

GORGEOUS CEO FELL IN LOVE WITH ME

Chapter 11: Being Big Sister's Little Boyfriend

"Don't worry! A real man dares to act and take responsibility!" Lin Fan said nonchalantly, not taking the bet seriously at all.

"Hmph! I want to see how you'll solve this issue. Manager Nalan, please be our witness!" Wang Lei sneered and quickly appealed to Nalan Suqin.

With the manager as a witness, Wang Lei wasn't afraid Lin Fan would dare to renege!

Seeing Lin Fan's indifferent expression, Nalan Suqin grew curious about how he planned to resolve the issue and nodded in agreement.

"Since the bet is on, I'll get back to work." Wang Lei threw a provocative glance at Lin Fan and turned to leave the office!

"Oh, right, Section Chief Wang, I forgot to check on your little brother. Is it all good? Want to try going to the restroom to test the efficiency?" Lin Fan suddenly mocked from behind.

Thud~

Wang Lei nearly stumbled to the ground, his body trembling with anger, as he clamped his legs together and rushed to the restroom!

Watching Wang Lei in such a sorry state, Nalan Suqin's eyes sparkled. To infuriate the arrogant Wang Lei like this, Lin Fan truly deserved to be the market department's first man!

"Are you really going to solve the factory issue?" Nalan Suqin asked with curiosity, smiling at Lin Fan.

"Of course, isn't this the market department's challenge?" Lin Fan replied with a carefree smile.

"Actually, the market department's challenge isn't that hard. You just need to sell a single product. But the factory issue is quite troublesome; it could cause public outrage, and even the police won't be able to intervene!" Nalan Suqin said seriously.

"Damn! Why didn't you tell me earlier!" Lin Fan said in frustration.

"You didn't give me a chance to speak," Nalan Suqin shrugged, feigning nonchalance.

The president had personally ordered to give Lin Fan "special care," so if he couldn't resolve the factory issue, it would fit the president's plan perfectly.

However, Nalan Suqin secretly hoped Lin Fan would succeed, as the market department had been dull for too long and needed someone like Lin Fan to liven things up!

"Let's go. I might as well go to the factory with you," Nalan Suqin slowly stood up, her perfect form on full display, full of allure!

Lin Fan took a few greedy sniffs of Nalan Suqin's fragrance, teasing, "Manager, you smell so nice."

"Haha, you're the first to dare say that to my face," Nalan Suqin laughed.

"Am I not speaking the truth?"

"The truth?"

Recalling the reputation she left in the market department, Nalan Suqin chuckled helplessly, "Let's go to the underground garage and get the car."

However, after taking a few steps, Lin Fan remained where he was. Nalan Suqin asked in confusion, "Why aren't you moving? Are you scared?"

"Scared? There's no such word as 'scared' in my dictionary," Lin Fan replied indifferently.

Nalan Suqin looked puzzled and noticed Lin Fan staring intensely at her thighs. Narrowing her eyes, she smiled and said, "Little brother, do you think your sister's legs are pretty?"

"They are indeed pretty, but... there's something else I feel embarrassed to say..." Lin Fan appeared troubled.

"Oh? What is it? Tell me," Nalan Suqin asked curiously.

"Are you sure you want me to say it?" Lin Fan asked.

"Speak freely, don't worry. Sister won't blame you," Nalan Suqin said, crossing her arms and looking at Lin Fan with interest.

"Manager, your purity dropped!" Lin Fan suddenly pointed to a spot beside the trash can.

"Wha... what?"

Nalan Suqin was momentarily stunned!

Meanwhile, Lin Fan had already walked over to the trash can, picked up a sanitary pad with two fingers, flicked it, and the sanitary pad was neatly thrown into the trash can.

"Alright, Manager, I've tossed your purity into the trash can. Let's go!" Lin Fan casually clapped his hands and turned to walk out of the office.

But just a few steps out, Lin Fan stopped, kindly saying, "Oh, Manager! Although I didn't see anything just now, I'd still like to suggest that it'd be better to find a man!"

With that, Lin Fan flipped his head and strode out of the office!

Nalan Suqin coldly watched Lin Fan's back, biting her lip. The sanitary pad was the very one she had removed when watching a movie, caught up in the moment, only to be distracted by Lin Fan and Wang Lei's quarrel, forgetting to clean up afterwards.

Moreover, Lin Fan's words clearly indicated he had discovered her secret and even suggested she find a man?

"This little man seems quite interesting!" Nalan Suqin wasn't angry; instead, her charming face showed signs of intrigue.

...

As a department manager, Nalan Suqin had her own car, a red BMW 3 Series that wasn't cheap!

In the car, Lin Fan lounged lazily in the seat, fiddling with a cigarette between two fingers. The cigarette spun like a top between his fingers, his face holding a carefree, indifferent expression.

"Why are you holding a cigarette but not smoking?" Nalan Suqin asked, puzzled.

"I'm smoking loneliness, not tobacco," Lin Fan said with an old-man-like demeanor.

"Oh my, little brother can act profound too," Nalan Suqin teased with a seductive smile, grabbing the cigarette from Lin Fan's hand and casually placing it in her mouth, "Here, light it for me."

"You smoke?" Lin Fan asked in surprise.

"You underestimate me. There's nothing sister here can't do. Little brother, want to give it a try?" Nalan Suqin winked suggestively, smiling.

Her actions were enticing, her words seductive. If faced with a man lacking strong willpower, such a female enchanter could easily spell his downfall!

Gulp~

Lin Fan swallowed hard, inwardly cursing how enchanting she was.

"Isn't sister sexy?" Nalan Suqin teased with a tempting smile.

"She's indeed beautiful." Lin Fan replied with an awkward smile, hurriedly lighting a cigarette for Nalan Suqin and then one for himself, trying to calm his racing heart.

Seeing Lin Fan's flustered state, Nalan Suqin couldn't help but feel quite pleased and took a deep drag from her cigarette.

Cough, cough~

Soon, Nalan Suqin started coughing violently.

"Why is your cigarette so strong?" Nalan Suqin asked, teary-eyed and with a hoarse voice.

"I'm not a wealthy guy, I smoke cheap cigarettes. If you're not used to it, it's best not to waste it," Lin Fan said casually, reaching out to remove the cigarette from Nalan Suqin's lips and placing it in his own mouth. The cigarette end still held a faint scent from Nalan Suqin's lipstick.

Afterward, Lin Fan gently put out his lit cigarette with his fingertips and returned it to the pack, leaving no burn marks on his fingers, which amazed Nalan Suqin.

"Lin Fan, tell me honestly, who exactly are you? What do you intend to do in our market department?" Nalan Suqin asked with a frown.

"I'm here for work, of course," Lin Fan replied indifferently.

"Lin Fan, I'm asking you a very serious question, and I want the truth!" Nalan Suqin stated solemnly.

"The truth? Haha, as one senior once said, when a woman starts to be curious about a man's identity, she's not far from falling in love with him! Manager Nalan, have you fallen for me?" Lin Fan asked with a mischievous blink, full of curiosity.

Poof~

Nalan Suqin couldn't help but burst into laughter, her body shaking with joy like a wave!

"Yes, little brother! Sister has fallen for you! So what? Are you interested in being sister's little boyfriend? Sister's quite skilled, you know..." Nalan Suqin blew a puff of smoke at Lin Fan's cheek, smiling seductively.
