

# GORGEOUS CEO FELL IN LOVE WITH ME

## Chapter 4: Living Together

"What?"

Su Funong and Su Yanyu were both shocked!

The office, the most private place in the group, akin to a fortress, had been bugged. Now, no confidential topic remained a secret!

Thinking about the consequences, Su Funong's hair stood on end!

"Mr. Lin, what should we do?" Su Funong asked in a panic.

"Don't worry, it's just a tiny bug, a minor issue."

Lin Fan smiled nonchalantly, glanced at the screen showing five small red dots, and immediately got to work!

Not long after, Lin Fan found five bugs under the desk, behind the sofa, and in the ceiling lampshade.

With a flick of his fingers, the five bugs traced a graceful arc and landed precisely in a cup of hot tea on the table. Lin Fan picked up the cup and gently swirled it a few times.

"These bugs become useless when submerged in water. Rest assured, Chairman Su, your office is now secure," Lin Fan said with a carefree smile.

Su Funong breathed a long sigh of relief. The previous situation had left his palms sweaty, and now he looked at Lin Fan with more respect, feeling that he had indeed hired the right person!

"Mr. Lin, this time we owe it to you; otherwise, the consequences would have been unimaginable. Yanyu, shouldn't you thank Mr. Lin?" Su Funong said solemnly.

Oh? Let the Ice Mountain goddess say thank you? Lin Fan found it somewhat interesting, looking curiously at Su Yanyu, wondering what the Ice Mountain goddess's thank-you would look like?

"Any ordinary bodyguard could handle such a small matter. What's so special about it? Besides, as my personal driver and bodyguard, it's your job. Are you sure you want me to thank you?" Su Yanyu said coldly, crossing her arms.

"Yanyu, you..."

Just as Su Funong was about to get angry, Lin Fan casually waved it off.

"The President is right; these indeed don't prove my capability, and it is my job, but Chairman Su, the bug issue shouldn't be underestimated. Besides you, who else has access to your office?" Lin Fan said casually.

"Usually, apart from two cleaners, others must get my permission to enter my office. Oh! And there's one more person... but... she wouldn't do such a thing," Su Funong said, cutting himself off mid-sentence.

Lin Fan focused his attention and said seriously, "Chairman Su, it's obvious that the bug on President Su and the ones in your office were planted by the same person. Since you hired me for this job, for President Su's safety, I hope you can tell me the truth."

"This matter... I'll tell you after I've asked," Su Funong said with a hint of difficulty and worry.

Since he was unwilling to speak, Lin Fan didn't press further, kindly advising, "In that case, I'll wait for your news, but in the face of absolute interests, anyone might sell their soul. I hope you stay vigilant, Chairman Su."

"Alright..."

Su Funong nodded absent-mindedly and instructed Su Yanyu, "Yanyu! It is clear you're being watched, and henceforth, Lin will be responsible for your safety. You must heed Mr. Lin's advice on all security matters, no disobedience!"

"Dad, do you really trust him?" Su Yanyu asked with a frown, her voice calm.

"The facts are clear. Mr. Lin has the strength to protect you, and that's final, or else forget about working at Yanyu Group," Su Funong asserted with the authority of a chairman.

Su Yanyu furrowed her brows, surprised by her father's resoluteness, and clenched her fists unwillingly, but Su Funong's strong threat forced her to compromise!

"Hmph! I refuse to believe that the great Su Yanyu can't handle a mere driver!" Su Yanyu thought to herself, glaring coldly at Lin Fan.

Immediately, Su Funong asked Lin Fan politely, "May I ask where Mr. Lin is staying?"

"I've just returned to the country and haven't found a place yet; currently staying at a hotel, planning to rent an apartment," Lin Fan answered truthfully.

"It's such a hassle with a hotel. Why not move in with Yanyu?" Su Funong said with a smile.

"What? Live with me?" Su Yanyu's expression changed dramatically, her face full of astonishment.

Lin Fan was also stunned. What exactly did this old chairman mean?

Protection is one thing, but living together? Are they planning to share a bed too?

Oh my! The old man didn't mention accompanying to sleep, did he? Me, a person of such stature, becoming a companion? Lin Fan felt like yelling, if it's a sleepover, there should be extra pay!

However, Su Yanyu's voluptuous figure paired with her stunningly beautiful face was indeed a rare gem!

Lin Fan couldn't help but imagine, if Su Yanyu turned into Mrs. Cang... hmm! That would be amazing!

"Is there a flower on my face? You're staring so intently!" Su Yanyu glared at Lin Fan angrily.

"President, everyone loves beauty. Who asked you to be so lovely?" Lin Fan flattered a bit.

Su Yanyu didn't appreciate it at all, snorting coldly, retorting, "Dad, you're seriously letting this rogue live with me? Aren't you worried about inviting a wolf into the house?"

"How could Mr. Lin be a wolf? My dear daughter, you are the apple of my eye, and I wouldn't allow any harm to come to you regardless of the cost. Living with Mr. Lin allows him to protect you closely, accomplishing two things at once," Su Funong reasoned earnestly.

"But..."

"Enough, Yanyu! This is settled. You just returned home, take some rest, and come to work tomorrow. I have matters to attend to. Mr. Lin, my daughter's safety is in your hands," Su Funong said politely with a smile.

"Rest assured, Chairman Su, I will fulfill my promise," Lin Fan shrugged his shoulders and smiled lightly.

After a few awkward laughs, Su Funong hurriedly left, though Lin Fan curiously wondered who that unsaid person on Su Funong's mind was...

Of course, everyone has secrets. Lin Fan couldn't delve into that, as his task is solely to protect the president's personal safety, not handle the group's affairs!

Lin Fan cleared his throat and said in a serious tone, "President, it's getting late. Shall we head home..."

"Go home..."

Upon hearing those words, Su Yanyu's expression turned extremely grim. The thought of living with the rogue made her feel as if ants were crawling all over!

No matter what, this guy needs to go!

Su Yanyu sternly said, "Mr. Lin, mind your words and identity; it's not us going home, but you taking me home!"

"Moreover, you currently score just sixty points, and who knows when I'll deduct them all. You'd better be careful."

After speaking, Su Yanyu turned swiftly and left, leaving only her cold silhouette!

"Damn, it's the first time I've been threatened by a woman, left speechless. What an embarrassment!"

Lin Fan thought gloomily, trotting after her.
