyes were sharp as he watched this absurd scene, and his expression was clearly angry!

And standing beside him was a man who was almost 1.9 meters tall, and he unconsciously gave off an oppressive feeling ...

Wasn’t that Thunder valiant beast?

Chapter 347: Come over

Lin Hanxing’s eyes flickered, but he remained calm.

Didn’t she tell him to wait in the car?

With the Bureau chief’s words, the police, who already disliked Luo Mingwei, took out handcuffs and cuffed her to the side.

The Thunder valiant beast looked at all of this, his face that was like a three-dimensional sculpture without any fluctuation of expression, and his eyes were pure ice-cold.

“Mr. Ley ...”

Lin qianlin was the first to react, and when she saw Lei Xiao, she no longer doubted the lawyer’s identity.

Even Lei Xiao had come out personally, which showed how much importance he attached to this matter!

She quickly walked towards Lei Xiao, but before she could get close, she was already shocked by his cold eyes!

They didn’t dare to take another step forward!

Lei Xiao’s appearance attracted everyone’s attention in the police station.

Especially after Lin youlin called out ‘Mr. Ray’, everyone’s eyes were full of curiosity.

In such a large Jiang city, there were countless people with the surname Lei.

However, who else could be so respected and feared by others other than the Lei family?

“It’s the Thunder valiant beast ...”

Suddenly, a soft cry of surprise came from the corner.

The one who spoke was a female police officer on duty.

At this moment, his eyes were fixed on Lei Xiao’s face.

Outsiders were not the only ones curious about the four sons of the Lei family. They were naturally curious as well.

There had even been people who had secretly checked the registration information of the Lei family's four sons.

Naturally, she had seen the photos before.

Hearing the two words "Thunder valiant beast," the others looked at him with even more heated eyes!

Among the four sons of the Lei family, the eldest was Lei Xiao, the second was Lei Qian, the third was Lei Cheng, and the fourth was Lei Jue. Any one of them was a Dragon among men, and among them, Lei Xiao was the most mysterious and eye-catching.

"Come here." At this time, the rather mysterious group tycoon was expressionless as he spoke in a deep voice.

It was a simple word, without a beginning or an end. No one could guess who he was talking to.

Lin youlin hesitated. Just as she was wondering if he was talking to her, Thunder owl spoke again.

"You still need me to invite you?"

The surroundings became even quieter, and the people around them looked at each other, completely confused.

Lin Hanxing, who was standing beside Zhong Yifu, knew that Lei Xiao was calling her.

Sighing in her heart, she slowly walked towards the Thunder valiant beast.

Everyone watched as the lawyer, who had been accompanying Zhong Yifu, moved over like a snail. The expression on his yellow and freckled face was indescribable. The combination of a handsome man and an ugly man was really jaw-dropping!

"President Lei!" Lin Hanxing quickly adjusted himself.

He straightened up and looked back at Thunder valiant without any expression.

Thunder owl didn't say anything, his expression indifferent.

The moment their eyes met, Lin Hanxing could clearly see the smile in his eyes.

What's so funny!

Lin Hanxing rolled his eyes in his heart and glared at him.

Lei Xiao retracted his gaze and turned to Luo Mingwei, who was cuffed.

Lin youlin's heart skipped a beat.

She was all too familiar with the Thunder valiant beast's eyes. It clearly meant that he was not going to show any mercy.

However, Luo Mingwei didn't seem to sense any danger at all. She just kept struggling and shouting, 'su zhanlong, that bastard !'. It was obvious that she was deeply immersed in her own emotions.

"Mr. Ley, Mingwei is insensible. I apologize to you on her behalf, but can we resolve this internally?"

Lin youlin understood her sister-in-law.

She believed that she was seducing someone's husband, but she didn't believe that she was selling money.

However, this time, she had actually provoked the Lei family. What could she do?

little 9th once saved your little nephew. This time, we'll give the Lin family some face ...

Chapter 348: Reaping the fruits of one's own labor (1)

Lei Xiao looked at Lin youlin who said this.

His eyes were pure and cold, as if he was immersed in a cold pool. It made people's hearts almost stop.

"What right do you have to use the face I gave her to ask for your favor?"

His voice was full of sarcasm, and his dark and deep eyes were full of mockery.

Lin youlin's face turned red and her mouth trembled, unable to say a word.

Lin Hanxing pursed his lips and tried to stop himself from laughing.

Lei Xiao was used to being cold and detached.

But it was also because of this personality that as long as he wanted to, the words he said would be even more lethal and embarrassing!

Just when Lin youlin thought that there was no turning back, Lei Xiao spoke again.

"I can do you a favor and not pursue Ms. Luo's act of selling the bank!"

Lin youlin was overjoyed when she heard Lei Xiao's words, but Zhong Yifu was furious.

Just as she was about to speak, Lin Hanxing, who was standing beside Lei Xiao, looked at Zhong Yifu coldly.

It was so cold that she instantly felt her anger dissipate.

Lei Xiao took a pen and paper from the side, and wrote down a string of addresses.

"The condition is that Lin Hanxing has to come here to see me tomorrow."

He passed the address to Lin youlin in a cold and overbearing manner.

"Little ... Little nine?"

Lin youlin's eyes widened. She didn't expect little 9th to be involved in this.

But ...

Looking at her sister-in-law who was still cuffed to the side, Lin youlin gritted her teeth and took the address.

“Mister Ley, you want to do something to little 9th ...”

Lin qianlin didn’t even finish her sentence before she gave in to Lei Xiao’s teasing gaze.

“What do you think I want to do to her?”

The answer to what a man wanted to do to a woman was self-evident.

His sexy tone coupled with his seductive face made Lin youlin feel a little overwhelmed.

She blushed and looked away.

He kept the note quietly.

“I agree.”

Lin Hanxing had seen the entire process, but his eyes were cold and indifferent.

“Ms. Lin, you can go and pay your fine now.”

Lei Xiao looked at the director, his deep eyes surging with dark waves.

The chief waved to his subordinate.

Lin youlin heaved a sigh of relief, and even her expression looked much better. Without a word, she took out a thick stack of money from her bag and paid the fine.

After confirming that the money had been handed over, Lei Xiao’s mouth curled into a mocking smile.

“Sorry to trouble you, director.”

“Why would it be troublesome?” The director’s words had a deeper meaning.

“The fine has been paid, take him in for 15 days.”

Then, the director said with a serious face.

The development of the situation caught everyone off guard.

Lin youlin’s heart, which had just calmed down, suddenly tensed up again, and she subconsciously looked at Lei Xiao.

He lied to her?

Ms. Lin, you don’t have to look at me like that. I said that I wouldn’t pursue Ms. Luo’s betrayal of the bank, and I’ve done it.

Thunder valiant beast said in a mocking tone.

but ... Lin youlin looked at Luo Mingwei and then at Lei Xiao.

“But who asked Ms. Luo to attack a police officer!”

Lei Xiao’s words were completely emotionless, as if he wasn’t the one who had set up the trap and was waiting for someone to take the bait.

He had indeed fulfilled his promise.

Zhong Yifu felt as if she was watching a drama that had turned around.

She had thought that the Lin family would take Luo Mingwei away after they arrived, but she did not expect the plot to develop beyond her control!

He looked at Lin Hanxing subconsciously.

From the very beginning, he had called the police to report that Luo Mingwei and su zhanlong were selling their money.

He was brought back to the police station.

Then, su zhanlong’s instructions angered Luo Mingwei into attacking the police in her agitation ...

Every step he took seemed to be within the grasp of the two people in front of him!

What happened to Luo Mingwei in the end?

After all, Lin youlin paid the money and signed the papers without any hesitation. What did this mean?

Chapter 349: Reaping the fruits of one’s own labor (2)

This meant that the family had acknowledged the crime and agreed to be punished.

In other words, no matter how much Luo Mingwei argued, the matter had already been settled.

Tonight’s incident had blown up so much that the video of Luo Mingwei and su zhanlong being surrounded in the hotel was spreading at the speed of light in the circle of friends of the people in Jiangcheng. They were all famous people, so it was only a matter of time before they were recognized!

Since ancient times, this kind of thing was good for men, but it was a destructive blow to women ...

In addition to being detained for 15 days, how could Luo Mingwei still face anyone?

When she came back to her senses, Zhong Yifu wanted to laugh out loud.

Ruthless! How ruthless!

Lin youlin’s face turned pale. If it wasn’t for mother he, she would have collapsed to the ground.

“I don’t want to! I don’t want to be detained!”

When she heard that she was going to be detained for 15 days, Luo Mingwei, who had been protected by her brother since she was young, finally knew what fear was.

“Su zhanlong, you bastard, get out here and explain it clearly to me!”

With her hands cuffed, Luo Mingwei struggled madly, crying and snot running down her face.

He was howling like a pig being slaughtered.

“Sister-in-law, call big brother! Ask him to save me! I don’t want to be detained!”

The more she struggled, the more the kiss marks on her body that she was most proud of were exposed to the public.

These things could be considered fun between men and women when the door was closed.

But now, it was like a slap to Lin youlin’s face.

Lin youlin’s chest heaved up and down violently. She pursed her lips and didn’t say a word as she watched Luo Mingwei being taken away by the police.

From the beginning to the end, Lin Hanxing had only watched everything with cold eyes.

It was just as she had expected.

Zhong Yifu smiled and hummed a song as she paid the fine.

This was because su zhanlong had his own inspection. After paying the fine, he could leave.

The group left the police station.

Lin Hanxing followed behind Lei Xiao. As soon as they left the police station, they heard a crisp sound.

Lin youlin rushed over and slapped su zhanlong in the face!

“You hit my husband!”

Zhong Yifu was like a firecracker that had been lit up, and she started to fight with Lin youlin again.

However, this time, Lei Xiao and Lin Hanxing did not stop.

He walked towards the parking lot.

.....

At the parking lot.

Lin Hanxing lowered his head and seemed to be thinking about something. He did not notice that Lei Xiao, who was walking in front, had stopped.

With a thump, she fell into the man’s firm arms.

“You ...”

Lin Hanxing raised his head and saw Lei Xiao’s deep eyes staring at him under the dim street light.

She tiptoed and raised her hand to cover his eyes.

However, before she could touch him, Lei Xiao had already grabbed Lin Hanxing’s wrist and continued to look at her.

Thunder valiant didn't speak.

Lin Hanxing did not know what he was up to.

"It's amazing." But the next second, he finally spoke in a low voice.

His slender fingers took off the thick glasses on her face, revealing a small face full of freckles.

He seemed to be curious and even poked Lin Hanxing's cheek with his fingertip.

It was soft.

Lin Hanxing opened his mouth and spat the cotton balls that filled his cheeks into the trash can beside him.

In Lei Xiao's eyes, it was like a hamster pouring out the pine nuts in its bag.

One after another.

"No," Although Lin Hanxing's face was still yellow, his fat face had already deflated.

The Thunder valiant beast's gaze shifted to her stomach.

He reached out his finger again and poked it.

"Don't mess around," Lin Hanxing reached out and grabbed his finger, snatching his glasses back and putting them on.

He took off his wig ...

Chapter 350: A call from Yuan shaojing

Her long hair poured down like a waterfall.

The Thunder valiant beast grabbed one out of reflex and wrapped it around his long fingers.

"Are you ready to make a move on the SU family's side?"

What happened tonight was a good opportunity.

Even if people found out that the person behind the SU family was Lei Xiao, they would only think that he was doing it for Zhong Yifu.

"Yes." As Lei Xiao spoke, he continued to look at Lin Hanxing's face with curiosity.

The freckles seemed to really grow on her face.

As he thought about this, he reached out and pinched Lin Hanxing's cheeks.

Lin Hanxing did not react in time and was caught by Lei Xiao.

"It's so cute." He rubbed the freckles with his fingers.

Even though he knew it wasn't true.

Lin Hanxing's face burned when he heard those three words.

No one had the guts to use these three words to describe themselves.

"Just like a hamster."

The cold expression on Lei Xiao's face seemed to have been unfrozen, and even his eyes were filled with a strong sense of possessiveness.

Lin Hanxing could not stand being stared at like that.

However, Lei Xiao pinched her face with pleasure.

"That's enough!"

He grabbed the Thunder valiant beast's wrist with both hands and bit it.

In Lei Xiao's eyes, he looked more like an irritated pudding rat.

His cold and hard heart softened.

"I'm going back." Lin Hanxing looked at his watch and realized that it was past midnight.

Just as he got into the car, Lei Xiao called.

"Yes, she's with me."

Lin Hanxing had just taken off his old-fashioned jacket when he heard this. He looked up at him.

"I'll be there in about twenty minutes."

With that, Lei Xiao hung up the phone.

"Who is it?"

Lin Hanxing felt that there was something wrong with Lei Xiao's tone.

"Uncle Yuan,"

Yuan shaojing?

Lin Hanxing frowned slightly. Her intuition told her that something was wrong.

This thought was confirmed in a bar on Bar Street in Jiang City 20 minutes later.

The night was supposed to be the most lively time in the bar, but when Lei Xiao and Lin Hanxing arrived, the surroundings were dead. The bar was also in a state of complete clearance.

Uncle hai was waiting at the door, and the people standing beside him were all Yuan shaojing's men.

"Sir is in the private room upstairs."

After uncle hai finished speaking, he reached out and blocked Lin Hanxing's way with an expressionless face.

"I'm Lin Hanxing."

Lin Hanxing said in a deep voice. Uncle hai could not hide his surprise and looked at her face carefully.

The hand that was holding her back was lowered ...

Lei Xiao and Lin Hanxing walked into the bar.

Just as they had thought, the place was cleared, but there were sounds coming from the second floor.

"I'll go wash my face first."

Lin Hanxing's voice was very soft, but it was very clear in the quiet atmosphere.

She turned around and entered the bathroom.

She washed the makeup off her face.

When she came out, her delicate little face was like a lotus flower out of the water, white and delicate.

Thunder owl looked at her face, his eyes showing a little pity.

He seemed to really like those freckles.

Under uncle Hai's lead, the two of them quickly arrived at the door of the private room. Strange panting sounds could be heard from somewhere.

Lin Hanxing raised his head and looked at uncle hai.

Uncle hai looked back at her expressionlessly.

Lin Hanxing retracted his gaze, pushed open the private room's door and walked in with Lei Xiao.

Behind him, uncle hai closed the door from the outside with a click.

Yuan shaojing's back was facing them as he stood in front of a one-way transparent glass. When he was separated from the cemetery in the morning, he looked even lonelier.

"You guys are here."

A hoarse voice sounded, revealing a hint of mystery.

"Come here." Immediately after, Yuan shaojing spoke again.

Lin Hanxing looked at him, but he was not worried that he would harm him, but ...

What was he trying to do?

With this thought in mind, Lin Hanxing and Lei Xiao walked over.

But when she looked at the other side of the transparent glass, Lei Xiao suddenly reached out and covered her eyes!
