

GORGEOUS CEO FELL IN LOVE WITH ME

Chapter 12: The Staged Accident

Nalan Suqin is an extremely alluring woman, and with her deliberate display of charm, no man can resist, not even Lin Fan!

If it weren't for Su Yanyu watching from above, and Lin Fan worrying about unnecessary trouble, he would really want to punish this seductress on the spot!

Seeing Lin Fan looking a bit beaten, Nalan Suqin laughed lightly, "Little brother, sometimes I find you quite amusing!"

"Me? Amusing?"

Lin Fan was completely embarrassed; was it the first time someone called him amusing? If she knew his true identity, she probably wouldn't say such a thing, right?

However, this woman dared to tease him, which made Lin Fan feel quite uncomfortable. He was always the one teasing women, when had a woman ever teased him? It seemed like he needed to show her some colors, or she'd really think he was a paper tiger?

"Since sister finds me amusing, why don't we play a little?" Lin Fan chuckled, suddenly reclined his seat, spread his arms, and lay back with an expression of letting her do whatever she wanted.

"Come on, ravage me to your heart's content, come on baby!" Lin Fan shouted loudly, loosening his throat.

Pfft~

Nalan Suqin burst into laughter, gasping for air, "I can't take it anymore, haha! Little brother, you are really too amusing, sister really admires you, haha! Never mind, let's stop playing and get down to business first."

"Not playing anymore? That won't do! Since sister won't take action, I guess I'll have to do it myself." Lin Fan winked, obviously not intending to let this seductress off easily.

Lin Fan used a little force, sitting up straight from the reclined seat, scanning Nalan Suqin's entire body, and finally landing his gaze on her pair of long legs.

Without the wrapping of stockings, a pair of snow-white, jade-like long legs were exposed to the air, slender, delicate, and without a trace of excess flesh, like an inverted cone, extremely alluring.

Lin Fan didn't think twice, reaching out to touch them!

"What do you think you're doing?" Nalan Suqin exclaimed, hurriedly shouting.

However, Lin Fan had no intention of retracting his hand; after all, this seductress had just been teasing him, and his hand immediately covered Nalan Suqin's snow-white long legs...

Buzz~

Instantly, Nalan Suqin trembled as if electrocuted, pressing the brake with one foot and nearly causing a rear-end collision, followed by a burst of cursing from behind.

"Lin Fan, are you crazy? This is on the road, what if there's an accident? If you want to play, get a room, sister will accompany you anytime!" Nalan Suqin was a little angry.

"You can't blame me for this, you tempted me first." Lin Fan shrugged nonchalantly, drawing back his hand and continuing to casually smoke a cigarette.

Nalan Suqin opened her mouth but was speechless. Lin Fan was right, she indeed tempted him first, but she never expected Lin Fan to be so audacious, daring to make a move on her while driving!

But Nalan Suqin was also a clever woman; she noticed that when Lin Fan teased her, there was no desire in his eyes, and he seemed extremely calm, as if this kind of thing was commonplace for him,

"What kind of man is he? Could it be that my beauty doesn't attract him?" Nalan Suqin was full of doubt.

However, after this incident, the two of them quieted down, and half an hour later, the car drove into a small village on the outskirts!

Yanyu Group's products include many things, one of which is clothing, and one of Yanyu Group's clothing factories is set up at the entrance of this small village.

As soon as the car was parked, a large factory building came into Lin Fan's view, but at this moment, the front of the factory was filled with people, about a hundred or so surrounding a truck, the chatter and noise unceasing!

"Could something have happened?" Lin Fan frowned and said.

"It looks like the villagers' unrest is getting worse, let's go down and take a look." Nalan Suqin said seriously, quickly getting out of the car.

Lin Fan followed behind!

Arriving at the crowd, just as Nalan Suqin was about to call the factory manager, Lin Fan stopped her.

"What's wrong?" Nalan Suqin asked curiously.

"We don't know what's going on yet, it's best not to reveal your identity first, what if these villagers get crazy and attack you?" Lin Fan said calmly.

Nalan Suqin furrowed her brows, feeling that Lin Fan's words made sense.

Subsequently, Lin Fan walked up to a young man, asking politely with a smile, "Big brother, may I ask what happened here?"

The young man looked at Lin Fan with a strange expression, "Are you from our Chen Family Village? You don't know about Madam Chen being hit?"

"I'm visiting relatives, not from Chen Family Village." Lin Fan smiled and said, "Big brother, could you tell me the details?"

"Humph! This Yanyu Group's factory is constantly making noise, preventing our entire village from resting well. We came to negotiate once before, and the chairman of Yanyu Group promised compensation to each family, but it's been half a year, and we haven't seen a cent!"

"Today, Madam Chen came to negotiate on our behalf, but who knew Yanyu Group's driver would hit her! Damn it, do they think money makes them invincible? If they don't explain this clearly today, we'll tear this factory down!" The young man said angrily.

Lin Fan furrowed his brows deeply, not expecting the situation to deteriorate this much; it was indeed troublesome!

Lin Fan turned his head and asked Nalan Suqin, "Do you have the contact of the person in charge here?"

"The factory is under our market department's management, of course I do." Nalan Suqin replied.

"Alright, let's enter the factory first, you call the factory's person in charge and have him come see us, but remember, make sure he comes discreetly, your position is too high, it's best not to announce it, to avoid inciting the villagers' riot." Lin Fan said seriously.

Nalan Suqin furrowed her brows, not expecting Lin Fan to be so meticulous, but Lin Fan's method also seemed to be the only best option now!

After entering the factory, Nalan Suqin called the factory director, and not long after, a man in a suit walked in.

Upon seeing Nalan Suqin, the man in the suit greeted her with a respectful smile, "Manager Nalan, what brings you here, come, come, let's rest in the office first."

"Director Liu, with this situation outside, do you think I have the mood to rest?" Nalan Suqin said with displeasure and authority.

Director Liu's face immediately turned bitter, "Manager Nalan, you're aware that the leader of these villagers is a local thug named Chen Bin, even the police can't handle him. Moreover, without any funds from above to resolve this, we're helpless."

"Then how about the incident outside with the person being hit?" Nalan Suqin asked sternly.

"That's absolutely untrue! In the morning, we were preparing to move a batch of goods out, but happened to run into Chen Bin bringing his grandma to cause trouble, threatening us not to ship without paying. I told the driver to force our way out, but that old woman lay in front of the truck and claimed she was hit, then called a bunch of villagers to cause trouble, demanding two million, or they'd tear down the factory."

Director Liu explained with a bitter face.

"Pavement scam?"

These two words immediately jumped into Lin Fan's mind, and his eyes instantly narrowed tightly!
