

# GORGEOUS CEO FELL IN LOVE WITH ME

## Chapter 14: For All the Beauties in the World

Although Nalan Suqin didn't understand Lin Fan's intention, she couldn't help but secretly laugh seeing Lin Fan winking at her, knowing this guy must be up to some mischief again!

"No problem, as long as I can help you vent, even an extra ten million would be fine!" Nalan Suqin responded with a cooperative smile.

"Manager, you're so good to me, I have nothing to repay you with, I can only offer myself!" Lin Fan shouted with a bashful expression.

Nalan Suqin was stunned for a moment, then burst into laughter!

The villagers all looked at Lin Fan with strange expressions, an extra million just to vent? Damn, having money means having guts!

Then, Lin Fan immediately got into the truck, started it, and a roar of the engine erupted, as if it were a demon waiting to harvest lives!

Lin Fan reversed the truck twenty meters back, then honked the horn, as if warning everyone, warning them to get out of the way if they didn't want to die!

Vroom~

Suddenly, a roar burst out!

The truck suddenly shot forward, charging madly at Madam Chen!

At this moment, everyone was dumbfounded!

What getting hit, four million, Madam Chen couldn't care about any of it now; she jumped up from the ground immediately!

But as Madam Chen was about to dodge to the side, Chen Bin came rushing out, pushing her toward the oncoming truck.

Lin Fan couldn't help but frown, not expecting Chen Bin to be so ruthless, sacrificing even his own grandma for money!

Squawk~

In an instant, the screeching sound of tires grinding against the ground rang out!

When the truck was half a meter away from Madam Chen, Lin Fan suddenly turned the steering wheel sharply and slammed on the brakes.

The front of the truck scraped past Madam Chen's head and then came to a steady stop. If it weren't for Lin Fan's superb driving skills, Madam Chen would have been a goner!

"Chen Bin, you wretch, I raised you with so much care, and you tried to kill me! I'll beat you to death, you ungrateful child!"

Madam Chen's sharp curses immediately broke the silence, as she charged at Chen Bin, raining blows on him!

"Stupid old hag, you're about to kick the bucket anyway, can't even die with some value? Wouldn't it be better for me to earn an extra million?" Chen Bin roared.

"What? Die with some value?" Madam Chen almost fainted from anger!

"You bastard! Now I'll tell everyone the truth! Actually, Yanyu Group had already given our village a million in compensation, but this bastard here pocketed it all. I've been shielding him stupidly, deceiving everyone; I've

wronged Chen Family Village..." Madam Chen cried out, looking to the sky in grief.

Upon hearing this, Chen Bin's face immediately darkened, and he angrily shouted, "Old hag, I'll kill you!"

"Damn it! You dare!"

A few young men from the village rushed out, quickly blocking in front of Madam Chen, while the surrounding villagers also gathered around!

"Who knew this Chen Bin had such guts, daring to pocket the whole million while fooling the entire village; no wonder those villagers said they never received any money!" Lin Fan laughed casually.

For Lin Fan, this matter was no challenge at all!

Surrounded by a group of villagers, Chen Bin didn't dare to fight back, and his gaze immediately turned to Lin Fan not far away, the murderous intent in his eyes being released without reservation!

"Kid, you dare ruin my plans, I'll kill you!" Chen Bin roared, charging out of the crowd.

Chen Bin took out a knife from his sleeve and swung it towards Lin Fan's throat!

But Lin Fan didn't even dodge, still smiling as he stared at the approaching knife!

In the blink of an eye, the knife got closer and closer to Lin Fan's throat, a sinister coldness showed in Chen Bin's eyes, as if he had already seen Lin Fan fall by his hand!

"Die, you!" Chen Bin snarled.

Bang~

A muffled sound suddenly echoed!

Just as the knife was about to reach his throat, Lin Fan threw a punch, sending Chen Bin flying over five meters away!

Two bloody front teeth immediately went flying out of Chen Bin's mouth, a drop of blood spattering on Lin Fan's face, adding a bit of chilling coldness to his smile.

"Damn, you dare dirty this charming face of mine, loved by all, I can tolerate it, but the beauties won't! I strike!" Lin Fan exclaimed with displeasure, going over and landing a kick on Chen Bin's face!

Boom~

"This kick, is for dirtying my face!"

Boom~

"This kick, is for you being greedy enough to endanger your own grandmother!"

Boom~

"This kick, is for all the beauties in the world!"

Boom~

"This kick, is because I simply can't stand you!"

Boom~

"This kick, is... because I can't find a reason not to kick..."

...

After five consecutive kicks from Lin Fan, Chen Bin's face was covered in blood and flesh; if it weren't for his heartbeat, people might have thought it was a corpse!

Lin Fan dusted off his hands and righteously declared: "Don't worry folks, this brute has been crippled by me, and you'll soon receive the compensation you deserve!"

"But no need to thank me, and don't insist on marrying your daughters to me as a wife; I'm like Lei Feng, doing good deeds without leaving a name!"

A round of eye-rolls came his way, leaving people wishing they could drown him with spit!

"I really wonder what kind of ripples this incident will create when it reaches the Group?" Nalan Suqin thought of Su Yanyu's call and smiled helplessly.

This man's capabilities have surpassed everyone's imagination.

Soon, the villagers dispersed, and Lin Fan walked back, Director Liu excitedly came up to him, gripping Lin Fan's hand tightly.

"Mr. Lin, thank you so much, without you, I might not have held onto my position as director for much longer. I hope you'll forgive my earlier disrespect. Let me host you for a drink this afternoon as thanks," Director Liu expressed gratefully.

"No need for a treat; I'm also an employee of Yanyu Group, it's my duty." Lin Fan replied with a light smile.

Then Lin Fan turned to Nalan Suqin, earnestly suggesting: "Manager, to completely calm these villagers, I recommend you apply for more compensation from the CEO upon returning, since it's the Group's factory that's at fault."

"Alright! I'll apply to the CEO," Nalan Suqin nodded readily, her sharp eyes fixed on Lin Fan; this young man, the more she looked, the more interesting he became!

"Good, then let's head back to the Group if there's nothing else." Lin Fan said nonchalantly, turning to walk toward the BMW.

He was now eagerly anticipating Wang Lei barking like a dog!

As she stared at Lin Fan's impressive back, Nalan Suqin unconsciously licked her red lips and teased, "Young man, you're never escaping from your sister's grasp!"
