

Goodnight 541

Chapter 541: The capital to look down on everything

There was complete silence.

There was only one question in everyone's mind, what was the Thunder valiant beast trying to do?

Such a strong combination, such a big lineup, to smash the scene?

For a moment, no one dared to speak carelessly.

He only felt that he had made the right decision to come here today. Not everyone was lucky enough to encounter such a lively event.

Luo Minghao was the first to recover.

No matter what Lei Xiao's purpose for coming today was, with his status, he could not be neglected.

Luo Minghao gave his wife and son a look, then walked up to them.

"Mr. Lei, I didn't expect you to take the time to come. I didn't welcome you from afar!"

He stretched out his hand and waited.

Facing Lei Xiao, who was much younger than him, Luo Minghao did not feel any shame.

The guests were filled with contempt but also envy.

After all, in the circle of influential people in Jiang city, not everyone had the chance to flatter Lei Xiao in front of him!

At least, most of the people present didn't even have the qualifications to talk to him!

Everyone was waiting for Lei Xiao to make a statement.

Lin qianlin's heart was in her throat. Her intuition told her that the Thunder valiant beast's appearance had something to do with little nine.

However, Lei Xiao, who was walking in front, did not even stop.

He did not even look at Luo Minghao's hand that was already in front of him. His expressionless face was like an ice sculpture, and he walked past Luo Minghao with pure coldness!

He didn't even leave Luo Minghao any face!

However, no one on the scene felt that Lei Xiao was arrogant and unreasonable!

It was as if this was something completely normal for him!

This was because this man had the capital to look down on everything!

Luo Minghao's hand was still frozen in mid-air, not knowing whether to raise or let go.

His face was ashen.

He had clearly heard Yan beiming sneer at him when he passed by.

It seemed to be mocking him for overestimating his ability.

This damn Yan beiming!

Perhaps even Luo Minghao himself did not realize that even if he was extremely embarrassed, he did not dare to blame this humiliation on Lei Xiao, who had brought him such humiliation!

No one dared to speak.

Everyone was waiting to see where the Thunder valiant beast was going.

The woman's eyes were filled with infatuation.

It was as if this man had the magic of a ruler. Even with handsome men like Yan beiming and Liang yuran around, people could not help but focus all their attention on him.

He didn't want anyone to get a share!

The Thunder valiant beast suddenly stopped.

Beside the Daoist priest whose mouth was covered in Black dog's blood.

His eyes were cold.

The back of the Daoist priest's hand was bleeding profusely from the hole made by the high heels.

However, Lei Xiao's shiny black Italian handmade leather shoes suddenly stepped on the stage.

He crushed it with force.

Even the sound of bones breaking could be heard clearly!

"Ah ..."

The Daoist priest's shrill scream seemed to reverberate through the clouds.

His mouth was filled with the stench of blood.

"You're making this young master annoyed!"

With a gesture from Yan beixiao, someone stepped forward and covered his mouth.

Everyone watched as Lei Xiao's thick heel pressed back and forth on the back of his opponent's hand, and a powerful aura came pressing down!

The guests were all cold.

They even held their breaths when they heard the sound of bones breaking!

Lin Hanxing's beautiful eyes, hidden behind the black mesh of her top hat, flashed with a smile.

She really didn't expect Thunder valiant to come.

Furthermore, he had not revealed any news of his arrival before this.

So, could this be considered a little surprise?

Perhaps she was too engrossed in her thoughts and forgot to control the strength of her hand. With a crisp sound, the jaw of the person she was controlling in her palm was dislocated, and saliva dripped down from his mouth.

Chapter 542: There are two tigers in one mountain

Lin Hanxing let go with a disgusted expression.

He allowed the other party to hold his chin and let out a cry of horror!

The entire scene was witnessed by the Luo family members who were making trouble just now!

If her style of doing things without any warning last night was not shocking enough, then everything that had happened today, including what had just happened, was enough to make people's scalps go numb. Compared to the slap and the kick to the heart last night, it was obviously scarier to easily break people's jaws!

More importantly, Lin Hanxing's expression was cold and indifferent the entire time.

Yan beiming took in this scene and elbowed Liang yuran beside him.

"Did you see that? there are two tigers on one mountain, one male and one female!"

Little Hanxing and ah Xiao were a perfect match, they didn't show any mercy when dealing with people!

Very quickly, Lei Xiao removed the heel of the heavy leather shoes from the Taoist's hand.

That hand was considered crippled!

There were even bones penetrating their skin, and the timid female guests covered their eyes in fear.

Luo Minghao didn't even dare to let out a fart!

Lei Xiao continued to walk towards the bier. By the time the Luo family members realized that something was wrong, they had already been trapped in a corner by Lei Xiao's men. There was no possibility of them even struggling!

"Mr. Ley, what are you doing?"

Luo Wenbo saw that his own family was blocked, so he walked out with anger in his chest.

Unlike the way he ignored Luo Minghao, Lei Xiao slowly raised his head and looked at him. His cold eyes were emotionless.

Without waiting for him to speak, Luo Wenbo already had the tendency to admit defeat.

"Today is the day of my aunt's burial. Mr. Lei, please do not go overboard!"

From the moment Luo Wenbo opened his mouth, Luo Wensu knew that things were not good. He hurriedly took a step forward and supported his elder brother.

"Hehe."

Lei Xiao laughed coldly, looked away, and walked towards Lin Hanxing.

During the process, he passed by Luo Mingwei's portrait that had fallen to the ground. He stepped on it with his shoe, and everyone could only hear the crackling sound. They shuddered at the sound, and their bodies went numb.

Soon, he was in front of Lin Hanxing.

She was almost 190cm tall, cold and strong. The shadow that covered Lin Hanxing made her look petite and lovely.

"What are you doing here?"

Lin Hanxing's eyes were as bright as the stars, and Lei Xiao's heart softened at the sight.

He took the wet tissue from his subordinate and silently held her soft little hand to carefully wipe it.

She was serious and gentle.

The guests who had wanted to watch the show were taken aback by his appearance.

In their impression, Lei Xiao was the synonym of cold and domineering, when had he ever had such a considerate appearance?

He couldn't help but recall the news he had heard from the he family ...

Lin xiaojiu had improper thoughts about the Lei family's eldest young master ...

It was not Lin xiaojiu who had improper thoughts about Lei Xiao. From his expression, it was clearly Lei Xiao who had ...

Although they were thinking this in their hearts, no one dared to say it out loud.

"Ah Xiao was already prepared when you called Liang yuran!"

Yan beixiao pursed his lips. He looked down on the sour smell of love in the air.

Lin Hanxing looked at Lei Xiao.

The Thunder valiant beast maintained his silence, his aura strong.

who was the one who said that Luo Mingwei was resentful? "

After an unknown period of time, Thunder valiant beast finally spoke.

He threw the used wet tissue into the trash can at the side and turned to look at the Luo family members who were surrounded by his men. He suddenly released his cold aura, making it difficult for them to breathe!

Chapter 543: Cowardly like a dog

The Luo family, who had been crying and screaming under Luo Minghao's gaze, didn't dare to say a word.

He sat in the corner, trembling like a quail.

Lin Hanxing smiled as she looked at the Luo family members who had just wanted to eat her flesh and drink her blood.

After all, in the face of absolute power, these people were just a group of ants.

It seems that this ghost also knows how to pick on the soft persimmons. Instead of coming to find you, it's circling around little Hanxing!

Yan beixiao chuckled. How could the Luo family have the face to play such a trick!

Lei Xiao glanced at the Luo family member whose jaw had been dislocated by Lin Hanxing and quickly sent someone to clean him up.

For a moment, no one dared to speak.

They watched as Thunder Valiant's men dragged the man to the ground and disappeared from everyone's sight.

Lin Hanxing looked at Liang yuran.

The next second, Liang yuran handed her the recording pen he had prepared.

I know that the rumors of the Lin family being haunted last night have already spread outside.

Lin Hanxing played with the recording pen in his hand, his voice cold as he looked at the guests.

"What did those people say ..."

She furrowed her brows slightly, her expression as contemplative as she could be.

she said that I did something wrong to Luo Mingwei, so she's here to take revenge on me!

Lin Hanxing chuckled.

To readers! our content is stolen. Please copy and search this link " <https://tinyurl.com/39hpcn6j> " to support us

At this moment, in everyone's eyes, this delicate, doll-like woman's face was full of mockery. People couldn't help but believe that those rumors were completely false and used to slander her!

"I originally thought that no one would believe such absurd remarks, but I didn't expect that uncle's relatives would criticize me like this just now. They even forced me to admit that I really did something wrong to her!"

Every word and sentence was extremely moving.

If Yan beixiao did not know little Hanxing's character well, he would probably have shed tears of sympathy for her!

Only God knew that she was already showing mercy by not destroying the Luo family!

"Now I know what it means to be afraid of gossip."

As Lin Hanxing spoke, he looked at Luo Wenbo, his eyes cold, but his face was full of feigned helplessness.

Everyone's attention was drawn to Lin Hanxing.

Lei Jing stood beside her, his tall and strong body like a towering mountain, exuding a strong and domineering aura!

They speculated about the relationship between the two, but they didn't dare to say anything.

Clearly, Lei Xiao was here to back Lin xiaojiu up!

Luo Wenbo's entire body was cold!

Because the moment he looked at Lin xiaojiu, he suddenly realized that he had been tricked by her!

Not only did Lin xiaojiu know what she wanted to do today, but she also played a hand in adding fuel to the fire, making the matter big enough to attract everyone's attention. This was her real purpose!

And her eyes were also telling him the same thing!

Luo Minghao obviously realized this as well. At that moment, he regretted agreeing to his eldest son's request to teach little 9th a lesson on impulse. Now, it seemed like he had dug a hole and buried himself!

aunt, uncle, do you want to know what Luo Mingwei told me that night? "

You want to use the pressure of rumors and public opinion to force me to submit, then I will let you have a taste of what it means to be afraid of gossip!

These guests that Luo Wenbo had originally invited to witness a ridiculous farce would become the best knives in her hands at this time. Instead, she would let them know what the heavenly Dao and good reincarnation were.

"Alright, I'll tell all of you!"

Chapter 544: She was the one who felt guilty towards me

As soon as Lin Hanxing finished speaking, a group of reporters appeared out of nowhere and surrounded her.

These reporters were all brought by Lei Xiao.

Before this, they had already issued a strict order that only audio was allowed to be broadcasted, and no videos or photos were allowed to be leaked.

It's here! That feeling was back!

Luo Minghao clenched his fists tightly, and the veins on his forehead were throbbing.

The feeling that no matter how he schemed, Lin xiaojiu would easily turn the tables on him made him feel like he was going to explode!

"Rumor has it that Luo Mingwei is here to take revenge on me! Unfortunately, you're all wrong!"

Lin Hanxing's long eyelashes covered the coldness in his eyes. No matter how one heard it, there was a hint of a sigh in his voice.

"She's the one who's feeling guilty!"

She had said these words very clearly so that the entire Luo family and the entire guest area could hear it!

The guests were immediately filled with curiosity about this sentence!

Did Lin xiaojiu say that Luo Mingwei felt guilty toward her?

"You're talking nonsense!" Luo Ruyin's sickly voice came from not far away!

At this time, Luo Ruyin was still in a state of high fever, and even when she walked, she was still trembling.

"How could aunt feel guilty towards you? I don't know how much I hate you!"

Luo Ruyin spoke out of instinct, but she didn't know that the guests who heard this couldn't help but burst into an uproar.

Everyone in Jiang city knew that the Lin family had been looking for Lin xiaojiu for 18 years. They had thought that she would be provided for by the Lin family after being found, but the reality was the opposite.

To readers! our content is stolen. Please copy and search this link " <https://tinyurl.com/39hpcn6j> " to support us

Luo Ruyin was dizzy from the fever, but someone suddenly woke her up. When she found out that Lin xiaojiu dared to make trouble on the day of her aunt's burial, she held her breath and ran downstairs!

"Ruyin, quickly go back!"

Lin youlin saw her daughter's 'nonsense' and quickly stopped her!

Luo Ruyin, on the other hand, walked towards Lin Hanxing. When she saw Lei Xiao, her body's instinctive reaction was to shiver in fear, but her mind was filled with wild thoughts.

Lin xiaojiu, our entire family doesn't like you!

Luo Ruyin was about to reach the bier, but when she passed by Liang yuran and Yan beiming, she felt weak.

"What the f * ck, a scam?"

Yan beiming dodged nimbly like a monkey, while Liang yuran's movements were unhurried.

Luo Ruyin fell to the ground.

His eyes revealed a look of disbelief, as if he couldn't believe that a man could be so ungentlemanly.

Lin Hanxing pursed his lips and tried not to laugh.

Yan beiming and Liang yuran were not the type to be tender and protective towards all women. Luo Ruyin had found the wrong person.

Luo Wensu couldn't stand it anymore. He quickly walked over and picked Luo Ruyin up from the ground. His eyes subconsciously looked at Lin Hanxing with complicated emotions!

He was a rare smart person in the entire Lin family.

However, he alone was not smart enough to stop the entire Lin family from being stupid.

The guests 'discussion and the reporters' equipment told Luo Wensu that he couldn't stop them!

If big brother had not been so stupid as to cause trouble for Lin xiaojiu during his aunt's burial, he would not have been used by her and ended up in such a difficult situation!

Luo Wensu could already imagine the gossip and rumors about the Lin family in Jiang city!

However, he could not stop it!

"Luo Ruyin, shut up!"

Luo Wensu growled at the person in his arms and carried her into the Lin family villa.

At this time, Lin Hanxing and Jiang Xibao, who had just come out of the villa, looked at each other. She was obviously very satisfied with the effect of Luo Ruyin's appearance!

Chapter 545: Announcement of the recording

The sound of an alarm was heard from afar.

Soon, the leader who was in charge of Luo Mingwei's case appeared with the police officers.

An hour ago, he had received a call from Lin Hanxing.

They said that they would release a recording from the night of the incident.

On the night of the SU family's incident, all the monitoring equipment had malfunctioned. Other than Lin Hanxing, who had entered the villa, no one else could provide any useful information. After all, the SU couple had been knocked unconscious by Luo Mingwei!

However, Lin Hanxing avoided the topic that night when they were giving their statement. With the pressure from the Lei family, the matter was left unsettled.

He didn't expect that she would take the initiative to contact him today.

Lin Hanxing's delicate little face was expressionless. Facing the reporters and police, he pressed the recording pen in his hand.

"Back then, I was wrong about what happened back then! I'll kowtow to your parents and admit my mistake. Little 9th, spare me!"

Luo Mingwei's shrill voice was transmitted to everyone's ears through the microphone.

Luo Wensu, who was originally carrying Luo Ruyin towards the villa, suddenly stopped in his tracks!

He turned around and looked at Lin Hanxing, who was surrounded by reporters.

Everyone who knew Luo Mingwei could tell that it was her.

"I was really possessed back then!"

"Spare me! Little nine! Please spare me!"

No one spoke, and the shrill 'spare me' reverberated throughout the entire place, making the people who heard it tremble in fear.

Lin youlin's face turned pale, and she grabbed her husband's hand. Even Luo Wenbo's eyes widened.

It was as if he had never expected such a turn of events!

Lin Hanxing took in the expressions on everyone's faces, his eyes cold.

The bracelet on her wrist did have the function of blocking signals, but when it was activated, the cloud monitoring function would also be activated because of the fear of accidents. Everything that happened would be recorded and sent directly to Liang yuran's Cloud Drive for safekeeping.

So today, Lin Hanxing first called Liang yuran!

before Luo Mingwei died, she was honest with me. Back then, she sold the Lin Group's business secrets to a rival company out of her own private debt and received a high reward from it!

Lei Xiao took the documents from Yan beiming's hands and handed them to her.

and this directly led to the crisis that the Lin family faced back then!

Lin Hanxing's hand fell on the kraft paper bag, and his cold voice carried a heaviness that no one could ignore!

As for the fact that Luo Mingwei had only called Lin xiaojiu into the SU residence that night, there were many different opinions in Jiangcheng. No one had expected the 'truth' to be like this!

now, is there anyone who still wants to say that Luo Mingwei is here to take revenge on me? "

Lin Hanxing laughed sarcastically.

His gaze swept across Luo Wenbo.

Speaking of which, she really had to thank him properly. If it wasn't for this idiot, how could she have been able to stand here smoothly?

Things were already so clear. Even if Luo Mingwei did return, Lin xiaojiu would not be blamed!

The Thunder valiant beast's eyes never left her.

He knew that Hanxing had been waiting for this moment for a long time.

For a long time, whenever the Lin couple was mentioned in Jiang city, they would always be associated with the Lin family's crisis back then.

There were different opinions.

However, it was inevitable that whenever Han Xing's father was mentioned, he would always be labeled as incompetent.

"Luo Mingwei was the one who instructed me to hand over this document that night! Evidence to prove that what she said is true!"

The sadness in her aura clearly affected everyone present.

A Beauty's sorrow could always resonate with others.

"This document also explains one thing ..."

Lin Hanxing looked at Lin youlin and Luo Minghao expressionlessly!

Chapter 546: Application to restart the investigation

"Back then, the crisis of the Lin family had dealt my father a heavy blow, but I don't think that was the reason for his sudden death! It wasn't until I saw the contents of this document that I realized!"

Lin Hanxing walked up to the leader in charge of Luo Mingwei's case and handed him the document.

the evidence in here shows that someone has been giving my father chronic drugs for a long time.

As soon as these words were spoken, a storm was set off!

Even the leader in charge of Luo Mingwei's case was shocked.

After a long while, he reached out to take the kraft paper bag from Lin Hanxing.

I don't know if my mother and daughter's deaths have anything to do with this. The reason why I invited you here today is to use this as an opportunity to apply for a restart of the investigation to investigate the truth behind my parents' death!

The pair of calm and almost cold eyes revealed his rationality through the black British mesh.

Seeing her like this, let alone Lei Xiao, even Yan beiming felt sad for her.

He couldn't imagine what kind of calmness and scheming little Hanxing had used to get to where he was today.

Using Luo Mingwei's death as an opportunity and Luo Wenbo's almost stupid plan, she had uncovered the tip of the iceberg of the Lin group's crisis. However, even though it was only the tip of the iceberg, it still made people's hearts ache for her!

Back then, everyone in Jiang city knew how much the Lin couple doted on this precious pearl in their palm.

It could be said that he was afraid of falling when touching it, and afraid of melting it in his mouth.

It was reasonable to say that it was easy to develop a pampered character in such an environment, but when she was taken out, anyone who saw her couldn't help but praise and love her. It was enough to show how much the Lin couple treated their only daughter.

Before the Lin family's accident, father Lin had even set up a charity fund in little 9th's name.

When a reporter asked about this during an interview, father Lin only smiled shyly and said that he wanted to accumulate good fortune for his daughter. He hoped that his most beloved wife and daughter could have a smooth life, be safe and happy.

"I believe that the truth may be late, but it will never be absent!"

The entire place was silent.

Even the reporters couldn't say anything.

Today, when they received the arrangements from the higher-ups to come to the Lin family's house, they had originally only wanted to conduct a casual interview. After all, they couldn't allow any videos or photos to be leaked. What kind of storm could they cause with just audio?

Perhaps no one would have thought that they would be able to witness such a historical process of overturning an old case!

Lin youlin was stunned!

She never thought that Lin Hanxing would bring the crisis of the Lin family back to the public in such a way. She did not dare to imagine how big a storm this would cause!

Fear, panic, Lin youlin's mind went blank.

He could only hold Luo Minghao's arm subconsciously!

Just as everyone remained silent, the Thunder valiant beast suddenly made a move.

In front of everyone, he walked up to Lin Hanxing and held her in his arms. He pressed her head hard and buried her face in his neck.

Although she was smiling, Lei Xiao could see through the sadness in her heart.

"Hanxing, I'm here."

Lei Xiao's magnetic and deep voice rang in her ears, but it gave Lin Hanxing an endless sense of security.

The crowd clearly had not recovered from the shock as they watched this scene with wide eyes.

Other than the two of them, even the reporters nearby could not hear what Lei Xiao said.

But that expression ...

It was a gentleness that he had never shown in front of anyone!

"I'll take you home."

Chapter 547: I'll dote on you like a brother

On the way back.

Yan beixiao was the chauffeur, and it was quiet.

He only looked back through the rearview mirror from time to time.

Just like that, Lei Xiao carried Lin Hanxing out of the Lin family's residence in front of everyone and got into his car.

This was the way back to the Lei family.

Lin Hanxing nestled in Lei Xiao's arms peacefully. He had not let go of her since they got into the car.

Her thick, black eyelashes fell, and he didn't know what she was thinking.

Suddenly, she felt the decorative black top hat on her head being taken off by Thunder valiant.

Lin Hanxing slowly opened his eyes.

Lei Xiao was raising his hand, carefully and seriously removing the black hair clip hidden in his hair.

Her snow-white satin-like black hair hung down.

It was as soft as seaweed.

Thunder valiant beast's large palm stroked her hair, again and again.

His heart was in so much pain that it was about to explode.

At the Lin family, he stood behind Han Xing and watched her straighten her small body in front of the reporters, police, and guests. She carefully and almost cruelly exposed her own scars, causing the bloodlust that had been hidden in Lei Xiao's blood for a long time to surge.

Even if he took her away from that place now ...

Looking at Han Xing, Lei Xiao could not suppress his heartache.

Lin Hanxing looked at the man as if he had sensed his emotions.

"I'm fine."

She said.

A sobbing voice came from the driver's seat.

"....."

"....."

Lin Hanxing and Lei Xiao could not help but look at the young Duke Yan, who was wantonly releasing his sorrow.

"Little Hanxing, brother Yan will definitely dote on you like a real brother in the future!"

Yan Beichen said, tears and snot streaming down his face.

"I swear on all the luck I have in this life!"

"....."

"....."

Lin Hanxing could not help but burst out laughing.

Seeing her smile, the coldness in Lei Xiao's eyes finally dissipated a lot.

The car quickly entered the Lei family villa.

At this time, there were a few noble ladies sitting in the Lei family. Mother Lei dealt with them appropriately, but her eyes would glance into the courtyard from time to time.

This group of people was so annoying.

Even though Mama Lei was ridiculing him in her heart, she still maintained a friendly smile on her face.

This group of people had arrived right after breakfast, and had been pestering her about all sorts of things. In fact, they were trying to test the Lei family's attitude towards Lei Xiao's appearance in front of the board of directors and senior management with Han Xing.

"I heard that there was a ghost in the Lin family last night!"

I've heard about it too. They said that Luo Mingwei came to take his life. It's so scary!

A group of wealthy ladies were gathered together and loved to gossip when they were bored. As they talked, they glanced at mother Lei from the corner of their eyes.

Mother Lei sipped on her black tea unhurriedly.

He didn't make any statement.

Such an attitude was much more thought-provoking in the eyes of these noble ladies.

From the looks of it, Madam Lei didn't seem to agree!

where do you guys think Lin xiaojiu came from? he's been missing for so long!

Mother Lei was so angry that she stomped her feet and expressionlessly asked the servant to pour more tea.

ever since she came back, the Lin family has been in a lot of trouble. I heard that her birth characters bring bad luck to her family and husband. You have to be careful when you see her. Don't let her bring bad luck to you.

The noble ladies' words sounded as bitter as they could be.

Mother Lei took a deep breath, the thread of rationality in her head was about to snap.

"Hey, look at Weibo!"

Suddenly, a rich lady holding a mobile phone exclaimed.

With this sentence, almost everyone took out their phones and started to scroll through Weibo.

At this time, news about Lin xiaojiu was growing explosively in the public eye. It was unknown who had posted the audio recording of the funeral on the internet, but it instantly ignited the curiosity of the people!

Chapter 548: My secret stash of money

Lin xiaojiu.

The entire Jiang city had been bustling with noise and excitement since morning because of these three words.

People's curiosity about her had reached a new peak.

After all, ever since Lin xiaojiu returned from her 18-year disappearance, she had never appeared in public. If it wasn't for the police's confirmation, everyone would have thought that this was all a show directed by the Lin family.

According to the rules of the industry, the Lin family should have held a banquet for her a long time ago, but there was no movement from them. People who were interested in the matter began to speculate that there was something wrong with Lin xiaojiu, so she was not suitable to appear in the public eye.

For a time, rumors that she was uglier than no salt, fat on the head, weird and hateful appeared.

If it wasn't for the fact that the husbands of these rich ladies had seen Lin xiaojiu yesterday and were still sighing as if they had lost their souls, they wouldn't have come over to the Lei family so early in the morning.

To play such a game of Inferno.

Someone clicked on the audio and Lin Hanxing's cold voice sounded.

The more she heard, the more her heart ached.

With a bang, he smashed the cup of red tea on the table.

Under the lady's surprised gaze, mother Lei rushed upstairs without a word.

"Madam Chen, see the guest out!"

Little did he know that such an action had caused a deep misunderstanding among the ladies!

He misunderstood that she was angry after hearing the news about Lin xiaojiu.

Everyone in Rivertown knew that the Lei family was more important than anything else. Now that things had turned out this way, Lin xiaojiu wanted to enter the Lei family, hehe ...

The ladies thought that they had gotten the information they wanted, so they didn't stay any longer and left with joy!

Little did they know that they had just brushed past the person in Yan beixiao's car ...

At this time, Lei kangnian, who was cooped up in the study on the second floor, was half-squatting and sneakily sticking the red packet containing his private money under the drawer with double-sided tape.

"The one surnamed Lei!"

The door of the study room was suddenly pushed open from the outside.

"....."

Lei kangnian blinked his eyes and looked at his wife, who was in a rage.

Yinyin, calm down. I'm actually saving up to buy you that limited edition donkey bag!

Donkey bag =LV bag!

"If someone bullies our daughter-in-law, are you going to do something about it?"

When he thought of his daughter-in-law, Zhong Nanyin's heart felt so bad that he was about to die, and tears fell as he spoke.

Lei kangnian didn't expect her to be so emotional.

“My daughter-in-law must be feeling aggrieved, Wuwu ... Lei!”

Zhong Nanyin cried as he walked toward Lei kangnian.

Lei kangnian sighed. Just as he was about to reach out and hug his wife, he saw her walk past him without even looking at him and head toward the bookshelf behind him.

“.....”

Lei kangnian’s hand was still stretched out.

Just like that, he watched as Zhong Nanyin accurately searched every corner for the money he had carefully hidden.

He saw more and more red packets in his wife’s arms.

His heart was numb from the pain!

“My daughter-in-law ...”

My private savings.

“My daughter-in-law ...”

My private savings.

When he was sure that he couldn’t find anything else, Zhong Nanyin finally threw the red packets on the desk in satisfaction.

“Are there any more?”

She sobbed and looked at Lei kangnian with eyes as red as a rabbit’s.

“No,”

He was expressionless!

“There’s really no more?”

“There’s really nothing else!”

Expressionless X2!

Zhong Nanyin slowly squatted down and lifted Lei kangnian’s pants.

Her small hands reached into his socks.

Then, he slowly took out a long strip of 100 yuan.

“Liar!”

Zhong Nanyin opened his bloodshot eyes and snorted!

Chapter 549: A phone call from fourth young master Lei

“.....”

Lei kangnian looked at his wife and felt that she was comparable to the grandson. She had trained her sharp eyes on him!

“Ah Xiao went to pick up Hanxing early in the morning.”

There was a helpless pampering tone in his voice. He looked at his stupid wife’s Red eyes and reached out to help her wipe her tears.

“Then why isn’t he back yet!”

Lei kangnian sighed and reached out to pull her into his arms.

Just as he was speaking, the sound of knocking came from outside.

“Madam, the young master has brought the young Madam back.”

Madam Chen’s voice came from outside.

Mother Lei’s eyes brightened when she heard that. She did not even look at her husband and ran out of the study with the money in her arms.

“.....”

Father Lei’s hands were still in a hugging position.

He looked on expressionlessly as his wife slipped away with his money in her arms.

After a long time.

After making sure that his wife had run downstairs, Lei kangnian slowly reached for the belt on his waist.

He pulled out a 100-dollar note that was also folded into a long strip from under his belt.

As long as the heart existed, the dream would exist. At most ...

.....

“My daughter-in-law!”

As soon as Lin Hanxing entered the villa, he was hugged by mother Lei!

Lei min’s forehead throbbed. Other than mother Lei, there was no one else who could snatch someone from his arms.

Lin Hanxing was stunned for a moment when he was suddenly hugged. Then, he understood.

She buried her face in Mama Lei’s arms. There was a mother’s scent that she missed, and it made her feel nostalgic.

“We’ll have hotpot after Yuan Bao finishes school!”

Ever since Madam Lei had eaten at Yujing garden, she had been completely poisoned by the hotpot.

“It’s a pity that ah Zhen isn’t here.”

Lei Jing was invited by the head of the British Museum to London to attend an academic research Seminar.

As Madam Lei spoke, she stuffed a red packet into Lin Hanxing’s arms.

“Mother Lei ...”

Lin Hanxing felt that the red packet looked familiar. She seemed to have seen it somewhere before.

daughter-in-law, the donkey bag is going to be in the new style. Let’s buy, buy, buy!

Donkey-bag?

She subconsciously turned back to look at Lei Xiao.

“LV.....LV.....”

Yan beixiao covered his mouth with his hand and reminded her softly.

“Ah Xiao can make a lot of money, don’t be afraid of spending all his money!”

As mother Lei spoke, she looked at Lin Hanxing’s delicate little face and thought of the news. Her heart ached.

“Mother Lei, you stole father Lei’s Secret stash of money again!”

Yan beixiao looked at the red packet and immediately rolled his eyes!

This couple was as interesting as they could be. One loved to hide his secret stash of money, while the other loved to steal!

As they were talking, Lei Xiao’s private phone rang.

He looked at the caller ID and saw that it was Lei Jue, who was overseas.

He quickly picked it up.

“Big brother, is sister-in-law by your side?”

Lei Jue was obviously still busy. In the background, there were people talking in English.

Lei Xiao looked at Lin Hanxing and agreed.

“Turn on the speaker. I have something to trouble you two with.”

After he finished speaking, Lei Jue turned his head to the side and said a few words to the person beside him. Then, he took his phone and seemed to have gone to the balcony.

The background music suddenly quieted down.

Lei Xiao made a hand gesture, signaling for mother Lei and Yan beiming to look at him, then turned on the speaker.

“Speak.”

Lei Xiao spoke to his brother on the other end of the phone.

I want to ask you and sister-in-law to help me attend Yuan Bao’s birth party.

Twenty minutes ago, Lei Jue had just received a call from a teacher at Yuan Bao school. However, he was not in the country and could not attend to many things at once. He could only ask his brother and sister-in-law to help him.

Lei Xiao looked over at Lin Hanxing with a questioning look.

Ever since the incident with Chairman Qian, the Lei family had transferred Yuan Bao to another school with a good reputation.

Chapter 550: Don’t you like it?

However, in order to prevent the incident with Chairman Qian from happening again, the Lei family had deliberately hidden Yuan Bao’s identity. Furthermore, Yuan Bao had never been exposed to the public, so apart from the principal, no one knew that Yuan Bao was a child of the Lei family.

“Time?” Lin Hanxing replied naturally.

“Tomorrow morning at around 8:30 am.”

Lei Jue stood on the hotel’s balcony, his silver-gray tie hanging loosely.

He stretched out his slender fingers and pressed them on both sides of his forehead. He had run to twelve cities in and out of the country for seven days, and his physical strength was a little exhausted.

Even though he felt guilty when he thought of Yuan Bao, he really could not go back because he had too much work to do.

“I know, don’t worry.”

Lin Hanxing’s voice came through the receiver, and the cold tone made Lei Jue suddenly recall another person’s memory.

After a simple thanks, Lei Jue hung up the phone.

His gaze fell on the gorgeous night sky of New York, deep and lonely.

He lit a cigarette out of habit.

Lei Jue, I hate it when you smoke!

Yingluo, who cares if you’re annoying or not?

It was as if someone was repeating it in his ears, trying to make him remember it.

He held the cigarette in his hand and looked at the dim light of the cigarette butt in the night. His cold lips slowly curled into a thin smile.

It was a rare warmth of longing.

"I'll go upstairs and remove my makeup."

Back at the Lei family, Lin Hanxing was at ease and did not even bother to put on makeup.

"Go on."

Lei Xiao looked at her deeply.

When Lin Hanxing went upstairs and pushed open the door to Lei Xiao's bedroom, he was stunned.

She had just left here yesterday.

Why did she come back today as if she didn't know him?

It turned out that after she left yesterday, Lei Xiao had asked the Lei corporation's high-end department store to send over a batch of the latest women's clothing of the season, as well as some skin care products, and even added an additional dressing table in his room.

They were worried that it would be inconvenient for Lin Hanxing to stay there.

Lin Hanxing walked in and sat in front of the White European dressing table.

It was obvious that the items on the shelf were brand new and unopened. They were well-organized and there was even a shelf for lipsticks. The shelf contained several of the most popular lipsticks on the market.

The most shocking thing was that there were all-colored numbers!

It was so full that it dazzled one's eyes!

"Do you like it?" Suddenly, the man's muscular figure was reflected in the dressing mirror.

Thunder valiant beast's voice was filled with uncertainty and apprehension.

When he had instructed Anthony to buy these things last night, he had not been able to make up his mind, so his mother had helped him choose.

Lin Hanxing raised his head and looked at Lei Xiao.

There was no expression on her delicate little face.

"You don't like it?" After a long while, Lei Xiao spoke in a deep voice, but his voice was somewhat depressed.

"What else did you buy?"

Come to think of it, Lei Xiao had not been staying here for long. The decoration style was also the legendary Leng Danfeng style, mainly black, white and gray. When Lin Hanxing first came in, he only had one feeling.

It was like entering a hotel.

But now, the lights in the room had been changed to a gentler light.

The curtains and sofa had also been changed.

At first glance, there wasn't much difference, but if you looked closely, you could feel that the whole atmosphere seemed to have become warmer because of the change in the mood of the owner.

Lei Xiao held her hand and walked to the cloakroom.

The moment he opened the door, the lights lit up on their own.

The left side was filled with Lei Xiao's clothes, mainly black, with all kinds of matching neckties and watches lying quietly in the partition.

On the right, it was full of women's clothes of the season.

Compared to the dark colors on the left side, the colors and designs on the right side were simply dazzling!
