

## Goodnight 851

Chapter 851: What do you want, give it to me quickly

Lin Hanxing's long eyelashes drooped slightly when he heard this, and the corners of his mouth curved into a perfect smile.

Zhao Xijing's teeth started to itch with hatred.

At such a young age, he was full of schemes!

big brother, threaten ... Threaten you? "

Zhao Dongyang asked, adding fuel to the fire.

The next second, Zhao Xijing's sinister eyes swept over him, causing him to shiver in fear.

"Idiot!"

After a long while, Zhao Xijing squeezed out these two words from the thousands of words he had to say.

Those who had come to welcome Han Mingmei today were all rich and powerful people in Jiang city, not to mention the female companions.

You can't tie him up, and you can't kill him!

Even if he could kill one of them, he couldn't possibly kill all of them.

If Lin Xiaojie were to leak out even a little bit of information, he would be completely destroyed!

She had calculated everything into her plan!

Zhao Dongyang felt wronged and didn't understand how he had become an idiot!

Zhao Xijing glared at Lin Hanxing as if he wanted to eat him up.

Lin Hanxing was not afraid at all. He was calm and composed.

"I've brought so many thugs with me, are you really not afraid?"

Zhao Xijing tried his best to calm down his throbbing forehead. He was so angry that he laughed.

Lin Hanxing's hand was fiddling with the only teacup in front of him that had not been taken away.

The next second, he whistled again.

He continued to blow at a unique frequency, not caring about the gazes of others.

Zhao Xijing had been absent earlier, but Zhao Dongyang had experienced it for himself.

"Brother ..."

He subconsciously looked at his hatchet man, and because of this, his expression was strange and frightened.

As the whistle sounded, a figure suddenly appeared behind the fierce-looking thug.

Before he could say anything else, he heard a continuous cracking sound.

The thugs who had been standing at the side waiting for the Zhao brothers' orders to rush out were now lying on the ground one after another with their necks tilted.

They were well-trained and silent!

It was like a silent movie, the scene was shocking!

"With our ah Xiao around, what do I have to be afraid of?"

Lin Hanxing supported his cheek with one hand and turned his head to look at Lei Xiao.

The corners of his mouth curled into the first faint smile that came from the bottom of his heart after meeting the Zhao brothers.

"Don't worry, I'll wake up in half an hour."

They had a lot to talk about in this half an hour.

"What do you want? give me a quick one!"

Zhao Xijing took a deep breath. He wanted to see what the Lin family's little 9th wanted from him.

After beating around the bush, he might as well be honest.

"Straightforward."

Lin Hanxing's eyes returned to the celadon teacup in front of him, and there was an indescribable clarity in his eyes.

don't worry, I have no interest in your private life or the Zhao family's career.

Since he had already broken through Zhao Xijing's psychological barrier, Lin Hanxing was no longer in a hurry. His cold voice rang in the Zhao brothers' ears, and the meaning behind it was unclear.

"But if you can't answer my next question honestly ..."

Lin Hanxing's voice was threatening.

Her long eyelashes cast a deep shadow on her face.

An intimidating aura burst out in an instant, so oppressive that the two men couldn't breathe.

"What do you want to ask ..."

In fact, Zhao Xijing already had a vague answer in his heart, but ...

Looking at Lin Hanxing's face, he couldn't figure out if she was asking about that matter.

Lin Hanxing dipped her finger into the cold tea and wrote two names on the table.

Chapter 852: The two names written on the table

If Zhao Xijing had initially thought that he would be lucky ...

However, when the words on the table gradually became clear, his elegant expression instantly twisted.

Lin Hanxing finished writing and retracted his hand.

For a long time, no one spoke, letting the wind dry the writing on the table.

Luo Wenbo and he zhehan.

Zhao Dongyang could tell that something was wrong with his brother.

“Big brother ...”

“Wait for me over there.”

Zhao Xijing said to Zhao Dongyang, his voice tense like a machine.

“But ...”

This time, before Zhao Dongyang could finish, Zhao Xijing had already raised his head and looked at him with a fierce gaze.

Zhao Dongyang stood up and walked away.

He pulled away from the two of them.

back then, Luo Wenbo and he zhehan called the three of you brothers and had an extremely good relationship.

“But I don’t know when it started, but you completely cut off your relationship with these two people, and even he zhehan became closer to Luo Wensu. I want to know what happened back then ...”

Lin Hanxing fiddled with the rim of his cup. His voice was gentle, but it made Zhao Xijing’s expression gloomy and serious.

“How long have you been back in Jiang city?”

Zhao Xijing’s tone could no longer be described as shocked. His eyes were deep in thought.

The only response he got was a cold chuckle.

Those who were listening to her couldn’t help but feel waves of shock in their hearts. They just wanted to pry open her head and see how many secrets were inside.

A gust of wind blew past, ruffling the White edges of Lin Hanxing’s Red cloak.

“You’ve put in so much effort and dragged so many people into this just to know about this?”

Zhao Xijing seemed to want to say something, but the moment his eyes met Lin Hanxing's ...

The words that were about to come out of his mouth disappeared completely.

"Miss Lin ..."

Zhao Xijing sighed. When he spoke again, his brows were already deeply furrowed.

"Before I tell you what you want to know, there's something I want to explain to you."

Lin Hanxing looked at him indifferently.

although I have problems with my moral conduct, that doesn't mean I'm an unpardonable bad person.

it was also because of this that I decided to break off my relationship with the two of them ...

.....

Twenty minutes later.

Yan Beichen held a horse in his hand and was about to say something to Yuan hou when he suddenly smelled a fragrant wind.

Han mingmei, who was holding the recurve bow in her hand, did not even look at Yan beiming and Yuan hou as she walked towards Lei Xiao!

Yan beiming could not help but feel speechless.

Tsk, tsk. How many years has it been? why is han mingmei still so energetic?

"Ah Xiao,"

Han mingmei's face was tense as she walked in front of Lei Xiao.

Her eyes were slightly infatuated as she looked at the cold face that had obviously been favored by God, and her heart was extremely sour.

you used your connections to help Lin xiaojiu cause trouble in Jiang city. He didn't even let the Han family off. Have you ever thought about my feelings? "

"She doesn't deserve you at all!"

Han mingmei raised her head and looked at Lei Xiao, hoping that his blinded eyes could be cleared up quickly.

Thunder valiant lowered his head to look at her.

His eagle-like eyes were cold, as if they were soaked in ice.

Han mingmei could not help but hold her breath.

He seemed to have never placed her in his eyes.

It was cold.

ah Xiao, she's just using your identity. She's only after your power and money!

Han mingmei tried her best to persuade Lei Xiao, hoping that he would come back to his senses.

"Ah Xiao ..."

Perhaps she was too emotional, han mingmei reached out to grab his sleeve.

Chapter 853: Dividing women into three classes

She really liked him!

From the first time she saw him, she had liked him!

However, before he could get close to Lei Xiao, his wrist was caught by a strong force!

Half of his body was being pulled uncontrollably.

"Ah ..."

Han mingmei yelped in pain and was caught off guard.

"Are you worthy?"

The Thunder valiant beast's voice exploded in the air like muffled Thunder.

Han mingmei's expression changed when she heard that.

However, what she was most concerned about was the huge pressure coming from her wrist.

It was as if someone was using a saw to saw her hand.

"You said she's not worthy, but are you?"

At that moment, han mingmei forgot to struggle and just looked up at Lei Xiao.

His eyes were cold and indifferent, which she had long been used to.

However, today, there was a different kind of sarcasm mixed in with that coldness.

"You said that Hanxing wants my power and money, if that's the case ..."

Han mingmei's eyes lit up slightly, as if there was hope.

"No one would be happier than me!"

The word 'ugly' was not enough to describe han mingmei's current expression.

"Are you crazy?"

She couldn't believe it.

Han mingmei naturally did not understand.

At least then, he would still have the capital to keep her!

Lei Xiao's handsome face, which seemed to have been carved into marble, would only change a little when Lin Hanxing was mentioned.

In Han Mingmei's eyes, it was as glaring as it could be.

Thunder valiant didn't comment.

There were some things that he did not need to explain to her.

Han Mingmei said that Hanxing was not worthy of him.

She was wrong.

Actually, from the beginning to the end, it was him who wasn't worthy of Hanxing.

The atmosphere here was strange, while the other side was watching the fun.

this Han Mingmei is really spoiled by her old man.

Yan Beichen laughed coldly and sarcastically.

Yuan Hou's hand gently stroked the horse, his red hair making his face look even more unruly.

"Do you think that this group of delicate young ladies will be comfortable after fighting a few times like us men when they hate someone?"

The corner of Yuan Hou's mouth twitched.

"Women are born to play tricks!"

If women were to be divided into three classes ...

Su Ling'er was the representative of the third class.

He had a flexible mind but lacked the ability to support his ambitions.

They could only be used as guns, and after something happened, they would naturally be the first to be abandoned.

Han Mingmei belonged to the second class.

He had the schemes, the means, and the ability.

She would recruit others to help her achieve her goals, and she would not easily get all the results she wanted.

However, this kind of person was too confident and always thought that things were firmly under their control.

There wouldn't be any mistakes.

Once the pride that he was so proud of was broken ...

Even the slightest movement could make this kind of person nervous, and it would be difficult for them to do anything.

As for the first class ...

Yuan hou looked at Lin Hanxing, who was sitting face to face with Zhao Xijing.

He was deep in thought.

“Do you know what those people said?”

Yuan hou looked at the group of fops.

“What do you mean?”

Although he knew that it was not something good, Yan beiming still raised his eyebrows and asked.

“They all say that young master Lei is blind.”

“Bullshit!”

Yan beiming’s face darkened.

Don’t be fooled by his usual frivolous appearance, he had never been polite when it came to his friends.

no matter what the truth is, in the eyes of outsiders, Lin xiaojiu has indeed climbed up the social ladder of Lei Xiao.

Yan beixiao laughed.

Climbing the social ladder?

These words were just for the sake of those who didn’t know the inside story. If someone really dared to say these words in front of him, he would definitely beat the other party’s dog head!

Did little Hanxing need to get close to ah Xiao?

Chapter 854: Tell me, in what way am I inferior to her?

“From your expression, it seems like there’s something going on.”

Yuan hou asked casually, not expecting an answer from Yan beiming.

just today, little Hanxing just transferred more than 80 million Yuan of ‘pocket money’ to ah Xiao.

Unexpectedly, Yan beiming suddenly opened his mouth.

Yuan hou was smiling as he fixed the reins of his horse. For a moment, he did not react to what he had heard.

However, very quickly ...

The smile on his face froze.

Just like that, she turned her head and looked straight at Yan Beichen.

More than 80 million?

Pocket money?

While they were talking, the atmosphere on Lei Xiao and han mingmei's side had already hit rock bottom.

"If we're talking about using one's identity, do you really think I don't know about the things that the Han family did in the name of the Lei family?"

Han mingmei's expression was unusually ugly.

you ... For Lin xiaojiu ...

She had never thought that Lei Xiao would threaten her over a mere Lin xiaojiu.

"I'll do anything for her."

Lei Xiao's words made han mingmei subconsciously tighten her grip on the recurve bow that she had not put down.

He wished he could smash that thing into his face!

"Tell me, which part of me is inferior to her!"

Han mingmei said this through gritted teeth. She had obviously endured it to the extreme.

in what way am I inferior to her!!!!

In contrast to han mingmei's unwillingness, Lei Xiao's cold eyes did not change.

"Nowhere."

These five simple words instantly ignited all the negative emotions that han mingmei had been trying so hard to suppress.

"Good, very good!"

A thought suddenly appeared in han mingmei's mind!

.....

"Did you guys see that?"

The nouveau riche who could not leave were now sitting on their horses and fiddling with their recurve bows, whispering to each other.

He looked at Lei Xiao and han mingmei from afar.

"Ming Mei has suffered a huge setback this time."

It was not known who started the conversation first, but the people behind immediately echoed.

who would have thought that Lin xiaojiu ...

The person who spoke was usually a man of few words, but at this moment, he couldn't find the slightest adjective to describe him.

He opened his mouth drily.

“Did you guys see the look in young master Lei’s eyes when he looked at Lin xiaojie?”

He was speechless as he spoke.

What kind of person was young master Lei?

The head of the Lei family’s eldest young master!

He had a distinguished status and rarely participated in any activities.

However, as soon as they appeared, they set off a wave of pursuit.

His cold and heartless actions had won the hearts of the socialites.

“Hey, mingmei, where are you going?”

One of the popinjays sitting on the back of a horse and swinging his whip suddenly spoke, attracting the attention of the others.

At that moment, han mingmei was walking in Lin Hanxing’s direction!

His footsteps were very hurried.

As for Lin Hanxing, he had already noticed it.

He gestured to Thunder valiant beast to calm down. Fortunately, the conversation had come to an end.

Zhao Xijing, who was sitting opposite him, had a complicated expression on his face.

After he said the last word, he felt much more relaxed, as if a huge burden had been lifted off his shoulders.

“That’s what happened. I’ve told you everything I know.”

As Zhao Xijing spoke, he raised his head and looked at Lin Hanxing.

From the beginning to the end, it could be said that from the beginning to the end, no matter how he described it, the Lin family’s little ninth’s face remained expressionless. It was as if he was only talking about the weather today.

Just this aura alone was enough to make most of the socialites in Jiang city lose miserably.

Just as he was thinking about this, he suddenly felt someone rushing towards him.

However, before he could really get close, someone had already come from the dark and stopped him.

Lin Hanxing gave the man a sidelong glance.

The mole at the corner of her eye was deeply imprinted in Zhao Xijing’s heart.

There was an inexplicable chill.

Chapter 855: Do you dare to compete with me?

“Move!” He shouted.

Obviously, han mingmei did not expect someone to suddenly appear and stop her.

“I told you to move, did you hear me?!”

His voice was so loud that even the group of rich Playboys looked over.

Seeing this, Lin Hanxing’s lips curled up.

Without a sound.

She had already noticed it when han mingmei was chatting with ah Xiao earlier.

She did not know what ah Xiao had said to her to make han mingmei lose her composure.

&Nbsp; interesting.

Zhao Xijing kept looking at Lin Hanxing.

There was an inexplicable sense of danger and fear in his heart.

He couldn’t help but feel lucky that he still had what she wanted. If he became enemies with such a person ...

The consequences would be unimaginable!

Lin Hanxing did not bother about han mingmei for the moment.

He just turned his gaze back to Zhao Xijing, his eyes clear and bright.

His fingers casually fiddled with the arrow that Su Ling ‘er had placed on the table.

She had picked it up for han mingmei.

“You can take your people and leave.”

As soon as he finished speaking, the unconscious thugs that Zhao Xijing had brought with him woke up at just the right time.

“Also ...”

Zhao Xijing heaved a sigh of relief and got up, but Lin Hanxing’s voice suddenly sounded in his ear again.

His movements paused for a moment.

“You should be glad that you didn’t lie to me today.”

Lin Hanxing smiled at Zhao Xijing as he spoke.

It was very beautiful.

However, Zhao Xijing could not help but feel a chill down his spine!

She knew?

Otherwise, how would she know that he was not lying to her?

Then her motive ...

Zhao Xijing had originally thought that he had understood her goal, but he had not expected that in the blink of an eye, he would be back to square one.

What was her purpose in doing this?

"There's no need for Mr. Zhao to worry about this."

It was only when Lin Hanxing's voice rang out again that Zhao Xijing realized that he had been staring at those eyes and had unconsciously blurted out all his thoughts!

"If today I ..."

Zhao Xijing swallowed his saliva and narrowed his eyes.

"Did you lie?"

Zhao Xijing said these words with great difficulty!

"Hehe."

Lin Hanxing suddenly laughed and ran his finger across the Arrowhead. He did not expect it to be so sharp.

Other than that, she didn't say anything else to him.

Even after Zhao Xijing left with his men, his feet were still light.

Why did he feel like ...

It seemed like she was using him?

It was only after Zhao Xijing had walked far away that Lin Hanxing raised his head again to look at Han Mingmei, who had been blocked by someone.

"Lin xiaojiu!"

Perhaps it was because of what had happened just now that she had sobered up a little, her voice was not as anxious as it was at the beginning.

Lin Hanxing did not say a word, he just played with the arrow in his hand.

Han Mingmei stared at her.

"Do you dare to have a match with me?"

Han Mingmei sneered and spoke in a deep voice.

"Compete in what?"

Lin Hanxing raised his head when he heard this.

It seemed that ah Xiao had really angered the young lady in front of him this time.

Han mingmei didn't say anything for a long time and clenched the recurve bow in her hand.

Recurve bow!

"Let's compete in this!"

Han mingmei raised the recurve bow in her hand.

"You want to compete with me in archery?"

Lin Hanxing raised his eyebrows and chuckled, even his eyes were full of mockery.

everyone in Rivertown knows that the daughter of the Han family has an unparalleled skill. She even represented Rivertown in a world-class archery competition. You're using your specialty to ask if I dare to have a match with you? "

Lin Hanxing did not finish his sentence, but the meaning behind it was obvious.

Han mingmei's heart was especially stifled by the faint mockery in her eyes.

The argument here had obviously attracted the attention of the nouveau riche on the other side.

In the crowd, Zhao Dongyang looked at Lin Hanxing with a dark expression.

Chapter 856: There has to be some stakes to be exciting

"Ah Xiao,"

Suddenly, Lin Hanxing's gaze went past han mingmei's shoulder and landed behind her.

Lei Xiao walked back with Yan beiming and Yuan hou, who were leading the horses.

Yuan hou looked at Lin Hanxing with a strange expression.

Ever since Yan beixiao had told him about the 80 million pocket money, he felt that he could no longer look Lin xiaojiu in the eye.

Lin Hanxing smiled as he walked past han mingmei, who had a dark expression, and walked in front of Lei Xiao.

"My waist is sore from sitting."

When she looked up, she revealed her small face that was carved from Jade.

There was an obvious grievance in her beautiful eyes, which were flashing with a faint luster.

She didn't have the domineering attitude she had when facing the Zhao brothers. Instead, she was soft and cute.

He could not help but want to hold her in his arms.

When he looked at Lin Hanxing, Lei Xiao's eyes were gentle, but when he turned to look at han mingmei, his attitude changed.

"Go home?"

His magnetic voice rang out, but Lin Hanxing shook his head in response.

"Miss han wants to compete with me."

"What are you competing in?"

Yan beiming repeated the words over and over again, his eyes widening each time.

Lin Hanxing blinked his fan-like eyelashes and waved the long arrow that Su Ling 'er had picked up in his hand.

At this moment, the group of nouveau riches also came over.

The men and women looked very lively.

"Han mingmei, you want to compete with little Hanxing with a recurve bow?"

Yan Beichen shouted, wishing that everyone could hear him.

Upon hearing this, han mingmei felt her face burning.

Comparing her strengths with Lin xiaojiu did seem like she was a bit of a bully.

Just as he was about to speak, Lin Hanxing interrupted him.

"Even if we're going to compete, there has to be some stakes to be exciting."

Han mingmei was stunned at first, but then her expression relaxed. Did that mean Lin xiaojiu agreed?

"Little Hanxing, you're crazy!"

Han mingmei's recurve bow was so good that even a man like him could not help but marvel at it. When Yan beixiao heard Lin Hanxing's words, his expression immediately changed.

"Alright!"

Lin Hanxing and han mingmei ignored Yan Beichen no matter how much he yelled.

Yuan hou, on the other hand, smacked Yan beiming on the back of his head.

"Shut up," he said.

"What do you want to bet with me?"

Lin Hanxing smiled calmly, and he could see the determination in han mingmei's eyes.

The group of men and women seemed to have forgotten the fear of being blocked here and not being allowed to leave. They were all watching the show, not minding the trouble.

“Wait,”

Just as han mingmei was about to blurt out ‘Lei Xiao’, Lin Hanxing suddenly interrupted her.

Before anyone could react, Lin Hanxing had already wrapped his arm around Lei Xiao’s neck and gave him a light Peck on the lips.

“My man is outside of the bet.”

Such a sentence instantly caused pink bubbles to appear in the air.

F \* ck ...

In his heart, Yan beiming could not help but feel extremely happy for little Hanxing.

As expected, han mingmei’s expression turned ugly after she heard that.

He blocked her mouth before she could speak ...

And in such a way!

If it wasn’t intentional, then what was it?

Lei Xiao did not even look at han mingmei as he reached out and pulled Lin Hanxing into his arms.

There was no trace of his usual unkindness.

The group of rich Playboys were stunned. They felt that it was really a Red Rain today.

The sun had risen from the West!

“I want the original work of Huang Tingjian!”

Han mingmei changed the topic and spoke coldly. It was obvious that she had recovered a lot of her rationality.

Since Lin xiaojiu had humiliated her with Huang Tingjian’s calligraphy and painting, she might as well use it as a bet to help the Han family regain their face!

The group of popinjays suddenly burst into an uproar.

Chapter 857: Lion’s mouth

They had all heard about Huang Tingjian’s original work.

It should be known that the item was initially auctioned for a sky-high price of 400 million. Including the Commission, it was paid for a total of about 500 million. The most important problem was that the mysterious buyer had never shown his face again after winning the auction.

It was also because of this reason that Fu Ruixiang’s so-called treasure had not been exposed for such a long time.

Speaking of this ...

The group of popinjays looked at each other and saw the same meaning in each other's eyes.

The Han family had indeed done something wrong in this matter.

Many of these people had bought things from Fu Ruixiang before, and now that they were talking about it, it was like a joke.

But ...

Han mingmei had brought it up so directly because she wanted to kill Lin xiaojiu, right?

These words, those people thought in their hearts, but naturally would not say it out loud.

They just sat and waited to watch the show.

On the other hand, Lin Hanxing chuckled. His beautiful eyes curved into crescent moons, melting the coldness on his face.

"It seems like miss han is still thinking about the 'highlight piece'!"

Her voice was clearly transmitted into everyone's ears.

Lin Hanxing said as he fiddled with the arrow in his hand, as if he was thinking about his request.

"Alright, I promise you."

Han mingmei did not expect her to agree.

The excuses he had prepared were all useless, and he was ecstatic.

"Then now, we ..."

"Wait, miss han, are you so sure you will win? You won't even listen to my request?"

"....."

Han mingmei's expression was a little awkward. She had indeed spoken with the thought that there was no need to listen.

Now that she had pointed it out, he was more or less embarrassed.

Lin Hanxing did not seem to notice her awkwardness and raised his head to look at Lei Xiao.

"Ah Xiao, what do you think I should ask for?"

Lei Xiao lowered his head to look at her. From that pair of eyes that were as cunning as a little Fox's, he found the answer.

"Fu Ruixiang."

When these three words came out of his thin lips, everyone was stunned!

Even Yan beiming and Yuan hou, who were standing behind him, could not react in time.

Only Lin Hanxing, who was standing in front of him, smiled.

“Listen to him. If I win, the entire Fu Rui Xiang shop will be mine.”

Lin Hanxing said as he looked at han mingmei with a smile, as if asking her with his eyes if she dared to do it.

Han mingmei had never expected ...

Lin xiaojiu had actually asked for fortune from her!

Did she know how difficult it was for her father to get that shop?

Did she know how much that shop was worth now?

“What’s wrong? Miss han, you’re using your best weapon, but you still don’t dare to bet with me?”

The smile on Lin Hanxing’s face gradually disappeared, and his face became expressionless. He just stared at han mingmei.

“I don’t know if miss han has too much confidence in me or too little confidence in herself!”

She added lazily.

“I bet!”

Me?

Yan beixiao muttered in his heart, han mingmei agreed just like that?

But why did he feel that little Hanxing was holding back a stomach full of bad ideas and waiting for han mingmei to jump into it herself?

“Words don’t prove anything, we’ll use words as evidence!”

Lin Hanxing raised his head to look at Lei Xiao, and Lei Xiao was also looking at her.

Zhao Dongyang felt that something was wrong.

The gazes of these two people ...

Just as he was hesitating whether he should open his mouth to remind Ming Mei not to be impulsive, two people in special uniforms walked over from the side.

I like to do things in a safe way, so it’s best if we notarize it, in case one party reneges on it in the end, don’t you think so? ”

Lin Hanxing said softly.

Chapter 858: Take a gamble

The one in the special uniform was actually a notary of the notary office.

Was she prepared for this?

Zhao Dongyang thought of the complicated look his brother gave him before he left, and he stepped forward to grab han mingmei.

However, he was shocked by the cold gaze that Lei Xiao suddenly gave him.

Yan Beichen felt that something was amiss the moment the two notaries walked out.

Anyone with eyes could tell that it was a pit. Only those with a hole in their head would jump in.

This han Mingwei was also highly educated ...

Yan Beichen did not know that han mingmei had regretted her decision the moment she agreed.

It was because she suddenly recalled Luo Ruyin.

Back at the Lin family, Luo Ruyin had been forced by Lin xiaojiu to blurt out that Lu Jiashu had indeed asked her to put something in her room.

Everyone was panicking, and the scene was in chaos.

But she noticed Lin xiaojiu kicking the fruit knife to Luo Ruyin's side.

What happened after that ...

Han mingmei looked at Lin Hanxing. The latter was standing in front of Lei Xiao, his eyes were filled with provocation.

From the beginning to the end, Thunder owl had a condoning attitude.

Even if she had already made it so clear!

Han mingmei bit her lower lip. She knew that there might be a trap, but her heart was still filled with anger.

"I'm afraid she can't make the decision for Fu Ruixiang."

Suddenly, Lei min spoke with an expressionless face.

When he said that, he didn't even look at han mingmei.

In an instant, a rush of hot blood rushed to han mingmei's head.

"Who said I can't make the decision for Fu Rui Xiang? give it to me, I'll sign it!"

The group of nouveau riches could not help but whistle when they heard han mingmei's words. They obviously felt that there was a show to watch.

Zhao Dongyang's expression was ugly.

After signing, han mingmei felt her head go blank.

He didn't understand why he had signed the contract just after hesitating a second ago.

It seemed like ...

It was after ah Xiao's words.

Yingluo, tell me, which part of me is inferior to her!

Which part of Yueyue was inferior to her!

Yingying was inferior in every way.

Han Ming's beautiful eyes darkened.

She was taking a gamble. She did not believe that Lin xiaojiu had any heaven-defying abilities!

After confirming the notary procedure, everyone's eyes were focused on han mingmei and Lin Hanxing.

Today was supposed to be a welcoming dinner for han mingmei, but who would have thought that after Lin Hanxing's appearance, the whole thing would go out of control? first, Zhao Dongyang was warned, then Su Ling 'er was taught a lesson, and then Zhao Xijing appeared ...

Until now ...

Because of Lin xiaojiu's appearance, it seemed that everything he had expected had changed.

This group of fops began to think.

They had all received the invitations to the banquet that the Lin family had sent to the various families, but after Luo Ruyin's incident, their desire to go had faded a little, but now ...

A few of them decided to have a good talk with their families when they got home.

Do not underestimate this Lin xiaojiu.

Just as he was thinking about this, a loud whistle suddenly rang in his ear!

Lin Hanxing brought his index finger to his lips, his eyes bright.

Accompanied by the clattering of horse hooves, a pitch-black Horse with a white lightning bolt on its forehead galloped from afar!

The horse's Black mane was like black silk, and it was obviously the best of the best.

Everyone's eyes lit up!

Such a fine horse was enough to ignite all the blood in a man's blood!

A horse fanatic like Yuan hou was naturally no exception!

He was getting closer and closer!

Lin Hanxing reached out and took the reins. The proud and untameable horse was so gentle in her hands that it even rubbed its head against her hand affectionately. It was not as cold as it looked!

Chapter 859: You will regret this

Yuan hou stepped forward and was about to touch it, but the fierce horse seemed to feel it and kicked him with its hooves!

If not for Yan Beichen's quick-witted hand, Yuan hou might have died here today.

Huang 'er, Huang' er ...

The front hooves of the fierce horse were suspended in the air, and anyone could see the disdain in its eyes.

This horse was extremely human-like!

Besides Lin Hanxing, it was obvious that no one else could tame it.

"Qifeng, don't mess around."

Lin Hanxing touched the White Lightning on lie Ma's forehead and chuckled, his eyes shining.

Lei Xiao looked at her with a warm gaze.

He reached out and pulled away the olive-green ribbon scarf that was originally tied around Lin Hanxing's wrist. He pulled her long, curly, and waterfall-like hair behind her and helped her tie it up.

She even tied an exquisite bow.

This scene was truly dumbfounded.

The unattainable figure in their eyes was now lowering himself to help a woman do her hair?

But before the group of people could recover from their shock, Lei Xiao suddenly lifted Lin Hanxing up and placed him on the horse's back.

"Have fun."

Lei Xiao took the recurve bow from Yan beiming's hands and handed it to her, his magnetic voice tugging at her heartstrings.

Ha. &Nbsp;

A woman who needed to be carried even when mounting a horse.

Han mingmei sneered in her heart.

He took the horse from Zhao Dongyang and jumped up.

On the other side, Lin Hanxing was taking off her red cloak and passing it to Lei Xiao. Her riding suit had immersed her exquisite curves in the setting sun.

"What if I lose?"

Lin Hanxing looked down at Lei Xiao.

It was as if he did not feel the sharp gaze that han mingmei was casting over.

Her little face was bright and beautiful.

"I have enough for you to squander."

It was a simple sentence, but the women present could not help but feel jealous.

How could such a man be taken by Lin xiaojiu?

Lin Hanxing pursed his lips and smiled.

He pulled the reins of the fierce horse and ran toward the center of the equestrian archery zone!

Olive-green ribbons fluttered behind her head like butterfly wings.

It was too beautiful to take in.

Lin Hanxing's standard horse-riding posture was overlooked.

"You will regret this."

Han mingmei looked towards Lei Xiao and threw out those words coldly before riding her horse to catch up with Lin Hanxing.

The clattering of horse hooves and the splashing of dust completely heated up the atmosphere.

The entire shooting area was cleared.

The targets in the distance were all erected one by one.

Lin Hanxing pulled out an arrow from his quiver and nocked it on the recurve bow, not even looking at han mingmei.

"Let's try an arrow to get a feel for it."

Han mingmei shouted at the people behind her.

"I saw it that day."

Han mingmei had deliberately lowered her voice, but she had said this for Lin Hanxing to hear.

Lin Hanxing did not move. He only closed one eye and aimed at the bullseye in the distance.

"I saw you kick the knife to Luo Ruyin's hand."

Han mingmei sneered.

"So what?"

Without the warmth he had when facing the Thunder valiant beast, Lin Hanxing seemed to have returned to his icy cold self.

Han mingmei couldn't believe it. She actually said so what?

She had killed a person!

She had heard that Luo Ruyin had gone crazy. Although it was possible that she was trying to escape the law, did Lin xiaojiu not feel guilty at all?

“Was I the one who told her to kill the child? Did I ask her to hide the body in my room? Was I the one who told her to push the Lin family into the eye of the storm and become the laughing stock of Jiang city?”

Lin Hanxing turned to look at han mingmei.

It was only then that han mingmei realized that she had unknowingly spoken out what she was thinking!

She was dumbfounded by the three questions.

Perhaps it felt Lin Hanxing’s emotional fluctuation, the fierce horse, Qi Feng, moved a little.

The arrow in Lin Hanxing’s hand flew out without any effort to control its strength.

He didn’t even touch the target and fell to the ground.

Chapter 860: Lin xiaojiu, I’m going to win

Han mingmei’s eyes were filled with pride.

Zhao Dongyang, who was watching from behind, laughed.

With this level of skill, he couldn’t even hit the target accurately, and he still had the nerve to compete with Ming Mei?

This Lin xiaojiu was really taking advantage of the fact that Lei Xiao didn’t know what his surname was.

Yuan hou looked to the side with a little worry.

However, Lei Xiao and Yan beiming did not seem to care.

Were they really not worried at all?

Han mingmei raised her hand and shot an arrow.

With a “Dong” sound, he hit the bullseye, a full ten points!

“Lin xiaojiu, I’m going to win!”

She chuckled in Lin Hanxing’s direction, her expression full of confidence.

On the other hand, Lin Hanxing only patted fierce horse’s head with his palm.

“Mischievous.”

The fierce horse responded to her with a whine.

The man and horse were in perfect harmony.

“Young master Lei.”

Zhao Dongyang held the recurve bow in his hand and walked to Lei Xiao deliberately.

Lei Xiao did not even look at Zhao Dongyang.

“The truth is right in front of us. Ming Mei will definitely win this match.”

Zhao Dongyang said with a proud expression.

The Thunder valiant beast still had no reaction.

On the other hand, Yan beiming gave him a sidelong glance and laughed coldly.

“Who Do You Think You Are?”

“You ...”

Zhao Dongyang was about to get angry, but his eyes rolled.

“Young master Lei, how about we make a bet?”

The Thunder valiant beast finally made a move and looked at him.

“My brother is very interested in the land in the southern part of the city that is owned by young master Lei.”

Originally, the price of land in the south of the city had not been able to go up due to traffic and other reasons. When young master Lei bought the land at nearly twice the market price two years ago, everyone was waiting to see him make a fool of himself.

However, who would have thought that two years later, the Jiangcheng sea bridge project would cause the price of that piece of land to soar.

It was more than ten times the amount!

The people who were waiting to see young master Lei make a fool of himself were slapped in the face.

No one would have thought that Lei Xiao would have such foresight. For a moment, it made countless people green with envy.

“Let’s use that piece of land as a bet to bet on the outcome of this competition?”

Zhao Dongyang was very confident in han mingmei.

“Are you sure?”

Lei Xiao asked this question with deep meaning.

what’s there to be uncertain about a business that’s guaranteed to make a profit? or is it that young master Lei doesn’t have confidence in your family’s young master? ”

Lei Xiao was not the only one who knew how to goad others into action.

if han mingmei loses, I want the land in puhu that your brother owns.

Hearing this, Zhao Dongyang’s expression froze.

Puhu Lake was next to the south of the city. A few years ago, his brother had taken it into his pocket. He had wanted to build an amusement park there, but later, due to various twists and turns, it was

abandoned there. However, he did not expect that it would be a blessing in disguise. It also benefited from the Jiangcheng sea bridge project.

If puhu fell into Lei Xiao's hands ...

"If you don't even have the guts to place a bet, what right do you have to negotiate with me?"

Lei Xiao's brows were frozen, his deep eyes full of ridicule, and even his expression was disdainful.

"Alright, I agree!"

Zhao Dongyang agreed without hesitation.

The other nouveau riches were shocked.

Lin Hanxing and han mingmei, who were in the middle of the arena, were obviously unaware of all this.

don't waste time. The three arrow rings will decide the winner. I'll go first.

Han mingmei, who said this, was obviously too confident in the situation. As she spoke, she raised the recurve bow in her hand and aimed at the center of the target!

Almost instantly.

The arrow left the bow.

Two bangs were heard as han mingmei fired two shots in succession!

They all hit the bullseye with Ten Rings!

"You do it."

Han mingmei purposely left the last arrow unsheathed in an attempt to pressure Lin Hanxing.
