

# GORGEOUS CEO FELL IN LOVE WITH ME

## Chapter 10: Bark Like a Dog Three Times

As a resounding shout rang out, everyone turned their heads in unison to look at the woman behind the crowd!

The woman wore a deep red business suit, wrapping her graceful figure. Her curves formed a perfect S-line, and beneath the short skirt, a pair of long, fair legs was exposed!

Her exquisite face, lips painted with deep red lipstick, and a pair of lively almond-shaped eyes made her a rather scheming woman. Paired with her wavy, light blonde hair, she appeared extremely seductive!

Upon seeing this woman, Lin Fan immediately recognized her as the one who had just been sneaking around in the office — the Marketing Manager Nalan Suqin!

"You two, come in with me!" Nalan Suqin pointed at Lin Fan and Wang Lei with authority, then turned around, swaying her charming figure as she walked into the office.

Wang Lei discreetly moved his brother, realizing he could still move, he finally was relieved.

Looking at Lin Fan, who appeared indifferent, Wang Lei was so furious his face turned pale. He also didn't expect Lin Fan would use such a low trick, but seeing Lin Fan still able to move his toes, Wang Lei couldn't help but tightly clamp his legs together, fearing another kick from Lin Fan!

With a cold snort, Wang Lei turned his head towards the manager's office. However, because Lin Fan's kick was too forceful, his two thighs stuck together, his calves turned outward in an awkward figure-eight — making him resemble an aggrieved bullied housewife, causing everyone to burst into laughter.

"What's so funny? Hurry back to work if you don't want to lose your jobs!" Wang Lei angrily shouted.

"Hey, Section Chief Wang, are you going to control the heavens and the earth as well as everyone's laughter? Besides, who asked you to have such a graceful pose, oh, right! Section Chief Wang, did you ever practice dance? Such high-difficulty postures aren't something ordinary people can do," Lin Fan teased carelessly.

"You... brat, I don't care who you are, today this grudge is settled, Wang Lei is not easy to mess with!" Wang Lei coldly threatened.

"Oh! So, Section Chief Wang wants to be my enemy? By logic, should I give another kick at this time?" Lin Fan said, smiling, as he lifted his right foot.

Seeing Lin Fan's right foot, Wang Lei tightly clamped his legs together, his groin began to throb with pain!

Another kick? Damn! That could be deadly!

"We'll see!" Wang Lei spat a harsh line, hurriedly clamping his calves as he ran into the manager's office.

Seeing Wang Lei, usually so arrogant, being put in his place, employees who were often bullied by him couldn't help but feel pleased, looking at Lin Fan with different eyes, filled with envy and a bit of admiration!

"Alright everyone, better hurry back to work, otherwise, if the manager gets mad and fires you, I'd feel guilty," Lin Fan said with a smile to the surrounding employees.

After dispersing the crowd, Lin Fan nonchalantly hummed a little tune as he walked into the manager's office!

Inside the office, Nalan Suqin lay lazily in a swivel chair, appearing a bit tired after just releasing some emotions. Seeing her again, Lin Fan couldn't help but be amazed; she was truly a charming woman!

"Manager Nalan, it's truly an honor to meet you! You are simply too beautiful, one of the prettiest women I've ever seen!" Lin Fan said as he walked into the office, immediately launching into flattery.

After all, flattery costs nothing, and since he'd be working under Nalan Suqin in the future, better to shower her with compliments to set a good rapport.

"Such a flatterer!"

Wang Lei suddenly sneered.

"Oh my! Section Chief Wang, how dare you say Manager Nalan's butt is for flattery! Look at how perky and round Manager Nalan's butt is, how could it possibly be for flattery! You, you... are simply too mean!" Lin Fan said, feigning indignation.

"You... you nonsense, when did I say Manager Nalan's butt was for flattery?" Wang Lei hurriedly explained.

"Sigh, Section Chief Wang, as men, we should have the courage to accept what we say. Did you say it or not! Did Section Chief Wang want to prove he's a coward?" Lin Fan retorted with an innocent look.

"I am not a coward, I am a real man!" Wang Lei corrected promptly.

"Oh... so there it is, you're still admitting you said Manager Nalan's butt was for flattery!" Lin Fan shrugged innocently.

Wang Lei was so angry he almost jumped, getting caught up in Lin Fan's word games again. If it weren't for Nalan Suqin present, he would have risked another kick or two from Lin Fan to fight him!

Nalan Suqin watched the scene unfold, couldn't help but frown, but those long slanting eyes revealed a unique brilliance!

"Who are you? What are you doing in our marketing department?" Nalan Suqin asked, crossing her arms with a smile, addressing Ye Fan.

"Oh! I forgot to introduce myself, my name is Lin Fan, here to join the marketing department. From now on, I'm under you, Manager Nalan. If you tell me to go east, I definitely won't go west!" Lin Fan assured, patting his chest.

"Pfft~"

Nalan Suqin couldn't help laughing at Lin Fan's words, her chest heaving, she laughed and said, "Who sent you here? Why haven't I received any notice?"

"This is the employment letter given by the CEO!" Lin Fan pulled out the letter and handed it over.

Nalan Suqin took the employment letter, glanced at it, and suddenly remembered the phone call from the CEO, asking her to "handle" the new hire with "special care."

With Nalan Suqin's intelligence, she certainly could grasp the meaning of "special care."

Originally, Nalan Suqin was curious about who had the misfortune of offending the boss, but she didn't expect it to be him; a pair of marvelous almond eyes immediately scrutinized Lin Fan.

He could only be considered slightly handsome, but his fashion sense lacked taste, especially since this guy's eyes wandered freely over her body, making him a living, breathing lecher. She really didn't know who on earth he was to dare offend the CEO!

"Manager, this person must not join our marketing department, otherwise he will ruin the atmosphere!" Wang Lei suddenly shouted.

"Group Leader Wang, this is the employment letter issued personally by the CEO. I dare not go against such an appointment!" Nalan Suqin replied in distress, looking at Wang Lei who stood there with his legs clamped like a sissy, and she couldn't help but feel a trace of disdain in her eyes!

Why clasp your legs like that, yet still wear a wronged look? Like some ravaged flower!

"Hm! So what if it's the CEO? She's just a blonde girl leveraging family background to climb up, what right does she have to randomly place people in our marketing department?" Wang Lei indignantly retorted.

"Wang Lei, mind your words!" Nalan Suqin said with a slight hint of anger.

"Manager, I'm not convinced!" Wang Lei declared with clenched fists.

"Oh? You mean you want to compete against me? But Section Chief Wang, are you sure you can still handle it down there?" Lin Fan glanced at Wang Lei's groin, smiling.

"You..." Just as Wang Lei was about to burst into anger, he saw Lin Fan's active right foot tip, and felt a shiver in his groin, quickly stepping back!

Wang Lei taunted, "Getting into our marketing department is not so easy; we don't recruit useless fools. You must pass a test first. Kid, do you dare to test?"

"Oh? A test? Do tell," Lin Fan said, intrigued, smiling.

"During my entry test for the marketing department, I sold fifty thousand yuan worth of products for the company. However, looking at you... hmph! It'd be tough for you to even reach ten thousand! Let me give you an easier one, our corporation's factory is currently surrounded by villagers, preventing operations. If you can disperse those villagers, you'll pass the test!" Wang Lei smirked, revealing a cunning look.

"Group Leader Wang, isn't this a bit much!" Nalan Suqin suddenly frowned.

The factory blockade by the villagers had been a headache for Nalan Suqin, as the factory operations were quite noisy, disturbing the nearby villagers. Previously, the villagers surrounded the factory once, but with some consolation fees from the corporation to each family, the matter was settled temporarily.

However, not long after, these villagers approached again, claiming they didn't receive money, and demanded one million, Nalan Suqin mediated several times without success, even the police found it difficult to handle.

"Kid, do you dare to test?" Wang Lei provocatively eyed Lin Fan, sneering.

"Simple tests are too boring; how about we add a bet to it?" Lin Fan squinted with a smile.

"What bet?" Wang Lei asked, puzzled.

"If I can disperse those villagers, Section Chief Wang must bark like a dog three times. Conversely, if I fail, I'll also bark thrice and roll out of the marketing department. Section Chief Wang, do you dare to bet?" Lin Fan said with a calm smile.

He initially had no intention of making enemies in the marketing department, but since Wang Lei wasn't giving him face, Lin Fan was not one to take losses without reciprocating!

Although Wang Lei hesitated at first, recalling a few tough thugs among the villagers, he promptly sneered!

"Fine! I accept your bet! Hmph! Don't run away if you lose," Wang Lei taunted, his face full of malice, as if he could already see Lin Fan barking like a dog.
